L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

COMP SCI 425 Introduction to Combinatorial Optimization Credits: 3
Exact and heuristic methods for key combinatorial optimization problems such as: shortest path, maximum flow problems, and the traveling salesman problem. Techniques include problem-specific methods and general approaches such as branch-and-bound, genetic algorithms, simulated annealing, and neural networks. Prereq> Math 221 or Comp Sci 302 or cons inst
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

COMP SCI 435 Introduction to Cryptography Credits: 3
Cryptography is the art and science of transmitting digital information in a secure manner. This course will provide an introduction to its technical aspects. Prereq> Math 320 or 340 or cons inst. Open to Fr
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

COMP SCI 471 Introduction to Computational Statistics Credits: 3
Classical statistical procedures arise where closed-form mathematical expressions are available for various inference summaries (e.g. linear regression; analysis of variance). A major emphasis of modern statistics is the development of inference principles in cases where both more complex data structures are involved and where more elaborate computations are required. Topics from numerical linear algebra, optimization, Monte Carlo (including Markov chain Monte Carlo), and graph theory are developed, especially as they relate to statistical inference (e.g., bootstrapping, permutation, Bayesian inference, EM algorithm, multivariate analysis). Prereq> Stat 310 and Stat 333
L&S Breadth: Natural Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

COMP SCI 475 Introduction to Combinatorics Credits: 3
L&S Breadth: Natural Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

COMP SCI 506 Software Engineering Credits: 3
Ideas and techniques for designing, developing, and modifying large software systems. Topics include software engineering processes; requirements and specifications; project team organization and management; software architectures; design patterns; testing and debugging; and cost and quality metrics and estimation. Students will work in large teams on a substantial programming project. Prereq> COMPSCI 367 and at least one of COMPSCI 407, 536, 537, 545, 552, 559, 564, 570, or 679
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring
COMP SCI 513 Numerical Linear Algebra Credits: 3
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

COMP SCI 514 Numerical Analysis Credits: 3
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

COMP SCI 515 Introduction to Splines and Wavelets Credits: 3
Introduction to Fourier series and Fourier transform; time-frequency localization; wavelets and frames. Applications: denoising and compression of signals and images. Interpolation and approximation by splines: interpolation, least-squares approximation, smoothing, knot insertion and subdivision; splines in CAGD. Prereq> Comp Sci 302 or equiv, Math 340 or equiv
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

COMP SCI 520 Introduction to Theory of Computing Credits: 3
Basics about the notion, capabilities, and limitations of computation: elements of finite automata and regular languages, computability theory, and computational complexity theory. Additional topics include context-free grammars and languages, and complexity-theoretic cryptography. Prereq> Comp Sci 240 & 367, or cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

COMP SCI 525 Linear Programming Methods Credits: 3
Real linear algebra over polyhedral cones; theorems of the alternative for matrices. Formulation of linear programs. Duality theory and solvability. The simplex method and related methods for efficient computer solution. Perturbation and sensitivity analysis. Applications and extensions, such as game theory, linear economic models, and quadratic programming. Prereq> Math 443 or 320 or 340 or cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

COMP SCI 526 Advanced Linear Programming Credits: 3 - 4
Review of linear programming. Polynomial time methods for linear programming. Quadratic programs and linear complementarity problems and related solution techniques. Solution sets and their continuity properties. Error bounds for linear inequalities and programs. Parallel algorithms for linear and quadratic programs. Prereq> Comp Sci 525 or equiv, 302 or equiv, or cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

COMP SCI 532 Theory and Applications of Pattern Recognition Credits: 3
Pattern recognition systems and components; decision theories and classification; discriminant functions; supervised and unsupervised training; clustering; feature extraction and dimensional reduction; sequential and hierarchical classification; applications of training, feature extraction, and decision rules to engineering problems. Prereq> ECE 331 or Math 431 or cons inst
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

COMP SCI 533 Image Processing Credits: 3
Mathematical representation of continuous and digital images; models of image degradation; picture enhancement, restoration, segmentation, and coding; pattern recognition, tomography. Prereq> ECE 330 or cons inst; Math 320 or 340 or equiv
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

COMP SCI 534 Computational Photography Credits: 3
Study of sensing and computational techniques that enhance or extend the capabilities of digital photography by using methods from computer vision and computer graphics to create new visual representations. Algorithms for analyzing, improving, manipulating, combining, and synthesizing images. Prereq> Comp Sci 367
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
**COMP SCI 536** Introduction to Programming Languages and Compilers  
Credits: 3  
Introduction to the theory and practice of compiler design. Comparison of features of several programming languages and their implications for implementation techniques. Several programming projects required. Prereq: Comp Sci/ECE 354 & Comp Sci 367  
L&S Breadth: Natural Science  
L&S Level: Advanced  
L&S Credit: Counts for LAS credit  
Typically Offered: Fall, Spring

**COMP SCI 537** Introduction to Operating Systems  
Credits: 3 - 4  
Input-output hardware, interrupt handling, properties of magnetic tapes, discs and drums, associative memories and virtual address translation techniques. Batch processing, time sharing and real-time systems, scheduling resource allocation, modular software systems, performance measurement and system evaluation. Prereq: Comp Sci/ECE 354 & Comp Sci 367  
L&S Breadth: Natural Science  
L&S Level: Advanced  
L&S Credit: Counts for LAS credit  
Typically Offered: Fall, Spring

**COMP SCI 538** Introduction to the Theory and Design of Programming Languages  
Credits: 3  
L&S Level: Intermediate/Advanced  
L&S Credit: Counts for LAS credit  
Typically Offered: Fall, Spring

**COMP SCI 539** Introduction to Artificial Neural Network and Fuzzy Systems  
Credits: 3  
Theory and applications of artificial neural networks and fuzzy logic: multi-layer perceptron, self-organization map, radial basis network, Hopfield network, recurrent network, fuzzy set theory, fuzzy logic control, adaptive fuzzy neural network, genetic algorithm, and evolution computing. Applications to control, pattern recognition, nonlinear system modeling, speech and image processing. Prereq: Comp Sci 302, or Comp Sci 310, or knowledge of C programming language  
L&S Level: Intermediate/Advanced  
L&S Credit: Counts for LAS credit  
Typically Offered: Fall

**COMP SCI 540** Introduction to Artificial Intelligence  
Credits: 3  
Principles of knowledge-based search techniques, automatic deduction, knowledge representation using predicate logic, machine learning, probabilistic reasoning. Applications in tasks such as problem solving, data mining, game playing, natural language understanding, computer vision, speech recognition, and robotics. Prereq: Comp Sci 367  
L&S Breadth: Natural Science  
L&S Level: Advanced  
L&S Credit: Counts for LAS credit  
Typically Offered: Fall, Spring, Summer

**COMP SCI 545** Natural Language and Computing  
Credits: 3  
The course covers basic techniques and tools in natural language processing: generative grammars, parsing, dictionary construction, semantic networks, generation of text from a knowledge base, natural language interfacing, and machine translation. Prereq: Comp Sci 536 or 537 or 564 or cons inst  
L&S Breadth: Natural Science  
L&S Level: Advanced  
L&S Credit: Counts for LAS credit  
Typically Offered: Occasionally

**COMP SCI 547** Computer Systems Modeling Fundamentals  
Credits: 3  
An introduction to basic tools and applications for modeling and analysis of computer systems. Fundamentals of network flow graphs, graph models of computation and stochastic models of computer system performance. Network delay analysis and capacity planning, reachability analysis for deadlock detection in distributed systems, Markov Chains, elementary queueing theory, basic concepts of queueing network models and associated analyses. Prereq: Math 223, Comp Sci 367, & Comp Sci/ECE 354  
L&S Breadth: Natural Science  
L&S Level: Advanced  
L&S Credit: Counts for LAS credit  
Typically Offered: Occasionally

**COMP SCI 552** Introduction to Computer Architecture  
Credits: 3  
The design of computer systems and components. Processor design, instruction set design, and addressing; control structures and microprogramming; memory management, caches, and memory hierarchies; and interrupts and I/O structures. Prereq: ECE/Comp Sci 352 & Comp Sci/ECE 354  
L&S Breadth: Physical Science  
L&S Level: Advanced  
L&S Credit: Counts for LAS credit  
Typically Offered: Fall, Spring

**COMP SCI 558** Introduction to Computational Geometry  
Credits: 3  
Introduction to fundamental geometric computations and algorithms, and their use for solving engineering and scientific problems. Computer representations of simple geometric objects and paradigms for algorithm design. Applications from areas of engineering analysis, design and manufacturing, biology, statistics, and other sciences. Prereq: Comp Sci 367 or equiv, Math 223 or equiv, or cons inst  
L&S Level: Intermediate/Advanced  
L&S Credit: Counts for LAS credit  
Typically Offered: Spring
COMP SCI 559 Computer Graphics  Credits: 3
L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

COMP SCI 564 Database Management Systems: Design and Implementation  Credits: 3 - 4
What a database management system is; different data models currently used to structure the logical view of the database; relational, hierarchical, and network. Hands-on experience with relational and network-based database systems. Implementation techniques for database systems. File organization, query processing, concurrency control, rollback and recovery, integrity and consistency, and view implementation. Prereq> Comp Sci/ECE 354 & Comp Sci 367
L&S Breadth: Physical Science   L&S Level: Intermediate/Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

COMP SCI 570 Introduction to Human-Computer Interaction  Credits: 4
User-centered software design; (1) principles of and methods for understanding user needs, designing and prototyping interface solutions, and evaluating their usability, (2) their applications in designing web-based, mobile, and embodied interfaces through month long group projects. Meets with Comp Sci 270. Prereq> Comp Sci 202 or Comp Sci 302. May not receive credit for both Comp Sci 270 and Comp Sci 570.
L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Spring

COMP SCI 576 Introduction to Bioinformatics  Credits: 3
Algorithms for computational problems in molecular biology. The course will study algorithms for problems such as: genome sequencing and mapping, pairwise and multiple sequence alignment, modeling sequence classes and features, phylogenetic tree construction, and gene-expression data analysis. Prereq> Comp Sci 367, Math 222
L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall

COMP SCI 577 Introduction to Algorithms  Credits: 3
Basic paradigms for the design and analysis of efficient algorithms: greed, divide-and-conquer, dynamic programming, reductions, and the use of randomness. Computational intractability including typical NP-complete problems and ways to deal with them. Prereq> Comp Sci 240 & 367, or cons inst
L&S Breadth: Natural Science   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

COMP SCI 578 Contest-Level Programming  Credits: 1
Training in computer programming for competitions: assessing the coding difficulty and complexity of computational problems, recognizing the applicability of known algorithms, fast coding and testing, team work. Prereq> COMP SCI 367 is required. COMP SCI 577 is suggested but not required
L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Fall

COMP SCI 635 Tools and Environments for Optimization  Credits: 3
Formulation and modeling of applications from computer sciences, operations research, business, science and engineering involving optimization and equilibrium models. Survey and appropriate usage of software tools for solving such problems, including modeling language use, automatic differentiation, subroutine libraries and web-based optimization tools and environments. Prereq> Comp Sci 302, Math 340 or equiv
L&S Breadth: Physical Science   L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Occasionally

COMP SCI 638 Undergraduate Topics in Computing  Credits: 1 - 4
Prereq> Consent of instructor
L&S Breadth: Natural Science   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

COMP SCI 640 Introduction to Computer Networks  Credits: 3
Architecture of computer networks and network protocols, protocol layering, reliable transmission, congestion control, flow control, naming and addressing, unicast and multicast routing, network security, network performance widely used protocols such as Ethernet, wireless LANs, IP, TCP, and HTTP. Prereq> Comp Sci 537
L&S Level: Intermediate/Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring
COMP SCI 642 Introduction to Information Security Credits: 3
Senior level undergraduate course covering various topics on information security. Covers a wide range of topics, such as cryptographic primitives, security protocols, system security, and emerging topics. Prereq: Comp Sci 537 or cons inst. Elementary knowledge of mathematical logic and discrete probability theory also required
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

COMP SCI 679 Computer Game Technology Credits: 3
Survey of software technology important to computer games and other forms of interactive technology. Real-time image generation, managing complex geometric models, creating virtual characters, simulating physical phenomenon, networking technology for distributed virtual environments. Prereq: Comp Sci 559
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

COMP SCI 681 Senior Honors Thesis Credits: 3
Prereq: Honors cand and cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

COMP SCI 682 Senior Honors Thesis Credits: 3
Prereq: Honors cand and cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

COMP SCI 691 Senior Thesis Credits: 2 - 3
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

COMP SCI 692 Senior Thesis Credits: 2 - 3
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

COMP SCI 698 Directed Study Credits: 1 - 6
Prereq: Graded on a Cr/N basis; Jr or Sr st; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

COMP SCI 699 Directed Study Credits: 1 - 6
Prereq: Graded on a lettered basis; Jr or Sr st. Requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

COMP SCI 701 Construction of Compilers Credits: 3
Principles in the design of programming languages. Organization of translators and their relation to operating systems. Role of formal grammars in syntactic analysis. Design and implementation of a compiler. Methods of interaction with the translation process. Definition facilities and extensible languages. Prereq: Comp Sci 536
Typically Offered: Occasionally

COMP SCI 703 Advanced Topics in Programming Languages and Compilers Credits: 3
Advanced parsing techniques; automatic syntactic error correction; local and global code optimization; attribute grammars; programming language design issues (data and control abstractions, specification and verification of high-level languages). Prereq: Comp Sci 701
Typically Offered: Occasionally

COMP SCI 704 Principles of Programming Languages Credits: 3
Introduction to principles of advanced programming languages and programming-language theory. Topics include: lambda-calculus, functional languages, polymorphic functions, type inference, structural induction, lazy evaluation, operational semantics, denotational semantics, and axiomatic semantics. Prereq: Comp Sci 536 or equiv, or cons inst
Typically Offered: Occasionally

COMP SCI 706 Analysis of Software Artifacts Credits: 3
Advanced course covering various analysis techniques used in software engineering. This course will cover techniques for analyzing various software artifacts. Some of the topics that will be covered are: model checking, testing, program analysis, requirements analysis, and safety analysis. Prereq: Comp Sci 536 or cons inst. A basic knowledge of mathematical logic is also required
Typically Offered: Occasionally
COMP SCI 707 Mobile and Wireless Networking Credits: 3
Design and implementation of protocols, systems, and applications for mobile and wireless networking, particularly at the media access control, network, transport, and application layers. Focus is on the unique problems and challenges presented by the properties of wireless transmission, various device constraints such as limited battery power, and node mobility. Prereq> Comp Sci 640 or ECE 537 or cons inst
Typically Offered: Occasionally

COMP SCI 710 Computational Complexity Credits: 3
Study of the capabilities and limitations of efficient computation. Relationships between models representing capabilities such as parallelism, randomness, quantum effects, and non-uniformity; and models based on the notions of nondeterminism, alternation, and counting, which capture the complexity of important problems. Prereq> Comp Sci 520
Typically Offered: Occasionally

COMP SCI 714 Methods of Computational Mathematics I Credits: 3
Development of finite difference methods for hyperbolic, parabolic and elliptic partial differential equations. Analysis of accuracy and stability of difference schemes. Direct and iterative methods for solving linear systems. Introduction to finite volume methods. Applications from science and engineering. Prereq> Comp Sci 302, 412; Math 322, 340, 521; or equiv; or cons inst
Typically Offered: Occasionally

COMP SCI 715 Methods of Computational Mathematics II Credits: 3
Introduction to spectral methods (Fourier, Chebyshev, Fast Fourier Transform), finite element methods (Galerkin methods, energy estimates and error analysis), and mesh-free methods (Monte-Carlo, smoothed-particle hydrodynamics) for solving partial differential equations. Applications from science and engineering. Prereq> Comp Sci 302, 412; Math 322, 340, 521, 714; or equiv; or cons inst
Typically Offered: Occasionally

COMP SCI 717 Numerical Functional Analysis Credits: 3
Fundamentals of normed spaces and linear operators; analysis of nonlinear operators; existence of and iterative methods for solutions of linear and nonlinear operator equations, error estimation; variational theory and minimization problems; monotonicity theory. Development of abstract tools and application of them to the general analysis of numerical methods for such problems as differential and integral equations. Prereq> Comp Sci 513-514 & Math 234 or cons inst
Typically Offered: Occasionally

COMP SCI 719 Stochastic Programming Credits: 3
Stochastic programming is concerned with decision making in the presence of uncertainty, where the eventual outcome depends on a future random event. Topics include modeling uncertainty in optimization problems, risk measures, stochastic programming algorithms, approximation and sampling methods, and applications. Prereq> Comp Sci 525; Math 431 or Stat 311; or cons inst
Typically Offered: Occasionally

COMP SCI 720 Integer Programming Credits: 3
Formulation of integer programming problems and the characterization of optimization problems representable as integer and mixed-integer programs. The degree of difficulty of classes of integer programs and its relation to the structure of their feasible sets. Optimality conditions. Branch-and-bound, cutting plane, and decomposition methods for obtaining solutions or approximating solutions. Prereq> Comp Sci 525 or cons inst
Typically Offered: Occasionally

COMP SCI 723 Dynamic Programming and Associated Topics Credits: 3
Typically Offered: Occasionally
COMP SCI 726 Nonlinear Optimization I Credits: 3
Theory and algorithms for nonlinear optimization, focusing on unconstrained optimization. Line-search and trust-region methods; quasi-Newton methods; conjugate-gradient and limited-memory methods for large-scale problems; derivative-free optimization; algorithms for least-squares problems and nonlinear equations; gradient projection algorithms for bound-constrained problems; and simple penalty methods for nonlinearly constrained optimization. Prereq: Familiarity with basic mathematical analysis and either Math 443 or 320; or cons inst
Typically Offered: Occasionally

COMP SCI 727 Convex Analysis Credits: 3
Typically Offered: Occasionally

COMP SCI 730 Nonlinear Optimization II Credits: 3
Theory and algorithms for nonlinearly constrained optimization. Relevant geometric concepts, including tangent and normal cones, theorems of the alternative, and separation results. Constraint qualifications. Geometric and algebraic expression of first-order optimality conditions. Second-order optimality conditions. Duality. Nonlinear programming algorithms: merit functions and filters; interior-point, augmented Lagrangian, and sequential quadratic programming algorithms. Prereq: Comp Sci 726 or equiv, or cons inst
Typically Offered: Occasionally

COMP SCI 731 Advanced Artificial Intelligence Credits: 3
Learning and hypothesis formation; knowledge acquisition; deductive and inductive inference systems; reasoning techniques involving time, nonmonotonic reasoning, spatial reasoning, truth maintenance systems; planning strategies. Prereq: Comp Sci 540 or cons inst
Typically Offered: Occasionally

COMP SCI 733 Computational Methods for Large Sparse Systems Credits: 3
Typically Offered: Occasionally

COMP SCI 736 Advanced Operating Systems Credits: 3
Advanced topics in operating systems, including process communication, resource allocation, multiprocess and network operating systems, kernel philosophies, fault-tolerant systems, virtual machines, high-level language systems, verifiability and proof techniques. Prereq: Comp Sci 537 or cons inst
Typically Offered: Occasionally

COMP SCI 737 Computer System Performance Evaluation and Modeling Credits: 3
Statistical techniques of computer system performance evaluation and measurement. System selection and tuning strategies. Deterministic and probabilistic models of process scheduling and resource allocation. Analytic and simulation models of computer systems. Systematic study of system architectures. Prereq: Math 222, Comp Sci 537 or 736, or cons inst
Typically Offered: Occasionally

COMP SCI 739 Distributed Systems Credits: 3
Basic concepts; distributed programming; distributed file systems; atomic actions; fault tolerance, transactions, program and data replication, recovery; distributed machine architectures; security and authentication; load balancing and process migration; distributed debugging; distributed performance measurement; distributed simulation techniques; distributed applications; correctness considerations and proof systems. Prereq: Comp Sci 736 or cons inst
Typically Offered: Occasionally

COMP SCI 740 Advanced Computer Networks Credits: 3
Advanced topics in computer communications networks: congestion and flow control; routing; rate-based protocols; high speed interfaces and technologies; metropolitan area networks; fast packet switching technologies; advanced applications; network services: name service, authentication, resource location. Prereq: Comp Sci 640
Typically Offered: Occasionally
COMP SCI 747 Advanced Computer Systems Analysis Techniques Credits: 3
A survey of advanced analytical modeling techniques for performance analysis of computer systems. Techniques covered include discrete-parameter (embedded) Markov Chains, M/G/1 queues, stochastic Petri nets, queueing networks, renewal theory, and sample path analysis. Application areas include high performance computer architectures, databases, and operating system resource allocation policies. Prereq> Comp Sci 547 or cons inst
Typically Offered: Occasionally

COMP SCI 750 Real-time Computing Systems Credits: 3
Introduction to the unique issues in the design and analysis of computer systems for real-time applications. Hardware and software support for guaranteeing timeliness with and without failures. Resource management, time-constrained communication, scheduling and imprecise computations, real-time kernels and case studies. Prereq> ECE/Comp Sci 552 & Comp Sci 537 or cons inst
Typically Offered: Occasionally

COMP SCI 752 Advanced Computer Architecture I Credits: 3
Processor design, computer arithmetic, pipelining, multi-operation processors, vector processors, control units, precise interrupts, main memory, cache memories, instruction set design, stack machines, busses and I/O, protection and security. Prereq> ECE, Comp Sci 552 & Comp Sci 537
Typically Offered: Occasionally

COMP SCI 755 VLSI Systems Design Credits: 3
Overview of MOS devices and circuits; introduction to integrated circuit fabrication; topological design of data flow and control; interactive graphics layout; circuit simulation; system timing; organizational and architectural considerations; alternative implementation approaches; design project. Prereq> ECE 340, ECE/Comp Sci 352, ECE/Comp Sci 552
Typically Offered: Occasionally

COMP SCI 756 Computer-Aided Design for VLSI Credits: 3
Broad introduction to computer-aided design tools for VLSI, emphasizing implementation algorithms and data structures. Topics covered: design styles, layout editors, symbolic compaction, module generators, placement and routing, automatic synthesis, design-rule checking, circuit extraction, simulation and verification. Prereq> Comp Sci 367, good programming skills, Comp Sci/ECE 755 strongly recommended, Comp Sci/ECE 352
Typically Offered: Occasionally

COMP SCI 757 Advanced Computer Architecture II Credits: 3
Parallel algorithms, principles of parallelism detection and vectorizing compilers, interconnection networks, SIMD/MIMD machines, processor synchronization, data coherence, multits, dataflow machines, special purpose processors. Prereq> Comp Sci, ECE 752
Typically Offered: Occasionally

COMP SCI 758 Advanced Topics in Computer Architecture Credits: 3
Advanced topics in computer architecture that explore the implications to architecture of forthcoming evolutionary and revolutionary changes in application demands, software paradigms, and hardware implementation technologies. Prereq> Comp Sci/ECE 752 & 757, or cons inst
Typically Offered: Occasionally

COMP SCI 759 High Performance Computing for Applications in Engineering Credits: 3
An overview of hardware and software solutions that enable the use of advanced computing in tackling computationally intensive Engineering problems. Hands-on learning promoted through programming assignments that leverage emerging hardware architectures and use parallel computing programming languages. Prereq> COMP SCI 302 or COMP SCI 368
Typically Offered: Fall

COMP SCI 760 Machine Learning Credits: 3
Typically Offered: Occasionally
COMP SCI 761 Advanced Machine Learning Credits: 3
Advanced computational approaches to learning. Quantification of learnability and rate of learning, probabilistic and other formalisms of learning, statistical and computational analysis of learning models, state-of-the-art learning algorithms. Prereq> Comp Sci 760 or cons inst
Typically Offered: Occasionally

COMP SCI 764 Topics in Database Management Systems Credits: 3
Implementation of database management systems, the impact of new technology on database management systems, back-end database computers, distributed database management systems, concurrency control, and query execution in both distributed and centralized systems, implementation of multiple user views, roll-back and recovery mechanisms, database translation. Prereq> Comp Sci 564, 537 & 536 or cons inst
Typically Offered: Occasionally

COMP SCI 766 Computer Vision Credits: 3
Fundamentals of image analysis and computer vision; image acquisition and geometry; image enhancement; recovery of physical scene characteristics; shape-from techniques; segmentation and perceptual organization; representation and description of two-dimensional objects; shape analysis; texture analysis; goal-directed and model-based systems; parallel algorithms and special-purpose architectures. Prereq> Comp Sci 540
Typically Offered: Occasionally

COMP SCI 767 Computational Methods for Medical Image Analysis Credits: 3
Study of computational techniques that facilitate automated analysis, manipulation, denoising, and improvement of large-scale and high resolution medical images. Design and implementation of methods from computer Vision and Machine Learning to efficiently process such image data to answer biologically and clinically meaningful scientific questions. Prereq> Comp Sci 367 or an equivalent high level programming class, basic proficiency in Calculus and Linear Algebra
Typically Offered: Every Other Fall

COMP SCI 769 Advanced Natural Language Processing Credits: 3
Develop algorithms and mathematical models for natural language processing tasks, including text categorization, information retrieval, speech recognition, machine translation, and information extraction. Focus is on the state-of-the-art computational techniques as they are applied to natural language tasks. Prereq> Comp Sci 540 or equiv
Typically Offered: Occasionally

COMP SCI 770 Human-Computer Interaction Credits: 3
Principles of human-computer interaction (HCI); human subjects research methods and procedures, qualitative and quantitative data analysis; an semester-long research project situated in critical domains of HCI including web-based, desktop, mobile, speech-based, and embodied interaction with computers.
Typically Offered: Fall

COMP SCI 776 Advanced Bioinformatics Credits: 3
Advanced course covering computational problems in molecular biology. The course will study algorithms for problems such as: modeling sequence classes and features, phylogenetic tree construction, gene-expression data analysis, protein and RNA structure prediction, and whole-genome analysis and comparisons. Prereq> BMI 576
Typically Offered: Occasionally

COMP SCI 777 Computer Animation Credits: 3
Survey of technical issues in the creation of moving and dynamic computer imagery. Principles of animation. Manual motion specification and keyframing. Procedural and simulation-based motion synthesis. Motion capture processing, editing and use. Animation systems. Modeling, rendering and video issues relating to animation. Image-based animation methods and warping. Applications of animation such as games and virtual environments. Basic introduction to artistic issues in animation, such as cinematography. Special effects for film and video. Prereq> Comp Sci 559
Typically Offered: Occasionally

COMP SCI 779 Rendering Images with Computers Credits: 3
Survey of models and algorithms used in the computer generation of images. The physics of global illumination, the global illumination equation, approximations and techniques for solving them. Large database rendering. Image-based methods. Stylized rendering. Point-based (splatting) algorithms. Prereq> Comp Sci 559
Typically Offered: Occasionally
COMP SCI 784 Data Models and Languages Credits: 3
Study of database programming languages. Topics include: Logic based languages, embedded query languages, object-oriented languages. There will be coverage of types, persistence, inheritance, object identity, data models, implementation issues, and case studies of actual systems and languages. Prereq> Comp Sci 564 and 536, or cons inst
Typically Offered: Occasionally

COMP SCI 787 Advanced Algorithms Credits: 3
Advanced paradigms for the design and analysis of efficient algorithms, including the use of randomness, linear programming, and semi-definite programming. Applications to data structures, approximating NP-hard optimization problems, learning, on-line and distributed problems. Prereq> Comp Sci 577 or 509
Typically Offered: Occasionally

COMP SCI 790 Master's Thesis Credits: 1 - 9
Prereq> Grad st; Master's candidates only
Typically Offered: Occasionally

COMP SCI 799 Master's Research Credits: 1 - 9
Prereq> Grad st; Master's candidates only
Typically Offered: Occasionally

COMP SCI 809 Mathematical Techniques in the Analysis of Algorithms Credits: 3
Techniques for quantitative analysis of algorithms. Charging arguments, amortization, probabilistic methods. Adversary and information lower bounds. Use of methods from combinatorics, complex analysis, and asymptotics in obtaining precise analyses of quicksort, chained hashing, and other algorithms. Prereq> Comp Sci 577, Math 321 or equiv & Math 431 or equiv
Typically Offered: Occasionally

COMP SCI 812 Arithmetic Algorithms Credits: 3
Survey of algorithms and design paradigms for exact arithmetic, as used in public-key cryptography, computer algebra, and pseudo-random number generation. Topics include primality testing, factorization of integers and polynomials, discrete logarithms, and (optionally) elliptic curves and integer lattices. Prereq> Math 541 & CS 367, or cons inst
Typically Offered: Occasionally

COMP SCI 830 Randomness in Computation Credits: 3
Survey of uses of randomness in computer science, including algorithms, complexity, and cryptography. Techniques for randomness extraction, pseudo-random generator constructions, and derandomization. Prereq> Comp Sci 520 or 577
Typically Offered: Occasionally

COMP SCI 837 Topics in Numerical Analysis Credits: 3
From advanced areas. Contents may vary. Prereq> Cons inst
Typically Offered: Occasionally

COMP SCI 838 Topics in Computing Credits: 3
From advanced areas. Contents may vary. May be repeated any number of times for credit. Prereq> Cons inst
Typically Offered: Occasionally

COMP SCI 841 Computational Cognitive Science Credits: 3
Studies the biological and computational basis of intelligence, by combining methods from cognitive science, artificial intelligence, machine learning, computational biology, and cognitive neuroscience. Prereq> Comp Sci 302 (or equivalent)
Typically Offered: Spring

COMP SCI 880 Topics in Theoretical Computer Science Credits: 3
Advanced topics in algorithms, complexity, and cryptography. The exact topic varies. Prereq> Cons inst
Typically Offered: Occasionally
COMP SCI 887 Approximation Theory Credits: 3
Interpolation and approximation by means of interpolation; uniform approximation; best approximation; approximation in normed linear spaces; spline functions; orthogonal polynomials; degree of approximation; computational procedures. Prereq> Cons inst
Typically Offered: Occasionally

COMP SCI 899 Pre-Dissertation Research Credits: 1 - 9
Prereq> Grad st, for post-masters degree, pre-dissertation stdts only
Typically Offered: Occasionally

COMP SCI 900 Advanced Seminar in Computer Science Credits: 0 - 1
Seminar on recent research on various aspects of computer science. Prereq> Cons inst
Typically Offered: Occasionally

COMP SCI 915 Computation and Informatics in Biology and Medicine Credits: 1
Participants and outside speakers will discuss current research in computation and informatics in biology and medicine. This seminar is required of all CIBM program trainees. Prereq> Cons inst
Typically Offered: Occasionally

COMP SCI 990 Dissertation Credits: 1 - 6
Prereq> Dissertator status
Typically Offered: Occasionally

COMP SCI 999 Dissertator Research Credits: 1 - 6
Advanced level mentored reading and research for dissertators. Prereq> Dissertator status
Typically Offered: Occasionally

E ASIAN LANGUAGES & LITERATURE

E ASIAN 101 First Semester Chinese Credits: 6
Introduces the basic grammar along with 900 Chinese characters of standard spoken Chinese. Eight hours weekly, three of which are lectures and five in small groups for oral practice. Within the year, students will have acquired elementary reading skill and the ability to communicate with native Chinese. Prereq> Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

E ASIAN 102 Second Semester Chinese Credits: 6
Continuation of 101. Prereq> E Asian 101
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

E ASIAN 103 First Semester Japanese Credits: 6
Phonological system and the basic grammatical patterns of modern colloquial Japanese, along with Hiragana, Katakana, and approximately 300 Chinese characters. Eight hours weekly. Prereq> Open to Freshmen
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

E ASIAN 104 Second Semester Japanese Credits: 6
Continuation of 103. Prereq> E Asian 103 or satisfactory placement test scores
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

E ASIAN 105 Elementary Korean Credits: 4
Essentials of modern spoken and written Korean. Prereq> Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

E ASIAN 106 Elementary Korean Credits: 4
Continuation of E Asian 105. Prereq> E Asian 105
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

E ASIAN 111 Elementary Conversational Chinese for Professionals I Credits: 3
This online course introduces students to basic conversational Chinese, with a focus on understanding and appreciating cultural beliefs, attitudes and practices, especially in a business or professional context. Prereq> Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall
E ASIAN 115 Environmental Humanities: Asian/Pacific Perspectives Credits: 3 - 4
Course offers a case-based approach to environmental studies from a humanistic perspective, taking into account diverse and connected transnational systems of Asia; materials draw on themes like forests, water, disaster, war, and conservation and wildlife. Course introduces disciplines in the Environmental Humanities (literature, religion, music, etc.) through studies in tradition, theory and practice across South Asia, Southeast Asia, East Asia and ocean and Pasifik regions including Aotearoa, New Zealand. Throughout the course we ask, how are environmental worldviews cast as the basis for action and understanding in the present? Prereq> None
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Fall

E ASIAN 121 Elementary Chinese Credits: 3
Introduction to the fundamental phonetic system and grammar of standard spoken Chinese along with 400 characters. Meets four hours weekly with the emphasis on speaking. Prereq> Open to Freshmen. Credit will not be granted for both 121 & 101
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

E ASIAN 122 Elementary Chinese Credits: 3
Continuation of 121. Prereq> E Asian 121. Credit will not be granted for both 122 & 101
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E ASIAN 123 Elementary Japanese Credits: 3
Elementary level skills in listening, speaking, reading and writing. Prereq> Open to Freshmen. Credit will not be granted for both 123 & 103
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

E ASIAN 124 Elementary Japanese Credits: 3
Continuation of East Asian 123. Prereq> E Asian 123 or satisfactory placement test scores. Credit will not be granted for both 124 & 103
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E ASIAN 201 Third Semester Chinese Credits: 6
Continuation of first year. Contact hours same as first year. Prereq> E Asian 102
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

E ASIAN 202 Fourth Semester Chinese Credits: 6
Continuation of 201. Prereq> E Asian 201
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

E ASIAN 203 Third Semester Japanese Credits: 6
Further practice in speaking, reading, and writing. Approximately 500 more characters introduced. Conducted in Japanese. Eight hours weekly. Prereq> East Asian 104 or satisfactory placement test scores
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

E ASIAN 204 Fourth Semester Japanese Credits: 6
Continuation of 203. Prereq> E Asian 203 or satisfactory placement test scores
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

E ASIAN 213 First Semester Heritage Chinese Credits: 6
This course emphasizes reading and writing skills. Students will acquire a wide range of vocabulary, grammatical points and sentence patterns from a variety of readings about Chinese families and Chinese culture. They will also learn how to write compositions about the covered topics. Prereq> Students should take placement tests including oral interviews and proficiency tests. Background questionnaires need to be completed as well
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

E ASIAN 214 Second Semester Heritage Chinese Credits: 6
This course emphasized reading and writing skills. Students will acquire a wide range of vocabulary, grammatical points and sentence patterns from a variety of readings about Chinese culture. They will also learn how to write compositions about the covered topics. Prereq> E Asian 113
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring
E ASIAN 221 Intermediate Chinese Credits: 3
Continuation of 121-122, Elementary Chinese, but with additional materials, including another 400 Chinese characters. Within the year students have acquired enough vocabulary and grammar to engage in daily conversation with some fluency; reading ability equivalent to that attained by students completing 102. Prereq: E Asian 122 or equiv. Credit will not be granted for both 221 & 102
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

E ASIAN 222 Intermediate Chinese Credits: 3
Continuation of 221. Prereq: E Asian 221. Credit will not be granted for both 222 & 102
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

E ASIAN 235 Genres of Asian Religious Writing Credits: 3
Writing intensive course based on the conventions in which Asian writers have expressed religious ideas. Readings introduce major Asian religious traditions and expressive genres. Prereq: Successful completion of or exemption from Com A requirement. Open to Fr
General Education: COM B L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

E ASIAN 251 Chinese Civilization Credits: 3
(No language credit.) The civilization of China studied through her literature, art, philosophy, and religions. Knowledge of Chinese language not required. Prereq: Open to Fr
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

E ASIAN 253 Introduction to Japanese Culture and Civilization Credits: 3
An introduction to the culture, life-styles and thought of the Japanese people, with frequent reference to their history, literature and art. Prereq: Open to Fr & all stdts
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

E ASIAN 267 Asian Religions in Global Perspective Credits: 3
Comparative and thematic introduction to diverse Asian religious traditions, ideas and communities, and their relevance to human societies of the past and present. Prereq: None
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

E ASIAN 277 Kendo: Integration of Martial Arts and Liberal Arts Credits: 2
Kendo practice (martial art) supplemented by lecture describing its historical roots and philosophical background.
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

E ASIAN 299 Directed Study Credits: 1 - 3
Prereq: Graded on a lettered basis; requires cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

E ASIAN 300 Humanities Topics in East Asian Studies Credits: 1 - 3
Interdisciplinary approaches to specific humanities topics in East Asian studies. Topics may include comparative analysis of a theme across the countries in the East Asian region or focus on a theme within a single country. Prereq: Open to Fr with cons inst
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

E ASIAN 301 Fifth Semester Chinese Credits: 4
Selections principally from modern Chinese literature and material in Chinese social studies, to expose students to reading a variety of styles. Classes conducted in Chinese. Three hours lecture, two hours discussion. Prereq: E Asian 202
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

E ASIAN 302 Sixth Semester Chinese Credits: 4
Continuation of 301. Prereq: E Asian 301
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring
E ASIAN 303 Fifth Semester Japanese Credits: 4
Further practice in reading and writing. Extensive as well as intensive readings in contemporary texts. At least 1,000 more characters introduced. Videotape material also used. Conducted in Japanese. Five hours weekly. Prereq> E Asian 204 or 328 or satisfactory placement test scores
L&S Breadth: Humanities   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall

E ASIAN 304 Sixth Semester Japanese Credits: 4
Continuation of 303. Prereq> E Asian 303 or satisfactory placement test scores
L&S Breadth: Humanities   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Spring

E ASIAN 311 First Semester Chinese Credits: 5 - 6
Introduces the basic grammar along with 900 Chinese characters of standard spoken Chinese. Prereq> Grad st
L&S Level: Elementary   L&S Credit: Counts for LAS credit   Typically Offered: Fall

E ASIAN 312 Second Semester Chinese Credits: 5 - 6
Continuation of 311. Prereq> E Asian 311 or satisfactory placement test scores, & Grad st
L&S Level: Elementary   L&S Credit: Counts for LAS credit   Typically Offered: Spring

E ASIAN 313 Japanese for Social Studies Credits: 3
To prepare students for research in the modern social sciences. Prereq> E Asian 204
L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

E ASIAN 317 Third Semester Chinese Credits: 5 - 6
Continuation of first year. Prereq> E Asian 312 or satisfactory placement test scores, & Grad st
L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Summer

E ASIAN 318 Fourth Semester Chinese Credits: 5 - 6
Continuation of 317. Prereq> E Asian 317 or satisfactory placement test scores, & Grad st
L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Spring, Summer

E ASIAN 319 First Semester Japanese Credits: 5 - 6
The phonological system and the basic grammatical patterns of modern colloquial Japanese, along with Hiragana, Katakana, and approximately 300 Kanji. Eight hours weekly. Prereq> Graduate standing
L&S Level: Elementary   L&S Credit: Counts for LAS credit   Typically Offered: Fall

E ASIAN 320 Second Semester Japanese Credits: 5 - 6
Continuation of 319. Prereq> E Asian 319 or satisfactory placement test scores, & Grad st
L&S Level: Elementary   L&S Credit: Counts for LAS credit   Typically Offered: Spring

E ASIAN 321 First Year Classical Chinese Credits: 4
Introduction to literary Chinese; emphasis on basic grammar to develop reading ability. Selections from: Philosophical and historical texts, essays, fictions, T'ang poetry, Sung lyrics, Yuan songs, and Ming drama.
Prereq> E Asian 202 or 318 or equiv
L&S Breadth: Literature   L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Fall

E ASIAN 322 First Year Classical Chinese Credits: 4
Continuation of 321. Prereq> E Asian 321
L&S Breadth: Literature   L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Spring

E ASIAN 323 First Year Classical Japanese Credits: 3
Introduction to the grammar of classical Japanese to develop reading ability. Specially annotated texts of such works as Hojoki and Oku No Hosomichi are the principal reading material. Prereq> E Asian 204 or cons inst
L&S Breadth: Literature   L&S Level: Intermediate/Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

E ASIAN 324 First Year Classical Japanese Credits: 3
Continuation of 323. Prereq> E Asian 323
L&S Breadth: Literature   L&S Level: Intermediate/Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

E ASIAN 325 Elementary Korean Credits: 3
Essentials of modern spoken and written Korean. Prereq> Grad st
L&S Level: Elementary   L&S Credit: Counts for LAS credit   Typically Offered: Fall
E ASIAN 326 Elementary Korean  Credits: 3
Continuation of E Asian 325. Prereq> E A 325 & Grad St
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

E ASIAN 327 Third Semester Japanese  Credits: 5 - 6
Further practice in speaking, reading, and writing. Approximately 500 more kanji introduced. Conducted in Japanese. Eight hours weekly. Prereq> E Asian 320 or satisfactory placement test scores, & Grad standing
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

E ASIAN 328 Fourth Semester Japanese  Credits: 5 - 6
Continuation of 327. Prereq> E Asian 327 or satisfactory placement test scores, & Grad standing
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

E ASIAN 330 Basic Technical Japanese I  Credits: 3
Introduces the three types of Japanese writing and most grammar necessary for reading technical writing in the sciences. Prereq> Sr or Grad st
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E ASIAN 332 Basic Technical Japanese II  Credits: 3
Completes the grammar necessary for reading technical writing in the sciences. Concludes with individual projects in specialized fields. Prereq> EPD/E Asian 330
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

E ASIAN 333 Chinese Conversation  Credits: 3
Introduces students to oral communication skills including verbal and nonverbal behavior in Mandarin Chinese. Student will acquire useful terms and phrases for daily conversations and professional reports, and learn how to converse and interact appropriately in varying real-life situations. Prereq> E Asian 201-202
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 335 Intermediate Japanese Conversation  Credits: 3
For students who wish to concentrate on speaking. Videotape material also used. Two hours weekly. Prereq> E Asian 204
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 337 Social and Intellectual History of China, 589 AD-1919  Credits: 3 - 4
The culture of the literati in the T'ang; major trends of Neo-Confucianism during the Sung and Ming; the Confucian response to the West in the nineteenth century; the emergence of the modern Chinese intelligentsia and iconoclasm in the early May Fourth period. Prereq> So st or Hist 103
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 340 Introduction to the I-Ching: Book of Change  Credits: 3 - 4
Early religious and historical background of the Book of Changes, the composition of the I-Ching, the formation and structure of the hexagrams and their symbolism, the interpretations of the texts associated with the hexagrams, and techniques of divination. Prereq> So st; Undergrad majors, 4 cr; non-major Undergrads & Grad majors, 3 cr. No prev knowledge of Chinese required for non-major Undergrads
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 341 Classical Chinese for Non-Majors  Credits: 4
Basic grammar and syntax of classical Chinese to develop reading ability. The texts include Meng-tzu, Lao-tzu, the I-Ching and other Confucian and Taoist works. Prereq> Cons inst
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E ASIAN 342 Classical Chinese for Non-Majors  Credits: 4
Continuation of 341. Prereq> Cons inst
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

E ASIAN 345 Third Semester Korean  Credits: 3 - 4
Further practice in speaking, reading and writing Korean. Prereq> E Asian 326 or satisfactory placement test scores. 4 cr for Undergrads, 3 cr for Grads
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall
E ASIAN 346 Fourth Semester Korean Credits: 3 - 4
Continuation of East Asian 345. Prereq> E Asian 345 or satisfactory placement test scores. 4 cr for Undergrads, 3 cr for Grads
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

E ASIAN 347 Fifth Semester Korean Credits: 3
Further practice in reading and writing. Extensive as well as intensive readings in contemporary texts. Videotape material also used. Conducted in Korean. Prereq> E Asian 346 or equiv
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

E ASIAN 348 Sixth Semester Korean Credits: 3
Continuation of E Asian 347. Further practice in reading and writing. Extensive as well as intensive readings in contemporary texts. Videotape material also used. Conducted in Korean. Prereq> E Asian 347 or equiv
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

E ASIAN 350 Introduction to Taoism Credits: 3 - 4
A study of the writings attributed to Lao-tzu and Chuang-tzu and their concepts, and the history and various aspects of religious Taoism. Consideration is given to Taoist influences on literature. Undergraduate majors register for 4 cr; non-majors and graduate majors register for 3 cr. Prereq> So st; Undergrad majors register for 4 cr, Undergrad non-majors and Grad stdts register for 3 cr
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

E ASIAN 351 Survey of Chinese Literature Credits: 3
A critical introduction to the literature of China throughout the ages. Works include poetry, fiction and drama. Each student will be required to do one independent project, using Chinese language sources, if appropriate. This course may be taken independently from 352. Prereq> One yr of Chinese or equiv
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

E ASIAN 352 Survey of Chinese Literature Credits: 3
Continuation of E Asian 351. Each student will be required to do one independent project using Chinese language sources if appropriate. The two semesters may be taken independently. Prereq> One yr of Chinese or equiv
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

E ASIAN 353 Survey of Japanese Literature Credits: 3
Historical introduction to the important literary works of Japan. This course will cover the classical period, from the eighth through the mid-nineteenth century. Each student will be required to do one independent project using Japanese language sources if appropriate. Prereq> One yr of Japanese or equiv
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

E ASIAN 354 Survey of Japanese Literature Credits: 3
Covers Japanese literature from the late nineteenth through the present century, and may be taken independently of E Asian 353. Each student will be required to do one independent project using Japanese language sources if appropriate. Prereq> One yr of Japanese or equiv
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

E ASIAN 355 Arts of China Credits: 3 - 4
Meets with Art History 370. See art History 370 for information. Prereq> So st
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

E ASIAN 356 Chinese Painting Credits: 3 - 4
Meets with Art History 371. See Art History 371 for information. Prereq> So st
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

E ASIAN 357 Arts of Japan Credits: 3 - 4
Meets with Art History 372. See Art History 372 for information. Prereq> So st
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

E ASIAN 358 Language in Japanese Society Credits: 3
Exploration of dynamic relationships between the language and the social structure in Japan. Study of films, TV programs, and conversations as well as research articles. Basic knowledge of Japanese is assumed, but the instruction is in English. Prereq> E Asian 104 or 320 or cons inst
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally
E ASIAN 361 Masterworks of Japanese Literature: The Tale of Genji Credits: 3
Explores the themes, structure, and reception history of Japan's The Tale of Genji (ca. 1008). Primary readings done in English. Japanese majors required to use Japanese secondary sources as appropriate. Prereq> So st
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

E ASIAN 363 Introduction to Confucianism Credits: 3
The development of Confucianism in pre-Buddhist China emphasizing interactions with competing viewpoints. Particular attention to issues of morality and human nature, stressing the roots of Confucianism in more general theories of value. All readings in translation. Prereq> So st
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

E ASIAN 364 Introduction to Buddhism Credits: 3
The basic thought, practices and history of Buddhism, including selflessness and relativity, practices of meditation, merit-making and compassion from both local and translocal perspectives. Includes a discussion of Buddhism as a contemporary, North American religion. Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

E ASIAN 367 Japanese Poetic Tradition Credits: 3 - 4
An introduction to the major types of Japanese poetry, ancient and modern. Although some attention to historical context is given, the emphasis is on critical reading and appreciation of Japanese poetry in translation. To qualify for four credits, students must complete a project based on their reading of Japanese poetry in the original language or of scholarly work on the subject in Japanese. Prereq> Jr st; Undergrad majors, 4 cr; non-major Undergrads & Grads, 3 cr
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

E ASIAN 368 Topics in Japanese Professional Communication Credits: 1 - 3
Further development of communication skills in Japanese. Prior registration, students must consult with the instructor to determine a specific academic or professional area in which they plan to develop their proficiency. Prereq> E Asian 204 or cons inst. Recommended only to those who have received B or above in E Asian 204, or those who have obtained the sufficient level of proficiency to undertake the required assignments that involve writing and presenting multiple paragraph length reports on academic or professional topics
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

Surveys anime (Japanese animation) from 1930s shorts through contemporary feature-length, experimental, and televised serial-form productions. Draws on critical writings on postmodernism, digital cinema, and visual culture. Some Japanese language ability is required. Prereq> E Asian 104, equiv, or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E ASIAN 379 Business Chinese Credits: 3
Introduces learners of Chinese to the culture, commerce, and etiquette in the Chinese society. Students will acquire a working knowledge of the vocabulary and expressions that are essential for business transactions. They will also learn culturally applicable business strategies and understand Chinese people's expectations, concerns and needs. Prereq> 2 yrs Chinese or equiv
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 401 Seventh Semester Chinese Credits: 3
Extensive readings in advanced general and specialized texts in contemporary Chinese, and discussion on the content of the reading materials. Videotape materials also used. Conducted in Chinese. Three hours weekly. Prereq> E Asian 302 or satisfactory placement test scores
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E ASIAN 402 Eighth Semester Chinese Credits: 3
Continuation of E Asian 401. Prereq> E Asian 401 or satisfactory placement test scores
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

E ASIAN 403 Seventh Semester Japanese Credits: 3
Extensive readings in advanced general and specialized texts in contemporary Japanese, and discussion on the content of the reading materials. Videotape materials also used. Conducted in Japanese. Three hours weekly. Prereq> E Asian 304 or satisfactory placement test scores
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E ASIAN 404 Eighth Semester Japanese Credits: 3
Continuation of 403. Prereq> E Asian 403 or satisfactory placement test scores
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E ASIAN 405 Seventh Semester Korean Credits: 3
Extensive readings in advanced general and specialized texts in Korean, and discussion on the content of the reading materials. Videotape material also used. Conducted in Korean. Prereq> E Asian 348 or equiv
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E ASIAN 406 Eighth Semester Korean Credits: 3
Continuation of E Asian 405. Extensive readings in advanced general and specialized texts in Korean, and discussion on the content of the reading materials. Videotape material also used. Conducted in Korean. Prereq> E Asian 405 or equiv
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
E ASIAN 421 Second Year Classical Chinese Credits: 4
Selected readings in prose and verse, primarily from early and medieval China. Prereq: E Asian 322
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 422 Second Year Classical Chinese Credits: 4
Continuation of 421. Prereq: E Asian 421
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 431 Introduction to Chinese Linguistics Credits: 3
Phonology, morphology and syntax of the modern standard colloquial language, including historical, philological, and dialectal aspects. Prereq: E Asian 202 or equiv
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 432 Introduction to Chinese Linguistics Credits: 3
Continuation of E Asian 431. Prereq: E Asian 431 or equiv
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 433 Topics in East Asian Visual Cultures Credits: 3
Topics in the study of the visual cultures of East Asia from antiquity to the present. Focuses on illustrative texts and genres, major historiographic, theoretical, and methodological issues, and the technologies of vision and visuality in China, Japan, and Korea. Prereq: Jr or Sr st
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 434 Introduction to Japanese Linguistics Credits: 3
Phonology, morphology and syntax of the modern standard colloquial Japanese, including historical and dialectal aspects. Prereq: Linguis 301 or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 436 History of Chinese Buddhism Credits: 3
Introduction and development of Buddhism in China. Late Han (1st century) to the end of T'ang (10th century). Prereq: LangAsia/E Asian/Relig St 364 or equiv
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 461 Readings in Chinese Vernacular Literature Credits: 3
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 466 Buddhist Thought Credits: 3
Survey of the fundamental trends in Buddhist thought through the works of major philosophers. Themes include the concept of "selflessness" and concomitant theories of essencelessness, perception, language and rationality. Previous study of Buddhism or philosophy is strongly recommended. Prereq: So st or cons inst. Prev study of Buddhism or philos strongly recommended.
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

E ASIAN 501 Fifth-year Chinese Credits: 3
Continuation of E Asian 401-402 (seventh and eighth semester Chinese), with emphasis on reading with speed a variety of Chinese texts with discussion in Chinese. Prereq: E Asian 402 or equiv; course repeatable only with cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 503 Fifth-year Japanese Credits: 3
A content-based language course in seminar format for students with advanced proficiency in Japanese, using contemporary cultural materials. Prereq: E Asian 403/404; course repeatable only with cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 520 Popular Culture and Film in Twentieth-Century China Credits: 3
A historical narrative of popular culture from the turn of the century to contemporary China, Taiwan, and Hong Kong. Offered in a seminar format. Prereq: Jr st & cons inst; no knowledge of Chinese required
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
E ASIAN 521 Problems in Translation  Credits: 3
An introduction through actual practice to the art of translation; emphasis on the special problems--cultural as well as technical--of translation from Chinese.  Prereq> Three yrs of Chinese lang or equiv
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring

E ASIAN 563 Readings in Modern Japanese Literature  Credits: 3
Extensive readings in modern Japanese literature and discussion of literary content.  Prereq> E Asian 404
L&S Breadth:  Literature  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall

E ASIAN 564 Readings in Modern Japanese Literature  Credits: 3
Continuation of 563.  Prereq> E Asian 563
L&S Breadth:  Literature  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Spring

E ASIAN 571 Readings in Classical Chinese Literature  Credits: 3
Extensive readings in classical Chinese literature with one semester devoted principally to poetry and the other to prose.  Prereq> E Asian 422
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring

E ASIAN 573 Readings in Classical Japanese Literature  Credits: 3
A close reading and translation of selected texts in Classical Japanese literature. Includes such works as Genji Monogatari, plays of the Noh Theatre, and Saikaku.  Prereq> E Asian 404 or equiv
L&S Breadth:  Literature  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall

E ASIAN 574 Readings in Classical Japanese Literature  Credits: 3
Continuation of 573.  Prereq> E Asian 573 or equiv
L&S Breadth:  Literature  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Spring

E ASIAN 576 Buddhism and Literature  Credits: 3
Examination of Buddhist involvement in literary culture in South and East Asia.  Prereq> LCA/E Asian/Relig St 273 or 364 or LCA/Relig St 416
L&S Breadth:  Literature  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Occasionally

E ASIAN 601 Japanese for Business and Industry  Credits: 3 - 4
Business language and commercial practices in contemporary Japanese society.  Prereq> EPD/E Asian 375 or E Asian 304 or consent of instructor
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall

E ASIAN 602 Japanese for Politics and Government  Credits: 3 - 4
Language and patterns of expression used in political discourse and policymaking in Japan.  Prereq> EPD/E Asian 375 or E Asian 304 or consent of instructor
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Spring

E ASIAN 622 Teaching of Chinese  Credits: 3
Methods of teaching Chinese as a second language including comparative study of Chinese and English structure, introduction to teaching techniques.  Prereq> Cons inst
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring

E ASIAN 623 Teaching of Japanese as a Foreign Language  Credits: 3
Methods of foreign language teaching in general and Japanese language teaching in particular; with emphasis on special problems in teaching Japanese to English-speaking students.  Prereq> Current enrollment in the Grad program in Japanese, or cons inst
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring, Summer

E ASIAN 631 History of the Chinese Language  Credits: 3
Introduction to Chinese historical linguistics, including the sound systems of the Shih-ching, T'ang poems, and Yuan songs, and their historical relations to the sounds of modern Mandarin, and syntactic interaction between classical and vernacular Chinese.  Prereq> Cons inst
L&S Breadth:  Humanities  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring

E ASIAN 632 History of the Chinese Language  Credits: 3
Continuation of 631.  Prereq> Cons inst
L&S Breadth:  Humanities  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring
E ASIAN 651 History of Chinese Literature Credits: 3
First semester: period up to and including the T'ang dynasty; Second semester: period since the T'ang. Prereq> E Asian 422 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 652 History of Chinese Literature Credits: 3
Continuation of 651. Prereq> E Asian 651 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 653 History of Japanese Literature Credits: 3
An intensive study of the development of Japanese literature; the development of poetry and prose; the flowering of literature in the Heian period; war tales, the Noh, and other types of medieval literature; popular novels, plays and Haiku of the Tokugawa period; Japanese literature under Western influence. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 654 History of Japanese Literature Credits: 3
Continuation of 653. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 661 History of Chinese Thought, Part 1 Credits: 3
The first half of a two-course sequence promoting a familiarity with the fundamentals of Chinese thought, philosophical and religious. The focus is on the pre-Qin period, paying particular attention to competing theories of value. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E ASIAN 662 History of Chinese Thought, Part 2 Credits: 3
The second half of a two-course sequence promoting a familiarity with the fundamentals of Chinese thought, philosophical and religious. The focus is on the dynastic period, from Qin Han through Qing, emphasizing the cross-fertilization between traditions and the role of commentary. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

E ASIAN 671 Literary Studies in Chinese Drama Credits: 3
Intensive study of selected dramatic texts. Prereq> E Asian 302 or equiv
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 672 Literary Studies in Chinese Fiction Credits: 3
Intensive study of selected short story and novel texts. Prereq> E Asian 462 or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 681 Senior Honors Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 682 Senior Honors Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 691 Senior Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E ASIAN 692 Senior Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

E ASIAN 693 Japanese for Research Credits: 3
Strong emphasis upon syntax and morphology, especially on the inflections of verbs and adjectives in order to equip students possessing a knowledge of Chinese with a reading knowledge of Japanese in one year. Prereq> One yr of Japanese (103-104) and 3 yrs of Chinese or equiv
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
E ASIAN 698 Directed Study  Credits: 2 - 3  
Prereq> Jr or Sr st. Graded on a Cr/N basis; requires cons inst  
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 699 Directed Study  Credits: 2 - 3  
Prereq> Jr or Sr st. Graded on a lettered basis; requires cons inst  
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E ASIAN 701 Proseminar in Chinese Literature  Credits: 3  
Acquaints entering graduate students with the history of the study of Chinese literature in the West, with the basic reference tools and methodologies, and with the various critical approaches to Chinese literature. Prereq> BA in Chinese or equiv  
L&S Level: Advanced  Typically Offered: Occasionally

E ASIAN 741 Studies in Chinese Syntax and Morphology  Credits: 3  
Syntax and morphology of a selected corpus of Chinese texts. May be repeated. Prereq> E Asian 631-632  
Typically Offered: Occasionally

E ASIAN 761 Studies in Chinese Historical Texts  Credits: 3  
Selected readings from various histories prior to the twentieth century. Prereq> E Asian 572 or equiv  
Typically Offered: Occasionally

E ASIAN 762 Studies in Chinese Philosophical Texts  Credits: 3  
Selected texts, emphasis on pre-Han period. Prereq> E Asian 572 or equiv  
Typically Offered: Occasionally

E ASIAN 763 Studies in Japanese Literature  Credits: 3  
One of the general fields such as theater, fiction, etc., studied intensively. May be repeated. Prereq> E Asian 564 & 574 or equiv & cons inst  
Typically Offered: Occasionally

E ASIAN 765 Readings in Chinese Religious Texts  Credits: 3  
The goal of this course is to learn to read religious texts in Chinese. Students will examine seven topics that span the range of religious writing across Chinese history. Prereq> Cons inst  
Typically Offered: Occasionally

E ASIAN 771 Studies in Chinese Poetry  Credits: 3  
Intensive study of selected works, trends, or genres. Prereq> E Asian 322  
Typically Offered: Occasionally

E ASIAN 773 Chinese Literary Theory and Criticism  Credits: 3  
Chinese literary theory and practical criticism in prose and poetry from antiquity to recent times with emphasis on main currents and characteristics. Prereq> Cons inst  
Typically Offered: Occasionally

E ASIAN 775 Studies in Japanese Linguistics  Credits: 3  
One of the general fields such as phonology, morphology, syntax, dialectology, etc. May be repeated. Prereq> E Asian 434 or equiv & cons inst  
Typically Offered: Occasionally

E ASIAN 799 Reading for Research  Credits: 1 - 3  
For students in the department who have passed the qualifying exam and who are reading for their preliminary exam. (May be repeated.) Prereq> Cons inst  
Typically Offered: Occasionally

E ASIAN 833 Topics in East Asian Visual Cultures  Credits: 3  
Topics in the study of the visual cultures of East Asia from antiquity to the present. Focuses on illustrative texts and genres, major historiographic, theoretical, and methodological issues, and the technologies of vision and visuality in China, Japan, and Korea. Prereq> Grad st or cons inst  
Typically Offered: Spring
E ASIAN 852 Smr-Traditional and Early Modern Chinese Intellectual History Credits: 1 - 3
History of Chinese thought from the classical period to the early May Fourth era. Topics vary each year. Prereq> Grad st & cons inst; reading knowledge of classical Chinese desired
Typically Offered: Occasionally

E ASIAN 921 Research Methods and Source Materials in Chinese Studies Credits: 3
Prereq> Cons inst
Typically Offered: Occasionally

E ASIAN 922 Proseminar in Japanese Research: Resources and Critical Methods Credits: 3
Bibliographical and other reference materials in Japanese and Western languages pertinent to the advanced study of Japanese literature. The course includes various critical approaches. Prereq> Grad st or cons inst
L&S Level: Advanced Typically Offered: Occasionally

E ASIAN 932 Seminar in Chinese Linguistics Credits: 2 - 3
Rotating subjects; a student may enroll as many times as needed. Prereq> Cons inst
Typically Offered: Occasionally

E ASIAN 933 Seminar in Japanese Linguistics Credits: 3
Rotation of specialized subjects. May be repeated. Prereq> Cons inst
Typically Offered: Occasionally

E ASIAN 951 Seminar in Chinese Literature Credits: 3
Rotating subjects; a student may enroll as many times as needed. Prereq> Cons inst
Typically Offered: Occasionally

E ASIAN 953 Seminar in Japanese Literature Credits: 3
Aspects of modern and classical Japanese literature; genres, significant authors, and works selected according to the interests of instructor and needs of students. May be repeated. Prereq> Cons inst
Typically Offered: Occasionally

E ASIAN 971 Seminar in Chinese Thought Credits: 3
Rotating subjects relating to Chinese philosophies and religions. Prereq> Cons inst
Typically Offered: Occasionally

E ASIAN 990 Thesis Research Credits: 3
Prereq> Grad st or cons inst
Typically Offered: Occasionally

E ASIAN 999 Independent Research Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

EAST ASIAN AREA STUDIES

E A STDS 255 Introduction to East Asian Civilizations Credits: 3 - 4
Multidisciplinary and historical perspectives on the East Asian civilizations of China, Japan, Korea, Tibet and Mongolia from prehistory to the present, including developments in philosophy, economy, governance, social structure, kinship, geography, etc. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

E A STDS 299 Directed Study Credits: 1 - 3
Prereq> Open to Fr. Graded on a lettered basis; requires cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

E A STDS 300 Humanities Topics in East Asian Studies Credits: 1 - 3
Interdisciplinary approaches to specific humanities topics in East Asian studies. Topics may include comparative analysis of a theme across the countries in the East Asian region or focus on a theme within a single country. Prereq> Open to Fr with cons inst
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer
E A STDS 301 Social Studies Topics in East Asian Studies Credits: 1 - 3
Interdisciplinary approaches to specific social sciences topics in East Asian studies. Topics may include comparative analysis of a theme across the countries in the East Asian region or focus on a theme within a single country. Prereq> Open to Fr with cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

E A STDS 681 Senior Honors Thesis Credits: 3
Senior honors thesis in East Asian area studies. Prereq> Consent of faculty adviser
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E A STDS 682 Senior Honors Thesis Credits: 3
Senior honors thesis in East Asian area studies. Prereq> E A Stds 681, consent of faculty adviser
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

E A STDS 691 Senior Thesis Credits: 3
Individual research guided by a faculty mentor. A requirement for honors credit. Prereq> Sr st. E A Stds major
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

E A STDS 692 Senior Thesis Credits: 3
Individual research guided by a faculty mentor. A requirement for honors credit. Prereq> Sr st. E A Stds major
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

E A STDS 698 Directed Study Credits: 1 - 3
Prereq> Jr or Sr st & cons inst. Graded on a Cr/N basis.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

E A STDS 699 Directed Study Credits: 2 - 3
Prereq> Jr or St st. Graded on a lettered basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 100 Economic Approach to Current Issues Credits: 3 - 4
Emphasizes current economic issues and illustrates how the economist's perspective helps to understand them. The objective is to enhance economic literacy by presenting the basic tools of the discipline and applying them to selected issues for which policy decisions have important consequences. Prereq> Math 101 (or suitable math placement score) or satisfaction of Quantitative Reasoning A. Not open to students that have completed or are currently enrolled in Econ 101, Econ 102 or Econ 111
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 101 Principles of Microeconomics Credits: 4
Economic problems of individuals, firms and industries with emphasis on value, price, and distribution of income. Must be taken before 102. Prereq> Successful completion of or exemption from Quantitative Reasoning A requirement. Open to Fr. No honors avail
General Education: QR-B  L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 102 Principles of Macroeconomics Credits: 3 - 4
Macroeconomic measurement and models of aggregate demand and supply; fiscal and monetary policy for unemployment, inflation, and growth. Prereq> Econ 101 or AAE 215. Open to Fr. No honors avail
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 109 Study Abroad in Introductory Economics Credits: 1 - 4
Provides an equivalency for introductory level economics courses taken on UW-Madison study abroad programs. Prereq> Enrollment in a UW-Madison study abroad prog
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
ECON 111 Principles of Economics-Accelerated Treatment Credits: 4
Integrated treatment of macroeconomics and microeconomics (see Econ 101 and 102). Accelerated approach to economics training, especially for Econ Opt. B majors. Prereq> Placement into Math 221 or higher or equivalent math proficiency. Not open to students that have taken Econ 101 or Econ 102
General Education: QR-B  L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 228 Internship Economics Credits: 1
Internship in economics related field. Prereq> Declared Economics Major with GPA of 2.5 or higher in major. Completion of at least 4 economics classes at UW-Madison. Completion of at least one intermediate theory class (Econ 301 or 311, Econ 302 or 312). Approval/authorization to registrar: To be granted by the Undergraduate Committee after review of offer letter and proposal form.  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 236 Bascom Course Credits: 3
A low-enrollment course developing skills in critical reading, logical thinking, use of evidence, and use of library resources. Emphasis on writing in the conventions of specific fields. Prereq> Successful completion of or exemption from Com A requirement. Open to Fr  General Education: COM B  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 299 Directed Study Credits: 1 - 3
Prereq> Open to Fr and So only  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 300 Introduction to Finance Credits: 3
Concepts and techniques in corporate finance and investments. Topics include the financial environment, securities markets, financial markets, financial statements and analysis, working capital management, capital budgeting, cost of capital, dividend policy, asset valuation, investments, decision making under uncertainty, mergers, options, and futures. Prereq> So, Jr or Sr st; Econ 101 or AAE 215; Acct IS 100 or 300; Gen Bus 303 or equiv or con reg  L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 301 Intermediate Microeconomic Theory Credits: 4
Contemporary theory of consumption, production, pricing and resource allocation. Prereq> Any two intro econ courses and one semester calc (Math 221 or 211; Math 221 recommended)  L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 302 Intermediate Macroeconomic Theory Credits: 4
Principles and theories of national income determination, analysis of savings, consumption, investment and other aggregates in the national and international economy and relation to employment, inflation and stabilization. Prereq> Any two intro econ courses and one semester calc (Math 221 or 211; Math 221 recommended)  L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 305 Development of Economic Thought Credits: 3 - 4
Development of economic thought from the middle ages to the present; emphasis on major schools of thought including Classical, Marxian, Neo-Classical, and Keynesian schools. Prereq> Any two intro econ courses or cons inst  L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 306 The Real Estate Process Credits: 3
Introductory survey course. Decision-making processes for the manufacture, marketing, management and financing of real estate space. Survey of institutional context, economics of urbanization, historical pattern and structure of city growth, and public policy issues regarding urban environment and business management. Prereq> So, Jr, or Sr st; Econ 101  L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
ECON 309 Study Abroad in Intermediate Economics Credits: 1 - 4
Provides an equivalency for intermediate level economics courses taken on UW-Madison study abroad programs. Prereq> Enrollment in a UW-Madison study abroad prog. Completion of an intro microecon crse & an intro macroecon crse
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 310 Statistics: Measurement in Economics Credits: 4
Introduction to analysis of economic data. The techniques of descriptive statistics and statistical inference (hypothesis testing and estimation) as directed toward application in economic research. Prereq> One intro econ course & Math 221 or 211; students with previous stat course must have consent of instructor General Education: QR-B  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 311 Intermediate Microeconomic Theory - Advanced Treatment Credits: 3
A mathematical approach to the theory of consumption, production, pricing and resource allocation. Prereq> Math 222, Econ 101 & 102 or Econ 111; or cons inst. Not open to students who have taken Econ 301
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ECON 312 Intermediate Macroeconomic Theory - Advanced Treatment Credits: 3
A mathematical approach to the principles and theories of national income determination, analysis of savings, consumption, investment and other aggregates in the national and international economy and relation to employment, inflation, and stabilization. Prereq> Math 222, Econ 101 & 102 or Econ 111; or cons inst. Not open to stdts who have taken Econ 302
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ECON 320 Investment Theory Credits: 3
Structure and functioning of securities markets; principles of portfolio construction; models of the tradeoff between risk and expected return. Prereq> Sophomore, Junior or Senior standing; Math 213 or 222; Finance/Econ 300; Gen Bus 304 or equivalent or concurrent registration
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ECON 325 Public Utilities Credits: 3
Development of public utilities in the U.S.; evolution of public utility concept and emerging role of regulation; regulatory and public policy issues with emphasis on the pricing of utility services; relation of environmental and conservation goals to economic objectives of public utility sector. Prereq> Econ 101
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 330 Money and Banking Credits: 4
Monetary economics; the role of money in the determination of output, prices and interest rates; commercial and central banking, monetary policy, the international monetary system. Prereq> Econ 101 & 102, or 111 or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 337 Natural Resource Conservation and Economics Credits: 3
Economic principles underlying utilization and conservation of land and natural resources. Prereq> AAE 215 or Econ 101 or equiv
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 340 Public Finance Credits: 3 - 4
Effects of government spending and taxation on resources, incomes, prices, and employment; major taxes employed at national, state and local levels; emphasis on current policy problems. Prereq> Jr st & Econ 101 or 103. Not available for credit for stdts who have already taken Econ 441
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 343 Environmental Economics Credits: 3 - 4
Microeconomic principles underlying the use of natural resources such as air, water, forests, fisheries, minerals and energy. These principles are applied in the examination of pollution control, preservation vs. development, deforestation, and other environmental issues. Prereq> AAE 215, Econ 101 or equivalent, or consent of instructor
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
ECON 352 Role of Government in the Economy Credits: 3
Government activities affecting business; emphasis on the economist's view of the appropriate role of the state. Such policies as antitrust, control of competitive practices, regulation, public expenditures, subsidy, transfer payments and public enterprise. Prereq> Econ 101 or 111 or equiv, or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 364 Survey of International Economics Credits: 3 - 4
Contemporary theory of international trade and finance applied to current economic events. Not recommended for economics majors. Not open to students who have taken Econ 464 or Econ 301 (or 311). Prereq> Not open to students who have taken Economics 464.
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ECON 365 Issues in Comparative Economics Credits: 3
Comparative analysis of growth and development experiences of a selected group of countries from East Asia, Latin America and Eastern Europe. Economic theory is used to interpret particular events and to analyze economic data. Prereq> Econ 101 & 102 or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ECON 390 Contemporary Economic Issues Credits: 3
Topics vary; number used for experimental courses. Prereq> Prerequisites vary by topic
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 409 Study Abroad in Advanced Economics Credits: 1 - 4
Provides an equivalency for advanced level economics courses taken on UW-Madison study abroad programs for which there is no exact UW-Madison equivalent. Course must be of equal rigor to those offered on campus. To receive this equivalent, departmental pre-approval is required. Prereq> Enrollment in a UW-Madison study abroad program. Completion of an intermed microecon crse and/or intermed macroecon crse
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 410 Introductory Econometrics Credits: 4
Statistical methods used in applied economic research. Topics include: survey methods and data sources; multiple regression and analysis of variance; econometric estimation; forecasting and policy applications. Prereq> Econ 310 & Math 221. Undergrads have enrollment priority
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 411 Advanced Microeconomic Theory Credits: 3
Advanced topics in microeconomic theory, such as theories of imperfect information, uncertainty, adverse selection, signaling, moral hazard, insurance, contracts and agency. Prereq> Econ 301 & Math 222 or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 412 Advanced Macroeconomics Credits: 3
Recent developments in macroeconomics: optimizing foundations; equilibrium business cycles; inter-temporal and inter-generational choice; welfare analysis of fiat money and public debt; expectations and time consistency; implications of imperfect competition and "efficiency wages". Prereq> Econ 302 & Math 223 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 420 Urban and Regional Economics Credits: 3
Nature and structure of urban economies; location of economic activity; economic analysis in an urban framework; principles of urban economic development, housing, transportation, poverty and unemployment and municipal finance. Forecasting of economic activity using census and socioeconomic data. Prereq> Econ 101
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 421 Economic Decision Analysis Credits: 4
Managerial oriented, applied presentation of microeconomic theory. Quantitative emphasis with extensive homework use of spreadsheets and written executive summaries of applied economic analyses. Applications on natural resources and agricultural markets. Prereq> Econ 301 & Stat 301, or equiv
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall
ECON 432 Episodes in Macroeconomic History Credits: 3
Analysis of the macroeconomic performance of selected industrial economies during periods of stress. Examples typically include the performance of the U.S. 1929-33; the major participants during WWII; Japan 1945-70; Eastern European economies 1987-; as well as various episodes of price controls, financial panics and collapse.
Prereq> Econ 302
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 435 The Financial System Credits: 3
Continuation of 330. Banking, credit markets and financial institutions, monetary and debt management policies; relation of national monetary and credit institutions to the international system. Prereq> Econ 301, 302, 330
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 436 Macroeconometric Analysis Credits: 3
Macroeconomic equilibria and stability, optimal control of economic models, aggregation, economic forecasting, expectations formation, time inconsistency, filtering, policy co-ordination, and criteria for evaluating economic models. Prereq> Econ 302 or 312, 310 or 410, or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 440 Urban and Regional Economics Credits: 3
Economic theories of the nature and function of cities with emphasis on classical location theory. Theory of urban and regional planning in a market economy. Examination of selected problems, e.g.: housing, land-use and transportation; urban economic history; regional development; fiscal federalism. Prereq> Econ 301 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 441 Analytical Public Finance Credits: 3 - 4
Analyzes the problems of the public sector in dealing with domestic issues of education, urban areas, welfare, natural resources, and the environment; provides students with opportunity to apply the tools of economic analysis that are pertinent to domestic public sector problems. Prereq> Econ 301 or consent of instructor; may not be taken for credit by sttis who have already taken Econ 340
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 442 Macroeconomic Policy Credits: 3 - 4
This course will address current issues in modern macroeconomic policymaking. Topics include: fiscal and monetary policy, financial and sovereign debt crisis, and financial regulation. Prereq> Econ 301 (or 311), Econ 302 (or 312) and Econ 310 or consent of the instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 448 Human Resources and Economic Growth Credits: 3 - 4
Theoretical and empirical analysis of public and private investment in people, emphasizing the contribution to productivity of education, training, health, and mobility. Prereq> Econ 301 (or 311) or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 449 Government and Natural Resources Credits: 3 - 4
Problems of public policy and administration for development and use of natural resources. Prereq> Jr st
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

ECON 450 Wages and the Labor Market Credits: 3 - 4
Economic and institutional forces which determine labor supply and demand; wage theories, wages in the economy, the labor force, unemployment, wages, labor mobility, functioning of labor markets. Prereq> Econ 301
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 451 The Economic Approach to Human Behavior Credits: 3
The economic analysis of "non-economic" topics such as the family, crime, politics and religion. Prereq> Econ 301
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 455 Behavioral Economics Credits: 3 - 4
Empirical evidence documenting departures in human decision making from rational norms, and alternative theoretical approaches to explaining this behavior grounded based upon psychological enrichments of standard rational actor model. Topics include paradox of choice, loss aversion, time inconsistent preferences, and social preferences. Prereq> Econ 301 (or 311) and Econ 310 or consent of the instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
ECON 458 Industrial Structure and Competitive Strategy Credits: 3
Analysis of competition among firms and its effect on industrial structure. Theoretical models and case studies are used. Topics include: entry barriers, price competition dynamics, entry and exit strategies, and competitive tactics such as product differentiation, advertising, and technological change. Prereq> Econ 301
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 460 Economic Forecasting Credits: 3 - 4
Introduction to econometric time series analysis, forecasting methods, and forecast evaluation. The course will cover theoretical, methodological and applied topics, and much of the work will be hands-on data analysis.
Prereq> Econ 410 or concurrent enrollment, or consent of the instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 462 Latin American Economic Development Credits: 3
A historico-institutional analysis of development problems in the principal Latin American countries, with attention to differentiation of national growth patterns and alternative development strategies. Prereq> Econ 102 or 111 and Jr st
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ECON 463 Comparative Analysis in Latin American Development Credits: 3 - 4
Intensive study of one or more aspects of development in Latin America, with an emphasis on comparative research and analysis. Prereq> Econ 102 or 111 & Jr st, Econ 462 or 474 recommended
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ECON 464 International Trade and Finance Credits: 3 - 4
Contemporary theory of international trade and finance developed and applied to current problems in international economic relations. Prereq> Econ 301 (or 311) and 302 (or 312), or consent of instructor. Not open to students who have taken 364
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 465 The American Economy to 1865 Credits: 3 - 4
Survey of the forces underlying American economic development and the distribution of income; rise of regional economies; origins of manufacturing; effects of slavery; influence of government and politics on growth. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 466 The American Economy Since 1865 Credits: 3 - 4
Emergence of the large corporation; growth and instability since the mid-nineteenth century; increasing government participation in the economy; the impact of war, depression, discrimination, and international responsibilities. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 467 International Industrial Organizations Credits: 3 - 4
Study of competition among firms in an international environment (theoretical analysis and policy applications). Topics include: strategic trade, trade agreements and intellectual property rights issues, R&D and technology transfers, multinational firms. Prereq> Econ 301 or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 468 Industrial Organization and Imperfect Competition Credits: 3 - 4
An overview of the theory of industrial organization, including the study of oligopolistic behavior, monopolistic competition, product differentiation and the dynamic behavior of competitive industries under uncertainty. Prereq> Econ 301 or 311 and Math 221 or cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 472 Economic Problems of East Asia Credits: 3
Problems and experience of economic development in selected countries of East and Southeast Asia. Prereq> One intro econ course or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
ECON 473 Economic Growth and Development in Southeast Asia Credits: 3
Evaluates economic development strategies in Southeast Asia and their implications for growth, distribution and environment. Students learn trade and development theory as well as specific knowledge of Southeast Asian economic development. Prereq> Two crses in AAE and/or Econ, or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ECON 474 Economic Problems of Developing Areas Credits: 3
Analyzes aggregate growth, income distribution and poverty in lower income economies. Uses microeconomics of imperfect labor, capital and insurance markets to explore why some individuals advance economically as their economies grow and others fall behind. Considers implications of aggregate and micro analysis for national and international economic policy. Prereq> Sr st and two crses in econ
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ECON 475 Economics of Growth Credits: 3 - 4
Theoretical analysis of issues in growth and development. Models will be motivated by country experiences. Topics include: factors affecting saving, investment and cross-country differentials on per capita income; the role of government institutions, market regulation, technology and trade. Prereq> Econ 301 or 311, Econ 302 or 312 and Math 221 with a grade of B or higher, or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 477 Agricultural and Economic Development in Africa Credits: 3
Composition, organization, and techniques of agricultural production; economic change and development of agriculture, economic policies, special problems of developing African agriculture. Prereq> Two crses in AAE and/or Econ, or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Fall

ECON 478 Urban Transport Economics Credits: 3
Economic issues involved in providing transport services in urban communities; study of demand; alternative means of supply; public and private financing problems; pricing and resource allocation; role of local, state and federal governments. Prereq> Econ 101
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ECON 501 Introduction to Dynamic Economics Credits: 3
Interpretation of economies in terms of dynamic processes governed by their structures and institutions, in contrast to the method of static economic theory. Draws on institutional, evolutionary, and social economics. Prereq> Econ 311 or 301 & Math 223 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 502 Economics of Transportation Credits: 3
Influence of transport costs on economic development, industrial location and market penetration; economic characteristics of carriers; pricing policies and practices in transport; interrelationship of public policy issues and decisions by suppliers and users of transportation. Prereq> Econ 101
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 503 Markets with Frictions Credits: 3 - 4
Search theory provides framework for understanding markets; is used to study questions in monetary, public, financial economics. This course will develop theoretical tools used to introduce frictions in formal models; will address the role of frictions in several applied scenarios. Prereq> Grade of B or higher in Econ 301 (or Econ 311), Econ 302 (or Econ 312) and Math 221
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 508 Wealth and Income Credits: 3
Origins of inequality in income and wealth -- bequests, human capital, property division, productivity, and demographic change. Primary focus on the United States, with some international comparisons. Measurement of redistribution effected by social insurance, inflation, and tax-transfer systems. Empirical, oriented towards policy analysis and measurement. Prereq> A course in statistics & Econ 301 or 311 or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
ECON 521 Game Theory and Economic Analysis Credits: 3 - 4
The study of multi-agent, interactive decision problems, with emphasis on questions of coordination, cooperation and conflict. Applications include relations between countries, competition between firms, bargaining between unions and firms, and contests between political candidates. Prereq> Econ 301, Math 222
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 522 Law and Economics Credits: 3 - 4
Economic analysis of legal rules and institutions with emphases on how different areas of law influence individual incentives. Specific topics include: (1) property, (2) contracts, (3) torts, (4) legal procedure and (5) criminal law. Prereq> Econ 301 or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 524 Philosophy and Economics Credits: 3
Economics examined from the viewpoint of the philosophy of science. Normative and positive aspects of economic theory. Deterministic and statistical explanation. Arrow impossibility theorem. Radical economics. Team taught by a philosopher and an economist. Prereq> Jr st and at least 3 cr in econ or 3 cr in philos
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 525 Economics of Education: Theory and Measurement Credits: 3
Application of theoretical and empirical methods of economics to education policy. Emphasis in econometrics analysis and critical evaluation of empirical research. Writing intensive course. Prereq> Econ 301 or 311; Econ 410 or con reg; or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 526 Quantitative Methods in Agricultural and Applied Economics Credits: 4
Use of quantitative methods (mathematics, statistics, and optimization) to analyze problems faced by decision makers in natural resources and agriculture. Extensive homework requiring use of quantitative methods via spreadsheet tools to solve problems from an applied decision context. Prereq> Math 211, Econ 301, Stat 301, or equiv
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ECON 531 Natural Resource Economics Credits: 3
Economic concepts and tools relating to management and use of natural resources, including pricing principles, cost-benefit analysis, equity, externalities, economic rent, renewable and nonrenewable resources, and resource policy issues. Prereq> Econ 301 and Math 211, or equiv
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Spring

ECON 548 The Economics of Health Care Credits: 3 - 4
Analysis of the health care industry. Markets for hospitals and physicians' care, markets for health manpower, and the role of health insurance. Prereq> Econ 301, or Pub Affr 880 or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Spring

ECON 567 Public Finance in Less Developed Countries Credits: 3
Potential and limitations of fiscal policy as a development instrument in low-income countries; tax harmonization in economic integration; case studies in tax reform; budgeting and planning. Prereq> Intro crse in econ thry, public finance or econ dev
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 580 Honors Tutorial in Research Project Design Credits: 3
Students will be required to critique research by others, to draft a research proposal and to complete a project that requires original research. Prereq> Econ 301 or 311, Econ 302 or 312 and Econ 410
General Education: COM B  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ECON 581 Honors Thesis Credits: 3
Students will work on their honor thesis. Prereq> Econ 580
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
ECON 590 Tutorial in Research Project Design Credits: 3
Students will be required to draft a research proposal that is analogous to a NSF proposal or a Ph.D. prospectus and critique research proposals and existing undergraduate theses. They will also complete a project that requires original research incorporating one of the following: use of statistical software; simulation experiment using existing software; design and pretest a human subjects experiment; draft an interview instrument; or a comparable project. Prereq> Econ 301 or 311; Econ 302 or 312; Econ 410 or con reg; or cons inst
General Education:  COM B  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ECON 606 Mathematical Economics II Credits: 3 - 4
Advanced mathematical topics and techniques used in economic analysis. Deterministic and Stochastic Control Theory emphasized. Prereq> Econ 605 or equiv
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 623 Population Economics Credits: 3 - 4
Examination of economic determinants of population change and demographic behavior including household formation, marriage, child bearing and rearing, mortality (especially infant) and key forms of human capital investments including schooling and migration. Prereq> Econ 301 (or 311) and Econ 310 (or equiv); or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ECON 641 Housing Economics and Policy Credits: 3
The economic principles underlying the dynamics of the housing market; filtering, neighborhood decline and abandonment gentrification, tenure choice, mortgage choice, prepayment, mobility, mortgage default, submarket identification, racial discrimination and segregation. Examination of governmental programs affecting the housing market and their objectives and impacts; public and subsidized housing, zoning and land use regulation, rent and price controls, property and income tax policy. Prereq> Real Est 420 or con reg or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 663 Population and Society Credits: 3
Social and economic determinants and consequences of contemporary and historical population trends in both developed and developing societies. Fertility, mortality, migration, population distribution, age structure, population growth. Prereq> Any one of the following: Soc 170, Soc 357, Soc 380, Econ 101, Econ 111, AAE 215; or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 664 Advanced International Trade Credits: 3
Policies relating to trade, tariffs, balance of payments, and aid programs, with special emphasis on recent developments and the role played by the United States. Prereq> Econ 464, or Econ 301 (or 311) and 364, or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 665 International Trade Policy Credits: 3
International trade policies of the United States and other countries are studied in historical, institutional, and analytical terms. Analysis of international agencies established to promote trade expansion, provide rules of good behavior, and settle trading disputes among countries. Prereq> Econ 464, or Econ 301 (or 311) and 364, or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ECON 666 Issues in International Finance Credits: 3 - 4
Modern institutions, history, and controversies of international financial relations. Foreign exchange market, the Euro-currency banking system, and central bank intervention in both. Prereq> Econ 301 or 311, Econ 302 or 312, Econ 310 or equiv and Math 221; or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ECON 671 Energy Economics Credits: 3
The method, application, and limitations of traditional economic approaches to the study of energy problems. Topics include microeconomic foundations of energy demand and supply; optimal pricing and allocation of energy resources; energy market structure, conduct, and performance; macro linkages of energy and the economy; and the economics of regulatory and other public policy approaches to the social control of energy. Prereq> Sr or Grad st and intermed econ or appropriate substitute per cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

</table>
ECON 706 Econometrics III Credits: 3
This course focuses on using econometric methods to address empirical questions, conduct empirical research, and write empirical papers in economics. Prereq> Econ 705 or consent of instructor
Typically Offered: Fall

ECON 707 Institutional Economics Credits: 3
Comparative analysis of neoclassical and institutional economics, with emphasis on economic epistemology, agency theory, transaction costs, firms and markets, property rights, externalities, welfare economics, efficiency, and rules of social choice. Prereq> AAE 635 or equiv
Typically Offered: Not Applicable

ECON 708 Microeconomics II Credits: 3
Second course in a two-semester sequence covering: consumer theory, producer theory, and markets under partial and general equilibrium, and with externalities or market power. The sequence will include an introduction to decision theory and game theory, and applications to auction theory and partially informed trade. Prereq> Econ 701 or consent of instructor
Typically Offered: Spring

ECON 709 Economic Statistics and Econometrics I Credits: 3 - 4
Probability distributions, statistical inference; multiple linear regression; introduction to econometric methods. Prereq> 2 semesters of adv calc, 1 semester of linear algebra, & Grad st, or cons inst
L&S Level: Advanced  Typically Offered: Fall

ECON 710 Economic Statistics and Econometrics II Credits: 3 - 4
Extensions of the linear regression model; introduction to multiple equation models. Prereq> Econ 709
L&S Level: Advanced  Typically Offered: Spring

ECON 711 Economic Theory-Microeconomics Sequence Credits: 3
First course in a two-semester sequence: theories of firms, consumers, and markets; or partial and general equilibria in market and centralized economies; topics in welfare economics. Prereq> 2 semesters of adv calc, 1 semester of lineal algebra, & Grad st, or cons inst
Typically Offered: Fall

ECON 712 Economic Theory-Macroeconomics Sequence Credits: 3
First course in a two semester sequence: commodity, money and labor markets, their components and general equilibrium; intertemporal optimization and growth theory. Prereq> 2 semesters of adv calc, 1 semester of lineal algebra, & Grad st, or cons inst
Typically Offered: Fall

ECON 713 Economic Theory: Microeconomics Sequence Credits: 3
Continuation of 711. Prereq> Econ 711
Typically Offered: Spring

ECON 714 Economic Theory: Macroeconomics Sequence Credits: 3
Continuation of 712. Prereq> Econ 712
Typically Offered: Spring

ECON 715 Econometric Methods Credits: 3
Statistical models and methods relevant to estimation and testing of economic relationships. Prereq> Econ 709, 710
Typically Offered: Fall

ECON 716 Econometric Methods Credits: 3
Continuation of 715 Prereq> Econ 715
Typically Offered: Occasionally

ECON 717 Applied Econometrics Credits: 3
Mathematical formulation and empirical implementation of economic theory. Prereq> Econ 715-716
Typically Offered: Occasionally

ECON 718 Topics in Applied Econometrics Credits: 3
Continuation of 717 Prereq> Grad st
Typically Offered: Spring
ECON 719 Economic Statistics and Econometrics III Credits: 3 - 4
Applications of econometric techniques to the analysis of production, consumer demand, and the national economy. Prereq> Econ 709 & 710
L&S Level: Advanced  Typically Offered: Occasionally

ECON 734 Regional Economic Problem Analysis Credits: 3
Examination of major theories of regional economic development, with special emphasis upon the evolution and amelioration of regional economic problems. Selected techniques of regional analysis, including economic base multipliers, input/output models, and shift-share analysis are used in the context of setting regional development goals. Prereq> Grad st
Typically Offered: Occasionally

ECON 735 Monetary and Financial Theory Credits: 3
Advanced appraisal of theory and institutions of the financial system, monetary theory, the credit system and financial intermediaries. Prereq> Econ 714 or cons inst
Typically Offered: Fall

ECON 736 Macroeconomic Policy Credits: 3
Theoretical, empirical, and institutional aspects of the use of monetary, fiscal, and income policies to affect inflation, unemployment, and other policy goals. Prereq> Econ 735 or cons inst
Typically Offered: Occasionally

ECON 741 Theory of Public Finance and Fiscal Policy Credits: 3
Theoretical development of the functions of government in a mixed economy; welfare criteria for efficient government expenditures and taxation; nature of public goods and of redistribution activities of governments. Program budgeting and theoretical issues in cost-benefit analysis. Prereq> Grad st
Typically Offered: Fall

ECON 742 Theory of Public Finance and Fiscal Policy Credits: 3
Incidence of tax burdens and expenditure benefits on relative incomes; effect of taxation on microeconomic decisions relating to work effort, investment, and consumption; analysis of the stabilization, growth, and debt management policies in the context of the economy as a whole; problems in international taxation. Prereq> Grad st
Typically Offered: Spring

ECON 747 Frontiers in Agricultural Economics 2 Credits: 3
Organization, design, and performance of food and agricultural markets. Industrial organization; firm boundaries, contracting, and collective action; spatial, temporal, and quality dimensions of market design. Prereq> Economics 709 and 711, or equivalent
Typically Offered: Spring

ECON 750 Labor Economics Credits: 3
Theoretical and empirical analysis of labor markets, labor mobility, the determination of earnings and employment, and labor supply of the household unit; emphasizes recent research on current issues in public policy. Prereq> Grad st
Typically Offered: Fall

ECON 751 Survey of Institutional Aspects of Labor Economics Credits: 3
Taught on a modular basis: Labor Theories and Labor History; Union Political Activities; Collective Bargaining and Public Policy. For use in analysis of problems in areas of labor markets, wages and human resources. Prereq> Grad st
Typically Offered: Spring

ECON 761 Industrial Organization Theory Credits: 3
A review of theories of the firm, oligopoly, and imperfect competition. Includes applications of economic theory and game theory to agency theory, product diversity, technological change, and strategic behavior by firms--among other problems. Prereq> Grad st
Typically Offered: Fall
ECON 762 Empirical Analysis of Industrial Organization and Public Policy Credits: 3
A study of measurement in industrial organization and a survey of empirical tests of hypotheses in the field. The theory and practice of antitrust is also covered. Each student will produce an original piece of research. Prereq> Econ 761 or cons inst
Typically Offered: Spring

ECON 775 Introduction to Bayesian Decision and Control I Credits: 3
Common sampling models in business and economic problems, information from data, likelihood function of parameters, choices of models, Bayes' Theorem, subjective basis for probability, sequential nature of Bayesian inference, prior and posterior distributions of parameters in binomial, poisson, exponential and normal populations, comparison of two normal distributions, predictive distributions, decision theory, utility, risk aversion, extensive form of analysis, two-action problems, point estimation, best population problems, economics of sampling. Prereq> Stat 309, 313, or 311 or equiv
Typically Offered: Occasionally

ECON 805 Advanced Microeconomic Theory I Credits: 3
Economic behavior under uncertainty; measure of risk, information structure, stock market and asset pricing, insurance theory, asymmetric information and incentive mechanisms. Prereq> Econ 713 or cons inst
Typically Offered: Occasionally

ECON 806 Advanced Microeconomic Theory II Credits: 3
General equilibrium analysis existence and computation of fixed points and competitive equilibrium, regular economics, core, non-competitive approach to perfect competition and monopolistic competition. Prereq> Econ 713 or cons inst
Typically Offered: Spring

ECON 809 Topics in Microeconomic Theory Credits: 1 - 3
Topics in microeconomic theory. Subject changes each semester; may be repeated. Prereq> Econ 711, 713
Typically Offered: Occasionally

ECON 810 Advanced Macroeconomic Theory Credits: 3
Prereq> Econ 712-714
Typically Offered: Occasionally

ECON 836 Applied Macroeconometric Analysis Credits: 3
Analysis of theoretical and implementational problems of conducting multi-instrument stabilization policy. Topics: political-economic interface, policy-oriented macro models, the structures of large American econometric models, and selected problems experienced in coordinating policy instruments in recent years. Prereq> Econ 712 and 714 or cons inst
Typically Offered: Occasionally

ECON 838 Financial Markets and International Macroeconomics Credits: 2
Examination of how financial factors affect aggregate economic activity. Particular attention is directed to the implications of the increased integration of world financial markets. Prereq> Econ 711-714 and Econ 612 or 715 or cons inst
Typically Offered: Occasionally

ECON 845 Advanced Topics in Public Finance Credits: 1 - 4
Advanced public finance problems and literature, research; subject changes each semester; may be repeated. Modules. Prereq> Econ 713 and 714
Typically Offered: Occasionally

ECON 846 Advanced Topics in Public Finance Credits: 1 - 4
Prereq> Econ 713 and 714
Typically Offered: Occasionally

ECON 848 Health Economics Credits: 1 - 3
Health economics issues including demand, supply and pricing, market structure, medical malpractice, technological change, value of life, role of insurance, and other aspects of uncertainty. Prereq> Grad st
Typically Offered: Occasionally
ECON 871 Advanced International Economics  Credits: 3
General equilibrium algebraic and geometric modeling of open economies with balanced trade, and the welfare economics of international exchange and barriers thereto. Prereq> Grad st
Typically Offered: Occasionally

ECON 872 Advanced International Economics  Credits: 3
Algebraic and geometric modelling of open macroeconomics with unbalanced trade and payments, focussing analytically on the foreign exchange market and the determinants of the exchange rate. Prereq> Grad st
Typically Offered: Occasionally

ECON 873 Seminar-International Economics  Credits: 2 - 3
Individual research and group discussion of selected topics in the theory of international trade. Prereq> Econ 872 & Grad st
Typically Offered: Occasionally

ECON 877 Economic Development-Theory Statistics and Policy  Credits: 2 - 3
Theories and issues of economic growth, with special reference to underdeveloped areas; comparative growth experience, statistical measurement; case studies of the objectives and patterns of planning. Prereq> Cons inst or 1 yr of econ dev
Typically Offered: Occasionally

ECON 878 Economic Development-Theory Statistics & Policy  Credits: 2 - 3
Continuation of 877 Prereq> Cons inst or 1 yr of econ dev
Typically Offered: Occasionally

ECON 879 Seminar-Economic Development  Credits: 2 - 3
Individual research and group discussion of selected topics. Prereq> Grad st
Typically Offered: Occasionally

ECON 880 Quantitative Economic Policy  Credits: 1 - 3
Prereq> Econ 709 and con reg in 710
Typically Offered: Fall

ECON 889 Recent Advances in Economics  Credits: 1 - 3
Selections from all fields of economic research. Content changes each semester. May be repeated. Prereq> Econ 711, 712, 713, 714 or cons inst
Typically Offered: Fall, Spring

ECON 901 Workshop in Mathematical Economic Theory  Credits: 1 - 7
Prereq> Grad st
Typically Offered: Fall

ECON 902 Workshop in Economic Theory  Credits: 1 - 7
Critical discussion of topics in the field of economic theory. Prereq> Grad st
Typically Offered: Spring

ECON 903 Workshop on Industrial Organization  Credits: 1 - 7
Current research on the operation of markets in which individuals and firms act with imperfect information, are limited in their responses, may purchase heterogeneous commodities or factor services, and are concerned with conflicting goals. Prereq> Grad st
Typically Offered: Fall

ECON 904 Workshop on Industrial Organization  Credits: 1 - 7
Continuation of 903 Prereq> Grad st
Typically Offered: Spring

ECON 913 Workshop in Econometrics  Credits: 1 - 7
Current research in econometric model building, estimation and inference in econometrics Prereq> Grad st
Typically Offered: Fall

ECON 914 Workshop in Econometrics  Credits: 1 - 7
Continuation of 913 Prereq> Grad st
Typically Offered: Spring
ECON 925 Seminar: Socio-Economic Change in Underdeveloped Areas Credits: 2 - 3
Social and economic factors relating to stability, growth, and change in the non-Western areas of the contemporary world. Prereq: Grad st & cons inst
Typically Offered: Occasionally

ECON 955 Workshop in Labor Economics Credits: 1 - 7
Analysis of current research in wage determination and the functioning of labor markets. Prereq: Grad st
Typically Offered: Fall

ECON 956 Workshop in Labor Economics Credits: 1 - 7
Continuation of 955. Prereq: Grad st
Typically Offered: Spring

ECON 961 Selected Problems in Trade Regulation-Seminar Credits: 2 - 3
Topics reflect interests of instructor and students. Prereq: Econ 761
Typically Offered: Occasionally

ECON 965 Workshop on Quantitative Macroeconomic Analysis Credits: 1 - 7
Current research on macroeconomic models, monetary theory and policy, the theory of portfolio selection, and the allocative and distributive performance of capital markets. Prereq: Grad st
Typically Offered: Fall

ECON 966 Workshop on Quantitative Macroeconomic Analysis Credits: 1 - 7
Continuation of 965 Prereq: Grad st
Typically Offered: Spring

ECON 968 Workshop on Public Economics Credits: 1 - 7
Individual research and group discussion of public expenditure programs with attention to investment in human capital, education, training, health information, and welfare programs. Reports on research in progress by students, staff, visiting scholars. Prereq: Cons inst or Econ 448
Typically Offered: Fall

ECON 969 Workshop on Public Economics Credits: 1 - 7
Continuation of 968 Prereq: Cons inst or Econ 448
Typically Offered: Spring

ECON 977 Workshop in International Economics Credits: 1 - 7
Current research in international trade; a wide range of topics in theory, quantitative analysis, statistics, and policy. For graduate students in their second or later years when working on theses. Prereq: Grad st
Typically Offered: Fall

ECON 978 Workshop in International Economics Credits: 1 - 7
Continuation of 977 Prereq: Grad st
Typically Offered: Spring

ECON 983 Interdepartmental Seminar-African Studies Credits: 3
Interdisciplinary inquiry in African society and culture. Prereq: Grad st or cons inst
Typically Offered: Occasionally

ECON 990 Thesis Credits: 2 - 9
Prereq: Grad st and cons inst
Typically Offered: Fall, Spring, Summer

ECON 999 Independent Work Credits: 2 - 9
Prereq: Grad st and cons inst
Typically Offered: Fall, Spring, Summer
ENGL 100 Introduction to College Composition Credits: 3
Focuses on development of rhetorical reading, listening, and writing abilities; provides practice in written and
spoken communication (emphasis on writing); develops information literacy; provides a foundation for a variety of
college course work and post-college careers. Prereq: Open to Freshmen only. Students may receive degree
credit for only one Com A course taken in residence
General Education: COM A  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 120 Introduction to Theatre and Dramatic Literature Credits: 3 - 4
Reading important plays, attending stage productions, writing and thinking critically about theatre and drama.
Emphasis on developing analytic skills in dramatic literature and theatre production. 4-credit option requires
additional writing. Prereq: Open to Fr. 4 cr sections meet Com B requirement
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 140 Comm B Topics in English Literature Credits: 4
A course on literature written in English that satisfies the Comm B requirement. Topic will vary by semester.
Prereq: None
General Education: COM B  L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 141 Science Fiction and Fantasy Credits: 3
An introduction to the literature of science fiction and fantasy; specific topics will vary. Prereq: None
L&S Breadth: Literature  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 142 Mystery and Crime Fiction Credits: 3
An exploration of mystery and crime fiction written in English. Prereq: None
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 143 The Graphic Novel Credits: 3
An introduction to graphic story-telling in English, including attention to its history and developing form in the
present day. Prereq: None
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 144 Women's Writing Credits: 3
An introduction to literature in English written by women in various periods and places; specific topics will vary.
Prereq: None
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 145 American Dreamers Credits: 3
A study of novels, plays, poems, and films that focus on individuals who strive to achieve success and security in
America. Prereq: None
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 151 Literature and Religion Credits: 3
Introduction to literary engagements in English with different religious and spiritual traditions in England, America,
and elsewhere; specific topics will vary by instructor. Prereq: Open to Freshmen
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 155 Myth and Literature Credits: 3
Introduction to concepts of myth and mythology, myth-making and the modern study of myth in relation to myths
and legends common in English and American literature. Prereq: Open to Freshmen
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 162 Shakespeare Credits: 3
Introduction to several of Shakespeare’s most popular plays and their relation to other works of English and
American literature. Prereq: Open to Freshmen
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 167 British and American Writers Credits: 3
An introduction to British and American literature through particular writers and themes. Prereq: Open to Freshmen
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
ENGL 168 Modern Literature Credits: 3
A thematic introduction to literary works in a variety of genres written in English from the turn of the twentieth century to the present day. Emphasis may vary between writers from the U.S., Britain, Ireland, and other Anglophone nations. Prereq> Open to Freshmen
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 169 Modern American Literature Credits: 3 - 4
An introduction to selected fiction, prose, drama and poetry written by Americans from the early twentieth century to the present day. Prereq> Open to Freshmen
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 171 Literature, Gender, and Sexuality Credits: 3 - 4
A selected topic relating to gender and sexuality in literature. Prereq> Open to Freshmen
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 172 Literatures of Native America Credits: 3
Introduction to the oral and written literatures of the peoples of native North America. An engagement with texts across historical periods, tribal groups, and regions to examine forms such as oratory, sermon, testimony, autobiography, and contemporary poetry and novels. Prereq> Open to Freshmen
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 173 Ethnic and Multicultural Literature Credits: 3
Introduction to literature that reflects the writing and experience of minority and ethnic groups. Texts will focus on a theme or problem. Prereq> Open to Freshmen
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 174 Literature and Social Justice Credits: 3
An introduction to the multiple ways writers have used literary texts to engage with pressing questions about class, race, gender, equality, immigration, and other issues of social justice. Specific topics will vary. Prereq> None
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 175 Literature and the Other Disciplines Credits: 3 - 4
The depiction and valuation of other academic disciplines and intellectual work in selected works of British and American literature and the intellectual influences of other disciplines on selected works and movements of British and American literature. Prereq> Open to Freshmen
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 176 Topics in Literature and Film Credits: 3
An introduction to the interplay of literature and film in English, with a focus on the analysis of novels, stories, poems and other writings and their representation and transformation in and through film; specific topics will vary. Prereq> None
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 177 Literature and Popular Culture Credits: 3
A selected topic studying the intersection of literature and popular culture in various forms and media. Prereq> Open to Freshmen
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 178 Digital Media, Literature, and Culture Credits: 3
An introduction to the intersection of ever-evolving digital technologies with the production and reception of literature. Lectures will examine the role of digital media in structuring the knowledge and experience of literary works; discussions will provide opportunity for critical and potentially creative practice. Prereq> None
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 181 First-Year Honors Seminar Credits: 3
Seminar limited to fifteen honors freshmen. Topic and materials will vary. Prereq> Open only to 1st semester Freshmen in L&S Honors. Students may not receive credit for both 181 & 182
General Education:  COM B  L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
ENGL 182 Introduction to Literature for Honors  Credits: 3
Introductory honors course in discussion format. Topic and materials will vary. Prereq> Open to Freshmen. Admission to L&S Honors or above 654 on EPT or AP in English score of 4 or above. Others admitted only with consent of dept honors coordinator. May not receive cr for both 182 & 181
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 200 Writing Studio  Credits: 1
The focus is on students’ own writing in this workshop-oriented course for writers in any discipline. Theoretical and practical foundations for drafting, revising, and reviewing a range of academic genres and approaches. Prereq> Concurrent enrollment in another course where academic writing is assigned
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ENGL 201 Intermediate Composition  Credits: 3
Provides practice in persuasive writing in various modes, styles, and genres; develops an understanding of the different contexts of writing, both scholarly and public; provides opportunities for exploring the relation between writing and speaking; and provides critical tools for the rhetorical analysis of expository prose. Prereq> Communications A satisfied. Not open to Freshmen or auditors
General Education:  COM B  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 204 Studies in Writing, Rhetoric, and Literacy  Credits: 3
What do texts do? How? For whom? How and why do writers and readers compose texts that have an impact? This course approaches these enduring questions of English studies from the perspective of Composition & Rhetoric, one of English's subfields. Emphasizing critical reading and writing and built around a central theme that varies by semester, the course prepares students to analyze historical and/or contemporary examples of how texts create communities, influence beliefs, and shape knowledge. Prereq> Com A and 3 credits in English (beyond English 100)
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Not Applicable

ENGL 207 Introduction to Creative Writing: Fiction and Poetry Workshop  Credits: 3
Prereq> 3 credits of literature; open to Sophomores only
General Education:  COM B  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 214 The English Language  Credits: 3
This course provides an overview of the structure, use, and development of the English language and its varieties. Students who have completed English 342 prior to fall 2014 may not enroll in this course. Prereq> Sophomore standing
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 218 Introduction to Shakespeare  Credits: 3
Ten to twelve representative plays. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 219 Shakespearean Drama  Credits: 3
A survey covering most of the plays through 1600. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

ENGL 220 Shakespearean Drama  Credits: 3
A survey covering most of the plays after 1600. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

ENGL 223 Vladimir Nabokov: Russian and American Writings  Credits: 3
The major novels of Vladimir Nabokov studied in the context of Russian and American literatures. Nabokov as a quintessential artist in exile, whose work explores loss of language, country and home. Prereq> Sophomore standing or consent of instructor
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Spring

ENGL 224 Introduction to Poetry  Credits: 3
A survey of elements and styles of poetic form. Readings will be selected from British and American literature written in English. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
ENGL 236 Bascom Course  Credits: 3
A low-enrollment course developing skills in critical reading, logical thinking, use of evidence, and use of library
resources. Emphasis on writing in the conventions of specific fields. Prereq> Successful completion of or
exemption from Com A requirement. Open to Freshmen
General Education:  COM B  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 241 Literature and Culture I: to the 18th Century  Credits: 3
What is a person, a home, a nation, a world? What we now call "English literature" begins with these questions,
imAGIning a cosmos filled with gods and heroes, liars and thieves, angels and demons, dragons and dungeons,
whores and witches, drunken stupor and religious ecstasy. Authors crafted answers to these questions using
TEchnologies of writing from parchment to the printing press, and genres old and new, from epic and romance to
drama and the sonnet. This course develops skills of critical reading and writing that are essential to majors and
non-majors alike. Prereq> 6 credits of introductory literature
L&S Breadth:  Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 242 Literature and Culture II: from the 18th Century to the Present  Credits: 3
This course considers a period of unparalleled tumult: a time of vast world empires and startling new
TEchnologies, revolutions that radically redefined self and community, two cataclysmic world wars, the emergence
of ideas of human rights, and the first truly global feelings of interconnectedness. How has literature captured and
contributed to these dramatic upheavals? Some writers worldwide have struggled to invent new forms, new
words, and new genres to do justice to a world in crisis, while others have reached back in time, seeking
continuity with the past. We will explore enduring traditions of poetry and drama and think about experiments in
the new, globally popular genre of the novel.
L&S Breadth:  Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 243 American Literary Cultures  Credits: 3
Is America a new world, a city on a hill, an imperial power? Are American literatures revolutionary, nationalist,
countercultural? This course explores how writers have wrestled with such questions for several hundred years.
We will encounter literary figures from white whales to red wheelbarrows, focusing on the diverse geographies,
cultural practices, and political mythologies that compose the Americas, and interrogating what is meant by
American literature and what it means to be American. We will consider the ways that genres from Native stories
to slave narratives to postmodern novels have contributed to social, intellectual, and political currents of American
cultures. This course dev
L&S Breadth:  Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 245 Seminar in the Major  Credits: 3
This small seminar, taught by a faculty member, will offer students close instruction in the principles and practices
of informed, engaged, critical reading and writing. While the texts and topics vary, each seminar will reinforce
fundamental skills taught across the English major, strengthening students' capacities to write and speak
powerfully and to build convincing, original, well-organized arguments that persuade audiences of their
significance. Students will meet with the professor in individual writing conferences and will write at least 30
pages, including drafts and informal assignments spread throughout the semester. Prereq> 6 credits of
introductory literature
L&S Breadth:  Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 246 Literature by American Indian Women  Credits: 3
Presents a broad range of literatures from diverse Native traditions and eras, to provide students with a basic
knowledge of major issues affecting and best-known texts by American Indian women authors. Prereq> Open to
Freshmen
Ethnic Studies: Yes  L&S Breadth:  Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 248 Women in Ethnic American Literature  Credits: 3
An introduction to American literature by and about women, written by authors from ethnic groups. Prereq> 6
credits of introductory literature
Ethnic Studies: Yes  L&S Breadth:  Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 249 Women in Literature 1200-1900: The Growth of the English Tradition  Credits: 3
The growth of a tradition of literature by women in Great Britain and America from the beginnings through the
nineteenth century, with attention to some aspects of feminist literary theory. Prereq> 6 credits of introductory
literature
L&S Breadth:  Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
ENGL 250 Women in Literature Credits: 3
Works by British and American writers, with emphasis on women writers of the twentieth century; close reading of texts and discussion of trends, themes, and special characteristics of the role of women in literature. Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 252 Gender and Sexuality in Asian American Literature and Culture Credits: 3
Study of Asian American literature with emphasis on gender and sexuality. This course may also contain a limited amount of discussion of other media. Prereq> 6 credits of introductory literature. Open to Freshmen
Ethnic Studies: Yes L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

ENGL 270 A Survey of Asian American Literature Credits: 3
Survey of Asian American literature from 1880 to present. Prereq> 6 credits of introductory literature or consent of instructor
Ethnic Studies: Yes L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 271 Writing with New Media Credits: 3
Digital technologies such as blogs, wikis, videogames, and social media sites present new sites for understanding how we consume and produce information. This course approaches these technologies by asking students to study how they fit within the long history of advances in writing technology. Students both analyze and create digital objects and arguments. The course prepares students to meaningfully engage with digital technologies by demonstrating how long-standing theories of reading and writing can be augmented to address emerging technological environments. Prereq> Sophomore standing or consent of instructor
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

ENGL 274 Indigenous Literature of the Great Lakes Credits: 3
A study of the literature and cultural expression of peoples indigenous to the Great Lakes of North America. Close critical examination of formal aesthetics, literary history, and contemporary issues in oral tradition, autobiography, drama, poetry, novel, and film. Prereq> Open to Freshmen
Ethnic Studies: Yes L&S Breadth: Literature L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 275 American Indian Oral Literatures Credits: 3
A study of American Indian oral literature including literature from Wisconsin tribes or from other regions such as Southwest or Great Plains. This course emphasizes Native American storytellers. Prereq> 6 credits of introductory literature or consent of instructor. Open to Freshmen
Ethnic Studies: Yes L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 279 Special Topics in Literature Credits: 3
Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Summer

ENGL 304 Composition & Rhetoric In and Beyond the University Credits: 3
Introduces English majors and others to the study of writing and rhetoric. Covers major theories, practices, and research areas in the field of Composition & Rhetoric with attention to their importance both inside and outside the University. Prereq> Com A and 3 credits English (beyond English 100)
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 307 Creative Writing: Fiction and Poetry Workshop Credits: 3
An introductory creative writing course, enabling students to write fiction and poetry, and to read selected contemporary writers as models. Students who do not meet the prerequisite may submit a writing sample to the program director on Monday of the last week of classes. Prereq> Junior standing or completion of one of the following: English 207 taken Fall 2014 or later; or English 203 taken prior to Fall 2014
General Education: COM B L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer
ENGL 314 Structure of English Credits: 3
An introduction to linguistic methods of analysis and description of English syntax and morphology. Students who have taken English 324 prior to fall 2014 may not enroll in this course. Prereq> Sophomore standing
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 315 English Phonology Credits: 3
Basic principles of phonetics and phonology applied to the description of English. Students who have taken English 330 prior to fall 2014 may not enroll in this course. Prereq> Sophomore standing
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 316 English Language Variation in the U.S. Credits: 3
Description and analysis of geographical and social variation in English in the United States. Students who have taken English 331 prior to fall 2014 may not enroll in this course. Prereq> Sophomore standing
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 318 Second Language Acquisition Credits: 3
An introduction to the systematic study of how people learn ESL and other second languages. An interdisciplinary survey emphasizing research in linguistics, psychology, education, and sociology into the phenomenon of second language acquisition. Students who have taken English 333 prior to fall 2014 may not enroll in this course.
Prereq> Sophomore standing
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 323 The Anglo-Saxons Credits: 3
Life and literature during the Old English period (c450-c1100). Primary emphasis on the vernacular and Latin writings of the Anglo-Saxons themselves. Extensive historical and archaeological background; attention to the development and character of monasticism, to the production of manuscripts, etc. All reading in translation. Students who have taken English 360 prior to fall 2014 may not enroll in the course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 324 Early Medieval Literature (1066-1350) Credits: 3
Students who have taken English 365 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 328 The Sixteenth Century Credits: 3
Introduction to the literature and culture of Britain in the sixteenth century. Students who have taken English 400 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 329 English Drama before Shakespeare Credits: 3
Medieval and Renaissance drama, including Marlowe and other predecessors of Shakespeare. Students who have taken English 411 prior to fall 2014 may not enroll in this course.
Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 330 Renaissance Drama Credits: 3
Contemporaries of Shakespeare from Ben Jonson to John Ford. Students who have taken English 419 prior to fall 2014 may not enroll in this course.
Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 331 Seventeenth-Century Literature and Culture Credits: 3
An introduction to the literature and culture of Britain in the seventeenth century, including the work of John Donne and Ben Jonson. Students who took English 420 prior to fall 2014 may not enroll in this course.
Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 334 Eighteenth Century Literature and Culture Credits: 3
Introduction to eighteenth-century literature and culture, including such writers as Dryden, Defoe, Swift, and Pope. Students who have taken English 444 prior to fall 2014 may not enroll in this course.
Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
ENGL 335 Stage and Page in the Long Eighteenth Century  Credits: 3
This class is about what happens to English drama after Shakespeare's death. Public theaters closed, considered too racy for the moral health of the population. When they reopened in 1660, sex took center stage in productions of plays both old and new. Women acted on stages in London for the first time, both in roles originally written for cross-dressing boys and in new ones designed for female actors. Female playwrights entered the scene as well, writing for financial profit alongside their male counterparts. This class will read a sampling of plays and theatrical entertainments performed during the Restoration and eighteenth century as well as publications surrounding the world of the theater.
L&S Breadth:  Literature  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 336 Eighteenth-Century Novel  Credits: 3
Students who have taken English 459 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth:  Literature  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 337 British Drama 1750-1900  Credits: 3
Sentimental and laughing comedy, Gothic melodrama, romantic melodrama, realism, high comedy, and the social play, including Goldsmith, Sheridan, Lytton, Boucicault, Robertson, Jones, Pinero, Gilbert, Wilde, and Shaw. Students who have taken English 438 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth:  Literature  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 340 Romantic Literature and Culture  Credits: 3
An overview of the literature of the Romantic age in relation to philosophical, cultural, historical, artistic or scientific backgrounds and contexts. Students who have taken English 464 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 341 Romantic Poetry  Credits: 3
English poetry from Wordsworth to Keats; certain essays, literary and critical, by the writers of the time. Students who have taken English 463 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth:  Literature  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 344 Victorian Literature and Culture  Credits: 3
Introduction to Victorian writers, such as Dickens, the Brontes, the Brownings, and George Eliot, in historical context. Prereq> 6 credits of introductory literature
L&S Breadth:  Literature  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 345 Nineteenth-Century Novel  Credits: 3
Introduction to the nineteenth-century novel. The century begins with Jane Austen, includes some of the great realist novelists, such as George Eliot and Charles Dickens, and ends with experiments in novel-writing by Oscar Wilde and Joseph Conrad. Students who have taken English 460 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth:  Literature  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 346 Victorian Poetry  Credits: 3
An exploration of Victorian poets, such as the Brownings, Tennyson, and Christina Rossetti. Any student who has taken English 473 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth:  Literature  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 349 Late Victorian and Edwardian Literature  Credits: 3
An exploration of literature at an exciting time of transition, the beginnings of British Modernism. This course will consider such writers as Oscar Wilde, Henry James, Joseph Conrad, William Butler Yeats, Bram Stoker, and Amy Levy. Students who have taken English 479 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth:  Literature  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 351 Modernist Novel  Credits: 3
An introduction to the work of Modernist novelists such as Virginia Woolf, James Joyce, and E. M. Forster. Students who have taken English 501 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth:  Literature  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered: Fall, Spring, Summer
ENGL 352 Modernist Poetry Credits: 3
Exploration of British, Irish, and Anglophone poets working in the early twentieth century, such as W. B. Yeats, T. S. Eliot, Gertrude Stein, and Ezra Pound. Students who have taken English 510 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 353 British Literature since 1900 Credits: 3
Survey of twentieth-century British literature including fiction, poetry, and drama. Students who have taken English 507 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 355 Colonial and Early Romantic American Literature Credits: 3
Historical study of the major figures, genres, and ideas of the period (beginnings to 1835). Students who have taken English 608 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 356 Nineteenth-Century American Fiction Credits: 3
A comprehensive survey of the American novel from its beginnings in the late eighteenth century to 1914. Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 357 Major American Poets Credits: 3
Development, range of ideas, and poetic theory of Freneau, Bryant, Whittier, Emerson, Poe, Longfellow, Lowell, Holmes, Dickinson, Lanier, Whitman, Lindsay, and Robinson. Students who have taken English 613 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 358 Literature of the American Renaissance Credits: 3
Historical survey of the major figures, genres, and ideas of the Romantic period (1835 to the Civil War). Students who have taken English 618 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 359 American Literary Realism Credits: 3
The growth of critical realism and the experiments of the 1890's (the Civil War to 1914). Students who have taken English 629 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 361 Modern and Contemporary American Literature Credits: 3
Survey of modern and contemporary American literature including fiction, poetry, drama, and criticism. Students who have taken English 633 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 362 American Fiction since 1900 Credits: 3
Intensive study of a limited number of major American authors or single novels. Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 363 The American Short Story Credits: 3
Major American stories from Washington Irving to the present. Students who have taken English 610 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 368 Chicana/o and Latina/o Literatures Credits: 3
Course explores historical, political, and aesthetic roots and directions of Latina/o and Chicana/o short stories, novels, poetry, music, plays, films, and essays. Intermediate/advanced study for English majors and/or CLS certificate program students. Students who have taken English 357 prior to fall 2014 may not enroll in this course. Prereq> Junior standing & 6 credits literature, or consent of instructor
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer
ENGL 373 Contemporary Poetry Credits: 3
Study of significant recent poetry written in English. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 374 African and African Diaspora Literature and Culture Credits: 3
The course will explore classic literary and cultural texts from three regions: Africa, the Caribbean, and African America. We will consider the origins and evolution of the African diaspora, and the many forms of its expression. We will consider how the African diaspora has shaped US society today, exploring significant themes such as slavery and colonialism, race and cultural identity; intra-racial/cultural and cross-continental alliances and antagonisms; gender and genre; and the paradoxical fate so far-cultural visibility but peripheral political and economic power- of global Afro-cultures. We will think about how African-American writers have been influenced by the experience of the Af
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 375 Literatures of Migration and Diaspora Credits: 3
An exploration of literature by or about people who leave homes and homelands by choice or compulsion. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 378 Modern Irish Drama Credits: 3
Study of representative plays by Irish playwrights from Shaw and Wilde to the present time. Students who have taken English 478 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 379 Postcolonial and World Literature Credits: 3
Introduction to the English language literatures of former colonies, primarily in Africa and South Asia. While scrutinizing the concept of the "postcolonial" and evaluating its many meanings, class will read some of the significant writers of the postcolonial world and attend to the literary traditions that produced them. Prereq> Six credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 381 Sophomore Honors: Research Methods in English Credits: 3
Introduction to the methods and tools of literary and literary/historical research, normally by tracing a theme, genre, or idea across several periods of literature. Course work leads to the writing of a long research paper. Prereq> 6 credits of introductory literature & Honors student or consent of instructor
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 400 Advanced Composition Credits: 3
Focuses on developing complex understandings of rhetorical, ethical, and literary strategies for writing. Practice in writing a range of nonfiction genres with attention to varieties of style, context, critical standards, and conventions. Designed for students with a strong interest in writing. May include multi-modal assignments. Students who have taken English 315 prior to fall 2014 may not enroll in this course. Prereq> Completion of Com A and Com B; English 100, English 201, English 203 (prior to Fall 2014) or English 207 recommended. Junior or Senior standing
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 403 Seminar on Tutoring Writing Across the Curriculum Credits: 3
Explores current theory and research on the writing process and analyzes disciplinary genres and conventions. Teaches strategies for helping writers revise their work. As Undergraduate Writing Fellows, students will help their peers improve their writing in courses across the curriculum. Prereq> Consent of instructor and acceptance into the Writing Fellows Program. Students who completed English 316 prior to fall semester 2014 may not receive credit for English 403
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
ENGL 407 Creative Writing: Nonfiction Workshop Credits: 3
This course explores a variety of non-fictional prose writing forms including (at the instructor's discretion) personal essay, memoir, travel writing, opinion pieces, investigative journalism, public science writing, and natural history writing. Some time is spent on theory and technique; some time is spent reading the work of established writers; some short writing exercises may be assigned. The major focus of the course is on student writing, both in the classroom and in individual conferences. Prereq: English 207 or 307 completed Fall 2014 or later; or, English 203 or 300 completed prior to Fall 2014. All others may apply for admittance by submitting an application and writing sample to L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 408 Creative Writing: Fiction Workshop Credits: 3
Students who do not meet the prerequisite may submit a writing sample to the program director on Monday of the last week of classes. Prereq: Completion of one of the following with a 3.0 or higher: English 207 or 307 taken Fall 2014 or later; English 203, 300-307 taken prior to Fall 2014 L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 409 Creative Writing: Poetry Workshop Credits: 3
Students who do not meet the prerequisite may submit a writing sample to the program director on Monday of the last week of classes. Prereq: Completion of one of the following with a 3.0 or higher: English 207 or 307 taken Fall 2014 or later; English 203, 300-307 taken prior to Fall 2014 L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 410 Creative Writing: Playwriting Workshop Credits: 3
This workshop explores the art and craft of writing for the stage. The course examines strategies that writers can use to tell stories and communicate ideas both theatrically and dramatically. Some time is spent on theory and technique; some time is spent reading the work of established writers; some short writing exercises may be assigned. The major focus of the course is on student writing, both in the classroom and in individual conferences. Prereq: English 207 or English 307 required. All others may apply for admittance by submitting an application and writing sample the last week of classes during the preceding semester. No student may register for or be enrolled in more than one Crea L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 413 English Words: Grammar, Culture, Mind Credits: 3
Words and rules of combination (grammar) are the two basic building blocks of language. In this course, we look at English words from different linguistic perspectives: As objects of grammar, words follow certain rules of combination (you wouldn't say "these dog"), but they also have internal structure. For example, a word like "hopefulness is fine, while "hopenessful" does not exist. From a psycholinguistic perspective we will examine how children learn these formal properties as well as the meaning of words. We will also study how words are stored in the mind and what one can learn from situations in which one cannot access the mental dictionary properly (for example, when one feels a wor L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Fall

ENGL 414 Global Spread of English Credits: 3
Examination of the linguistic, social, and political impact of the spread of English around the world. Analysis of geographical, social, and stylistic variation in English in diverse world contexts. Students who have taken English 332 prior to fall 2014 may not enroll in this course. Prereq: Sophomore standing L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 415 Introduction to TESOL Methods Credits: 3
An introduction to the teaching of English to speakers of other languages. Exploration of the contexts in which English is taught, and methods and materials used to teach it. Students who have taken English 334 prior to fall 2014 may not enroll in this course. Prereq: Sophomore standing & consent of instructor L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 416 English in Society Credits: 3
Social and public uses of English; relationships of English structure, lexicon, and discourse to race, gender, class, education, ethnicity, age, and identity; the role of English in public policy. Students who have taken English 336 prior to fall 2014 may not enroll in this course. Prereq: Sophomore standing L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
ENGL 417 History of the English Language Credits: 3
Linguistic and sociolinguistic change in English from its beginnings to the present. Students who have taken English 323 prior to fall 2014 may not enroll in this course. Prereq> Sophomore standing
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 418 Linguistics and Literary Study Credits: 3
Introduction to linguistic and pragmatic features of English and their application to language properties of literary texts, with special reference to literature in English. Students who have taken English 339 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 419 Gender and Language Credits: 3
Examines taken-for-granted understandings of language and gender. Students produce analytic assignments and research projects, drawing on interdisciplinary theories and methods to address the representation and enactment of gender in talk, writing, and/or literary works. Students who have taken English 341 prior to fall 2014 may not enroll in this course. Prereq> Junior standing
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 420 Topics in English Language and Linguistics Credits: 3
Subject differs each year. Prereq> Sophomore standing
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 422 Outstanding Figure(s) in Literature before 1800 Credits: 3
Subject differs each year. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 423 Topic in Medieval Literature and Culture Credits: 3
Subject differs each year. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 424 Medieval Drama Credits: 3
An introduction to the dramatic traditions of medieval England, from early church rituals performed inside quiet monasteries in the tenth century to the elaborate and often raucous urban guild cycles and morality plays of the fifteenth, and with special attention to the significance of spirituality, work, and play in medieval culture. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 425 Medieval Romance Credits: 3
An introduction to one of the first forms of narrative fiction, covering tales of adventure, magic, courtly love, and King Arthur from the twelfth through the fifteenth century. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 426 Chaucers Courtly Poetry Credits: 3
An introduction to the poetry of the most famous and influential medieval English poet, from his short lyrics on love through his dream visions of talking birds and castles built on ice to the historical romance Troilus and Criseyde. Readings will be in the original Middle English; no prior experience with the language is required. Students who have taken English 368 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 427 Chaucer's Canterbury Tales Credits: 3
An introduction to the most famous and influential medieval English poet through his best-known work and its playful and profound responses to some of the most pressing literary, social, political, and spiritual issues of his time. Readings will be in the original Middle English; no prior experience with the language is required. Students who have taken English 367 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 430 Topic in Early Modern Literature and Culture Credits: 3
Subject differs each year. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
ENGL 431 Early Works of Shakespeare Credits: 3
Four plays through 1600, with the reading of several others. Students who have taken English 417 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

ENGL 432 Later Works of Shakespeare Credits: 3
Four plays after 1600 with the reading of several others. Students who have taken English 432 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

ENGL 433 Spenser Credits: 3
Spenser's major poems. Students who have taken English 405 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 434 Milton Credits: 3
Major poems and selected prose. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 438 Topic in Eighteenth-Century Literature and Culture Credits: 3
Subject differs each year. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 439 Topic in Early American Literature and Culture Credits: 3
Subject differs each year. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 443 Outstanding Figure(s) in Literature since 1800 Credits: 3
Subject differs each year. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 444 Topic in Romantic or Victorian Literature and Culture Credits: 3
Topic varies from year to year. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 446 Romantic Autobiographies Credits: 3
Autobiography and romanticism entered into the world at virtually the same moment. This is not only because the early part of the nineteenth century was a time in which, as one contemporary put it, "booksellers, public lecturers, pickpockets, and poets become autobiographers," but also because romanticism has often been understood as an ideology of the self in which the individual imagination is recognized as the source of the world. This course will explore the meaning of autobiography and its centrality to romanticism through readings in prose, poetry, and criticism. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 453 Topic in British Literature and Culture since 1900 Credits: 3
Subject differs each year. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 454 James Joyce Credits: 3
Students who have taken English 503 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 455 A Study of an Outstanding Figure or Figures in American Literature Credits: 3
Subject differs each year. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 456 Topic in Nineteenth-Century American Literature and Culture Credits: 3
Subject differs each year. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
ENGL 457 Topic in American Literature and Culture since 1900  Credits: 3
Subject differs each year. Prereq: 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 458 Major American Writer or Writers Credits: 3
Prereq: 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 459 Three American Novelists Credits: 3
Concentrated study of US novelists. Students who have taken English 619 prior to fall 2014 may not enroll in this course. Prereq: 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 461 Topics in Ethnic and Multicultural Literature Credits: 3
Literature in English by authors whose work reflects the experience of ethnic and minority groups. Prereq: 6 credits of introductory literature
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 462 Topic in Asian American Literature Credits: 3
Topics will vary. All topics will emphasize the following learning outcomes: awareness of history's impact on the present, ability to recognize and question assumptions, development of critical thinking skills, awareness of relations between self and others, and effective participation in a multicultural society. Prereq: Six (6) credits of introductory literature
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 463 Race and Sexuality in American Literature Credits: 3
Explores the intersection between race and sexuality in American literature with an emphasis on sex/gender difference, feminism, transgenderism, and nationalism. Focuses on the nature of literature as advocacy, with an emphasis on Asian-American issues. Students who have taken English 654 prior to fall 2014 may not enroll in this course. Prereq: Sophomore standing
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 464 Asian American Women Writers Credits: 3
A study of major texts by Asian American women writers. Prereq: 6 credits of introductory literature or consent of instructor
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 465 Asian American Poetry Credits: 3
Throughout the history of Asian America, poetry has been a vehicle for the creation and exploration of an Asian American voice; in poetry we can see the continuing struggle over what form Asian American expression will take. Will it follow Asian or European models? Will it employ traditional forms, or experiment in search of new styles? Will it be individual or collective, introspective or political? We will explore these questions through a study of a wide range of Asian American poets from a variety of historical periods and ethnicities, including Janice Mirikitani, Lawson Fusao Inada, Li-Young Lee, John Yau, Myung Mi Kim, and Linh Dinh. Prereq: 6 Credits of introductory literature
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 466 Modernity in Native American Literatures-Western Hemisphere Credits: 3
Readings in contemporary American Indian genres: poetry, fiction, drama and creative non-fiction. Students who have taken English 649 prior to fall 2014 may not enroll in this course. Prereq: Consent of instructor for Freshmen
Ethnic Studies: Yes  General Education: COM B  L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
ENGL 467 Contemporary American Indian Literature Since 1953 Credits: 3
A study of American Indian literary and cultural expression since 1953, the year of federal "termination" of Native nations and their subsequent revival. Close critical examination of historical and contemporary themes in autobiography, drama, poetry, and novel. Students who have taken English 650 prior to fall 2014 may not enroll in this course. Prereq> English 172 or consent of instructor
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 469 Interdisciplinary Studies in the Arts Credits: 1 - 4
Guest artists will offer interdisciplinary courses on topics appropriate to their specializations. Prereq> Consent of department
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 473 Topic in Postcolonial or World Literature Credits: 3
This course will follow a theme or question in literature that crosses national boundaries, inviting students to think about forces of imperialism and globalization. Specific focus will vary. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 474 Topic in Contemporary Literature Credits: 3
Study of recent literature written in English. Specific topic will vary. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 477 Diaspora and Theatre Credits: 3
Study of the drama and theatre of a variety of immigrant communities in three Western locations: Britain, the United States, and Canada. Course focuses on current theories of diaspora and transnationalism, the place of theatre in diasporic writing, and the literary, performative, and material dimensions of the genre. Prereq> Sophomore Standing
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Fall

ENGL 478 Indian Writers Abroad: Literature, Diaspora and Globalization Credits: 3
Study of literature, drama, and film produced by authors of South Asian origin in Europe, North America, and the Caribbean. Course considers theories of diaspora, changing patterns of subcontinental migration, and relation of diasporic forms to the cultures of origin and adoption. Students who have taken English 524 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of literature
L&S Breadth: Literature  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 479 Contemporary World Theatre in English Credits: 3
Significant recent dramatists who have written in English. Prereq> 6 credits of literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 481 Junior Honors Seminar in the Major Credits: 3
Seminars focus on a variety of topics, usually a theme or a genre which draw upon literature of several periods. Prereq> 6 credits of introductory literature & Honors student or consent of instructor
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 482 Honors Seminar Credits: 3
Prereq> 6 credits of introductory literature & Honors student or consent of instructor
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 500 Writing in Workplaces Credits: 3
First in a two-course sequence for juniors and seniors who want to develop broader awareness of workplace writing in relation to personal literacy and rhetorical contexts. Practice in producing professional quality texts. Attention to digital writing situations, including writing for the web. Serves as a prerequisite for English 501. Students who have completed English 317 prior to fall 2014 may not enroll in this course. Prereq> Consent of instructor; Preference to seniors and English majors. Com A and Com B. Students who have taken English 317 prior to fall 2014 may not enroll in this course
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
ENGL 501 Writing Internship Credits: 3
Practical experience in a workplace setting that requires writing. Minimum 6-10 hours per week plus class meetings. Analysis of professional writing situations and conventions. A final report and reflection connects the internship to previous coursework. May involve multi-modal composition (e.g., digital storytelling). Students who have taken English 318 prior to fall 2014 may not enroll in this course. Prereq> English 317 and consent of instructor
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

ENGL 505 Topics in Composition and Rhetoric Credits: 3
This course offers English majors and other interested students an opportunity for in-depth intellectual engagement with the perspectives, concerns, and methods of Composition & Rhetoric. Topics vary in relation to writing, rhetoric, literacy, and multimodal or digital approaches to any of these. Prereq> Completion of Com A requirement and 3 credits in English (past English 100). Junior or Senior standing or consent of instructor
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

ENGL 508 Creative Writing: Advanced Fiction Workshop Credits: 3
Students who do not meet the prerequisite may submit a writing sample to the program director on Monday of the last week of classes. Prereq> Completion of one of the following: English 408 taken Fall 2014 or later; or English 301 taken prior to Fall 2014. No student may register for or be enrolled in more than one Creative Writing course in a given semester without approval of the program coordinator
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 509 Creative Writing: Advanced Poetry Workshop Credits: 3
Students who do not meet the prerequisite may submit a writing sample to the program director on Monday of the last week of classes. Prereq> Completion of one of the following: English 409 taken Fall 2014 or later; or English 302 taken prior to Fall 2014. No student may register for or be enrolled in more than one Creative Writing course in a given semester without approval of the program coordinator
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 511 Creative Writing: Special Topics Workshop Credits: 3
Variable topics including: the informal essay, the long poem, the novel, the novella, genre fiction (detective, juvenile, humor, science fiction, etc.), experimental prose and poetry, etc. Students will read models and write their own exercise and full-length pieces. Students who do not meet the prerequisite may submit a writing sample to the program director on Monday of the last week of classes. Prereq> Completion of one of the following: English 207 or 307 taken Fall 2014 or later; or 301-307 taken prior to Fall 2014. No student may register for or be enrolled in more than one Creative Writing course in a given semester without approval of the program coordinator
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 514 English Syntax Credits: 3
Introduction to syntactic theory as applied to the analysis of English sentences. Students who have taken English 329 prior to fall 2014 may not enroll in this course. Prereq> English 314 completed Fall 2014 or later, or 324 completed prior to Fall 2014
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 515 Techniques and Materials for TESOL Credits: 3
Supervised practice in the use of current techniques and materials in the teaching of English to speakers of other languages, including peer and community teaching with videotaped sessions. Students who have taken English 335 prior to fall 2014 may not enroll in this course. Prereq> English 415 completed Fall 2014 or later, or English 334 completed prior to Fall 2014
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ENGL 516 English Grammar in Use Credits: 3
A course in the functions of English grammar, covering use in a variety of contexts and text types. Assignments involve analysis of spoken and written English across genres and settings. Students who have taken English 325 prior to fall 2014 may not enroll in this course. Prereq> English 314 completed Fall 2014 or later, or 324 completed prior to Fall 2014
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

ENGL 520 Old English Credits: 3
The elements of Old English grammar with selected readings. Students who have taken English 320 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring
ENGL 521 Advanced Old English Literature Credits: 3
An intensive study of a major work or works of Old English, usually focusing on either Beowulf or the poems of a
single manuscript. Line-by-line translation of the text will be supplemented by discussion of related issues
(whether linguistic, thematic, or contextual) as well as by readings from relevant critical literature. Primary texts
will be read in Old English. Prereq> Completion of one of the following: English 520 taken Fall 2014 or later;
English 320 taken prior to Fall 2014
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 522 Middle English Language Credits: 3
The English language and its development in selected texts from the Norman Conquest to Chaucer. Students
who have taken English 321 prior to fall 2014 may not enroll in this course. Prereq> 522 completed Fall 2014 or
later, or 320 completed prior to Fall 2014
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 531 Humans, Non-Humans, Post-Humans Credits: 3
Literary study of the environmental relations between the humans and nonhuman elements of the natural world.
Prereq> Six credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 532 Literature and Animal Studies Credits: 3
We usually take for granted that literature is centrally about human experience, but here students will consider the
ways that animals and animal consciousness figure in literature. This course will include theoretical as well as
literary readings. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  Typically Offered: Occasionally

ENGL 533 Topic in Literature and the Environment Credits: 3
Course topic will vary. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 534 American Drama and Theatre to 1900 Credits: 3
Significant American plays, playwrights and modes of theatrical production during the eighteenth and nineteenth
centuries, with attention to the theatre as a force in a developing national culture. Prereq> Junior standing
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 537 Sex, Love, and Power: Topic in Literature and Sexuality Credits: 3
Exploration of ways that literary writers and theorists have engaged questions of sexuality. Prereq> 6 credits of
introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 538 Women's Traditions in the Novel Credits: 3
Introduction to women's traditions in the novel and an exploration of theoretical issues arising from the claims for
a gendered tradition. Students who have taken English 570 prior to fall 2014 may not enroll in this course.
Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 539 Jewish Literatures in Diaspora Credits: 3
An exploration of Jewish literature in English and in Anglophone contexts. Prereq> 6 credits of introductory
English
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 545 Feminist Theory and Women's Writing in English Credits: 3
Subject will vary. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 546 Topic in Travel Writing before 1800 Credits: 3
This course will examine some aspect of travel literature before 1800. It will pay attention to texts written by
travelers of many stripes - pilgrims, missionaries, crusaders, counselors, merchants, and dreamers. It will explore
how writers narrate relations between the familiar and the strange, the near and far. And it will ask students to
consider the relationship of geography to conceptions of personal and collective identity. How do travel writers
represent "us" and "them," "self" and "other"? Who claims space, who characterizes it, and on what grounds?
Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
ENGL 548 Topic in Literature and Politics Credits: 3
Course focus will vary. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 559 Topic in Literary or Cultural Theory Credits: 3
An exploration of the methods and principles of criticism; generally an experiment in the application of a particular critical method or a group of related critical presuppositions to an appropriate body of English and American literature. Content varies. Prereq> 6 cr of intro lit
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 560 Narrative Theory Credits: 3
An introduction to narrative theory--the study of stories. We will consider the purpose and value of stories for human cultures, their structure, and their ways of shaping experience. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 561 Modern Critical Theories Credits: 3
Variety and complexity of twentieth century critical thought. Intensive investigation of the works of selected theorists. Students who have taken English 553 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 562 Topic in Poetry and Poetics Credits: 3
An exploration of some aspect of poetic theory and practice, generally in terms of the shorter verse forms, and the application of practical criticism to an appropriate body of literature written in English. Content varies. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 563 Studies in Dramatic Literature Credits: 3
An exploration of some aspect of drama or the theory of drama, of the internal history of the genre, or the distinctive character of the mode, and the application of practical criticism to an appropriate body of literature written in English. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 571 Remix, Mashup, and Digital Design Credits: 3
Emerging technologies, from the Internet to computational machines, reshape how we read, write, and think. This course explores the significance of these new media technologies, how scholars have theorized digital writing, and how writing can be "remixed" with the use of digital technologies. Students in this course produce essays and then remix those essays using various digital technologies, transforming their writing into various forms, including graphic essays, video compositions, audio compositions, and computational media such as video games. Prereq> Communications A
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 575 British Drama, 1914 to Present Credits: 3
Plays and playwrights from the first World War to the present, including movements leading to the "revolt" of 1956 and subsequent proletarian and absurdist drama. Plays by Shaw, O'Casey, Maugham, Coward, Eliot, Osborne, Beckett, Pinter, Stoppard, Arden, Wesker, Bond, Churchill and others. Prereq> Junior standing
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 576 Survey: Theories of Drama Credits: 3
Selected major critical and theoretical sources, from Aristotle to the present day; the influences of theories upon playwriting and modes of theatrical production. Prereq> Junior standing
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ENGL 577 Postcolonial Theatre: Drama, Theory and Performance in the Global South Credits: 3
Study of drama, dramatic theory and theatrical practices in postcolonial cultures, primarily in Asia, Africa and the Caribbean. Course considers status of drama/theatre in postcolonial studies and focuses on issues of form, language, intertextuality, trans-culturation, material organization and reception. Prereq> Junior standing or consent of instructor
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
ENGL 578 Modern American Drama and Theatre  Credits: 3
Representative twentieth-century plays from Glaspell and O'Neill to the present considered within contemporary
cultural, theatrical and academic context.  Prereq> Junior standing
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 593 Literature of Jewish Identity in America  Credits: 3
The construction of Jewish American identity within American life.  Prereq> 6 credits of introductory literature
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 613 TESOL: Pedagogical Grammar I  Credits: 1
A focus on understanding English grammar from a pedagogical perspective for the purpose of teaching English
as a second or foreign language.  Prereq> English 415 completed Fall 2014 or later, English 334 completed prior
to Fall 2014, or consent of instructor
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ENGL 614 TESOL: Pedagogical Grammar II  Credits: 1
A focus on understanding English grammar from a pedagogical perspective for the purpose of teaching English
as a second or foreign language. The emphasis is on theory and techniques applicable to teaching English
grammar.  Prereq> English 415 completed Fall 2014 or later, English 334 completed prior to Fall 2014, or
consent of instructor
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ENGL 615 TESOL: Teaching Listening and Speaking  Credits: 1
An overview of listening and speaking skills and how to teach them.  Prereq> English 415 completed Fall 2014 or
later, English 334 completed prior to Fall 2014, or consent of instructor
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ENGL 616 TESOL: Teaching of Reading  Credits: 1
An overview of reading and vocabulary skills and how to teach them.  Prereq> English 415 completed Fall 2014 or
later, English 334 completed prior to Fall 2014, or consent of instructor
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ENGL 617 TESOL: Teaching of Writing  Credits: 1
Practical modular workshop on key aspects of language teaching, stressing the application of techniques and
theory to classroom needs.  Prereq> English 415 completed Fall 2014 or later, English 334 completed prior to
Fall 2014, or consent of instructor
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ENGL 618 TESOL: Teaching Pronunciation  Credits: 1
An overview of the features of English pronunciation and how to teach them.  Prereq> English 415 completed Fall 2014 or
later, English 334 completed prior to Fall 2014, or consent of instructor
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ENGL 622 Topics in English: Study Abroad  Credits: 1 - 6
A course carried with a UW-Madison Study Abroad Program which has no equivalent on this campus.  Prereq>
Current registration in a UW-Madison study abroad program
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ENGL 662 Selected Topics in Multicultural American Literature  Credits: 3
Exploration of the nature of multicultural, comparative American literary studies. Consideration of a formal,
themetic or historical topic with emphasis on close reading of texts by African-American, Asian-American,
American Indian, Jewish-American, Latino/a, and European-American writers.  Prereq> 6 credits of introductory
literature
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ENGL 672 Selected Topics in Afro-American Literature  Credits: 3
An intensive analysis of specific themes in the Afro-American experience. Subjects vary with instructor.  Prereq>
Junior standing. Students wanting credit in English must have 6 credits of introductory literature
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

</tbody>
</table>
ENGL 705 Intellectual Sources of Contemporary Composition Theory II-Modern  Credits: 3
Historical, critical, and philosophical perspectives on the development of composition studies during the modern era, with special emphasis on the 20th Century.  Prereq> Graduate standing
Typically Offered: Occasionally

ENGL 706 Special Topics in Composition Theory  Credits: 3
In-depth treatment of specific problems, questions, themes, authors, texts, or historical periods in composition and rhetoric. Subject will differ each year.  Prereq> Graduate standing
Typically Offered: Occasionally

ENGL 708 Advanced English Syntax  Credits: 3
Modern syntactic theory applied to selected areas of English grammar, including the interface between syntax and the lexicon, and morphology.  Prereq> English 329 or Linguis 330 or consent of instructor
Typically Offered: Occasionally

ENGL 709 Advanced English Phonology  Credits: 3
Problems of English segmental and suprasegmental phonology, including morphophonemic alterations and stress assignment.  Prereq> English 330 or consent of instructor
Typically Offered: Occasionally

ENGL 710 Interaction Analysis: Talk as Social Organization  Credits: 3
The study spoken English as a site for social organization. Theoretical foundations and methodological practices for conversation analysis will be explored using videotaped data from English. Content includes current critical trends in analyzing interaction as well as cross-cultural and cross-linguistic perspectives.  Prereq> Graduate standing
Typically Offered: Occasionally

ENGL 711 Research Methods in Applied Linguistics  Credits: 3
An introduction to various research paradigms in applied linguistics and second language acquisition. A preparation for critically evaluating published research in applied linguistics and second language acquisition.  Prereq> Graduate standing & consent of instructor
Typically Offered: Occasionally

ENGL 712 Advanced Placement Seminar for High School Teachers  Credits: 1 - 3
A seminar for high school advanced placement English courses, providing a workshop for sharing techniques and defining pedagogical objectives for AP courses.  Prereq> High school teachers or consent of instructor
Typically Offered: Occasionally

ENGL 713 Topics in Contemporary English Linguistics  Credits: 3
Subject differs each year.  Prereq> Graduate standing & consent of English department Graduate advisor
Typically Offered: Occasionally

ENGL 715 Advanced Second Language Acquisition  Credits: 3
An examination of linguistic, psychological, and sociological theories of second language acquisition and their application to research in syntax, phonology, lexicon, or pragmatics of a second language.  Prereq> English 333 or consent of instructor
Typically Offered: Occasionally

ENGL 719 Summer Writing Workshop  Credits: 1 - 3
A writing workshop for high school teachers or other post-baccalaureate students.  Prereq> Graduate standing, Special student, or consent of instrutor. May be used to satisfy program requirements only by permission of relevant program adviser
Typically Offered: Summer

ENGL 722 Composition and Critical Theories  Credits: 3
Study of the relationship between composition and critical theories.  Prereq> English 700, Graduate standing & consent of instructor
Typically Offered: Occasionally
ENGL 731 Advanced Theatre History 500 BC to 1700 Credits: 3
Problems of scholarship in the dramatic, performance and staging practices of major traditions of world theatre history between 500 BCE and 1700 including the theatres of ancient Greece and Rome; medieval, Renaissance and early modern Europe; and the Muromachi and Tokugawa eras in Japan. Prereq> Graduate standing
Typically Offered: Occasionally

ESL 110 Intensive English as a Second Language Credits: 4 - 6
Fall and Spring, 6 credits; Summer, 4 credits. Listening, speaking, reading, and writing skills for nonnative speakers of English; academically oriented. Prereq> Consent of program director. Not open to auditors. Does not count toward graduation requirements. Open to Freshmen
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

ESL 114 Intermediate English Language Skills Credits: 3
Semi-intensive course in intermediate English language skills. This multi-skills course focuses on reading, writing, and communication skills essential in an academic setting. Prereq> ELS Assessment Test (ESLAT) required; info at 5134 White Hall. Does not count toward graduation requirements. Not open to auditors. Open to Freshmen
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

ESL 115 Grammar for Academic Use Credits: 3
A review of English grammar through intensive written and oral practice to promote accurate and appropriate language use for students who have already studied grammar extensively and need to refine the ability to produce acceptable academic English. Prereq> ESL Assessment Test (ESLAT) required; info at 5134 White Hall. Does not count toward graduation requirements. Not open to auditors. Open to Freshmen
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

ESL 116 Academic Reading and Vocabulary Skills Credits: 3
Reading strategies for academic work; reading with increased comprehension and speed, vocabulary expansion, and summary writing. Prereq> ESL Assessment Test (ESLAT) required; information at 5134 White Hall. Does not count toward graduation requirements. Not open to auditors. Open to Freshmen
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

ESL 117 Academic Writing I Credits: 3
Basic elements of academic writing, emphasizing improved fluency and accuracy, paragraph structure, summarizing and paraphrasing, short essays, and a final research project. Prereq> ESL Assessment Test (ESLAT) required; information at 5134 White Hall. Does not count toward graduation requirements. Not open to auditors. Open to Freshmen
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

ESL 118 Academic Writing II Credits: 3
Fulfills the undergraduate Communication requirement, Part A. Academic writing, critical reading and argumentation, documentation, and style and organization of research papers; oral communication skills for effective class participation and presentations. Prereq> ESL Assessment Test (ESLAT) required; information at 5134 White Hall. Not open to auditors. Open to Freshmen. Students may receive degree credit for only one Com A course taken in residence
General Education: COM A  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ESL 328 Academic Skills Workshops Credits: 1 - 3
Academic skills for ESL students; workshops (15 hours each) on skills required for effective academic communication; topics vary, but include general and discipline-specific academic skills. Prereq> Graduate standing or consent of program director. Does not count toward graduation requirements. Not open to auditors
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

ESL 343 Oral Communication Skills Credits: 3
Practice in formal and informal communication skills, including listening comprehension, pronunciation, and conversational and presentation skills useful in an academic setting. Prereq> ESL Assessment Test (ESLAT) required; information at 5134 White Hall. Does not count toward graduation requirements. Not open to auditors. Open to Freshmen
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

ESL 344 Academic Presentations and Discussion Credits: 2 - 3
Fall and Spring, 3 credits; Summer, 2 credits. Oral communication and presentation skills essential for participation in seminars, conferences, and other academic and professional settings. Prereq> Graduate standing or consent of ESL program director
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer
ESL  345 American English Pronunciation  Credits: 1
Techniques for improvement of the pronunciation of American English for non-native speakers of English.  
Prereq> None  
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

ESL  349 Academic Writing for Graduate Students  Credits: 2 - 3
Aspects of research writing, including data presentation, literature review, summarizing, critical summarizing, and discussion. Grammar and editing skills are also emphasized. Prereq> Graduate standing or consent of instructor  
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ESL  350 Professional and Academic Writing Skills  Credits: 2 - 3
Fall and Spring, 3 credits; Summer, 2 credits. Students work on writing projects in their own fields, such as dissertations and theses, research reports, or articles for publication. FOLKLORE 491 Practicum in Public Folklore Credits: 1 - 3
Offers professional experiences to qualified students who work as interns with a public agency or a private non-profit organization involved in public folklore projects. Prereq> Jr st, Folklore 490 or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
FOLKLORE  510 Folklore Theory Credits: 3
Symbolical, psychoanalytic, Marxian, structuralist and performance theory models for analyzing expressive culture. Topics include play, ritual, festival, food, customs, class and the symbolism, structure and politics of narrative. Prereq> Crse in anthro or folklore or cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FOLKLORE  512 Material Culture Analysis: The Arts and the Consumer Society Credits: 3
The meanings of objects--both art objects and consumer goods. Interactions between people and objects; "decoding" objects as primary sources of information about the people/cultures that make and use them. Prereq> Jr st
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

FOLKLORE  515 Proseminar in Ethnomusicology Credits: 3
Introduction to ethnomusicology, including historical survey of major works in the field, classification of musical instruments, measurement of tuning systems and concepts of scale, mode and rhythm in non-Western music. Prereq> Music 401-402 or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

FOLKLORE  517 The Irish Tradition Credits: 3
Study of the Irish literary tradition from the Middle Ages to the present day, with an emphasis on folk culture and its influence. Prereq> Sophomore standing
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FOLKLORE  518 The Scottish Tradition Credits: 3
Study of the Scottish literary tradition from the Middle Ages to the present day, with an emphasis on folk culture and its influence. Prereq> Sophomore standing
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FOLKLORE  520 Ethnic Representations in Wisconsin Credits: 4
Representation and self-representation of ethnic cultures in Wisconsin. For example: museums, mass media, ethnic theater. Involves field work and/or archival research. Prereq> Anthro 300 or Folklore 200 or cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

FOLKLORE  522 Digitally Documenting Everyday Communication Credits: 3
Teaches the use of digital recording technologies, archiving, and analysis of everyday communication and culture. Surveys scholarly approaches to everyday expressive communication. Prereq> Jr st or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

FOLKLORE  530 Topics in Folklore Credits: 1 - 3
The topic will vary with the instructor; may be repeated with different content. Prereq> Jr st or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FOLKLORE  535 American Folk and Vernacular Music Credits: 3
An ethnographic, historical examination of immigrant and indigenous "roots" musical genres (blues, hillbilly, powwow, polka, conjunto, etc.) in relation to technological, commercial, artistic, and socio-political forces in American life. Prereq> Jr st
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

FOLKLORE  539 The Folklore of Festivals and Celebrations Credits: 3
Survey of interdisciplinary literature on social/performative folklore aesthetics and environments by in-depth study of three festivals and ceremonies. Required field trips. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

FOLKLORE  540 Local Culture and Identity in the Upper Midwest Credits: 3
A web-based course, operating as a series of modules. Each module addresses a different aspect of community life and culture in the upper midwest, focusing on Wisconsin. Examples include ethnic groups, religious life, vernacular architecture, oral narrative, music and material culture. Prereq> Jr st or cons inst. All stdts register for disc. 3 cr requires extra contact & project
Ethnic Studies: Yes  L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
FOLKLORE  541  Local Culture and Identity in the Upper Midwest  Credits: 2
A web-based course, operating as a series of modules addressing different aspects of community life and culture in the Upper Midwest, focusing on Wisconsin. Examples include ethnic groups, religious life, vernacular architecture, oral narrative, music and material culture. Prereq> Jr st or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FOLKLORE  560  Folklore in a Digital Age  Credits: 3
Explores traditional forms and performances as they emerge in contemporary communication technologies. Surveys scholarly approaches to the topic. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

FOLKLORE  630  Seminar on American Folklore  Credits: 3
Focuses on American folk and popular culture as it relates to expressive behavior using the work of folklorists, anthropologists, historians and literary scholars. Prereq> A lower level crse in folklore or anthro or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

FOLKLORE  635  Visual Anthropology  Credits: 3
Course is designed to create familiarity with the use of photography in anthropological research. Prereq> Anthro or folklore major or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

FOLKLORE  639  Field School: Ethnography of Wisconsin Festivals  Credits: 6 - 8
A review of key methodological and theoretical approaches for studying festivals, in situ observation of summer festivals and small town folk and ethnic museums, and supervised writing and photographic assignments. Prereq> Cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

FOLKLORE  640  Topics in Ethnographic Textiles  Credits: 3
Ethnographic survey of non-western textiles; technological, aesthetic, functional, and historical aspects. Geographical area varies: African, East Asian, Southeast Asian, Ibero-American or Native American textiles. Prereq> DS 430 or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FOLKLORE  654  Performance, Poetics, and Practice in Anthropological Theory  Credits: 3
This course focuses on three major elements of analysis that converge around the notion of performance in anthropology, expressive cultural studies, and folklore: performance as practice, cultural performances, and the poetics and politics of performance. Prereq> Sr major or Grad st or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

FOLKLORE  655  Comparative World Dress  Credits: 3
Variations in form, function and meaning of dress in diverse social and cultural contexts; dress as an art form. Prereq> Jr st
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FOLKLORE  699  Independent Study in Folklore (Graduate)  Credits: 1 - 3
Independent study in an area related to folklore for graduate students. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FOLKLORE  716  Seminar in Musical Instruments of the World  Credits: 3
Classification, distribution and theories of origin of musical instruments, particularly those of the non-Western world and their relation to Western musical instruments. Prereq> Music 515, 401, or 402
Typically Offered: Occasionally

FOLKLORE  720  Bibliography and Research Methods: Ethnomusicology  Credits: 3
Survey of research materials: general works, area studies, film documentation, disc recordings and tape. Prereq> Cons inst
Typically Offered: Occasionally
FOLKLORE 875 Seminar: Topics in Turkish Oral Narrative and Poetry Credits: 3
Theoretical issues and practical problems in the definition, collection, analysis and interpretation of major genres of Turkish oral narrative and poetry. Attention to performance contexts, indigenous interpretations, and ideological dimensions of analytic terms. Prereq> Grad st
Typically Offered: Occasionally

FOLKLORE 902 Cultural Productions Credits: 3
Public culture including state sponsored rituals, monuments, museums, theme parks, restaurants, shopping malls, television, film and other means through which the citizens of the modern state come to know themselves and their culture. Prereq> Cons inst
Typically Offered: Occasionally

FOLKLORE 915 Seminar in Ethnomusicology Credits: 3
Topics in ethnomusicology within a cross-cultural framework; melodic typology, scale and tuning systems, mode, rhythm, ornamentation, improvisation techniques, oral and written traditions of composition, notation systems, and function of music society. Prereq> Music 401 or 402, 515
Typically Offered: Occasionally

FOLKLORE 970 Seminar in Folklore Credits: 3
Thorough study of significant folklore topics. Content will vary with each offering. Prereq> Grad st or cons inst
Typically Offered: Occasionally

FRENCH (FRENCH AND ITALIAN)

FRENCH 101 First Semester French Credits: 4
For students with no previous training in the language; oral practice and conversation, grammar, reading, vocabulary building, and study of French and Francophone cultures. Prereq> Open to Freshmen
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

FRENCH 102 Second Semester French Credits: 4
Continuation of French 101. Prereq> French 101 or appropriate score on placement exam. Open to Freshmen
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

FRENCH 181 First Semester French Honors Credits: 4
Prereq> Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

FRENCH 182 Second Semester French Honors Credits: 4
Prereq> French 101 or 181 or approp score on placement exam. Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

FRENCH 201 French for Speakers of Other Romance Languages Credits: 4
Accelerated development of oral, reading and writing skills up to a level equivalent to that of the end of second semester French (102). Instruction draws on features shared by Romance languages, with focus on distinctions particular to French. No previous knowledge of French is required. Prereq> Italian 204 or 4 years of high school Italian; Spanish 204 or 4 years of high school Spanish; Portuguese 202 or 4 years of high school Portuguese; consent of instructor
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

FRENCH 203 Third Semester French Credits: 4
Oral practice and conversation, grammar review, reading, vocabulary expansion, creative writing and study of French and Francophone cultures. Prereq> French 102 or appropriate score on placement exam. Open to Freshmen
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

FRENCH 204 Fourth Semester French Credits: 4
Continuation of French 203 with more advanced materials. Prereq> French 203 or appropriate score on placement exam. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring
FRENCH 210 Sexuality and Gender in 20th-Century French Literature Credits: 3
This course considers novels, plays, essays, and films (in translation) written by gay and lesbian authors in 20th-century France. It traces developments in narrative and in sexual identity to show how the articulation of sexual difference influenced 20th-century literature and culture. FR210 is an introductory course in an interdisciplinary area of French studies. Taught in English. Prereq> Open to Freshmen
L&S Breadth: Literature L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

FRENCH 211 French Interdisciplinary Studies Credits: 3
An introductory course in an interdisciplinary area of French studies. Taught in English. Prereq> Open to Freshmen
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

FRENCH 227 Exploring French: Intermediate-Level Course for Entering Students Credits: 3
Development of oral and written skills, based on reading and discussion of contemporary socio-cultural topics. Prereq> Placement test recommendation. Open to Fr & entering stdts only
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

FRENCH 228 Intermediate Language and Culture Credits: 3 - 4
Enhance writing and speaking proficiency through cultural readings on France and the francophone world. Review of grammar and focus on more complex grammatical structures. A required prerequisite for the French major. Prereq> French 204 or 227 or consent of department. Open to Freshmen
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

FRENCH 240 Immigration and Expression Credits: 3
Explores debates associated with the colonial and the postcolonial in France and/or other Francophone countries through literature, film, and culture. Taught in English. Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

FRENCH 248 Ethnic Studies in the French/Francophone World(s) Credits: 3
An introduction to French colonialism in the New World and its effects on African-American, Afro-Creole, Native American, Franco-American, Cajun, and Caribbean diasporan communities in the U.S. through literature, history, and culture. Taught in English. Prereq> Open to Fr
Ethnic Studies: Yes L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

FRENCH 271 Introduction to Literary Analysis Credits: 3 - 4
An introduction to reading and analyzing literary works, with special emphasis on the development of writing skills in French. The program will concentrate on shorter works from the major genres of French literature, and prepare students for future study of literature. Prereq> French 228 or cons of department. Open to Fr
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

FRENCH 283 Third Semester French Honors Credits: 4
Prereq> French 102 or 182 or approp score on placement exam. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

FRENCH 284 Fourth Semester French Honors Credits: 4
Prereq> French 203 or 283 or approp score on placement exam. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

FRENCH 287 Intermediate Language and Culture Honors Credits: 3
Prereq> French 204 with grade of A or AB or French 284 or placement test recommendation. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

FRENCH 288 Intermediate Language and Culture Honors Credits: 3 - 4
Prereq> French 204 or 284 with grade of A or French 227 or 287 or placement test recommendation. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

FRENCH 298 Directed Study Credits: 1 - 3
Prereq> Jr st. Graded on a Cr/N basis. Requires cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer
FRENCH 299 Directed Study  Credits: 1 - 3
Prereq> Jr st. Graded on a lettered basis; requires cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 301 Practical French Conversation  Credits: 1
Open during the fall semester to residents of the French House and non-resident students. Non-residents attend four or five lunches per week at the French House. For more information, consult the department.  Prereq> French 203
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

FRENCH 302 Practical French Conversation  Credits: 1
Open during the spring semester to residents of the French House and non-resident students. Non-residents attend four or five lunches per week at the French House. For more information, consult the department.  Prereq> French 203
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

FRENCH 311 Advanced Composition and Conversation  Credits: 3
Trains students to write essays on a variety of topics, using different registers of French, and work to correct pronunciation and improve conversation skills.  Prereq> French 228
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 312 Advanced Oral and Written Expression: Writing Across the Humanities  Credits: 3
Develops students' writing and oral expression at an advanced level through writing and discussion of internet journalism, translation, or creative genres.  Prereq> French 228
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 313 Professional Communication and Culture in the Francophone World  Credits: 3
Study and analysis of the culture and sociology of professional environments in the French and Francophone worlds, including government, international organizations, NGO's and business. Students develop communication skills through interactive teaching methods in multimedia labs.  Prereq> French 228 or 311 or consent of instructor
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 314 Contemporary Issues in Government, Organizations, and Enterprise  Credits: 3
Cultural study of contemporary Francophone Africa, focusing on issues in government, organizations and enterprise. Exploration of cultural and professional relations between Francophone Africa and France, the European Union, and the United States.  Prereq> French 228 or 311 or cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 315 Advanced Interdisciplinary Studies in Professional Communication  Credits: 3
In-depth study, from interdisciplinary perspectives, of key aspects of technical French language for the professions and business, together with an exploration of the history, sociology, and culture of professional environments in the French and Francophone worlds.  Prereq> French 228, 313 or 314 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 321 Introduction to Medieval, Renaissance, and Early Modern Literature  Credits: 3
Introduction to important literary works from the medieval era to the French Revolution. Classes conducted in French.  Prereq> French 271
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 322 Introduction to Literature of Modernity  Credits: 3
Introduction to important literary works of modernity (from the French Revolution to the twenty-first century). Classes conducted in French.  Prereq> French 271
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 325 Visual Culture in French/Francophone Studies  Credits: 3
Aspects of French culture as manifested in painting, photography, film or other visual media in relation to literature.  Prereq> French 321-322
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

An introduction to the political, social, intellectual, artistic and literary development of French culture, from its origins to the French Revolution (1789). Prereq> French 321 or 322
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 348 Modernity Studies Credits: 3
An introduction to political, social, intellectual, artistic and literary developments in French and Francophone culture, within the time period from the French Revolution to the current era. Prereq> French 271
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 350 Applied French Language Studies Credits: 1 - 3
A course for prospective French teachers or Second Language Acquisition students on a selected applied language topic.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 351 Phonetics: Pronunciation "comme il faut" Credits: 3
Students will acquire advanced listening comprehension skills, targeted training in sound production (phonemes) as well as intonation. The International Phonetics Alphabet will be learned along with basic theoretical concepts.
Prereq> French 204. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 365 Topics in French/Francophone Literature and Culture (in translation) Credits: 3
Treatment of a broad range of topics in French/Francophone literature and culture, with interdisciplinary perspectives. Taught in English. Does not count toward the French major. Prereq> So st
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 391 French for Reading Knowledge Credits: 3
Intensive grammar and reading for graduate students and undergraduates with little or no experience in French. Readings from appropriate texts in the humanities, sciences, social sciences. May not be counted toward L&S foreign language requirement. Does not count towards the French major. Prereq> Not open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 420 Topics in French: Study Abroad Credits: 1 - 6
A course carried with a UW-Madison Study Abroad Program which has no equivalent on this campus. Prereq> Current reg in a UW-Madison study abroad program
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 429 Introduction to the Romance Languages Credits: 3
Introduction to structural similarities and differences apparent in major Romance languages (French, Italian, Portuguese, Spanish) and to their historical developments, with reference to basic linguistic features of each language: phonology, morphology, syntax, and lexicon. Does not count towards French major. Prereq> Span 226 or Portug 226 or French 228 or Ital 311, or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 430 Readings in Medieval and Renaissance Literature Credits: 3
Exploration of a thematic selection of texts from the Middle Ages and the Renaissance. Prereq> French 321 & 322
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 431 Readings in Early Modern Literature Credits: 3
Exploration of a thematic selection of texts from the Early Modern period. Prereq> French 321 & 322
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 432 Readings in Nineteenth Century Literature Credits: 3
Exploration of a thematic selection of texts from the nineteenth century. Prereq> French 321 & 322
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 433 Readings in Twentieth and Twenty-First Century Literature Credits: 3
Exploration of a thematic selection of texts from the twentieth and twenty-first centuries. Prereq> French 321 & 322
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
FRENCH 440 African/Francophone Film  Credits: 3
Studies the construction of narratives in cinema and literature; teaches to analyze and write about cinema; explores links between cinema and national or regional politics and ideology; examines spectatorship in relation to questions of identity formation. Prereq> French 271
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 447 Panorama de la civilisation francaise  Credits: 3
A panoramic view of French civilisation from prehistoric times to the Constitution of 1958. Prereq> 6 semesters of French or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 449 Francophone Modernity Studies  Credits: 3
Topics in modern Francophone culture and literature with special emphasis on colonialism, slavery, diasporas, postcolonialism, and immigration. Prereq> French 347 or 348
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 450 French-Canadian and Quebecois Novels: 1950-1990  Credits: 3
Survey of French-Canadian and Quebecois novels, 1950-1990. Prereq> French 271 or consent of department
L&S Breadth: Literature  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 451 Medieval, Renaissance, and Early Modern Studies  Credits: 3
A thematic historical survey of culture in pre-Revolutionary (pre-1789) France. Prereq> French 321 or 322
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 454 Modern African Prose and Poetry in French  Credits: 3 - 4
Modern novel, drama and poetry by Africans from tropical Africa or the West Indies. Prereq> Reading knowledge of French
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 456 French/Francophone Literary Studies Across the Centuries  Credits: 3
A study of how literature has evolved over the course of French history, in relation to a chosen topic. Prereq> French 321 & 322 or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 461 French/Francophone Cultural Studies Across the Centuries  Credits: 3
A study of how culture has evolved over the course of French history, in relation to a chosen topic. Prereq> French 321 & 322 or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 465 French/Francophone Film  Credits: 3
Representative French-language films will be studied from an aesthetic and a cultural perspective. Choice of themes and periods studied will vary, and may range from historical surveys to a close examination of films from a particular time or place. Prereq> French 321 or French 322.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 467 Aspects of Contemporary French Literature  Credits: 3
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 471 French Literature and Women  Credits: 3
Topics may vary and include a variety of periods and genres. Prereq> French 321 & 322
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 472 French/Francophone Literature and Women  Credits: 3
A study of literature by and/or about women, including theories of gender, in French and/or Francophone literary culture. Prereq> French 321 & 322
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 520 Problems of Translation  Credits: 2
Prereq> Cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
FRENCH 523 Techniques d' Expression Ecrite et Orale I Credits: 3
Prereq> French 312 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 524 Techniques d' Expression Ecrite et Orale II Credits: 3
Prereq> French 323 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 531 Undergraduate Seminar in French Civilization and Culture Credits: 3
Topics will vary. Each seminar will focus on a cultural theme through several historical periods, or on the works of one single author who proposes analyses of French civilization and culture. Various critical approaches will be offered. Prereq> French 347 & 348 or French 449
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 532 Undergraduate Seminar in French Civilization and Culture Credits: 3
Topics will vary. Each seminar will focus on a cultural theme through several historical periods, or on the works of one single author who proposes analyses of French civilization and culture. Various critical approaches will be offered. Prereq> French 347 & 348 or French 449
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 550 Advanced Interdisciplinary Studies in Medieval Civilization Credits: 3
An integrated treatment of a specific theme, to be announced by a group of specialists in different fields. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

FRENCH 555 Colloquium: Research Possibilities in French Studies Credits: 1
Introductions to the kinds of research conducted in French language and French and Francophone literature and culture by faculty, academic staff, and advanced graduate students. Presenters will describe their research interests and their professional careers. Prereq> Open to first-year Grad stdts & Jr & Sr French majors
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 567 Undergraduate Seminar in French/Francophone Literary Studies Credits: 3
Particular emphasis on discussion, research, and collective preparation of readings, on a topic within French and/or Francophone literary studies. Prereq> One 400-level course in French lit
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 568 Undergraduate Seminar in French/Francophone Cultural Studies Credits: 3
Particular emphasis on discussion, research, and collective preparation of readings, on a topic within French and/or Francophone cultural studies. Prereq> One 400-level course in French lit
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

FRENCH 590 Advanced Phonetics Credits: 3
Advanced study of French sounds, phonetic transcription, practice in pronunciation; required of teaching majors. Prereq> French 228
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 595 Theory and Practice of French/Francophone Drama Credits: 4
Pertinent theory, interpretation of French and/or Francophone drama, practice of dramatic elocution, and performance. Prereq> French 321-322 or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

FRENCH 615 Grammaire avancée Credits: 3
Advanced course in French grammar and style, with a special focus on various critical and professional applications. For students in the Professional French Masters Program. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 333 Black Feminisms Credits: 3
Uses an interdisciplinary framework to examine the key assumptions, debates, and silences in contemporary black feminist thought. Prereq> Sophomore standing, a Gen&WS course, an AfroAmer course or consent of instructor
Ethnic Studies: Yes L&S Breadth: Humanities or Soc Sci L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

GEN&WS 340 Topics in LGBTQ Sexuality Credits: 3
Topics in feminist study of LGBTQ sexualities, considering race, nationality, and time. Prereq> Women St 101 or 102 & a crse in a related discipline, or Women St 200, or cons inst. Open to Fr
L&S Breadth: Humanities or Soc Sci L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

GEN&WS 342 Transgender Studies Credits: 3 - 4
Transgender Studies teaches students fluency with basic terms, concepts, and methodologies within the interdisciplinary field of Transgender Studies. Content includes transnational and cultural considerations; contemporary transgender issues in medicine, law, and education; cultural production, art and activism; transgender, feminist, and queer theories. Prereq> None
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEN&WS 343 Queer Bodies Credits: 3
This course centralizes the intersection of LGBTQ identities and dis/ability through various queer bodies which are also inflected by race, class, geographical and national locations. Approaches may include critical theory about queer bodies and personal narratives. Students will learn a variety of ways to think critically and creatively about the politics of bodily experience, including how those politics have shaped their own embodied lives. Prereq> 3 credits of Gender & Women's Studies; sophomore standing
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEN&WS 351 Gender and Sexuality in the Classical World Credits: 3 - 4
Constructions of gender and sexuality in the classical world through art, literature and archaeology. Prereq> Sophomore standing or consent of instructor
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally
GEN&WS 353 Women and Gender in the U.S. to 1870 Credits: 3 - 4
An advanced and comparative study of the roles of gender, class, and race in American history and historiography. Themes include women as agents of social change and as builders of community. Prereq> So st; completion of intro history & women's studies crse preferred
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 354 Women and Gender in the U.S. Since 1870 Credits: 3 - 4
See 520. Prereq> So st; completion of intro history & women's studies crse preferred
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 355 Representations of Women in 20th C. Jewish Literature Credits: 3
Jewish women's writings and portrayals of Jewish women in literature, in light of central events in modern Jewish history, with emphasis on the double marginality of women in an ethnic minority.
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEN&WS 360 Online Internship in Gender and Women’s Studies Credits: 1
This online internship course is designed to provide students with opportunities for learning in ways that connects coursework in gender and women’s studies to specific issues in professional community settings within the context of feminist activism. Prereq> A previous course in gender and women's studies
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

GEN&WS 366 Artistic/Cultural Images of Black Women Credits: 3
Cultural images by and about Black women; feminine creativity in the arts within their historical, cultural, social, and political contexts. Prereq> So st or cons inst
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 367 Art and Visual Culture: Women of the African Diaspora and Africa Credits: 3
This course focuses on the art and visual culture by/or pertaining to women throughout the African Diaspora and Africa. Though the focus is on 10th century art by black women, it will go into visual culture (art objects, photographs, images, dress, culturally-coded representation) concerning black women historically. Prereq> Afro-Amer 242; majors only; So st or cons inst
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEN&WS 370 Topics in Gender and Disability Credits: 3
Examines the social, cultural, political, and symbolic constructions of the intersecting categories of gender and disability. Prereq> 3 credits of GEN&WS coursework
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 371 Disability and Gender in Film Credits: 3
Interdisciplinary analysis of the films about disability, stigmatized bodies, and their gendered constructions using feminist and disability studies methods. Prereq> None
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEN&WS 372 Visualizing Bodies Credits: 3
Focuses on the intersections of the visual images of bodies, ethics, and politics from global and feminist perspectives. Students will learn critical approaches to visual media in feminist disability studies to analyze the images of bodies focusing on race, gender, disability, religion, sexuality, and other markers of difference. Prereq> 3 credit hours in Gen&WS or consent of instructor
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEN&WS 392 Women in History Credits: 3 - 4
An examination of the cultural, social, economic, and political activities of women. Geographical or chronological emphasis varies with instructor. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
GEN&WS 410 Women in the Arts Credits: 3
An interdisciplinary exploration of women as artists: Analysis of individual works of art in a variety of genres and media, placed in their historical and cultural contexts. Prereq> Women St 101 or 102 plus one sem of intro work in any Lit dept (incl lit in tran), comm arts, or art hist; or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 412 Special Topics in Women and the Arts Credits: 3
Women artists and their works of art placed in their historical and cultural contexts. Limited to one artistic medium; art form differs each semester. Prereq> Women St 101 or 102 or 410 and a course in a related discipline; or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEN&WS 414 Gender, Performance, and Sexuality Credits: 3
Explores the ways in which we perform sexuality and gender. Covers issues related to performance theory, social constructionism, gender socialization, and philosophy, while exploring how gender and sexuality are constructed, enacted, and communicated in various contexts. Prereq> Gen&WS 101, Gen&WS 102 or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

GEN&WS 415 Introduction to Contemporary Feminist Theatre and Criticism Credits: 3
Introduction to the history, literature and theory of feminist theatre and of feminist criticism of mainstream theatre in the United States from 1960 to the present. Prereq> So st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEN&WS 416 Women in Medieval Society Credits: 3
The changing role of women in medieval Europe from the fall of Rome to the Italian Renaissance. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEN&WS 419 Gender and Language Credits: 3
Examines taken-for-granted understandings of language and gender. Students produce analytic assignments and research projects, drawing on interdisciplinary theories and methods to address the representation and enactment of gender in talk, writing, and/or literary works. Students who have taken English 341 prior to fall 2014 may not enroll in this course. Prereq> Junior standing
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 420 Women in Cross-Societal Perspective Credits: 3
An interdisciplinary examination of the position of women in a variety of social contexts; an analysis of the society-specific and universal social forces that determine the position of women; an investigation of the change in women's status and role worldwide and an inquiry into the causes of this change. Prereq> Woman-related course; a soc sci course; or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 421 Constructions of Gender in the Media Credits: 3
Portrayal of women and men in the various mass media, including film, television, radio, newspapers, and magazines. Institutional and structural explanations for the social role stereotyping that exists in the media. Effects on society of stereotyping in the mass media. Prereq> Women St 101 or 102 or woman-related course; & an intro course in soc sci, journ, or comm arts
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 422 Women and the Law Credits: 3
Legal system, laws, and proposed legislation that have specific impact on the lives of women. Topics investigated in both the social and legal contexts. Prereq> A woman-related course and a soci sci course; or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 424 Women's International Human Rights Credits: 3
An examination of the contemporary development of international human rights and women's rights, and the fundamental contradiction between them. Analyzes core themes and issues of women's international human rights. Prereq> Sophomore standing
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
GEN&WS 425 Chicana and Latina Feminisms, Arts, and Media Credits: 3
An introduction to Chicana and Latina history and feminist activism, writing, and creative expression. Surveys Chicana/Latina participation and representation in society, the arts, the media, and popular culture. Prereq: Chic/Std 101 or women's studies intro crse or Jr st
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 426 Women and Grassroots Politics Across the Globe Credits: 3
An introduction to the range of women's and feminist grassroots activism across the globe. Focuses on the complexities of individual and community service, learning and scholarship, and women's roles in facilitating social change. Prereq: Gen&WS 101, Gen&WS 102, or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

GEN&WS 427 Global Feminisms Credits: 3
Explores feminism and gender across cultural contexts with emphasis on the Global South. Includes theories for the study of women and gender in foreign contexts, comparison of gender relations and feminisms across countries, and analysis of national and transnational feminist organizing. Prereq: A Gender and Women's Studies course or consent of instructor
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 431 Childbirth in the United States Credits: 3
American women's childbirth experiences from the colonial period to the present. Childbirth as a cultural as well as a biological event. Basic physiological information for understanding and evaluating changing approaches to pregnancy and childbirth. Prereq: Women St 103 or 430 or equiv; or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEN&WS 437 American Indian Women Credits: 3
Examines and interprets the roles of American Indian women in traditional societies, and in contemporary North America. Prereq: 1 crse in Amer Ind St, Anthro 314 or Women St 223, 101, or 102
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEN&WS 440 Feminist Theory: Historical Perspectives Credits: 3
The evolution of theoretical and ideological explanations of women's past and present and prescriptions and visions for their future; critical analysis of feminist and non-feminist theories of the relation of woman to the social, economic, and political world. Prereq: Jr st & 3 cr intermed or adv women's studies or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEN&WS 441 Contemporary Feminist Theories Credits: 3
Contemporary theoretical positions and debates about feminisms in the humanities and social sciences. Prereq: 3 credits of GEN&WS and sophomore standing.
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 442 Lesbian Culture Credits: 3
Exploration of lesbian culture and history. Focuses on the history, meanings, and representations of relationships among women; critically analyzes the concepts of lesbian perspective, theory, aesthetic, and sensibility. Prereq: So st & Women St 101 or 102
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEN&WS 443 Anthropology by Women Credits: 3
Contributions of women anthropologists to feminist and anthropological theories and research methods. Field research and gender. Current debates in women's studies and anthropology in light of recent research on women and gender in cross-cultural perspective. Prereq: So st; one women st crse or one anthro crse or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
GEN&WS 445 The Body in Theory Credits: 3
Explores a broad range of contemporary theories concerned with bodies and power. Intersections with gender, race, class, disability, sexuality and nation. Prereq> Jr st and 3 cr of intmed or adv Gen & WS or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 449 Special Topics in Feminism and Social and Cultural Theory Credits: 3
Investigation of specific theorists, themes, problems, or eras in feminism and social theory. Subject differs each semester. Prereq> So st and 3 cr of women st; or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEN&WS 450 Brazilian Women Writers Credits: 3
A survey of representative writing by contemporary Brazilian women writers in relation to representations of nationality, race, class, ethnicity, gender and sexualities. Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 460 Carmen Miranda Credits: 3
This course examines the work, representation and interpretation of Carmen Miranda from her early days as a radio star in Brazil to a film actress and entertainer in Hollywood in the 1940s and 50s. Prereq> Jr st or cons inst
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 463 Race and Sexuality in American Literature Credits: 3
Explores the intersection between race and sexuality in American literature with an emphasis on sex/gender difference, feminism, transgenderness, and nationalism. Focuses on the nature of literature as advocacy, with an emphasis on Asian-American issues. Students who have taken English 654 prior to fall 2014 may not enroll in this course. Prereq> Sophomore standing
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEN&WS 464 Asian American Women Writers Credits: 3
A study of major texts by Asian American women writers. Prereq> 6 credits of introductory literature or consent of instructor
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 467 Women and Politics in Popular Culture and Folklore Credits: 3
How popular culture and folklore have been used by women as rhetorical tools that promote deliberation and debate, broaden political engagement, and advance particular social identities. Global content, with examples from around the world. Prereq> A Gender and Women's Studies course, or a Folklore course or Sophomore standing
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEN&WS 468 Feminism, Folklore and Comparative Literature Credits: 3
Explores feminism, folklore and comparative literature from a variety of perspectives drawing from scholarship in feminist philosophy, folklore, anthropology, critical cultural studies, and postcolonial theory. Prereq> 3 credits of Gen&WS, or 3 Credits of Folklore, or consent of instructor
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEN&WS 469 Women and Politics Credits: 3 - 4
Changing political roles, status, attitudes, and behaviors of women in contemporary society and of the political implications of changing female/male relationships. Prereq> Jr st or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 472 Women in Turkish Society Credits: 3
Interdisciplinary analysis of women's issues in Turkish society from the Ottoman era imperial harem to Islamist feminist movements in the secular Republic of Turkey today. Emphasis on the critical use of a comprehensive set of disciplinary lenses. Prereq> So st or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer
GEN&WS 477 Feminism and Sociological Theory Credits: 3
This course reviews the ways that feminist critiques have reshaped social theory since 1960. It examines the ways that feminist theorists have reconceptualized classical sociological problems and how this has influenced the ways research in conducted. Prereq> Soc 475 or any Gender & Women's Studies course carrying "S" or "Z" or "Y" breadth category.
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 519 Sexuality, Modernity and Social Change Credits: 3
A history of sexuality approach to a period of major social, economic, and political change in US history, 1880-1930; medical, legal, and popular discourses shaping urbanization, reform, nationalism and colonialism. Prereq> Jr st & cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 522 Psychology of Women Credits: 3
Examination of theories and research on the psychology of women. Explores topics such as the biological and cultural bases of the psychology of women; psychological aspects of female sexuality and reproduction; violence against women; female achievement and power; lifestyle choices of women; and women and mental health. Prereq> So st; Women St 102, 103 or 430; & a course in psych; or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 524 The Medical History of Sex and Sexuality Credits: 3
Examines the changing place of medicine and scientific authority in public and private sexual lives. Highlights the role of medicine in defining appropriate sexual behavior, understanding the cause of sexual deviance, and treating sexual problems and diseases. Prereq> Prev history (incl med hist & hist sci) crse preferred
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEN&WS 530 Biology and Gender Credits: 3
Examines the theories and methodologies of the relevant research areas in biology and animal behavior that underlie biological determinist theories of gender and gender differences, and explores alternative approaches, theoretical constructions and interpretations. Prereq> Womens St 103 or cons inst & Jr or Sr st
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 531 Women and Health in American History Credits: 3
Women as patients and as health professionals in America from the colonial period to the present. Prereq> Jr st & cons inst.
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 532 The History of the (American) Body Credits: 3
This course demonstrates that human bodies have social and cultural histories. It will highlight the social values placed on different bodies, the changing social expectations bodies create, and the role of science and medicine in creating the cultural meanings of bodies. Prereq> Women St 103 or other women's studies crse required; prev hist (incl med hist & hist sci) crse preferred
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEN&WS 533 Special Topics in Women and Health Credits: 3
Examination in depth of specific topics in the area of women's health. Critical reading of scientific literature and exploration of relevant biomedical issues in social, economic and cultural contexts. Prereq> Women St 103 or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 534 Gender, Sexuality, and Reproduction: Public Health Perspectives Credits: 3
This course explores several theoretical lenses, disciplinary approaches, and substantive topical areas relating to reproductive and sexual health. We will begin the course by investigating the development of "sexual health" as a phenomenon in public health research, policy, and programs looking back to feminist responses to population control policies of the 1970s. The subsequent weeks of the semester will cover substantive topical areas in the field (e.g., adolescent sexual development, contraception, and HIV/AIDS). Prereq> GWS majors or certificate students and must have taken GWS 101, 102, or 103 or consent of instructor
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
GEN&WS 535 Women's Global Health and Human Rights Credits: 3
This course will take a human rights approach to global women's health to provide an overview of health issues within the context of a woman's life cycle. It will pay special attention to the socio-cultural and economic factors that play a role in determining women's access to quality basic health care. Prereq: GWS 103 or another global health course
L&S Breadth: Biological or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEN&WS 545 Feminist Theory and Women's Writing in English Credits: 3
Subject will vary. Prereq: 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 547 Theorizing Intersectionality Credits: 3
The aim of this course is to critically examine important issues, questions, and debates regarding intersectionality or the notion that race, gender, and sexuality, and other terrains of difference gain meaning from each other. It is interdisciplinary in its approach. Course materials include texts, films, and other multimedia resources drawn from an array of disciplines including sociology, critical race theory, history, political theory, and cultural studies. Prereq: One of the following: GEN&WS 333, GEN&WS 441, GEN&WS 445, GEN&WS 545, GEN&WS 477, POLI SCI 517, POLI SCI 519 or consent of instructor
Ethnic Studies: Yes  L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Spring

GEN&WS 560 Gender and Education Credits: 3
The impact of gender on educational performance and opportunity and the problems of integrating family and alternative lifestyle needs into educational policy and planning. Prereq: Jr st and background in social sciences or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 601 Sociology of Work, Family, and Gender Credits: 3
Examines the social issues and forces involved in the intersection of work, family, and gender. Considers how and why men's and women's experiences at work and at home differ, and how experiences in one realm affect experiences in the other. Prereq: Intro Soc course (Soc 140, 181, 210, or 211) or Gender & Women's Studies 102
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 611 Gender, Science and Technology Credits: 3
Examination of issues and theories in gender and science. Topics include historical and contemporary studies of technoscientific and medical constructions of sex/gender differences; feminist studies of science, technology, and medicine; proposals of new epistemologies. Prereq: Junior standing and one of Soc 475, G&WS 441, G&WS 445, or G&WS 477, or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 624 African American Women's Activism (19th & 20th Centuries) Credits: 3
Examines Black women's struggles for racial justices; reconsiders conventional notions of leadership, politics and protest. Topics include abolitionism, anti-lynching campaigns, woman suffrage, labor movement, club movement, cultural expressions, civil rights protest, Black feminism/womanism, poverty and welfare rights, environmental racism, etc. Prereq: So st; instr permission required
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 625 Gender, Race and the Civil Rights Movement Credits: 3
This course focuses on the emerging field of gender studies in the scholarship on the post-World War II civil rights movement in the United States. Prereq: Jr st; inst permssion required
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 640 Capstone Seminar in Gender and Women's Studies Credits: 3
Serves as the capstone, synthesizing seminar experience for Gender and Women's Studies majors. Students focus on the major contributions of gender and women's studies scholarship, hone their interdisciplinary skills, and apply their feminist theory knowledge. Course varies thematically each semester. Prereq: Senior standing, a Gen&WS theory course (GEN&WS 333, 440, 441, 445, 449, 477, 545, or 547), Gender and Women's Studies major & consent of instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
GEN&WS 642 Advanced Seminar in LGBT Studies (LGBT Studies Capstone) Credits: 3
Capstone for LGBT studies certificate; culminates certificate work through advanced interdisciplinary readings, analysis and discussion in LGBT studies and completion of a research project. Prereq> Declared LGBT studies cert; Women St/Inter-LS 200; or Women St 340; or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 643 Women and Politics in a Global Context Credits: 3 - 4
Examines in a global comparative context what has facilitated and held back women's political representation and the implications of women's exclusions from public life. It examines the consequences of unequal political representation.
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 644 International Development and Gender Credits: 3
In addition to reviewing gender-within-development theory and practice, this course examines specific gender issues including social status and roles, productive and reproductive work, access to resources, identity and citizenship, empowerment, and intersection of race, class, and ethnicity with gender. Prereq> Grad or Sr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEN&WS 660 Internship in Gender and Women's Studies Credits: 6
The internship program is designed to provide students with opportunities for learning and working in organizations in ways that connect their coursework in gender and women's studies to specific issues in community settings. Prereq> Sr st; women's studies major; & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEN&WS 661 Global Internship in Gender and Women's Studies Credits: 1 - 6
Internship opportunity for learning and working abroad. Connects coursework in gender and women's studies to specific community organizations, educational projects, civic institutions and related missions and issues in selected countries. Prereq> Cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

GEN&WS 664 Women in the Global Economy Credits: 3 - 4
Explores current issues and debates relating to globalization as it affects women.
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEN&WS 677 Critical and Theoretical Perspectives in Black Women's Writings Credits: 3
Analyses and interpretations of literary works by black women writers through historical, philosophical, political, feminist, and other contemporary critical methods. Prereq> Undergrads: 2 crses in Afro-Amer lit above intro level, or equiv in another dept of lit. No prereq for Grads
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEN&WS 679 Visual Culture, Gender and Critical Race Theory Credits: 3
Examines tensions between visual and verbal representations that variably construct and negotiate power relations in racialized human experience. Prereq> 3 crses at 300 level or above in any of the following areas: Afro-Amer studies; art; art hist; com arts; curric & instr
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEN&WS 681 Senior Honors Thesis I Credits: 3
Research and preparation for completing the senior honors capstone experience carried out under the supervision of an advisor in the women's studies program. Prereq> Open to honors majors in women's studies & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 682 Senior Honors Thesis II Credits: 3
Completion of the senior honors capstone project begun in Gender and Women's Studies 681 carried out under the supervision of an advisor in the women's studies program. Prereq> GEN&WS 681 & consent of instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 691 Senior Thesis I Credits: 2 - 3
Research and preparation for the writing of a senior thesis. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
GEN&WS 692 Senior Thesis II Credits: 2 - 3
Senior thesis. Prereq> Women St 691 and cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 699 Directed Study Credits: 1 - 6
Graded on lettered basis. Prereq> Graded on a lettered basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEN&WS 720 Special Topics in Gender and Women's Studies Credits: 1 - 3
Advanced level investigation of some specific topic in gender and women's studies. Prereq> Cons inst
Typically Offered: Occasionally

GEN&WS 732 Psychology of Women Credits: 3
This course covers research and theory in psychology of women. Topics include nonsexist research methods, psychological gender differences, theories of moral development, women of color, mental health and feminist therapy, rape, sexual harassment, and public policy issues. Prereq> Grad st & cons inst
Typically Offered: Occasionally

GEN&WS 735 Health Promotion and Disease Prevention for Women Across the Lifespan Credits: 3
Identification of health concerns for women, recognizing differences among age, socioeconomic, and ethnic groups; synthesis of biophysiological, psychosocial, and cultural influences of such health concerns; analysis and proposal of interventions to promote overall health and to prevent problems among women. Prereq> Grad st and a course in research design or cons inst
Typically Offered: Occasionally

GEN&WS 737 Feminist Theory and Criticism Credits: 3
Feminist theory, with an emphasis on literary and cultural theory and criticism in English. Prereq> Graduate standing
Typically Offered: Occasionally

GEN&WS 760 Sex/Gender-Related Issues in Curriculum and Instruction Credits: 3
A poststructural feminist analysis of educational discourse and practice; examines selected sex/gender issues in curriculum and instruction; explores some implications for classroom teaching of the complex interrelationships between sex/gender, race, social class, sexuality, and ability/disability. Prereq> Cons inst
Typically Offered: Occasionally

GEN&WS 790 Research & Thesis: Master's and Professional Level Credits: 1 - 6
Research and thesis writing for students at the Master's and professional level. Prereq> Graduate student standing and consent of the instructor
Typically Offered: Fall, Spring

GEN&WS 799 Independent Research at the Master's and Professional Level Credits: 1 - 3
Independent research for master's or professional level graduate students. Prereq> Graduate student and consent of the instructor
Typically Offered: Occasionally

GEN&WS 805 Gender Issues in International Educational Policy Credits: 3
Exploration and analysis of recent debates related to gender issues in international educational policy, including the intersection of education and demographic processes, the play of history and culture, and the social construction of gender. Prereq> Grad st or cons inst
Typically Offered: Occasionally

GEN&WS 820 Women and Mental Health Credits: 2
Theory and literature; new models of mental health; new approaches to social work practice with women clients. Prereq> Grad st
Typically Offered: Occasionally

GEN&WS 880 Proseminar: Graduate Study in Gender and Women's Studies Credits: 3
Introduces new graduate students to the breadth of scholarship in Gender and Women's Studies. It also develops particular skills (critical reading, critical writing and basic research) important to graduate level scholarship. Prereq> Grad st
Typically Offered: Fall
GEN&WS 900 Approaches to Research in Women's Studies/Gender Studies Credits: 3
Transdisciplinary approaches to women's studies/gender studies. Emphasizes theoretical and methodological issues, the nature of interdisciplinary work, and the relationship to traditional disciplines, with an international and multicultural focus. Prereq> Grad St
Typically Offered: Occasionally

GEN&WS 903 Seminar in Gender Analysis Credits: 3
An examination of the leading theoretical perspectives on gender relations at micro, meso and macro levels of analysis and applications of these perspectives to specific empirical issues. Prereq> Grad st
Typically Offered: Occasionally

GEN&WS 904 Sociological Perspectives on Gender Credits: 3
Advanced topics in the analysis of gender relations in society. Prereq> Grad st
Typically Offered: Occasionally

GEN&WS 920 Anthropology of Gender Credits: 3
Theoretical and ethnographic approaches to the anthropology of gender, focusing on current works. Topics include sexual inequality, research methods, gender and history, gender and ethnographic writing, cultural constructions of masculinity, sexuality, and gender studies and anthropological theory. Prereq> Grad st
L&S Level: Advanced Typically Offered: Occasionally

GEN&WS 933 Feminist Political Theory Credits: 3
Focuses on how specific schools of feminist thought redefine the political, spanning historical and contemporary feminist political theory. Prereq> Grad St
Typically Offered: Fall, Spring, Summer

GEN&WS 938 History of Sexuality Credits: 3
Using sexuality as a category of historical analysis, examines historiographical, methodological, and theoretical contributions to understanding all aspects of the past. Prereq> Sr st or Grad st, & cons inst
Typically Offered: Occasionally

GEN&WS 950 Seminar: Topics in Gender and Women's Studies Credits: 3
Research seminar on specific topics in gender and women's studies. Prereq> Grad st
Typically Offered: Fall, Spring

GEN&WS 990 Research & Thesis Credits: 1 - 6
Prereq> Grad st and cons inst
Typically Offered: Fall, Spring

GEN&WS 999 Independent Research Credits: 1 - 3
Prereq> Grad st, 3 cred in Gen & WS and cons inst
Typically Offered: Occasionally

GEOGRAPHY

GEOG 101 Introduction to Human Geography Credits: 4
Human geographers explore socio-spatial relations, processes and representations of the world in which we live. This course engages economic, political, urban, socio-cultural and environmental geographic perspectives to investigate patterns and processes that have come to be associated with 'globalization'. Prereq> Open to Fr
General Education: COM B L&S Breadth: Social Science L&S Level: Elementary L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring

GEOG 104 Introduction to Human Geography Credits: 3
Human geographers explore socio-spatial relations, processes and representations of the world in which we live. This course engages economic, political, urban, socio-cultural and environmental geographic perspectives to investigate patterns and processes that have come to be associated with 'globalization'. This course does not carry Com-B credit. Prereq> Open to Fr. Stdts cannot receive cr for both Geog 101 & 104
L&S Breadth: Social Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEOG 120 Global Physical Environments Credits: 3
Global distribution and processes of climate, weather, ecosystems, landforms, and soils, emphasizing interrelationships. Prereq> Open to Fr. Not open to stdts with cr in Geog 127
L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring
GEOG 121 Atmospheric Environment and Society Credits: 2
Changing interactions between humans, other animals and plants, and the atmospheric environment, both in time and space. Prereq> Open to Fr
L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 127 Physical Systems of the Environment Credits: 5
Climatic regimes, landforms, soils, waters and life forms at the earth's surface in terms of energy-transforming processes, locational patterns, and changes through time. Prereq> Open to Freshmen & not open to those with Geog 120, 123, 124, or 125 credit or ILS 132 credit
L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 139 Resources and People Credits: 3 - 4
An introductory exploration into the relationships between humans and the earth's resources, including food, energy, physical materials, water, biota, and landscapes; it considers issues linked to population and scarcity, resource tenure, green consumerism, political economy, environmental ethics, risks and hazards, political ecology, and environmental justice. Prereq> Open to Freshmen
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 170 Our Digital Globe: An Overview of GIScience and its Technology Credits: 3
Non-specialist course providing an overview of the collection, representation and use of geospatial data. Introduces students to geospatial technologies like GPS, Google Earth, satellite imagine, and GIS, and provides a critical understanding of the strengths and limitations of spatial representations (e.g., maps, images). Prereq> 2nd Sem Fr st or Cons Inst
L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 198 Directed Study Credits: 1 - 2
Prereq> Open to Fr & So. Graded on a Cr/N basis; requires cons inst
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 199 Directed Study Credits: 1 - 2
Prereq> Open to Fr & So. Graded on a lettered basis; requires cons inst
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 230 Soil: Ecosystem and Resource Credits: 3
Soils are fundamental to ecosystem science. A systems approach is used to investigate how soils look and function. Topics investigated include soil structure, biology, water, fertility, and taxonomy as well as the human impact on the soil environment. Prereq> Not open to students with credits in Soil Sci 301
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOG 244 Introduction to Southeast Asia: Vietnam to the Philippines Credits: 4
Southeast Asian history, religion, folklore and literatures, educational systems, and politics from the early classical states to contemporary social, literary, and political developments. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 252 The Civilizations of India-Modern Period Credits: 4
Contemporary India society as a joint product of the classical heritage and world-wide movements toward nationalism; social and economic development. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEOG 253 Russia: An Interdisciplinary Survey Credits: 4
Comprehensive interdisciplinary survey of Russian civilization from its beginnings through the present day. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 254 Eastern Europe: An Interdisciplinary Survey Credits: 4
Comprehensive interdisciplinary survey of East European culture, society, politics, and literature from its beginnings to the present day. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
GEOG 260 Latin America: An Introduction Credits: 3 - 4
Latin American culture and society from an interdisciplinary perspective; historical developments from pre-
Columbian times to the present; political movements; economic problems; social change; ecology in tropical Latin
America; legal systems; literature and the arts; cultural contrasts involving the US and Latin America; land reform;
labor movements; capitalism, socialism, imperialism; mass media.
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOG 277 Africa: An Introductory Survey Credits: 4
African society and culture, polity and economy in multidisciplinary perspectives from prehistory and ancient
kingdoms through the colonial period to contemporary developments, including modern nationalism, economic
development and changing social structure. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 301 Geography of Social Organization Credits: 3
Culture, culture group, ethnicity, communication, and allied concepts as these relate to cultural geography.
Prereq> Not open to Fr
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOG 302 Economic Geography: Locational Behavior Credits: 4
Classic location theory with modern extensions. Examination of theoretical statements and selected empirical
examples. Principles of economic regionalization and network analysis with emphasis on spatial implications of the
economic development process. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 303 The Human Role in Changing the Face of the Earth Credits: 3
A view of people in prehistory and through the historical record (to 1900 A.D.) as active agents in the alteration of the
ecosphere. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 305 Introduction to the City Credits: 3 - 4
Analysis of the distributions of cities, their functions, character and relationships with their surrounding regions,
and the areal patterns within cities; the spatial variation of population, economic activity, and land uses. Prereq> So st; qualified Fr admitted with cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOG 309 People, Land and Food: Comparative Study of Agriculture Systems Credits: 3
Introduction to how and why humans have transformed natural landscapes around the world, including tropical
deforestation. Exploration of different agricultural systems, and topics such as food security, land scarcity,
bioenergy and the impacts of food production on the environment. Prereq> Sophomore standing
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 312 Regional Development and Planning Credits: 3
Analysis of the human organization of the environment and an evaluation of those principles of regional science
which have been developed to promote more desirable forms of spatial organization. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 318 Introduction to Geopolitics Credits: 3
Introduction to the contemporary study of geopolitics, featuring the main concepts and research themes
encountered in this field. Examine the formation of geopolitical images of the world, where these images come
from, and how they have shaped our thinking and politics over time. Prereq> Sophomore standing
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOG 319 Environmental Evaluation and Adaptation Credits: 3
The study of how human beings make sense of geographic reality; how they make worlds out of environments.
Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 320 Geomorphology Credits: 3
Principles and analysis of geomorphic processes and resulting land forms. Field trip. Prereq> One of the
following: Geosci 100, 101, 106, 109, 204, Geog 120, 127
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall
GEOG 321 Climatology Credits: 3
Elements and controls of climate and the distribution of world climates. Emphasis on regional dynamic
climatology. Prereq> Geog 120, 121, 125, 127 or ILS 132 or Meteor 100 or cons inst
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

GEOG 323 Science of Climate Change Credits: 3
This is a calculus-based treatment of climate system physics and the mechanisms of modern-day anthropogenic
climate change. By the end of this course, students will understand: a. How solar radiation and rotating fluid
dynamics determine the basic climate state; b. Mechanisms of natural variability and change in climate; c. Why
anthropogenic climate change is occurring; and d. Which scientific uncertainties are most important to estimates of 21st century change. Prereq> PHYS 103, 201 or 207; and MATH 221 not open to students who have enrolled in ATM OCN 425
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

GEOG 325 Analysis of the Physical Environment Credits: 4
Selected associations of natural and human environments illustrative of the broad principles of physical
geography. Practical application of data collection and the use of laboratory and field methods to Wisconsin
examples employing quantitative and nonquantitative analytical methods; field trips; lab section. Prereq> Any
intro crse in phy geog or phy geol or meteor or cons inst
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEOG 326 Landforms-Topics and Regions Credits: 3
Emphasis on natural and human processes that control the morphology of the land and its waterways. When
taught by Knox, major emphasis on surface water hydrology, erosion, sedimentation, and physical characteristics
of streams and rivers. Prereq> Intro phy geog or phy geosci crse, or cons inst
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEOG 329 Landforms and Landscapes of North America Credits: 3
Regional variation of landforms and physical landscapes in North America; processes and forms that give
character to physiographic regions. Prereq> Geog 120 or 127 or Geol 100 or 101 or cons inst
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOG 331 Climatic Environments of the Past Credits: 3
Climatic change at timescales from the last 1,000,000 years to the last 1000 years. Examines how climate
variability arises from interplay between external forcings, feedbacks within the earth system, and (more recently)
human activity. Prereq> Atm Ocn/Geog/Envir St 121, or Geog 120, 123, 124 or 127 or Atm Ocn 100
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

GEOG 332 Global Warming: Science and Impacts Credits: 3
Climate change is underway and will continue into the foreseeable future. This course offers a fundamental
understanding of how and why global warming is happening, and what to expect in the future. Together, we will
investigate and discuss the evidence for change, the science that explains these observations, predicted impacts
on humans and ecosystems, and the societal debate over proposed solutions. Prereq> Geog/IES 120 or 127 or
Atm Ocn 100 or equivalent recommended. Freshmen permitted only with consent of instructor
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOG 336 Our Hazardous Environment Credits: 3
An analysis of the unexpected: hazardous elements of our physical environment such as hurricanes, tornadoes,
floods, earthquakes, etc., their physical characteristics, regional distribution, economic aspects, and human
adjustments. Prereq> Geog/Envir St 120 or Geog/Envir St 127 or cons inst
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEOG 337 Nature, Power and Society Credits: 3
Explores the links between nature, power and society in today's world. The course considers the complex
relationships between humans and the earth's resources, including food, energy, physical materials, water, biota,
and landscapes; it considers issues linked to population and scarcity, resource tenure, green consumerism,
political economy, environmental ethics, risks and hazards, political ecology, and environmental justice. Prereq> Sophomore standing. Not open to students who took Geog/Env 139 in 2010-11, 2011-12 or 2012-13.
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring
GEOG 338 Environmental Biogeography Credits: 3
This course will explore how physical and biological factors affect the distribution of terrestrial biomes, ecosystem types, and biodiversity; as well as the role of disturbance and recent human activities on differences in past and modern day species distributions. Prereq> Geog 120, 127 or consent of instructor
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 339 Environmental Conservation Credits: 4
Examines major environmental conservation approaches in the U.S. and developing countries and how they are influenced by sociopolitical factors, cultural values and scientific understandings of nature. Historical and contemporary cases are explored with emphasis on biodiversity and climate change issues. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOG 340 World Regions in Global Context Credits: 3
Survey of development and change within each of the world¿s regions (e.g., Africa, Southeast Asia). Attention devoted to environment and society; history, economy, and demographic change; culture and politics; future challenges; key actors. Online course. Prereq> Sophomore standing; Open to freshmen with consent of instructor. Not open to students who have received credit for Geog 140
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 342 Geography of Wisconsin Credits: 3
Geography of natural features and cultural resources; field trips on and off campus. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 344 The American West Credits: 3
Regional geography of Western United States: Natural and human characteristics, landscape features, land use issues, perception of area as region. Prereq> Not open to Freshmen
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 345 Ethnicity in North America: A Regional Perspective Credits: 3
An overview of how the processes of migration and settlement of the various racial, ethnic and religious groups in American society have created distinctive regional patterns of pluralism. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 348 Latin America Credits: 4
A topical and historical survey of the cultural ecology and human geography of Middle America and South America. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 349 Europe Credits: 3
A topical overview of people-environment interaction, migration, culture, urbanization, political organization and integration. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOG 353 Russia and the NIS-Topical Analysis Credits: 3
Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEOG 355 Africa, South of the Sahara Credits: 3
Physical and human distributions and interrelationships, with emphasis on the spatial processes and patterns of modernization. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 358 Human Geography of Southeast Asia Credits: 3
This course is designed to introduce intermediate undergraduate students to the Human Geography of Southeast Asia, including the basic geography and history of the region, important political and theoretical issues, and policies and positionings of relevance for understanding the spatiality of the region, including the ways that ethnicity and indigeneity are playing out in Southeast Asia and amongst Southeast Asians in the USA. Prereq> Sophomore standing
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
GEOG 360 Quantitative Methods in Geographical Analysis Credits: 4
Application of descriptive and inferential statistics to geographical problems. Prereq> So st; completion of QRA
General Education:  QR-B  L&S Breadth:  Physical Science  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered:  Spring

GEOG 370 Introduction to Cartography Credits: 4
A broad introduction to cartography emphasizing the theory and practice of map-making. Topics include the basics in mapping (e.g., scale, spatial reference systems, projections), data acquisition, key techniques for thematic mapping, and principles of cartographic abstraction and design. Prereq> Sophomore standing or consent of instructor
L&S Breadth:  Physical Science  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring

GEOG 371 Introduction to Environmental Remote Sensing Credits: 3
Introduction to the Earth as viewed from above, focusing on use of aerial photography and satellite imagery to study the environment. Includes physical processes of electromagnetic radiation, data types and sensing capabilities, methods for interpretation, analysis and mapping, and applications. Prereq> Math 114 & Sophomore standing
L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall

GEOG 372 Intermediate Environmental Remote Sensing Credits: 3
Examines intermediate-level concepts in information extraction, data processing and radiative transfer relevant to remote sensing of the environment. Includes transforms, image correction, classification algorithms and change detection, with emphasis on applications for land use planning and natural resource management. Prereq> Envir St 301 or consent of instructor, sophomore standing
L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered:  Every Other Spring

GEOG 377 An Introduction to Geographic Information Systems Credits: 4
Design, implementation and use of automated procedures for storage, analysis and display of spatial information. Covers data bases, information manipulation and display techniques, software systems and management issues. Case studies. Meets with Civil & Environmental Engineering 357. Prereq> Intro crse in envrnmtl or mapping sci and an intro crse in computer programming or computer concepts
L&S Breadth:  Physical Science  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring

GEOG 378 Introduction to Geocomputing Credits: 3
Introduction to scripting for Geographic Information Science. Geoprocessing with open-source GIS utilities. Phython scripting with ArcGIS and open-source libraries. Prereq> Geog 377 or equivalent (may be taken concurrently)
L&S Level:  Intermediate  L&S Credit:  No degree credit in L&S  Typically Offered:  Fall, Spring

GEOG 401 Seminar Credits: 3
Exploration and analysis of a topic in human geography, including themes involving location analysis, regional and global studies, space and place, religion and morality, and people-environment linkages. Prereq> Appropriate intermediate level course, or cons inst
L&S Breadth:  Social Science  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring

GEOG 420 Glacial and Pleistocene Geology Credits: 3
Principles, characteristics and work of glaciers; events of the Pleistocene. Field trip. Prereq> Geosci 100, 101, 106 or 109 or Geog 120
L&S Breadth:  Physical Science  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring

GEOG 434 People, Wildlife and Landscapes Credits: 3
This course explores the relationship between humans and wildlife amidst diverse landscapes, both historic and contemporary, tropical and temperate. We study how humans shape wild animal populations by modifying physical environments, and by hunting, domesticating and introducing species. Prereq> Geog/Envir St 339
L&S Breadth:  Social Science  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring
This course covers a broad cross-section of American environmental policy by focusing on specific statutes and policy arenas. In this course we will survey the basic elements of American environmental policy and regulation with a particular focus on the specific people, sites and scales at which environmental decision-making happens through primary-source case material. Understanding environmental outcomes in a complex society depends on observing both the structure of regulations and the geographic and social context in which such regulations emerge. This course will maintain a dual focus on (a) the legal and regulatory aspects of environmental regulation and (b) the specific geographic an

L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

The rise of public concern for human well-being in the European nations from preliteracy society to the twentieth century. Greek individualism and Christian charity, the shift from ecclesiastical to secular responsibility, the sanitary movement and development of a scientific basis for public health, and emergence of contemporary public health issues. Prereq> So st

L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

Survey of interactions among people and natural environments from before European colonization to present. Equal attention to problems of ecological change, human ideas, and uses of nature and history of conservation and environmental public policy. Prereq> So st

L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

Subject matter, credits and prerequisites vary. Prereq> Varies

L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

This seminar course surveys qualitative research and methods in geography, including the human subjects review process, research ethics, preparing for fieldwork, participant observation, interviewing, focus groups, filmic experiences, archival research, participatory action research, analyzing field materials and writing styles in qualitative research. Prereq> Junior, Senior or Graduate student standing

L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

Explore the concepts of space and place from the perspective of learning and everyday experience. Examines how space and place emerge out of fundamental human needs, experiences, and ways of thinking. Prereq> Jr st

L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

Explores, and applies, qualitative methods in the field of urban geography. An introduction to debates around the analysis and interpretation of qualitative data is provided, grounded in concrete urban research. Participation in a three-day field course is required. Prereq> Jr st

L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

Various urban empirical regularities and theories which explain them. Prereq> Geog 305 or consent of instructor

L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

Historical geography of urban development in Europe from classical times to the post-Word War II era, with emphasis on changes in built environment, public space and infrastructure, land use, and urban systems. Prereq> Jr st

L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

Historical geography of North American settlement patterns, cultural landscapes, regional identity and heritage. Prereq> Junior standing

L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
GEOG 510 Economic Geography  Credits: 4  
Theoretical aspects of spatial economic distributions and locational analysis. Prereq: Junior standing  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOG 518 Power, Place, Identity  Credits: 3  
Advanced political geography course that explores reconceptualizations of power, place, and identity, as well as the interactive forces at work that continually reshape place-making and the inter-related processes of identification and differentiation. Prereq: So St  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 523 Quaternary Vegetation Dynamics  Credits: 3  
Geographic responses of plant species and terrestrial ecosystems to late-Quaternary environmental change, particularly changes in climate and carbon dioxide. Quarternary vegetation dynamics are relevant to understanding vegetational responses to the 21st-century climate change. Laboratory section emphasizes multivariate data analysis and vegetational modeling. Prereq: Jr st & Geog 120/127 or equiv  
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 524 Advanced Landform Geography  Credits: 3  
Purposes, methods, and content of analysis of landforms, with emphasis on quantitative descriptive regional variation, and functional relationships. Prereq: Cons inst or Jr st  
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 525 Soil Geomorphology  Credits: 3  
Soil development as related to landscape throughout the Quaternary; focusing on the relationship of soils to climate and vegetation, landscape evolution, and time; principles of soil stratigraphy; case histories of soil geomorphic studies; field trips. Prereq: Soil Sci 325 or Geog/Soil Sci 431; & an intermed level crse in geomorphology; or cons inst  
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOG 527 The Quaternary Period  Credits: 3  
Principles of Quaternary studies emphasizing terrestrial records and paleoecology of the past two million years and comparisons with the deep ocean record and models of climatic change. Prereq: 1 intermed-level course in physical geog or geosci; or consent of instructor  
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 528 Past Climates and Climatic Change  Credits: 3  
Climatic change throughout geologic time, especially in the last 10 millennia; mechanisms of change, evidence, and criteria, paleogeography and paleoclimatology, climate models. Prereq: Jr st or one year calculus-based college physics or introduction to weather and climate; or cons inst  
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 531 Global Climates  Credits: 3  
Special topics in climatology; a descriptive and explanatory analysis of the climatic characteristics of each continent, with emphasis on deviations from the world pattern. Prereq: Geog 321 or equiv or cons inst  
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 535 Environmental Geography and Conservation in Developing Countries  Credits: 3  
Analysis of biophysical and human-geographic aspects of environmental modification associated with economic development and social change in developing countries. Includes ecological assessment, geography of economic development, and environmental conservation. Prereq: Geog/Envir St 339 or equiv  
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 536 American Wilderness: Perception and Preservation  Credits: 2  
The wild landscape as a resource; the anatomy of the conservation movement and conservation organizations in the United States; wild landscape reserves on the federal lands; possible rationales for preserving wild landscapes; current controversies. Prereq: Geog 139, 339, or cons inst. So st  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
GEOG 537 Culture and Environment  Credits: 4  
Geographic approaches to culture-nature relationships, including human perception of, use of, and adaptation to the physical environment, with emphasis on traditional subsistence systems; selected topics from contemporary and historical sources. Prereq> Geog/IES 339 or equiv  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 538 The Humid Tropics: Ecology, Subsistence, and Development  Credits: 4  
Description and analysis of humid-tropical ecosystems, with emphasis on the relationships, production potential, and human modification of biotic resources. Prereq> Jr st  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 539 Russia and the CIS: Problems in Human Geography  Credits: 3  
Prereq> Jr st  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOG 553 Development and Environment in Southeast Asia  Credits: 3  
Examines the political, socio-cultural, economic and ecological aspects of contemporary development and human-environment relations in mainland Southeast Asia, applying a critical and theoretically informed perspective, and focusing largely on rural issues. Prereq> Sophomore standing  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOG 557 Advanced Quantitative Methods  Credits: 3  
Selected topics in the analysis of spatial distributions with emphasis on multivariate techniques. Prereq> Geog 360 or equiv; Jr st  
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOG 565 Colloquium for Undergraduate Majors  Credits: 3  
Orientation to geography as a scholarly discipline; its development, objectives, essential concepts, methods of investigation, institutions, opportunities, problems, and trends. Prereq> Geog majors or cons inst  
L&S Breadth: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEOG 566 History of Geographic Thought  Credits: 3  
An analysis of the development and significance of basic geographic concepts and theories. Major emphasis on concepts of place, spatial relations, landscape, and human-environment relations. Prereq> Junior standing  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOG 572 Graphic Design in Cartography  Credits: 3 - 4  
Study of the map as a graphic communication, the technical and perceptual aspects of its organization, symbolic coding, color and lettering. Prereq> Geog 370 or consent of instructor  
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOG 575 Interactive Cartography & Geovisualization  Credits: 4  
Examines emerging topics related to the design of user interfaces for manipulating maps, focusing on new cartographic challenges in Interactive Cartography, Geographic Visualization, and Geovisual Analytics and drawing upon relevant insight in Human-Computer Interaction, Information Visualization, and Usability Engineering. Prereq> Geog 370 and Comp Sci 302, or consent of instructor  
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOG 577 Environmental Modeling with GIS  Credits: 3  
This course focuses on environmental modeling using geographic information systems. The course provides an overview of physical environmental processes and focuses on discussion of the GIS-techniques used to parameterize these processes. The discussion will be illustrated by widely used GIS-based environmental models. Prereq> Geog 377 or equiv & Geog 325 or equiv  
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOG 578 GIS Applications  Credits: 4  
Application and use of GIS techniques in physical and human geography. Includes an introduction to a generic framework of GIS applications, case studies, and student projects. Cases range from urban and regional geography, to marketing geography, and to physical and environmental geography. Prereq> Geog 377 & 370, or equiv  
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
GEOG 579 GIS and Spatial Analysis Credits: 4
Principles and algorithms for spatial analysis in geographic information systems. A theoretical and practical examination of analytical methods used in GIS, including point, line and polygon processing, interpolation, smoothing, spatial overlay and query, network analysis, terrain analysis, and classification. Prereq> Geog 377 or equiv, Geog 360, or consent of instructor
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEOG 602 Internship Credits: 1 - 2
Students may earn no more than two internship credits toward the 30-40 credits in geography. Prereq> Stds should be declared Undergrad majors or Grad stds in geography
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOG 675 Special Topics in Geography Credits: 3
Topics vary. Prereq> Jr, Sr, or Grad st, or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOG 676 Special Topics in Geography Credits: 3
Topics vary. Prereq> Jr, Sr, or Grad st, or cons inst
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOG 681 Senior Honors Thesis Credits: 2 - 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 682 Senior Honors Thesis Credits: 2 - 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 691 Senior Thesis Credits: 2 - 3
Prereq> Sr st and cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 692 Senior Thesis Credits: 2 - 3
Prereq> Sr st and cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 698 Directed Study Credits: 1 - 3
Cr/N. Prereq> Jr or Sr st. Graded on a Cr/N basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 699 Directed Study Credits: 1 - 3
Prereq> Jr or Sr st. Graded on a lettered basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOG 742 International Development Planning Theory Credits: 3
Provides students with a historical and theoretical foundation for critical thinking about international development planning. Prereq> Grad st or cons inst
Typically Offered: Occasionally

GEOG 765 Geographical Inquiry and Analysis: An Introduction Credits: 1
Geographic perspectives and analyses: history of the discipline, issues and research frontiers, interests and perspectives of Madison faculty, structure of graduate study in the department, research facilities and opportunities. Prereq> Grad st
Typically Offered: Fall

GEOG 766 Geographical Inquiry and Analysis: Techniques Credits: 1 - 3
Engaging in geographic research: analysis of successful proposals and published papers and books; different approaches to geographic research; writing of proposals for students' own research. Prereq> Grads: 3 cr, undergrads: 1 cr; or cons inst
Typically Offered: Spring

GEOSCI 100 General Geology Credits: 3
Geologic processes, the structure and history of the earth, and minerals, rocks, fossils, and maps; field trips and discussion section. Prereq> Not open to those who have had Geosci 101, 106 or 109. Open to Fr
L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

GEOSCI 101 General Geology Credits: 5
Processes of the formation of the earth, the evolution of its principal surface and subsurface features, and the interrelationship of humans with the geological environment and materials of the earth's crust. Prereq> Stdts who have taken Geosci 100, 106 or 109 may receive only 2 cr. Open to Fr
L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOSCI 102 Elementary Geology Laboratory Credits: 1
Lab of either Geosci 101 or 201 for major students with deficiencies; by special arrangement. Prereq> Prev crse or con reg in Geosci crse
L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOSCI 102 Climate and Climate Change Credits: 3
This course describes the basic climate principles governing the climate system. It describes the climate and climate variability at present, climate evolution in the past, and the projected climate change into the future. The scientific principles underlying the natural and anthropogenic greenhouse effect and climate model forecasts are elucidated. Prereq> None
L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOSCI 105 Survey of Oceanography Credits: 3 - 4
Nature and behavior of ocean water, interaction of oceans and atmosphere, structure of the ocean floor, life in the oceans, our relationship to the marine environment. Prereq> High school physics or chem recommended. Open to Freshmen
L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOSCI 106 Environmental Geology Credits: 3
Application of geology to problems resulting from the ever more intense use of the earth and its resources. Lecture and discussion. Prereq> Not open to those who have had Geosci 101, 100, or 109. Open to Fr
L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOSCI 107 Life of the Past Credits: 3
Minerals, rocks, geologic time; origin of life; paleobiology, evolution and classification of fossil plants, invertebrates, and vertebrates. Lecture, lab. Field trip optional. Prereq> Not open to those who have had Geosci 204. Open to Fr
L&S Breadth: Biological Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOSCI 110 Evolution and Extinction Credits: 4
Contemporary views of the origin and diversification of life; crises in the history of life, with emphasis on controversies regarding mass extinctions, particularly at the close of the Paleozoic and Mesozoic eras. Prereq> Open to Freshmen
L&S Breadth: Biological Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOSCI 111 Volcanoes and Civilization Credits: 1
An introduction to the impact and influence volcanoes have had on the evolution of the Earth, life, human civilizations, and modern society. Prereq> Open to Fr
L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOSCI 112 Mountains and Moving Plates Credits: 1
An introduction to the Earth's great mountain ranges, the processes that lead to their births and deaths, and the reasons why continental mountain ranges differ dramatically from oceanic mountains and mountains on other planets. Prereq> Open to Fr
L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring
GEOSCI 115 Science Behind the News - The World Around Us Credits: 1 - 2
This internet course will examine the earth and environmental science behind the news with the goal of producing more informed and knowledgeable citizens. The content will vary from semester to semester as topical modules become available. Prereq> Open to Fr. Not open to stdts who have completed other 100-level Geoscience crses
L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOSCI 117 EX-files: Life in the Earth's Extreme Environment Credits: 2
This course will explore the diversity of microbial life forms in modern and ancient geological environments, with a focus on extreme environments of geological origin or relevance. Inquire-based activities will include exploration of unusual aspects of microbial life in everyday settings, as well as preparation and presentation of individual projects. Prereq> Open to Fr
L&S Breadth: Biological Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOSCI 118 Eye in the Sky: Monitoring the Earth by Satellite Credits: 1
L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOSCI 160 Life in the Universe Credits: 2
An examination of the origin and evolution of life in the universe based on our knowledge of astronomy, biology, and geology. Includes discussions on the search for extraterrestrial life and the history of life in our solar system. Prereq> Open to all undergrads
L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOSCI 198 Directed Study Credits: 1 - 3
Prereq> Graded on a Cr/N basis; requires cons inst
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOSCI 199 Directed Study Credits: 1 - 3
Prereq> Graded on a lettered basis; requires cons inst
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOSCI 202 Introduction to Geologic Structures Credits: 4
Introduction to recognition and mapping of geologic structures in the field. Landforms, folds, faults, tectonics, geologic maps, and field instrumentation. Prereq> Geosci 100, 101, 106, 109 or cons inst
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEOSCI 203 Earth Materials Credits: 5
An overview of minerals and the three major groups of rocks: igneous, sedimentary, and metamorphic. Prereq> Geosci 100, 101, 106, 109 or cons inst
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOSCI 204 Geologic Evolution of the Earth Credits: 4
Physical evolution of the earth and its relationship to the development of life through geologic time. Lecture, lab, and field trips. Prereq> Geosci 100, 101, 106, 109 or cons inst
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOSCI 290 Continental Drift and Global Change: A Dance Over the Eons Credits: 3
A one semester course designed to provide an understanding of plate motions, volcanism, and earthquakes, and their effects on the Earth's surface. The above material will be used as a basis for studying the connections between geologic processes and changes in the biosphere and atmosphere over various time scales. Prereq> any 100 level crse in phys, biol or natural sci. Open to Fr
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOSCI 302 Physics and Chemistry of the Earth's Interior Credits: 3
Description of crust, mantle, and core of the earth as determined from geophysical and geochemical methods. Prereq> Geosci 202 & 203
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
GEOSCI 303 Fluids and Sedimentary Processes Credits: 3
Survey of fluid flow and sedimentary processes at and near the surface of the crust. Principal approach is via low-temperature aqueous geochemistry. Prereq> Geosc 203 & 204
L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

GEOSCI 304 Geobiology Credits: 3
An integrative approach to studying the interaction between the atmosphere, hydrosphere, biosphere, and geosphere as they have evolved during earth history. Overarching theme includes ocean-climate system changes, biogeochemical cycles, evolution from microbes to mammals, and critical events in life history. Prereq> Geosc 204 or cons inst
L&S Breadth: Biological Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

GEOSCI 320 Geomorphology Credits: 3
Principles and analysis of geomorphic processes and resulting land forms. Field trip. Prereq> One of the following: Geosci 100, 101, 106, 109, 204, Geog 120, 127
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

GEOSCI 326 Landforms-Topics and Regions Credits: 3
Emphasis on natural and human processes that control the morphology of the land and its waterways. When taught by Knox, major emphasis on surface water hydrology, erosion, sedimentation, and physical characteristics of streams and rivers. Prereq> Intro phy geog or phy geosci crse, or cons inst
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEOSCI 331 Gems: The Science Behind the Sparkle Credits: 1 - 2
This online course covers many of the important aspects of gemology. It explores the formation, collection, properties, and treatment of many popular gemstones. Prereq> Jr st. Stdts who have taken Geosci 306 are not eligible for 331. Geosci 331 does not count toward the geol major
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOSCI 333 The Age of Dinosaurs Credits: 3
This course, intended for non-majors, will survey the evolution and paleobiology of important groups of vertebrates that lived during the Mesozoic Era. Animals that will be covered include dinosaurs, crocodilians, pterosaurs, lizards, turtles, and synapsids.
L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOSCI 345 Special Topics in Paleobiology Credits: 1 - 3
To be given as need and opportunity arise. May be repeated for credit. Prereq> Cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEOSCI 350 Introduction to Geophysics: The Dynamic Earth Credits: 3
Methods of geophysics applied to earth structure and plate tectonics. Principles of seismology, gravity, geodesy, magnetism and heat flow. Prereq> Math 221
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEOSCI 360 Principles of Mineralogy Credits: 3
Minerals, their physical and chemical properties, crystallography, and geologic significance. Prereq> 1 sem college chem or concurrent registration
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

GEOSCI 370 Elementary Petrology Credits: 3
Igneous, sedimentary and metamorphic rocks, studied in hand sample and thin section. Prereq> Geosci 360
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEOSCI 371 Introduction to Environmental Remote Sensing Credits: 3
Introduction to the Earth as viewed from above, focusing on use of aerial photography and satellite imagery to study the environment. Includes physical processes of electromagnetic radiation, data types and sensing capabilities, methods for interpretation, analysis and mapping, and applications. Prereq> Math 114 & Sophomore standing
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall
GEOSCI 372 Intermediate Environmental Remote Sensing Credits: 3
Examines intermediate-level concepts in information extraction, data processing and radiative transfer relevant to remote sensing of the environment. Includes transforms, image correction, classification algorithms and change detection, with emphasis on applications for land use planning and natural resource management. Prereq> Envir St 301 or consent of instructor, sophomore standing
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Spring

GEOSCI 375 Principles of Geochemistry Credits: 3
Provides a chemical basis for understanding the origin, evolution, distribution and interactions of chemical elements and isotopes between the lithosphere, hydrosphere, biosphere, and atmosphere in geological and environmental processes. Prereq> Geosci 360 and Chem 109; and Geosci 370 or con reg; or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOSCI 376 Topics in Geology Credits: 1 - 3
Special topics or discussions of recent research. To be given as the need and opportunity arise. Different sections of this course may be simultaneously offered in two or more areas of geology. May be repeated for credit.
Prereq> Cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOSCI 410 Minerals as a Public Problem Credits: 3
Distribution of mineral resources; present and future problems of mineral supply; conservation of minerals, and mineral resources in relation to national and international policy. Prereq> Open to Fr
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GEOSCI 411 Energy Resources Credits: 3
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEOSCI 420 Glacial and Pleistocene Geology Credits: 3
Principles, characteristics and work of glaciers; events of the Pleistocene. Field trip. Prereq> Geosci 100, 101, 106 or 109 or Geog 120
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOSCI 430 Sedimentology and Stratigraphy Credits: 3
Comprehensive survey of the processes and products of sedimentation, including depositional environments, sedimentary tectonics, sequence stratigraphic principles, and analytical methods. Prereq> Geosci 203 or Geosci 360 & 370; Geosci 204; and Geosci 100, 101 or 106
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOSCI 431 Sedimentary & Stratigraphy Lab Credits: 1
Field- and specimen-based laboratory course in Sedimentology & Stratigraphy; emphasizes qualitative and quantitative description and interpretation of sediments and sedimentary deposits. Prereq> Geosci 204, Geosci 360, Geosci 370
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEOSCI 444 Practical Applications of GPS Surveying Credits: 2
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOSCI 455 Structural Geology Credits: 4
Principles of rock deformation, structures in layered rocks, structural analysis, intrusive structures. Lab: three-dimensional problems involving structural concepts; field trip. Prereq> Geosci 202, 204, one term of physics. Geosci 360 and 370 recommended or concurrent registration
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring
GEOSCI 456 Geologic Field Methods Credits: 2
Theory and techniques of geologic mapping; field trips. Geology 456 cannot be taken in lieu of Geology 459.
Prereq> Geosci 455 must be taken con reg
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

GEOSCI 457 Conducted Field Trip Credits: 2
A one or two week trip primarily for the study of the principles and methods of geologic mapping. Prereq> Cons inst; Geosci 370 or con reg
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

GEOSCI 459 Field Geology Credits: 6
Detailed geologic mapping and solution of related problems in the field. A multi institutional course based at Park City, Utah. Prereq> Geosci 203 or Geosci 360 & 370; Geosci 455; & cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

GEOSCI 462 Geologic Hazards Credits: 3
Recognition, characterization and mitigation of geologic hazards. Topics include: landslides, flooding, coastal hazards, earthquakes and volcanic hazards. Technical reports, group presentations and a final mitigation design project. Prereq> GLE/Civ Eng 330 or Geoscience 455 or GLE/MS&E 474
L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEOSCI 474 Rock Mechanics Credits: 3
Classification of rock masses, stress and strain in rock, elastic and time-dependent behavior of rock, state of stress in rock masses, failure mechanisms, lab testing, geological and engineering applications. Prereq> EMA 201 or 214, 304, or cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

GEOSCI 475 Rock Mechanics Applications to Environmental Problems Credits: 3
Classification of rock for specific engineering purposes, in situ testing, applications to surface mining and slope stability, applications to underground mining and excavations, applications to waste disposal and underground storage, applications to novel methods of in situ mining, applications to earthquakes. Prereq> MS&E 474 or cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

GEOSCI 512 Science and Government Credits: 3 - 4
The effect of science and technology on demands for decisions of public policy related to theory of the role of government. Prereq> Cons inst
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

GEOSCI 514 History of Geologic Thought Credits: 3
Major concepts from earliest to modern times. Prereq> Sr st, Geosci 100 or 101 & 204 or cons inst
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

GEOSCI 515 Principles of Economic Geology Credits: 4
(Open to mining engineering students for 3 cr.) Composition, structure, occurrence, origin, and economic investigation of important groups of mineral deposits; problems of mineral deposition. Prereq> Geosci 203 or Geosci 360 & 370; Geosci 204; or cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

GEOSCI 517 Monsters and Science: A History of Vertebrate Paleontology Credits: 3
This course will explore the history of vertebrate paleontology, concentrating on the 19th through 21st centuries. The shifting and sometimes uncomfortable relations between paleontology and other sciences, the arts and the public will be a major theme of the course. Prereq> Junior standing
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

GEOSCI 523 Quaternary Vegetation Dynamics Credits: 3
Geographic responses of plant species and terrestrial ecosystems to late-Quaternary environmental change, particularly changes in climate and carbon dioxide. Quaternary vegetation dynamics are relevant to understanding vegetational responses to the 21st-century climate change. Laboratory section emphasizes multivariate data analysis and vegetational modeling. Prereq> Jr st & Geog 120/127 or equiv
L&S Breadth: Biological Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring
GEOSCI 524 Advanced Landform Geography Credits: 3
Purposes, methods, and content of analysis of landforms, with emphasis on quantitative descriptive regional variation, and functional relationships. Prereq> Cons inst or Jr st
L&S Breadth: Physical Science   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

GEOSCI 527 The Quaternary Period Credits: 3
Principles of Quaternary studies emphasizing terrestrial records and paleoecology of the past two million years and comparisons with the deep ocean record and models of climatic change. Prereq> 1 intermed-level course in physical geog or geosci; or consent of instructor
L&S Breadth: Physical Science   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

GEOSCI 530 Sedimentary Basins Credits: 3
Origin, evolution, and resource significance of sedimentary basins; tectonic settings and significance, subsidence and thermal histories, basin-scale depositional systems, paleocurrent and provenance analysis, basin types, paleoclimatic influences, petroleum generation, fluid flow. Prereq> Geosci 430
L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Fall

GEOSCI 533 Resources From Space Credits: 3
This is a course on the location, extraction, and use of resources that exist in space. These resources include raw materials for life support, structure, and energy. Prereq> Sr st, 1st-yr grads in engr or physical sci, or cons inst
L&S Level: Intermediate/Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Occasionally

GEOSCI 541 Paleobiology Credits: 3
The evolutionary process as interpreted from the fossil record. Topics include: the study of form; tempo and mode of evolution; levels and mechanisms of evolutionary change; extinction in the fossil record; trends and patterns in the history of life; macroevolution. Prereq> Geosci 304 or 540 or course in introductory biology
L&S Breadth: Biological Science   L&S Level: Intermediate/Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall

GEOSCI 542 Invertebrate Paleontology Credits: 3
The evolutionary history, morphology, and ecology of fossil invertebrates. Labs emphasize fossil identification and recognition of basic morphological features. Prereq> Geosci 107, 110, 204, or a course in introductory biology
L&S Breadth: Biological Science   L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Fall

GEOSCI 550 Geological Oceanography Credits: 3
Geologic and geophysical evidence for the history of the ocean basins and their accumulated sediments. Sediment inputs, dispersal, and deposition in the oceans. Sea floor spreading and evidence for the plate tectonic history of the oceans. Mineral deposits in the deep oceans. Modern techniques in geological oceanography. Prereq> Cons inst
L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Spring

GEOSCI 551 Oceanography: Recent Marine Sediments Credits: 3
Origin, dispersal, composition, and in situ properties of recent clastic and carbonate seafloor deposits. Modern investigations of deep-sea cores, continental shelf and slope deposits, and on interpretation of mutually related oceanographic and sedimentary data. Prereq> Cons inst
L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

GEOSCI 556 Mountain Belts Credits: 3
Examination of interaction of tectonic plates and the resulting structures. Prereq> Geoscience 455
L&S Level: Intermediate/Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

GEOSCI 557 Structural Petrology Credits: 3
Petrographic investigation of rock fabrics and deformation using thin sections. Use of microscopes and U-stage. Prereq> Geosci 203 or Geosci 360 & 370; Geosci 455; or cons inst
L&S Breadth: Physical Science   L&S Level: Intermediate/Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Spring

GEOSCI 594 Introduction to Applied Geophysics Credits: 3
Survey of applied geophysics, including seismic refraction, seismic reflection, electrical resistivity, gravity, and magnetics methods. The course will cover the basic physics of each method and modeling techniques and field procedures. Prereq> 1 yr of college calc, 1 yr of college physics
L&S Level: Intermediate/Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall
GEOSCI 595 Field Methods in Applied and Engineering Geophysics Credits: 1
The application of geophysical field methods for delineating near-surface features and/or structures as applied to engineering, environmental and exploration problems. Prereq> 1 yr coll calc, 1 yr coll physics or EMA 201, 202 & Physics 202, prev or con reg in GLE/Geoscience 594
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEOSCI 610 Geochronology, Timescales, and Rates of Geologic Processes Credits: 3
Application of radioisotopic (Ar-Ar, U-Pb, U-Th, U-He) and cosmogenic (He, Ne, Cl, Be, C) dating methods. Status of geologic, astronomic and paleomagnetic timescales, Chronology of flood basalts, impacts, extinctions, glaciations. Constraints on rates of magmatism, mountain uplift, deformation, erosion, sedimentation. Prereq> Geosci 203 or Geosci 360 & 370 or equiv, or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEOSCI 627 Hydrogeology Credits: 3 - 4
Mathematical treatment of the physical principles governing the flow of groundwater; emphasis on well hydraulics and flow system analysis; problem sets and class projects. Prereq> Intro course in geol, Jr st & Math 221 or equiv
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GEOSCI 629 Contaminant Hydrogeology Credits: 3
Physical and chemical processes governing the transport of solutes in groundwater; application of hydrogeologic and geochemical theory and practice to the protection of aquifers from contamination; problem sets and group projects. Prereq> Geoscience 627 and college level chemistry or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GEOSCI 641 Fractures in Geologic Materials Credits: 3
Principles of fracture mechanics applied to geologic materials and role of fractures in fluid flow. Analysis of faults, dikes, joints, veins, solution surfaces and other fractures. Field trip; presentation and discussion of rock fracture literature; final paper. Prereq> GLE 474 or Geoscience 455
L&S Level: Advanced  L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

GEOSCI 665 X-Ray Crystallography Credits: 3
Fundamentals, theory, application and interpretation of all powder and single crystal techniques. Prereq> Not open to auditors
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GEOSCI 681 Senior Honors Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOSCI 682 Senior Honors Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOSCI 691 Senior Thesis Credits: 3 - 4
The senior thesis involves research conducted in collaboration with a faculty member (non honors students). Prereq> Major in geology and geophysics or geological engineering
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOSCI 692 Senior Thesis Credits: 3 - 4
The senior thesis involves research conducted in collaboration with a faculty member (non honors students). Prereq> Major in geology and geophysics or geological engineering
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOSCI 698 Directed Study Credits: 1 - 6
Prereq> Jr or Sr st. Graded on a Cr/N basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GEOSCI 699 Directed Study Credits: 1 - 6
Prereq> Jr or Sr st. Graded on a lettered basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
**GEOSCI 716 Metalliferous Deposits** Credits: 3
Geologic characteristics; occurrence and origin of deposits of the principal metals and their economic features. Prereq: Geosci 515 or equiv
Typically Offered: Occasionally

**GEOSCI 722 Quaternary Pollen Analysis I** Credits: 3
Application of pollen analysis to the study of sediments of Pleistocene and Recent ages. Prereq: Cons inst
Typically Offered: Occasionally

**GEOSCI 723 Quaternary Pollen Analysis II** Credits: 3
Continuation of 722. Prereq: Geosci 722 or con inst
Typically Offered: Occasionally

**GEOSCI 724 Groundwater Flow Modeling** Credits: 3
An introduction to the principles of modeling groundwater flow systems, with emphasis on regional flow system analysis. Conceptual understanding of governing equations, and the use of finite difference techniques to solve such equations are stressed. Students develop their own codes and are introduced to packaged models, including those developed by the U. S. Geological Survey. Prereq: Geosci 627 or equivalent, calculus
Typically Offered: Occasionally

**GEOSCI 727 Advanced Hydrogeology** Credits: 1 - 3
Advanced topics in Hydrogeology. Prereq: Geosci 627 and cons inst
Typically Offered: Occasionally

**GEOSCI 729 Field Applications in Hydrogeology** Credits: 2
Instruction and practice in instrumentation and techniques used in collection and interpretation of data. Lectures, labs, and field work in and around Madison. Prereq: Geosci 627
Typically Offered: Occasionally

**GEOSCI 732 Geochemistry of Sediments** Credits: 3
Processes involved in the origin of chemical sediments; shales, carbonates, and evaporites. Prereq: Geosci 360, 370
Typically Offered: Occasionally

**GEOSCI 737 Conducted Field Trip** Credits: 2
A 10-day field trip to South Florida carbonate province or to the Ouachita-Arbuquerque area, or to other areas pertinent to sedimentary geology. Lectures precede trip. Prereq: A stratigraphy or sedimentology crse or cons inst
Typically Offered: Occasionally

**GEOSCI 740 Micropaleontology I** Credits: 3
Microscopic fossils; conodonts, foraminifera, and ostracodes in particular; their biology, ecology, evolution, and stratigraphic distribution. Prereq: Geosci 541
Typically Offered: Occasionally

**GEOSCI 750 Problems in Oceanography** Credits: 3
Introduction to techniques used in the study of the biology, chemistry, geology, and physics of the marine environment. Prereq: Cons inst
Typically Offered: Occasionally

**GEOSCI 755 Advanced Structural Geology** Credits: 3
Structures in layered, intrusive, and metamorphic rocks; structural analysis. Prereq: Geosci 455 or equiv
Typically Offered: Occasionally

**GEOSCI 765 Crystal Chemistry** Credits: 3
Principles of crystal chemistry, emphasizing the structure and behavior of rock forming minerals. Prereq: Geosci 360 or equiv or cons inst
Typically Offered: Occasionally

**GEOSCI 771 Igneous Petrology** Credits: 3
Classification, characteristics, and petrogenesis of igneous rocks. Representative rock suites studied in lab. Prereq: Geosci 660 or cons inst
Typically Offered: Occasionally
GEOSCI 772 Metamorphic Petrology Credits: 3
Metamorphic agents and processes; the metamorphic facies concept; illustrative rock suites studied in lab.
Prereq> Geoscience 370
Typically Offered: Occasionally

GEOSCI 776 Interfacial Biogeochemistry Credits: 3
Geochemical basis for understanding reactions at interfaces between mineral surfaces, dissolved organic compounds, biomembranes and aqueous solutions. Topics include sorption, heterogeneous nucleation, mineral dissolution kinetics electric double-layer theory, surface-complexation models, surface spectroscopy, interfacial thermodynamics, biomineralization biomimetic materials synthesis, early evolution of life. Prereq> Cons inst
L&S Level: Advanced
Typically Offered: Occasionally

GEOSCI 777 Electron Microprobe Analysis Credits: 3
Proper use and functioning of electron probe and SEM, their use in microanalysis (WDS, EDS), range of applications, and limitations; plus lab. Prereq> Grad st and cons inst
Typically Offered: Occasionally

GEOSCI 793 Geophysical Inverse Theory Credits: 3
Application of inverse methods to geophysical measurements of the structure of the earth. Prereq> Cons inst
Typically Offered: Occasionally

GEOSCI 796 Physics of the Earth II Credits: 3
Theory and observations of earthquakes, seismic waves and plate tectonics. Prereq> Physics 322, Math 322
Typically Offered: Occasionally

GEOSCI 797 Tectonophysics Credits: 3
Elasticity and flexure of the earth's lithosphere, heat conduction, mantle convection, earthquake mechanisms, rock rheology, and fluid migration in the earth's crust; integration of geophysical observations, laboratory experiments, and theoretical models. Prereq> Cons inst
Typically Offered: Occasionally

GEOSCI 875 Advanced Topics in Geology Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

GEOSCI 911 Limnology and Marine Science Seminar Credits: 1
Sections in various fields of zoological research. Prereq> Grad st in limnology & marine sci grad prgm or cons inst
Typically Offered: Occasionally

GEOSCI 916 Seminar-Metallic Mineral Deposits Credits: 2
Typically Offered: Occasionally

GEOSCI 920 Seminar in Glacial and Pleistocene Geology Credits: 1 - 3
Subjects selected; field trips. Prereq> Geosci 320 & 420 or cons inst
Typically Offered: Occasionally

GEOSCI 929 Seminar-Hydrogeology Credits: 1 - 2
Subject selected. Prereq> Geosci 627 & cons inst
Typically Offered: Occasionally

GEOSCI 931 Seminar-Sedimentology and Marine Geology Credits: 2
Prereq> Geosci 550 or 630 or equiv
Typically Offered: Occasionally

GEOSCI 940 Seminar in Paleontology Credits: 1
Prereq> Geosci 540-541
Typically Offered: Occasionally

GEOSCI 955 Seminar-Structural Geology Credits: 2
Prereq> Geosci 455 or equiv or cons inst
Typically Offered: Occasionally
GEOSCI  970 Seminar-Geochemistry  Credits: 2
Prereq> Cons inst
Typically Offered: Occasionally

GEOSCI  971 Seminar-Igneous Petrology  Credits: 2
Prereq> Geosci 770 or 771 or equiv
Typically Offered: Occasionally

GEOSCI  980 Earth System Science Seminar  Credits: 1
Topics in earth system science. Emphasis on the coupling between atmospheric, oceanic and land surface systems, involving physical geochemical and biological processes, and including interactions with human systems. Prereq> Grad st
Typically Offered: Occasionally

GEOSCI  990 Research  Credits: 1 - 12
Prereq> Cons inst
Typically Offered: Occasionally

GEOSCI  991 Seminar: Geophysics  Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

GEOSCI  999 Advanced Independent Reading  Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

GERMAN

GERMAN  101 First Semester German  Credits: 4
For beginners; emphasis on proficiency in German through speaking, listening, reading, and writing, and on communication in cultural context. Five class hours per week. Prereq> Open to Freshmen
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GERMAN  102 Second Semester German  Credits: 4
Continuation of skill development from 101. Five class hours per week. Prereq> German 101 or appropriate score on placement exam. Open to Freshmen
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GERMAN  111 First Semester Dutch  Credits: 4
For beginners; emphasis on proficiency in Dutch through speaking, listening, reading, and writing, and on communication in cultural context. Four class hours per week. Prereq> Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GERMAN  112 Second Semester Dutch  Credits: 4
Continuation of skill development begun in Dutch 111. Four class hours per week. Prereq> Dutch 111 or cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GERMAN  203 Third Semester German  Credits: 4
Four-skills approach (speaking, listening, writing, reading) centered around authentic texts, recordings, and images. Grammar review, concerted vocabulary expansion, and intensive practice. Prereq> German 102 or appropriate score on placement exam. Open to Freshmen
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

GERMAN  204 Fourth Semester German  Credits: 4
Continuation of skills development from 203. Prereq> German 203 or appropriate score on placement exam. Open to Freshmen
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
GERMAN 213 Third Semester Dutch Credits: 4
Review of Dutch grammar and continuation of systematic vocabulary development. Prereq> Dutch 112 or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GERMAN 214 Fourth Semester Dutch Credits: 4
Reading and discussion of texts dealing with the cultural history of the Netherlands and Flanders as well as samples of modern Dutch fiction. Prereq> Dutch 213 or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GERMAN 221 Introduction to German Literature and Culture I Credits: 3
Readings and discussion of a variety of 20th-century German-language literary and cultural texts such as short stories, plays, and poems, as well as autobiographical writings and essays; introduction to the analysis of literary texts; emphasis on development of reading, speaking, and writing skills. In German. Prereq> German 204 or 225, or placement at 5th-sem level. Open to Fr
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 222 Introduction to German Literature and Culture II Credits: 3
Variety of texts from the late 18th and 19th centuries; emphasis on close reading, techniques of textual analysis, and cultural context. Further improvement in reading, speaking, and writing skills. In German. Prereq> German 221 or cons inst. Open to Fr
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 225 Composition and Conversation I Credits: 3
Speaking and writing about everyday matters and elements of contemporary culture in German-speaking countries; grammar review. Prereq> German 204 or appropriate score on placement exam; may be repeated once only for cr. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 226 Composition and Conversation II Credits: 3 - 4
Continuation of 225 with more advanced materials. Prereq> German 225; may be repeated once only for cr. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 235 Dutch Conversation and Composition Credits: 3
A review of Dutch grammar and vocabulary and intensive development of writing and speaking skills in Dutch. Completion of this course will provide students with a strong linguistic preparation for study in a Dutch-speaking university. Prereq> German 214 or cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 236 Bascom Course Credits: 3
A low-enrollment course developing skills in critical reading, logical thinking, use of evidence, and use of library resources. Emphasis on writing in the conventions of specific fields. Prereq> Successful completion of or exemption from Com A requirement. Open to Fr.
General Education: COM B  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GERMAN 245 Topics in Dutch Life and Culture Credits: 3
Cultural history and traditions of Dutch speaking countries. All readings and lectures in English. Prereq> Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 249 Intermediate German - Speaking and Listening Credits: 3
Drawing mainly on contemporary audio and video materials from German-speaking countries, students will deepen their appreciation of German as a spoken language by learning how native speakers vary their use of sound structures, vocabulary, and grammar according to speech situation. Prereq> German 204 or appropriate UW-System German Placement Test score or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
GERMAN 258 Intermediate German-Reading Credits: 3
Students will develop their reading skills in working with literary and cultural texts from 1800 to the present. The course emphasizes close reading, textual analysis, historical context, and the use of appropriate reading strategies. Prereq: German 204 or appropriate UW-System German Placement Test score or consent of instructor.
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 262 Intermediate German-Writing Credits: 3
This course will strike a balance between individual and collaborative writing and between teacher- and student-guided writing activities. Students’ writings will rely on authentic text models, many with German-specific cultural connotations. Longer-term writing projects will alternate with short-term writing assignments. German 204 or appropriate UW-System German Placement Test score or consent of instructor.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 266 Topics in German and/or Yiddish Culture Credits: 3
Introduction to diverse cultural expressions of German and/or Yiddish speakers worldwide. Readings and lectures in English. Prereq: None.
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 267 Yiddish Song and the Jewish Experience Credits: 3 - 4
Explores Yiddish song as an expression of the modern Jewish experience from Eastern Europe to the US. Covers folk song, popular and art music. Music and readings together provide an analytical framework to examine cultural and historical issues. Prereq: Sophomore standing. For Comm B sections, satisfied Comm A requirement.
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

GERMAN 269 Yiddish Literature and Culture in Europe Credits: 3
Exploration of European Yiddish fiction, poetry, folklore, and cinema, with a focus on works of the 19th and 20th centuries. Prereq: Open to Freshmen.
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GERMAN 270 Language & Immigration in Wisconsin Credits: 3
Migration from abroad and other parts of North America brought and continues to bring myriad languages and dialects to Wisconsin. How and when did these immigrants and their descendants learn English and when and why did they begin to speak only English? How have immigrants shaped how English is spoken in the state? We will do hands-on, original research to find answers to these and related questions about immigrant languages and English past and present in Wisconsin. We’ll examine social and historical issues and issues of linguistic structure, drawing on local histories, archival data, Census records and audio recordings and there are opportunities to do fieldwork in communities across the state.
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GERMAN 271 The German Immigration Experience Credits: 3
Surveys experiences through the centuries of America’s German-speaking immigrants, including their situations in Europe, their reasons for leaving, and their successes and difficulties in their new home. Historical, sociological, linguistic, cultural, and other aspects will be considered. Prereq: Open to Fr.
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GERMAN 272 Nazi Culture Credits: 3
Examines how ideology and new policies influenced cultural life in the Third Reich. Topics include propaganda and entertainment films, music, literature and theater, visual arts and architecture, youth education, and consumer culture specifically in its appeal to women. Prereq: Open to Fr.
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 274 Introduction to German Literature Credits: 6
Intensive introduction to German-language literature from 1750 to the present, and to techniques of literary analysis. Completion of 274 satisfies the 6-credit literature requirement for L & S students. Students may not receive credit for both 258 and 274. Prereq: German 204 with an A, or placement at 5th-semester level and cons inst. Open to Fr.
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
GERMAN 276 Special Topics in German and World Literature/s
Credits: 3
Exploration of diverse world literary traditions, including German. All readings and lectures in English. Prereq:
Sophomore standing
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GERMAN 278 Topics in German Culture
Credits: 3
Introduction to German-speaking cultures. Topics may include Weimar culture, Nazi culture, Berlin, fin-de-siecle
Vienna, minorities, representatives of the Holocaust, Germanic mythology, East Germany, Germans in America.
Readings and lectures in English. Prereq> Open to Fr. Does not fulfill foreign language requirement and cannot
be applied towards German major. Repeatable for cr with different topic
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GERMAN 279 Yiddish Literature and Culture in America
Credits: 3
Exploration of American Yiddish poetry, fiction, theater, and cinema created by European Jews in the United
States. Prereq> Open to Freshmen
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

GERMAN 284 Honors Introduction to German Literature
Credits: 6
Intensive introduction to German-language literature from 1750 to the present, and to techniques of literary
analysis for honors. Completion of 284 satisfies the 6-credit literature requirement for L&S students. Students may
not receive credit for both 258 and 284. Prereq> German 204 with an A, or placement at 5th-semester level &
cons inst. Open to Fr
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 285 Honors Colloquium for German 284
Credits: 1
Introduction to research in German literature. Required of students in the Honors Program. Prereq> Con reg in
German 284
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 298 Directed Study
Credits: 1 - 3
Prereq> Graded on a Cr/N basis; requires cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 299 Directed Study
Credits: 1 - 3
Prereq> Graded on a lettered basis; requires cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

GERMAN 302 Literatur des 18. Jahrhunderts
Credits: 3 - 4
Prereq> German 249, 258, and 262; or German 249 and 274 or 284; or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GERMAN 303 Literatur des 19. Jahrhunderts
Credits: 3 - 4
Prereq> German 249, 258, and 262; or German 249 and 274 or 284; or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GERMAN 305 Literatur des 20. und 21. Jahrhunderts
Credits: 3 - 4
Prereq> German 249, 258, and 262; or German 249 and 274 or 284; or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

GERMAN 311 First Semester Dutch for Graduate Students
Credits: 3
Designed to help graduate students acquire a minimal communication level of proficiency in Dutch through
listening, speaking, reading, and writing. Four class hours per week. Prereq> Grad st
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

GERMAN 312 Second Semester Dutch for Graduate Students
Credits: 3
Continuation of skill development begun in German 111/311. Four class hours per week. Prereq> Grad st and:
German 111 or 311 or cons inst
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring
GERMAN 313 Third Semester Dutch for Graduate Students Credits: 3
A review of Dutch grammar and vocabulary development. Reading and discussion of newspaper articles and modern short stories. Prereq> Grad st and: German 112 or 312 or cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

GERMAN 314 Fourth Semester Dutch for Graduate Students Credits: 3
Reading and discussion of texts dealing with the cultural history of the Netherlands and Flanders as well as samples of modern Dutch fiction. Prereq> Grad st and: German 213 or 312 or cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

Prereq> Cons inst or Hebr St 533
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

HEBR ST 611 Comparative Grammar of Semitic Languages Credits: 2
Application of historical linguistics to Semitic languages. Prereq> One yr study of any Semitic language
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

HEBR ST 631 Readings in Qumran and Rabbinic Hebrew Credits: 2
Elements of mishnaic grammar and lexicography. Selections from Qumran texts, Midrash, Mishnah, and medieval commentaries. Prereq> Cons inst or Hebr St 302
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

HEBR ST 632 Readings in Qumran and Rabbinic Hebrew Credits: 2
Elements of mishnaic grammar and lexicography. Selections from Qumran texts, Midrash, Mishnah, and medieval commentaries. Prereq> Cons inst or Hebr St 631
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

HEBR ST 641 The Book of Ezekiel Credits: 3
Philological and literary study of the Hebrew text. Readings in the ancient translations. Prereq> Hebrew 514 or cons inst
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

HEBR ST 642 The Book of Ezekiel Credits: 3
Continuation of 641. Prereq> Hebrew 641
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

HEBR ST 701 Aramaic I Credits: 3
Grammar and readings in Biblical Aramaic (Daniel, Ezra). Prereq> None
Typically Offered: Fall

HEBR ST 702 Aramaic II Credits: 3
Selections from non-biblical Aramaic texts: Inscriptions, Elephantine letters, Ahiqar, Targumim. Prereq> None
Typically Offered: Spring

HEBR ST 703 Ugaritic Texts Credits: 3
Readings in mythological, administrative, and epistolary texts from Ras Shamra-Ugarit. Prereq> None
Typically Offered: Fall, Spring

HEBR ST 704 Canaanite Dialects Credits: 3
Phoenician, Punic, Moabite, and Hebrew epigraphic texts. Prereq> None
Typically Offered: Fall, Spring

HEBR ST 706 Syriac II Credits: 3
Readings in Peshitta, literary texts. Prereq> None
L&S Breadth: Literature Typically Offered: Spring

HEBR ST 723 Classical Hebrew Linguistics: Historical and Descriptive Credits: 3
The phonology, morphology and syntax of biblical Hebrew; viewed from historical and descriptive linguistic perspectives. Prereq> None
Typically Offered: Fall

HEBR ST 743 Pentateuchal Narratives Credits: 3
Philological and literary study of the Hebrew narratives in Genesis through Deuteronomy, with readings in the ancient translations. Prereq> None
Typically Offered: Occasionally

HEBR ST 744 Pentateuchal Legal Codes Credits: 3
A philological and comparative study, in Hebrew, of legal codes embedded in the narratives of Exodus, Leviticus, and Deuteronomy. Prereq> None
Typically Offered: Occasionally
HEBR ST 751 The Book of Isaiah Credits: 3
Philological and literary study of the Hebrew text. Readings in the ancient translations. Prereq> Hebrew 514 or cons inst
Typically Offered: Fall

HEBR ST 752 The Book of Isaiah Credits: 3
Continuation of 651. Prereq> Hebrew 751
Typically Offered: Spring

HEBR ST 753 Wisdom Literature: Proverbs and Qohelet Credits: 3
Philological and literary study selections from the Hebrew text of Proverbs, Qohelet, and other works. Readings in the ancient translations. Prereq> None
Typically Offered: Fall

HEBR ST 754 Wisdom Literature: Job Credits: 3
Philological and literary study of the Hebrew text of Job. Readings in the ancient translations. Prereq> None
L&S Breadth: Literature  Typically Offered: Spring

HEBR ST 952 Seminar-Biblical Studies Credits: 2
Prereq> Grad st or cons inst
Typically Offered: Occasionally

HEBR ST 953 Seminar in Pentateuchal Criticism Credits: 2
A study of the history and methodology of critical research in the Pentateuch. It will trace the development of non-homiletical Bible studies, with special attention to the Pentateuch, from ancient to modern times. Prereq> 2 yrs of Biblical Hebrew & Grad st, or cons inst
Typically Offered: Occasionally

HEBR ST 955 Studies in the Religion of Ancient Israel Credits: 2
Investigations in the religious history, practice, and thought in Israel in Biblical times. Prereq> 2 yrs of Biblical Hebrew & Grad st, or cons inst
Typically Offered: Occasionally

Evolution of the economic institutions of the Western world from early Middle Ages to the Industrial Revolution. Prereq> Open to All Undergrads
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HISTORY 123 English History: England to 1668 Credits: 3 - 4
Political, economic, social, and cultural history from earliest historic times. Prereq> Open to All Undergrads
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
HISTORY 124 British History: 1688 to the Present Credits: 4
Political, economic, social, and cultural history of Great Britain. Prereq> Open to All Undergrads
L&S Breadth: Humanities or Soc Sci L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

HISTORY 125 Green Screen: Environmental Perspectives through Film Credits: 3
From Teddy Roosevelt's 1909 African safari to the Hollywood blockbuster King Kong, from the world of Walt Disney to The March of the Penguins, cinema has been a powerful force in shaping public and scientific understanding of nature throughout the twentieth and twenty-first century. How can film shed light on changing environmental ideas and beliefs in American thought, politics, and culture? And how can we come to see and appreciate contested issues of race, class, and gender in nature on screen? This course will explore such questions as we come to understand the role of film in helping to define the contours of past, present, and future environmental visions in the United States, and the
L&S Breadth: Humanities or Soc Sci L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Every Other Fall

HISTORY 130 An Introduction to World History Credits: 4
Introduction to major themes in world history. Such themes might include: empire and imperialism, environmental impacts, global trade and globalization, war, migration, gender, race, religion, nationalism, class, and the like. Prereq> None

Southeast Asian history, religion, folklore and literatures, educational systems, and politics from the early classical states to contemporary social, literary, and political developments. Prereq: Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HISTORY 245 Chicana and Latina History Credits: 3
Introduces the cultural, economic, social, and political history of Chicanas and Latinas in the U.S. and focuses on four major themes: contact between different ethnic/racial groups; ideas of nation and nationalism; constructions of identity; and struggles for social justice. Prereq: Open to Fr
Ethnic Studies: Yes  General Education: COM B  L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HISTORY 246 Southeast Asian Refugees of the "Cold" War Credits: 4
In-depth study of the peoples, conflicts, and wars in Cambodia, Laos, and Vietnam, with emphasis on the Cold War era (1945-1990) and on the resulting migration and resettlement of over one million Hmong, Khmer, Lao, and Vietnamese in the United States. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

HISTORY 248 Globalization and Crises Credits: 3 - 4
Since 2008, leaders and politicians have constantly been defining, avoiding and responding to political, economic and cultural crisis. Concern about crises is not new and learning about how people around the world have responded to crises in the past could definitely help us respond to our present crises and perhaps pave the way to a better future. This course will examine various economic, political, cultural and intellectual crises from the early modern period to the present, and focus on how people have tried to make sense of them and go beyond them. At the same time, we will attempt to provide a historical framework that takes into account discussions of globalization avant la lettre, suc
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
As much as we may try to convince ourselves that sport offers an escape from the "real world," constant news of players' strikes, stadium financing controversies, and the lack of diversity in league management remind us that we cannot separate the games we play and watch from the political, social, and cultural contexts in which they are embedded. With this in mind, this course explores how sport has shaped and been shaped by major trends in American social, political, and economic history. Lectures and discussion sections will not focus on player stats or the morning edition of SportsCenter. Instead, students will engage with serious historical arguments and debates about sport's relations.

L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring
HISTORY 264 Dimensions of Material Culture Credits: 4
This course introduces students to the interdisciplinary field of material culture studies. It is intended for students interested in any professional endeavor related to material culture, including careers in museums, galleries, historical societies, historic preservation organizations, and academic institutions. During the semester, students have varied opportunities to engage with and contemplate the material world to which people give meaning and which, in turn, influences their lives. Sessions combine in some way the following: presentations from faculty members and professionals who lecture on a phase of material culture related to his/her own scholarship or other professional work; di
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Spring

Comparative and thematic introduction to diverse Asian religious traditions, ideas and communities, and their relevance to human societies of the past and present. Prereq> None
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 270 Eastern Europe since 1900 Credits: 3 - 4
This class introduces students to the dramatic history of twentieth-century Eastern Europe, a place where imperialism, Nazism, Communism, genocide, democracy, and capitalism all left their mark. The course revolves around three interrelated themes--war, revolution, and society--all of which allow us to place Eastern Europe within broader comparative contexts. In addition to exploring significant political, economic, and cultural changes, we’ll discover how ordinary people—including workers, peasants, women, and children—experienced attempts to change the region and its people. Throughout, we will discuss how East Europeans continue to wrestle with the ghosts of their past today. Prereq>
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

HISTORY 271 History Study Abroad: European History Credits: 1 - 4
Topics vary reflecting the specializations, expertise, and curricula of study abroad programs. Prereq> None
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Not Applicable

HISTORY 272 History Study Abroad: United States History Credits: 1 - 4
Topics vary reflecting the specializations, expertise, and curricula of study abroad programs. Prereq> None
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Not Applicable

HISTORY 273 History Study Abroad: Non-Western History Credits: 1 - 4
Topics vary reflecting the specializations, expertise, and curricula of study abroad programs. Prereq> None
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Not Applicable

HISTORY 274 History Study Abroad: Transnational/Global History Credits: 1 - 4
Topics vary reflecting the specializations, expertise, and curricula of study abroad programs. Prereq> Preparation for and participation in a UW-approved study abroad program
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Not Applicable

HISTORY 275 Topics in LGBT History Credits: 3
Topics in the major issues and themes in lesbian, gay, bisexual, and transgender history, considered across race, class, nationality, and time. Prereq> So st or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HISTORY 276 Chinese Migrations since 1500 Credits: 4
Introduces the comparative history of Chinese migrations to the U.S. and world. Examines patterns of movement; imagined communities through cultural identity, citizenship, queerness, heritage tourism, studying abroad, and transnational adoption; as well as sites of cultural production such as food, literature, architecture, and cinema. Prereq> Sophomore standing or consent of instructor
Ethnic Studies: Yes  L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 350 The First World War and the Shaping of Twentieth-Century Europe  Credits: 3 - 4
The experience and legacy of the First World War has been linked to nearly every social, cultural, and political transformation that marked the short century that followed: mobilization and the experience of total war transformed the relations between governments and citizens, between men and women, and between social classes. Europeans experienced death on an unprecedented scale and came to terms with new forms of industrialized warfare, from the use of poison gas to modern practices of genocide. Europeans now learned to live with violence, both during as well as after the war, and found new ways to mourn or remember the dead. This course will explore such themes. Using a wide variety of co
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

The institutional and social development of France from the age of Louis XIV to the rise of Napoleon. Emphasis on the coming of the Revolution and its historic significance. Prereq: So st
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 359 History of Europe Since 1945 Credits: 3 - 4
Political, cultural, and social history of Europe from the Second World War to the present. Prereq: So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 361 The Emergence of Mod Britain: England 1485-1660 Credits: 3 - 4
Cultural, economic, political, and social issues and developments, foreign relations; the background of empire. Prereq: So st or History 123-124
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

HISTORY 363 China and World War II in Asia Credits: 3 - 4
This course is intended to help students understand World War II from the perspective of Asia. The focus is not only on the American and Japanese roles in the war but also on lesser, often overlooked participants such as China, Korea, and Southeast Asia. The course will focus not only on the diplomatic, political, and military situation of wartime Asia, but also on perceptions and experiences of the war from those most heavily affected by it: those experiencing it on the ground. Understanding this war is critical for helping us understand contemporary Asia. The foundations of the Cold War and the post-Cold War world that we live in today were forged on battlefields in mainland China, Burma, L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Spring

HISTORY 365 Revolution and Nationalism in Ireland, 1780 to the Present Credits: 3 - 4
Analysis of Irish nationalist movements since the late eighteenth century, treating constitutional nationalism, revolutionary republicanism, and the Gaelic cultural movements. Emphasis on the development of Ulster; Unionism in response to political and cultural nationalism; and on the current crisis in Northern Ireland. Prereq: So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
HISTORY 366 Medieval Monasticism Credits: 3 - 4
Christian monasticism from the Egyptian desert fathers through Benedict's Rule to the eventual fragmentation and decline in the later Middle Ages, with attention on the early, formative period. Prereq> So st
L&S Breadth: Literature L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

HISTORY 367 Society and Ideas in Shakespeare's England Credits: 3 - 4
Explores the relationship between social change and the major systems of thought in Tudor and Stuart England. Popular magic and religion, astrology, witchcraft, the varieties of Anglican protestantism and puritan dissent, the scientific revolution and political thought. Prereq> So st
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

HISTORY 368 The Bible in the Middle Ages Credits: 3
Medieval Bible and its shaping effect on medieval culture. Prereq> Sophomore standing or consent of instructor
L&S Breadth: Literature L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

HISTORY 369 English Constitutional History-The Medieval Era Credits: 3 - 4
Government and law of England from the seventh to the fifteenth centuries. Prereq> So st
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

HISTORY 370 English Constitutional History-The Modern Era Credits: 3 - 4
Government and law of England from the fifteenth century to the present. Prereq> So st
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

HISTORY 371 The Modern Arab World Credits: 3 - 4
Social and political forces which have shaped the modern Arab world, viewed in a historical perspective. Prereq> So st
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

HISTORY 373 Modern Political History of the Jews: 1655-1919 Credits: 4
Focuses on the politics of emancipation (the acquisition of civil rights). Analyzes Jewish politics from the beginnings of political integration into European society (1695) to the completion of the process in the aftermath of World War I.
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

This course will focus on Jewish socialist and nationalist political movements, analyzing their origins in imperial Russia in the late 19th century and their development in the Soviet Union, Poland, Palestine/Israel, and the U.S. in the 20th century.
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

HISTORY 375 The Middle East in World Affairs Since 1900 Credits: 3 - 4
History of the international relations of the Middle East from Morocco to Iran in the twentieth century. Prereq> So st
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

HISTORY 376 History of Africa to 1500 Credits: 3 - 4
African societies and cultures from the beginning of the Iron Age to 1800, including studies of state formation, trade, the role of Islam; emphasis on Africa south of the Sahara. Prereq> So st
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

HISTORY 377 History of Africa, 1500 to 1870 Credits: 3 - 4
Studies of Ottoman and European expansion into Africa. The slave trade and unique internal dynamics in African cultures and societies during the period 1500-1870. Prereq> So st
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring
HISTORY 378 History of Africa Since 1870 Credits: 3 - 4
From the European conquest: resistance movements, African social history, the politics of independence. Emphasis on Africa south of the Sahara. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 379 Islam in Iran Credits: 3
History of Islam in Iran from Arab conquest in the seventh century to the Islamic Revolution in 1978-89. Prereq> So st
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HISTORY 390 History of Wisconsin Credits: 3
Emphasis on the political, economic, and social history since 1783. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 391 The Age of Jefferson and Jackson, 1789-1848 Credits: 3 - 4
Establishment of the national government, growth of democracy and the nature of party development, westward expansion, economic change, slavery, and social reform. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 392 Women in History Credits: 3 - 4
An examination of the cultural, social, economic, and political activities of women. Geographical or chronological emphasis varies with instructor. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

Physical growth and social problems of the modern city; city in industrial America; pathology of urban growth; urban reform movements; city and national politics; development of city planning; suburbanization; post-industrial urban America. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 403 Immigration and Assimilation in American History Credits: 3 - 4
Survey of immigration to the U.S. from colonial times to the present with analyses of the roles of ethnic and racial groups in economics and politics, the reactions of earlier arrivals to their successors, the extent of assimilation and contemporary ethnic and racial consciousness. Prereq> So st
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 405 American Cultural History to 1860 Credits: 3 - 4
A survey of popular ideas and cultural patterns in American life from the colonial period to the Civil War. Prereq> So st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 406 American Cultural History, 1860 to the Present Credits: 3 - 4
A survey of popular ideas and cultural patterns in American life since the Civil War. Prereq> So st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
HISTORY 408 American Labor History: 1900-Present Credits: 3 - 4
An examination of work, workers, and working class culture in twentieth century America. Prereq: So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HISTORY 409 History of Central Europe 1648-1871 Credits: 3
Political and social development of Central Europe from the Thirty Years' War to the establishment of the German Empire. Prereq: So st
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 410 History of Germany, 1871 to the Present Credits: 3 - 4
Political and social development of Central Europe from the establishment of the German Empire to the post-World War II period. Prereq: Sophomore standing
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 411 History of American Technology Credits: 3 - 4
Survey of the history of American technology focusing on changing technologies of production and distribution from the colonial period to the near-present. Prereq: So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 412 History of American Education Credits: 3
Place and function of educational endeavors and institutions in American society and among particular groups, such as native Americans, Blacks, the poor, and immigrants. Prereq: Jr st or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 413 Early Medieval Europe, 300-1000 Credits: 3
An introduction to the history and culture of medieval Europe from the decline of Rome to the end of the Viking Age. Prereq: History 115 recommended
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HISTORY 414 20th Century Health Care and Bio-Medical Research in Europe and U.S. Credits: 4
A comparative, historical analysis of the institutionalization of medical care and bio-medical research systems of Britain, France, Germany, Sweden, and the U.S.A. during the twentieth century. Prereq: So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HISTORY 415 History of National Socialism Credits: 3
Political, social, cultural, and economic factors in the rise of the Hitler movement in Germany; impact of National Socialism on German political institutions, economy, social structure, and culture; Nazi foreign policy; long-term consequences. Prereq: So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 416 Eastern European Jews in the United States, 1880s-1930s Credits: 3 - 4
Analyzes the culture and community of the two million Jews who migrated to the United States between 1880 and 1930. Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

HISTORY 417 History of Russia Credits: 3 - 4
Origins and evolution of the Russian people and state; political, economic, and social history; foreign relations as they affect domestic policy; from the ninth century to 1800. Prereq: So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 418 History of Russia Credits: 3 - 4
Russian political, economic, and social history from 1800 to 1917; foreign relations as they affect domestic policy. Prereq: So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
HISTORY 419 History of Soviet Russia Credits: 3 - 4
Major political, economic and social developments in Russia since 1917. Prereq> Jr st or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 420 Russian Social and Intellectual History Credits: 3 - 4
Main currents of Russian social thought in the eighteenth and nineteenth centuries. Recommended that students have some knowledge of modern Russian history or of modern European cultural history. Prereq> So st
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HISTORY 999 Independent Work Credits: 1 - 6
Properly qualified graduate students may, by agreement with the major professor, undertake special out-of-class
work, generally upon research problems, during the recesses of the University. This special work available only to
graduate students who have the master's degree or equiv. Prereq> Grad st & cons inst
Typically Offered: Occasionally

HISTORY OF SCIENCE

HIST SCI 100 Great Scientists Credits: 3
Introduction to historical approaches to scientific thinking and practices, through a close examination of the lives
and works of selected leading scientists. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
HIST SCI 125 Green Screen: Environmental Perspectives through Film Credits: 3
From Teddy Roosevelt's 1909 African safari to the Hollywood blockbuster King Kong, from the world of Walt Disney to The March of the Penguins, cinema has been a powerful force in shaping public and scientific understanding of nature throughout the twentieth and twenty-first century. How can film shed light on changing environmental ideas and beliefs in American thought, politics, and culture? And how can we come to see and appreciate contested issues of race, class, and gender in nature on screen? This course will explore such questions as we come to understand the role of film in helping to define the contours of past, present, and future environmental visions in the United States, and the
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Fall

HIST SCI 133 Biology and Society, 1950 - Today Credits: 3
From medical advancements to environmental crises and global food shortages, the life sciences are implicated in some of the most pressing social issues of our time. This course explores events in the history of biology from the mid-twentieth century to today, and examines how developments in this science have shaped and are shaped by society. In the first unit, we investigate the origins of the institutions, technologies, and styles of practice that characterize contemporary biology, such as the use of mice as "model organisms" for understanding human diseases. The second unit examines biological controversies such as the introduction of genetically modified plants into the food supply. Th

The development of astronomical knowledge and cosmological views from the earliest times to the present, viewed in their social, philosophical, and technological contexts. Prereq> So st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HIST SCI 212 Bodies, Diseases, and Healers: An Introduction to the History of Medicine Credits: 3
A survey of different conceptions of how the body as a site of sickness has been understood from Antiquity to contemporary medicine. Includes consideration of the origins and evolution of public health, the changing social role of healers, and the emergence of the modern "standardized" body in health and illness. Prereq> Open to Freshmen. For honors credit consent required in Hist Sci/Hist Med 284 or consent of instructor
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
HIST SCI 218 History of Twentieth Century American Medicine Credits: 3
This undergraduate lecture course introduces students to the development of the modern American medical care system. Prereq> Open to Fr
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HIST SCI 222 Technology and Social Change in History Credits: 3
Topics in the history of technology of interest to students in engineering and physical sciences. Themes include the social basis of technical change, the impact of technology on everyday life, and ethical issues in technology in the last two centuries. Prereq> Open to Freshmen
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HIST SCI 230 Agriculture and Social Change in Western History Credits: 3
Agricultural practices and social history from prehistoric times to the present. Topics include origins of agriculture, feudalism, agriculture in the Industrial Revolution, farming in America, and the consequences of the Green Revolution. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HIST SCI 250 Special Topics in History of Science (Introductory) Credits: 3
Special topics in the history of science, medicine, and technology, aimed for students at the introductory (fresh-soph) level. Prereq> Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HIST SCI 275 Science, Medicine, and Race: A History Credits: 3
Surveys the medical and scientific constructions of categories of race, placing the development of racial theories in a broad social and political context. The course will pay particular attention to the importance of racial science in slavery and colonialism. Prereq> Open to Fr
Ethnic Studies: Yes  L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit
Typically Offered: Fall

HIST SCI 280 Honors Seminar: Studies in Science, Technology, Medicine Credits: 3
Intensive exploration of issues in the history of science. Emphasis on developing critical thinking about science through formal and informal writing. Prereq> Communications Requirement Part A must be satisfied. Open to non-honors stdts with cons inst. Open to Fr
General Education: COM B  L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring

HIST SCI 281 The Origins of Scientific Thought (Honors) Credits: 1
Honors course for students enrolled concurrently for honors in History of Science 201. Open to non-honors students with consent of instructor. Prereq> Con reg for honors in Hist Sci 201 or cons inst. Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring

HIST SCI 284 Physician in History (Honors) Credits: 1
Honors course for students enrolled concurrently for honors in History of Science 212. Open to non-honors students with consent of instructor. Prereq> Con reg for honors in Hist Sci/ Hist Med 212 or cons inst. Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring

HIST SCI 286 Honors Seminar: Studies in Science, Technology, Medicine Credits: 3
Intensive exploration of issues in the history of science. Emphasis on developing critical thinking about science through discussion of readings and written exercises. Open to non-honors students with cons inst. Prereq> Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring

HIST SCI 305 Development of Economic Thought Credits: 3 - 4
Development of economic thought from the middle ages to the present; emphasis on major schools of thought including Classical, Marxist, Neo-Classical, and Keynesian schools. Prereq> Any two intro econ courses or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
HIST SCI 322 Ancient and Medieval Science Credits: 3
Scientific ideas and institutions from the beginnings of Greek philosophy to the Renaissance. Prereq> Jr st or cons inst. Grads must enroll concurrently in Hist Sci 622
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

HIST SCI 323 The Scientific Revolution: From Copernicus to Newton Credits: 3
An introduction to the formative period of modern science, including major ideas and events in the physical and life sciences from Copernicus to Newton. Prereq> Jr st or cons inst. Grads enroll concurrently in Hist Sci 623
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

HIST SCI 324 Science in the Enlightenment Credits: 3
Development and triumph of Newton's gravitational law; the conceptual revolution in chemistry; earth history and the move from religious to natural cosmologies. 4th credit requires extra work. Prereq> Jr st
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

HIST SCI 325 History of Physics: The Classical Period Credits: 3
Major themes in the development of physics in the eighteenth and nineteenth centuries. Prereq> Jr st
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

HIST SCI 326 History of Physics: The Modern Period Credits: 3
Major themes in the development of physics in the twentieth century. Prereq> Jr st
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

HIST SCI 331 Science, Medicine and Religion Credits: 3 - 4
Science, medicine and religion from antiquity to the present, with emphasis on Western civilization. Prereq> Jr st and cons inst
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

HIST SCI 333 History of Modern Biology Credits: 3
Survey of major developments in biology and related sciences ca. 1700-1950. Topics include morphology and embryology; evolutionary theory, ecology, and genetics; physiology and recent experimental biology. Prereq> Jr st or cons inst
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

HIST SCI 337 History of Technology Credits: 3
A survey of Western technology within its social and cultural context during the past 1000 years. Topics include technology in European expansion, the industrial revolution, and the rise of the United States as a technological superpower. Prereq> Jr st or cons inst. Grads must enroll concurrently in Hist Sci 637
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

HIST SCI 339 Technology and Its Critics Since World War II Credits: 3
Examines expert and popular criticism of technology from World War II to the present. Topics include atomic fallout, consumer society, Ralph Nader's critique of auto safety, environmentalism, the movement against nuclear power, critics in the counterculture, and appropriate technology. Prereq> Jr st or cons inst. Grad stdts must enroll concurrently in Hist Sci 639
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

HIST SCI 343 The Darwinian Revolution Credits: 3
Scientific, social, religious and related dimensions of the evolution hypothesis from predarwinian speculation and Darwin's own work to later support, criticism and continuing investigation. Coverage reaches into the twentieth century. Prereq> Jr st or cons inst
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

HIST SCI 350 Special Topics in the History of Science Credits: 2 - 3
Prereq> So honors or Jr st
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally
HIST SCI 353 History of Ecology Credits: 3
The development of the science of ecology and related scientific issues and social attitudes, with a primary emphasis on developments from the late nineteenth century to the present. Prereq: Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HIST SCI 356 Islam, Science & Technology, and the Environment Credits: 3 - 4
Survey of Muslim religious understandings of science, technology, nature and environment. Lectures and readings present a global perspective through case studies, covering sources such as the Qur'an, theology and law, and traditions of esoteric piety (mysticism), and historical and contemporary issues like medical ethics, virtual realities, and environmental change, challenge and crisis. Prereq: Sophomore standing
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Fall

HIST SCI 363 Science, Philosophy & Poetry in Middle Ages-Tradition of Liberal Arts Credits: 3 - 4
An investigation of the seven liberal arts, with attention given to their interrelationships and place in medieval educational theory. Prereq: Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HIST SCI 371 History of Cartography Credits: 3
The art and science of mapmaking from the classical period to the present. Prereq: So st or cons inst
General Education: COM B  L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HIST SCI 394 Science in America Credits: 3
From the colonial period to the present; emphasis on the development of scientific institutions and the influence of science on American life. Prereq: Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HIST SCI 401 History of Pharmacy Credits: 2
Pharmaceutical field, from antiquity to modern medical care; professional; structuring in principal countries of the West. Prereq: Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

HIST SCI 411 History of American Technology Credits: 3 - 4
Survey of the history of American technology focusing on changing technologies of production and distribution from the colonial period to the near-present. Prereq: So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HIST SCI 431 Childbirth in the United States Credits: 3
American women's childbirth experiences from the colonial period to the present. Childbirth as a cultural as well as a biological event. Basic physiological information for understanding and evaluating changing approaches to pregnancy and childbirth. Prereq: Women St 103 or 430 or equiv; or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

HIST SCI 444 Health and Social Welfare in Western Society Credits: 3
The rise of public concern for human well-being in the European nations from preliterate society to the twentieth century. Greek individualism and Christian charity, the shift from ecclesiastical to secular responsibility, the sanitary movement and development of a scientific basis for public health, and emergence of contemporary public health issues. Prereq: So st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HIST SCI 473 History of Mathematics Credits: 3
An historical survey of the main lines of mathematical development. Prereq: Cons inst
L&S Breadth: Humanities or Nat Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

HIST SCI 504 Society and Health Care in American History Credits: 3
Lecture-seminar. Health care in America since the colonial period; emphasis on social developments. Prereq: Jr st & cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
HIST SCI 507 Health, Disease and Healing I Credits: 3 - 4
Medicine in Europe from antiquity to the 18th century, investigating changes in medical ideas, institutions, practices, and organization. Prereq> Jr st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HIST SCI 508 Health, Disease and Healing II Credits: 3 - 4
Medicine in Europe from the 18th century to mid-20th century, investigating changes in disease and demography, state interest in health care, the medical professions, and both scientific and alternative medical ideas. Prereq> Jr st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HIST SCI 509 The Development of Public Health in America Credits: 3
Seminar. Health problems in the U.S. from the colonial period to the twentieth century; efforts made toward their solutions. Prereq> Jr st & cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HIST SCI 512 Galileo Galilei: Life, Writings, and Interpretations Credits: 3 - 4
Galileo's life and writings in political and cultural context. Special attention to the theory of motion, telescopic discoveries, condemnation by the Inquisition (including primary documents), and to contrasting interpretations of his work, motivations, and contributions. Prereq> So honors or Jr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HIST SCI 513 Environment and Health in Global Perspective Credits: 3
Explores the historical relationships between environmental change and human health from the 17th through the 20th century. Topics include colonialism and disease, medical geography, urban pollution and reform, workplace hazards, environmental risk, and the anti-toxics and environmental justice movements. Prereq> Jr st
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

HIST SCI 514 History of Geologic Thought Credits: 3
Major concepts from earliest to modern times. Prereq> Sr st, Geosci 100 or 101 & 204 or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HIST SCI 523 Race, American Medicine and Public Health Credits: 3
The course will provide historical perspectives on current dilemmas facing black patients and health care professionals. Prereq> Jr or Sr st
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HIST SCI 524 The Medical History of Sex and Sexuality Credits: 3
Examines the changing place of medicine and scientific authority in public and private sexual lives. Highlights the role of medicine in defining appropriate sexual behavior, understanding the cause of sexual deviance, and treating sexual problems and diseases. Prereq> Prev history (incl med hist & hist sci) crse preferred
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

HIST SCI 531 Women and Health in American History Credits: 3
Women as patients and as health professionals in America from the colonial period to the present. Prereq> Jr st & cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HIST SCI 532 The History of the (American) Body Credits: 3
This course demonstrates that human bodies have social and cultural histories. It will highlight the social values placed on different bodies, the changing social expectations bodies create, and the role of science and medicine in creating the cultural meanings of bodies. Prereq> Women St 103 or other women's studies crse required; prev hist (incl med hist & hist sci) crse preferred
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

HIST SCI 536 The History of the Social Sciences Credits: 3
Development of the social and behavioral sciences with emphasis on their interrelationships and larger intellectual background. Prereq> Jr st or cons inst. Not open to stdts who have had or are taking Hist of Science 205
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
HIST SCI 543 Doctors and Delusions: Madness and Medicine in the Modern Era Credits: 3
Medical approaches to mental illness from 1750 to the present. Emphasis on how tension between biomedical and socio-environmental theories about psychopathology have marked modern psychiatry. Focus on Europe and the United States with global and comparative dimensions. Prereq> Jr st or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

HIST SCI 550 Medical Technologies in Historical Perspective Credits: 3
Focusing upon the 18th- to 21st-century U. S. and building upon earlier European history, the course explores the ways that a range of technologies - e.g. stethoscopes, spirometers, x-rays, hospital design, pharmaceuticals, gene and cell therapies, telemedicine, etc. - have shaped medicine and invited social critique. Prereq> Junior/Senior standing or consent of instructor
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

HIST SCI 553 International Health and Global Society Credits: 3
Major problems in international health from 1750 to the present. Focus on disease epidemiology and ecology; political economy of health; migration; quarantine; race, ethnicity, and health care; international health research; cross-cultural healing; mental and maternal health; growth of international health organizations. Prereq> Jr or Sr st, or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

HIST SCI 554 A History of Western Disability Credits: 3
Offers a wide range of arguments about the nature of disability, from pre-history to the 21st century. Explores the history of disability in Western thought and practice and the formulation of personhood, citizenship, and social well being. Prereq> None
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

HIST SCI 555 Undergraduate Seminar in History of Science Credits: 3
Introduction to research in history of science. Prereq> Hist of sci majors only-initial preference to Srs
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

HIST SCI 561 Greek and Roman Medicine and Pharmacy Credits: 3
Greek and Roman medicine and drug lore from the Pre-Socratics to Oribasius (c. 600 B.C. - A.D. 350), including the backgrounds of ancient Egyptian and Mesopotamian medicine. Prereq> Jr or Sr st, or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

HIST SCI 562 Byzantine Medicine and Pharmacy Credits: 3
Byzantine and Islamic medicine and drug lore from Oribasius to the beginnings of the Italian Renaissance (c. 350 - c. 1400 A.D.). Prereq> Jr or Sr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

HIST SCI 564 Disease, Medicine and Public Health in the History of Latin America and the Caribbean Credits: 3
This course examines the history of illness and medical practice in Latin America and the Caribbean from the colonial era until the present. Using an interdisciplinary set of sources, students will explore the different meanings of disease, body normativity, medical practice, and ideas about public health across different historical circumstances in the region. Prereq> Junior standing or above. Include Graduate and Professional level
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

HIST SCI 567 Western Medicine and Pharmacy in the Middle Ages Credits: 3
Learned medicine and pharmacy in western society from late antiquity to the beginning of the early modern period (c. 350 - c. 1500 A.D.). Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

HIST SCI 575 Clinical Medicine Since 1750 Credits: 3
Lecture-Seminar. Development of clinical medicine in Europe and America from the eighteenth to the twentieth century. Prereq> Jr st & cons inst. Previous hist of medicine crse desirable
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
HIST SCI 615 The History of Evolutionary Thought Credits: 3
Biological and geological foundations, preliminary speculations, the Darwinian synthesis, and its substantiation.
Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HIST SCI 622 Studies in Ancient and Medieval Science Credits: 1
Advanced readings in primary and secondary literature of the history of ancient and medieval science, with
emphasis on historiographic issues.  Prereq> Grad st; con reg in Hist Sci 322 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HIST SCI 623 Studies in Early Modern Science Credits: 1
Advanced readings in primary and secondary literature of the history of the 16th-17th century European science,
with emphasis on current historiographic issues.  Prereq> Grad st; con reg in Hist Sci 323 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HIST SCI 637 Studies in History of Technology Credits: 1
Advanced readings in primary and secondary literature of the history of technology, with emphasis on
historiographic issues.  Prereq> Grad st; con reg in Hist Sci 337 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HIST SCI 639 Studies in Technology & Its Critics Since World War II Credits: 1
Graduate readings and discussion on expert and popular criticism of technology from World War II to the present.
Prereq> Grad st; con reg in Hist Sci 339
L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

HIST SCI 668 Topics in History of Medicine Credits: 3
Upper-level special topics course in the history of medicine.  Prereq> Jr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HIST SCI 681 Senior Honors Thesis Credits: 3
Honors thesis for history of science majors.  Prereq> Open to honors majors in hist sci, cons inst required
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HIST SCI 682 Senior Honors Thesis Credits: 3
Honors thesis for history of science majors.  Continuation of 681.  Prereq> Open to honors majors in hist sci, cons inst required
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HIST SCI 691 Senior Thesis Credits: 3
Senior thesis for history of science majors.  Research and writing on an original topic.  Prereq> Open to hist sci
majors, cons inst required
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HIST SCI 692 Senior Thesis Credits: 3
Senior thesis for history of science majors.  Continuation of 691.  Prereq> Open to hist sci majors, cons inst required
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HIST SCI 698 Directed Study Credits: 1 - 3
Cr/N.  Prereq> Jr st.  Graded on a Cr/N basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HIST SCI 699 Directed Study Credits: 1 - 3
Prereq> Jr st.  Graded on a lettered basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

HIST SCI 713 Studies in Environment and Health Credits: 1
Advanced readings in primary and secondary literature of environment and health, with emphasis on current
historiographic issues.  Prereq> Grad st, or con reg in Hist Med 513 or cons inst
Typically Offered: Occasionally
HIST SCI 720 Proseminar: Historiography and Methods  Credits: 3
Philosophies, methods, and sources in the history of science, and their relations to the current state of scholarship.  Prereq> Grad st
Typically Offered: Occasionally

HIST SCI 743 Doctors and Delusions: Madness and Medicine in the Modern Era  Credits: 1
Advanced readings in primary and secondary literature of the history of psychiatry, with emphasis on historiographical issues.  Prereq> Grad st & con reg in Med Hist 543, or cons inst
Typically Offered: Occasionally

HIST SCI 903 Seminar: Medieval, Renaissance, and 17th Century Science  Credits: 3
Prereq> Grad st or cons inst
Typically Offered: Occasionally

HIST SCI 905 Seminar Modern Physical Science  Credits: 3
Prereq> Grad st or cons inst
Typically Offered: Occasionally

HIST SCI 907 Seminar: History of Technology  Credits: 3
Research and readings on a topic of current interest in history of technology.  Prereq> Grad st
Typically Offered: Occasionally

HIST SCI 909 History of Biology and Medicine  Credits: 3
Prereq> Grad st or cons inst
Typically Offered: Occasionally

HIST SCI 911 Seminar-Eighteenth Century Science  Credits: 3
Prereq> Grad st or cons inst
Typically Offered: Occasionally

HIST SCI 913 Seminar-Social Aspects in the Development of Science  Credits: 3
Prereq> Grad st or cons inst
Typically Offered: Occasionally

HIST SCI 915 Seminar: Science in America  Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

HIST SCI 919 Graduate Studies in Medical History  Credits: 3
Three seminars analyzing the scientific and social aspects of the development of modern medicine in Europe and America; one seminar exclusively on public health.  Prereq> Grad st and cons inst
Typically Offered: Occasionally

HIST SCI 921 Seminar-Special Topics  Credits: 3
Offered occasionally. Topics not treated in regular courses.  Prereq> Grad st or cons inst
Typically Offered: Occasionally

HIST SCI 925 Seminar: Research and Thesis  Credits: 1 - 3
Prereq> Grad st and cons inst
Typically Offered: Occasionally

HIST SCI 950 History of Science Colloquium  Credits: 0 - 1
Intended for graduate majors in History of Science and required of graduate majors in History of Science during their first two semesters.  Prereq> History of Science major; Grad st
L&S Level: Advanced  Typically Offered: Occasionally

HIST SCI 990 Research and Thesis  Credits: 1 - 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

HIST SCI 999 Independent Work  Credits: 1 - 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally
INTEGRATED LIBERAL STUDIES

ILS 126 Principles of Environmental Science Credits: 4
This course relates principles of environmental science to our daily activities, with an eye to sustainability, conservation, and systems thinking. It introduces science as a process of inquiry and discovery rather than just a pre-established set of facts. Topics relate to energy, water, and land use, and include food, electric power, materials, buildings, transportation, and waste. Prereq> Open to Freshmen
L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ILS 138 CRC First-Year Seminar: Foundations of a Liberal Arts Education Credits: 1
Students explore stereotypes of, and update their conceptions of a "liberal arts education" and its value in today's world. Students attend various events around campus and within CRC, and discover the recourses of the University while developing community with others. Prereq> Must be a resident of Chadbourne Residential College. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ILS 150 Ways of Knowing Credits: 1
Freshmen are exposed to a variety of scholarly topics from outstanding faculty campus-wide as well as small group seminars led by faculty. Students are encouraged to explore the possibility of a research experience in their degree program. Prereq> Open to Fr only
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

ILS 153 Ways of Knowing in the Sciences Credits: 4
Introduction to science as a process of inquiry and discovery, not as a pre-established set of facts. Emphasizes hands-on learning in both laboratory and lecture environments with small group work and interactive discussion. Prereq> Open to Fr
L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 157 Bradley Roundtable Seminar Credits: 1
The Bradley roundtable seminar addresses various topics of interest to the residents of the Bradley Learning Community. Prereq> Open to Fr. Students must be residents of the Bradley Learning Community
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 170 Creativity and the Civic-Minded Culture Credits: 3
The course is designed to encourage and cultivate a sense of civic responsibility, social awareness and develop action-steps for using the arts and other creative enterprises as tools for social change. Students will explore the social, cultural and political parallels between the performing arts and creative design disciplines using real life case studies and dramatic narratives to better understand the interplay of the creative process and civic engagement. In addition, students are expected to nurture and refine capacities that will enable them to address and better understand the origin of societal concerns regarding race, class and difference. It is hoped that students will also deve
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ILS 198 Directed Study Credits: 1 - 3
Prereq> Graded on a Cr/N basis; requires cons inst and con reg in two ILS courses
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 199 Directed Study Credits: 1 - 3
Prereq> Graded on a lettered basis; requires cons inst & con reg in 2 ILS courses. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 200 Critical Thinking and Expression Credits: 3
The three modes of argument and expression: verbal, visual, numerical. Critical thinking about how these modes are structured and used. Practice in, and interpretation of, the three modes. Prereq> Prev or con reg in another ILS course. Open to Fr
General Education: COM B  L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring
ILS 201 Western Culture: Science, Technology, Philosophy I Credits: 3
Western science and technology in the making. Major developments viewed in philosophical and social context, from antiquity to 17th century. Cannot be taken by students who have taken History of Science 201 or 403. Prereq> Open to Fr
L&S Breadth: Natural Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 202 Western Culture: Science, Technology, Philosophy II Credits: 3
Western science and technology in the making. Major developments viewed in philosophical and social context from the 17th to early twentieth century. Cannot be taken by students who have taken History of Science 202 or 404. Prereq> Open to Fr
L&S Breadth: Natural Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 203 Western Culture: Literature and the Arts I Credits: 3
The development of literature and the arts in the ancient and medieval world: Akhnaton's Egypt, Homer's Troy, Euripides' Athens, Virgil's Rome, Dante's Florence. Literature and art in the context of society and ideas. Prereq> Open to All Undergrads
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ILS 204 Western Culture: Literature and the Arts II Credits: 3 - 4
The development of literature and the arts from the Renaissance to the modern period: such figures as Shakespeare and Michelangelo through T.S. Eliot and Picasso. Literature and art in the context of society and ideas. Sections of this course offered for 3 credits do not count for Comm B: only sections offered for 4 credits may carry the Comm B section-level designation. Students are strongly encouraged to complete Comm A before enrolling in a Comm B section. Prereq> None
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: None

ILS 205 Western Culture: Political, Economic, and Social Thought I Credits: 3
The development of Western political, economic and social thought, from its origins in classic Greece and the Judaeo-Christian tradition, through Rome and the Medieval period, to the Renaissance and Reformation. Prereq> Open to All Undergrads
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 206 Western Culture: Political, Economic, and Social Thought II Credits: 3
The development of Western political, economic and social thought from the Reformation to the present day: the origins, logic and evolution of liberalism, Marxism, and organic conservatism as the principal systems of thought of the modern age. Prereq> Open to All Undergrads
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 207 History of Western Culture I Credits: 3
The historical development of Western civilization through the Renaissance. Emphasis on major institutions and the social context of ideas. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ILS 208 History of Western Culture II Credits: 3
The historical development of Western civilization and culture since the Renaissance. Emphasis on major institutions and the social context of ideas. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ILS 209 Introduction to Global Cultures Credits: 3
Introduction to the comparative study of world cultures from an interdisciplinary perspective. Cultures selected for consideration may vary from year to year. Consideration of such topics as literary and artistic representation, the life cycle, the idea of justice, religious beliefs. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ILS 213 American Culture Credits: 3
Prereq> ILS So st & con reg in another ILS course
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
ILS 234 Genres of Western Religious Writing  Credits: 3  
Writing intensive course based on the conventions in which Western writers have expressed religious ideas.  
Readings from Jewish, Christian, and other spiritualities.  
Prereq> Successful completion of or exemption from Com A requirement. Open to Fr  
General Education:  COM B  L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  
Typically Offered: Spring

ILS 236 Bascom Course  Credits: 3  
A low-enrollment course developing skills in critical reading, logical thinking, use of evidence, and use of library resources. Emphasis on writing in the conventions of specific fields.  
Prereq> Successful completion of or exemption from Com A requirement. Open to Fr & So only; or cons inst  
General Education:  COM B  L&S Level: Elementary  L&S Credit: Counts for LAS credit  
Typically Offered: Occasionally

ILS 251 Contemporary Physical Sciences  Credits: 3  
Twentieth century physical theory and its application in science and technology. Relativity and the quantum theory; modern cosmology and astrophysics; the quantum basis of chemistry and molecular biology; nuclear physics and nuclear power technology; lasers. Philosophical problems connected with these theories are addressed.  
Prereq> ILS 202 or Hist Sci 201-202 or cons inst  
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  
Typically Offered: Spring

ILS 252 Contemporary Life Sciences  Credits: 3  
A systems oriented approach to the interrelation of plants and humans in their evolution and cultural development; a historical geographic perspective concluding with a consideration of ecosystems in twentieth century America.  
Prereq> Open to All Undergrads  
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  
Typically Offered: Fall

ILS 253 Literature and Society  Credits: 3  
Representative episodes in the interaction of literature and society, organized either around a set of social institutions and their literary connections or around a set of literary forms and their social connections.  
Prereq> So st or cons inst  
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  
Typically Offered: Fall, Spring

ILS 254 Literature and Science  Credits: 3  
Examination of the interactions between science, technology, and literature.  
Prereq> Open to Fr. ILS crse  
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  
Typically Offered: Fall, Spring

ILS 271 Pre-Copernican Astronomy and Cosmology in Crosscultural Perspective  Credits: 3  
Astronomy and cosmology, from the cultures of ancient Egypt, Mesopotamia, Greece, India, China and Mesoamerica, through the Arabic and Latin Middle Ages, to Copernicus. Attention to cross-cultural transmission and appropriation of techniques and data; comparisons and contrasts among methods, purposes, and organizing metaphors.  
Prereq> ILS 201 or 202 or 251 or cons inst  
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  
Typically Offered: Occasionally

ILS 275 Special Topics in Integrated Liberal Studies  Credits: 3  
Interdisciplinary themes and issues from the ILS program. Topics are footnoted in timetable.  
Prereq> Three cr in an ILS crse  
L&S Breadth: Interdivisional  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  
Typically Offered: Fall, Spring

ILS 284 Independent Reading-Honors  Credits: 1 - 3  
Prereq> May be elected for hnrs cr in any ILS area by 2nd sem ILS So honors program student with cons inst  
L&S Breadth: Interdivisional  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  
Typically Offered: Occasionally

ILS 298 Directed Study  Credits: 1 - 3  
Prereq> Jr st. Graded on a Cr/N basis; requires cons inst  
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  
Typically Offered: Occasionally

ILS 299 Directed Study  Credits: 1 - 3  
Prereq> Jr st. Graded on a lettered basis; requires cons inst  
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  
Typically Offered: Occasionally
ILS 338 Peer Mentoring for First-Year Liberal Education Seminar Credits: 2
A mentoring and supervision class for CRC Peer Mentors who are assisting instructors of the CRC First-Year Seminar which focuses on conceptions and stereotypes of a "liberal arts" education and its value in today's world. Prereq> Cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ILS 357 Peer Mentor Seminar Credits: 2
This course is designed to help improve leadership and facilitation skills for the co-facilitators of the Bradley roundtable. Prereq> Students must be sophs & former residents of the Bradley Learning Community
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 371 Interdisciplinary Studies in the Arts and Humanities Credits: 3
Selected interdisciplinary topics in literature and art with emphasis on social, historical and political contexts.
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 372 Interdisciplinary Studies in the Social Sciences Credits: 3
Interdisciplinary analysis of selected topics in the social sciences.
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 400 Capstone Integration Seminar Credits: 3
Required capstone seminar for juniors and seniors seeking ILS certification. Prereq> Jr or Sr st and seeking ILS certificate
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 401 Global Cultures Capstone Seminar Credits: 3
Seminar to address the integration of intellectual, cultural, and social issues related to global cultures. Prereq> Sr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ILS 490 Research in Integrated Liberal Studies Credits: 2 - 3
This course provides opportunities for students to pursue research in integrated liberal studies. Prereq> At least 2 prev crses in integrated liberal studies.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ILS 681 Undergraduate Honors Thesis Credits: 3
Prereq> Jr or Sr st & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ILS 682 Undergraduate Honors Thesis Credits: 3
Continuation of 681. Prereq> Jr or Sr st & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ILS 691 Undergraduate Thesis Credits: 3
Prereq> Jr or Sr st & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ILS 692 Undergraduate Thesis Credits: 3
Continuation of 691. Prereq> Jr or Sr st & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTERDIS COURSES (L & S)

INTER-LS 100 First-Year Seminar Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq> Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 101 First-Year Seminar in the Biological Sciences Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq> Open to Fr
L&S Breadth: Biological Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
INTER-LS 102 First-Year Seminar in the Humanities Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq: Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 103 First-Year Seminar in Literature Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq: Open to Fr
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 104 First-Year Seminar in the Natural Sciences Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq: Open to Fr
L&S Breadth: Natural Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 105 First-Year Seminar in the Physical Sciences Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq: Open to Fr
L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 106 First-Year Seminar in the Social Sciences Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq: Open to Fr
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 107 First-Year Seminar in the Social Sciences and Natural Sciences Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq: Open to Fr
L&S Breadth: Soc Sci or Nat Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 108 First-Year Seminar in the Humanities and Natural Sciences Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq: Open to Fr
L&S Breadth: Humanities or Nat Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 109 First-Year Seminar in the Biological and Social Sciences Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq: Open to Fr
L&S Breadth: Biological or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 110 First-Year Seminar in the Humanities and Social Sciences Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq: Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 111 Alcohol: Behavior, Culture and Science Credits: 3
Provides a multidisciplinary exploration of alcohol use. Includes analysis of the chemical properties of ethanol, pharmacological and psychological effects, portrayals of alcohol in literature and media, historical and cultural differences, the nature and treatment of dependent drinking, and social policy. Prereq: Open to Fr
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

INTER-LS 112 First-Year Seminar, Ethnic Studies Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the Timetable. Enrollment limited. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
INTER-LS 113 First-Year Seminar in the Biological Sciences, Ethnic Studies
Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the
Timetable. Enrollment limited. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Breadth: Biological Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 114 First-Year Seminar in the Humanities, Ethnic Studies
Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the
Timetable. Enrollment limited. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 115 First-Year Seminar in Literature, Ethnic Studies
Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the
Timetable. Enrollment limited. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 116 First-Year Seminar in the Natural Sciences, Ethnic Studies
Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the
Timetable. Enrollment limited. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Breadth: Natural Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 117 First-Year Seminar in the Physical Sciences, Ethnic Studies
Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the
Timetable. Enrollment limited. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 118 First-Year Seminar in the Social Sciences, Ethnic Studies
Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the
Timetable. Enrollment limited. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 119 First-Year Seminar in the Social and Natural Sciences, Ethnic Studies
Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the
Timetable. Enrollment limited. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Breadth: Soc Sci or Nat Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 121 Approaches to Critical Thinking and Writing
Credits: 3
Prereq: Open to Fr in Summer Collegiate Experience (SCE) only
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Summer

INTER-LS 122 First-Year Seminar in the Humanities and Natural Sciences, Ethnic Studies
Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the
Timetable. Enrollment limited. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Breadth: Humanities or Nat Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 123 First-Year Seminar in the Biological and Social Sciences, Ethnic Studies
Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the
Timetable. Enrollment limited. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Breadth: Biological or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS 124 First-Year Seminar in the Humanities and Social Sciences, Ethnic Studies
Credits: 3
Interdisciplinary course for first-year students. Topic will vary with instructor and will be announced in the
Timetable. Enrollment limited. Prereq: Open to Fr
Ethnic Studies: Yes  L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
INTER-LS  152 Ways of Knowing: Medicine and Society Credits: 1
Sophomores are exposed to a variety of scholarly topics on subjects dealing with medicine and society by
campus-wide faculty. Discussions led by faculty who are primary care practitioners. Students are encouraged to
explore the possibility of a research experience in their degree program. Prereq> Open to Sophomores only
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

INTER-LS  180 First-Year Honors Interdisciplinary Seminar: Diversity Dialogues Credits: 1
This course is a first-year honors topics seminar designed to engage students in interdisciplinary learning and
build an honors student community, examining one topic through the three breadth areas of study: natural
science, social science, and humanities. Prereq> 1st-yr stdts accepted into the L&S honors progm. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTER-LS  185 Honors Interdisciplinary Reading Course Credits: 2 - 3
This preparation course provides the necessary intensive reading as a companion course to participation in
specific study-abroad L&S honors programs. Students who complete both courses will be awarded six honors
credits. Prereq> Enrollment in the L&S Honors Progm; consent of an honors progm advisor. Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

INTER-LS  210 L&S 2nd Year Career Development: Taking Initiative Credits: 1
Interdisciplinary course in career development for second year students that connects the liberal arts and
sciences degree to academic and career preparation, practical job skills, goal-setting, critical thinking and
reflection. Prereq> Open to 2nd year students only
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTER-LS  220 Windows on the World Credits: 3
Offered only in the summer session, "Windows on the World" provides an interdisciplinary introduction to the
culture, history, politics and economics, arts and social issues of the world area which is its focus. Prereq> Open
to all Undergrads. Cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit
Typically Offered: Summer

INTER-LS  250 Undergraduate Research Experience Credits: 1 - 3
Participation in research or creative endeavor led by faculty or instructional staff and in undergraduate Research
Scholars Program. This course may also include participation in research discussion groups, critiques of
readings, and preparation of written or oral reports. Prereq> Freshman or Sophomore standing, admission to the
Undergraduate Research Scholars Program, and consent of instructor
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTER-LS  260 Internship in the Liberal Arts and Sciences Credits: 1
Enables students with outside internships to earn academic credit connected to their work experience, regardless
of their major. Using online tools, students collaboratively analyze and discuss their internships with respect to
the goals of a liberal arts and sciences education. Prereq> None
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS  315 Paradigms and Process in Academic Inquiry Credits: 2
Designed specifically for the research fellow, this course offers a structue for thinking about research that avoids
reducing research to a single mode of thought and practice, and is thus inclusive of the range of approaches to
research reflected in Inter-LS 250. Will address specific topics that relate to the day-to-day activities of doing
research, and addresses issues of what does it mean to think like a researcher, to act like a researcher, to talk
like a researcher? Prereq> Must have applied for & been accepted as a research fellow in the Undergraduate
Research Scholars Progm
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

INTER-LS  400 L&S Junior/Senior Seminar Credits: 1 - 3
Interdisciplinary course for juniors and seniors. Topic will vary with instructor and will be announced in the
Timetable. Enrollment limited. Prereq> Junior or Senior standing
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTER-LS  480 L & S Junior-Senior Honors Seminar Credits: 3
Interdisciplinary course for juniors and seniors in the L&S Honors Program. Topics will vary with instructor and will
be announced in the Timetable. Enrollment limited. Prereq> Jr or Sr st and membership in L&S honors program
L&S Breadth: Interdivisional  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
INTER-LS 594 European Studies Seminar Credits: 3
Interdisciplinary, 3-credit seminar for upper-division undergraduates in European studies focusing on a theme approved each year by the program. Prereq> Jr st & cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTER-LS 700 Public Humanities: Theories, Methods, Cases Credits: 3
The aim of this course is to introduce graduate students to a range of methods, theories, and cases that represent the emerging field of the public humanities and to prepare graduate students to explore the range of opportunities that exist for them outside of academia. Students in the seminar will be expected to read, practice, and experiment. The course will focus on the limits, audiences, and outcomes of research in the humanities, including the possibility of translational research. The final project will involve the design and in some cases implementation of a project based upon your scholarly research. Students will undertake out-of-classroom projects and exercises in addition to reading.
Typically Offered: Fall, Spring

INTER-LS 701 Topics: Graduate Students Interested in Teaching Credits: 1 - 3
Exposes graduate students to current pedagogical topics in interdisciplinary or broad disciplinary areas. Assists those who aspire to college teaching careers acquire skills they will use in their own classrooms, as well as in any teaching assignments on this campus. Prereq> Grad st
Typically Offered: Occasionally

INTERNATIONAL STUDIES

INTL ST 101 Introduction to International Studies Credits: 3 - 4
Familiarizes students with the field of international studies, and performs an interdisciplinary examination of the cultural, political, economic, and social patterns that have defined the modern world. Prereq> Open to Fr
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

INTL ST 211 Global Language Issues Credits: 4
A series of modules, each showcasing one language and its culture. Each module tackles a major issue about language, such as extinction and revival, language and nationhood, how widely and deeply languages differ, language and worldview, writing systems and literacy, language discrimination and inequality. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

INTL ST 212 WIScholars: Wisconsin International Scholars Program Seminar Credits: 1
Discussion of international events and topics designed specifically for WIScholars Program participants, geared toward fostering leadership skills. Prereq> None
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTL ST 310 International Learning Community Seminar Credits: 1 - 3
A 1-3 credit class graded on a Credit / No Credit basis which addresses various international, cross-cultural and language topics of interest to the residents of the International Learning Community. Prereq> Open to Fr.
Students must be residents of the International Learning Community
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTL ST 317 The Politics of Human Rights Credits: 3 - 4
Examines the origins and development of human rights in international politics. The course discusses what human rights are, international human rights movements, the international search for justice after mass crimes, and international humanitarian intervention. Prereq> Jr st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTL ST 318 The Comparative Study of Genocide Credits: 3 - 4
Examines the phenomenon of genocide in the modern world. The class covers the concept of genocide, theories of why genocide occurs, and particular cases in the 20th and 21st centuries. Prereq> Jr st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTL ST 320 Contemporary Issues in International Studies Credits: 1 - 4
Topics vary. Course may be repeated but not with same content. Prereq> Sophomore standing or consent of instructor
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer
INTL ST 322 Washington DC Semester in International Affairs Internship Seminar Credits: 4
Washington DC internship in international affairs. Open to program participants only. Prereq> Must be a participant in the Washington DC semester in international affairs program
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

INTL ST 335 Globalization and Education Credits: 3
Introduces students to the origins, development, and debates in the field of globalization and education (GE); explores educational experiences in settings around the world; and examines how GE studies and approaches can inform learning, teaching, and research practices. Prereq> Open to Fr
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTL ST 373 Globalization, Poverty and Development Credits: 3
Addresses the process of globalization -- trade, international capital flows, labor migration and remittances, and aid -- from the perspective of developing economies and the development process. Prereq> AAE 215, Econ 101 or equivalent, or consent of instructor
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

INTL ST 374 The Growth and Development of Nations in the Global Economy Credits: 3
This course explores the roles of markets, states, and civil institutions, using economic theory, computer simulations, and historical experience to better understand the forces that shape the wealth and well-being of nations and people around the world. Prereq> Econ 101, or Econ 102, or AAE 215, or equiv
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

INTL ST 401 Topics in Global Security Credits: 3 - 4
Contemporary issues in international studies in global security. Topics vary. Course may be repeated but not with the same content. Prereq> Sophomore standing or consent of instructor
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

INTL ST 402 Topics in Politics and Policy in the Global Economy Credits: 3 - 4
Contemporary issues in international studies in politics and policy. Topics vary. Course may be repeated but not with the same content. Prereq> Sophomore standing or consent of instructor
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

INTL ST 403 Topics in Culture in the Age of Globalization Credits: 3 - 4
Contemporary issues in international studies in global culture. Topics vary. Course may be repeated but not with the same content. Prereq> Sophomore standing or consent of instructor
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTL ST 404 Topics in Global Environment Credits: 3 - 4
Contemporary issues in international studies in global environment. Topics vary. Course may be repeated but with same content. Prereq> Sophomore standing or consent of instructor
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

INTL ST 501 Study Abroad Topics in Global Security Credits: 1 - 6
Course reserved as a course equivalency for topics courses done in conjunction with Study Abroad. Prereq> Concurrent enrollment in a UW-Madison Study Abroad program
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

INTL ST 502 Study Abroad Topics in Politics and Policy in the Global Economy Credits: 1 - 6
Course reserved as a course equivalency for topics courses done in conjunction with Study Abroad. Prereq> Concurrent enrollment in a UW-Madison Study Abroad program
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTL ST 503 Study Abroad Topics in Culture in the Age of Globalization Credits: 1 - 6
Course reserved as a course equivalency for topics courses done in conjunction with Study Abroad. Prereq> Concurrent enrollment in a UW-Madison Study Abroad program
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
INTL ST 504 Study Abroad Topics in Global Environment Credits: 1 - 6
Course reserved as a course equivalency for topics courses done in conjunction with Study Abroad. Prereq> Concurrent Enrollment in a UW-Madison Study Abroad program
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTL ST 520 Study Abroad Topics in International Studies Credits: 1 - 6
Course reserved as a course equivalency for topics courses done in conjunction with Study Abroad. Prereq> Concurrent Enrollment in a UW-Madison Study Abroad program
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

INTL ST 523 International Internship Credits: 1 - 3
Course reserved as a course equivalency for topics courses done in conjunction with study abroad. Prereq> Concurrent enrollment in a UW-Madison study abroad
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

Children's and adolescents' use of mass media and mass media effects on them. Particular attention is given to changes in comprehension and other cognitive activities that give insights into media use and effects.  Prereq> Journ 565 or Com Arts 325 or HDFS 362 or LSC 251 or consent of instructor
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

JOURN 617 Health Communication in the Information Age  Credits: 3
This course will examine the role of communication in health, how the revolution in information technology has affected health communication, and the assumptions about health information and communication that drive current efforts to use technologies.  Prereq> Journ 565 or equivalent
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
JOURN 618 Mass Communication and Political Behavior  Credits: 4
Interrelationships of news media, political campaigning, and the electorate. Impact of media coverage and persuasive appeals on image and issue voting, political participation and socialization. Prereq> Jr st
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

JOURN 620 International Communication  Credits: 4
Historical, political, economic and cultural trends in global mass communication systems. Prereq> Jr st
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

JOURN 621 Mass Communication in Developing Nations  Credits: 4
Development, structure, and role of mass communication systems in Africa, Asia, and Latin America. Prereq> Jr st
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

JOURN 646 Mass Media and the Consumer  Credits: 4
Advertising and other mass media content from the consumer's viewpoint; consumer's need and opportunities for information, and use of opportunities; consumer evaluation of media performance, guidelines for effective use; alternative means for obtaining information; implications of consumer movement. Prereq> Jr st and 2 courses in soc st
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

JOURN 650 History of Books and Print Culture in Europe and North America  Credits: 3
History of books and print culture in the West from ancient times to the present. Focus on the influence of reading and writing on social, cultural, and intellectual life. Methodologies, theories, and sources for study of book and print culture history. Prereq> Junior standing; or Graduate student in SLIS
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

JOURN 658 Communication Research Methods  Credits: 4
Survey of methods for investigating mass communication process and effects. Prereq> Journ majors: admission to the school; non-majors: cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

JOURN 662 Mass Media and Minorities  Credits: 4
Representations of minority groups in U.S. news and entertainment mass media. Historical, social, political, economic, and other factors influencing the mass mediated depictions of minorities. Prereq> Jr st
Ethnic Studies: Yes  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

JOURN 666 Professional Responsibility in Mass Communication  Credits: 3
Explores concept of “professionalism” in journalism and strategic communication, with emphasis on societal expectations for media and ethical systems. Applies theory to specific cases. Prereq> Admission to Sch of Journ & Mass Comm, Sr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

JOURN 669 Literary Aspects of Journalism  Credits: 3
Critical reading of the best reporting and writing. Prereq> Jr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

JOURN 670 Community Service Learning: Technology for Social Change  Credits: 3
The course is an upper-level undergraduate/graduate service learning course that integrates the study of the social impact of new communication technologies into community engagement practices. The course will illuminate social, political, psychological, and policy implications of the adoption and use of new and emerging technologies and provide an educational opportunity to apply the knowledge and skills obtained from the class to a local, community-based collaborative project (i.e. integrated social media campaign) that aims to strengthen the community. This collaborative project is a hands-on experiment that demonstrates how to use new communication technologies for social change. Prer
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

JOURN 675 Topics in Government and Mass Media  Credits: 3
Analysis of political and legal relationships between mass communication and government with emphasis on current problems and issues. Prereq> Sr or Grad st or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
JOURN 676 Special Topics in Mass Communication Credits: 1 - 4
Analysis of a conceptual mass communication issue in more depth than is available in existing courses. Subject will vary. Prereq> Cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

JOURN 681 Senior Honors Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

JOURN 682 Senior Honors Thesis Credits: 3
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

JOURN 691 Senior Thesis Credits: 3
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

JOURN 692 Senior Thesis Credits: 3
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

JOURN 697 Internship Credits: 1 - 3
Students may earn no more than three internship credits as a part of their degree program. Prereq> Admission to Sch of Journ and cons inst; graded on a Cr/N basis
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

JOURN 698 Directed Study Credits: 1 - 6
Prereq> Jr or Sr st. Graded on Cr/N basis; requires cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

JOURN 699 Directed Study Credits: 1 - 6
Prereq> Jr or Sr st. Graded on a lettered basis; requires cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

JOURN 800 Advanced Mass Media Practice Credits: 3
Advanced projects in professional practice in mass media. When course focuses on journalism, it typically emphasizes advanced projects in specialized reporting. Course is designed for professional-track M.A. students. Emphasis varies with instructor. Course may be repeated with different instructor. Prereq> Professional experience or crses & cons inst
Typically Offered: Occasionally

JOURN 805 Seminar-Communication Research Methods Credits: 3
Course in research methodology designed to assist students to design research, analyze and interpret evidence, and develop a deeper appreciation of research strategies. Prereq> Grad st
Typically Offered: Occasionally

JOURN 806 Conceptualization and Design of Mass Communication Research Credits: 2 - 3
Assists students in turning research questions into substantive research designs with understanding of the concepts involved. For most students, the final product will be a well-developed thesis or dissertation proposal. Prereq> Grad st
Typically Offered: Occasionally

JOURN 810 Mass Communication Law and Policy Credits: 3
Intensive reading and discussion focussing on theories of press freedom and current issues in mass communication law and policy. A bibliographic essay will be required. Prereq> Grad st
Typically Offered: Occasionally

JOURN 819 History of Mass Communication Credits: 3
Intensive reading and discussion designed to introduce students to literature of mass communication. Prereq> Grad st
Typically Offered: Occasionally
JOURN 829 Political Communication Credits: 3
This course examines the role of communication in American politics. Topics covered include the communication of politics (e.g., communication by politics elites, effects of mass media and interpersonal communication on political attitudes) as well as the politics of communications (regulation of political communication, policy issues, etc.). Prereq> Grad st or cons inst
Typically Offered: Occasionally

JOURN 830 International/Development Communication Credits: 3
Readings and discussion focusing on global media issues. Topics may include news flow, cultural imperialism, representations, history and political economy, globalization trends, new technologies, mass media and nation building, communication and grassroots politics. Prereq> Grad st
Typically Offered: Occasionally

JOURN 839 Critical and Cultural Studies of Mass Communication Credits: 3
Intensive readings focusing on the critical studies and/or cultural studies traditions in mass communication theory and research. Prereq> Grad st
Typically Offered: Occasionally

JOURN 840 Strategic Mass Communication Credits: 3
Intensive readings focusing on theories, strategies, and methods involved in the strategic uses of mass communication. The course may focus on macro or micro issues. Prereq> Grad st
Typically Offered: Occasionally

JOURN 849 Mass Communication and the Individual Credits: 3
Theory and research on individuals’ use of mass communication and effects of mass communication. Topics include choice, selection and functions of mass media use, attention and cognitive processing, information effects, persuasion and emotion/involvement, and social and behavioral effects. Prereq> Grad st
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

JOURN 860 Science and Environment Communication Credits: 3
Course uses available scholarship and commentary to track the evolution of mass media coverage of science and the environment. Emphasis on how journalists utilize evidence, the influence of scientific and journalistic norms on stories, and the effects of mass media on science and environment messages to the public. Prereq> Grad st
Typically Offered: Occasionally

JOURN 861 Environmental Information and Education Programs Credits: 3
Examines information and education programs pertaining to environmental issues and policies. Emphasis on communication campaigns and programs aimed at public awareness, opinion, and behavior change. Includes program design, planning, and assessment. Prereq> Grad st & cons inst
Typically Offered: Occasionally

JOURN 870 Mass Communication and Societal Institutions Credits: 3
This course examines systematic procedures for theory building and comparison of theories of communication processes between mass media and other societal institutions and their relationships with both individuals and micro-social systems. Prereq> Grad st
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

JOURN 880 Topics in Mass Communication Credits: 3
In-depth investigation of a specific topic in mass communication. Prereq> Grad st
Typically Offered: Occasionally

JOURN 901 Colloquium in Mass Communication Credits: 1
May be repeated to a maximum of 3 credits. Colloquium series for communication graduate students. Course will offer research presentations by mass communication scholars, and is designed to acquaint graduate students with theoretical and methodological approaches to the study of communication. Prereq> Grad st
Typically Offered: Occasionally

JOURN 902 Graduate Teaching Colloquium Credits: 1
Colloquium series for graduate students in fields related to communication and information studies. Course meets once per week for a teaching presentation by a guest faculty or staff member on various theoretical and practical approaches to teaching and learning in the communication and information fields. Prereq> Graduate Students only
Typically Offered: Spring
JOURN 910 Seminar-Mass Communication Law and Policy Credits: 3
Research in the law of mass communication. Students will explore documentary, social scientific, and qualitative research in the context of mass communication law, and design and execute research projects. Prereq> Cons inst
Typically Offered: Occasionally

JOURN 919 Seminar-History of Mass Communication Credits: 3
Seminar in the history of mass communication in which students are expected to produce original research based on primary documents. Prereq> Cons inst
Typically Offered: Occasionally

JOURN 930 Seminar-International/Development Communication Credits: 3
Research on global media issues. Possible topics include news flow, cultural imperialism, representations, history and political economy, globalization trends, new technologies, mass media and nation building, communication and grassroots politics. Prereq> Cons inst
Typically Offered: Occasionally

JOURN 939 Seminar-Critical and Cultural Studies of Mass Communication Credits: 3
Research in critical studies and/or cultural studies. Topics may include political economy of mass media, theories of representation, critical news analysis and critique, cultural politics and mass media, critical approaches to mass media, race and gender. Prereq> Cons inst
Typically Offered: Occasionally

JOURN 940 Seminar-Strategic Communication Credits: 3
Research involving strategic uses of mass communication. The seminar involves students in active research on a preselected issue in strategic mass communication, and affords an opportunity for students to design an original research proposal concerning an issue of their choice. Prereq> Cons inst
Typically Offered: Occasionally

JOURN 949 Seminar-Mass Communication and the Individual Credits: 3
Seminar in a specialized topic involving mass media use and effects on individuals. The course features readings from current research literature. In addition, the course will involve either a group or individual research project. Prereq> Cons inst
Typically Offered: Occasionally

JOURN 960 Seminar-Science and Environment Communication Credits: 3
Research concerning mass media coverage of science and the environment. It provides an opportunity for students to design a research proposal on an issue of their choice. Prereq> Cons inst
Typically Offered: Occasionally

JOURN 970 Seminar-Mass Communication and Societal Institutions Credits: 3
Construction and testing of theories of mass media and societal institutions and their relationships with individuals and micro-social systems. Various quantitative, qualitative, or historical approaches are appropriate to research for the seminar research paper requirement. Prereq> Cons inst
Typically Offered: Occasionally

JOURN 980 Seminar - Topics in Mass Communication Credits: 3
In-depth research in a specific topic in mass communication. Prereq> Cons inst
Typically Offered: Occasionally

JOURN 990 Thesis Credits: 1 - 9
Prereq> Grad st
Typically Offered: Occasionally

JOURN 999 Independent Research Problems Credits: 2 - 4
Prereq> Grad st
Typically Offered: Occasionally

LAFOLLETTE SCHOOL PUB AFFAIRS
PUB AFFR 420 Administrative Law  Credits: 3 - 4
Delegation of powers, elements of fair administrative procedure, judicial control over administrative determination. Prereq> Jr st & Poli Sci 104, 184 or 404; or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PUB AFFR 530 Ethics and Values in Policy Making  Credits: 3 - 4
The consideration of rival judgments about desirable public purposes and the justification of policy decisions. Deliberation of principles and values that may be used in identifying public problems, defining the objectives and constraints of policy, and arguing for preferred solutions. Appraisal of the success or failure of policy, the use of norms and standards in assessing the consequences of public action. Prereq> Jr st or cons inst. Prior crse in political theory, philos, or public admin recommended
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PUB AFFR 548 The Economics of Health Care  Credits: 3 - 4
Analysis of the health care industry. Markets for hospitals and physicians' care, markets for health manpower, and the role of health insurance. Prereq> Econ 301, or Pub Affr 880 or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PUB AFFR 694 Management of Civil Infrastructure Systems  Credits: 3
Comprehensive systems approach to civil infrastructure and asset management with emphasis on transportation facilities. Social, political, economic factors that influence transportation planning, design, construction, maintenance and operation. Needs assessment, information management, performance measurement, life cycle cost and benefits analysis, prioritization and optimization, budgeting and finance. Prereq> Grad st or cons inst, & Civ Engr 494 or equiv
L&S Credit: Counts for LAS credit  Typically Offered: Spring

PUB AFFR 734 Regional Economic Problem Analysis  Credits: 3
Examination of major theories of regional economic development, with special emphasis upon the evolution and amelioration of regional economic problems. Selected techniques of regional analysis, including economic base multipliers, input/output models, and shift-share analysis are used in the context of setting regional development goals. Prereq> Grad st
Typically Offered: Occasionally

PUB AFFR 765 Issues in Educational Policy Analysis  Credits: 3
Theory, research, and practical experience in educational policy analysis, including the social construction of policy problems in education; the design, implementation, and evaluation of policy responses; and the practical and ethical dilemmas of the policy analyst. Prereq> Grad st or cons inst
L&S Level: Advanced  Typically Offered: Occasionally

PUB AFFR 795 Economics of Education  Credits: 3
Shows how basic economic concepts are applied to the study of education policy and what economic research has concluded about the efficiency of various types of education systems. Prereq> Grad st
Typically Offered: Occasionally

PUB AFFR 799 Independent Reading  Credits: 1 - 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

PUB AFFR 800 Public Affairs Professional Development Workshop  Credits: 1
This public affairs career development seminar includes sessions on professional writing, presentations, and job search skills training for students interested in finding jobs. A significant element of the seminar will be presentations from practitioners from the public, private and non-profit sectors. Prereq> La Follette student
Typically Offered: Occasionally

PUB AFFR 802 Public Affairs Seminar Series  Credits: 1 - 2
This course provides an opportunity to cross disciplinary boundaries to review and discuss the latest research by top public management, policy, and poverty scholars from on and off campus. The seminar series provides new and unpublished research on these issues as well as practitioner insight. Prereq> None
Typically Offered: Fall, Spring
PUB AFFR  805 Gender Issues in International Educational Policy  Credits: 3
Exploration and analysis of recent debates related to gender issues in international educational policy, including
the intersection of education and demographic processes, the play of history and culture, and the social
construction of gender.  Prereq> Grad st or cons inst
Typically Offered: Occasionally

PUB AFFR  809 Introduction to Energy Analysis and Policy  Credits: 3
Interdisciplinary seminar for the Energy Analysis and Policy Curriculum. Strategy and policy problems in energy
policy, both national and international.  Prereq> Grad st & admission to Energy Anal and Policy curric or cons inst
Typically Offered: Occasionally

PUB AFFR  810 Energy Analysis Seminar  Credits: 1 - 3
Interdisciplinary seminar for the Energy Analysis and Policy Curriculum. Quantitative energy content and energy
flows as an aid to problem analysis and policy formulation.  Prereq> Grad st & admission to Energy Anal and
Policy Curric or cons inst
Typically Offered: Occasionally

PUB AFFR  818 Introduction to Statistical Methods for Public Policy Analysis  Credits: 3
This course provides an introduction to the statistical methods used in public policy. The course will cover the
basics of probability, statistics, and quantitative methods in public policy analysis. The course stresses
interpretation and presentation of data as well as theory.  Prereq> Grad st
Typically Offered: Occasionally

PUB AFFR  819 Advanced Statistical Methods for Public Policy Analysis  Credits: 3
A review of intermediate statistics, and an introduction to analytical, quantitative and computer techniques
applicable to the analysis of public policy.  Prereq> Grad st & Pub Affr 818 or equiv, or cons inst
Typically Offered: Occasionally

PUB AFFR  820 Community Economic Analysis  Credits: 3
Economic theory (location and growth) applicable to community economic development; the role of private and
public sector in local economic development, and techniques for economic analysis of community.  Prereq> Econ
301 or equiv
Typically Offered: Occasionally

PUB AFFR  827 Administrative Internship  Credits: 1 - 3
Prereq> Grad st in LaFollette School & cons inst. Cr for placements in policy related positions in public & private
agencies with school's Career Devel Coordinator & Assoc Dir
Typically Offered: Occasionally

PUB AFFR  830 School Finance and Resource Allocation  Credits: 3
Contemporary bases for collecting and distributing local, state, and federal funds for elementary and secondary
education; problems and issues in financial support of education; current, alternative and more effective uses of
educational resources.  Prereq> Grad standing
 Typically Offered: Occasionally

PUB AFFR  841 Seminar in International Business and Government  Credits: 3
This course examines and critiques evolving business-government relationships especially in advanced
industrialized democracies; the effects of globalization on these relationships; varying business-government
relationships at national, subnational and international levels.  Prereq> Grad st or cons inst
Typically Offered: Occasionally

PUB AFFR  850 International Governance  Credits: 3
Examines influences arising from international environment on policy makers and those seeking to influence
policymaking. Considers role of global economic forces, international and regional organizations, international civil
society reflected in non-governmental organizations, and flow of policies across borders.  Prereq> Grad st
Typically Offered: Occasionally

PUB AFFR  854 Macroeconomic Policy and International Financial Regulation  Credits: 3
An introduction to international macroeconomic and financial policies with an emphasis on the interaction between
domestic policies, and international financial markets, regulations and institutions.  Prereq> Grad st & 1 crse in
microecon & macroecon, or cons inst
Typically Offered: Occasionally

Examines the changing governance of work and welfare as the European Union faces twin challenges of globalization and deepening integration. Particular emphasis on the development of new forms of experimental governance, such as the Open Method of Coordination. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PUB AFFR 856 Trade, Competition, and Governance in a Global Economy Credits: 3
Policy oriented course in international micro-economics and trade theory; including economic and institutional analysis of U.S. trade policy and the world trading system; issues covered include regional trading average; labor standards, income distribution and the environment. Prereq> Pub Affr 818 & 880 or equiv or cons inst
Typically Offered: Occasionally

PUB AFFR 857 Political Economy of Corruption and Good Governance Credits: 3
Surveys wide range of multidisciplinary research on causes and consequences of widespread corruption and experiences of anticorruption reform strategies, with focus on developing countries. Considers role of international organizations, multinational companies, and regional agreements in building good governance globally. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PUB AFFR 859 Globalization, Technological Change, and Regulatory Harmonization Credits: 3
In-depth examination of the role of technology and technological change in processes of globalization and the emergence of anti-globalization sentiments. Comparative regulation and management of technological systems. Challenges and barriers to regulatory harmonization. Analysis of policy approaches and institutional strategies for international regulatory convergence. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PUB AFFR 860 Workshop in International Public Affairs Credits: 3
Workshop in program evaluation and policy analysis taught through student teams working on real-world international issues for agencies in the public, private, and non-profit sectors. Teaches analytical skills, report preparation and writing, and presentation of results. Prereq> La Follette st & Pub Affr 850
Typically Offered: Occasionally

PUB AFFR 864 Health Policy and Policy Design Credits: 3
A survey course on health care policy in the United States, including examination of the design of health policy and the politics of health care reform. Prereq> Grad st
Typically Offered: Occasionally

PUB AFFR 866 Global Environmental Governance Credits: 3
In-depth examination of the political and policy challenges posed by global environmental degradation. Analysis of international institutions for managing the global environment. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PUB AFFR 867 Government Finance in Developing Countries Credits: 3
This course explores fiscal decision-making by governments in developing countries, including decisions about the mix and level of public services, the choice of taxes and other financing mechanisms, and decisions about fiscal relationships between levels of government. Prereq> Pub Affr 880 or equiv, or cons inst
Typically Offered: Occasionally

PUB AFFR 869 Workshop in Public Affairs Credits: 3
Workshop in program and policy analysis taught through student teams working on real problems for public agencies and organizations; teaches analytical skills, report preparation and writing; and presentations of results. Prereq> La Follette st & Pub Affr 873
Typically Offered: Occasionally

PUB AFFR 871 Public Program Evaluation Credits: 3
Compares the conceptual, statistical, and ethical issues of experimental, quasi-experimental and non-experimental designs for program evaluation. Definitions of outcomes, sample size issues, statistical biases in measuring causal effects of programs, and the reliability of findings will be emphasized using case studies selected from current public programs. Prereq> Grad st & Pub Affr 818 or equiv, or cons inst
Typically Offered: Occasionally
PUB AFFR 873 Introduction to Policy Analysis Credits: 3
This course develops skills in policy analysis in two ways. First, it sets out the conceptual foundations for understanding the role of policy analysis in democratic politics. Second, it provides training and experience in policy analysis craft. Prereq> La Follette st & Pub Affr 874, or cons inst
Typically Offered: Occasionally

PUB AFFR 874 Policy-Making Process Credits: 3
An intensive study of policy-making processes involved in the formulation of public policies. Prereq> Grad st
Typically Offered: Occasionally

PUB AFFR 875 Public Personnel Administration Credits: 3
Analysis of personnel policies and practices in the public sector and examination of patterns of interaction between political executives, personnel professionals, public employees, and interest groups in the development of personnel policies. Compares problems and approaches of different countries as well as those of the various levels of government in the United States. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PUB AFFR 878 Public Management Credits: 3
Role of administration in American government; problems of organization, bureaucracy and control; public policy as the output of the administrative process. Prereq> Grad standing
Typically Offered: Occasionally

PUB AFFR 880 Microeconomic Policy Analysis Credits: 3
The tools and techniques used in the economic approach to policy analysis. Emphasis is on applying these methodological tools to evaluating existing public policies and policy alternatives, as well as providing a deeper understanding of how the economy operates. Prereq> Grad st & 2 econ crses, including microeconomics
Typically Offered: Occasionally

PUB AFFR 881 Benefit-Cost Analysis Credits: 3
This course will present the welfare economics underpinnings for evaluating the social benefits and costs of government activities. Issues such as uncertainty, the social discount rate, and welfare weights will be discussed; case studies from the environmental, social policy, and agricultural areas will be studied. Prereq> Grad st, Pub Affr 818 & 880 or Pop Hlth 875 & at least one crse in econ or cons inst
Typically Offered: Fall

PUB AFFR 882 Social Welfare Policy and Management Credits: 3
Considers social welfare policies--human capital development, employment, income and family support, and health care--and addresses focal questions about the state’s role in social welfare service financing and provision, targeting publicly-funded services, and efficient and effective program administration and evaluation. Prereq> Pub Affr 880 or cons inst
Typically Offered: Occasionally

PUB AFFR 883 Politics of Poverty, Inequality, and Social Policy Credits: 3
Surveys the political forces that shape poverty, inequality, and related public policies in the United States. Builds on foundational knowledge of the policy-making process to provide graduate students with skills to understand and negotiate social politics in the United States. Prereq> La Follette st or cons inst
Typically Offered: Occasionally

PUB AFFR 885 Advanced Public Management: Craft, Constraints and Accountability Credits: 3
Examines how managers in public and not-for-profit agencies can secure and utilize legal authority, human resources, and funds to accomplish organizational goals. Includes strategies for establishing and maintaining effective external relations and for working through other organizations to accomplish objectives. Prereq> Pub Affr 878
Typically Offered: Occasionally

PUB AFFR 887 Nonprofit Leadership Credits: 3
Nonprofit leadership focuses on developing management skills for the nonprofit area through readings, case materials and structured activities. Students examine the context, issues and skills associated with leadership and management in nonprofit organizations and apply them to challenges and opportunities that confront administration of nonprofits. Prereq> Social Work or La Follette Graduate student or consent of instructor
Typically Offered: Occasionally
PUB AFFR 888 Comparative and National Social Policy Credits: 3
This graduate seminar provides an overview of the American system of public policy toward human resources, with an emphasis on how the American system compares with other nations' approaches to social welfare policy. Other nations include OECD nations as well as emerging middle income countries in Asia and Latin America. Social welfare policy is analyzed as three major branches: health, education and welfare. Prereq> Pub Affr 880 or cons inst
Typically Offered: Spring

PUB AFFR 890 Federal Budget and Tax Policy and Administration Credits: 3
Focuses on national budget and tax policy and administration, and the parallel processes at the state and local levels. Included are discussions of: decision-making theories; budget and tax policy; and analysis of normative and empirical criteria and analytical techniques for assessing alternative policy proposals. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PUB AFFR 891 State and Local Government Finance Credits: 3
Explores the spending and tax policies of state and local governments. Focus on factors influencing the mix and level of public spending and the choice of revenue sources. Issues to be studied include the fiscal relations between governments and property tax. Prereq> Pub Affr 880 or cons inst
Typically Offered: Occasionally

PUB AFFR 892 Public Budgeting Credits: 3
Provides an understanding of budget preparation, adoption and execution; proposed reforms of the budget process; and competing theories of the politics of budgeting. Focuses on the expenditure aspect of budgeting. Prereq> La Follette grad stdt or cons inst
Typically Offered: Occasionally

PUB AFFR 895 Performance Management Credits: 3
Introduces students to the concept of performance management. Explores different tools that aim to raise performance. Examines recent reforms at the federal, state, and local level and alternative theories of performance. Prereq> Pub Affr 878
Typically Offered: Occasionally

PUB AFFR 974 Topics in Public Affairs Credits: 3
Current issues in the formulation, implementation, and analysis of public policy. Prereq> Grad st or cons inst
Typically Offered: Occasionally

LANG & CULTURES OF ASIA - LANG

LCA LANG 301 First Semester Asian Language Credits: 4
Proficiency at the elementary level in listening, speaking, reading and writing, using communicative approaches. Prereq> Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 302 Second Semester Asian Language Credits: 4
Continuation of first semester. Prereq> 1st sem crse or equiv, determined by instr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 303 First Semester Burmese Credits: 4
Proficiency at the elementary level in listening, speaking, reading and writing, using communicative approaches. Prereq> Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 427 Intermediate Summer Immersion Arabic Credits: 8
Intermediate level Arabic language taught in an 8-week residential summer language immersion format. Open only to students who have been admitted separately to the summer Arabic immersion program. Prereq> AFRICAN 322, or AFRICAN 327, or equivalent (two semesters of Arabic language). Students must be admitted to the summer Arabic immersion program in order to enroll.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 428 Intermediate Summer Immersion Persian Credits: 8
Intermediate level Persian language taught in an 8-week residential summer language immersion format. Open only to students who have been admitted separately to the summer Persian immersion program. Prereq> LCA LANG 364, or LCA LANG 328, or equivalent (two semesters of Persian language). Students must be admitted to the summer Persian immersion program in order to enroll.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 429 Intermediate Summer Immersion Turkish Credits: 8
Intermediate level Turkish language taught in an 8-week residential summer language immersion format. Open only to students who have been admitted separately to the summer Turkish immersion program. Prereq> LCA LANG 340, or LCA LANG 329, or equivalent (two semesters of Turkish language). Students must be admitted to the summer Turkish immersion program in order to enroll.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 431 Third Semester Kazak Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches. Prereq> 2nd sem crse or equiv, determined by instr.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA LANG 432 Fourth Semester Kazak Credits: 4
Continuation of third semester. Prereq> 3rd sem crse or equiv, determined by instr.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 433 Third Semester Pashto Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches. Prereq> 2nd sem crse or equiv, determined by instr.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 434 Fourth Semester Pashto Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches. Prereq> 3rd sem crse or equiv, determined by instr.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 435 Third Semester Punjabi Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches. Prereq> 2nd sem crse or equiv, determined by instr.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 436 Fourth Semester Punjabi Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches. Prereq> 3rd sem crse or equiv, determined by instr.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 437 Third Semester Sinhala Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches. Prereq> 2nd sem crse or equiv, determined by instr.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 438 Fourth Semester Sinhala Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches. Prereq> 3rd sem crse or equiv, determined by instr.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer
LCA LANG 439 Third Semester Turkish  Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA LANG 440 Fourth Semester Turkish  Credits: 4
Continuation of third semester.  Prereq> 3rd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 443 Third Semester Uzbek  Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA LANG 444 Fourth Semester Uzbek  Credits: 4
Continuation of third semester.  Prereq> 3rd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 445 Readings in Advanced Arabic Texts  Credits: 3
Selection from Quranic and post-Quranic Arabic texts to meet the needs of the students.  Prereq> Grad st and cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA LANG 446 Readings in Advanced Arabic Texts  Credits: 3
Prereq> Grad st or cons inst required
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 449 Third Semester Bengali  Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem of appropriate language crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 450 Fourth Semester Bengali  Credits: 4
Continuation of third semester.  Prereq> 3rd sem of appropriate language crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 451 Third Semester Gujarati  Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem of appropriate language crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 452 Fourth Semester Gujarati  Credits: 4
Continuation of third semester.  Prereq> 3rd sem of appropriate language crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 453 Third Semester Hindi  Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 454 Fourth Semester Hindi  Credits: 4
Continuation of third semester.  Prereq> 3rd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

LCA LANG 459 Third Semester Marathi  Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 460 Fourth Semester Marathi  Credits: 4
Continuation of third semester.  Prereq> 3rd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer
LCA LANG 461 Third Semester Nepali Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 462 Fourth Semester Nepali Credits: 4
Continuation of third semester. Prereq> 3rd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 463 Third Semester Persian Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 464 Fourth Semester Persian Credits: 4
Continuation of third semester. Prereq> 3rd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

LCA LANG 465 Third Semester Tamil Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 466 Fourth Semester Tamil Credits: 4
Continuation of third semester. Prereq> 3rd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 467 Third Semester Telugu Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 468 Fourth Semester Telugu Credits: 4
Continuation of third semester. Prereq> 3rd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

LCA LANG 469 Third Semester Modern Tibetan Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 470 Fourth Semester Modern Tibetan Credits: 4
Continuation of third semester. Prereq> 3rd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 471 Third Semester Urdu Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 472 Fourth Semester Urdu Credits: 4
Continuation of third semester. Prereq> 3rd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

LCA LANG 473 Third Semester Malayalam Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 2nd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 474 Fourth Semester Malayalam Credits: 4
Proficiency at the intermediate level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 3rd sem crse or equiv, determined by instr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer
LCA LANG 475 Third Semester Sanskrit Credits: 3 - 4
Prereq> 2nd sem course or equivalent, determined by instructor
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA LANG 476 Fourth Semester Sanskrit Credits: 3 - 4
Prereq> 3rd semester course or equivalent, determined by instructor
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 501 Fifth Semester Asian Language Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem of appropriate language crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 502 Sixth Semester Asian Language Credits: 3
Continuation of fifth semester.  Prereq> 5th sem of appropriate language crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 503 Fifth Semester Burmese Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 504 Sixth Semester Burmese Credits: 3
Continuation of fifth semester.  Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 505 Fifth Semester Filipino Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 506 Sixth Semester Filipino Credits: 3
Continuation of fifth semester.  Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

LCA LANG 507 Fifth Semester Hmong Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 508 Sixth Semester Hmong Credits: 3
Continuation of fifth semester.  Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 509 Fifth Semester Indonesian Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 510 Sixth Semester Indonesian Credits: 3
Continuation of fifth semester.  Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

LCA LANG 511 Fifth Semester Javanese Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 512 Sixth Semester Javanese Credits: 3
Continuation of fifth semester.  Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer
LCA LANG 513 Fifth Semester Khmer Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 514 Sixth Semester Khmer Credits: 3
Continuation of fifth semester.  Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 515 Fifth Semester Lao Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 516 Sixth Semester Lao Credits: 3
Continuation of fifth semester.  Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 517 Fifth Semester Thai Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 518 Sixth Semester Thai Credits: 3
Continuation of fifth semester.  Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

LCA LANG 519 Fifth Semester Vietnamese Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 520 Sixth Semester Vietnamese Credits: 3
Continuation of fifth semester.  Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

LCA LANG 527 Advanced Summer Immersion Arabic Credits: 8
Advanced level Arabic language taught in an 8-week residential summer language immersion format. Open only to students who have been admitted separately to the summer Arabic immersion program. Prereq> AFRICAN 324, or AFRICAN 427, or equivalent (four semesters of Arabic language). Students must be admitted to the summer Arabic immersion program in order to enroll. A placement test may be required for admission
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 528 Advanced Summer Immersion Persian Credits: 8
Advanced level Persian language taught in an 8-week residential summer language immersion format. Open only to students who have been admitted separately to the summer Persian immersion program. Prereq> LCA LANG 464, or LCA LANG 428, or equivalent (four semesters of Persian language). Students must be admitted to the summer Persian immersion program in order to enroll. A placement test may be required for admission
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 529 Advanced Summer Immersion Turkish Credits: 8
Advanced level Turkish language taught in an 8-week residential summer language immersion format. Open only to students who have been admitted separately to the summer Turkish immersion program. Prereq> LCA LANG 440, or LCA LANG 429, or equivalent (four semesters of Turkish language). Students must be admitted to the summer Turkish immersion program in order to enroll. A placement test may be required for admission
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA LANG 531 Fifth Semester Kazak Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
LCA LANG 532 Sixth Semester Kazak Credits: 3
Continuation of fifth semester. Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 539 Fifth Semester Turkish and Azeri Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA LANG 540 Sixth Semester Turkish and Azeri Credits: 3
Continuation of fifth semester.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 543 Fifth Semester Uzbek Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA LANG 544 Sixth Semester Uzbek Credits: 3
Continuation of fifth semester. Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 553 Fifth Semester Hindi Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA LANG 554 Sixth Semester Hindi Credits: 3
Continuation of fifth semester. Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 555 Fifth Semester Nepali Credits: 4
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 556 Sixth Semester Nepali Credits: 4
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 5th sem crse or equiv, determined by instr
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

LCA LANG 557 Fifth Semester Tibetan Credits: 4
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 558 Sixth Semester Tibetan Credits: 4
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 5th sem crse or equiv, determined by instr
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

LCA LANG 563 Fifth Semester Persian Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 564 Sixth Semester Persian Credits: 3
Continuation of fifth semester. Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer
LCA LANG 567 Fifth Semester Telugu Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 568 Sixth Semester Telugu Credits: 3
Continuation of fifth semester.  Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 571 Fifth Semester Urdu Credits: 3
Proficiency at the advanced level in listening, speaking, reading and writing, using communicative approaches.
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA LANG 572 Sixth Semester Urdu Credits: 3
Continuation of fifth semester.  Prereq> 5th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 601 Seventh Semester Asian Language Credits: 3
Proficiency at the advanced high level in listening, speaking, reading and writing, using communicative approaches.  Prereq> 6th semester course or equivalent, determined by instructor. Open to Fr
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 602 Eighth Semester Asian Language Credits: 3
Proficiency at the advanced high level in listening, speaking, reading and writing, using communicative approaches.  Prereq> 7th semester course or equivalent, determined by instructor. Open to Fr
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

LCA LANG 610 Advanced Readings in Indonesian Literature Credits: 3
Prereq> 6th sem crse or equiv, determined by instr
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 616 Modern Thai Literature: The Novel Credits: 3
The origin and development of the novel in Thai, for advanced students.  Prereq> 6th sem crse or equiv, determined by instr
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 617 Thai Poetry Credits: 3
Introduction to major earlier forms of Thai poetry.  Prereq> 6th sem crse or equiv, determined by instr
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA LANG 618 Thai Prose Literature: The Short Story Credits: 3
The origins and development of the short story in modern Thai.  Prereq> 6th sem crse or equiv, determined by instr
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA LANG 631 Advanced Readings in Turkic Languages Credits: 3
Prereq> 6th sem of a Turkic lang crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 640 Advanced Readings in Turkish Literature Credits: 3
Survey of the Turkish novel and short story through study of selected texts. Readings may include literary essays and analyses. Identification of recurrent themes and motifs characterizing diverse literary trends. Emphasis on student participation in class discussion.  Prereq> 6th sem crse or equiv, determined by instr
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 643 Readings in Old and Middle Turkic Credits: 3
Readings and analysis of Old Turkic and Middle Turkic texts in "runic", Uygur, Arabic and other scripts.  Prereq> 6 sems of a Turkic language or equiv, determined by instr
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
LCA LANG 644 Readings in Ottoman Turkish and Chagatay Credits: 3
Introduction to the Arabic script; grammatical features of Middle Turkic; study of texts in Ottoman Turkish, Chagatay, and later literary dialects (Arabic-script Turkish, Azeri, Uzbek, Tatar). Prereq> 6th sem of a Turkic lang or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

Offers students the opportunity to read and discuss Theravada Buddhish scriptural and commentarial literature in Pali. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA LANG 653 Advanced Readings in Hindi Language Credits: 3
Prereq> 6th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 654 Advanced Readings in Hindi Literature Credits: 3
Prereq> 6th sem crse or equiv, determined by instr
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 671 Advanced Readings in Urdu Language Credits: 3
Prereq> 6th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA LANG 675 Advanced Readings in Sanskrit Credits: 3
Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA LANG 677 Advanced Readings in Tibetan Credits: 3
Readings in a wide variety of genres from various historical periods; texts include cursive manuscripts. Prereq> 4th sem crse or equiv, determined by instr
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA LANG 800 Methods, Theories, & Professional Development in Asian Humanities Credits: 3
Examines current methods and theories in the study of Asian humanities through the creation of products commonly required in professional settings; mandatory for incoming graduate students in LCA. Prereq> Graduate Student
Typically Offered: Fall

LANGUAGES & CULTURES OF ASIA

LCA 100 Introduction to Cultures of Asia Credits: 3
Introduction to the cultures of Central, Southwest, South, and Southeast Asia. Required core course for undergraduate majors in languages and cultures of Asia. Prereq> Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LCA 101 Introduction to Literatures of Asia Credits: 3
An introduction to the study of Asian literatures and their cultural contexts, with a focus on the analysis of literary texts in a variety of genres. Prereq> Open to Fr
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA 106 Invasions and Empires: Central Asia from Genghis Khan to Stalin Credits: 3
Survey of Central and West Asian Turkic peoples from the 1st to early 20th centuries including migrations, invasions and conquests, empires and cultures. Covers Anatolia to Mongolia, tracing the development of major groups from nomadism to nationhood. Prereq> Open to Fr
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall
LCA 115 Environmental Humanities: Asian/Pacific Perspectives Credits: 3 - 4
Course offers a case-based approach to environmental studies from a humanistic perspective, taking into account diverse and connected transnational systems of Asia; materials draw on themes like forests, water, disaster, war, and conservation and wildlife. Course introduces disciplines in the Environmental Humanities (literature, religion, music, etc.) through studies in tradition, theory and practice across South Asia, Southeast Asia, East Asia and ocean and Pasifik regions including Aotearoa, New Zealand. Throughout the course we ask, how are environmental worldviews cast as the basis for action and understanding in the present? Prereq> None
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Fall

LCA 140 Asia in the Age of Imperialism, Nationalism, and Globalization Credits: 3 - 4
Introduces Central and Southwest Asia, South Asia, and Southeast Asia in the 19th-20th centuries from the perspective of European expansion and imperialism, the colonization of Asia, the rise of modern nation-states, decolonization, and globalization. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 144 Traveling the World: South Asians in Diaspora Credits: 4
Millions of South Asians left their home in the Indian subcontinent to travel the world across the Indian Ocean to Africa, the Middle East and Southeast Asia; across the Atlantic Ocean to the Caribbean and Britain; and across the Pacific Ocean to Fiji and California. This course follows these Indian traders, political leaders, workers and pilgrims as they discovered the world beyond India. The cultural, social, economic and political experiences of these sojourners and settlers reveals an exciting transnational perspective on the history of migration, diaspora, nationalism and colonialism in India, Africa, Asia, America and Britain. Prereq> None
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA 180 Freshman Honors Seminar Credits: 3
In-depth examination of a specific theme or topic related to the cultures of Asia. Prereq> Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 201 Introduction to Indian Literatures Credits: 3
Critical and comparative study of literary works in various Indian languages, with special emphasis on the major varieties of narrative, poetry, drama, and prose, using representative examples from different regions, historical periods, and cultural contexts. Prereq> LCA major or cons inst; all other Undergrads register for LitTrans 101
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA 205 The Making of the Islamic World: The Middle East, 500-1500 Credits: 3 - 4
Development of society and culture in the Middle East and North Africa from the emergence of Islam (7th century) to early modern times. Prereq> Open to All Undergrads
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA 206 Introduction to the Qur'an Credits: 4
An introduction to the Qur'an, the sacred scripture of the Islamic religious tradition, focused on Muslim approaches to reading the text, its themes and history, and its use as a source of law, theology, aesthetics, politics, and practices of piety. Prereq> Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA 235 Genres of Asian Religious Writing Credits: 3
Writing intensive course based on the conventions in which Asian writers have expressed religious ideas. Readings introduce major Asian religious traditions and expressive genres. Prereq> Successful completion of or exemption from Com A requirement. Open to Fr
General Education: COM B  L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA 236 Bascom Course Credits: 3
A low-enrollment course developing skills in critical reading, logical thinking, use of evidence, and use of library resources. Emphasis on writing in the conventions of specific fields. Prereq> Successful completion of or exemption from Com A requirement. Open to Fr
General Education: COM B  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
LCA 244 Introduction to Southeast Asia: Vietnam to the Philippines Credits: 4
Southeast Asian history, religion, folklore and literatures, educational systems, and politics from the early classical states to contemporary social, literary, and political developments. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA 246 Southeast Asian Refugees of the "Cold" War Credits: 4
In-depth study of the peoples, conflicts, and wars in Cambodia, Laos, and Vietnam, with emphasis on the Cold War era (1945-1990) and on the resulting migration and resettlement of over one million Hmong, Khmer, Lao, and Vietnamese in the United States. Prereq> Open to Fr
Ethnic Studies: Yes  L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA 251 The Civilizations of India-Classical Period Credits: 4
Traditional civilization considered historically and interpreted through its literature, art, philosophical systems and religions. Prereq> Open to Fr
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA 252 The Civilizations of India-Modern Period Credits: 4
Contemporary India society as a joint product of the classical heritage and world-wide movements toward nationalism; social and economic development. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA 255 An Introduction to Central Asia: From the Silk Route to Afghanistan Credits: 3
Examination of human geography, ethnicity, nomadism and pastoralism, oases cultures, religion and international politics of the silk routes of central Asia. Prereq> Open to Fr
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA 266 Introduction to the Middle East Credits: 3
An interdisciplinary introduction to the diverse cultures, geography, history, modern states, politics, societies, and economies of the Middle East. Since the Middle East is predominantly Muslim, there will be a special emphasis on Islam as a religion and Muslim peoples. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA 274 Religion in South Asia Credits: 3
Introductory survey of Hinduism, Buddhism, Islam, Sikhism, etc., and an examination of the cultural, historical, ritual, and philosophical foundations of South Asian religion. Prereq> Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA 279 Introduction to Turkish Folk Literature Credits: 3
Survey of major genres of Turkish folk literature including oral epic, heroic and romance tales of minstrels, mystical love poetry, fairy tales, dervish tales, legends, riddles, proverbs, and jokes with emphasis on performance contexts and cross-cultural perspectives. Prereq> Successful completion of or exemption from Com-A requirement. Open to Fr
General Education:  COM B  L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA 300 Topics in Languages and Cultures of Asia Credits: 3
Selected topics in the study of the languages and cultures of Asia. Prereq> Open to Freshmen
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 311 Modern Indian Literatures Credits: 3
Introduction to advanced study of modern literatures of India in translation from several languages. Emphasizes literary and critical analysis of short story, novel, poetry, and drama; historical and cultural contexts of literature; and relations and dynamics of multiple literary cultures. Prereq> Open to Fr
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 312 Classical Indian Literatures Credits: 3
Presents a critical overview of literatures written in India's classical languages (readings are in English): Sanskrit, Prakrit and Tamil over a period of two thousand years. Prereq> Open to Fr
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring
LCA 314 Literatures of Central Asia Credits: 3
Critical survey of the development of medieval and modern literatures of the peoples of Central Asia from pre-Islamic times to the present with selected readings in English translation. Prereq> LCA undergrad major or Grad st
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LCA 348 In Translation: Modern Indian Theatre Credits: 3
Study of drama, dramatic theory, and performance in modern India. Course considers interpenetration of Indian and Western systems of dramaturgy, relation between colonial and postcolonial institutions, socio-cultural and political contexts, and major modern dramatic genres. Prereq> Junior standing or consent of instructor
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LCA 355 Hinduism Credits: 4
An historical survey of Hindu scriptures, rituals, philosophies, and ethics from the ancient to the contemporary world. Concepts such as karma, yoga, and reincarnation will be put in the broader contexts of Hindu theism, worship, and law. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

LCA 356 Islam, Science & Technology, and the Environment Credits: 3 - 4
Survey of Muslim religious understandings of science, technology, nature and environment. Lectures and readings present a global perspective through case studies, covering sources such as the Qur’an, theology and law, and traditions of esoteric piety (mysticism), and historical and contemporary issues like medical ethics, virtual realities, and environmental change, challenge and crisis. Prereq> Sophomore standing
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Every Other Fall

LCA 357 Literatures of Muslim Societies Credits: 3
Survey in English of the literatures of the Islamic Middle East and South West Asia in Turkish, Persian and Arabic. Emphasis on comparative approaches within an Islamic cultural continuum and reactions to this heritage in the modern and post-modern periods. Prereq> Open to Fr
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LCA 361 Survey of Indonesian Cultures Credits: 3
Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

LCA 362 Arts of India Credits: 3 - 4
A general survey of Indian sculpture, architecture and painting. Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LCA 364 Introduction to Buddhism Credits: 3
The basic thought, practices and history of Buddhism, including selflessness and relativity, practices of meditation, merit-making and compassion from both local and translocal perspectives. Includes a discussion of Buddhism as a contemporary, North American religion. Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LCA 367 Jainism: Religion of Non-Violence Credits: 3
An examination of the theological, ritual, and social frameworks of the Jain tradition; explores the moral and physical implications of asceticism and non-violence from a Jain perspective through a study of sacred texts and contemporary practice. Prereq> Open to Freshmen
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LCA 369 Ethnic and Minority Religions in America Credits: 3
Overview of major world religions and diversity of religion in America from colonies to present with focus on late-20th-century U.S. Comparative studies of selected minority religions using historical, anthropological, and sociological perspectives. Prereq> So st
Ethnic Studies: Yes L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

LCA 370 Islam: Religion and Culture Credits: 4
The emergence and development of Islam; schism; theology; asceticism; speculative and popular mysticism; literatures in diverse Islamic languages. Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall
LCA 373 Urdu Prose Fiction in India and Pakistan Credits: 3
Major trends in Urdu fiction since 1880 in Urdu and secondarily in English. Prereq> LCA major, Gad st, or cons inst. Other undergrads register for Littrans 273
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LCA 374 Indian Folklore Credits: 3
An introduction to Indian folklore; with all its traditions and genres; folktales, folksongs, myths, rituals, as well as literary sources like the epics. Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

LCA 379 Cities of Asia Credits: 3
Historical overview of the built environment of cities of Asia from antiquity to the present; architectural and urban legacy in its social and historical context; exploration of common themes that thread through the diverse geographical regions and cultures of Asia. Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

LCA 401 Modern Indonesian Literature Credits: 3
Representative novels, short stories and essays from early 20th century to the present are placed in the literary and cultural context of Indonesia. Prereq> LCA major, Grad st, or cons inst. Other undergrads register for Littrans 301
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LCA 402 Thought of Gandhi Credits: 3
Critical analysis of Gandhi's social, political, and religious thought, tracing his experiences in South Africa and India, noting links between his concepts and classical Hinduism, examining criticisms raised against Gandhi's thought, and identifying contemporary continuities of Gandhi's thought in India, Europe, and the U.S. Prereq> So st or cons inst
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

LCA 403 Southeast Asian Literature Credits: 3
An introduction to the cultures and societies of Southeast Asia through modern prose literature. The first semester focuses on the mainland, the second semester focuses on the islands. The two semesters may be taken independently. Prereq> So st or cons inst
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

LCA 404 Southeast Asian Literature Credits: 3
An introduction to the cultures and societies of Southeast Asia through modern prose literature. The first semester focuses on the mainland, the second semester focuses on the islands. The two semesters may be taken independently. Prereq> So st or cons inst
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

LCA 413 Turkish Literature Credits: 3
Survey of Turkish literature in English from 1300 C.E. to the present. Includes both "folk" and "elite" genres of poetry and prose with emphasis on cultural contexts, historical framework and the politics of reception. Prereq> So st or cons inst
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

LCA 420 Hinduism and Islam in Medieval South Asia Credits: 3
Survey of the interaction of Islam and Medieval Hinduism on the Indian subcontinent. Emphasis on Arabic, Turkish, and Persian components of Islam in India, developments in Indian Muslim jurisprudence and dogma, sectarian tendencies in both traditions. Sufism and Bhakti, the Panthic movement, and the Sikhs. Prereq> One of: LCA/Relig St 205, 370, 444, Relig St 217 or cons inst
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LCA 421 A Survey of Tibetan Buddhism Credits: 3
By studying the distinctively Tibetan forms of Buddhism, we also examine more general issues, such as the relationship between theory and practice, the politics of "world-making", and the connection between identity and experience. Prereq> So st or cons inst; prev study of Buddhism strongly recommended
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring
LCA 423 Buddhist Iconography Credits: 3
The history of Buddhist art and architecture in India, Tibet and China, with emphasis on the development of artistic form in relation to Buddhist philosophy and of architecture as a setting for monastic life and ritual. Prereq> So st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA 428 Visual Cultures of South Asia Credits: 3
Concentrates on image complexes (art, photography, and cinema) and visual environments (architecture, urban planning, and public rituals) of South Asia; examination of visual culture through thematic issues such as, sexuality, patronage, cultural encounter, transculturation, ways of viewing, modernism, and nationalism. Prereq> Open to Fr
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA 430 Language and Culture Credits: 3 - 4
The relationship of language as a communication system to the culture transmitted by it. Principle problems in the interrelations of language and nonlinguistic human behavior. Prereq> So st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA 436 History of Chinese Buddhism Credits: 3
Introduction and development of Buddhism in China. Late Han (1st century) to the end of T'ang (10th century). Prereq> LangAsia/E Asian/Relig St 364 or equiv
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA 438 Buddhism and Society in Southeast Asian History Credits: 3 - 4
Therevada Buddhism in Southeast Asia; ideas and basic tenets; history and its impact on social and political institutions; the monastic order and relations with the states; roles in the early history up to the present; focus on Thailand and Burma. Prereq> So st
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA 441 Language and Society in Southeast Asia Credits: 3
Languages of Southeast Asia are explored from historical, linguistic, anthropological and literary perspectives. The roles of majority and minority languages as well as national and international languages are investigated. Prereq> So st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 443 History of Painting in India Credits: 3 - 4
An introduction to the history of Hindu, Buddhist, Jain and Islamic paintings of India. Prereq> So st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 444 Introduction to Sufism (Islamic Mysticism) Credits: 3
The rise and development of mysticism in Islam; basic Sufi doctrines, values and practices; life and works of important speculative and popular Sufi saints; Sufi brotherhoods in the Middle East, South Asia and North Africa. Prereq> So st & LCA/Hist/Relig St 205, Littrans 217, Relig St 271, LCA/African/Relig St 370, or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 448 History of Medieval India Credits: 3 - 4
Introduction to the institutions and culture. Impact of the Muslim conquests and formation of an Indo-Muslim society in the subcontinent. Prereq> So st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LCA 450 Making of Modern South Asia Credits: 3 - 4
Everything you ever hear about South Asia is true. But the exact opposite is also true. Tradition and modernity, development and stagnation, the past and the future all exist simultaneously, at times in harmony and at other times in conflict with one another. Through an exploration of the political, social and economic history of this region from the 18th century to the present day, students will learn about the making of modern South Asia and attempt to understand this paradox. Prereq> Sophomore standing
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LCA 453 Buddhist Ethics Credits: 3
Analysis of the development of Buddhist doctrine and its technical formulation in response to internal and external challenge: the growth of argument and logic. Prereq> So st & LCA/Relig St 364 or 465, or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
LCA 457 History of Southeast Asia to 1800 Credits: 3 - 4
Formation and development of classical Indian and Chinese influenced societies in the area comprising present-day Burma, Thailand, Cambodia, Laos, Vietnam, Malaysia, Indonesia, and the Philippines, and their meeting with Islam and the early Europeans. Prereq> Jr st or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LCA 458 History of Southeast Asia Since 1800 Credits: 3 - 4
Effects of the modern Western revolution on the established societies of Southeast Asia through colonial rule and economic and cultural change. Prereq> Jr st or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LCA 459 Islamic Culture: Meanings and History Credits: 3
Muslim culture through religious and rational sciences (Quranic exegesis, mysticism, philosophy, scholasticism, schism), art, and literature. Prereq> So st & LCA/Relig St 273 or 444 or African/LCA/Relig St 370, or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 462 Anthropology of South Asia Credits: 3
Examines dominant intellectual paradigms informing anthropology of South Asia. Topics include debates on caste, kinship, socialization, religions, applied anthropology. Primary focus India but students may write research paper on any South Asian country. Prereq> Jr st or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA 463 Introduction to Indian Philosophy Credits: 3
Philosophical ideas in India. Prereq> Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 464 Goddesses and Feminine Powers Credits: 3
Studies in the history of world religions with focus on specific feminine deities and sacred powers, their myths, cults and symbols, and their human agencies. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA 466 Buddhist Thought Credits: 3
Survey of the fundamental trends in Buddhist thought through the works of major philosophers. Themes include the concept of "selflessness" and concomitant theories of essencelessness, perception, language and rationality. Previous study of Buddhism or philosophy is strongly recommended. Prereq> So st or cons inst. Prev study of Buddhism or philos strongly recommended.
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 467 Peoples and Cultures of Northern India and the Himalayas Credits: 4
Prehistory and regional variations and interrelations of caste and tribal cultures in India north of the Vindhya Mountains. Similarities and contrasts of North Indian and neighboring cultures. Prereq> So st or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LCA 468 Peoples and Cultures of Southern India and Sri Lanka Credits: 4
Prehistory and regional variations and interrelations of caste and tribal cultures in India south of the Vindhya Mountains. Similarities and contrasts of South Indian and Sri Lankan cultures. Prereq> So st or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA 469 Language and Society in South Asia Credits: 3
Bilingualism, social and regional dialects, problems of communication; language and politics, linguistic factionalism, official language policies; coinage, language standardization, development of literatures. Lectures, readings, term papers. Prereq> Cons inst or Jr st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 471 Topics in Contemporary Buddhism Credits: 3
A survey of Buddhist thought and practice in the twentieth and twenty-first centuries, with special attention to the impact of the processes of globalization on Buddhist communities. Prereq> So st & LCA/Relig St 364 or 465, or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
LCA 472 Women in Turkish Society  Credits: 3
Interdisciplinary analysis of women's issues in Turkish society from the Ottoman era imperial harem to Islamist feminist movements in the secular Republic of Turkey today. Emphasis on the critical use of a comprehensive set of disciplinary lenses. Prereq> So st or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

LCA 475 Peoples and Cultures of Nepal  Credits: 3 - 4
Comparative ecological adaptations and their effects; nation of Nepal as multi-ethnic socio-cultural system. Ethnohistories; economic infrastructure of mountain trade; comparative kinship and stratification systems; shamanism and Nepali blends of Hinduism and Buddhism; Newari civilization; and effects of outside influences on an isolated nation. Prereq> So st or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA 478 Indian Writers Abroad: Literature, Diaspora and Globalization  Credits: 3
Study of literature, drama, and film produced by authors of South Asian origin in Europe, North America, and the Caribbean. Course considers theories of diaspora, changing patterns of subcontinental migration, and relation of diasporic forms to the cultures of origin and adoption. Students who have taken English 524 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of literature
L&S Breadth: Literature  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LCA 479 Ritual and Ritual Theory  Credits: 3
Theoretical and comparative historical studies of sacrifice, domestic and community worship, life-cycle rites, spirit possession, pilgrimage, festivals, performance traditions. Prereq> Jr st or above
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

Examines changes in Southeast Asian religions (Buddhism, Confucianism, Islam) and experiences of modernity during the colonial period. Focus on religious and literary expressions from Thailand, Cambodia, Vietnam and Indonesia. Prereq>
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA 553 Ritual in Buddhist Life  Credits: 3
A survey of the place of ritual in Buddhist life across Asia. Special attention will be given to meditation, both as a form of ritual and as an ancillary to ritual. Prereq> LCA/Relig St 364 or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 568 Study Abroad in Religions and Philosophies  Credits: 2 - 6
Study of religions and philosophies offered by a UW-approved study-abroad program outside the United States. Prereq> Jr st
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LCA 571 Indian Theories of Literature and Drama  Credits: 3
History and development of theories of literature from the time of Natya Sastra (fourth century A.D.) to Jagannatha (seventeenth century A.D.) with emphasis on the different theories of Rasa (sentiment) and the theory of Dhvani (suggestion). Application of the theories to works of Indian literature available in translation. Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 576 Buddhism and Literature  Credits: 3
Examination of Buddhist involvement in literary culture in South and East Asia. Prereq> LCA/E Asian/Relig St 273 or 364 or LCA/Relig St 416
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 579 Fiction and Ethnography in Turkey  Credits: 3
Critical survey of fiction and ethnography as part of a discourse of interacting genres informed by competing social scientific paradigms and political ideologies. Examines use of Turkish literature as cultural informant but student papers may treat literatures in other languages. Prereq> Jr st
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
LCA 600 Capstone Seminar in Asian Humanities Credits: 3
An examination of methodological and theoretical issues in Asian humanities, with emphasis on literary, religious, and cultural studies. Prereq: Jr st; LCA major
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA 610 Proseminar: Introduction to Turkic Linguistics Credits: 3
Intensive introduction to Turkic philology and the major problems in the diachronic and synchronic study of the Turkic languages; reference tools; and analysis of texts in a number of languages. Prereq: Jr st
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 614 Social Structures of Muslim Societies Credits: 3
Analysis of legal, religious, familial, educational, and political institutions in Muslim societies, with special attention to the interaction between these institutions and contemporary social and economic processes. Prereq: Intro Soc course (Soc 140, 181, 210, or 211) or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 615 Writing Travels Credits: 3
This Global Cultures capstone seminar provides students returning from travel or study abroad an opportunity to employ (or transgress) the literary conventions of travel writing as they structure their own experience of global cultures through the act of writing. Prereq: Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA 620 Proseminar: Studies in Religions of Asia Credits: 3
Historical and structural analysis and discussion of specific topics in one or more religions of Asia. Prereq: So st or LCA/Relig St 273 or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 621 Mapping, Making, and Representing Colonial Spaces Credits: 3
Spatial legacy of colonialism; explores important ways in which the population, landscape, architecture, and urban environment of colonies were mapped, made, and represented, particularly in the 19th and 20th centuries; theoretical and empirical analyses from diverse disciplines and spatial terrain. Prereq: Sr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LCA 623 Yoga: Methods and Goals Credits: 3
Explores Yoga techniques propagated in the ancient Indian texts, as well as their adaptions in the Western world. Prereq: So st & one crse in S Asian religions or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 624 Meditation in Indian Buddhism and Hinduism Credits: 3
Examines contemplative practices in the two major Indian religions, Buddhism and Hinduism. Covers practices described in ancient texts but also provides an overview of selected modern practices. Prereq: So st & one crse in S Asian religions or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 625 Sanskrit and Asian Cultures Credits: 3
Addresses the nexus between the classical Indian language, Sanskrit and Sanskritic-Brahamanical culture in South Asia. Also explores influences on other Asian cultures. Prereq: So st & one crse in S Asian religions or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 626 Gods and Goddesses of South Asia Credits: 3
Explores the deities of South Asia by examining the development of iconographic concepts and devotional practices associated with the worship of deities. Prereq: So st & one crse in S Asian religions or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 628 Hindu Law Credits: 3
An examination of the nature, history, institutions, and thought of the Hindu legal tradition from its origins ca. 2000 BCE to the present. Prereq: Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LCA 630 Proseminar: Studies in Cultures of Asia Credits: 3
Prereq: Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
LCA 634 Social Structure of India Credits: 3
Analysis of the major institutions of India with special attention to the relationship between Hindu community organization, caste and the family; the effects of political developments, population growth, industrialization, and urbanization. Prereq: Intro Soc course (Soc 140, 181, 210, or 211) or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 640 Proseminar in Central Asian History Credits: 3
Introduction to the historiography of the Golden Horde and the Tatar, Kazak, and Uzbek nations; impact on Russia; Russian colonialism in Central Asia; innovative approaches to social and economic history. Prereq: Jr st
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LCA 650 Proseminar in Buddhist Thought Credits: 2 - 3
Advanced topics in Buddhist thought. Prereq: Jr st or cons inst. 1 crse in Buddhism strongly recommended
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LEGAL ST 261 American Legal History to 1860 Credits: 3
This course surveys the development of American law down to the U.S. Civil War. After a review of the English historical background, it examines how law changed in colonial America, culminating in the framing of the U.S. Constitution. It then explores how territorial expansion, democracy, and slavery shaped nineteenth-century American law. Emphasis is on how law interacts with political, social, and cultural change, with a focus on the origins of modern civil and constitutional rights. Prereq> Sophomore standing
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LEGAL ST 262 American Legal History, 1860 to the Present Credits: 3
This course surveys the development of American law from the Civil War to the early Twenty-First Century. After a review of the U.S. Constitution and its modification by the Civil War amendments, it examines the legal dimensions of such topics as race relations and the Civil Rights movement, the growth of modern business, the New Deal, labor rights, the women's movement, the individual rights revolution of the postwar period, and the contemporary conservative reaction. Emphasis is on how law interacts with political, social, and cultural change. Prereq> Sophomore standing
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring
LEGAL ST 400 Topics in Legal Studies and the Social Sciences Credits: 3 - 4
This course can be repeated by students, but not with the same content. Prereq> Jr st; prerequisite may vary with topic
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LEGAL ST 405 Foundations of Field Education Credits: 2
This course is designed as a preparatory course for an advanced learning opportunity via an extensive, hands-on internship at a community criminal or juvenile justice agency. Prereq> Students must be declared in the Criminal Justice Certificate and have completed or be currently enrolled in a course from groups 1-3 of the certificate curriculum
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LEGAL ST 409 Human Rights in Law and Society Credits: 3
Introduction to the theory, the politics and the sociology of human rights. Main themes: international human rights legal regime, questions of why human rights have become "legalized," and what the consequences of this legalization are on the ground. Prereq> Legal St/Soc 131 or Legal St/Poli Sci 217., Jr st or inst cons
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LEGAL ST 415 The Legal Profession Credits: 3 - 4
History, structure, and functioning of legal professions in the United States and in other countries around the world. Prereq> None
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LEGAL ST 422 Women and the Law Credits: 3
Legal system, laws, and proposed legislation that have specific impact on the lives of women. Topics investigated in both the social and legal contexts. Prereq> A woman-related course and a soc sci course; or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LEGAL ST 426 The History of Punishment Credits: 3 - 4
This course examines punishment across a vast range of historical traditions, examining how wrongdoing and punishment have been figured in law, literature, art and philosophy. Through the semester we will examine ancient, medieval and modern traditions. Prereq> Junior or Senior standing or consent of instructor
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LEGAL ST 430 Law and Environment: Rights and Resources Credits: 3
This class explores the burgeoning field of environmental studies through a focus on the historical development of legal rights in land and natural resources. It examines rights in natural resources in pre-modern European and non-Western traditions, traces the development of modern Anglo-American and selected global approaches to environmental law and governance, and considers the recent development of international environmental law. Prereq> Sophomore standing
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LEGAL ST 442 The Civil Law Tradition Credits: 3
This course is an introduction to the civil law tradition which represents the family of legal systems most common in Western Europe, Latin America, and East Asia. Prereq> A prev law-related class
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LEGAL ST 444 Law in Action Credits: 3
A review of the interaction of law (judicial decisions, legislation, administrative actions) with public policy by studying the approaches used to resolve a number of significant issues by use of law and examining the actual impact of such efforts. Prereq> So st
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LEGAL ST 450 Topics in Legal Studies and the Humanities Credits: 3 - 4
Topics courses will address a variety of issues linking various humanities perspectives to the central themes of law and legal institutions. This course may be repeated by students, but not with the same content. Prereq> Jr st; prerequisite may vary with topic
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LEGAL ST  663 Introduction to Cyberlaw  Credits: 3
This is an introductory course in the law of cyberspace. The emphasis is on critical thinking about a broad variety of legal and policy problems that arise because of ever-changing information and communication technologies.  
Prereq> Jr st & cons inst, or Grad st in SLIS  
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Occasionally

LEGAL ST  681 Senior Honors Thesis  Credits: 3 - 4
Individual study for majors writing theses for honors degree.  
Prereq> Sr st, legal studies major, admission to Honors Progm, cons inst  
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall

LEGAL ST  682 Senior Honors Thesis  Credits: 3 - 4
Individual study for majors writing theses for honors degree.  
Prereq> Sr st, legal studies major, admission to Honors Progm, cons inst  
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Spring

LEGAL ST  691 Senior Thesis  Credits: 3
Individual study for majors writing senior thesis (nonhonors).  
Prereq> Legal studies major, Sr st, cons inst  
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall

LEGAL ST  692 Senior Thesis  Credits: 3
Individual study for majors writing senior thesis (nonhonors).  
Prereq> Legal studies major, Sr st, cons inst  
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Spring

LEGAL ST  694 Criminal Justice Field Observation  Credits: 2 - 3
Field placements and seminar sessions to develop sociological understanding of criminal justice processes. Placement in criminal justice agencies and lectures and discussions applying concepts and theories to field experience.  
Prereq> Soc 131 and Criminal Justice Certificate declaration  
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Summer

LEGAL ST  699 Directed Study  Credits: 1 - 4
Directed study in legal studies.  
Prereq> Cons inst  
L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall, Spring, Summer

LIBRARY & INFORMATION STUDIES

L I S  201 The Information Society  Credits: 4
Explores the ways in which information—in oral, print, broadcast, and now digital/networked forms—has been tied to notions of democracy, capitalism, social justice, and "progress" in American history. Coursework involves significant online component, including weblogging and podcasting.  
Prereq> Com-A or equiv (con reg not sufficient). Open to Fr  
General Education:  COM B  L&S Breadth:  Humanities or Soc Sci  L&S Level:  Elementary  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall

L I S  202 Informational Divides and Differences in a Multicultural Society  Credits: 3
Explores the impact of and barriers to access to information on the lives of low-income ethnic/racial minority communities in the United States. Provides introduction to contemporary information society from a sociological perspective.  
Prereq> Open to Fr  
Ethnic Studies: Yes  L&S Breadth:  Humanities or Soc Sci  L&S Level:  Elementary  L&S Credit:  Counts for LAS credit  Typically Offered:  Spring

L I S  301 Information Literacies in Online Spaces  Credits: 3
Explores information and digital literacies needed by today's online consumers and producers. Covers skills and topics related to access (digital divides, power relations in online communities, regulation), analysis (assessing credibility, evaluating risks, analyzing representation) and production (blogging, videosharing, gaming).  
Prereq> None  
L&S Breadth:  Social Science  L&S Level:  Elementary  L&S Credit:  Counts for LAS credit  Typically Offered:  Fall

L I S  319 Scandinavian Children's Literature  Credits: 3 - 4
Forms and themes of Scandinavian children's literature from the nineteenth century to the present. Exploration of the dominant concerns of authors, adult and non-adult audiences. Film adaptations and Scandinavian-American materials included.  
Prereq> Jr st or cons inst  
L&S Breadth:  Literature  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  Typically Offered:  Occasionally
LIS 340 Topics in Information Studies - Social Aspects Credits: 3
Exploration of contemporary issues related to information in society. Subject will vary. Examples include, but not restricted to: Information Ethics, Digital and Print Culture, Global Information Flows. Prereq> None
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LIS 341 Topics in Information Studies - Technological Aspects Credits: 1 - 3
Exploration of information technology and information management subjects. Subjects will vary. Examples include, but not restricted to: A Social History of Information Infrastructure, Digital Productivity Tools and Debates, Digital Publishing Standards and Tools, Digital Preservation. Prereq> None
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LIS 351 Introduction to Digital Information Credits: 3
This entry level course prepares students to use information technologies to solve problems and help people through implementing information infrastructures such as websites, databases and metadata. Students will explore information access, information representation, usability and information policy issues, and increase their understanding of the social impacts and social shaping of information infrastructures. Prereq> None
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LIS 399 Independent Reading and Research Credits: 1 - 4
Concentrated work on a subject or problem of the student's need or interest; students must submit a written report, paper, or other product covering the work accomplished. Prereq> Cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LIS 450 Information Agencies and Their Environment Credits: 3
Basic communication theories and models; information users as individuals and as members of groups; production and transmission of information; nature and roles of libraries and other information agencies; the profession of librarianship. Prereq> Jr st & cons of dept
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LIS 451 Online Searching for Information Professionals Credits: 3
Use of databases for library and other information services; development and use of search protocols and search strategies; information resource evaluation; understanding information retrieval systems; comparison and contrast of systems and strategies for World Wide Web searching. Prereq> Junior standing & consent of instructor; or Graduate standing in SLIS
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LIS 460 Surveillance, Privacy, and Police Powers Credits: 3
Examines individual privacy and government information collection in law enforcement, security, public health, administrative law, and other contexts from a variety of disciplinary perspectives. Prereq> Junior standing or permission of instructor
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LIS 490 Field Methods and the Public Presentation of Folklore Credits: 3
The course combines a fieldwork practicum with scrutiny of the cultural, political, and ethical dimensions underlying the documentation and public presentation of folklore through festivals, exhibitions, publications, and audio-visual productions. Prereq> Sr st, two crses in folklore or cultural anthro or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LIS 517 Consumer Health Information: Resources, Users, and Services Credits: 3
Focuses on the special domain of consumer health: characteristics and special needs of consumer health information users; identification of appropriate materials; ethical policy issues; and information and referral services to and from healthcare organizations, community agencies, and public libraries. Prereq>
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LIS 551 Organization of Information Credits: 3
Introduction to bibliographic organization and control, including cataloging, classification, indexing, file organization, vocabulary control and retrieval strategies. Prereq> LIS 450 or con reg
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
L I S 569 History of American Librarianship Credits: 3
Development of American librarianship from Colonial times to the present, with special reference to the relationship of library institutions to their contemporary social, economic, cultural and political environments. Prereq> Jr st; or Grad st in SLIS
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

L I S 616 Records Management Credits: 1 - 3
An introduction to the role of records in society and to the principles and practices involved in managing records (both paper and electronic) in private and public sector organizations. Grad st in SLIS or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

L I S 617 Health Information Systems Credits: 3
Provides grounding in core concepts of health information systems. Major applications include clinical information systems, language and standards, decision support, image technology and digital libraries. Evaluation of IE tools and perspectives designed to improve the quality, efficiency and effectiveness of health information. Prereq> Senior or Graduate standing, or consent of instructor
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

L I S 619 Music Research Methods and Materials Credits: 3
Historical and contemporary bibliography resources for musical scholarship; general reference tools of scholarly work and specific musicological works. Prereq> Grad st or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

L I S 620 Field Project in Library and Information Agencies Credits: 3
Analysis of field experience through seminars, individual conferences, required reading and consultations with cooperating librarians and information specialists. Enrollment limited. Prereq> LIS 450, 451 & 551; electives appropriate to the proposed project; & cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

L I S 622 Childrens Literature Credits: 3
Traditional sources to the present; criticism and evaluation; contemporary trends and issues. Techniques of reading guidance in school or public library in relationship to developmental interests, needs and skills of children. Prereq> Jr st & cons inst; or Grad st in SLIS
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

L I S 624 Story Telling and Oral Literature Credits: 3
The oral tradition in world literature for children. Techniques of interpretation through story telling; development of story telling programs in library, school and community. Prereq> Jr st & cons inst; or Grad st in SLIS
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

L I S 629 Multicultural Literature for Children and Young Adults Credits: 3
Focus on literature written or illustrated by U.S. citizens or residents which depicts people of color both within and outside the U.S. Emphasis on literature of past fifteen years with comparison to earlier literature. Publishing trends. Ethnic Studies: Yes  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

L I S 631 Young Adult Literature Credits: 3
Survey of background and current media interests and needs of young adults, with emphasis on reading interests. Critical examination of media trends, materials, selection criteria, guiding the individual user, censorship problems, as they relate to the young adult. Prereq> Jr st & cons inst; or Grad st in SLIS
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

L I S 635 Reference and Information Service Credits: 3
Theories, principles and practices in selected aspects of reference and information services. Prereq> LIS 450 & 451 or con reg or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
L I S 639 Pedagogical Theory and Practice for Information Professionals Credits: 3
Introduction to pedagogical theory, training tools, and teaching skills needed in a variety of informational instructional settings such as academic and public libraries, archival institutions, museums, and software training facilities. Applicable for students interested in information literacy instruction, online teaching, technology training, and group instruction. Prereq: Graduate standing in SLIS or consent of instructor L&S Credit: No degree credit in L&S Typically Offered: Occasionally

L I S 640 Topics in Library and Information Studies Credits: 1-3
Current issues in library and information studies that are not addressed in sufficient depth in existing courses or that combine facets of several existing courses. Prereq: Jr st & cons inst; or Grad st in SLIS L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

L I S 641 The School Library/Media Center Credits: 3
Its function in the educational program; the management, organization, and development of its media resources and services. Prereq: LIS 450 & 451 or con reg or cons inst L&S Credit: No degree credit in L&S Typically Offered: Occasionally

L I S 642 Reading Interests of Adults Credits: 3
An examination of the nature and societal functions of a variety of mass media-generated adult reading materials, the standards by which they are judged, and their relationship to contemporary library and information science fields. Prereq: Junior Standing; or Graduate Standing in SLIS L&S Credit: No degree credit in L&S Typically Offered: Occasionally

L I S 644 Digital Tools, Trends and Debates Credits: 3
Overview of information and communications technologies, digital media, and standards in relationship to information agencies, within the context of current societal controversies. Promotes technical knowledge of ICT and critical analysis of controversies surrounding ICT development, use and modification. Prereq: Jr st & cons inst or Grad st in SLIS L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

L I S 645 Intellectual Freedom Credits: 3
An examination of intellectual freedom in the United States including censorship, minors’ rights, the Internet, privacy, and copyright with focus on theoretical questions related to the First Amendment to the U.S. Constitution, and historical developments. Prereq: Junior Standing; or Graduate Standing in SLIS L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

L I S 650 History of Books and Print Culture in Europe and North America Credits: 3
History of books and print culture in the West from ancient times to the present. Focus on the influence of reading and writing on social, cultural, and intellectual life. Methodologies, theories, and sources for study of book and print culture history. Prereq: Junior standing; or Graduate student in SLIS L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

L I S 651 Cataloging and Classification Credits: 3
Basic cataloging and classification principles and suitable techniques. Includes descriptive cataloging, selected entry headings, Sears subject headings, Dewey Decimal Classification, book numbers, and cataloging with supplied copy including OCLC editing. Prereq: LIS 450, 451, 551 or con reg or cons inst L&S Credit: No degree credit in L&S Typically Offered: Occasionally

L I S 652 XML and Linked Data Credits: 3
This course introduces the technical underpinnings of XML and linked data (RDF) as used in information agencies, sufficient for students to learn, use, and leverage newly-encountered markup and metadata languages. Prereq: Junior standing & consent of instructor; or Graduate student in SLIS L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

L I S 653 Government Information Sources Credits: 3
Issues of United States government information policy. Structure, policies, and procedures of the Depository Library System. Selection, acquisition, and problems of access to government information sources, including electronic formats. Prereq: Junior standing & consent of instructor; or Grad standing in SLIS L&S Credit: No degree credit in L&S Typically Offered: Occasionally
L I S 654 Information Services Management Credits: 3
Survey of concepts and skills necessary to perform in an information services organization. Service needs assessment, goal and objective setting, staffing, budgeting and evaluation. Prereq: LIS 450 & 451 or con reg or cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

L I S 655 Collection Management Credits: 3
A course in collection development designed to teach professional skills in selection and control of collections. The course examines large societal forces affecting the ways librarians have traditionally built collections and contemporary changes in access and ownership. Prereq: Grad st in SLIS or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

L I S 661 Information Ethics and Policy Credits: 3
Overview of modern ethical theories and how they inform information agency policies and practices; examines selected policy issues relating to information and communications; includes topics such as intellectual property, privacy, censorship, equity of access. Prereq: Jr st & cons inst, or Grad st in SLIS
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

L I S 663 Introduction to Cyberlaw Credits: 3
This is an introductory course in the law of cyberspace. The emphasis is on critical thinking about a broad variety of legal and policy problems that arise because of ever-changing information and communication technologies. Prereq: Jr st & cons inst, or Grad st in SLIS
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

L I S 665 Topics in Race and Ethnicity in the Information Society Credits: 3
This course discusses issues in the provision of information services in a multiethnic and multilingual society. It also discusses the role of information institutions in promoting and preserving ethnic heritage. Prereq: Junior standing and consent of instructor; or Grad standing in SLIS
Ethnic Studies: Yes  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

L I S 668 Digital Curation Credits: 3
This course prepares information professionals to assist with research-data management and digital preservation. Topics include: concepts, theory, and economics of digital preservation; metadata; research-data management as a technological and social phenomenon; teaching digital curation and research-data management; intellectual-property issues; the current state of digital-preservation systems. Prereq: Junior Standing and consent of instructor; or Graduate standing in SLIS
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

L I S 678 Preservation and Conservation of Library and Archives Materials Credits: 3
Basic concepts, principles, and approaches to protection and care of library and archives material, including nature and structure of paper- and plastic-based materials, deterioration, preservation management, disaster prevention, reformattting, and repair. Laboratory experience offered. Prereq: Graduate standing in SLIS
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

L I S 710 Research Methods for Library and Information Studies Credits: 3
Fundamental purposes and principles of research. Introduction to research design and methodologies. Distinctive characteristics of problems in librarianship and information studies and methods of research best adapted to solution of these kinds of problems. Prereq: None
Typically Offered: Occasionally

L I S 712 The Public Library Credits: 3
Library service based on knowledge of structure and government, personnel, resources, legislation, building, management and planning, public relations and marketing. Prereq: None
Typically Offered: Occasionally

L I S 722 College and University Libraries Credits: 3
Place of the library and librarian in the instructional program; special units of study devoted to administration of the library, budgets, buildings, departmental libraries and cooperative ventures. Prereq: None
Typically Offered: Occasionally
L I S 732 Strategic Information Services Credits: 3
Developing, managing and evaluating information services to corporate, government, research, small business, and community organizations. Overviews of knowledge management, business intelligence, industry analysis, information brokering. Gain skills in information service entrepreneurship and marketing information services. Overview of changes within the profession and networking within the professional community. Prereq> None
Typically Offered: Occasionally

L I S 734 Introduction to Archives and Records Management Credits: 3
An introduction to the archives profession and basic theory and practice of archives and records administration, including the uses of primary sources in research, appraisal, access, and preservation. Prereq> Graduate standing & consent of instructor
Typically Offered: Occasionally

L I S 751 Database Design for Libraries and Information Agencies Credits: 3
Introduction to database management systems, the database design process and database management issues, current trends and developments in the database field with a focus on library database systems. Prereq> Grad st in SLIS
Typically Offered: Occasionally

L I S 755 Electronic Resource Management & Licensing Credits: 3
Management, policy and technology issues associated with licensed digital library resources such as e-journals, e-books, full text and citation databases, digital audio and video collections, and e-references resources. Includes a significant copyright and licensing component. Prereq>
Typically Offered: Spring

L I S 765 Archives User Services and Outreach Credits: 3
This course looks at the theories, principles, and practices involved in making archival material accessible to the public. Particular emphasis is placed on (1) the role that archival description plays in mediating access to archival materials, (2) on the public service and public programming components of archival work. Prereq> Consent of instructor
Typically Offered: Fall, Spring

L I S 772 Library Services to Children and Young Adults Credits: 3
The theory and structure of public library service to children and young people, its function in the community, and techniques of administration. Seminar and field work. Prereq> Grad st in SLIS or cons inst
Typically Offered: Occasionally

L I S 810 Topics in Research Methods for Library and Information Studies Credits: 1 - 3
Critical examination of selected methods of research methods and design; for example, bibliometric techniques, scale design. Prereq> None
Typically Offered: Occasionally

L I S 818 Archives Accessioning and Appraisal Credits: 3
Theories and principles behind archival decisions to acquire records and designate them as worthy of long-term retention in an archive. Emphasis on understanding archival views about society, the role of the archivist, and the attribution of value to archival material. Prereq> LIS 734, concurrent registration or consent of instructor
Typically Offered: Occasionally

L I S 820 Topics in Community Engagement Credits: 1 - 3
Provides a practical experience for students to work in communities with literacy and other information needs. Examples of community work include designing and implementing literacy programs for school-aged children and organizing book and magazine collections in after-school facilities. Prereq> Cons inst
Typically Offered: Fall, Spring, Summer

L I S 822 Information Use and Users Credits: 3
Survey of information needs, information seeking behavior, and information use by people in their various roles, situations, and contexts. Methods that are used to study information needs, uses, and information seeking behavior, including community analysis. Prereq> LIS 450 & LIS 451; or consent of instructor
Typically Offered: Occasionally
L I S 826 Field Project in Library and Information Literacy Instruction Credits: 3
Guided practice in the development and implementation of information literacy curriculum at the university level. Participants will assist campus teaching librarians with the Communication Requirement A courses and perform other teaching related tasks at assigned site. Prereq: LIS 450, LIS 451 & LIS 551 or concurrent registration; and consent of instructor
Typically Offered: Occasionally

L I S 839 Special Collections Credits: 1 - 3
A topical course focusing on a special subject (art, law, music, health sciences) or format (maps, microforms, rare books, iconographic materials). Issues related to collection development, acquisitions, reference, indexing and management. Prereq: Cons inst. May be repeated for cr. a max of 6 cr applicable to the Master degree
Typically Offered: Occasionally

L I S 845 Topics in School Library/Media Centers Credits: 1 - 3
Problems of the library/media center in schools and the role of the library/media specialist. Centralizing services, programming for children and young adults, budgeting modes, curriculum planning, and team teaching. Prereq: LIS 641 & cons inst; may be repeated; max of 6 cr applicable to Masters degree
Typically Offered: Occasionally

L I S 847 Topics in User Services Credits: 1 - 3
Special aspects of user services, publics served, skills in service and service models involved. May include such topics as information and referral; digital reference; literacy services; services to the elderly; services to underserved populations and nontraditional users. Prereq: Cons inst; repeatable; max of 6 cr applicable to Masters degree
Typically Offered: Occasionally

L I S 848 Topics in Literature for Children and Young Adults Credits: 1 - 3
Seminar. Trends and issues in children's and young adult reading, viewing, and listening interests. Topics vary. Typical focuses: realistic young adult novel; publishing trends; rise of book clubs; illustrations and illustrators; mixed media programming. Prereq: Graduate standing in SLIS; repeatable; maximum of 6 credits applicable to the Masters degree
Typically Offered: Occasionally

L I S 853 Metadata Standards and Applications Credits: 3
This course provides an overview of the design and use of metadata for resource description and retrieval in digital environments. Students learn to implement and evaluate standard schemes used in cultural heritage, commercial and other contexts including Dublin Core, MODS, VRA and others. Issues of information behavior, interoperability, quality control, vocabulary control and project management are covered. Prereq: LIS 551
Typically Offered: Spring

L I S 855 Topics in Information Agency Management Credits: 1 - 3
Critical examination of selected management techniques in the areas of materials control, physical plant operations, personnel programs, budget preparation and statistical reporting. May also focus on a particular type of information agency; e.g., data analysis centers, research libraries, or public libraries. Prereq: Graduate standing in SLIS; may be repeated, maximum of 6 credits applicable to Masters degree
Typically Offered: Occasionally

L I S 861 Information Architecture Credits: 3
Covers how traditional library science concepts such as organization of information and users and uses apply to web design, and examines the basics of usability, navigation, project planning, project management, web evaluation, and ongoing web information system management. Prereq: Grad st in SLIS
Typically Offered: Occasionally

L I S 875 Topics in Information Processing and Retrieval Credits: 1 - 3
Current issues in technologies for information processing and retrieval in libraries and information agencies. Prereq: Cons inst. May be repeated for cr; a max of 6 cr applicable to Masters degree
Typically Offered: Occasionally
L I S 879 Digital Libraries Credits: 3
Technologies and other related topics/issues in developing and maintaining digital libraries. Covers digitization and organization of information, user-centered systems design and evaluation, public services, funding, and so on. Project-based course. Prereq> LIS 450, 551 & cons inst
Typically Offered: Occasionally

L I S 910 Smr-Research Design & Methodology for Library & Information Studies Credits: 3
Examines key issues in research design, including how to formulate research questions and shape scholarly research to make valid descriptive and causal inferences. Analysis and evaluation of research designed and conducted with different theoretical frameworks and methodologies; guided proposal preparation. Prereq> SLIS Doctoral student; may be repeated; maximum of 6 credits applicable for doctoral degree
Typically Offered: Occasionally

L I S 931 Seminar in Information Policy, Management and Institutions Credits: 3
Survey of research and theorizing of: information policy and law, the management of information within and between organizations - including information technology and information labor, and investigation of traditional and new institutions in the information society. Prereq> Post-masters st in SLIS or cons inst
Typically Offered: Occasionally

L I S 940 Seminar in Information Use and Users in Context Credits: 3
Exploration of information needs, information seeking behavior, and information use by people in various roles, situations, and contexts that go beyond libraries. It includes exploring factors that influence a user's information needs and behavior. Prereq> Post-Masters st in SLIS or cons inst
Typically Offered: Occasionally

L I S 950 Seminar in LIS Foundations: Histories, Philosophies and Debates Credits: 3
An in-depth examination of some aspect(s) of the historical and philosophical foundations of LIS as it has been transformed through time and space, within the broader cultural context. Prereq> Post-masters st in SLIS or cons inst
Typically Offered: Occasionally

L I S 975 Seminar in Information Organization and Access Credits: 3
Critical examination of technical and non-technical aspects and conitive/socio-cultural processes and implications of systems and models of information organization, retrieval and transfer. Introduces different research approaches and topic areas, including relevance, search behavior, knowledge representation, and systems design and evaluation. Prereq> Post-masters st in SLIS or cons inst
Typically Offered: Occasionally

L I S 976 Special Problems in Archives-Manuscripts Administration Credits: 3
A research seminar. Contemporary problems in archives administration, with special types of archival institutions and special classes of archival material. Prereq> LIS 734 or consent of instructor
Typically Offered: Occasionally

L I S 977 The Practice of Archives-Manuscripts Administration Credits: 3
Practical training in the collecting and accessioning, arrangement, describing and servicing of archives and manuscript holdings in the Division of Archives and Manuscripts of the State Historical Society under the direct supervision of the chief archivist or a member of the professional staff. Prereq> LIS 734 or consent of instructor
Typically Offered: Occasionally

L I S 990 Research and Thesis Credits: 1 - 9
Doctoral students. Prereq> Cons of major professor
Typically Offered: Occasionally

L I S 999 Independent Reading and Research Credits: 1 - 4
Concentrated work on a subject or problem of the student's need or interest; students must submit a typewritten report or paper covering the work accomplished. Prereq> Cons inst
Typically Offered: Occasionally

LINGUISTICS
LINGUIS 101 Human Language Credits: 3
Elementary theory and practical work in phonetics, phonology, morphology, and syntax, with attention to formal grammar. Prereq: Open to Fr. Stdts may not receive cr for both Linguis 101 & 301
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LINGUIS 103 Language, History, and Society Credits: 3
Relation of variation and change to formal properties of human language; consideration of linguistic typology, basic concepts and methods of diachronic analysis. Topics include: language classification; language and social identity, geography, power and prestige; language contact; registers; writing systems. Prereq: Open to Fr. Stdts may not receive cr for both 103 & 303
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LINGUIS 211 Global Language Issues Credits: 4
A series of modules, each showcasing one language and its culture. Each module tackles a major issue about language, such as extinction and revival, language and nationhood, how widely and deeply languages differ, language and worldview, writing systems and literacy, language discrimination and inequality. Prereq: Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LINGUIS 236 Bascom Course Credits: 3
A low-enrollment course developing skills in critical reading, logical thinking, use of evidence, and use of library resources. Emphasis on writing in the conventions of specific fields. Prereq: Successful completion of or exemption from Com A requirement. Open to Fr.
General Education: COM B  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LINGUIS 299 Directed Study Credits: 1 - 4
Prereq: Cons inst. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LINGUIS 301 Introduction to Linguistics: Descriptive and Theoretical Credits: 3
Elementary theory and practical work in phonetics, phonology, morphology, and syntax, with attention to formal grammar. Prereq: Open to Fr. Stdts may not receive cr for both Linguis 101 & 301
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LINGUIS 303 Language, History, and Society Credits: 3
Relation of variation and change to formal properties of human language; consideration of linguistic typology, basic concepts and methods of diachronic analysis. Topics include: language classification; language and social identity, geography, power and prestige; language contact; registers; writing systems. Prereq: Stdts may not receive cr for both 103 & 303
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LINGUIS 306 General Phonetics Credits: 3
Theory of articulatory phonetics; practice in recognition, reproduction, and transcription of speech sounds and features in various languages. Prereq: Linguis 101 or 301 or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LINGUIS 309 Grammatical Variability of Language Credits: 3
Introduction to theories of variation among world languages, focusing on syntactic phenomena. Prereq: Linguis 101 or 301 or cons inst. Not open to Fr
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LINGUIS 310 Phonology Credits: 3
Analysis and formal statement of phonological systems; problems and methods of phonological theory. Prereq: Linguis 101 or 301
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LINGUIS 322 Morphology Credits: 3
Morphological characteristics of the world's languages. Introduction to theoretical approaches to morphology. Interaction between morphology and syntax; morphology and phonology. Prereq: Linguis 310
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
LINGUIS 330 Syntax Credits: 3
Grammatical theory; types of elements and processes usable in syntactic description of various sorts. Prereq> Linguis 101 or 301
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LINGUIS 340 Semantics Credits: 3
Meaning in natural languages, relationship between syntax and semantics, compositional semantics. Prereq> Linguis 330 or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LINGUIS 365 Language, Race, and Identity Credits: 3
Relation of culture and genetics to formal properties of human language; consideration of American English dialects and language disorders. Topics include: biological basis of language disorders; racial affiliation and social identity; maintenance of social boundaries; politics of education, speech therapy. Prereq> Open to all Undergrads
Ethnic Studies: Yes  L&S Breadth: Biological or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit
Typically Offered: Occasionally

LINGUIS 371 Survey of North American Indian Languages Credits: 3
Overview of native languages of North America, including topics such as history, distribution, diversity, government policy, language endangerment, elaboration of cultural domains, language and worldview, speech styles, language structure (phonology, morphology, grammatical categories), performance (narrative, song), writing systems.
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LINGUIS 373 Topics in Linguistics Credits: 3
Topic varies with instructor. May be repeated. Prereq> Cons inst. Open to Fr
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LINGUIS 426 Field Methods I Credits: 3
Collection and analysis of phonetic, phonological, and morphological data from a particular language, using one or more speakers as consultants. Prereq> Linguis 310 or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LINGUIS 427 Field Methods II Credits: 3
Collection and analysis of morphological, syntactic, and semantic data from a particular language, using one or more speakers as consultants. Prereq> Linguis 310 & either 322 or 330, or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LINGUIS 430 Language and Culture Credits: 3 - 4
The relationship of language as a communication system to the culture transmitted by it. Principle problems in the interrelations of language and nonlinguistic human behavior. Prereq> So st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LINGUIS 481 Junior Honors Tutorial Credits: 1
May be repeated for credit.
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LINGUIS 482 Junior Honors Tutorial Credits: 1
May be repeated for credit.
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LINGUIS 510 Phonological Theories Credits: 3
Theories of phonology, and advanced phonological description. Prereq> Linguis 310
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LINGUIS 522 Advanced Morphology Credits: 3
Advanced morphological theory. Prereq> Linguis 322
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
LINGUIS 530 Syntactic Theories Credits: 3
Theories of syntax, and syntactic description. The relation of syntax to semantics, and other aspects of linguistic theory. Prereq> Linguis 330
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LINGUIS 540 Advanced Semantics Credits: 3
Indexicality, reference and quantification, intensionality, and tense. Prereq> Linguis 340
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LINGUIS 561 Introduction to Experimental Phonetics Credits: 3
Design and conduct of phonetic experiments; survey of instrumentation and techniques of investigating physiological, physical, and perceptual aspects of linguistic phenomena. Theory of acoustic phonetics. Lectures, demonstrations, lab, readings. Prereq> A phonetics course or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LINGUIS 562 Advanced Experimental Phonetics Credits: 3
Continuation of 561, with development of lab skills applied to real language problems. Relations of instrumental evidence to phonetic and phonological systems and universals. Statistical and psycholinguistic aspects. Lectures, demonstrations, lab, readings, term project. Prereq> Linguis 310 and 561
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LINGUIS 571 Structure of a Language Credits: 3
In-depth study of all components of the grammar of a language. Prereq> Linguis 310 & 330, or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LINGUIS 583 Senior Honors Tutorial Credits: 1
May be repeated for credit.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LINGUIS 584 Senior Honors Tutorial Credits: 1
May be repeated for credit.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LINGUIS 610 Topics in Phonological Theory Credits: 3
In-depth examination of a single phonological theory or a single area of recent phonological research. May be repeated for different topics. Prereq> Linguis 510 or Grad st in linguistics or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LINGUIS 681 Honors Seminar-Senior Thesis Credits: 3
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LINGUIS 682 Honors Seminar-Senior Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LINGUIS 699 Independent Reading Credits: 1 - 6
Prereq> L&S Undergrads need 2.5, Jr or Sr st & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LINGUIS 800 Research Methods and Materials Credits: 3
Typically Offered: Occasionally

LINGUIS 977 Seminar Credits: 2 - 3
See Linguistics 976 for course description. Prereq> Cons inst
Typically Offered: Occasionally

LINGUIS 978 Seminar Credits: 2 - 3
See Linguistics 976 for course description. Prereq> Cons inst
Typically Offered: Occasionally

LINGUIS 979 Seminar Credits: 2 - 3
See Linguistics 976 for course description.
Typically Offered: Occasionally
LINGUIS 990 Thesis Credits: 1 - 12
Research in connection with the doctoral thesis. Prereq> Grad st in linguistics
Typically Offered: Occasionally

LINGUIS 999 Independent Reading Credits: 1 - 12
Prereq> Grad st in linguistics
Typically Offered: Occasionally

LITERATURE IN TRANSLATION

LITTRANS 101 Introduction to Indian Literatures in Translation Credits: 3
Critical and comparative study of literary works in various Indian languages, with special emphasis on the major

LITTRANS  279 Yiddish Literature and Culture in America Credits: 3
Exploration of American Yiddish poetry, fiction, theater, and cinema created by European Jews in the United States. Prereq> Open to Freshmen
Ethnic Studies: Yes  L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LITTRANS  301 Modern Indonesian Literature in Translation Credits: 3
Representative novels, short stories and essays from early 20th century to the present are placed in the literary and cultural context of Indonesia. Prereq> So st or cons inst. LCA majors & all Grads register for LCA 401
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LITTRANS  303 Southeast Asian Literature in Translation Credits: 3
Introduction to Southeast Asia through modern literature in its cultural and political context, focusing on the mainland (Vietnam and Thailand) in the fall semester and on the islands (Indonesia and the Phillipines) in the spring. Prereq> So st or cons inst. LCA majors & all Grads register for LCA 403
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LITTRANS  304 Southeast Asian Literature in Translation Credits: 3
See Literature in Translation 303. Prereq> So st or cons inst. LCA majors & all Grads register for LCA 404
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LITTRANS  311 Areas in Scandinavian Literature Taught in English Credits: 1
Concentrated study of topics within Scandinavian literature. Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LITTRANS  312 In Translation: Topics in Scandinavian Literature Taught in English Credits: 1
Concentrated study of a literary topic. Prereq> Jr st or cons inst. Not for Grad stdts
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LITTRANS  313 Turkish Literature in Translation Credits: 3
Lyric poetry and mystic romance of the Ottoman era, memoirs, fiction and poetry of the modern period. Prereq> So st or cons inst. LCA majors & all Grads register for LCA 413
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

LITTRANS  318 Modern Jewish Literature Credits: 3 - 4
Pre-modern Jewish society's breakdown, immigration, the challenges of integration and exclusion, and the establishment of new communities will serve as a backdrop for the analysis and comparison of Jewish literary texts written in Hebrew, Yiddish, German, Russian, and English. Prereq> Open to Freshmen
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LITTRANS  319 Scandinavian Children's Literature Credits: 3 - 4
Forms and themes of Scandinavian children's literature from the nineteenth century to the present. Exploration of the dominant concerns of authors, adult and non-adult audiences. Film adaptations and Scandinavian-American materials included. Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
LITTRANS 324 Topics in Scandinavian Literature Credits: 3 - 4
An examination of selected topics in Scandinavian literature designed for students as literature in translation.
Prereq> Prerequisites vary by course
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LITTRANS 326 Topics in Dutch Literature in Translation Credits: 3
Study of an author or theme in modern Dutch/Flemish literature, presented by the current Dutch/Flemish writer in
residence. Prereq> At least one intermed-level crse in lit
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LITTRANS 328 Classical Rabbinic Literature in Translation Credits: 3 - 4
Introduction to the literature of the Classical Rabbinic or Talmudic period of Judaism (2nd to 7th centuries CE).
Historical and intellectual background; the interrelation of liturgy, legal and non-legal literature. Prereq> Open to Freshmen
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

LITTRANS 329 The Vampire in Literature and Film Credits: 3
Explores the image of the vampire in literature and visual arts as a metaphor for Eastern Europe and the Slavic
world. Begins with folklore and moves through literary texts to film and television. Prereq> Sophomore standing or consent of instructor
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

LITTRANS 331 In Translation: Scandinavian Topics in Depth Credits: 1 - 2
Penetrating study of an important Scandinavian literary or cultural topic. Content will vary with each offering.
Prereq> Jr st or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LITTRANS 332 Prophets of the Bible Credits: 4
An introduction to the thought, literature, and history of the prophets of ancient Israel (in English). Prereq>
Hebrew 217 which meets with Jewish/Relig St/Lit Trans 227 or Sophomore standing
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LITTRANS 334 In Translation: The Art of Isak Dinesen/Karen Blixen Credits: 3 - 4
Blixen's tales and biographical fiction. Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LITTRANS 335 In Translation: The Drama of Henrik Ibsen Credits: 3 - 4
Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LITTRANS 336 In Translation: The Drama of August Strindberg Credits: 3 - 4
Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LITTRANS 337 In Translation: 19th Century Scandinavian Fiction Credits: 3 - 4
Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LITTRANS 338 In Translation: Knut Hamsun and the 20th Century Norwegian Novel Credits: 3 - 4
Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LITTRANS 339 In Translation: Kierkegaard and Scandinavian Literature Credits: 3 - 4
Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LITTRANS 340 In Translation: Contemporary Scandinavian Literature Credits: 3 - 4
Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

LITTRANS 342 In Translation: Mythology of Scandinavia Credits: 3 - 4
Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

LITTRANS 373 Topics in Japanese Literature Credits: 3
Traces the evolution of a given idea through the course of Japanese literature. Possible topics include: women in Japanese fiction, effect of Buddhism on Japanese literature, reflections of everyday life in Japanese literature, and visual-verbal narration. Translations of high quality will be the principal texts, but students of Japanese will be encouraged to read as much as possible in the original. Prereq> So st or cons inst
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

LITTRANS 374 Topics in Korean Literature Credits: 3
Traces the evolution of a given idea through Korean literature. Possible topics: women in Korean fiction, Confucianism on Korean literature, and contemporary literature and film. Texts: English translations, but students of Korean urged to read as much as possible in the original. Prereq> So st or cons inst
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

LITTRANS 410 In Translation: Special Topics in Italian Literature Credits: 3
Treatment of a specific period, genre, theme or movement in Italian literature. Prereq> Jr st
L&S Breadth: Literature L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LITTRANS 423 In Translation: Slavic Drama in Context Credits: 3
Slavic playwrights and the European tradition of theatre and drama. Prereq> Sr st or cons inst
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LITTRANS 443 Masterpieces of Russian Drama in Translation Credits: 3
Main Russian dramatists and plays from the end of the eighteenth century to the present. Prereq> Jr st
L&S Breadth: Literature L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LITTRANS 471 Polish Literature (in Translation), Middle Ages to 1863 Credits: 3
Intensive study of major writers such as Kochanowski, Krasicki, and Mickiewicz. Readings in English. Prereq> Jr st or cons inst
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

LITTRANS 473 Polish Literature (in Translation) since 1863 Credits: 3
A comprehensive survey of Polish literature and its historical background from 1863 to the present. Readings in English. Prereq> Jr st or cons inst
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MATHEMATICS

MATH 95 Fundamental Mathematical Skills Credits: 3
Covers the fundamental mathematics necessary both as survival skills in daily life and as tool for success in college. Includes arithmetic procedures and their applications. Intended for students fulfilling the remediation requirements in mathematics. Prereq> Remedial status as determined by the University; does not count for degree credit. Open to Fr
L&S Credit: No degree credit in L&S Typically Offered: Fall
MATH 101 Intermediate Algebra Credits: 3
Real numbers, linear equations and inequalities, integral and fractional exponents, polynomials and their arithmetic, polynomial equations and equations with fractional exponents, quadratic formula and completing the square, systems of two linear equations, graphing (linear and other basic equations, and inequalities), problem solving using algebra and graphs. Prereq: Minimum math competency (1 unit ea HS algebra & geometry) & satisfactory placement scores. Open to Freshmen
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

MATH 112 Algebra Credits: 3
Polynomial equations, remainder and factor theorems, functions, graphs of functions, simultaneous linear equations, logarithm and exponential functions, sequences and series, mathematical induction, binomial theorem. Prereq: Intermediate math competency (usually 3 units of HS math) & suitable placement scores, or Math 101. Open to Freshmen. Closed to students with credit for Math 114, Math 221 or Math 211
General Education: QR-A L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

MATH 113 Trigonometry Credits: 3
This course covers the graphs, properties and geometric significance of trigonometric functions of a real variable. Other topics include trigonometric equations and identities, application, trigonometric form of complex numbers, DeMoivre's theorem, and polar and parametric equations. The course also has a significant number of applications, especially related to other disciplines. Prereq: Advanced math competency & suitable placement scores, or Math 112. Open to Freshmen. Closed to students with credit for Math 114 or Math 221
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

MATH 114 Algebra and Trigonometry Credits: 5
Covers Math 112 and Math 113. Not recommended for students with less than an AB in Math 100 or 101. Prereq: Intermediate math competency (usually 3 units HS math) & suitable placement scores, or Math 101. Open to Freshmen. Closed to students with credit for Math 112 and Math 113
General Education: QR-A L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MATH 118 Summer Collegiate Experience Mathematics Course Credits: 2
A preparation and introductory math course for students enrolled in the Summer Collegiate Experience program. The course will include material from precalculus and calculus and related topics depending on students' results on the math placement exam. Prereq: Student must be enrolled in the Summer Collegiate experience program and have consent of the math SCE coordinator. Open to Freshmen only
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Summer

MATH 130 Mathematics for Teaching: Numbers and Operations Credits: 3
Mathematics for teaching focusing on numbers and operations in K-8. Emphasis on understanding a variety of problem solving strategies and word problems. Content will focus on place value, models for the operations, standard and alternative algorithms, fractions, and decimals. Prereq: Open to Fr. Intermed math comptnce (usually 3 units HS math) & placement score, or Math 100 or 101. Open only to stdts in specific educ programs (PRE, PSR, EED, SPE) or by permission of Educ Acad Srvcs
General Education: QR-A L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MATH 131 Mathematics for Teaching: Geometry and Measurement Credits: 3
Mathematics for teaching focusing on geometry and measurement in K-8. Emphasis on understanding a variety of problem solving strategies and deductive reasoning. Content will focus on geometric shapes and their relationships, transformations, measurement, and the connection to numbers. Prereq: Open to Freshmen. Math 130 with a grade of C or better (or exemption from Math 130). Open only to stdts in specific educ programs (PRE, PSR, EED, SPE) or by permission of Educ Acad Srvcs
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MATH 132 Problem Solving in Algebra, Probability and Statistics Credits: 3
Algebra, probability, and statistics for teachers of elementary school mathematics. Topics include proportions, relations, functions and their graphs, equally likely outcomes, expected value, and representation of data. The emphasis is on problem solving, modeling, and analysis of solution strategies. Prereq: Open to Freshmen. Math 130 & 131 with a grade of C or better (or exemption from Math 130 and/or 131). Open only to stdts in specific educ programs (PRE, PSR, EED, SPE) or by permission of Educ Acad Srvcs
General Education: QR-B L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring
MATH 135 Algebraic Reasoning for Teaching Math Credits: 3
Topics from high school/college algebra relevant to teaching mathematics in middle school, including linear and quadratic equations and inequalities, linear systems, concept of a function, exponential and polynomial functions, with an emphasis on problem solving and modeling. Prereq: Open to Freshmen. Math 130 with a grade of C or better (or exemption). Open only to st...
MATH 211 Calculus Credits: 5
Essential concepts of differential and integral calculus; exponential and logarithmic functions; functions of several variables. Primarily for students in prebusiness and some social sciences. Students preparing for advanced study in mathematics, physics, engineering and other sciences should take Math 221-222-234 rather than Math 210-211-213. Most students in the biological sciences should take Math 221. The course Math 210 is not a prerequisite for Math 211. Prereq> Open to Freshmen. Advanced math competency-algebra & suitable placement scores or Math 112 or 114. Closed to students with credit for Math 221.
General Education: QR-B  L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring, Summer

MATH 213 Calculus and Introduction to Differential Equations Credits: 3
Techniques of integration, multiple integrals, infinite sequences and series, first order differential equations, two-dimensional systems of differential equations, difference equations, with models from and applications in business and the social and biological sciences. Prereq> Math 211 or 221. Closed to students with credit for Math 222, 223 or 234.
General Education: QR-B  L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring

MATH 217 Calculus with Algebra and Trigonometry II Credits: 5
Continuation of Math 171. Topics in algebra, trigonometry and precalculus are integrated with elementary differential calculus. Completion of Math 217 implies completion of Math 221 and Math 114. Prereq> Math 171. Open to Fr.
General Education: QR-B  L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit
Typically Offered: Spring

MATH 221 Calculus and Analytic Geometry 1 Credits: 5
Introduction to differential and integral calculus and plane analytic geometry; applications; transcendental functions. Prereq> I) Advanced math competency-algebra & suitable placement scores, or Math 112 & (II) Advanced math competency-trigonometry & suitable placement scores, or Math 113; or Math 114. Open to Freshmen.
General Education: QR-B  L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring, Summer

MATH 222 Calculus and Analytic Geometry 2 Credits: 4
Techniques of integration, first order ordinary differential equations, conic sections, polar coordinates, vectors, two and three dimensional analytic geometry, infinite series. Prereq> Math 221. Open to Freshmen.
General Education: QR-B  L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring, Summer

MATH 223 Calculus and Analytic Geometry 3 Credits: 5
Introduction to calculus of functions of several variables; multiple integrals; introduction to differential equations. Prereq> Math 222.
General Education: QR-B  L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring, Summer

MATH 228 WES Calculus Supplement Credits: 2
Topics in algebra, trigonometry, differential, integral and multi-variable calculus and analytic geometry will be covered depending on which calculus course Math 228 is attached to. Math 228 must be taken in conjunction with the appropriate WES section of Math 171 or 217 or 221 or 222 or 234. Prereq> Consent of Director of WES. Open to Freshmen.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 231 Introduction to Probability for Biologists Credits: 2
Introduction to probability, random variables, density functions, probability distribution of functions, mean and variance with applications in genetics and other areas of biology. Prereq> Math 221 or 211. Open to Fr.
L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 232 Introduction to Dynamical Systems for Biologists Credits: 3
Elementary differential equations and difference equations studied from a qualitative point of view with examples and applications in the biological sciences. Prereq> Math 221 or 211. Open to Fr.
L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
MATH 234 Calculus--Functions of Several Variables  Credits: 4
Introduction to calculus of functions of several variables; calculus on parameterized curves, derivatives of functions of several variables, multiple integrals, vector calculus. Prereq> Math 222. Closed to students with credit for Math 223
L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MATH 240 Introduction to Discrete Mathematics  Credits: 3
Basic concepts of logic, sets, partial order and other relations, and functions. Basic concepts of mathematics (definitions, proofs, sets, functions, and relations) with a focus on discrete structures: integers, bits, strings, trees, and graphs. Propositional logic, Boolean algebra, and predicate logic. Mathematical induction and recursion. Invariants and algorithmic correctness. Recurrences and asymptotic growth analysis. Fundamentals of counting. Prereq> Math 221
L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 245 Topics in Deductive Mathematics  Credits: 3
A proof-based introduction to an advanced topic in mathematics presented at the intermediate level. Topic varies. Prereq> Open to Fr. Math 221 or 275, or exemption. Not open for cr to stdts who have completed a 300 or higher level math crse
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 251 Topics in College Mathematics  Credits: 4
Prereq> Adv math competence-algebra, & satisfactory placement scores (or Math 112)
L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 252 Topics in College Mathematics  Credits: 4
Prereq> Math 251 or cons inst
L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 275 Topics in Calculus I  Credits: 5
Topics in first semester calculus. This is the first semester of the calculus honors sequence. Prereq> Course is available by invitation only for freshmen students who placed into Math 221. Satisfied Quantitative Reasoning (QR) A requirement
General Education: QR-B  L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MATH 276 Topics in Calculus II  Credits: 5
Topics in second semester calculus. This is the second semester of the calculus honors sequence. It is intended for students who completed Math 275. Prereq> Either Math 275 or Math 221 and consent of instructor. Satisfied Quantitative Reasoning (QR) A requirement
General Education: QR-B  L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 298 Directed Study in Mathematics  Credits: 1 - 3
Prereq> Cons inst. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 303 Theory of Interest and Life Insurance  Credits: 3
Application of calculus to compound interest and insurance functions; interest compounded discretely and continuously; force of interest function; annuities payable discretely and continuously; bonds and yield rates; life tables, life annuities, single and annual premiums for insurance and annuities; reserves. Prereq> Math 234 or concurrent registration, or consent of instructor
L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 309 Introduction to Probability and Mathematical Statistics I  Credits: 3
Probability and combinatorial methods, discrete and continuous, univariate and multivariate distributions, expected values, moments, normal distribution and derived distributions, estimation. Prereq> Math 234 or concurrent registration. Students may not enroll if they have completed Stat 311 or Math/Stat 431
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
MATH 310 Introduction to Probability and Mathematical Statistics II Credits: 3
This course in mathematical statistical inference aims at providing an understanding of likelihood's central role to statistical inference, using the language of mathematical statistics to analyze statistical procedures, and using the computer as a tool for understanding statistics. Specific topics include: samples and populations, estimation, hypothesis testing, and theoretical properties of statistical inference. Prereq> Math/Stat 309 or Stat 311 or Math/Stat 431 (with Math/Stat 309 recommended) AND an introductory statistics course (Stat 224 or Stat 301 or Stat 302 or Stat 324 or Stat 371 or Econ 310)
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 313 Actuarial Mathematics Credits: 3
Ordinary differences and related operators, divided differences; polynomial interpolation, summation, numerical differentiation, osculatory interpolation, approximate integration; difference equations. Prereq> Math 223 or 234
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 319 Techniques in Ordinary Differential Equations Credits: 3
Review of linear differential equations; series solution of linear differential equations; boundary value problems; Laplace transforms; possibly numerical methods and two dimensional autonomous systems. Prereq> Math 222
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MATH 320 Linear Algebra and Differential Equations Credits: 3
Introduction to linear algebra, including matrices, linear transformations, eigenvalues and eigenvectors. Linear systems of differential equations. Numerical aspects of linear problems. Prereq> Math 222
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 321 Applied Mathematical Analysis Credits: 3
Vector analysis: algebra and geometry of vectors, vector differential and integral calculus, theorems of Green, Gauss, and Stokes; complex analysis: analytic functions, complex integrals and residues, Taylor and Laurent series. Prereq> Math 223 or 234
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 322 Applied Mathematical Analysis Credits: 3
Sturm-Liouville theory; Fourier series, including mean convergence; boundary value problems for linear second order partial differential equations, including separation of variables and eigenfunction expansions. Prereq> Math 319, 321
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 331 An Introduction to Probability and Markov Chain Models Credits: 3
An overview of basic probability including discrete and continuous random variables, moment generating functions, limit theorems, conditional probability and expectations, random walks, and Markov chains. Prereq> Math 234 or Math 222 & 240
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 340 Elementary Matrix and Linear Algebra Credits: 3
Matrix algebra, linear systems of equations, vector spaces, sub-spaces, linear dependence, rank of matrices, determinants, linear transformations, eigenvalues and eigenvectors, diagonalization, inner products and orthogonal vectors, symmetric matrices. Prereq> Math 234 or Math 222 & 240. Closed to students with credit for either Math 341 or Math 375
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MATH 341 Linear Algebra Credits: 3
This course emphasizes the understanding of concepts in linear algebra and teaches to write and understand proofs in mathematics in general and in linear algebra in particular. Prereq> Math 234 or consent of instructor. Closed to students with credit for Math 375. Open to Freshmen
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 371 Basic Concepts of Math Credits: 3
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
MATH 375 Topics in Multi-Variable Calculus and Linear Algebra Credits: 5
Vector spaces and linear transformations, differential calculus of scalar and vector fields, determinants, eigenvalues and eigenvectors, multiple integrals, line integrals, and surface integrals. Prereq> Math 276 or consent of instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MATH 376 Topics in Multi-Variable Calculus and Differential Equations Credits: 5
Topics in Multi-variable calculus and introduction to differential equations. Prereq> Math 375 or cons inst. A total of only 10 credits can be received when all three of the courses Math 234, 375, & 376 are taken. Open to Fr
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 407 Topics in Mathematics Study Abroad Credits: 1 - 5
Credit is awarded to students who have completed an appropriate math course abroad at the advanced level having no direct equivalence within the math department offerings. The study abroad course must be pre-approved by the math department. Prereq> Enrollment in a resident study abroad program & approval of the math dept
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MATH 415 Applied Dynamical Systems, Chaos and Modeling Credits: 3
An introduction to nonlinear dynamical systems including stability, bifurcations and chaos. The course will give underlying mathematical ideas, but emphasize applications from many scientific fields. Prereq> Math 319 or 320 or cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 421 The Theory of Single Variable Calculus Credits: 3
This course covers material in first and second semester calculus but it is intended to teach math majors to write and understand proofs in mathematics in general and in calculus in particular. Prereq> Math 234 or consent of instructor. Open to Freshmen
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 425 Introduction to Combinatorial Optimization Credits: 3
Exact and heuristic methods for key combinatorial optimization problems such as: shortest path, maximum flow problems, and the traveling salesman problem. Techniques include problem-specific methods and general approaches such as branch-and-bound, genetic algorithms, simulated annealing, and neural networks. Prereq> Math 221 or Comp Sci 302 or cons inst
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 431 Introduction to the Theory of Probability Credits: 3
Probability in discrete sample spaces; combinatorial analysis; conditional probabilities, stochastic independence, Laplace limit theorem, Poisson distribution, laws of large numbers, random variables, central limit theorem, applications. Prereq> Math 223 or 234
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MATH 435 Introduction to Cryptography Credits: 3
Cryptography is the art and science of transmitting digital information in a secure manner. This course will provide an introduction to its technical aspects. Prereq> Math 320 or 340 or cons inst. Open to Fr
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 441 Introduction to Modern Algebra Credits: 3
The integers, emphasizing general group and ring properties. Permutation groups, symmetry groups, polynomial rings, leading to notions of abstract groups and rings. Congruences, computations, including finite fields and applications. Emphasis on concepts and concrete examples and computations, not complicated proofs. Prereq> Math 340 or 341 or consent of instructor. Closed to students who have credit for Math 541
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 443 Applied Linear Algebra Credits: 3
Review of matrix algebra. Simultaneous linear equations, linear dependence and rank, vector space, eigenvalues and eigenvectors, diagonalization, quadratic forms, inner product spaces, norms, canonical forms. For students whose main field of interest is not pure mathematics. Discussion of numerical aspects and applications in the sciences. Prereq> Math 320 or 340 or cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
MATH 461 College Geometry I  Credits: 3
An introduction to Euclidean or non-Euclidean geometry at the college level.  Prereq>  Math 234 or 222 & Math/Comp Sci 240
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 473 History of Mathematics  Credits: 3
An historical survey of the main lines of mathematical development.  Prereq>  Cons inst
L&S Breadth: Humanities or Nat Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MATH 475 Introduction to Combinatorics  Credits: 3
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 490 Undergraduate Seminar  Credits: 1 - 3
Problem solving techniques.  Prereq>  So st and cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 491 Topics in Undergraduate Mathematics  Credits: 3
Topics will vary.  Prereq>  Math 223 or 234 & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 513 Numerical Linear Algebra  Credits: 3
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MATH 514 Numerical Analysis  Credits: 3
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 515 Introduction to Splines and Wavelets  Credits: 3
Introduction to Fourier series and Fourier transform; time-frequency localization; wavelets and frames. Applications: denoising and compression of signals and images. Interpolation and approximation by splines: interpolation, least-squares approximation, smoothing, knot insertion and subdivision; splines in CAGD.  Prereq>  Comp Sci 302 or equiv, Math 340 or equiv
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 519 Ordinary Differential Equations  Credits: 3
Provides a rigorous introduction to ordinary differential equations and dynamical systems. Intended for math majors and advanced (or graduate) students in other disciplines.  Prereq>  Math 319 or 320 or 340, & Math 421 or 521; or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 521 Analysis I  Credits: 3
The real numbers, elements of set theory, metric spaces and basic topology, sequences and series, limits, continuity, differentiation, integration, sequences and series of functions, uniform convergence.  Prereq>  Math 341 or Math 371 or Math 421 or Math 461 or con reg
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
MATH 522 Analysis II Credits: 3
Special functions, power series, Fourier series, approximation, contraction principle, characterizations of
compactness in metric spaces, applications to differential equations. Differential calculus in normed spaces,
including implicit and inverse function theorems. Course is essential for graduate work in mathematics. Prereq>
Math 521, a course in linear algebra (can be taken concurrently) or cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 525 Linear Programming Methods Credits: 3
Real linear algebra over polyhedral cones; theorems of the alternative for matrices. Formulation of linear
Perturbation and sensitivity analysis. Applications and extensions, such as game theory, linear economic models,
and quadratic programming. Prereq> Math 443 or 320 or 340 or cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 531 Probability Theory Credits: 3
The course is a rigorous introduction to probability theory at an advanced undergraduate level. Only a minimal
amount of measure theory is used, in particular, the theory of Lebesgue integrals is not needed. It is aimed at
math majors and Master's degree students, or students in other fields who will need probability in their future
careers. The course gives an introduction to the basics (Kolmogorov axioms, conditional probability and
independence, random variables, expectation) and discusses some classical results with proofs (DeMoivre-
Laplace limit theorems, the study of simple random walk on the one dimensional lattice, applications of generating
functions) Prereq> A proof based analysis
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 541 Modern Algebra Credits: 3
Groups, normal subgroups, Cayley's theorem, rings, ideals, homomorphisms, polynomial rings, abstract vector
spaces. Prereq> Math 320 or 340 or cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 542 Modern Algebra Credits: 3
Field extensions, roots of polynomials, splitting fields, simple extensions, linear transformations, matrices,
characteristic roots, canonical forms, determinants. Prereq> Math 541
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 551 Elementary Topology Credits: 3
Topological spaces, connectedness, compactness, separation axioms, metric spaces. Prereq> Math 234 and
either Math 340 & 341 or Math 375 & 376
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 552 Elementary Geometric and Algebraic Topology Credits: 3
Introduction to algebraic topology. Emphasis on geometric aspects, including two-dimensional manifolds, the
fundamental group, covering spaces, basic simplicial homology theory, the Euler-Poincare formula, and homotopy
classes of mappings. Prereq> Math 551 and 542
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 561 Differential Geometry Credits: 3
Theory of curves and surfaces by differential methods. Prereq> Math 320 or 340; and Math 521
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 563 Projective Geometry Credits: 3
Prereq> Math 320 or 340
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 567 Elementary Number Theory Credits: 3
Fundamental theorem of arithmetic, quadratic residues and quadratic reciprocity, number-theoretic functions,
certain diophantine equations, Farey fractions, continued fractions. Prereq> Math 340 or con reg
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MATH 568 Elementary Number Theory Credits: 3
Prereq> Math 567
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
MATH 570 Naive Set Theory Credits: 3
Set theory as a basis for mathematics. Ordinals, cardinals, transfinite induction, construction of the natural numbers and the real line within set theory. Introduction to axiomatic set theory and the axioms of choice. Prereq> Math 223 or equiv
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 571 Mathematical Logic Credits: 3
Basics of logic and mathematical proofs; propositional logic; first order logic; undecidability. Prereq> Math 340 or 341 or 375
L&S Breadth: Humanities or Nat Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MATH 605 Stochastic Methods for Biology Credits: 3
Intended to provide a rigorous foundation for stochastic modeling of biological systems. The mathematical emphasis is in stochastic analysis and simulation. Biological applications include epidemiological phenomena, biochemical reaction networks and population dynamics. Prereq> Math/Stat 431; Math/Stat 309 or Stat 311; or cons inst. Some basic linear algebra is also recommended
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 606 Mathematical Methods for Structural Biology Credits: 3
Intended to provide a rigorous foundation for mathematical modeling of biological structures. Mathematical techniques include ordinary and partial differential equations, 3D Fourier analysis and optimization. Biological applications include protein folding, molecular dynamics, implicit solvent electrostatics, and molecular interactions. Prereq> Math 340 or 341; Comp Sci 302, or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 607 Topics in Mathematics Study Abroad Credits: 1 - 5
Credit is awarded to students who have completed an appropriate math course abroad at the advanced level having no direct equivalence within the math department offerings. The study abroad course must be pre-approved by the math department. Prereq> Enrollment in a resident study abroad progm & approval of the math dept
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MATH 608 Mathematical Methods for Continuum Modeling in Biology Credits: 3
Intended to provide a rigorous foundation for mathematical modeling of biological systems. The mathematical emphasis is on partial differential equations, particularly reaction-diffusion and transport equations. Biological applications include bacterial chemotaxis, spatio-temporal ecological dynamics, and cell-level reactions. Prereq> Math 322; Math 415; Math 514, or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 609 Mathematical Methods for Systems Biology Credits: 3
Intended to provide a rigorous foundation for mathematical modeling of biological systems. Mathematical techniques include dynamical systems and differential equations. Applications to biological pathways, including understanding of bistability within chemical reaction systems, are emphasized. Prereq> Math 340 or 341; Math 415, or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 615 Introduction to Applied Mathematics and Numerical Analysis Credits: 3
Prereq> Cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 619 Analysis of Partial Differential Equations Credits: 3
This course is a rigorous introduction to the theoretical underpinnings of the basic methods and techniques in the modern theory of PDEs. It is aimed at math majors, but will also be useful to some students in the sciences, engineering and economics who feel the need for a deeper understanding of the theory of PDEs. The emphasis is on the exposure to a number of different methods of solution of PDEs and their connection to physical phenomena modeled by the equations. The goals include both learning to solve some basic types of PDEs as well as to understand the motivation behind and inner workings of the techniques involved. Prereq> a) Math 421 or Math 521 (b) A course covering basic theor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Spring
MATH 621 Analysis III Credits: 3
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 623 Complex Analysis Credits: 3
Elementary functions of a complex variable; conformal mapping; complex integrals; the calculus of residues. Prereq> Math 321 or 521
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MATH 627 Introduction to Fourier Analysis Credits: 3
Fourier series and integrals, and their applications. Prereq> Math 521
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MATH 629 Introduction to Measure and Integration Credits: 3
Lebesgue integral and measure, abstract measure and integration, differentiation, spaces of integrable functions. Prereq> Math 522
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 632 Introduction to Stochastic Processes Credits: 3
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MATH 633 Queuing Theory and Stochastic Modeling Credits: 3
Reliability theory; coherent systems and reliability bounds. Markovian queues and Jackson networks. Steady-state behavior of general service time queues. Priority queues. Approximation methods and algorithms for complex queues. Simulation. Dynamic programming; applications to inventory and queueing. Prereq> Math, Ind Engr 632 or cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 635 An Introduction to Brownian Motion and Stochastic Calculus Credits: 3
This course presents an introduction to Brownian motion and its application to stochastic calculus. Sample path properties of Brownian motion, Ito stochastic integrals, Ito's formula, stochastic differential equations and properties of their solutions, and various applications will be included. Prereq> Math 521 & 632
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 641 Introduction to Error-Correcting Codes Credits: 3
A first course in coding theory. Codes (linear, Hamming, Golay, dual); decoding-encoding; Shannon's theorem; sphere-packing; singleton and Gilbert-Varshamov bounds; weight enumerators; MacWilliams identities; finite fields; other codes (Reed-Muller, cyclic, BCH, Reed-Solomon) and error-correction algorithms. Prereq> Math 320 or 340, and Math 541 or cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 642 Linear Algebra Credits: 3
A rigorous course in linear algebra. Topics: finite and infinite dimensional vector spaces over division rings; determinants; diagonalization; canonical forms; inner products (Euclidean, Hermitian); bilinear and quadratic forms over various fields; orthogonal and symplectic geometries over finite fields; linear groups. Prereq> Math 340 & 541 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 681 Senior Honors Thesis Credits: 3
Prereq> Sr st & enrollment in the honors program
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MATH 682 Senior Honors Thesis Credits: 3
Prereq> Cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
MATH 691 Undergraduate Thesis Credits: 2 - 4
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MATH 692 Undergraduate Thesis Credits: 2 - 4
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MATH 698 Directed Study Credits: 1 - 3
Prereq> Junior or Senior standing. Graded on a Cr/N basis; consent of instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MATH 699 Directed Study Credits: 1 - 6
Prereq> Jr or Sr st. Graded on a lettered basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MATH 703 Methods of Applied Mathematics 1 Credits: 3
Study of the linear algebraic structure underlying discrete equilibrium problems. Boundary value problems for continuous equilibria: Sturm-Liouville equations, Laplace's equation, Poisson's equation, and the equations for Stokes flow. Contour integration and conformal mapping. Applications of dynamics leading to initial value problems for ODEs and PDEs. Green's functions for ODEs and introduction to asymptotic methods for ODEs, e.g. WKB analysis. Separation of variables and eigenfunction expansions for linear PDEs. Examples from physics and engineering throughout. Prereq> Math 340, 521-22, and 623 (or 623 concur), or equiv. Not open to stdts with cr for Math 701/702
Typically Offered: Occasionally

MATH 704 Methods of Applied Mathematics-2 Credits: 3
Typically Offered: Occasionally

MATH 705 Mathematical Fluid Dynamics Credits: 3
Typically Offered: Occasionally

MATH 707 Theory of Elasticity Credits: 3
Prereq> Cons inst
Typically Offered: Occasionally

MATH 709 Mathematical Statistics Credits: 4
Introduction to measure theoretic probability; derivation and transformation of probability distributions; generating functions and characteristic functions; conditional expectation, sufficiency, and unbiased estimation; methods of large sample theory including laws of large numbers and central limit theorems; order statistics. Prereq> Cons inst or one yr adv calculus and Math, Stat 431, Math, Stat 310
Typically Offered: Occasionally

MATH 710 Mathematical Statistics Credits: 4
Estimation, efficiency, Neyman-Pearson theory of hypothesis testing, confidence regions, decision theory, analysis of variance, and distribution of quadratic forms. Prereq> Stat, Math 709
Typically Offered: Occasionally
MATH 714 Methods of Computational Mathematics I  Credits: 3
Development of finite difference methods for hyperbolic, parabolic and elliptic partial differential equations. Analysis of accuracy and stability of difference schemes. Direct and iterative methods for solving linear systems. Introduction to finite volume methods. Applications from science and engineering. Prereq> Comp Sci 302, 412; Math 322, 340, 521; or equiv; or cons inst
Typically Offered: Occasionally

MATH 715 Methods of Computational Mathematics II  Credits: 3
Introduction to spectral methods (Fourier, Chebyshev, Fast Fourier Transform), finite element methods (Galerkin methods, energy estimates and error analysis), and mesh-free methods (Monte-Carlo, smoothed-particle hydrodynamics) for solving partial differential equations. Applications from science and engineering. Prereq> Comp Sci 302, 412; Math 322, 340, 521, 714; or equiv; or cons inst
Typically Offered: Occasionally

MATH 716 Ordinary Differential Equations  Credits: 3
Existence, uniqueness, and continuous dependence theorems, linear systems, stability, singular points, and boundary value problems. Qualitative behavior of nonlinear equations, stability, Lyapunov functions, invariant manifolds, bifurcation theory, periodic orbits, and connecting orbits. Prereq> Senior (600) level analysis crse or cons inst
Typically Offered: Occasionally

MATH 717 Numerical Functional Analysis  Credits: 3
Fundamentals of normed spaces and linear operators; analysis of nonlinear operators; existence of and iterative methods for solutions of linear and nonlinear operator equations, error estimation; variational theory and minimization problems; monotonicity theory. Development of abstract tools and application of them to the general analysis of numerical methods for such problems as differential and integral equations. Prereq> Comp Sci 513-514 & Math 234 or cons inst
Typically Offered: Occasionally

MATH 721 A First Course in Real Analysis  Credits: 3
A first course in real analysis concentrating on measures, integration, and differentiation and including an introduction to Hilbert spaces. Prereq> Math 522
Typically Offered: Occasionally

MATH 722 Complex Analysis  Credits: 3
The basic theory of functions of one complex variable including Cauchy formula, singularities and residues, meromorphic functions, conformal mappings, harmonic functions, approximation and the nonhomogeneous d-bar equation. Prereq> Math 721; con reg in 701 or 721
Typically Offered: Occasionally

MATH 723 Advanced Topics in the Theory of One Complex Variable  Credits: 3
Topics may include: entire functions, value distribution theory, Riemann surfaces and complex dynamics in one variable. Prereq> Math 722
Typically Offered: Occasionally

MATH 725 A Second Course in Real Analysis  Credits: 3
An introduction to further topics in real analysis: Banach spaces, Fourier transforms, elements of distribution theory, and applications. Prereq> Math 721
Typically Offered: Occasionally

MATH 726 Nonlinear Optimization I  Credits: 3
Theory and algorithms for nonlinear optimization, focusing on unconstrained optimization. Line-search and trust-region methods; quasi-Newton methods; conjugate-gradient and limited-memory methods for large-scale problems; derivative-free optimization; algorithms for least-squares problems and nonlinear equations; gradient projection algorithms for bound-constrained problems; and simple penalty methods for nonlinearly constrained optimization. Prereq> Familiarity with basic mathematical analysis and either Math 443 or 320; or cons inst
Typically Offered: Occasionally
MATH 727 Calculus of Variations and Related Topics Credits: 3
Introduction to some classical methods in the calculus of variations and continues on to modern direct methods. Techniques for establishing and studying minima and other critical points will be developed. Applications will be chosen from a wide variety of fields: geometry, differential equations, classical mechanics, geodesics, and optimal control theory. Background material in the areas of application will be provided. Prereq> Cons inst
Typically Offered: Occasionally

MATH 733 Theory of Probability I Credits: 3
An introduction to measure theoretic probability and stochastic processes. Topics include foundations, independence, zero-one laws, laws of large numbers, convergence in distribution, characteristic functions, central limit theorems, random walks, conditional expectations. Prereq> Math 629, 721, or concurrent registration in 721, or consent of instructor
Typically Offered: Occasionally

MATH 734 Theory of Probability II Credits: 3
Continuation of 831. Possible topics include martingales, weak convergence of measures, introduction to Brownian motion. Prereq> Consent of instructor
Typically Offered: Occasionally

MATH 735 Stochastic Analysis Credits: 3
Foundations of continuous time stochastic processes, semimartingales and the semimartingale integral, Ito's formula, stochastic differential equations, stochastic equations for Markov processes, application in finance, filtering, and control. Prereq> Math 431 & cons inst
Typically Offered: Occasionally

MATH 740 Enumerative Combinatorics/Symmetric Functions Credits: 3
Introductory graduate course on algebraic combinatorics. Topics: inclusion-exclusion principle, permutation statistics, sieve methods, unimodal sequences, posets, lattice theory, Mobius functions, generating functions, bases and transition matrices for symmetric functions, Young tableaux, plane partitions, polytopes, poset homology, Stanley-Reisner rings. Prereq> Math 541 & 542 or cons inst
Typically Offered: Occasionally

MATH 741 Abstract Algebra Credits: 3
The basic prerequisite for all advanced graduate courses in algebra. Usually a study of finite groups and noncommutative rings. Group theoretic topics may include: permutation groups, Lagrange's theorem, Cauchy's theorem and the Sylow theorems, solvable and nilpotent groups. Ring theoretic topics may include: Artinian rings and modules, the Wedderburn theorems, the Hopkins-Levitzki theorem, the Jacobson radical and density theorem. Prereq> Math 542 or equiv
Typically Offered: Occasionally

MATH 742 Abstract Algebra Credits: 3
Continuation of 741. Usually the study of commutative rings and fields. Ring theoretic topics may include: modules over PIDs, Noetherian rings and the Hilbert basis theorem, the Lasker-Noether theorem, the Krull intersection theorem, integrality and the Hilbert Nullstellensatz. Field theoretic topics may include: algebraic extensions, Galois theory, solvability of polynomials and classical constructability problems. Prereq> Math 741
Typically Offered: Occasionally

MATH 743 Linear Algebra and Matrix Theory Credits: 3
Classical and modern matrix theory: canonical forms, Perron-Frobenius-Wielandt theory of nonnegative matrices, matrix commutators, elementary divisor theory, matrix equations, tensor product, linear preservers, hermitian matrices, eigenvalues bounds, inertia theorems, field of values, doubly stochastic matrices, combinatorial matrix theory. Prereq> Math 340 & Math 541, or cons inst
Typically Offered: Occasionally

MATH 744 Algebraic Graph Theory Credits: 3
Algebraic techniques in graph theory. Adjacency matrices; spectral properties; chromatic polynomials; edge coloring; Tutte polynomials; isomorphism; symmetry (line, Cayley, regular, strongly-regular); two graphs and switching. Possible additional topics: spanning trees, matchings, extremal graph theory, Ramsey theory, association schemes. Prereq> Math 541 and 542, or cons inst
Typically Offered: Occasionally
MATH 745 Theory of Groups Credits: 3
Usually covers a selection of topics in finite group theory including: subnormality, coprime actions, the Schur-Zassenhaus theorem, solvable and nilpotent groups, transfer theory and its applications, and normal p-complement theorems. Occasionally, the focus may be on some aspects of infinite group theory. Prereq> Cons inst
Typically Offered: Occasionally

MATH 746 Topics in Ring Theory Credits: 3
Will alternate between commutative and noncommutative ring theory. Commutative topics include localization; local rings; dimension theory; Cohen-Macaulay rings. Noncommutative topics include projective modules; injective modules; flat modules; homological and global dimension; Wedderburn and Goldie rings. Prereq> Math 741, 742 or equiv
Typically Offered: Occasionally

MATH 747 Lie Algebras Credits: 3
Lie algebras and matrix groups. Topics: tangent spaces; exponentials; Baker-Campbell-Hausdorff formula; (nilpotent, solvable, semisimple) Lie algebras; Engel's and Lie's theorems; Levi decomposition; Killing form; $sl(2)$-representations; root systems; Dynkin diagrams; Weyl groups; Cartan and Borel subalgebras; Serre's theorem. Prereq> Math 541 & 542 or cons inst
Typically Offered: Occasionally

MATH 748 Algebraic Number Theory Credits: 3
An introductory graduate level course on algebraic number theory. Topics: a rigorous introduction to the arithmetic of number fields; algebraic integers, geometry of numbers, Dirichlet's Unit Theorem, ideal class groups, first case of Fermat's Last Theorem; prime decompositions, Galois automorphisms. Prereq> Math 741-742 or equiv or cons inst
Typically Offered: Occasionally

MATH 749 Analytic Number Theory Credits: 3
An introduction to (abelian) Hecke L-functions and their arithmetic applications to topics such as the distribution of primes and the study of ideal class groups. Prereq> Math 741-742 or equiv or cons inst
Typically Offered: Occasionally

MATH 750 Homological Algebra Credits: 3
A first course in homological algebra. Topics include: complexes, cohomology, double complexes, spectral sequences; abelian categories, derived categories, derived functors; Tor and Ext, Koszul complexes; group cohomology; sheaf cohomology, hypercohomology. Prereq> Math 741-742 or equiv or cons inst. May be taken concurrently with Math 742
Typically Offered: Occasionally

MATH 751 Introductory Topology I Credits: 3
An introduction to algebraic and differential topology. Elements of homotopy theory, fundamental group, covering spaces. Differentiable manifolds, tangent vectors, regular values, transversality, examples of compact Lie groups. Homological algebra, chain complexes, cell complexes, singular and cellular homology, calculations for surfaces, spheres, projective spaces, etc. Prereq> Math 541 and 551 or equiv
Typically Offered: Occasionally

MATH 752 Introductory Topology II Credits: 3
Continuation of 751. Cohomology, Universal Coefficient Theorem, Kunneth Formula, cup and cap products, applications to manifolds, orientability, Poincare Duality. Differential forms, integration and Stokes Theorem, De Rham Theorem. Calculations, further duality theorems, Euler class, Lefschetz Fixed-Point Theorem. Prereq> Math 751 or equiv
Typically Offered: Occasionally

MATH 753 Algebraic Topology I Credits: 3
Higher homotopy groups, elements of obstruction theory, fibrations, bundle theory, classifying spaces, applications to smooth manifolds, differential forms, vector bundles, characteristic classes, cobordism, applications and calculations. Prereq> Math 752 or equiv
Typically Offered: Occasionally
MATH 754 Algebraic Topology II Credits: 3
Continuation of 753. Topics include: spectral sequences and their applications, topology of Lie Groups, H-spaces, Hopf Algebras, homotopy classification of bundles, the Steenrod Algebra and its applications, introduction to generalized cohomology theories, spectra, elements of K-theory. Prereq> Math 753 or equiv
Typically Offered: Occasionally

MATH 761 Differentiable Manifolds Credits: 3
Differentiable manifolds, vector bundles, implicit function theorem, submersions and immersions, vector fields and flows, foliations and Frobenius theorem, differential forms and exterior calculus, integration and Stoke's theorem, De Rham theory, Riemannian metrics. Prereq> Math 522 or equiv
L&S Level: Advanced  Typically Offered: Occasionally

MATH 762 Differential Topology Credits: 3
This course introduces the fundamental techniques and theorems of differential topology. The following topics will be covered: Submersions and immersions, Jet bundles, approximation, Sard's theorem, Whitney embedding theorem, transversality, intersection theory, Poincare-Hopf theorem, isotopy, Hopf-degree theorem, Cobordism, Morse theory, classification of two-manifolds. Prereq> Math 761
L&S Level: Advanced  Typically Offered: Occasionally

MATH 763 Introduction to Algebraic Geometry Credits: 3
Algebraic preliminaries, including local rings; valuation theory, and power series rings; geometry of algebraic varieties with emphasis on curves and surfaces. Prereq> Math 741-742
Typically Offered: Occasionally

MATH 764 Introduction to Algebraic Geometry Credits: 3
Continuation of Math 763. Prereq> Math 763
Typically Offered: Occasionally

MATH 765 Differential Geometry Credits: 3
This course covers the metric properties of Riemannian manifolds. The following topics will be covered: Vector bundles and connections, Riemannian metrics, submanifolds and second fundamental form, first variation of arc length, geodesics, Hopf-Rinow theorem, second variation of arc length, Jacobi fields and index lemmas, Bonnet-Meyer theorem, Rauch comparison theorem, spaces of constant curvature, Hodge-de Rham theory. Prereq> Math 761
L&S Level: Advanced  Typically Offered: Occasionally

MATH 770 Foundations of Mathematics Credits: 3
First-order logic syntax and semantics, Completeness and Compactness Theorems, Lowenheim-Skolem Theorem, computable and computably enumerable sets, Incompleteness Theorem, axioms of Zermelo-Fraenkel set theory with choice, ordinal and cardinal arithmetic. Prereq>
Typically Offered: Occasionally

MATH 771 Set Theory Credits: 3
Martin's Axiom, Suslin and Aronszajn trees, diamond principle, absoluteness and reflection, constructible universe, and one-step forcing constructions. Prereq> Math 770
Typically Offered: Occasionally

MATH 773 Computability Theory Credits: 3
Turing degree and jump, strong reducibilities, arithmetic hierarchy, index sets, simple and (hyper)hypersimple sets, easy forcing arguments in computability theory, finite and infinite injury, Friedberg-Muchnik and Sacks Splitting Theorem, Sacks Jump and Sacks Density Theorems, computable ordinals. Prereq> Cons inst
Typically Offered: Occasionally

MATH 776 Model Theory Credits: 3
Typically Offered: Occasionally
MATH 777 Nonlinear Dynamics, Bifurcations and Chaos Credits: 3
Advanced interdisciplinary introduction to qualitative and geometric methods for dissipative nonlinear dynamical systems. Local bifurcations of ordinary differential equations and maps. Chaotic attractors, horseshoes and detection of chaos. Prereq> Cons inst
Typically Offered: Occasionally

MATH 790 Masters Thesis Credits: 1 - 3
This course is intended for students who work on a Master's thesis under the supervision of a faculty member. Prereq> Enrollment in the Foundations of Advanced Studies option of the department's Master's program, and consent of instructor
Typically Offered: Fall, Spring, Summer

MATH 801 Topics in Applied Mathematics Credits: 3
Selected topics in applied mathematics, applied analysis or numerical analysis and scientific computing. Prereq> Cons inst
Typically Offered: Occasionally

MATH 803 Experimental Design I Credits: 3
Summary of matrix algebra required, theory of estimable functions, incomplete blocks, balanced incomplete block designs, partially balanced incomplete block designs. Prereq> Stats 310 or cons inst
Typically Offered: Occasionally

MATH 805 Special Functions Credits: 3
Special functions arising from mathematics, physics, and engineering, their series and integral representations, differential and other functional equations, generating functions, and orthogonality. Prereq> Cons inst
Typically Offered: Occasionally

MATH 807 Dynamical Systems Credits: 3
Treats the qualitative behavior of continuous and discrete dynamical systems, including Hamiltonian systems of differential equations. Typical topics include periodic and almost periodic solutions, the fixed point theorem of Poincare and Birkhoff, invariant curves and Kam theory, celestial mechanics, and chaotic behavior. Prereq> Cons inst
Typically Offered: Occasionally

MATH 812 Advanced Methods of Applied Mathematics Credits: 3
Differential equations; asymptotic methods in complex analysis; problems of matching; integral transforms; integral equations; introduction to spectral theory; calculus of variations; tensor analysis. Prereq> Cons inst
Typically Offered: Occasionally

MATH 819 Partial Differential Equations Credits: 3
Classical theory of partial differential equations, together with an introduction to the modern theory based on functional analysis. Prereq> Cons inst
Typically Offered: Occasionally

MATH 820 Partial Differential Equations Credits: 3
Continuation of Math 819. Prereq> Math 819
Typically Offered: Occasionally

MATH 821 Advanced Topics in Real Analysis Credits: 3
Prereq> Cons inst
Typically Offered: Occasionally

MATH 823 Advanced Topics in Complex Analysis Credits: 3
Several complex variables. Basic several complex variables or more special topics. Prereq> Cons inst
Typically Offered: Occasionally

MATH 825 Selected Topics in Functional Analysis Credits: 3
Topics will vary and may include spectral theory, nonlinear functional analysis or abstract harmonic analysis. Prereq> Cons inst or Math 722
Typically Offered: Occasionally
MATH 826 Advanced Topics in Functional Analysis and Differential Equations  Credits: 3
Continuation of Math 825. Prereq> Cons inst
Typically Offered: Occasionally

MATH 827 Fourier Analysis  Credits: 3
Introduction to Fourier analysis in Euclidean spaces and related topics that may include singular and oscillatory integrals and trigonometric series. Prereq> Cons inst
Typically Offered: Occasionally

MATH 828 Advanced Topics in Harmonic Analysis  Credits: 3
Continuation of Math 827. Advanced topics related to research in harmonic analysis. Prereq> Cons inst
Typically Offered: Occasionally

MATH 833 Topics in the Theory of Probability  Credits: 3
Topics in probability and stochastic processes. Prereq> Cons inst
Typically Offered: Occasionally

MATH 837 Topics in Numerical Analysis  Credits: 3
From advanced areas. Contents may vary. Prereq> Cons inst
Typically Offered: Occasionally

MATH 840 Topics in Reflection Groups and Symmetric Groups  Credits: 3
Reflection groups: root systems, hyperplanes, invariants, complex reflection groups, Iwahori-Hecke algebras, Kazhdan-Lusztig polynomials, Bruhat order.
Symmetric groups: tableaux, Specht modules, branching rules, Kostka numbers, formulas (hook, determinantal, Littlewood-Richardson, Murnaghan-Nakayama), Robinson-Schensted algorithm, Viennot's construction, symmetric functions.
Typically Offered: Occasionally

MATH 841 Character Theory  Credits: 3
Introduction to classical character and representation theory of finite groups. Group algebras; orthogonality relations, integrality; character degrees; Burnside's theorem; products of characters; induced characters; Frobenius reciprocity; Clifford theory; Frobenius’ theorem. Possible additional topics: modular representations, block theory, symmetric group representations. Prereq> Cons inst
Typically Offered: Occasionally

MATH 842 Topics in Applied Algebra  Credits: 3
Applied topics with emphasis on algebraic constructions and structures. Examples include: algebraic coding theory; codes (algebraic-geometric, convolutional, low-density-parity-check, space-time); curve and lattice based cryptography; watermarking; computer vision (face recognition, multiview geometry). Prereq> Cons inst
Typically Offered: Occasionally

MATH 843 Representation Theory  Credits: 3
Introduction to the representation theory of Lie groups and their combinatorics. Universal enveloping algebras, highest weight modules, induction, restriction, weights, characters, multiplicity formulas, tensor products, Shapovalov forms, filtrations, Kazhdan-Zetlin patterns, Littelmann paths. Prereq> Cons inst
Typically Offered: Occasionally

MATH 844 Elliptic Curves and Modular Forms  Credits: 3
An introduction to the theory of elliptic curves and modular forms. Topics include Fourier expansions of modular forms, Hecke theory, L-functions, the Mordell-Weil theorem, and Selmer and Shafarevich-Tate groups. Prereq> Cons inst
Typically Offered: Occasionally

MATH 845 Class Field Theory  Credits: 3
Introduction to local and global class field theory. Theory of local fields; local and global class field theory; complex multiplication, adeles, ideles, idele class characters, Tchebotarev's Density Theorem, CM elliptic curves, construction of class fields of imaginary quadratic fields. Prereq> Math 748 or 749 or cons inst
Typically Offered: Occasionally
MATH 846 Topics in Combinatorics Credits: 3
Topics in algebraic combinatorics such as (but not limited to) association schemes, hypergeometric series, classical orthogonal polynomials, codes, lattices, invariant theory, alternating sign matrices and domino tilings, statistical mechanical models, 6j-symbols, buildings and diagram geometries, matroids. Prereq> Cons inst
Typically Offered: Occasionally

MATH 847 Topics in Algebra Credits: 3
Topics may include: Lie groups, algebraic groups, Chevalley groups, simple groups and associated geometries, group cohomology, group rings, Hopf algebras, enveloping algebras, quantum groups, infinite-dimensional Lie algebras, Hecke algebras, automorphic forms, Galois representations, zeta and L-functions, abelian varieties. Prereq> Cons inst
Typically Offered: Occasionally

MATH 851 Topics in Geometric Topology Credits: 3
Prereq> Cons inst
Typically Offered: Occasionally

MATH 853 Topics in Algebraic Topology Credits: 3
Prereq> Cons inst
Typically Offered: Occasionally

MATH 856 Topics in Differential Topology Credits: 3
The theory of differential manifolds such as differential forms and de Rham theorem, cobordism groups, Lie groups, homogeneous spaces, fiber bundles, characteristic classes. Prereq> Cons inst
Typically Offered: Occasionally

MATH 863 Advanced Topics in Algebraic Geometry Credits: 3
Geometry of several complex variables; algebraic groups, abelian varieties; topological aspects of algebraic geometry, including sheaf theory and homology theory; advanced theory of local rings; intersection theory of algebraic varieties. Prereq> Cons inst
Typically Offered: Occasionally

MATH 865 Advanced Topics in Geometry Credits: 3
Selected from advanced projective geometry, non-Euclidean geometry, Riemannian geometry, distance geometry and the geometry of convex surfaces, geometry of numbers. Prereq> Cons inst
Typically Offered: Occasionally

MATH 867 Analytic Number Theory Credits: 3
Prime number theory, prime number theory for arithmetic progressions, additive number theory, density theorems. Prereq> Cons inst
Typically Offered: Occasionally

MATH 873 Advanced Topics in Foundations Credits: 3
From all areas of mathematical logic. Prereq> Cons inst
Typically Offered: Occasionally

MATH 883 Numerical Methods for Partial Differential Equations Credits: 3
Initial-value problems for systems of partial differential equations; boundary value problems; stability and convergence; iterative methods; applications to the classical problems of mathematical physics. Prereq> Comp Sci 717 & 718 or cons inst
Typically Offered: Occasionally

MATH 887 Approximation Theory Credits: 3
Interpolation and approximation by means of interpolation; uniform approximation; best approximation; approximation in normed linear spaces; spline functions; orthogonal polynomials; degree of approximation; computational procedures. Prereq> Cons inst
Typically Offered: Occasionally

MATH 891 Mathematics of Wave Motion Credits: 3
Typically Offered: Occasionally

MATH 903 Seminar in Mathematics Education Credits: 1 - 3
Typically Offered: Occasionally

MATH 900 Seminar in Mathematics Education Credits: 1 - 3
Typically Offered: Occasionally

MATH 905 Seminar in Mathematics Education Credits: 1 - 3
Typically Offered: Occasionally
MATH 911 Seminar in College Mathematics Teaching Credits: 1
Prereq> Cons inst
Typically Offered: Occasionally

MATH 921 Seminar in Analysis Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

MATH 941 Seminar-Algebra Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

MATH 951 Seminar in Topology Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

MATH 967 Seminar in Number Theory Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

MATH 975 Seminar-The Foundations of Mathematics Credits: 1 - 3
From all areas of mathematical logic. Prereq> Cons inst
Typically Offered: Occasionally

MATH 990 Reading and Research Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

MATH 991 Seminar in Applied Mathematics Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

MEDIEVAL STUDIES

MEDIEVAL 112 The World of Late Antiquity (200-900 C.E.) Credits: 4
History of the Mediterranean World from the late Roman Empire to the development of distinct European,
Byzantine and Islamic civilizations (ca. 200-900 CE). Special attention will be paid to the rise and development of
Christianity and Islam. Prereq> None
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MEDIEVAL 185 Introduction to Medieval Studies for Honors Credits: 3
An introduction to the Middle Ages via various disciplines. Selected literary, historical, cultural, and visual
materials designed to introduce students to important themes and events of the Middle Ages. Prereq> Open to
1st & 2nd yr honors stdts only. Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MEDIEVAL 215 Life in the Middle Ages: An Inter-Departmental Course Credits: 3 - 4
An introduction to the life and culture of the Middle Ages with lectures from members of the departments offering
courses within the Medieval Studies Program. Prereq> So st
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring,
Summer

MEDIEVAL 235 The World of Sagas Credits: 3
The Icelandic sagas viewed in their social, cultural, and literary contexts. An introduction to one of the greatest
bodies of vernacular literature of the early Middle Ages. Prereq> Open to Fr
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MEDIEVAL 253 Literature in Translation: Dante's Divine Comedy Credits: 3
Prereq> So st or cons inst
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall
MEDIEVAL 309 The Crusades: Christianity and Islam Credits: 3 - 4
An examination of the Crusades from both Christian and Islamic perspectives; the historical, social, and religious context and significance of the Crusades for both Christians and Muslims. Prereq: So st
L&S Breadth: Humanities    L&S Level: Intermediate/Advanced    L&S Credit: Counts for LAS credit    Typically Offered: Fall, Spring, Summer

MEDIEVAL 310 Mediterranean Cities: A Cross-Cultural Approach Credits: 3
Growth of towns and urban institutions in the three major medieval civilizations bordering on the Mediterranean: Europe, Byzantium, and Islam. Prereq: Jr st or cons inst
L&S Breadth: Humanities    L&S Level: Intermediate/Advanced    L&S Credit: Counts for LAS credit    Typically Offered: Fall, Spring, Summer

MEDIEVAL 312 The Medieval Church Credits: 3 - 4
The course covers the formation and development of ecclesiastical institutions and religious life in Western Europe from the fourth century to the Protestant Reformation. Prereq: Open to Fr with cons inst
L&S Breadth: Humanities    L&S Level: Intermediate/Advanced    L&S Credit: Counts for LAS credit    Typically Offered: Occasionally

MEDIEVAL 313 Introduction to Byzantine History and Civilization Credits: 3 - 4
Topical consideration of the entire scope of the history of the Byzantine Empire, from the fourth to the fifteenth centuries, and selected aspects of its culture. Prereq: So st
L&S Breadth: Humanities    L&S Level: Intermediate    L&S Credit: Counts for LAS credit    Typically Offered: Fall, Spring, Summer

MEDIEVAL 314 Problems in Byzantine History and Civilization Credits: 3 - 4
Intensive study of specific areas of the Byzantine Empire’s history and culture, selected by agreement between instructor and students, stressing individual research efforts. Prereq: So st
L&S Breadth: Humanities    L&S Level: Advanced    L&S Credit: Counts for LAS credit    Typically Offered: Fall, Spring

MEDIEVAL 316 Latin Paleography Credits: 3 - 4
The reading of medieval manuscripts. Prereq: So st
L&S Level: Intermediate/Advanced    L&S Credit: Counts for LAS credit    Typically Offered: Fall

MEDIEVAL 317 Medieval Social and Intellectual History, 400-1200 Credits: 3 - 4
Emphasis on interrelation of social structures and ideology. Prereq: So st or cons inst
L&S Breadth: Humanities    L&S Level: Intermediate    L&S Credit: Counts for LAS credit    Typically Offered: Fall, Spring, Summer

MEDIEVAL 318 Medieval Social and Intellectual History, 1200-1450 Credits: 3 - 4
Emphasis on social change and intellectual developments. Prereq: So st
L&S Breadth: Humanities    L&S Level: Intermediate    L&S Credit: Counts for LAS credit    Typically Offered: Fall, Spring, Summer

MEDIEVAL 322 Ancient and Medieval Science Credits: 3
Scientific ideas and institutions from the beginnings of Greek philosophy to the Renaissance. Prereq: Jr st or cons inst. Grads must enroll concurrently in Hist Sci 622
L&S Breadth: Humanities    L&S Level: Intermediate/Advanced    L&S Credit: Counts for LAS credit    Typically Offered: Fall, Spring

MEDIEVAL 324 Early Medieval Literature (1066-1350) Credits: 3
Students who have taken English 365 prior to fall 2014 may not enroll in this course. Prereq: 6 credits of introductory literature
L&S Breadth: Literature    L&S Level: Intermediate    L&S Credit: Counts for LAS credit    Typically Offered: Fall, Spring, Summer

MEDIEVAL 326 Venice and the Venetian Republic in History and Culture Credits: 3 - 4
Venice and its Republic from late Antiquity to the present: its achievements in politics, commerce, institutions, and the arts; and its place as a creative focus, inspiration, and symbol in Western culture. Prereq: So st
L&S Breadth: Humanities    L&S Level: Advanced    L&S Credit: Counts for LAS credit    Typically Offered: Fall, Spring, Summer

MEDIEVAL 332 Medieval Art Credits: 3 - 4
A topic in medieval art, artifacts, architecture, and/or manuscript culture. Course will normally meet with a course being given as art history, but from time to time topics that are unavailable as art history courses will be offered. Prereq: So st or cons inst
L&S Breadth: Humanities    L&S Level: Advanced    L&S Credit: Counts for LAS credit    Typically Offered: Fall, Spring, Summer

</table>
MEDIEVAL 416 Women in Medieval Society Credits: 3
The changing role of women in medieval Europe from the fall of Rome to the Italian Renaissance. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MEDIEVAL 423 Topic in Medieval Literature and Culture Credits: 3
Subject differs each year. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MEDIEVAL 424 Medieval Drama Credits: 3
An introduction to the dramatic traditions of medieval England, from early church rituals performed inside quiet monasteries in the tenth century to the elaborate and often raucous urban guild cycles and morality plays of the fifteenth, and with special attention to the significance of spirituality, work, and play in medieval culture. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MEDIEVAL 425 Medieval Romance Credits: 3
An introduction to one of the first forms of narrative fiction, covering tales of adventure, magic, courtly love, and King Arthur from the twelfth through the fifteenth century. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MEDIEVAL 426 Chaucers Courtly Poetry Credits: 3
An introduction to the poetry of the most famous and influential medieval English poet, from his short lyrics on love through his dream visions of talking birds and castles built on ice to the historical romance Troilus and Criseyde. Readings will be in the original Middle English; no prior experience with the language is required. Students who have taken English 368 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MEDIEVAL 427 Chaucer’s Canterbury Tales Credits: 3
An introduction to the most famous and influential medieval English poet through his best-known work and its playful and profound responses to some of the most pressing literary, social, political, and spiritual issues of his time. Readings will be in the original Middle English; no prior experience with the language is required. Students who have taken English 367 prior to fall 2014 may not enroll in this course. Prereq> 6 credits of introductory literature
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MEDIEVAL 430 The Vikings Credits: 4
Within a historical framework, a thorough introduction to the culture, literature, and religion of the Vikings. Prereq> Jr St or cons inst. Knowledge of a Scand lang is not required
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MEDIEVAL 440 Francis of Assisi: Literature and the Arts Credits: 3
"Francis of Assisi: Literature and the Arts." Focus on accounts of St. Francis’s life as written by medieval authors (e.g., Bonaventure of Bagnoregio, Thomas of Celano, the Franciscan Brother Leo) as well as works written by Francis himself. Examination of the relevance of Francis’s teachings to contemporary reflections regarding relationships with the Other, the environment and animals. Discussion of issues related to religion, politics, biopolitics and environmental studies. Prereq> Sophomore standing or above
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MEDIEVAL 444 Kalevala and Finnish Folk-Lore Credits: 4
Kalevala and the oral literature of Finland. Prereq> Jr or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MEDIEVAL 446 Celtic-Scandinavian Cultural Interrelations Credits: 3
Examination of shared traditions and historical connections between the North and Northwest of Europe. Readings of medieval and pre-modern Scandinavian, Scottish, Welsh and Irish sagas, histories, tales. Discussion of the role of folklore in modern Celtic and Scandinavian societies. Prereq> So st or above required, or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
MEDIEVAL 460 Medieval Hebrew Biblical Commentaries Credits: 3
Introduces graduate students and advanced undergraduate students to Medieval Hebrew Biblical exegesis. Reading, translation and discussion of different medieval interpretations of key passages of the Hebrew Bible.
Prereq> 3 yrs of Hebrew, Hebr St 448, or consent of instructor
L&S Breadth: Literature   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

MEDIEVAL 473 Jewish Civilization in Medieval Spain (in English) Credits: 3
Cultural, political, economic and scientific contributions of the Jews in medieval Islamic and Christian Spain (711-1492). Emphasis on interaction of the Jews with the general society.
Prereq> Sophomore standing
L&S Breadth: Humanities   L&S Level: Intermediate   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

MEDIEVAL 503 Survey of Medieval Literature Credits: 3
Readings of texts, lexicography, and history.
Prereq> Grad st
L&S Breadth: Literature   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall

MEDIEVAL 504 Survey of Medieval Literature Credits: 3
Continuation of 503.
Prereq> Grad st
L&S Breadth: Literature   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Spring

MEDIEVAL 520 Old English Credits: 3
The elements of Old English grammar with selected readings. Students who have taken English 320 prior to fall 2014 may not enroll in this course.
Prereq> 6 credits of introductory literature
L&S Breadth: Humanities   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

MEDIEVAL 521 Advanced Old English Literature Credits: 3
An intensive study of a major work or works of Old English, usually focusing on either Beowulf or the poems of a single manuscript. Line-by-line translation of the text will be supplemented by discussion of related issues (whether linguistic, thematic, or contextual) as well as by readings from relevant critical literature. Primary texts will be read in Old English.
Prereq> Completion of one of the following: English 520 taken Fall 2014 or later; English 320 taken prior to Fall 2014
L&S Breadth: Literature   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

MEDIEVAL 522 Middle English Language Credits: 3
The English language and its development in selected texts from the Norman Conquest to Chaucer. Students who have taken English 321 prior to fall 2014 may not enroll in this course.
Prereq> 522 completed Fall 2014 or later, or 320 completed prior to Fall 2014
L&S Breadth: Humanities   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

MEDIEVAL 541 Old Spanish Credits: 3
Historical Spanish phonology, morphology, and syntax, with application to analysis of medieval Spanish texts. Some attention to paleographic and editorial problems.
Prereq> Grad st
L&S Breadth: Humanities   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Occasionally

MEDIEVAL 546 History of the Spanish Language Credits: 3
Development from the medieval period to the present.
Prereq> Grad st or cons inst
L&S Breadth: Humanities   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Occasionally

MEDIEVAL 550 Advanced Interdisciplinary Studies in Medieval Civilization Credits: 3
An integrated treatment of a specific theme, to be announced by a group of specialists in different fields.
Prereq> Jr st or cons inst
L&S Breadth: Humanities   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Occasionally

MEDIEVAL 551 Advanced Studies in Medieval Literature Credits: 3
An integrated treatment of a literary theme, current, genre, problem, etc. in at least two medieval literatures.
Prereq> Jr st or cons inst
L&S Breadth: Literature   L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring, Summer

MEDIEVAL 553 Advanced Topics in Medieval Civilization Credits: 1
An integrated treatment of a specific theme in medieval civilization from a variety of interdisciplinary and/or cross-cultural perspectives; topic varies.
Prereq> Jr st or cons inst
L&S: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring, Summer
MEDIEVAL 562 Byzantine Medicine and Pharmacy Credits: 3
Byzantine and Islamic medicine and drug lore from Oribasius to the beginnings of the Italian Renaissance (c. 350 - c. 1400 A.D.). Prereq: Jr or Sr st or cons inst
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

MEDIEVAL 563 Mediaeval Latin Credits: 3
Prereq: Latin 204 or appropriate placement score
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MEDIEVAL 611 Survey of German Literature to 1700 Credits: 3
Representative works from the oldest records to the eighteenth century. Prereq: Sr st or cons inst
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MEDIEVAL 651 Introduction to Middle High German Credits: 3
Prereq: Advanced knowledge of German
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

MEDIEVAL 652 Readings in Middle High German Credits: 3
Selections from MHG courtly literature, illustrations of various genres and writers; relationship of philological to literary studies. Prereq: German 651 or cons inst
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MEDIEVAL 659 Dante's Divina Commedia Credits: 3
Lectures on Dante's life and times, reading Divine Comedy, commentary, discussion, reports. Prereq: Italian 321-322 or cons inst
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

MEDIEVAL 660 Dante's Divina Commedia Credits: 3
Continuation of 659 Prereq: Italian 321-322 or cons inst
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

MEDIEVAL 672 Il Duecento Credits: 3
Continuation of 671 Prereq: Italian 321-322 or cons inst
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MEDIEVAL 685 Honors Seminar in Medieval Studies Credits: 3
Capstone honors senior seminar, required for completion of the honors certificate in medieval studies; designed to accommodate a range of interests while focusing on a specific method, event, problem, period, or topic of medieval interest; open to non-honors seniors on a space-available basis and with consent of instructor. Prereq: Sr st, at least 3.3 cum GPA. Priority given to stdts enrolled in the honors medieval studies cert progm
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MEDIEVAL 699 Directed Study Credits: 1 - 3
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer
MEDIEVAL 701 Introduction à L'Ancien Français Credits: 3
Prereq> Grad st or cons of undergrad adv
Typically Offered: Occasionally

MEDIEVAL 703 La Litterature Francaise du XIV Et du XV Siecle Credits: 3
Prereq> Grad st or cons of undergrad adv
Typically Offered: Occasionally

MEDIEVAL 704 La Litterature Francaise du XIV et du XV Siecle Credits: 3
Prereq> Grad st or cons of undergrad adv
Typically Offered: Occasionally

MEDIEVAL 705 La Litterature Francaise des Debuts Jusqu a La Fin du XIII Siecle Credits: 3
Prereq> Grad st or cons of undergrad adv
Typically Offered: Occasionally

MEDIEVAL 706 La Litterature Francaise des Debuts Jusqu'a La Fin du XIIIe Siecle Credits: 3
Prereq> Grad st or cons of undergrad adv
Typically Offered: Occasionally

MEDIEVAL 709 Medieval Manuscripts and Textual Criticism Credits: 3
Prereq> Grad st or cons of undergrad adv
L&S Breadth: Literature  L&S Level: Advanced  Typically Offered: Occasionally

MEDIEVAL 718 Topics in Medieval Spanish Literature Credits: 3
An advanced topics course focusing on themes, particular authors, individual works, or literary genres in medieval Spanish literature. Prereq> Grad st
Typically Offered: Occasionally

MEDIEVAL 720 Selected Topics in Medieval History Credits: 1 - 3
Prereq> Grad st
Typically Offered: Occasionally

MEDIEVAL 755 Old Germanic Languages Credits: 3
Old High German, Old Saxon, and Gothic on a rotating basis; may be repeated for different languages. Prereq> Cons inst or German 651
Typically Offered: Occasionally

MEDIEVAL 771 History of the Italian Language Credits: 3
The development of the language from Latin to Italian. Prereq> Grad st
Typically Offered: Occasionally

MEDIEVAL 803 Topics in Medieval Literature Credits: 3
Prereq> Graduate standing & consent of English department Graduate advisor
Typically Offered: Occasionally

MEDIEVAL 811 Philological Seminar-Old Spanish Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

MEDIEVAL 841 Seminar: Libro de Buen Amor, Celestina, Corbacho Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

MEDIEVAL 842 Seminar-Medieval Literature Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

MEDIEVAL 939 La Litterature Medievale Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

MOLECULAR BIOLOGY
MOL BIOL 681 Senior Honors Thesis Credits: 3
Prereq> Sr st & cons honors advisor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MOL BIOL 682 Senior Honors Thesis Credits: 3
Prereq> Sr st & cons honors advisor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MOL BIOL 686 Senior Honors Seminar in Molecular Biology Credits: 1
A seminar on the origins, present frontiers, and future prospects of molecular biology. Students will read, write about, and discuss papers from the original literature. Social and ethical issues related to technologies based on molecular biology are considered.  Prereq> Sr st; juniors may register with cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MOL BIOL 691 Senior Thesis Credits: 3
Prereq> Sr st and cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MOL BIOL 692 Senior Thesis Credits: 3
Prereq> Sr st and cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MOL BIOL 699 Directed Studies in Molecular Biology Credits: 1 - 4
Individual research projects conducted under professorial supervision.  Prereq> Jr or Sr st; cons inst. Graded on a lettered basis
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC

MUSIC 34 Study Abroad: Music Performance Ensemble Credits: 1
A music performing ensemble course taken in a UW-Madison resident study abroad program.  Prereq>
Enrollment in a UW-Madison resident study abroad program
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUSIC 40 Wind Ensemble Credits: 1
Rehearsal and performance of music from wind ensemble and band literature. Open to all students by audition.
Prereq> Audition and/or cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 41 Concert Band Credits: 1
Rehearsal and performance of music from wind ensemble and band literature.  Prereq> Audition and/or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 42 Varsity Band Credits: 1
Rehearsal and performance of music for athletic events.  Prereq> Audition and/or cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 43 University Band Credits: 1
Exploration and performance of standard band literature. Open to all students; no audition required.  Prereq>
Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUSIC 50 Concert Choir Credits: 1
Choral vocal training, study and performance of concert literature. Open to all students by audition.  Prereq>
Audition and/or cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 52 Women's Chorus Credits: 1
Choral vocal training, study and performance of concert literature. Open to all students by audition.  Prereq>
Audition and/or cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring
MUSIC 53 Choral Union Credits: 1
Choral vocal training, study and performance open to the entire community by audition. Prereq> Audition and/or cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 54 Choirs Credits: 1
Choral vocal training, study and performance of concert literature. Open to all students by audition. Prereq> Audition and/or cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUSIC 55 Masters' Singers Credits: 1
Choral vocal training, study and performance of concert literature. Open to all students by audition. Prereq> Audition and/or cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 56 Chorale Credits: 1
Choral vocal training, study and performance of concert literature. Open to all students by audition. Prereq> Audition and/or cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUSIC 58 Madrigal Singers Credits: 1
Ensemble specializing in 16th- and 17th-century secular music. Open to all students and singers outside the University by audition. Prereq> Audition and/or cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 59 University Chorus Credits: 1
Exploration and performance of standard choral literature. Prereq> Open to Fr. No audition
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 60 All-University String Orchestra Credits: 1
Rehearsal and study of string orchestra literature at the introductory level. No audition required. Prereq> Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 61 Chamber Orchestra Credits: 1
Rehearsal, study and performance of early classical symphonies, opera, and concerto literature. Prereq> Audition and/or cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 62 University Symphony Orchestra Credits: 1
Playing and public performance of music from symphonic repertoire. Prereq> Audition and/or cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 101 The Musical Experience Credits: 3
Musical genres -- songs, opera and musical theater, chamber and orchestral music, and jazz -- in the context of social and cultural history. Prereq> Not open for credit for Music majors. Open to Freshmen
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 103 Introduction to Music Cultures of the World Credits: 2
Music in various parts of the non-Western world (Africa, Middle East, India, Southeast Asia, East Asia). Prereq> Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 104 Study Abroad: Elementary Music Appreciation/Theory/History Credits: 1 - 3
An elementary-level academic course in music taken in a UW-Madison resident study abroad program. Course does not require any previous background in music. Prereq> Enrollment in a UW-Madison resident study abroad program
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
MUSIC 105 Opera Credits: 3
From Monteverdi to the present. Opera as a social and cultural phenomenon and an expression of national styles. Prereq> Not open for credit for Music majors. Open to Freshmen
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

MUSIC 106 The Symphony Credits: 3
Orchestral music from Haydn to present, relation to other arts. Prereq> Not open for credit for Music majors. Open to Freshmen
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

MUSIC 110 Introduction to Music Technology Credits: 2
Introduction to notation, sequencing, and digital audio softwares. Prereq> Open to music majors only (MUS, MUSC, MUSD, or dept authorization)
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MUSIC 111 Elements of Music Credits: 3
Basic notation; intervals; scales and modes; rhythm, melody and harmony; writing of simple musical material; aural and visual analysis. Prereq> Not open to music majors
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MUSIC 113 Music in Performance Credits: 1
Descriptive lectures on chamber music with performances by instructor and others; open to all students. Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

MUSIC 114 Music in Performance Credits: 1
Continuation of 113. Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MUSIC 121 Musica Practica 1 Credits: 3
Strategies for composing, understanding, and writing about music; must be taken concurrently with Music 171. Prereq> Placement test; concurrent registration in Music 171 required; concurrent registration in Music Perf 101 strongly recommended
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

MUSIC 122 Musica Practica 2 Credits: 3
Continuation of Music 121; must be taken concurrently with Music 172. Prereq> Music 121/171; concurrent registration in Music 172 required; concurrent registration in Music Perf 102 strongly recommended
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

MUSIC 151 Basic Concepts of Music Theory Credits: 3
Basic tools of music theory and compositional forms. Explores development of music through general survey of musical styles. Practical application of concepts includes listening maps and simple composition projects. Includes performance opportunities in simulated real world settings. Prereq> Not open for cr for music majors. Open to Fr. Stds must receive cr for only one of the following: Music 111,151, 351
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

MUSIC 171 Musica Practica: Aural Skills 1 Credits: 1
Prereq> Must be taken concurrently with Music 121
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

MUSIC 172 Musica Practica: Aural Skills 2 Credits: 1
Prereq> Music 121; must be taken concurrently with Music 122. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

MUSIC 201 Music and Society Credits: 2
Music during defined historical periods with emphasis on political and social contexts. May concentrate on a specific era or geographical area. Knowledge of music not required. Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally
MUSIC 204 Study Abroad: Intermediate Music Theory or History Credits: 1 - 3
An intermediate-level academic course in music taken in a UW-Madison resident study abroad program. Course must be taught at an intermediate level as determined by the School of Music based on prerequisites and/or course syllabus. Prereq> Enrollment in a UW-Madison resident study abroad program
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 205 The Big Bands Credits: 2
A study of significant dance orchestras from 1920 to 1950: development of style and influence on popular musical taste. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 206 The Legendary Performers Credits: 2
A survey of pioneer performers who influenced popular musical taste from 1920 to 1950. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 211 Survey of the History of Western Music Credits: 3
Introduction to development of music in the European tradition. Prereq> Music 122 or 281
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 212 Survey of the History of Western Music Credits: 3
Continuation of 211. Prereq> Music 211
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 221 Musica Practica 3 Credits: 3
Continuation of Music 122; must be taken concurrently with Music 271. Prereq> Music 122/172; concurrent registration in Music 271 required; concurrent registration in Music Perf 103 strongly recommended
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 222 Musica Practica 4 Credits: 3
Continuation of Music 221; must be taken concurrently with Music 272. Prereq> Music 221/271; concurrent registration in Music 272 required; concurrent registration in Music Perf 104 strongly recommended
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 236 Bascom Course Credits: 3
A low-enrollment course developing skills in critical reading, logical thinking, use of evidence, and use of library resources. Emphasis on writing in the conventions of specific fields. Prereq> Successful completion of or exemption from Com A requirement. Open to Fr.
General Education:  COM B  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 253 Conducting Credits: 2
Conducting techniques, emphasis on practical application to vocal and instrumental groups. Prereq> Cons inst or Music 122
L&S Credit: No degree credit in L&S  Typically Offered: Fall

MUSIC 254 Conducting Credits: 2
Continuation of 253. Prereq> Music 253
L&S Credit: No degree credit in L&S  Typically Offered: Spring

MUSIC 256 University Opera Credits: 1 - 2
Opera role: preparation, rehearsal and performance in University opera production. Course credit available to singers cast by audition in major or minor roles. Prereq> Cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 257 Opera Workshop Credits: 2
Performance of scenes from standard operas, including singing, accompanying, and dramatic action; instruction in voice projection, posture, and gesture; problems of staging, lighting, costuming, and scenery. Prereq> Cons inst
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
MUSIC 261 Ensemble-Piano Credits: 1
Assignments in performing ensemble literature. Prereq> Cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MUSIC 262 Jazz Ensemble Credits: 1
Assignments in performing ensemble literature. Prereq> Audition and/or cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MUSIC 264 Ensemble: Wisconsin Singers Credits: 1
The training of singers and musicians for show choir. Prereq> Audition; cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MUSIC 265 Ensemble-Woodwind Credits: 1
Assignments in performing ensemble literature. Prereq> Cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MUSIC 266 Black Music Ensemble Credits: 1
Assignments in performing ensemble literature. Prereq> Audition and/or cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MUSIC 267 Ensemble-Brass Credits: 1
Assignments in performing ensemble literature. Prereq> Cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MUSIC 268 Ensemble-Percussion Credits: 1
Assignments in performing ensemble literature. Prereq> Cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MUSIC 269 Ensemble-String Credits: 1
Assignments in performing ensemble literature. Prereq> Cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MUSIC 270 Ensemble-Guitar Credits: 1
Rehearsal, coaching and preparing guitar literature for performance of duos, trios, and quartets. Musicians other than guitarists are permitted to enroll. Prereq> Cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MUSIC 271 Musica Practica: Aural Skills 3 Credits: 1
Prereq> Music 122; must be taken concurrently with Music 221
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

MUSIC 272 Musica Practica: Aural Skills 4 Credits: 1
Prereq> Music 221; must be taken concurrently with Music 222
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

MUSIC 273 Contemporary Chamber Ensemble Credits: 1
Assignments in performing ensemble literature. Prereq> Cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MUSIC 275 Philomusica Credits: 1
A selective string ensemble which explores, rehearses and performs works from the baroque, romantic classical and contemporary repertoire. Prereq> Cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MUSIC 300 Introduction to Music Education Credits: 2
Introduction to the field of music education, including philosophy, history, and current practices and trends. Survey of music education in and out of schools as situated within diverse, pluralistic communities. Prereq> Concurrent enrollment in CURRIC/MUSIC 303
L&S Breadth: Humanities or Soc Sci L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring
MUSIC 301 Music Learning and Teaching 1 Credits: 2
The learning and teaching of music at the elementary and middle school levels. Prereq> Successful completion of CURRIC/MUSIC 300. Admission to the music education certification program. Concurrent enrollment in CURRIC/MUSIC 337
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 302 Music Learning and Teaching 2 Credits: 2
The learning and teaching of music at the high school level. Prereq> Successful completion of CURRIC/MUSIC 301 with a grade of "C" or higher. Concurrent enrollment in CURRIC/MUSIC 337
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 303 Fieldwork in Music Communities Credits: 1
Fieldwork in music communities in the Madison area. Prereq> Must be taken concurrently with CURRIC/MUSIC 300
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 304 Composition, Arrangement, and Orchestration for the Music Teacher Credits: 2
Introduction to the teaching of musical composition, arrangement, and orchestration. Special emphasis on how music technologies interact with conceptions of composition, arrangement, and orchestration; implications for music learning and teaching. Prereq> Successful completion of MUS-PERF 104 or equivalent
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

Introduction to the history of jazz; traces Black American music from African origins. Prereq> So st and cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 310 Black Music (1920-Present): The Trumpet Credits: 2
Introduction to the history of jazz; traces Black American Music from African origins. Prereq> So st and cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 311 Black Music (1920-Present): The Saxophone Credits: 2
Introduction to the history of jazz; traces Black American music from African origins. Prereq> So st and cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 316 African-American Music in Historical Perspective Credits: 3
Explores the impact of race in the historical formation of African-American music. Emphasizes repertory building and development of skills in hisorical analysis. Broad musical coverage from nineteenth-century to present. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 317 Gender and Music Credits: 3
Examines how cultural notions of gender have affected and influenced music in its genres, institutions and performance practices. Prereq> So st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
MUSIC 318 Cultural Cross Currents: West African Dance/Music in the Americas  Credits: 3
The influence of traditional West African dance/music heritage in historical, artistic, social contexts in the development of new hybrid forms of music/dance created by cross-pollination of cultures of Africans, Europeans and indigenous peoples in the New World. Prereq> Sophomore standing
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 319 Topics in Music and Ethnicity in the United States  Credits: 3
Explores music of ethnic groups in the U.S., including that of marginalized minorities, in its cultural context. Topics may include the music of African American, Asian American, Native American and Jewish communities. Prereq> Repeatable for credit with different topic
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 331 Jazz Improvisation  Credits: 3
Theoretical concepts, development of aural skills, and analysis procedures related to the jazz idiom. Prereq> Demonstrated performance ability on instrument; cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 332 Jazz Improvisation  Credits: 3
Continuation of 331. Prereq> Demonstrated performance ability on instrument; cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 333 Jazz Improvisation  Credits: 3
Theoretical concepts, developmental skills and analysis procedures related to the jazz idiom. Prereq> Music 332
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 337 Practicum in Teaching Music  Credits: 1
Observation and participation in K-12 music education settings. Prereq> Admission to Music Education; concurrent registration in CURRIC/MUSIC 301 or CURRIC/MUSIC 302
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 339 Studies in Folk and Ethnic Genres in Performance  Credits: 3
Folklore and performance theory: Modes of performance. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 340 Pedagogy  Credits: 1 - 2
Pedagogical methods for applied music offered on all instruments and voice by appropriate applied staff. Survey of music, methods, and materials. Prereq> 400 level applied study or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 344 Teaching Vocal Styles in the Music Classroom  Credits: 1
Introduction to the teaching and learning of diverse vocal styles. Special emphasis on what makes each style distinct, as well as the acquisition practices associated with each style. Prereq> None
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 345 Practicum in String Pedagogy  Credits: 2
Provides opportunity for advanced undergraduate students to teach privately or in small groups under faculty supervision. Prereq> Music 340 or equiv., or cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 346 Repertoire  Credits: 1 - 2
A comprehensive study of sources, analysis, and style of repertoire for a particular instrument(s) or voice(s). Prereq> Jr st & cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 351 Basic Concepts of Music  Credits: 3
Offers a comprehensive approach to music. Students learn the basic tools of music theory, the basic compositional forms used in music, and a general survey of musical styles. Prereq> Open only to university special stdts with cons inst. Stdts may receive cr for only one of the following: Music 111, 121, 151, 351
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
MUSIC 352 Intermediate Dalcroze Eurhythmics Credits: 2
Continuation of 351. Prereq> Music 351 and cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 354 Teaching Music Credits: 3
Development of musical skills and understandings. Ways of including music in the curriculum. Prereq> EED and completion of previous sequence coursework
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUSIC 361 Non-Western Music Performance-Study Groups Credits: 1
Study of non-Western musical traditions through performance: Javanese gamelan and Kiganda xylophone. Prereq> Cons inst; may be repeated
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 400 Music Cultures of the World: Africa, Europe, the Americas Credits: 3
Explores the performance, transmission, and consumption of traditional and popular musics of Africa, Europe, and the Americas. Employs musical-analytic and critical approaches to trace transnational musical circulation. Prereq> So st
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 401 Musical Cultures of the World Credits: 3
Survey of selected musical cultures in Southeast Asia, Africa, East Asia, the Middle East, and the folk music of Europe and the Americas. Classification of musical instruments, theoretical systems, scale structures, role of music in society, relationship of music to other arts in their cultures. Prereq> Cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 402 Musical Cultures of the World Credits: 3
Continuation of 401. Prereq> Cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 403 Music Cultures of the World: China, Korea, and Japan Credits: 3
Considers major musical traditions of China, Korea, and Japan in relation to historical and contemporary contexts. Covers indigenous music theories, instrumental and vocal practices, intra- and inter-regional interactions, broadcast and recording media representations. Prereq> So st & cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 404 Music of S.E. Asia: Tradition, Innovation, Politics, and Religion Credits: 3
Considers major musical traditions of Southeast Asia in relation to historical and contemporary contexts, emphasizing religion and politics. Covers indigenous music theories, instrumental and vocal practices, cross-cultural interactions, broadcast and recording media representations, and role of music in religious and political dynamics. Prereq> So st & cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 405 Seminar: Cultural Study of Music Credits: 3
Explores various topics in music research from the perspective of contemporary cultural theory and history. Develops skills in critical analysis of music and culture, drawing from literatures in postcolonial studies, critical race theory, studies of empire, colonialism, and capitalism. Prereq> Consent of instructor
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 411 Survey of Music in the Middle Ages Credits: 3
Major genres and composers of monophonic and polyphonic music, sacred and secular in Western Europe and England (ca. 7th-14th centuries). Prereq> Music 211-212 or Grad st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 412 Survey of Music in the Renaissance Credits: 3
Major genres and composers of sacred and secular music (ca. 15th-16th centuries). Prereq> Music 211-212 or Grad st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
MUSIC 413 Survey of Music in the Baroque Era  Credits: 3  
Major genres and composers of sacred and secular music in Western Europe (ca. 1600-1750).  Prereq> Music 211-212 or Grad st or cons inst  
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 414 Survey of Music in the Classic Era  Credits: 3  
Major genres and composers in Western Europe (ca. 1750-1827).  Prereq> Music 211-212 or Grad st or cons inst  
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 415 Survey of Music in the Romantic Era  Credits: 3  
Major genres and composers in Europe (ca. 1820-1910).  Prereq> Music 211-212 or Grad st or cons inst  
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 416 Survey of Music in the Twentieth Century  Credits: 3  
Major genres and composers in Europe and the United States.  Prereq> Music 211-212 or Grad st or cons inst  
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 419 Music in the United States  Credits: 3  
Explores a variety of genres within their social and historical contexts including folk songs and ballads, the Native American Pow Wow, New England psalmody, popular song repertories, musical theater and opera, concert music, blues and jazz.  Prereq> Music 212 or cons inst  
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 420 Teaching Popular Instrumental Music 1  Credits: 1  
Development of critical perspectives, musical knowledge, and pedagogical skills needed to teach instrumental popular music. This class will focus on popular string instruments, their electronic counterparts, and emerging technologies for the performance and production of popular music.  Prereq> None  
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 421 Teaching Popular Instrumental Music 2  Credits: 1  
Development of critical perspectives, musical knowledge, and pedagogical skills needed to teach instrumental popular music. This class will focus on popular percussion instruments, their electronic counterparts, and emerging technologies for the performance and production of popular music.  Prereq> None  
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 461 Collegium Musicum  Credits: 1  
Early Music Ensemble specializing in performance of instrumental and vocal early music, using the school's collection of replicas of early instruments. Open to all students with or without experience of early music.  Prereq> Cons inst  
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 466 Diction for Singers  Credits: 2  
Italian, German, and French diction as related to vocal music; transcription into the International Phonetic Alphabet (IPA). This is a one-semester diction course required for BM: Education students in the choral music certification track.  Prereq> So st; cons inst  
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 467 Language Diction for Singing I  Credits: 2  
Enterprising, German, Italian, and French diction as related to vocal music. First semester to a two-semester diction sequence for voice performance majors.  Prereq> Cons inst  
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 468 Language Diction for Singing II  Credits: 2  
Continuation of 467. Second semester of a two-semester diction sequence for voice performance majors.  Prereq> Cons inst  
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 469 Interdisciplinary Studies in the Arts  Credits: 1 - 4  
Guest artists will offer interdisciplinary courses on topics appropriate to their specializations.  Prereq> Consent of department  
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
MUSIC 497 Special Topics in Music Credits: 1 - 3
Prereq> Cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 499 Directed Study Credits: 1 - 3
Approval of project and assignment to staff member by Undergraduate Committee.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 500 Seminar in Global Popular Music Credits: 3
Explores various research topics relating to the history and present state of global popular music. Musical practices studied in relation to social and cultural forces, from ideas of nationhood to the global circulation of commodities; modern concepts of race to the emergence of modern western empires. Prereq>> Consent of Instructor
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 508 Latin-American Music Credits: 2
Music in Central and South America from 16th century vice-regal courts to 20th century; national characteristics and apparent effects of native and Western European traditions. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 509 Seminar in Afro-American Music History and Criticism Credits: 3
Introduction to historical research in and critical interpretation of Afro-American music. Consideration of standard musical and critical sources. Prereq> Cons inst or Grad st
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 511 Historical Performance Practices Credits: 3
Examination of historical evidence for performance practice and its relevance to modern performances of the music of earlier eras. Prereq> Music 211 & 212, or equiv, or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 513 Survey of Opera Credits: 3
Historical development of opera; investigation of main stylistic features of representative masterworks. Prereq> Cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 515 Proseminar in Ethnomusicology Credits: 3
Introduction to ethnomusicology, including historical survey of major works in the field, classification of musical instruments, measurement of tuning systems and concepts of scale, mode and rhythm in non-Western music. Prereq> Music 401-402 or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 520 Theory Forum Credits: 3
Prereq> Assignment by theory committee & cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 523 Orchestration I Credits: 3
History of orchestration and arranging; study of representative works by means of scores, recordings, and attendance at rehearsals of University organizations; scoring for band, chorus, and orchestra. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 524 Orchestration II Credits: 3
Continuation of 523. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 530 Jazz Improvisation Credits: 3
Theoretical concepts, development of aural skills, and analysis procedures related to the jazz idiom. Prereq> Demonstrated proficiency on instrument; cons inst.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
MUSIC 535 American Folk and Vernacular Music Credits: 3
An ethnographic, historical examination of immigrant and indigenous "roots" musical genres (blues, hillbilly, powwow, polka, conjunto, etc.) in relation to technological, commercial, artistic, and socio-political forces in American life. Prereq> Jr st
Ethnic Studies: Yes  L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 539 The Folklore of Festivals and Celebrations Credits: 3
Survey of interdisciplinary literature on social/performative folklore aesthetics and environments by in-depth study of three festivals and ceremonies. Required field trips. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 540 Advanced Pedagogy Credits: 2
Advanced pedagogical methods for performance. Prereq> Grad st and/or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 541 Seminar in Choral Literature Credits: 2
Seminar in Choral Literature from Renaissance to the Present. Prereq> Consent of instructor
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 542 Choral Literature and Performance Practices of Today Credits: 2
Continuation of 541. Prereq> Cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 543 Advanced String Pedagogy Credits: 2
Survey of contemporary and historical string pedagogy with implications for multiple teaching settings and applied research. Prereq> Cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 544 Advanced String Pedagogy Credits: 2
Continuation of 543, with emphasis on individual projects and applied research. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MUSIC 545 Practicum in Advanced String Pedagogy Credits: 2
Provides opportunity for graduate students to teach privately or in small groups under faculty supervision. Prereq> Music 543 or equiv or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 546 String Literature Credits: 2
Relationship of string solo, ensemble and orchestral literature to history, style, form, genre, and performance practice. Emphasis on bibliographic sources; research project required. Prereq> Sr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 547 Piano Pedagogy I Credits: 2
A first course in piano pedagogy with concentration on teaching at the beginning-intermediate levels. Includes pre-college laboratory observation and teaching. Prereq> Gr st in music or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUSIC 548 Piano Pedagogy II Credits: 3
Exploration of appropriate materials, standard literature, pedagogical techniques, and structure for the intermediate to advanced student. Research in specialized topics. Includes laboratory observation and teaching. Prereq> Music 547 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUSIC 550 Percussion Literature Credits: 2
This course will examine a select body of Western art music composed for percussion during the twentieth and twenty-first Centuries. Important compositional styles and repertoire will be presented and discussed with an emphasis on historical perspective and compositional technique. L&S Credit: No degree credit in L&S  Typically Offered: Fall
MUSIC 551 Class Piano Pedagogy  Credits: 3
Techniques for teaching older beginners or adults in class or individual instruction, piano literature sources and references, evaluation of repertoire and analysis of methods and structure. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 553 Advanced Conducting Seminar  Credits: 2
Study/analysis of conducting techniques; score reading/interpretation of masterpieces from standard repertoire. Topics course: repeatable. Prereq> Cons inst or Music 254
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 554 Advanced Conducting  Credits: 2
Continuation of 553. Prereq> Music 254
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 556 University Opera  Credits: 1 - 2
Opera role: preparation, rehearsal and performance in University opera production. Course credit available to singers cast by audition in major or minor roles. Prereq> Cons inst
L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 557 Opera Workshop  Credits: 2
Performance of scenes from standard operas or of whole operas; singing, accompanying, and dramatic action; instruction in voice projection, posture and movement; problems of staging, lighting, costume and scenery. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 558 Madrigal Singers  Credits: 1
Ensemble specializing in 16th and 17th century secular music. Prereq> Grad st
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 560 Practicum in Advanced Studio Teaching-Piano  Credits: 1
Assignments in performing ensemble literature. Open to all University students with graduate standing. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 561 Advanced Ensemble-Piano  Credits: 1
Assignments in performing ensemble literature. Open to all University students with graduate standing. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 562 Jazz Ensemble  Credits: 1
Assignments in performing ensemble literature. Open to all University students with graduate standing. Prereq> Audition and/or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 565 Advanced Ensemble-Woodwind  Credits: 1
Assignments in performing ensemble literature. Open to all University students with graduate standing. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 567 Advanced Ensemble-Brass  Credits: 1
Assignments in performing ensemble literature. Open to all University students with graduate standing. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 568 Advanced Ensemble-Percussion  Credits: 1
Assignments in performing ensemble literature. Open to all University students with graduate standing. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 569 Advanced Ensemble-String  Credits: 1
Assignments in performing ensemble literature. Open to all University students with graduate standing. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
MUSIC 570 University Symphony Orchestra Credits: 1
Performance plus additional study of performance practice and orchestral literature. Open to graduate music majors only. Prereq> Audition
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 571 Chamber Orchestra Credits: 1
Rehearsal, study of performance of classical symphonic works of 19th and 20th century orchestra and concerto literature. Prereq> Audition & Grad st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUSIC 572 Advanced Ensemble-Classical Guitar Credits: 1
Rehearsal, coaching and preparing guitar literature for performance of duos, trios, and quartets. Musicians other than guitarists are permitted to enroll and be incorporated into the ensembles. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 573 Contemporary Chamber Ensemble Credits: 1
Assignments in performing ensemble literature. Open to all University students with graduate standing. Prereq> Cons inst; Grad st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 574 Wind Ensemble Credits: 1
Limited instrumentation for students having attained exceptional level of performance ability. Prereq> Audition; Grad st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 575 Philomusica Credits: 1
A selective string ensemble which explores, rehearses and performs works from the baroque, romantic classical and contemporary repertoire. Prereq> Grad st & cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 576 Concert Band Credits: 1
Rehearsal and performance from band literature; additional study of performance practice. Open to graduate students only. Prereq> Audition; Grad st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 577 Chorale Credits: 1
Performance and study of choral chamber music. Prereq> Audition; Grad st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUSIC 578 Concert Choir Credits: 1
Performance plus additional study of performance practice and choir literature. Open to graduate majors only. Prereq> Audition. Grad st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 579 Masters Singers Credits: 1
A group of select singers who study varied repertoire conducted by graduate students. Prereq> Audition; Grad st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUSIC 591 Organ Literature and Design Credits: 2
Survey of organ literature with parallel study of organ design and construction. Research project required. Prereq> Sr/Grad st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

MUSIC 592 Organ Literature and Design Credits: 2
Continuation of 591. Prereq> Sr/Grad st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

MUSIC 619 Music Research Methods and Materials Credits: 3
Historical and contemporary bibliography resources for musical scholarship; general reference tools of scholarly work and specific musicological works. Prereq> Grad st or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
MUSIC 620 Proseminar in Musicology Credits: 3
Introduction to musicological methods and problems, principally with reference to the history of Western music. Current issues. Prereq> Music 619
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUSIC 621 Renaissance Polyphony Credits: 3
Analysis and stylistic composition. Prereq> Sr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 622 Baroque Counterpoint Credits: 3
Analysis and stylistic composition. Prereq> Sr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 623 Form and Analysis Credits: 2 - 3
Study of modern analytical techniques; practice in analysis of representative works. Prereq> Sr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 624 Form and Analysis II Credits: 2 - 3
Continuation of 623. Prereq> Sr st or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 669 Interdisciplinary Studies in the Arts Credits: 1 - 4
Guest artists will offer interdisciplinary courses on topics appropriate to their specializations. Prereq> Consent of department
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUSIC 681 Senior Honors Thesis Credits: 3
Prereq> Committee approval
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 682 Senior Honors Thesis Credits: 3
Prereq> Committee approval
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUSIC 716 Seminar in Musical Instruments of the World Credits: 3
Classification, distribution and theories of origin of musical instruments, particularly those of the non-Western world and their relation to Western musical instruments. Prereq> Music 515, 401, or 402
Typically Offered: Occasionally

MUSIC 720 Bibliography and Research Methods: Ethnomusicology Credits: 3
Survey of research materials: general works, area studies, film documentation, disc recordings and tape. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 725 Music Theory Pedagogy Credits: 3
Approaches to the instruction of undergraduates in rudiments, aural skills, harmony, counterpoint, and analysis; problem-solving in the classroom; computer-assisted instruction. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 726 Computers in Music Research 1 Credits: 3
Introduction to the use and programming of microcomputers for music research applications. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 749 Seminar in Vocal Techniques Credits: 2
Study and analysis of various vocal techniques: pedagogical and historical viewpoints. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 751 Seminar in Piano Pedagogy Credits: 3
Interpretive and technical approaches to advanced keyboard performance. Prereq> Grad st; cons inst
Typically Offered: Occasionally
**MUSIC 752 Piano Pedagogy Workshop** Credits: 1
This course is designed to assist the DMA student in piano performance and pedagogy in developing a pedagogical workshop for piano teachers. The project will culminate in a public workshop which may address any approved area of keyboard pedagogy. Prereq> DMA candidate in piano performance and pedagogy; one semester of Music 751; cons inst
Typically Offered: Occasionally

**MUSIC 767 Advanced Language Diction for Singing I** Credits: 2
English, German, Italian, and French diction as related to vocal music. Prereq> Grad st; cons inst; knowledge of International Phonetic Alphabet (IPA)
Typically Offered: Occasionally

**MUSIC 768 Advanced Language Diction for Singing II** Credits: 2
Continuation of 767. Prereq> Grad st; cons inst; knowledge of International Phonetic Alphabet (IPA)
Typically Offered: Occasionally

**MUSIC 791 Seminar in Piano Literature** Credits: 3
Applied piano literature including representative works from all periods. Prereq> Cons inst
Typically Offered: Occasionally

**MUSIC 792 Seminar in Vocal Literature** Credits: 3
Comprehensive study of vocal literature including representative works from various periods. Prereq> Cons inst
Typically Offered: Occasionally

**MUSIC 796 Seminar in Duo Sonata Literature** Credits: 3
Comprehensive study of major works for single instrument and piano with primary focus on interpretive and technical issues for the collaborative musician. Prereq> Cons inst
Typically Offered: Occasionally

**MUSIC 798 Seminar-Instrumental Literature** Credits: 2
Prereq> Grad st & cons inst
Typically Offered: Occasionally

**MUSIC 799 Independent Work** Credits: 1 - 3
Approval of project and assignment to staff member by Graduate Committee. Prereq> Cons of Grad committee
Typically Offered: Occasionally

**MUSIC 821 Historical Music Theories 1** Credits: 3
The development of musical concepts and issues in music-theoretical discourse from antiquity through the 17th century. Prereq> Cons inst
Typically Offered: Occasionally

**MUSIC 822 Historical Music Theories 2** Credits: 3
The development of musical concepts and issues in music-theoretical discourse from the 17th century through the present. Prereq> Cons inst
Typically Offered: Occasionally

**MUSIC 823 Schenkerian Analysis** Credits: 3
Studies in the theoretical concepts and analytical methods of Heinrich Schenker. Prereq> Music 621 or cons inst
Typically Offered: Occasionally

**MUSIC 824 Post-tonal Analysis** Credits: 3
Studies in the theoretical concepts and analytical methods, including those of Milton Babbitt, Allen Forte, David Lewin, Robert Morris, and others. Prereq> Cons inst
Typically Offered: Occasionally

**MUSIC 900 Colloquium** Credits: 0
Current research topics presented by staff, graduate students, and visiting scholars. Required of all graduate students in music history and ethnomusicology throughout residence. Required of all graduate students in music history, ethnomusicology, and music theory throughout residence.
Typically Offered: Occasionally
MUSIC 909 Music and Culture Workshop Credits: 1 - 3
Advanced training in the cultural and interdisciplinary study of music. Emphases on critical analysis of recent scholarship; peer-review of manuscripts; presentation of ongoing research. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 911 Seminar in Musicology Credits: 3
Topics in musicology, dealing primarily with an important aspect or genre or music or segment of a stylistic period. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 915 Seminar in Ethnomusicology Credits: 3
Topics in ethnomusicology within a cross-cultural framework; melodic typology, scale and tuning systems, mode, rhythm, ornamentation, improvisation techniques, oral and written traditions of composition, notation systems, and function of music society. Prereq> Music 401 or 402, 515
Typically Offered: Occasionally

MUSIC 921 Current Issues in Musical Thought 1 Credits: 3
Topics of current theoretical or compositional concern and in-depth discussions of recent publications. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 923 Seminar in Notation Credits: 3
Notational systems, their history, interpretation and significance with special reference to development of Western notation. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 925 Topics in Music Analysis 1 Credits: 3
Intensive discussions of particular repertoire or musical problems. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 926 Topics in Music Analysis 2 Credits: 3
Intensive discussions of particular repertoire or musical problems. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 927 Seminar in Composition Credits: 3
Topics directly related to composition, including musical forms, contemporary performance practice, electronic music, intermedia. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 928 Seminar in Composition Credits: 3
Continuation of 927. Prereq> Cons inst
Typically Offered: Occasionally

MUSIC 990 Masters Thesis Credits: 1 - 4
Approval of subject and assignment to staff member by the Graduate Committee. Prereq> Assignment by Grad committee
Typically Offered: Occasionally

MUSIC 999 PhD Diss/DMA Project Credits: 1 - 3
Approval of project and assignment to staff member by the Graduate Committee. Prereq> Cons of Grad committee
Typically Offered: Occasionally

MUSIC-PERFORMANCE

MUS PERF 7 Fundamentals-Flute Credits: 1
Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall

MUS PERF 12 Fundamentals: Double Reeds Credits: 1
Exploration of the fundamentals of the double reed instruments: oboe and bassoon. Prereq> Cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring
MUS PERF 14 Fundamentals: Single Reeds  Credits: 1
Exploration of the fundamentals of single reed instruments: saxophone and clarinet. Prereq> Cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

MUS PERF 18 Fundamentals-High Brass  Credits: 1
Exploration of the fundamentals of the high brass instruments: trumpet and French horn. Prereq> Cons inst.
Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Spring

MUS PERF 24 Fundamentals-Low Brass  Credits: 1
Exploration of the fundamentals of the low brass instruments: trombone, euphonium and tuba. Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall

MUS PERF 27 Fundamentals-Percussion  Credits: 1
Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUS PERF 32 Fundamentals-High Strings  Credits: 1
Exploration of the fundamentals of the high string instruments: violin and viola. Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Spring

MUS PERF 36 Fundamentals-Low Strings  Credits: 1
Exploration of the fundamentals of the low stringed instruments: violoncello and double bass. Prereq> Cons inst.
Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Spring

MUS PERF 44 Study Abroad: Beginning Instruction in Music Performance  Credits: 1
Beginning class or private music performance instruction taken in a UW-Madison resident study abroad program.
Prereq> Enrollment in a UW-Madison resident study abroad program
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 47 Basic Flute  Credits: 1 - 2
Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 49 Basic Oboe  Credits: 1 - 2
Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 51 Basic Clarinet  Credits: 1 - 2
Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 53 Basic Saxophone  Credits: 1 - 2
Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 55 Basic Bassoon  Credits: 1 - 2
Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 57 Basic Horn  Credits: 1 - 2
Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 59 Basic Trumpet/Cornet  Credits: 1 - 2
Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 61 Basic Trombone  Credits: 1 - 2
Prereq> Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer
MUS PERF 63 Basic Euphonium Credits: 1 - 2
Prereq: Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 65 Basic Tuba Credits: 1 - 2
Prereq: Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 67 Basic Percussion Credits: 1 - 2
Prereq: Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 71 Basic Violin Credits: 1 - 2
Prereq: Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 73 Basic Viola Credits: 1 - 2
Prereq: Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 75 Basic Cello Credits: 1 - 2
Prereq: Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 76 Basic Guitar Credits: 1 - 2
Private instruction in guitar performance at the beginning level. Prereq: Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 77 Basic String Bass Credits: 1 - 2
Prereq: Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 79 Basic Harp Credits: 1 - 2
Prereq: Cons inst. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MUS PERF 101 Beginning Class Piano Credits: 2
Prereq: Audition & consent of instructor. Open to Freshmen
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 102 Beginning Class Piano Credits: 2
Prereq: Audition & consent of instructor. Open to Freshmen
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 103 Elementary Class Piano Credits: 2
Prereq: Audition and consent of instructor. Open to Freshmen
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 104 Intermediate Class Piano Credits: 2
Prereq: Audition and consent of instructor. Open to Freshmen
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 143 Introduction to Performance: Voice Credits: 1
Voice for the non-music major beginning voice student; basic concepts of vocal technique, tone production, breathing, and diction for singing; basic musicianship; singing in class by the student individually and in small groups. Prereq: Cons inst. Not open to Music majors. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
MUS PERF 144 Vocal Instruction for Non-Voice Majors Credits: 1 - 2
Vocal instruction for the non-voice major. Basics of classical vocal technique; however, repertoire may include other musical styles, such as musical theater or jazz, as approved by instructor. A final, memorized performance exam is required. Prereq: Cons inst. Not open to voice majors. Open to Fr
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MUS PERF 147 First Year Composition Credits: 3
Prereq: Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUS PERF 148 First Year Composition Credits: 3
Prereq: Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUS PERF 200 Elementary/Intermediate Piano for Non-Piano Majors Credits: 2
Prereq: Audition or Mus Perf 104. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 201 Elementary/Intermediate Piano Credits: 2 - 4
Prereq: Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 202 Elementary/Intermediate Harpsichord Credits: 2 - 4
Introduction to basic harpsichord technique, continuo realization and intermediate-level repertoire. Prereq: Cons inst, Mus Perf 201 or 203
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 203 Elementary/Intermediate Organ Credits: 2 - 4
Prereq: Cons inst & satisfactory polyphonic piano technique. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 205 Elementary/Intermediate Voice Credits: 2 - 4
Prereq: Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 207 Elementary/Intermediate Flute Credits: 2 - 4
Prereq: Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 209 Elementary/Intermediate Oboe Credits: 2 - 4
Prereq: Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 211 Elementary/Intermediate Clarinet Credits: 2 - 4
Prereq: Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 213 Elementary/Intermediate Saxophone Credits: 2 - 4
Prereq: Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 215 Elementary/Intermediate Bassoon Credits: 2 - 4
Prereq: Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 217 Elementary/Intermediate Horn Credits: 2 - 4
Prereq: Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 219 Elementary/Intermediate Trumpet Credits: 2 - 4
Prereq: Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
MUS PERF 221 Elementary/Intermediate Trombone  Credits: 2 - 4
Prereq> Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 223 Elementary/Intermediate Euphonium  Credits: 2 - 4
Prereq> Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 225 Elementary/Intermediate Tuba  Credits: 2 - 4
Prereq> Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 227 Elementary/Intermediate Percussion  Credits: 2 - 4
Prereq> Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 231 Elementary/Intermediate Violin  Credits: 2 - 4
Prereq> Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 233 Elementary/Intermediate Viola  Credits: 2 - 4
Prereq> Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 235 Elementary/Intermediate Cello  Credits: 2 - 4
Prereq> Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 237 Elementary/Intermediate String Bass  Credits: 2 - 4
Prereq> Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 239 Elementary/Intermediate Harp  Credits: 2 - 4
Prereq> Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 240 Elementary/Intermediate Guitar  Credits: 2 - 4
Prereq> Cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MUS PERF 242 Accompanying  Credits: 2
Prereq> Cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUS PERF 247 Second Year Composition  Credits: 3
Prereq> Cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUS PERF 248 Second Year Composition  Credits: 3
Prereq> Cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MUS PERF 251 Keyboard Skills  Credits: 2
Keyboard skills for the piano major.  Prereq> Admission to Mus Perf 201 & cons inst
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MUS PERF 301 Advanced Techniques: Piano  Credits: 1 - 2
Prereq> Jr st & cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUS PERF 311 Advanced Techniques: Clarinet  Credits: 1 - 2
Prereq> Jr st & cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MUS PERF  711 Doctoral Level-Clarinet  Credits: 4
Prereq> Grad st in Music Perf & cons inst
Typically Offered: Occasionally

MUS PERF  713 Doctoral Level-Saxophone  Credits: 4
Prereq> Grad st in Music Perf & cons inst
Typically Offered: Occasionally

MUS PERF  715 Doctoral Level-Bassoon  Credits: 4
Prereq> Grad st in Music Perf & cons inst
Typically Offered: Occasionally

MUS PERF  717 Doctoral Level-Horn  Credits: 4
Prereq> Grad st in Music Perf & cons inst
Typically Offered: Occasionally

MUS PERF  719 Doctoral Level-Trumpet  Credits: 4
Prereq> Grad st in Music Perf & cons inst
Typically Offered: Occasionally

MUS PERF  721 Doctoral Level-Trombone  Credits: 4
Prereq> Grad st in Music Perf & cons inst
Typically Offered: Occasionally

MUS PERF  723 Doctoral Level Euphonium  Credits: 4
Doctoral level private instruction in euphonium performance. Prereq> Audition & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
MUS PERF 725 Doctoral Level Tuba Credits: 4
Private instruction in tuba performance including appropriate etudes, solo, chamber and orchestral literature.
Prereq> Acceptance into the Doctor of Musical Arts Degree program for brass instruments
Typically Offered: Occasionally

MUS PERF 727 Doctoral Level Percussion Credits: 4
This course is designed to assist the student in musical and technical proficiency on designated percussion instruments. Studying at an advanced performance level, the student works independently and with faculty guidance to develop one's personal potential.
Typically Offered: Occasionally

MUS PERF 731 Doctoral Level-Violin Credits: 4
Prereq> Grad st in Music Perf & cons inst
Typically Offered: Occasionally

MUS PERF 732 Doctoral Level Conducting Credits: 2
Prereq> Grad st in Music Perf & cons inst
Typically Offered: Occasionally

MUS PERF 733 Doctoral Level-Viola Credits: 4
Prereq> Grad st in Music Perf & cons inst
Typically Offered: Occasionally

MUS PERF 735 Doctoral Level-Cello Credits: 4
Prereq> Grad st in Music Perf & cons inst
Typically Offered: Occasionally

MUS PERF 737 Doctoral Level String Bass Credits: 4
Prereq> Mus Perf 637
Typically Offered: Occasionally

MUS PERF 740 Doctoral Level-Guitar Credits: 4
Prereq> Mus Perf 540
Typically Offered: Occasionally

MUS PERF 742 Doctoral Level Private Instruction in Accompanying Credits: 2
Extensive, in-depth study of the collaborative piano repertoire, focusing primarily on works for single instruments and voice with piano at the doctoral level. Prereq> Cons inst
Typically Offered: Occasionally

MUS PERF 747 Doctoral Level Composition Credits: 3
Doctoral level composition. Prereq> Cons inst
Typically Offered: Occasionally

MUS PERF 748 Doctoral Level Composition Credits: 3
Doctoral level composition. Prereq> Cons inst
Typically Offered: Occasionally

MUS PERF 990 Masters Recital Credits: 1 - 4
Prereq> Approval of Grad committee
Typically Offered: Occasionally

MUS PERF 999 DMA Recital Credits: 1 - 2
Prereq> Approval of Grad committee
Typically Offered: Occasionally

PHILOSOPHY
PHILOS 101 Introduction to Philosophy Credits: 3 - 4
Prereq> Open to all students but preference will be given to Freshmen & Sophomores who have had no previous philosophy course other than 210, 211, 253 or 254.
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 102 Introduction to Social Philosophy Credits: 3 - 4
Opposing philosophical views about people and their political and social life.  Prereq> So st or Philos 101. Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 103 Belief, Knowledge, and Truth Credits: 3 - 4
Grounds of rational belief and knowledge and the methods used for obtaining them, with emphasis on problems of evidence and truth.  Prereq> Phil 101 or So st. Not open to Jrs and Srs. Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 104 Special Topics in Philosophy for Freshmen Credits: 3
Examination of selected topics.  Prereq> Open to Fr with no prev college level coursework in philosophy
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 106 Study Abroad in Philosophy Credits: 2 - 4
Treatment of a topic in philosophy in a course offered at a university outside the United States.  Prereq> Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 141 The Meaning of Life Credits: 3 - 4
This course enters the subject of philosophy through a question that is familiar to nearly every student: What is the meaning of life?  This question will be approached through reading both classical philosophical works (Plato, Aristotle, Epictetus, Tolstoy, Kant) and the works of contemporary philosophers (Wolf, Nozick, Nagel, Kazez).
Prereq> None
L&S Breadth: Humanities  L&S Level: Elementary  Typically Offered: Fall, Spring, Summer

PHILOS 181 First Course for Honors Credits: 3
Prereq> Honors candidacy or cons inst. Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 201 Introduction to Philosophy for Juniors and Seniors Credits: 3 - 4
Prereq> Open only to Jrs & Srs who have had no previous philos courses other than 210, 211, 253 or 254
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 206 Study Abroad in Philosophy Credits: 2 - 4
Treatment of a topic in philosophy in a course offered at a university outside the United States.
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 210 Reason in Communication Credits: 3 - 4
Argument in familiar contexts; emphasis upon developing critical skills in comprehending, evaluating, and engaging in contemporary forms of reasoning, with special attention to the uses of argument in mass communication media.  Prereq> Open to Fr
General Education: QR-A  L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 211 Elementary Logic Credits: 3 - 4
The formal characteristics of logical truth and inference.  Prereq> So st
General Education: QR-B  L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
PHILOS 212 Theory of Choice Credits: 4
Introduction to the logical, mathematical, statistical, and philosophical topics and issues in modern theory of choice, such as individual decision making, inductive logic, game theory, and social choice theory. Prereq> So st
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 220 Philosophy and the Sciences Credits: 3 - 4
Is science value-free? What distinguishes it from pseudo-science, religion, and technology? Philosophical problems of explanation, rationality, knowledge, paradigms, moral issues of research and philosophical consequences of scientific theories. Prereq> So st
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 241 Introductory Ethics Credits: 3 - 4
Nature of moral problems and of ethical theory, varieties of moral skepticism, practical ethics and the evaluation of social institutions. Prereq> So st
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 243 Ethics in Business Credits: 3 - 4
Case studies of moral issues in business; types or reasons appealed to for settlement. Prereq> So st
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 253 Philosophy of the Arts Credits: 3 - 4
Introduction to the problems of aesthetics, such as the nature of art; aesthetic experience; the description, interpretation, and evaluation of works of art. Prereq> So st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 261 Introduction to the Philosophy of Religion Credits: 3 - 4
Doctrines and arguments of Western and Eastern religious and philosophical traditions: deity, human nature, immortality, resurrection, religious experience, faith, reason, good, evil, etc. Prereq> So st or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 282 Logic for Honors Credits: 3
Prereq> So st and honors candidacy
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 304 Topics in Philosophy: Humanities Credits: 3 - 4
Examination of selected topics in philosophy. Prereq> Prerequisites vary by topic
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 305 Topics in Philosophy: Social Science Credits: 3 - 4
Examination of selected topics in philosophy in social science. Prereq> Prerequisites vary by topic
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 341 Contemporary Moral Issues Credits: 3 - 4
A philosophical study of some of the major moral issue in contemporary society, such as those concerning abortion, euthanasia, punishment, property, politics, sex, nuclear disarmament, and world hunger. Prereq> So st or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 430 History of Ancient Philosophy Credits: 3 - 4
Various philosophers from the presocratics to the Stoics and Epicureans; particular emphasis on Plato and Aristotle. Prereq> So st & 3 cr in philos or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
PHILOS 431 Medieval Philosophy Credits: 3 - 4
Critical and historical examination of writings of Erigena, Anselm, Abelard, Grosseteste, Bacon, Aquinas, Scotus, Ockham. Prereq> Jr st or cons inst
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PHILOS 432 History of Modern Philosophy Credits: 3 - 4
This course covers various philosophers from the 17th century through early 20th century. Prereq> 3 credits of philosophy or consent of instructor
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PHILOS 433 19th Century Philosophers Credits: 3 - 4
Prereq> Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PHILOS 435 Jewish Philosophy from Antiquity to the Seventeenth Century Credits: 3
A survey of major philosophers and philosophical currents within Judaism from antiquity through the seventeenth century. Prereq> 3 credits in philosophy
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

PHILOS 439 American Philosophy Credits: 3
Major traditions in American thought--Puritanism, The Enlightenment, Transcendentalism, Idealism, and Pragmatism--in relation to American culture. Prereq> Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PHILOS 440 Existentialism Credits: 3 - 4
Feeling like life is absurd, that existence is meaningless? Worried that you aren't living authentically? Then a course in Existentialism is just what you need. Study the classic texts of this intellectual movement that expressed despondency about Western civilization, its decadence, and its values. Along the way you'll meet the likes of Kierkegaard, Nietzsche, Heidegger, Sartre, Camus, and De Beauvoir. Prereq> Junior standing & 3 credits in philos or consent of instructor
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PHILOS 441 Environmental Ethics Credits: 3 - 4
Adequacy of ethical theories in handling such wrongs as harm to the land, to posterity, to endangered species, and to the ecosystem itself. Exploration of the view that not all moral wrongs involve harm to humans. Inquiry into the notion of the quality of life and the ethics of the "lifeboat" situation. Prereq> 3 cr philos or envir studies, or Grad st in IES
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PHILOS 442 Moral Philosophy and the Holocaust Credits: 3
Selected moral and philosophical issues raised by the Holocaust such as when and whom to rescue; includes issues arising after the annihilation such as forgiveness and reconciliation. Prereq> Jr st & cons inst
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

PHILOS 453 Aesthetics of the Natural Environment Credits: 3
Philosophical theories of beauty, the sublime, and the picturesque, and their relevance to our appreciation of the natural environment. Prereq> Jr st and 3 cr in philos, or cons inst
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PHILOS 454 Classical Philosophers Credits: 3
One or more classical philosophers, movements, or problems selected for intensive study. Prereq> Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring
PHILOS 464 Classical Philosophers Credits: 3
One or more classical philosophers, movements, or problems selected for intensive study. Prereq> Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 481 Junior Honors Seminar Credits: 3
One or more philosophers, movements, or problems selected for intensive study. Prereq> Jr st & certif as hon cand, 6 cr in philos, 3.0 GPA in philos and cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 482 Junior Honors Seminar Credits: 3
Same as 481. Prereq> Jr st & 6 cr in philos & 3.0 GPA in philos-4.0 basis
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 501 Philosophy of Religion Credits: 3 - 4
Analysis of religious experience and activity, and examination of principal religious ideas in light of modern psychology, philosophy, science, and anthropology. Prereq> Jr st or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 502 Special Topics in Philosophy of Religion Credits: 3
One or more topics selected from among the following: religious discourse, God, evil, survival, great philosophers of religion, etc. Variable content. Prereq> Jr st or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 503 Theory of Knowledge Credits: 3
A survey of problems concerning the nature, sources, and limits of human knowledge, including such topics as scepticism, the concept of knowledge, sensory perception, evidence, justified belief, induction. Prereq> Philos 101, 103, 201, or cons inst; & Jr st
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 504 Special Topics in the Theory of Knowledge Credits: 3
One or more special topics in the Theory of Knowledge or one or more major theories of knowledge. Variable content. Prereq> Jr st and 3 cr philos
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 505 Justice and Health Care Credits: 3
Examines ethical issues in the distribution, financing, and delivery of health care (primarily in the United States). The first third of the class explores key issues in U.S. health policy and forms the empirical foundation for the rest of the class. The second third explores ongoing debates in moral and political philosophy over putative entitlements to health and health care. The last third investigates the nature, justifiability, and methods of health care rationing, including bedside rationing by doctors, and the myriad issues implicated by the near-universally shared goal of health care cost containment. Prereq> Junior, Senior or Graduate standing
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHILOS 506 Study Abroad in Philosophy Credits: 2 - 4
Treatment of a topic in philosophy in a course offered at a university outside the United States.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 511 Symbolic Logic Credits: 3
Propositional and predicate logic, with emphasis on metatheory; independence of rules and completeness theorems; discussion of technical and philosophical limitations of classical logic. Prereq> Jr st, Philos 211 or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
PHILOS 512 Methods of Logic Credits: 3
Selected topics in philosophical logic and in the various applications of logic to philosophical problems. Variable content. Prereq: Philos 211 or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 515 Public Health Ethics Credits: 3
Focuses on ethical issues implicated in a population-level approach to disease prevention and health promotion. Explores prominent theoretical approaches to public health ethics and engages with several ethical tensions. Issues discussed can include: the use of coercive or intrusive public health interventions that restrict individual freedom, infringe upon individual privacy, and/or invite individual harm (or risks of harm); the justification of paternalistic measures in societies or sub-populations that seemingly indulge in pleasurable yet unhealthy behaviors; the extent to which societies should hold individuals responsible for their health conditions; the need to decide who receives li
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHILOS 516 Language and Meaning Credits: 3
The nature and function of language, theories of meaning, semantic and syntactic paradoxes, proper names, private languages, rules, and linguistic relativity. Prereq: Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 517 Special Topics in the Philosophy of Language Credits: 3
One or more topics selected from: meaning, understanding, nonsense, ambiguity, speech acts, reference and predication, analyticity, etc. Variable content. Prereq: Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 518 Philosophy of History Credits: 3
Various epistemological and methodological issues relevant to problems of historical knowledge. Prereq: Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 519 Philosophy of Mathematics Credits: 3
The nature of mathematical knowledge and the existence of mathematical entities; with some emphasis on the Logicist, Intuitionist, and Formalist positions. Prereq: Cons inst or Jr st and 3 cr in philos
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 520 Philosophy of the Natural Sciences Credits: 3
Nature and functions of science; the logic of scientific method; clarification of such concepts as cause, law, theory, probability, determinism, teleology. Prereq: Jr st & 3 crs in philos or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 521 Philosophy of the Social Sciences Credits: 3
Problems in applying methods and concepts of science to the study of social behavior. Prereq: 3 cr in philos & Jr st or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 522 Special Topic Credits: 3
Selected from logic of theory construction, theoretical entities, models, applied mathematics, nature of laws, conventionalism, probability, etc. Variable content. Prereq: Prereqs vary according to topic
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 523 Philosophical Problems of the Biological Sciences Credits: 3
Problems raised by genetics, evolutionary theory, and taxonomy: patterns of explanatory force and dispensability of teleology; objectivity of taxonomy. Prereq: 3 cr of philos or 3 cr in a biological science
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
PHILOS 524 Philosophy and Economics  Credits: 3  
Economics examined from the viewpoint of the philosophy of science. Normative and positive aspects of economic theory. Deterministic and statistical explanation. Arrow impossibility theorem. Radical economics. Team taught by a philosopher and an economist. Prereq> Jr st and at least 3 cr in econ or 3 cr in philos  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 526 Philosophy and Literature  Credits: 3  
Analysis of philosophic ideas as embodied in literary works and the relation of these ideas to other aspects of the works such as plot, structure, characterization and language. Discussion of related questions about literature, literary themes, and thematic criticism. Prereq> Jr st & 3 cr in philos  
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 530 Freedom Fate and Choice  Credits: 3  
Readings in Mill, James, Russell, Sartre and others to study the origin of the problem, clarify the issues, and attain a reasonable solution. Prereq> Jr st & 3 cr in philos or cons inst  
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 540 Modern Philosophies of Education  Credits: 3  
Critical comparison of present-day schools of thought on the nature, objectives, and functions of American education. Prereq> Jr st  
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 541 Modern Ethical Theories  Credits: 3  
Ethical theories and problems as discussed in the late nineteenth and twentieth centuries. Prereq> Jr st & 3 cr in philos or cons inst  
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 543 Special Topics in Ethics  Credits: 3  
Intensive study of ethical theory, or of one or more ethical theories or moral philosophers of the present or modern period. Variable content. Prereq> Jr st & 3 cr in philos or cons inst  
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 545 Philosophical Conceptions of Teaching and Learning  Credits: 3  
Examination and analysis of conceptions of teaching and learning in classical philosophical works and in contemporary literature in the philosophy of education. Prereq> Jr st or cons inst  
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 549 Great Moral Philosophers  Credits: 3  
Major themes of moral philosophy, from Plato and Aristotle to Bentham and Mill, with critical study of outstanding works. Prereq> Jr st & 3 cr in philos  
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 550 Philosophy of Moral Education  Credits: 3  
Critical examination of classical and contemporary conceptions of moral education. Prereq> Jr st  
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHILOS 551 Philosophy of Mind  Credits: 3  
Nature of mind (mental states such as thinking and feeling) and its relation to physical states, with emphasis on recent advances in philosophy and psychology. Prereq> Jr st & 3 cr in philos or cons inst  
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 552 Aesthetic Theories  Credits: 3  
Examination of one or more aesthetic theories; consideration of works by such authors as Aristotle, Longinus, Hume, Kant, Schopenhauer, Croce, Santayana, Dewey. Prereq> Jr st & 3 cr in philos or cons inst  
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
PHILOS 553 Aesthetics Credits: 3
Analysis of current philosophies of art and of criticism. Prereq> Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PHILOS 554 Philosophy of the Artificial Sciences Credits: 3
Examination of issues surrounding artificial intelligence and artificial life; discussion of the natures of mind and life; evaluation of competing computational paradigms for modeling mind; analysis of contributions artificial sciences can make to psychology and biology. Prereq> Jr st, 3 cr of philos or cons inst
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PHILOS 555 Political Philosophy Credits: 3
Philosophical doctrines involved in justification of political decisions; analysis of some fundamental concepts, e.g. the common good, authority, justice, natural law, natural rights. Prereq> Jr st & 3 cr in philos or cons inst
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PHILOS 556 Topics in Feminism and Philosophy Credits: 3
Topics from historical and contemporary feminist thought; attention to one or more feminist philosophers, historical movements, philosophical frameworks, or sets of philosophically related issues. Prereq> Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities or Soc Sci L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PHILOS 557 Issues in Social Philosophy Credits: 3
Specific topics in social and political philosophy such as war and peace, property and industry, individualism and collectivism, freedom and justice. Prereq> Jr st & 3 cr in philos or cons inst
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PHILOS 558 Ethical Issues in Health Care Credits: 3
Ethical issues apparently created by new biomedical technologies, such as genetic screening, prenatal diagnosis, prolongation of life, treatment of severe birth defects, in vitro fertilization, behavior modification, psychosurgery, and transplantation. Prereq> Jr st or cons inst
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

PHILOS 559 Philosophy of Law Credits: 3
Nature and function of law, relations between law and morality, logic of legal reasoning, analysis of fundamental concepts and institutions. Prereq> Jr st & 3 cr in philos
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PHILOS 560 Metaphysics Credits: 3
Major problems in metaphysics, such as: existence, universals and particulars, space and time, individuals, categories, substance and attribute, necessity. Prereq> Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PHILOS 562 Special Topics in Metaphysics Credits: 3
An intensive study of one or more topics such as: existence, universals and particulars, space and time, individuals, individuation, categories, substance and attribute, necessity, events and processes. Prereq> Jr st & 3 cr in philos or cons inst
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PHILOS 565 The Ethics of Modern Biotechnology Credits: 3 - 4
Study of ethical issues arising from the application of modern biotechnology to microorganisms, crops, and non-human animals. Readings cover moral theory, technology studies, political philosophy, the science used in biotechnology, and current regulations governing its use. Prereq> Jr st & cons inst
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PHILOS 571 Mathematical Logic Credits: 3
Basics of logic and mathematical proofs; propositional logic; first order logic; undecidability. Prereq> Math 340 or 341 or 375
L&S Breadth: Humanities or Nat Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall
PHILOS 581 Senior Honors Seminar Credits: 3
Prereq> Certif as honors cand, Sr st 12 cr in philos, & 3.2 GPA in philos
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 582 Senior Honors Seminar Credits: 3
Prereq> Sr st, 12 cr in philos, & 3.2 GPA in philos
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 599 Directed Study Credits: 1 - 3
Prereq> Jr or Sr st. Graded on a lettered basis; requires written cons inst & approval of department chairman
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 681 Senior Honors Thesis Credits: 1 - 3
Prereq> Honors cand, consult dept honors adviser
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 682 Senior Honors Thesis Credits: 3
Prereq> Honors cand, consult dept honors adviser
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 690 Senior Seminar in Philosophy Credits: 3
Writing intensive course for senior philosophy majors. The course will require substantial reading and participation in seminar discussions. Prereq> Sr st, philosophy major, cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHILOS 691 Senior Thesis Credits: 3
Prereq> Consult adviser
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 692 Senior Thesis Credits: 3
Continuation of 691. Prereq> Philos 691, consult adviser
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 698 Directed Study Credits: 2 - 3
Prereq> Sr st. Graded on a Cr/N basis; requires written cons inst, approval of dept chairman needed
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 699 Directed Study Credits: 2 - 3
Prereq> Sr st. Graded on a lettered basis; requires written cons inst, approval of dept chairman needed
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHILOS 799 Directed Study Credits: 1 - 3
Prereq> Grad st, written cons inst and dept chairperson
Typically Offered: Occasionally

PHILOS 830 Advanced History of Philosophy Credits: 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

PHILOS 831 Advanced History of Philosophy: Medieval Philosophy Credits: 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

PHILOS 835 Advanced History of Philosophy Credits: 3
Prereq> Grad st and cons inst
Typically Offered: Occasionally

PHILOS 836 Advanced History of Philosophy Credits: 3
Prereq> Grad st and cons inst
Typically Offered: Occasionally
PHILOS 838 Advanced History of Philosophy-Kant  Credits: 3  
Prereq> Grad st & cons inst  
Typically Offered: Occasionally

PHILOS 902 Proseminar in Philosophy  Credits: 3  
Provides the core material (across otherwise diverse specialties) required by all incoming graduate students in philosophy. There will be an emphasis on close reading of texts and writing skills in addition to the content of the course. Prereq> First year graduate stdt status in Philosophy  
Typically Offered: Fall

PHILOS 903 Seminar: Epistemology  Credits: 3  
Prereq> Grad st and cons inst  
Typically Offered: Occasionally

PHILOS 911 Seminar-Logic  Credits: 3  
Prereq> Grad st and cons inst  
Typically Offered: Occasionally

PHILOS 916 Seminar-Philosophy of Language  Credits: 3  
Prereq> Grad st & cons inst  
Typically Offered: Occasionally

PHILOS 920 Seminar-Philosophy of Science: Causation, Explanation & Probability  Credits: 3  
Prereq> Grad st and cons inst  
Typically Offered: Occasionally

PHILOS 930 Seminar-History of Philosophy  Credits: 3  
Prereq> Grad st and cons inst  
Typically Offered: Occasionally

PHILOS 941 Seminar-Ethics  Credits: 3  
Prereq> Grad st and cons inst  
Typically Offered: Occasionally

PHILOS 949 Seminar in Continental Philosophy  Credits: 3  
Prereq> Grad st & cons inst  
Typically Offered: Occasionally

PHILOS 950 Seminar in Philosophy of Education  Credits: 3  
Topics vary. Prereq> Grad st & cons inst  
Typically Offered: Occasionally

PHILOS 951 Seminar-Philosophy of Mind  Credits: 3  
Prereq> Grad st & cons inst  
Typically Offered: Occasionally

PHILOS 953 Aesthetics Seminar  Credits: 3  
Prereq> Grad st and cons inst  
Typically Offered: Occasionally

PHILOS 955 Seminar Social and Political Philosophy  Credits: 3  
Prereq> Grad st and cons inst  
Typically Offered: Occasionally

PHILOS 960 Metaphysics Seminar  Credits: 3  
Prereq> Grad st and cons inst  
Typically Offered: Occasionally

PHILOS 961 Seminar-Philosophy of Religion  Credits: 3  
Prereq> Grad st & cons inst  
Typically Offered: Occasionally
PHILOS 990 Research and Thesis Credits: 2 - 9
Typically Offered: Occasionally

PHILOS 991 Research in Logic Credits: 2 - 9
Prereq> Consult major professor
Typically Offered: Occasionally

PHILOS 992 Research-Philosophy of Science Credits: 2 - 9
Prereq> Consult major professor
Typically Offered: Occasionally

PHILOS 993 Research in Epistemology Credits: 2 - 9
Prereq> Consult major professor
Typically Offered: Occasionally

PHILOS 994 Research in Ethics Credits: 2 - 9
Prereq> Consult major professor
Typically Offered: Occasionally

PHILOS 995 Research-Social and Political Philosophy Credits: 2 - 9
Prereq> Consult major professor
Typically Offered: Occasionally

PHILOS 996 Research in Metaphysics Credits: 2 - 9
Prereq> Consult major professor
Typically Offered: Occasionally

PHILOS 997 Research-Aesthetics Credits: 2 - 9
Prereq> Consult major professor
Typically Offered: Occasionally

PHILOS 998 Research-History of Philosophy Credits: 2 - 9
Prereq> Consult major professor
Typically Offered: Occasionally

PHILOS 999 Independent Work Credits: 2 - 9
Prereq> Cons inst-consult adviser
Typically Offered: Occasionally

PHYSICS

PHYSICS 103 General Physics Credits: 4
Introduction at the non-calculus level. Not recommended for students in the physical sciences and engineering. Principles of mechanics, heat, and sound, with applications to a number of different fields. Two lectures, two discussions, plus one two-hour lab per week. Prereq> Completion of QR-A. High school algebra, geometry and some trig; Not open to those who have taken Physics 201, 207, or 247; Open to Freshman. Recommended for students who do not need a calculus level course; Not recommended for students in the physical sciences and engineering
General Education: QR-B  L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring, Summer

PHYSICS 104 General Physics Credits: 4
Continuation of Physics 103. Principles of electricity and magnetism, light, optics, and modern physics, with applications to a number of different fields. Two lectures, two discussions and one two-hour lab per week. Prereq> Physics 103. Not open to those who have taken Physics 202, 208, or 248; Open to Freshman
L&S Breadth: Physical Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
PHYSICS 107 The Ideas of Modern Physics Credits: 3
For non-science majors. The twentieth century physical world picture and its origins. Selected topics in classical physics: relativity, and the quantum theory with emphasis on the meaning of basic concepts and their broader implications rather than practical applications. Three lectures per week. Prereq > Completion of QR-A. High school algebra & geometry. Not open to students who have taken an intermediate or advanced level physics course. Open to Freshmen
General Education: QR-B L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PHYSICS 109 Physics in the Arts Credits: 3
A course on sound and light for non-science majors. The nature of sound and sound perception; fundamentals of harmony, musical scales, and musical instruments. Studies of light including lenses, photography, color perception, and color mixing. Two lectures and one two-hour lab per week. Prereq > Completion of QR-A. High school algebra & geometry. Not open to students who have had an intermediate or advanced level physics course, including Physics 371. Open to Freshmen
General Education: QR-B L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PHYSICS 115 Energy Credits: 3
A one-semester introduction, focusing on a central concept: energy, energy sources, and the environment. Gives students the necessary physics background to form opinions on energy questions. The physical laws of thermodynamics, electricity, and magnetism, and nuclear physics in connection with energy related topics such as: thermal pollution, fossil power, fission and fusion, nuclear power, and solar power. Two lectures and one discussion per week. Prereq > Completion of QR-A. High school algebra and geometry. Not open to students who have taken Physics 103, 201, 207, or 247.
General Education: QR-B L&S Breadth: Physical Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PHYSICS 198 Directed Study Credits: 1 - 3
Prereq > Cons inst. Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PHYSICS 199 Directed Study Credits: 1 - 3
Prereq > Cons inst. Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PHYSICS 201 General Physics Credits: 5
Primarily for engineering students. Mechanics and heat. Two lectures, two discussions and one three-hour lab per week. Prereq > Math 211 or 221 or 1 year high school calculus or instructor consent. Not open to students who have taken Physics 207 or 247; Open to Freshmen
General Education: QR-B L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PHYSICS 202 General Physics Credits: 5
Primarily for engineering students. Electricity, magnetism, light, and sound. Two lectures, two discussions and one three-hour lab per week. Prereq > Physics 201, 207, or EMA 201 and EMA 202, or EMA 201 and ME 240, or equivalent. Not open to students who have taken Physics 208 or 248
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PHYSICS 205 Modern Physics for Engineers Credits: 3
Introduction to atomic, solid state, and nuclear physics. Prereq > Physcis 202, 208 or 248. Not open to students who have taken Physics 241, 244, or 249
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PHYSICS 206 Special Topics in Physics Credits: 1 - 5
Special topics in physics at the intermediate undergraduate level. Prereq > Prereqs vary according to topic
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally
PHYSICS 207 General Physics Credits: 5
Recommended for those majoring in science or mathematics. Also suitable for others who have the math prerequisite. Mechanics, heat and sound. Two lectures, two discussions and one three-hour lab per week. Prereq> Math 221 or 211 or 1 year high school calculus or instructor consent. Not open to students who have taken Physics 201 or 247; Open to Freshmen
General Education: QR-B  L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHYSICS 208 General Physics Credits: 5
Continuation of Physics 207. Electricity, magnetism, light, and modern physics. Two lectures, two discussions and one three-hour lab per week. Prereq> Physics 201, 207, or 247. Not open to students who have taken Physics 202 or 248; Open to Freshmen
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHYSICS 235 Introduction to Solid State Electronics Credits: 3
An introduction to the physical principles underlying solid-state electronic and photonic devices, including elements of quantum mechanics, crystal structure, semiconductor band theory, carrier statistics, and band diagrams. Offers examples of modern semiconductor structures. Prereq> Open to Fr. Math 222 & Physics 202
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHYSICS 241 Introduction to Modern Physics Credits: 3
Kinetic theory; relativity; experimental origin of quantum theory; atomic structure and spectral lines; topics in solid state, nuclear and particle physics. Experiments for this course are covered in Physics 307. Prereq> Physics 202 or 208 or 248 & Math 222. Not open to students who have taken Physics 205, 244, or 249
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHYSICS 244 Modern Physics (Primarily for ECE Majors) Credits: 3
Quantum mechanics, atomic structure of matter, physical properties of solids, nuclear physics; emphasis on fundamental concepts to aid the student in engineering applications. Prereq> Physics 202 or 208 or 247 & Math 234 or concurrent registration. Not open to students who have taken Physics 205, 241, or 249
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHYSICS 247 A Modern Introduction to Physics Credits: 5
Introduction to physics recommended for students who are considering majoring in physics, astronomy-physics, or AMEP. Also suitable for those majoring in other sciences or mathematics who desire a rigorous physics course. Mechanics, relativity, cosmology. Three lectures, one discussion, and one three-hour lab per week. Prereq> Math 222 or concurrent registration or instructor consent; Open to Freshmen. Intended primarily for physics, AMEP, astronomy-physics majors; Also suitable for those majoring in science or mathematics
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSICS 248 A Modern Introduction to Physics Credits: 5
Continuation of Physics 247. Electricity, magnetism, and topics from thermodynamics, radiation, plasma physics, and statistical mechanics. Three lectures, one discussion, and one three-hour lab per week. Prereq> Physics 247, Math 234 or concurrent enrollment; Open to Freshmen. Intended primarily for physics, AMEP, and astronomy-physics majors
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSICS 249 A Modern Introduction to Physics Credits: 4
Continuation of Physics 248. Modern physics: introduction to quantum mechanics, topics from nuclear and particle physics, condensed matter physics, and atomic physics. Three lectures and one discussion per week. Prereq> Physics 248 & Math 234, or consent of instructor; concurrent registration in Physics 307 required. Not open to students who have taken Physics 241; Open to Freshmen. Intended primarily for physics, AMEP, astronomy-physics majors
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSICS 265 Introduction to Medical Physics Credits: 2
Primarily for premeds and other students in the medical and biological sciences. Applications of physics to medicine and medical instrumentation. Topics: biomechanics, sound and hearing, pressure and motion of fluids, heat and temperature, electricity and magnetism in the body, optics and the eye, biological effects of light, use of ionizing radiation in diagnosis and therapy, radiation safety, medical instrumentation. Two lectures with demonstrations per week. Prereq> A yr crse of college level intro physics
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring
PHYSICS 298 Directed Study Credits: 1 - 3
Prereq: Intro physics and cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHYSICS 299 Directed Study Credits: 1 - 3
Prereq: Intro physics and cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHYSICS 301 Physics Today Credits: 1
A series of weekly presentations and discussions of current research topics in physics, by scientists directly involved in those studies. Provides undergraduates with access to the topics and excitement of the research frontier in a manner not possible in normal subject courses. Prereq: Physics 208 or equiv
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSICS 307 Intermediate Laboratory-Mechanics and Modern Physics Credits: 2
Experiments in mechanics and modern physics, mainly associated with the subject matter of Physics 241 and 311. Prereq: Physics 202 or 208. Physics 205, 241, or 244 or con reg recommended
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSICS 308 Intermediate Laboratory-Electromagnetic Fields and Optics Credits: 2
Experiments in electromagnetic fields and optics, mainly associated with the subject matter of Physics 322 and 325. Prereq: Physics 202 or 208. Physics 205, 241, or 244 recommended. Physics 322 and 325 or con reg recommended
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSICS 311 Mechanics Credits: 3
Origin and development of classical mechanics; mathematical techniques, especially vector analysis; conservation laws and their relation to symmetry principles; brief introduction to orbit theory and rigid-body dynamics; accelerated coordinate systems; introduction to the generalized-coordinate formalisms of Lagrange and Hamilton. Prereq: Physics 202 or 208, & Math 320 or 319 or cons inst
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHYSICS 321 Electric Circuits and Electronics Credits: 4
Direct current circuits, circuit theorems, alternating current circuits, transients, non-sinusoidal sources, Fourier analysis, characteristics of semiconductor devices, typical electronic circuits, feedback, non-linear circuits; digital and logic circuits; three lectures and one three-hour lab per week. Prereq: Physics 202 or 208, & Math 320 or 319 or cons inst
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSICS 322 Electromagnetic Fields Credits: 3
Electrostatic fields, capacitance, multi-pole expansion, dielectric theory; magnetostatics; electromagnetic induction; magnetic properties of matter; Maxwell's equations and electromagnetic waves; relativity and electromagnetism. Experiments for this course are covered in Physics 308. Prereq: Physics 311
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHYSICS 325 Wave Motion and Optics Credits: 3
Wave phenomena with specific applications to waves in media and electromagnetic phenomena. Wave equations, propagation, radiation, coherence, interference, diffraction, scattering. Light and its interactions with matter, geometrical and physical optics. Experiments for this course are covered in Physics 308. Prereq: Physics 205, 241, or 244, and Physics 311. Physics 322 or concurrent enrollment recommended
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSICS 371 Acoustics for Musicians Credits: 3
Intended for music students who wish to learn about physical basis of sound, sound perception, musical scales, musical instruments, and room acoustics. May not be taken by Physics majors to count as physics credit. Prereq: Completion of QR-A, High school algebra. Intended primarily for musicians and others with some music background
General Education: QR-B  L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring
PHYSICS 406 Special Topics in Physics Credits: 1 - 4
Special topics in physics at the advanced undergraduate level. Prereq> Physics 241 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSICS 407 Advanced Laboratory Credits: 2 - 4
Advanced experiments in classical and modern physics, many associated with the subject matter of Physics 415, 448, 449. Possible experiments include beta decay, muon lifetime, nuclear magnetic resonance, Stern-Gerlach atomic beam, Mossbauer scattering, velocity of light, Zeeman effect, and Compton scattering. Techniques for the statistical analysis of experimental data are emphasized. One (two) credit students will typically perform 4 (8) experiments. Prereq> Physics 307 or 308 or cons inst
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSICS 415 Thermal Physics Credits: 3
Thermodynamics, kinetic theory of gases, and statistical mechanics. Prereq> Physics 241, 244, or 205 & 311
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHYSICS 433 Computational Physics Credits: 1 - 3
Addresses a group of fundamental physics problems that are not analytically tractable but are amenable to computational techniques. Also addresses physics data analysis and presentation techniques. The topics will be chosen from classical mechanics, relativistic dynamics, quantum theory of bound state and scattering systems, thermal physics, etc. Prereq> Physics 241, 311, Math 320 or 340 or equiv. Knowledge of computer programming
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHYSICS 448 Atomic and Quantum Physics Credits: 3
First semester of a two-semester senior course. Review of atomic and other quantum phenomena and special relativity; introduction to quantum mechanics treating the more advanced topics of atomic physics and applications to molecular, solid state, nuclear, and elementary particle physics and quantum statistics. Experiments underlying this course are covered in Physics 407. Prereq> Physics 205, 241, or 244, and Physics 311 and 322. Not open to those who have had Physics 531
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSICS 449 Atomic and Quantum Physics Credits: 3
A continuation of 448. Prereq> Physics 448
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSICS 472 Scientific Background to Global Environmental Problems Credits: 3
A one-semester course designed to provide those elements of physics, atmospheric sciences, chemistry, biology and geology which are essential to a scientific understanding of global environmental problems. Specific examples of such problems include global warming, stratospheric ozone depletion, acid rain and environmental toxins. Three lectures per week. Prereq> HS algebra & 1 sem college level chem or physics, or cons inst
L&S Breadth: Physical Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSICS 498 Directed Study Credits: 1 - 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHYSICS 499 Directed Study Credits: 1 - 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHYSICS 501 Radiological Physics and Dosimetry Credits: 3
Interactions and energy deposition by ionizing radiation in matter; concepts, quantities and units in radiological physics; principles and methods of radiation dosimetry. Prereq> Calculus and modern physics
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSICS 505 Topics in Physics Credits: 1 - 3
Discussions of recent research. To be offered as need and opportunity arise. Different sections may be offered simultaneously in two or more areas of physics. May be repeated for credit. Prereq> Cons inst
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
PHYSICS 507 Graduate Laboratory Credits: 2
Students perform typically advanced modern physics experiments and utilize advanced statistical techniques for data analysis. Scientific writing is emphasized and one scientific paper is required. Prereq: Physics 307 or 407 or equiv or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSICS 522 Advanced Classical Physics Credits: 3
Selected topics in classical physics such as vibrations, non-linear mechanics, elasticity, hydrodynamics, acoustics, chaos, and electromagnetic theory. Prereq: Physics 311 and 322 or equiv
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSICS 525 Introduction to Plasmas Credits: 3
Basic description of plasmas: collective phenomena and sheaths, collisional processes, single particle motions, fluid models, equilibria, waves, electromagnetic properties, instabilities, and introduction to kinetic theory and nonlinear processes. Examples from fusion, astrophysical and materials processing processing plasmas. Prereq: One crse in electromagnetic fields beyond elem physics
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHYSICS 527 Plasma Confinement and Heating Credits: 3
Principles of magnetic confinement and heating of plasmas for controlled thermonuclear fusion: magnetic field structures, single particle orbits, equilibrium, stability, collisions, transport, heating, modeling and diagnostics. Discussion of current leading confinement concepts: tokamaks, tandem mirrors, stellarators, reversed field pinches, etc. Prereq: NEEP/Phys/ECE 525 or equiv
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSICS 531 Introduction to Quantum Mechanics Credits: 3
Historical background and experimental basis, de Broglie waves, correspondence principle, uncertainty principle, Schrodinger equation, hydrogen atom, electron spin, Pauli principle; applications of wave mechanics. Prereq: Physics 311 & 322 & a course in modern physics, or equiv, or cons inst. Not open to those who have had Physics 448
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSICS 535 Introduction to Particle Physics Credits: 3
Introduction to particles, antiparticles and fundamental interactions; detectors and accelerators; symmetries and conservation laws; electroweak and color interactions of quarks and leptons; unification theories. Prereq: Physics 531 or equiv
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSICS 545 Introduction to Atomic Structure Credits: 3
Nuclear atom; hydrogen atom; Bohr-Sommerfeld model, wave model, electron spin, description of quantum electron spin, description of quantum electrodynamic effects; external fields; many-electron atoms; central field, Pauli principle, multiplets, periodic table, x-ray spectra, vector coupling, systematics of ground states; nuclear effects in atomic spectra. Prereq: A course in quantum mechanics or cons inst
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSICS 546 Lasers Credits: 2 - 3
General principles of laser operation; laser oscillation conditions; optical resonators; methods of pumping lasers, gas discharge lasers, e-beam pumped lasers, solid state lasers, chemical lasers, and dye lasers; gain measurements with lasers; applications of lasers. Prereq: Physics 322 or ECE 420 or equiv; Physics 545, or 449 or 531
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSICS 547 Atomic Collision with Applications to Gaseous Electronics Credits: 3
Principles of both electron and heavy particle collisions with atom and molecules. These collisions will be illustrated by their use in modeling gas discharges. Prereq: Physics 545
L&S Breadth: Physical Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSICS 551 Solid State Physics Credits: 3
Mechanical, thermal, electric, and magnetic properties of solids; band theory; semiconductors; crystal imperfections. Prereq: A course in quantum mechanics or cons inst
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
PHYSICS 561 Introduction to Charged Particle Accelerators Credits: 3
Charged particle accelerators and transport systems, behavior of particles in magnetic fields, orbit theory, stability criteria, acceleration theory. Applications to different types of accelerators. Prereq> Math 322, EMA 202 or Physics 311, Physics 322 or consent of instructor
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSICS 563 Radionuclides in Medicine and Biology Credits: 2 - 3
Physical principles of radioisotopes used in medicine and biology and operation of related equipment; lecture and lab. Prereq> Physics 205, Physics 241, or Physics 249, or Graduate Standing
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSICS 601 Scientific Presentation Credits: 2
Oral and written reports to give practice in the presentation of scientific papers. Prereq> Grad st or Sr st in the Honors program or cons inst
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSICS 603 Workshop in College Physics Teaching Credits: 1 - 2
Prereq> At least 9 cr in intmd physics
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSICS 619 Microscopy of Life Credits: 3
Survey of state of the art microscopic, cellular and molecular imaging techniques, beginning with subcellular microscopy and finishing with whole animal imaging. Prereq> 2nd semester intro physics including light & optics (e.g. 104, 202, 208) or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSICS 623 Electronic Aids to Measurement Credits: 4
Fundamentals of electronics, electronic elements, basic circuits; combinations of these into measuring instruments. Three lectures and one three-hour lab per week. Prereq> Undergraduates who have 3 semesters of calculus level physics may enroll with consent of instructor
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSICS 625 Applied Optics Credits: 4
L&S Breadth: Physical Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSICS 681 Senior Honors Thesis Credits: 3
Prereq> Consent of instructor. Note that no credit for physics 681 will be received until successful completion of 682. Must be taken as a sequence with 682.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHYSICS 682 Senior Honors Thesis Credits: 3
Prereq> Consent of instructor. Must be taken as a sequence following 681
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHYSICS 691 Senior Thesis Credits: 2 - 3
Prereq> Consent of instructor. Note that no credit for Physics 691 will be received until successful completion of 692. Must be taken as a sequence with 692
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHYSICS 692 Senior Thesis Credits: 2 - 3
Prereq> Consent of instructor. Must be taken as a sequence following 691
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHYSICS 711 Theoretical Physics-Dynamics Credits: 3
Lagrange's equations, Principle of Least Action, orbits and scattering, kinematics of rotation, rigid body dynamics, small oscillations, special relativistic dynamics, Hamiltonian formulation, canonical transformations, Hamilton-Jacobi theory, chaos, continuum mechanics, introduction to general relativity. Prereq> Physics 311 or equiv
Typically Offered: Fall
PHYSICS 715 Statistical Mechanics Credits: 3
Statistical foundations, Liouville's theorem, ensembles, classical and quantum distribution functions, entropy and temperature, connection with thermodynamics, partition functions, quantum gases, non-ideal gases, phase transitions and critical phenomena, non-equilibrium problems, Boltzmann equation and the H-theorem, transport properties, applications of statistical mechanics to selected problems. Prereq> Physics 711, 531 & 415, or equiv
Typically Offered: Fall, Spring

PHYSICS 717 Relativity Credits: 3
Special and general theories of relativity, relativistic electrodynamics, cosmology, unified field theories. Prereq> Physics 721
Typically Offered: Occasionally

PHYSICS 721 Theoretical Physics-Electrodynamics Credits: 3
Electrostatics, magnetostatics, Green functions, boundary value problems, macroscopic media, Maxwell's equations, the stress tensor and conservation laws, electromagnetic waves, wave propagation, dispersion, waveguides, radiation, multipole expansions, diffraction and scattering, special relativity, covariance of Maxwell's equations, Lienard-Wiechert potentials, radiation by accelerated charges. Prereq> Physics 322 or equiv
Typically Offered: Fall, Spring

PHYSICS 722 Advanced Classical Theoretical Physics Credits: 3
Selected topics in dynamics, electromagnetism, or other areas. Prereq> Physics 721
Typically Offered: Occasionally

PHYSICS 724 Waves and Instabilities in Plasmas Credits: 3
Waves in a cold plasma, wave-plasma interactions, waves in a hot plasma, Landau damping, cyclotron damping, magneto-hydrodynamic equilibria and instabilities, microinstabilities, introduction to nonlinear processes, and experimental applications. Prereq> NEEP/ECE/Physics 525 & Physics 721 or ECE 740 or cons inst
Typically Offered: Occasionally

PHYSICS 725 Plasma Kinetic Theory and Radiation Processes Credits: 3
Coulomb Collisions, Boltzmann equation, Fokker-Planck methods, dynamical friction, neoclassical diffusion, collision operators radiation processes and experimental applications. Prereq> Physics, ECE, NEEP 525 & Physics 721 or ECE 740 or cons inst
Typically Offered: Occasionally

PHYSICS 726 Plasma Magnetohydrodynamics Credits: 3
MHD equations and validity in hot plasmas; magnetic structure and magnetic flux coordinates; equilibrium in various configurations; stability formulation, energy principle, classification of instabilities; ideal and resistive instability in various configurations, evolution of nonlinear tearing modes; force-free equilibria, helicity, MHD dynamo; experimental applications. Prereq> NEEP/ECE/Physics 525 & Physics 721 or ECE 740 or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSICS 731 Quantum Mechanics Credits: 3
Schrödinger equation, operator theory, matrix mechanics, transformation theory, Heisenberg representation, orbital angular momentum, bound-state problems, scattering theory, stationary perturbation theory, degenerate systems, time-dependent perturbation theory, Born approximation, other approximation methods. Prereq> Physics 449 or 531, or equiv
Typically Offered: Fall

PHYSICS 732 Quantum Mechanics Credits: 3
Interaction of electromagnetic radiation with matter, quantization of the electromagnetic field, spontaneous transitions, identical particles and spin, addition of angular momenta, tensor operators, complex atoms, Hartree approximation, molecules, Dirac equation, relativistic effects in atoms. Prereq> Physics 721 & 731
Typically Offered: Spring

PHYSICS 735 Particle Physics Credits: 3
Structure of elementary particles, quarks and gluons, introduction to calculational techniques of particle interactions (Feynman diagrams), constituent models of electroweak and strong interactions and associated phenomenological techniques. Prereq> Physics 535, 731 or equiv or cons inst
Typically Offered: Fall
PHYSICS 736 Experimental Methods in Nuclear-, Particle-, and Astrophysics  Credits: 3
Interaction of particles with matter; detector techniques at colliding beam machines, in nuclear and particle physics, astrophysics, and cosmology; experimental strategies in detector design; principles of simulation and Monte Carlo methods, error analysis and statistical techniques in data analysis. Prereq> Physics 535 or cons inst
Typically Offered: Spring

PHYSICS 741 Experimental Nuclear Physics  Credits: 3
Basic properties of nuclei, nuclear forces and energetics; scattering, reaction, radioactivity; nuclear radiations, their interactions with matter and detection. Prereq> Physics 531 or 449
Typically Offered: Occasionally

PHYSICS 742 Theoretical Nuclear Physics  Credits: 3
Theory of nuclear structure, scattering and reaction theory, interpretation of experiments relevant to nuclear forces, beta decay and electromagnetic interactions, nuclear models. Prereq> Physics 731 & 741
Typically Offered: Occasionally

PHYSICS 746 Quantum Electronics  Credits: 3
Elementary aspects of Lagrange theory of fields and field quantization; Bose, Fermi and Pauli operators; interaction of fields; quantum theory of damping and fluctuations; applications to lasers, nonlinear optics, and quantum optics. Prereq> ECE-Physics 546; Physics 721 or ECE 740
Typically Offered: Occasionally

PHYSICS 748 Linear Waves  Credits: 3
General considerations of linear wave phenomena; one dimensional waves; two and three dimensional waves; wave equations with constant coefficients; inhomogenous media; random media. Lagrangian and Hamiltonian formulations; asymptotic methods. Prereq> ECE 440 or Physics 322 or cons inst
Typically Offered: Occasionally

PHYSICS 749 Coherent Generation and Particle Beams  Credits: 3
Fundamental theory and recent advances in coherent radiation charged particle beam sources (microwave to X-ray wavelengths) including free electron lasers, wiggler/wave-particle dynamics, Cerenkov masers, gyrotrons, coherent gain and efficiency, spontaneous emission, beam sources and quality, related accelerator concepts experimental results and applications. Prereq> ECE 740 or Physics 721, or equiv, or cons inst
Typically Offered: Occasionally

PHYSICS 751 Advanced Solid State Physics  Credits: 3
Lattice dynamics; band theory; Fermi surfaces; electrodynamics of metals; optical properties; transport properties. Prereq> Physics 731 and 551 or equiv
Typically Offered: Spring

PHYSICS 752 Many-Body Problems in Solid State Physics  Credits: 3
Introduction to many-body problems in solids: phonons, magnons, homogeneous electron gas, superconductivity, disordered systems. Prereq> Physics 731
Typically Offered: Occasionally

PHYSICS 772 High Energy Astrophysics  Credits: 3
Interactions among the particles, fields, and radiation of interstellar and intergalactic space. Gamma-ray, x-ray, and cosmic ray production, propagation, and detection. Prereq> Physics 721 or 322, basic knowledge of spec relativity, basic diff equations, or cons inst
Typically Offered: Occasionally

PHYSICS 775 Advanced Ultrasound Physics  Credits: 3
Foundations of acoustic wave equations, diffraction phenomena and acoustic beam formation, models for acoustic scattering from discrete structures and inhomogeneous continua, speckle statistics including speckle correlation, applications of these topics in medical imaging. Prereq> Med Phys 575, Physics 311, 322, 325, Math 234, or cons inst
Typically Offered: Occasionally

PHYSICS 799 Independent Study  Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally
PHYSICS 801 Special Topics in Theoretical Physics Credits: 1 - 3
Can be repeated for credit. Prereq> Cons inst
Typically Offered: Occasionally

PHYSICS 805 Special Topics in Physics Credits: 1 - 3
Can be repeated for credit. Prereq> Cons inst
Typically Offered: Occasionally

PHYSICS 815 Advanced Statistical Mechanics Credits: 3
Superconducting and superfluid systems; normal Fermi systems; phase transitions; diagrammatic expansions and Green's functions. Prereq> Physics 715 and 731
Typically Offered: Occasionally

PHYSICS 831 Advanced Quantum Mechanics Credits: 3
Quantum theory of free and interacting fields, formal scattering theory, dispersion theory. Prereq> Physics 732
Typically Offered: Fall

PHYSICS 832 Advanced Quantum Mechanics Credits: 3
Continuation of 831. Prereq> Physics 831
Typically Offered: Spring

PHYSICS 833 Advanced Math in Quantum Field Theory Credits: 3
The use in physics, most specifically nonabelian gauge field theory, of differential forms, homology, cohomology, homotopy, index theorems, fiber bundles, parallel transport, connections, curvature, characteristic classes, moduli space, Morse theory, and assorted other mathematics, is motivated, developed, and illustrated. Prereq> Physics 731, 732 & 831; or cons inst
Typically Offered: Occasionally

PHYSICS 835 Collider Physics Phenomenology Credits: 2 - 3
Typically Offered: Fall

PHYSICS 848 Nonlinear Waves Credits: 3
General considerations of nonlinear wave phenomena; nonlinear hyperbolic waves; nonlinear dispersion; nonlinear geometrical optics; Whitham's variational theory; nonlinear and parametric instabilities; solitary waves; inverse scattering method. Prereq> ECE 748 or cons inst
Typically Offered: Occasionally

PHYSICS 900 Colloquium Credits: 0 - 1
Lectures by staff and visitors. Prereq> Cons inst if taken for 1 cr
Typically Offered: Fall, Spring

PHYSICS 903 Seminar-Theoretical Physics Credits: 0 - 1
Typically Offered: Occasionally

PHYSICS 910 Seminar in Astrophysics Credits: 0 - 1
Current topics. Prereq> Cons inst
Typically Offered: Occasionally

PHYSICS 922 Seminar in Plasma Physics Credits: 0 - 1
Prereq>
Typically Offered: Occasionally

PHYSICS 941 Seminar-Nuclear Physics Credits: 0 - 1
Typically Offered: Occasionally

PHYSICS 943 Seminar-Atomic Physics Credits: 0 - 1
Typically Offered: Occasionally

PHYSICS 951 Seminar-Solid State Physics Credits: 0 - 1
Typically Offered: Fall, Spring
PHYSICS  990 Research  Credits: 1 - 12  Typically Offered: Fall, Spring, Summer

POLITICAL SCIENCE

POLI SCI  100 Freshman Topics Seminar  Credits: 3
An umbrella course to be used to offer a variety of special topics seminars for freshmen. The topic is footnoted whenever the course is offered.  Prereq> Open to Fr only  
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

POLI SCI  103 Introduction to International Relations  Credits: 3 - 4
Explores past and present patterns of political, social and technological change in terms of their contemporary and future implications for international relations.  Prereq> Open to Fr. Not open to stdts who have taken 183, 275 or 375  
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

POLI SCI  104 Introduction to American Politics and Government  Credits: 3 - 4
Basic institutions and processes of American government. The role of constitutional structures, parties, interest groups and elections in the system; policy formation and policy content.  Prereq> Open to Fr. Not open to stdts who have had Poli Sci 182, 184 or 404  
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

POLI SCI  106 Introduction to Comparative Politics  Credits: 3 - 4
Political institutions of major foreign nations, stressing comparison of basic principles and techniques with those of the United States.  Prereq> Open to Fr. Not open to stdts who have had Poli Sci 186  
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

POLI SCI  181 Topics in Political Analysis-Honors  Credits: 3
This course is a freshman/sophomore honors seminar. Topics will vary with the instructor, and will be footnoted in the timetable.  Prereq> Only open to stdts certified in the Honors Prgm  
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

POLI SCI  184 Introduction to American Politics  Credits: 3
Basic institutions and processes of American government. The role of constitutional structures, parties, interest groups and elections in the system; policy formation and policy comment.  Prereq> Only open to Fr & So certified in the honors program. Stdtts may not receive cr for Poli Sci 184 if they have already received cr for Poli Sci 104 or 404  
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

POLI SCI  186 Politics Around the World (Honors)  Credits: 3
Comparison of politics and government in selected countries around the world. Students may not enroll in both Poli Sci 106 and 186.  Prereq> Open only to students in the honors program  
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

POLI SCI  199 Directed Study  Credits: 2
Prereq> Fr & So, written cons inst, prior course in poli sci. Open to Fr  
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

POLI SCI  200 Research Methods in Political Science  Credits: 3
Methods of Political Inquiry introduces students to political science as a discipline by focusing on the development of research questions, research designs, and the quantitative and qualitative tools commonly used to implement research designs.  Prereq> None  
L&S Breadth: Social Science  L&S Level: Elementary  Typically Offered: Fall, Spring

POLI SCI  201 Special Topics in Political Science  Credits: 3
An umbrella and experimental course to be used for a variety of special topics or to try out a proposed course before preparing a full proposal. This course can be repeated by students, but not with the same content.  Prereq> Consent of instructor. Open to Freshmen  
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
POLI SCI 205 Introduction to State Government Credits: 3 - 4
Basic institutions and processes of state government in the United States; the role of parties, pressure groups, and elections in the system; the policy process, its outputs and outcomes; the role of states in the federal system, and the diversity of state politics and policy. Prereq: Previous poli sci course recommended, or cons inst; not to be taken after Poli Sci 405. Open to Fr.
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

POLI SCI 209 Introduction to Political Theory Credits: 3 - 4
Analytical examination of conceptions of politics and the purposes of government, the problems of political obligation deriving from these, with attention to the ideas of crime, punishment and responsibility, political crimes--treason, collaboration, war crimes--and the limits of obligation and forms of dissent. Prereq: Open to Fr. Not open to stdts who have had Poli Sci 185
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

POLI SCI 217 Law, Politics and Society Credits: 3 - 4
Introduction to the legal process. Examination of the various concepts of law, the perennial problems of the law, legal reasoning, and the nature and function of law and the courts. Prereq: Fr & So only
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

POLI SCI 218 Understanding Political Numbers Credits: 3 - 4
How numbers and statistics are used in electoral strategies, political debates and legal proceedings. Presents basic tools of analysis and how to use them. Prereq: Completion of QRA. Open to Fr
General Education: QR-B L&S Breadth: Social Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

POLI SCI 219 Introduction to Public Policy Credits: 3 - 4
Major issues of public policy in such fields as economic management, welfare, education, health, energy and the environment. How public problems develop, approaches to policy-making, why programs succeed and fail. Prereq: Open to Fr
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

POLI SCI 231 Politics in Multi-Cultural Societies Credits: 3 - 4
Race, ethnicity, and religion as political factors; cultural pluralism, politics, and policy in the United States and selected other multi-cultural politics. Prereq: Fr or So st only
Ethnic Studies: Yes L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

POLI SCI 244 Introduction to Southeast Asia: Vietnam to the Philippines Credits: 4
Southeast Asian history, religion, folklore and literatures, educational systems, and politics from the early classical states to contemporary social, literary, and political developments. Prereq: Open to Fr
L&S Breadth: Humanities or Soc Sci L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

POLI SCI 252 The Civilizations of India-Modern Period Credits: 4
Contemporary India society as a joint product of the classical heritage and world-wide movements toward nationalism; social and economic development. Prereq: Open to Fr
L&S Breadth: Humanities or Soc Sci L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

POLI SCI 253 Russia: An Interdisciplinary Survey Credits: 4
Comprehensive interdisciplinary survey of Russian civilization from its beginnings through the present day. Prereq: Open to Fr
L&S Breadth: Humanities or Soc Sci L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Occasionally

POLI SCI 254 Eastern Europe: An Interdisciplinary Survey Credits: 4
Comprehensive interdisciplinary survey of East European culture, society, politics, and literature from its beginnings to the present day. Prereq: Open to Fr
L&S Breadth: Humanities or Soc Sci L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Occasionally
POLI SCI 255 Introduction to East Asian Civilizations Credits: 3 - 4
Multidisciplinary and historical perspectives on the East Asian civilizations of China, Japan, Korea, Tibet and Mongolia from prehistory to the present, including developments in philosophy, economy, governance, social structure, kinship, geography, etc. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

POLI SCI 260 Latin America: An Introduction Credits: 3 - 4
Latin American culture and society from an interdisciplinary perspective; historical developments from pre-Columbian times to the present; political movements; economic problems; social change; ecology in tropical Latin America; legal systems; literature and the arts; cultural contrasts involving the US and Latin America; land reform; labor movements; capitalism, socialism, imperialism; mass media.
L&S Breadth: Social Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

POLI SCI 261 Introduction to Latin American Politics Credits: 3 - 4
An introduction to major themes and approaches in the study of Latin American politics. Emphasizes differences within the region. Prereq> Open to Fr
L&S Breadth: Social Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Occasionally

POLI SCI 267 Introduction to Political Psychology Credits: 3 - 4
Examines the psychological aspects of the political behavior of individuals--whether elites, activists or members of general publics--and their consequent political behaviors in various groups and institutional contexts. Prereq> Open to Fr
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Summer

POLI SCI 271 Introduction to Afro-American Politics Credits: 3 - 4
Survey of the political conditions in Black America. Prereq> Poli Sci 104 recommended
Ethnic Studies: Yes L&S Breadth: Social Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

POLI SCI 274 Political Choice and Strategy Credits: 3 - 4
Within any set of institutions for making social choices, what are the opportunities for the exercise of political strategy? An introduction to decision analysis, strategic interaction, and voting systems and their manipulation will provide a basis for answering this question. Prereq> Completion of QRA. Open to Fr
General Education: QR-B L&S Breadth: Social Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

POLI SCI 277 Africa: An Introductory Survey Credits: 4
African society and culture, polity and economy in multidisciplinary perspectives from prehistory and ancient kingdoms through the colonial period to contemporary developments, including modern nationalism, economic development and changing social structure. Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

POLI SCI 297 African and African-American Linkages: An Introduction Credits: 4
Analysis of retention of African elements in African-American oral, written, and material culture. Social, cultural, and political issues regarding race, self-definition, and self-determination in both Africa and North America will be examined. Prereq> Open to Fr
Ethnic Studies: Yes L&S Breadth: Humanities or Soc Sci L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

POLI SCI 312 Politics of the World Economy Credits: 3 - 4
Power conflict at the international economic level and its impact on the politics of various nations, regions, and interests. Prereq> Jr st & Poli Sci 103, 275 or 375
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

POLI SCI 313 Bargaining in the Global Economy Credits: 3 - 4
This course explores the techniques and outcomes of bargains struck between states, and between states and firms in the global economy. The emphasis is on micro political economy and negotiation/bargaining theory. Prereq> Poli Sci 312, or Econ 364 or 464, or equiv
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring
POLI SCI 316 Principles of International Law  Credits: 3 - 4  
Prereq> Jr st and one course in pol sci or modern history  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

POLI SCI 317 The Politics of Human Rights  Credits: 3 - 4  
Examines the origins and development of human rights in international politics. The course discusses what human rights are, international human rights movements, the international search for justice after mass crimes, and international humanitarian intervention. Prereq> Jr st  
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

POLI SCI 318 The Comparative Study of Genocide  Credits: 3 - 4  
Examines the phenomenon of genocide in the modern world. The class covers the concept of genocide, theories of why genocide occurs, and particular cases in the 20th and 21st centuries. Prereq> Jr st  
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

POLI SCI 319 Terrorism  Credits: 3  
Examines the causes of terrorism, goals and strategies pursued by terrorist groups, the consequences of terrorism, and counterterrorism policies adopted by governments. Prereq> Jr st  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

POLI SCI 331 Latin-American International Relations  Credits: 3 - 4  
United States-Latin American relations with references to social, economic, and political problems. Prereq> Jr st  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI 333 International Politics of the Middle East  Credits: 3 - 4  
Surveys the international politics of the Middle East. Topics to be considered include the international origins of the Middle Eastern states system, inter-Arab politics, the Arab-Israeli conflict; transnational forces. Prereq> Poli Sci 103, 275, or 375  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

POLI SCI 337 International Institutions and World Order  Credits: 3 - 4  
The study of international cooperation and the analysis of regional, functional, and universal regimes and institutions. Prereq> Jr st & Poli Sci 103, 275 or 375  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI 338 The European Union: Politics and Political Economy  Credits: 3 - 4  
Introduction to the history and theory of European integration. Topics include the workings of EU institutions and law, the effect of the EU on national politics and economy, economic politics and policy-making in the EU, the EU as an actor in the world economy. Prereq> Poli Sci 103, 106 (or 186 for honors) or consent of instructor  
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI 342 Japan in the World  Credits: 3 - 4  
Japanese foreign policy in a multi-lateral world; relations with the U.S., Western Europe, China and emerging economies of Asia; the world at large. Prereq> Jr st. Poli Sci 103, 275, 375, 640 or cons inst  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI 346 China in World Politics  Credits: 3 - 4  
Chinese foreign policy as seen from Peking--the need for national security, the desire for revolution; and the impact of China on the rest of the world. Prereq> Jr st  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI 353 The Third World in the International System  Credits: 3 - 4  
This course examines the historical evolution of the Third World in general and North-South relations in specific. Particular attention is addressed to the institutions of colonialism and patterns of post-colonial relations between the First and Third Worlds. Prereq> Jr st & Poli Sci 103, 275 or 375  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
POLI SCI  359 Problems in American Foreign Policy  Credits: 3 - 4  
Persistent problems facing the United States in its search for national security and international stability and progress. Prereq> Jr st & Poli Sci 103, 275 or 375; Poli Sci 104, 184 or 404 recommended  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI  362 African International Relations  Credits: 3 - 4  
Inter-state conflict and cooperation in Africa. Topics include Pan-Africanism, African Union, and regional integration; the international dimensions of regional crises; relations with great powers and with international financial institutions; and the role of non-state actors in international politics. Prereq> Jr st  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI  367 Theories of International Security  Credits: 3 - 4  
Role of alliances in contemporary and historical international political systems. Purpose of alliance formation; reasons for their dissolution; relationship of alliance activity with international war and with political integration. Role of alliances in future international systems. Prereq> Jr st & Poli Sci 103, 275 or 375  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI  371 International Political Economy  Credits: 3 - 4  
Analyzes the interaction of politics and economics in the international arena, both historically and in the contemporary era of globalization. Focuses on international trade, monetary, and financial relations in both developed and developing economies. Prereq> Jr st & Poli Sci 103 & one course in economics; or cons instr; student may not receive credit for Poli Sci 379 and Poli Sci 371  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

POLI SCI  376 Analysis of International Relations  Credits: 3 - 4  
Analysis of international political systems such as balance of power, collective security, deterrence; and the major political processes sustaining those systems, such as threats and violence, bargaining, coalition-formation. The advanced introductory course in the international field. Prereq> Jr st & Poli Sci 103, 275 or 375  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI  377 Nuclear Weapons and World Politics  Credits: 3 - 4  
Covers the origins of nuclear weapons, the reasons states seek them, the strategies developed for their use, the consequences of their development, and efforts to control and reverse their spread. Prereq> Jr st, Poli Sci 103 recommended  
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI  378 Conflict Resolution  Credits: 3 - 4  
Every war comes to an end, but some end sooner than others. This course analyzes why and how conflicts come to an end, discussion relevant theories of conflict and conflict resolution, and important cases. Prereq> Jr st & Poli Sci 103  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI  390 Study Abroad Topics in Political Science: International Relations  Credits: 1 - 4  
An umbrella course for variable credit international relations courses taken on study abroad programs. Prereq> Jr st  
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

POLI SCI  400 Topics in Political Science  Credits: 1 - 4  
An umbrella course for variable credit topic courses, such as summer forum, intensive summer courses, half-semester courses, etc. Prereq> Prerequisites will vary according to topic  
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI  401 Selected Topics in Political Science  Credits: 3 - 4  
This course can be repeated by students, but not with the same content. Prereq> Jr st. Prereq may vary with topic  
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
POLI SCI 405 State Government and Public Policy Credits: 3 - 4
The structure of state government and the politics of public policy-making in the fifty states. Prereq> Jr st with a prev crse in poli sci. Poli Sci 205 recommended
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI 408 The American Presidency Credits: 3 - 4
The President as chief administrative leader, political leader, foreign policy initiator, commander-in-chief, and head of state. Prereq> Jr st & Poli Sci 104, 184 or 404; or cons inst
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI 411 The American Constitution : Powers and Structures of Government Credits: 4
This course undertakes an historical examination of the development of American constitutional thinking about powers and structures of government from the founding era to the present day. Issue that are considered include separation of powers, executive war powers, the powers of Congress, judicial review and the role of courts, and federalism. The course focuses on the development of constitutional law, constitutional politics, and American political development. Prereq> Sophomore standing & Poli Sci 104, 184 or 404
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit  Typically Offered: Fall

POLI SCI 412 Constitutional Law Credits: 3 - 4
Continuation of 411. Prereq> Jr st & Poli Sci 104, 184 or 404. Not open to Grad stdts
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit  Typically Offered: Spring

POLI SCI 414 The Supreme Court as a Political Institution Credits: 3
This course uses a social science approach to analyze theories of judicial decision making and to learn how law is made in a political context. Students will understand how the Supreme Court and justices operate in an interdependent political environment. Prereq> Junior standing; Poli Sci 104 or 217
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit  Typically Offered: Fall

POLI SCI 415 The Separation of Powers and Federal Courts Credits: 3
The goal of this class is to teach students how political institutions create and influence the federal courts. We will examine various concepts such as the creation of courts, the appointment process, jurisdiction, statutory interpretation, legislative encroachment into the judicial process, and other inter-institutional relationships. Prereq> Sophomore standing
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

POLI SCI 417 The American Judicial System Credits: 3 - 4
Structure, process, and personnel of American courts; emphasis on the governmental and political consequences of court decisions for public policy-making. Prereq> Jr st & Poli Sci 104, 184 or 404
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI 420 Administrative Law Credits: 3 - 4
Delegation of powers, elements of fair administrative procedure, judicial control over administrative determination. Prereq> Jr st & Poli Sci 104, 184 or 404; or cons inst
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI 422 Latino History and Politics Credits: 3
Students will examine the historical, social, political, economic, and cultural experiences and conditions of Latinos, the second largest US racial/ethnic minority group. Course focus is on people who trace their origins to Mexico, the Caribbean, and countries of Latin America. Prereq> Jr st
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit  Typically Offered: Fall

POLI SCI 424 American Parties and Politics Credits: 3 - 4
Electoral, organizational, and governmental roles of political parties at national and state levels, with emphasis on changes in response to historical and contemporary circumstances. Prereq> Jr st & Poli Sci 104 or 404; or cons inst
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
POLI SCI 425 Citizenship, Democracy, and Difference Credits: 4
A service-learning course designed to foster enhanced understanding of citizenship and civic engagement. Basic democratic theory, empirical research on political participation, functions and regulation of nonprofit organization. Prereq> So st, & Poli Sci 104 or 404
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

POLI SCI 426 United States Congress Credits: 3 - 4
Principles, procedures and problems of the legislative process of the United States Congress. Prereq> Junior standing & Poli Sci 104, 184 or 404; or consent of instructor
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

POLI SCI 427 Legislative Internship Credits: 3
Practical experience in a legislative office. Policy research. Readings in legislative process. Prereq> Jr st & cons inst. Not open to Grad stdts
L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

POLI SCI 681 Senior Honors Thesis  Credits: 3 - 4
Individual study and research for majors writing theses for honors degree. Prereq> Only Sr majors writing honors thesis & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

POLI SCI 682 Senior Honors Thesis  Credits: 3 - 4
Continuation of 681. Prereq> Only Sr majors writing honors thesis and cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

POLI SCI 683 Senior Honors Thesis Seminar  Credits: 3
A class for honors students writing their senior honors thesis within a seminar format. Focus is on conceptualization, research design, writing of the thesis, and relevant issues of political science. Only senior majors writing honor thesis. Prereq> Enrollment in Honors Progm; Sr st; & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

POLI SCI 684 Senior Honors Thesis Seminar  Credits: 3
A class for honors students writing their senior honors thesis within a seminar format. Focus is on conceptualization, research design, writing of the thesis, and relevant issues of political science. Continuation of 683. Seniors only. Prereq> Enrollment in Honors Progm; Sr st; Poli Sci 683; & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

POLI SCI 685 Honors Research Internship in Political Science  Credits: 1 - 3
The internship program is designed to provide honor students with opportunities to work closely with faculty on research projects of mutual interest. Prereq> Political science major; in honors prgm; cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

POLI SCI 690 Study Abroad Topics in Political Science: Comparative Politics  Credits: 1 - 4
An umbrella course for variable credit comparative politics courses taken on study abroad programs. Prereq> Jr st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

POLI SCI 691 Senior Thesis  Credits: 3
Prereq> Poli Sci or International Relations major, Sr st, cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

POLI SCI 692 Senior Thesis  Credits: 3
Prereq> Poli Sci or International Relations major, Sr st, cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
POLI SCI 698 Directed Study Credits: 1 - 4
Prereq> Jr or Sr st. Graded on Cr/N basis; requires written cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

POLI SCI 699 Directed Study Credits: 1 - 4
Prereq> Jr or Sr st. Graded on lettered basis; requires written cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

POLI SCI 700 Introduction to International Politics Credits: 1
This course is designed to introduce students to the essential theoretical approaches to international politics, to
explore important historical and contemporary questions and debates in international affairs, and to teach
students to think critically about international relations. The course also introduces students to the skills and
methods necessary for successful online learning. Prereq> Only to students admitted to the International Politics
and Practice program
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

POLI SCI 701 American Foreign Policy Credits: 3
The course provides a historical and analytical examination of U.S. Foreign Policy since World War II. The
course is divided into three main topics: (1) the history of U.S. Foreign Policy since World War II, (2) an
examination of the institutions and processes that guide foreign policy formation and implementation, and (3) a
review and analysis of salient foreign policy
challenges facing the U.S. today. Prereq> PS 700 or concurrent registration or consent of instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

POLI SCI 702 International Political Economy Credits: 3
Analyzes the interaction of politics and economics in the international arena, both historically and in the
contemporary era of globalization. Focuses on international trade, monetary, and financial relations in both
developed and developing economies. Prereq> Political Science 700 or concurrent registration or consent of instructor
Typically Offered: Summer

POLI SCI 703 International Organizations and Law Credits: 3
This course is intended to familiarize students with some of the major international organizations (IOs) and
regimes of international law that have a profound effect on patterns of international cooperation and conflict.
Prereq>  Political Science 700 or concurrent registration or consent of instructor
Typically Offered: Summer

POLI SCI 704 International Security Credits: 3
The course is a survey of security studies in international relations. The course is organized by empirical topic,
with a mix of theoretical and empirical readings for most weeks. Topics include arms competition, the causes of
war, war termination, third party intervention and conflict resolution, alliances, crisis bargaining, cooperation,
deterrence, proliferation and terrorism. The emphasis will be on recent work. Prereq>  Political Science 700 or
concurrent registration or consent of instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

POLI SCI 742 International Development Planning Theory Credits: 3
Provides students with a historical and theoretical foundation for critical thinking about international development
planning. Prereq> Grad st or cons inst
Typically Offered: Occasionally

POLI SCI 799 Directed Study Credits: 1 - 4
Directed Study restricted to graduate students. Intended for master's level students. Prereq>  Graduate standing
Typically Offered: Fall, Spring, Summer

POLI SCI 800 Political Science as a Discipline and Profession Credits: 1
Describes and evaluates major approaches used in political science. Explores issues related to professional
development and political science careers. Prereq>  1st yr doctoral stdt in poli sci
Typically Offered: Occasionally

POLI SCI 801 Research and Writing Seminar Credits: 3
Intended for PhD students in political science to develop a seminar or conference paper into a publishable journal
article. Emphasis on editing, revising, and peer feedback. Prereq>  Enrollment in political science PhD program
Typically Offered: Occasionally
POLI SCI  804 Interdisciplinary Western European Area Studies Seminar  Credits: 3
Prereq> Grad st, cons inst
Typically Offered: Occasionally

POLI SCI  812 Introduction to Statistical Methods in Political Science  Credits: 3
Introductory statistics course for Ph.D. students. Emphasis on probability theory, inference, and the foundations of multivariate least squares and maximum likelihood. Prereq> Enrollment in Poli Sci Ph.D. program or cons inst
Typically Offered: Fall

POLI SCI  813 Multivariable Statistical Inference for Political Research  Credits: 3
Extensive treatment of multiple regression and its variants. Prereq> Poli Sci 812 or equiv
Typically Offered: Spring

POLI SCI  814 Social Identities: Definition and Measurement  Credits: 3
Analyzes the concept of social identities with a focus on definition, comparison, and measurement. Explores a range of theories as well as methodological techniques for measurement. Examines classic works on race, ethnic, national, class, gender, and religious identities. Prereq> Grad st
Typically Offered: Fall

POLI SCI  817 Empirical Methods of Political Inquiry  Credits: 3
Acquaints students with a wide variety of research methods used to analyze political phenomena, emphasizing both quantitative and qualitative approaches. Prereq> Graduate standing
Typically Offered: Occasionally

POLI SCI  818 Maximum Likelihood Estimation  Credits: 3
Develops the theory of maximum likelihood estimation and applies it to models for discrete and limited dependent variables common to political and social science data. Prereq> Poli Sci 551 or equiv
Typically Offered: Occasionally

POLI SCI  821 Mass Political Behavior  Credits: 3
An empirical analysis of the role of mass publics in political life and the factors which determine the formation and expression of political beliefs and attitudes. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI  823 Political Psychology  Credits: 3
The relationship between psychological processes and political thinking and behavior. Topics may include the development and functioning of mass and elite level ideology and behavior, political communication, decision-making, perception, and the impact of political experiences on psychological states and processes. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI  825 Race and Politics in the United States  Credits: 3
Analysis of the role of race, class and ethnicity in the political process. Evaluation of theories from political science, economics and sociology. Topics may include policy analysis, political organizations, immigration, political behavior and culture. Prereq> Grad st
L&S Level: Advanced  Typically Offered: Occasionally

POLI SCI  826 The Legislative Process  Credits: 3
Analysis of legislative process and the role of the legislature in the political system, emphasizing current research. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI  827 Interest Groups in American Politics  Credits: 3
The formation, structure, activities and power of interest groups in the United States with comparisons to interest groups in other countries. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI  828 The Contemporary Presidency: Issues and Approaches  Credits: 3
Current topics of research interest on the American presidency. Alternative approaches and methods for the study of the presidency. Prereq> Grad st
Typically Offered: Occasionally
POLI SCI 829 Political Communication Credits: 3
This course examines the role of communication in American politics. Topics covered include the communication of politics (e.g., communication by politics elites, effects of mass media and interpersonal communication on political attitudes) as well as the politics of communications (regulation of political communication, policy issues, etc.). Prereq: Grad st or cons inst
Typically Offered: Occasionally

POLI SCI 830 Constitutional Theory Credits: 3
A review of a variety of modern approaches to constitutionalism and its challenges from a theoretical and comparative perspective. Prereq: Grad st
Typically Offered: Fall, Spring

POLI SCI 831 Concepts in Political Theory Credits: 3
Studies in normative, analytical, or historical thought about politics. Prereq: Grad st
Typically Offered: Occasionally

POLI SCI 833 Topics in Ancient Political Thought Credits: 3
Considers varied topics in Greek, Roman, early Christian and Medieval political theory; topics in non-Western ancient and medieval thought may also be offered. Prereq: Grad st
Typically Offered: Spring

POLI SCI 835 Game Theory and Political Analysis Credits: 3
An introduction to the tools of game theoretic analysis, with reference to the use of game theory in political science. Intended for those desiring a basic familiarity with the theory, and for those planning further work in formal modeling. Prereq: Grad st
Typically Offered: Spring

POLI SCI 836 Formal Models of Domestic Politics Credits: 3
Provides an overview of formal, i.e., game-theoretic, models of domestic politics. This course builds directly upon the material presented in Political Science 835. Prereq: Poli Sci 835; working knowledge of basic differential & integral calculus
Typically Offered: Occasionally

POLI SCI 837 Formal Models of International Relations Credits: 3
Provides an overview of the formal theory literature in international relations, including international security and international political economy. Prereq: Grad st & Poli Sci 835
Typically Offered: Occasionally

POLI SCI 839 Methods of Political Theory Credits: 3
An overview of the central disciplinary approaches to interpreting, teaching, and writing about philosophical texts. Prereq: Grad st
Typically Offered: Spring

POLI SCI 840 Comparative Political Economy Credits: 3
Survey of field of comparative political economy and in-depth study of political economy of democratic and non-democratic capitalist systems. Key themes include: business and labor relations, globalization and its impact on domestic political economies, rise of emergent powers. Prereq: Grad st
Typically Offered: Occasionally

POLI SCI 841 Seminar in International Business and Government Credits: 3
This course examines and critiques evolving business-government relationships especially in advanced industrialized democracies; the effects of globalization on these relationships; varying business-government relationships at national, subnational and international levels. Prereq: Grad st or cons inst
Typically Offered: Occasionally

POLI SCI 853 Comparative Political Institutions Credits: 3
Comparative theoretical and empirical analysis of political institutions, including electoral systems, legislatures, executives, executive-legislative relationships, political parties, party systems, federalism, economic governance, and link between institutions and internationalization. Prereq: Grad st
Typically Offered: Occasionally
POLI SCI 854 Nationalism and Ethnic Conflict Credits: 3
Comparative analysis of nationalism, national identity, and ethnicity and their impact on domestic and international conflict. Examines relationship between nationality, citizenship, and minority rights; territoriality and identity, contemporary religious nationalism; relationship between globalization and nationalism. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 855 Politics and Culture in Comparative Perspective Credits: 3
Scholarly approaches linking cultural phenomena. Both theoretical and empirical patterns of politics and culture in several regions. The course also explores systematic linkages between politics and culture, evaluates common ways of studying them, and assesses their contemporary importance. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 856 Field Seminar in Comparative Politics Credits: 3
A broad introduction to the field of comparative politics. It combines a theory-driven approach with a problem-driven approach to analyze key themes in comparative politics. Four paradigms in comparative politics--structural, cultural, rational-choice and institutional--will be reviewed. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 857 International Relations Theories Credits: 3
Analysis of the major theories on the functioning of the international political system and the behavior of nations within it. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 860 Authoritarianism and Its Aftermath Credits: 3
Analysis of totalitarian and authoritarian regimes: how and why they came about, what sustains them, the reasons they fall, and what comes after. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 861 Challenges of Democratization Credits: 3
Explores the problems of crafting democracies in the broadest comparative perspectives to comprehend the benefit of democracy. Covers democratic drafting in terms of center/federalism, president/parliament, voting systems, party systems, civilian control of the military, etc.; as these relate to particulars of religion, region, language and other communalist identity. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 862 State and Society in Comparative Perspective Credits: 3
Reviews a range of approaches that focus on civil society, social movements, ethnic and religious based mobilization, as well as gender and class based approaches to state-society relations. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 863 The Judicial Process Credits: 3
Analysis of the decision-making processes of judicial institutions and the behavior of judges, litigants, lawyers, and other actors in the judicial process. Strong emphasis on the relationship between judicial and other policy-making institutions and actors. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 864 International Political Economy Credits: 3
Analysis of key classical and contemporary theories in international political economy. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 865 The Supreme Court and the Constitution in American Politics Credits: 3
Analysis of the development of major constitutional doctrines and their impact on politics and public policy in the United States. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 866 Global Environmental Governance Credits: 3
In-depth examination of the political and policy challenges posed by global environmental degradation. Analysis of international institutions for managing the global environment. Prereq> Grad st or cons inst
Typically Offered: Occasionally
POLI SCI 871 Public Program Evaluation Credits: 3
Compares the conceptual, statistical, and ethical issues of experimental, quasi-experimental and non-
experimental designs for program evaluation. Definitions of outcomes, sample size issues, statistical biases in
measuring causal effects of programs, and the reliability of findings will be emphasized using case studies
selected from current public programs. Prereq> Grad st & Pub Affr 818 or equiv, or cons inst
Typically Offered: Occasionally

POLI SCI 872 Institutional Policy Analysis Credits: 3
Analyzes public policy on how political institutions should be structured. Reforms of different branches of
government are assessed through empirical research. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 873 American Political Parties Credits: 3
Reviews major approaches to analyzing political parties and understanding their developmental changes.
Examines the parties in operation and the relationship of parties to the state and society. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 874 Policy-Making Process Credits: 3
An intensive study of policy-making processes involved in the formulation of public policies. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 875 Public Personnel Administration Credits: 3
Analysis of personnel policies and practices in the public sector and examination of patterns of interaction
between political executives, personnel professionals, public employees, and interest groups in the development
of personnel policies. Compares problems and approaches of different countries as well as those of the various
levels of government in the United States. Prereq> Grad st or cons inst
Typically Offered: Occasionally

POLI SCI 878 Public Management Credits: 3
Role of administration in American government; problems of organization, bureaucracy and control; public policy
as the output of the administrative process. Prereq> Grad standing
Typically Offered: Occasionally

POLI SCI 881 American Political Development Credits: 3
Examination of critical transformations in the structure and activities of the U.S. national state; political models of
economic development; periodization versus non-periodization approaches; topics include liberalism and
republicanism, southern exceptionalism, labor, race, populism, war and statebuilding; construction of the
corporate economy. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 885 Advanced Public Management: Craft, Constraints and Accountability Credits: 3
Examines how managers in public and not-for-profit agencies can secure and utilize legal authority, human
resources, and funds to accomplish organizational goals. Includes strategies for establishing and maintaining
effective external relations and for working through other organizations to accomplish objectives. Prereq> Pub
Affr 878
Typically Offered: Occasionally

POLI SCI 890 Federal Budget and Tax Policy and Administration Credits: 3
Focuses on national budget and tax policy and administration, and the parallel processes at the state and local
levels. Included are discussions of: decision-making theories; budget and tax policy; and analysis of normative
and empirical criteria and analytical techniques for assessing alternative policy proposals. Prereq> Grad st or
cons inst
Typically Offered: Occasionally

POLI SCI 900 Topics in Political Science Credits: 1 - 3
An umbrella course for variable credit topic courses, such as colloquia series, workshops, intensive summer
courses, half-semester courses, etc. Prereq> Grad st. Prerequisites will vary according to topic
Typically Offered: Occasionally

POLI SCI 904 Seminar-American Politics Credits: 3
In-depth examination of selected topics on American politics and governmental institutions. Prereq> Grad st
Typically Offered: Occasionally
POLI SCI 905 Seminar-American Public Policy  Credits: 3
Selection of problems and design of research in the study of public policy. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 917 Time Series Analysis  Credits: 3
This course introduces students to time series methods and applications, including ARMA models, error
corrections models and reduced form specifications. Course also discusses co-integration and fractional
integration. Prereq> Grad st & Poli Sci 551 & 552
Typically Offered: Occasionally

POLI SCI 919 Seminar-Advanced Methodology  Credits: 3
Design of research and adaptation of advanced methods to solve particular methodological problems in original
analyses of political data. Prereq> Graduate standing required; prerequisites will vary
Typically Offered: Occasionally

POLI SCI 931 Seminar-Political Theory  Credits: 3
Analysis of and research on problems of theorizing in and about political life. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 933 Feminist Political Theory  Credits: 3
Focuses on how specific schools of feminist thought redefine the political, spanning historical and contemporary
feminist political theory. Prereq> Grad St
Typically Offered: Fall, Spring, Summer

POLI SCI 940 Domestic Politics of International Relations  Credits: 3
Examines how domestic institutions and processes influence the international system. Also examines how
international forces influence domestic politics in the areas of foreign policy, international political economy and
security. Prereq> Poli Sci 857 & Grad st
Typically Offered: Occasionally

POLI SCI 945 Seminar-National Security Affairs  Credits: 3
Contemporary military strategy, the interaction of military and political factors in international politics, and the
processes and content of defense policies, with emphasis on the United States. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 948 Seminar: Topics in Comparative Politics  Credits: 3
Research seminar on specific topics in comparative politics. Prereq> Grad st or cons inst
L&S Level: Advanced  Typically Offered: Occasionally

POLI SCI 949 Seminar-Post Communist Politics  Credits: 3
Comparative study of political processes in the former Soviet Union and communist Eastern Europe states,
focusing on the transition from and the continuing legacies of the communist experience; methodological issues in
the study of post-communist politics. Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 953 Seminar-American Foreign Policy  Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 959 Seminar-International Organization  Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 960 Seminar-International Relations  Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 961 Seminar-African Politics  Credits: 3
Comparative study of political processes in the emerging states of Africa; emphasis on tropical African states with
some consideration to the Mahgreb and Southern Africa; methodological problems in the study of African politics.
Prereq> Grad st & Pol Sci 660 or equiv
Typically Offered: Occasionally
POLI SCI 962 Seminar: Latin-American Politics Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 963 Seminar: Law and Politics Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

POLI SCI 964 Seminar-Design and Process of Survey Research Credits: 3
Presentation of study designs or research in progress by members of seminar, for critiques leading to further
development of project and illustration of research problems in the social sciences. Prereq> Grad st & cons inst
Typically Offered: Occasionally

POLI SCI 967 Seminar: Asian Politics Credits: 3
Prereq> Grad st or cons inst
Typically Offered: Occasionally

POLI SCI 969 Seminar-Trends and Issues in Public Planning Credits: 3
Critical review of recent and current thought on the nature and role of planning in governmental and quasi-
governmental agencies with particular attention to the adverse critics of planning and the issues they raise about
the policy formulation process in public affairs. Prereq> Cons inst
Typically Offered: Occasionally

POLI SCI 982 Interdepartmental Seminar in the Latin-American Area Credits: 1 - 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

POLI SCI 983 Interdepartmental Seminar-African Studies Credits: 3
Interdisciplinary inquiry in African society and culture. Prereq> Grad st or cons inst
Typically Offered: Occasionally

POLI SCI 986 Political Theory Workshop Credits: 1 - 3
Presentation and evaluation of political theory research in progress by members of the workshop and invited
speakers. Prereq> Enrolled in Political Science graduate program or consent of instructor
Typically Offered: Occasionally

POLI SCI 987 Comparative Politics Colloquium Credits: 1 - 3
Presentation and evaluation of comparative politics research in progress by members of the workshop and invited
speakers. Prereq> Enrollment in the Political Science doctoral program or cons inst
Typically Offered: Fall, Spring

POLI SCI 988 International Relations Workshop Credits: 1 - 3
Presentation and evaluation of International Relations research in progress by members of the workshop and invited
speakers. Prereq> Enrollment in the Poli Sci doctoral program or cons inst
Typically Offered: Fall, Spring

POLI SCI 989 American Politics Workshop Credits: 1 - 3
Presentation and evaluation of American politics research in progress by members of the workshop and invited
speakers. Prereq> Enroll in the Political Science doctoral program or cons inst
Typically Offered: Fall, Spring

POLI SCI 990 Research and Thesis Credits: 1 - 3
Prereq> Grad st and cons inst
Typically Offered: Occasionally

POLI SCI 999 Independent Work Credits: 2 - 3
Under the direction of a staff member. Prereq> Grad st & written cons inst
Typically Offered: Occasionally

PORTUGUESE (SPANISH & PORTUG)
PORTUG 101 First Semester Portuguese Credits: 4
Grammar, conversation, and reading. Prereq: Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PORTUG 102 Second Semester Portuguese Credits: 4
Continuation of 101. Prereq: Portuguese 101. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PORTUG 201 Third Semester Portuguese Credits: 4
Prereq: Portuguese 102. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PORTUG 202 Fourth Semester Portuguese Credits: 4
Continuation of 201. Prereq: Portuguese 201. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PORTUG 207 Portuguese for Business Credits: 4
A second year Portuguese language course focusing on needs specific to business. Prereq: Portuguese 101/102 or 301 or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PORTUG 221 Introduction to Luso-Brazilian Literatures Credits: 4
Reading, discussion, literary history. Sixteenth, nineteenth and twentieth centuries. Prereq: Portuguese 202 or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

Prereq: Graded on a lettered basis; requires cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PORTUG 301 Intensive Portuguese Credits: 4
Prereq: Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PORTUG 302 Intensive Portuguese Credits: 4
Prereq: Portuguese 301
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PORTUG 311 Fourth Year Composition and Conversation Credits: 3
Advanced oral practice and writing. Prereq: Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PORTUG 312 Fourth Year Composition and Conversation Credits: 3
Continuation of 311. Prereq: Portuguese 311
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
PORTUG 330 History of the Portuguese Language Credits: 3
An introduction to the linguistic sources and the historical and political factors that contributed to the formation of Portuguese and the current status of Portuguese in the world today. Prereq> Portuguese 311 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PORTUG 337 Readings in Old Portuguese Texts Credits: 3
A detailed study of problems in phonology, morphology, and syntax encountered in medieval Portuguese texts. Prereq> Portuguese 335
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PORTUG 361 Portuguese Civilization Credits: 3
Lecture, readings and class discussion. Prereq> Open to all undergrads
General Education: COM B  L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PORTUG 362 Brazilian Civilization Credits: 3
Continuation of 361. Prereq> Portuguese 225/226 or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PORTUG 363 Historical and Cultural Traditions of Portugal Credits: 2
Prereq> Portuguese 363 or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PORTUG 364 Historical and Cultural Traditions of Brazil Credits: 2
Prereq> Portuguese 363 or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PORTUG 411 Survey of Portuguese Literature before 1825 Credits: 3
Advanced survey of Portuguese literature from 1140 to 1825. Prereq> Portuguese 221 & 311/312 or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PORTUG 412 Survey of Brazilian Literature before 1890 Credits: 3
Advanced survey of Brazilian literature from 1500 to 1890. Prereq> Portuguese 221 & 311/312 or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PORTUG 413 Portuguese Poetry Credits: 3
Portuguese poetry. Prereq> Portuguese 411 or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PORTUG 414 Brazilian Poetry Credits: 3
Brazilian poetry. Prereq> Portuguese 412 or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PORTUG 429 Introduction to the Romance Languages Credits: 3
Introduction to structural similarities and differences apparent in major Romance languages (French, Italian, Portuguese, Spanish) and to their historical developments, with reference to basic linguistic features of each language: phonology, morphology, syntax, and lexicon. Does not count towards French major. Prereq> Span 226 or Portug 226 or French 228 or Ital 311, or cons inst
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PORTUG 446 Modern Portuguese Novel Credits: 3
Prereq> Portuguese 412
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PORTUG 450 Brazilian Women Writers Credits: 3
A survey of representative writing by contemporary Brazilian women writers in relation to representations of nationality, race, class, ethnicity, gender and sexualities. Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PORTUG 451 Lusophone African Literature Credits: 3
Chronological and thematic survey of major trends, authors, and works of Lusophone Africa since 1936. Prereq> Portuguese 221 & 311/312 or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
PORTUG 460 Carmen Miranda  Credits: 3
This course examines the work, representation and interpretation of Carmen Miranda from her early days as a radio star in Brazil to a film actress and entertainer in Hollywood in the 1940s and 50s. Prereq> Jr st or cons inst
Ethnic Studies: Yes L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PORTUG 467 Survey of Portuguese Literature since 1825  Credits: 3
Advanced survey of Portuguese literature since 1825. Prereq> Portuguese 221 & 311/312 or cons inst
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

PORTUG 468 Survey of Brazilian Literature since 1890  Credits: 3
Advanced survey of Brazilian literature since 1890. Prereq> Portuguese 221 & 311/312 or cons inst
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

PORTUG 469 Modern Brazilian Novel  Credits: 3
Outstanding contemporary Brazilian novelists. Prereq> Cons inst
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PORTUG 599 Topics in Portuguese: Study Abroad  Credits: 1 - 6
A course carried with a UW-Madison Study Abroad Program which has no equivalent on this campus. Prereq> Current reg in a UW-Madison study abroad prog
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PORTUG 640 Topics in Luso-Brazilian Literature  Credits: 3
Prereq> Portuguese 221 & 311/312 or cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PORTUG 642 Topics in Luso-Brazilian Culture  Credits: 3
Examines a variety of cultural topics in relation to Portuguese-speaking countries. Prereq> Portug 311 or cons inst
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PORTUG 681 Senior Honors Thesis  Credits: 3
Prereq> Cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

PORTUG 682 Senior Honors Thesis  Credits: 3
Prereq> Cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

PORTUG 699 Directed Study  Credits: 1 - 6
Prereq> Sr st. Graded on a lettered basis; requires cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PORTUG 707 Portuguese M.A. Proseminar  Credits: 1
This course is designed to give new graduate students essential training in bibliography and research methods as well as exposure to faculty in the areas of Portuguese, Brazilian, and Lusophone African literature and linguistics. Prereq> Acceptance in the Portuguese M.A. program at UW-Madison
Typically Offered: Occasionally

PORTUG 751 Seminar: Brazilian Literature  Credits: 3

Typically Offered: Occasionally

PORTUG 771 Seminar-Portuguese Literature  Credits: 3
Prereq> Grad st
Typically Offered: Occasionally
PORTUG 772 Seminar: Portuguese Literature Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

PORTUG 817 Romance Philology Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

PORTUG 899 Independent Reading Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PORTUG 982 Interdepartmental Seminar in the Latin-American Area Credits: 1 - 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

PORTUG 990 Thesis Credits: 1 - 12
Credit commensurate with work accomplished.
Typically Offered: Occasionally

PSYCHOLOGY

PSYCH 160 Human Sexuality: Social and Psychological Issues Credits: 3 - 4
Biological, psychological and sociological aspects of sexual relationships and behavior. The course presents theoretical and empirical materials on sexuality throughout the life-course, including childhood, adolescence, adulthood, and later life. Attention is given to gender, religion, education and the law as they relate to sexual expression in society. Prereq> None
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 201 Introduction to Psychology Credits: 4
Behavior, including its development, motivation, frustrations, emotion, intelligence, learning, forgetting, personality, language, thinking, and social behavior; lectures and discussions. Prereq> Open to Fr or So st only. Students may not receive credit for both Psych 201 & 202
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 202 Introduction to Psychology Credits: 3
Same as Psych 201 without discussion section. Prereq> Open to Fr. Students may not receive credit for both Psych 201 & 202
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 210 Basic Statistics for Psychology Credits: 3
Measures of central tendency, variability; probability, sampling distributions; hypothesis testing, confidence intervals; t-tests; Chi-square; regression and correlation (linear) and introduction to analysis of variance (1-way). Prereq> Completion of QRA; Psych 201 or 202 or 281 or con reg
General Education: QR-B  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 211 Freshman Seminar in Psychology Credits: 3
The course will introduce students to research methods, theories, findings and current controversies in a focused area of psychology. See Timetable for topics. Prereq> Open to Fr
L&S Breadth: Natural Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 225 Research Methods Credits: 4
General characteristics of scientific method; use of experimental, observational, and correlational research designs; research methods used in psychological science; illustration of core issues in research methods taken from several areas of psychology; lecture, demonstration, and experiments. Prereq> GPA of at least 2.75 in Psych 202 & 210 or their equivalents
General Education: COM B  L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
PSYCH 280 Honors Basic Statistics for Psychology Credits: 4
Prereq> Completion of QRA; 201 or 202 & honor stdt or cons inst
General Education: OR-B L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit
Typically Offered: Spring

PSYCH 281 Honors Course-Introduction to Psychology Credits: 4
Prereq> Open to Fr
L&S Breadth: Social Science L&S Level: Elementary L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring, Summer

PSYCH 285 Honors Course - Research Methods Credits: 4
General characteristics of scientific method; use of experimental, observational, and correlational research designs; research methods used in psychological science; illustration of core issues in research methods taken from several areas of psychology; lecture, demonstration, and experiments. Prereq> Combined GPA of at least 2.75 in Psych 201, Psych 202, or Psych 281 and Psych 210 and must be in an Honors Program, or consent of instructor
General Education: COM B L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit
Typically Offered: Occasionally

PSYCH 310 Topics in Psychology: Study Abroad Credits: 1 - 6
A course carried with a UW-Madison Study Abroad Program which has no equivalent on this campus. Prereq> Current reg in a UW-Madison study abroad prog
L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring

PSYCH 311 Issues in Psychology Credits: 1 - 4
Topics vary with the instructor. Survey of topical issues. May be repeated. Prereq> Psych 201 or 202 or 281 or consent of instructor
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring, Summer

PSYCH 315 Industrial Psychology Credits: 3
Psychological techniques applied to job analysis, fatigue, motion, selection and placement of workers, training, and safety in industry. Prereq> Psych 201 or 202 or 281
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit
Typically Offered: Occasionally

PSYCH 325 Experimental Psychology for Graduate Students Credits: 4
Experimental research techniques and methodology as applied to various areas of psychology; lectures, lab experiments. Grad level of 225. Prereq> Grad level of Psych 225.
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring

PSYCH 349 Introduction to Human Factors Credits: 3
Design for people-machine interaction, including an introduction to the relevant underlying human sciences. Theory, data, and measurement problems in human information processing, anthropometry, training and industrial safety. Laboratories, discussions, and a design project. Prereq> Intro probability or statistics
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring

PSYCH 350 Human Sexuality Credits: 4
Provides an interdisciplinary introduction to biological, psychological, and sociological aspects of human sexuality.
Prereq> Sophomore standing or consent of instructor. Not open to students who have taken Soc/Psych 160
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring

PSYCH 354 Human Neuropsychology: Cognition and the Brain Credits: 3
This course in an introduction to human neuropsychology. It includes a brief overview of neuroanatomy and basic clinical neuropsychology, but the emphasis is on cortical function and cognitive behaviors such as language, memory, emotion, and visuospatial perception. Prereq> So st; Psych 202 or equiv
L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring

PSYCH 386 Topics in Psychology for Honors Students Credits: 1
Current topics for honors students in psychology. Faculty will lead lecture/discussions about a wide range of topics such as child development, clinical psychology, perception, physiological psychology, and human learning.
Prereq> 6 cr in psych, incl Psych 201/202 and So st or cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit
Typically Offered: Fall, Spring
PSYCH 399 Service Learning in Psychology Credits: 1 - 4
An independent study course to provide students with opportunities to gain experience in community service work relevant to psychology. Prereq> So st, one Level II crse in psych, & cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PSYCH 402 Literacy, Brain and Behavior Credits: 3
Behavioral and neural bases of reading. Research from psychology and cognitive neuroscience about the mechanisms and types of knowledge that support reading. Relation between reading and other aspects of cognition. Prereq> Psych 201 or 202 or 281
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

PSYCH 406 Psychology of Perception Credits: 3 - 4
Survey the current knowledge about how the brain creates our conscious experience of a surrounding world and of our own bodies. We will consider contributions from various approaches, including neuropsychology, psychophysics, computer simulations, perceptual illusions, and patient studies. Prereq> Psych 201 or 202 or 281; and Zoology 101 and 102 or Zoology 151 and 152 or Biocore 301-304
L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PSYCH 408 Psychology of Human Emotions Credits: 3
Influence of emotions on goals, customs, interests, learning, reasoning, and behavior problems in children and adults. Prereq> 12 cr of psych
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PSYCH 409 Psychology of Motivation Credits: 3
Development of motives in childhood, group attractions and pressures, special problems of motivation in industry and advertising, general problems of physiological basis of motives, changing of motives, conflict. Prereq> Psych 210 or equiv
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PSYCH 410 Intermediate Statistics for Psychology Credits: 3
Principles of psychological measurement and test theory, including reliability, validity, and test construction. Introduction to correlation, multiple regression, factor analysis, and other data analytic principles. Prereq> Previous statistics course
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PSYCH 411 Current Topics in Psychology Credits: 3
May be repeated. Prereq> Psych 225 & appropriate content course
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PSYCH 412 Field Experience in Psychology Credits: 3
Provides an opportunity for students to gain practical experience in the application of psychology in an organization serving social, mental health, educational, biological psychology, developmental, or industrial/organizational interests. Readings and discussions in the application of psychology will be required. Prereq> Major in psych must be declared. Individual courses may be required for some placements
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PSYCH 413 Language, Mind, and Brain Credits: 3
Cognitive processes and brain mechanisms underlying language use. Topics include language acquisition, production, comprehension, bilingualism, human vs. computer speech perception, reading and dyslexia, human language vs. animal communication, aphasia and other language impairments, and the relationship between language and thought. Prereq> Psych 201 or 202 or 281
L&S Breadth: Social Science L&S Credit: Counts for LAS credit Typically Offered: Spring

PSYCH 414 Cognitive Psychology Credits: 3
The course attempts to answer questions about how people perceive, learn, remember, plan, solve problems, make decisions, and communicate. Although the main approach is psychological, we will also consider contributions from computer science, linguistics, and neurobiology. Prereq> Psych 201 or 202 or 281; and Zoology 101 and 102 or Zoology 151 and 152 or Biocore 301-304
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer
PSYCH 416 Introduction to Mathematical Models of Psychological Processes  Credits: 3  
Elementary theories and mathematical models of human behavior including signal detection, visual processing, memory, learning, concept formation, decision making, choice behavior, and social interactions. Prereq> Psych 225 or Comp Sci 302 or cons inst  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 417 Thinking and Problem Solving  Credits: 3  
Experimental results, theoretical issues, and methodological problems in concept formation, problem solving, and thinking and reasoning. Prereq> Psych 225 or cons inst  
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 421 Psychology of Language  Credits: 3  
Cognitive processes underlying language use with particular emphasis on the comprehension of fluent language under everyday conditions. Prereq> Psych 225 or cons inst  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 430 History of Psychology  Credits: 3  
Theoretical and systematic psychology as represented by British empiricism, structuralism, functionalism, dynamic psychology, behaviorism, gestalt psychology, and psychoanalysis; implications for current trends in theory and systems. Prereq> Psych 225 or cons inst  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 431 Modern Viewpoints in Psychology  Credits: 3  
Current theories and developments in the field. Topics will span all areas of psychology. Current research and applications to human behavior. Recent changes in the field and how they have evolved will be considered. Prereq> Psych 225 or cons inst  
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 449 Animal Behavior  Credits: 3  
Evolutionary and physiological mechanisms of animal behavior including aggressive, reproductive, communicative, and social behaviors, behavioral development. Prereq> Psych 201 or 202 or 281, and either Zool 101 or Zool 151/152 or Biocore 301  
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 450 Animal Behavior-The Primates  Credits: 3  
Evolution from monkey to humans of intelligence, social behavior, emotion, growth, and bodily structure. Prereq> Psych 201 or 202 or 281 or cons inst  
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 451 Laboratory in Animal Behavior  Credits: 2  
Laboratory and field observation techniques of animal behavior with emphasis on the normal behavior of animals. Research methods and use of research equipment; development of independent project. Prereq> Psych 449 or Zool 530 (or con reg) Not to be taken by stdts who have enrolled in Psych 452  
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 454 Behavioral Neuroscience  Credits: 3  
Physiological mechanisms determining reflex action, emotions, locomotion, motor skills, thinking and language, effects of drugs, internal secretions, and neural lesions on behavior. Prereq> Psych 201 or 202 or 281; Zoo 101/102 or Zoo/Bot 151/152 or Biocore 301; con reg in Psych 455  
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
**PSYCH 455 Laboratory in Behavioral Neuroscience** Credits: 1
Introduction to research techniques and experimental methods of physiological psychology. Emphasis on the surgical, histological and electrophysiological techniques for studying the neural mechanisms of behavior.
Prereq> Psych 201 or 202 or 281; Zoo 101/102 or Zoo/Bot 151/152 or Biocore 301; con reg in Psych 454
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

**PSYCH 481 Honors Seminar in Cognitive Psychology** Credits: 1 - 2
Students will read and discuss the professional literature in selected areas of cognitive psychology and cognitive science more generally. There will be opportunities to conduct library research, laboratory research, or construct computer simulations of cognitive processes. Prereq> Cons inst, enrollment in honors program, con reg in Psych 414
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

**PSYCH 482 Literacy, Brain and Behavior - Honors** Credits: 1
Advanced study of behavioral and neural bases of reading. Research from psychology and cognitive neuroscience about the mechanisms and types of knowledge that support reading. Relation between reading and other aspects of cognition. Prereq> Psych 201 or 202 or 281 & con reg in Psych 402
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

**PSYCH 483 Honors-Language, Mind, and Brain** Credits: 1
Cognitive processes and research methods used to study language. Students will read and discuss professional literature in the areas of language acquisition, production, comprehension, bilingualism, the relationship between language and thought and other topics. Emphasis on brain bases of language. Prereq> Cons inst, enrollment in honors progm, con reg in Psych 413
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

**PSYCH 484 Honors-Behavioral Neurosciences** Credits: 4
Physiological mechanisms and research methods used to study motor behavior; sensation and perception; complex motivated behaviors such as reproduction, eating, and sleep; learning; language; emotion; and psychopathological and neurological disorders. Prereq> Psych 201, 202 or 281; Zoo 101/102 or Zoo/Bot 151/152 or Biocore 301; con reg in Psych 485
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

**PSYCH 485 Honors Laboratory in Behavioral Neuroscience** Credits: 1
Honors-level course for introduction to research techniques and experimental methods of behavioral neuroscience. Emphasis will be on introduction to neuroanatomy and histological and electrophysiological techniques used in the study of the neural basis of behavior. Prereq> Psych 201 or 202 or 281; Zoo 101/102 or Zoo/Bot 151/152 or Biocore 301; con reg in Psych 484
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

**PSYCH 486 Honors: Psychology of Perception** Credits: 1
Students will read and discuss the professional literature in selected areas of perceptual sciences. There will be opportunities to conduct library and laboratory research, or construct computer simulations of perceptual processes. Prereq> Cons inst, enrollment in honors program, con reg in Psych 406
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

**PSYCH 487 Honors Seminar in Psychology of Motivation** Credits: 1
This course will cover the fundamentals of the psychology of motivation. The course is an honors seminar intended to supplement the lecture course, Psychology of Motivation. It will allow students to delve more deeply into issues presented in lecture and to read and evaluate empirical and theoretical articles that are important in motivation. Prereq> Psych 201, 202, or 281; cons inst; & con reg in Psych 409
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

**PSYCH 488 Honors Psychology of Human Emotions** Credits: 3
An examination of five theoretical approaches to emotion. Study of facial expression, physiology, appraisal, and the lexicon of emotion as well as some cross cultural factors. Prereq> Honors stdt; Psych 201 or 202 or 281
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

**PSYCH 489 Honors Animal Behavior** Credits: 4
Honors course on the mechanisms and function of behavior of animals and the relationship between behavior of human and nonhuman animals. Prereq> Psych 202 or 281 or Zool 101-102 or Zool 151-152
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
PSYCH 501 Depth Topic Credits: 4
Provides an in-depth treatment of a specific topic in psychology, in a format that includes both lecture and
discussion. Prereq> Psych 201, 202, 281 or equiv; and other relevant course(s) depending on topic and
instructor preference
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PSYCH 502 Cognitive Development Credits: 4
Covers the basics of cognitive development during childhood. Topics include theoretical approaches to cognitive
development; perceptual, language, memory, and conceptual development; social cognition; problem solving, and
academic performance. Prereq> Psych 201, 202, 281, or equiv; and either Psych 406, 413, 414 or 560
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

PSYCH 503 Social Development Credits: 4
Explores how infants and children perceive, think about, and interact with the social world. Topics include theory
of mind, emotions, early social relationships, peer influences, morality and pro-social behavior, aggression, and
social categorization. Prereq> Psych 414, 449, 450, 528, 530 or 560
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

PSYCH 504 Affective Neuroscience Credits: 4
Focuses on the neural basis of emotion, including how the brain analyzes incoming sensory information,
categorizes its motivational value, and initiates an ecologically appropriate response. Prereq> Psych 201, 202,
281, or equiv; and either Psych 406, 413, 414, 454, or 530
L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

PSYCH 506 Advanced Topics in Perception Credits: 3
Topics vary with the instructor. Included: auditory localization; speech perception; perceptual invariance and
adaptation; temporal and spatial factors in brightness, contour, and color perception; developmental aspects of
perception; psychophysics of vision; philosophical issues in perception. Prereq> Psych 406 or 486 or cons inst
L&S Breadth: Biological Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PSYCH 507 Psychology of Personality Credits: 3
Organization and development of the personality. Prereq> Psych 201 or 202 or 281
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PSYCH 508 Psychology of Human Emotions: From Biology to Culture Credits: 4
Emotional experience affects and defines every facet of our life, but it seems mysterious and unsuitable for
scientific inquiry. This course shows how and why Emotion is not unsuited to scientific research. The Psychology
of Human Emotion provides an in-depth examination of research from all sub-disciplines of the field of
Psychology. This includes neuroscience and the biological bases of behavior, questions of the developmental
curve for emotional phenomena and the relationship between feeling and thinking, all the way to the study of
social groups and culture. Readings and discussion attempt to integrate existent theory and research and apply
their implications to the individual, the group
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PSYCH 509 Abnormal Psychology Credits: 3
A survey of the psychology of abnormal behavior; nature and social/biological origins of neurotic, psychotic, and
other behavioral abnormalities. More general coverage of behavior pathology than Psych 511 or 512. Prereq>
Psych 201 or 202 or 281
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

PSYCH 511 Behavior Pathology: Neuroses Credits: 3
The nature, origins, assessment and treatment of neurotic, characterological, and psychosomatic behavioral
abnormalities and psychopathology in adults and children. Prereq> Psych 201 or 202 or 281. Those who take
511 may not receive credit for 509
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer
PSYCH 512 Behavior Pathology-Psychoses Credits: 3
The nature, origins, assessment and treatment of psychotic and organic behavioral abnormalities; emphasis on the experimental analysis of Psychopathology. Prereq> Psych 201 or 202 or 281 & 509 or 511
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 514 Neurodevelopmental Disorders Credits: 3
Students will read, discuss, and present contemporary literature describing theories of neurodevelopmental disorders and delays, as well as associated research methods. The focus will be on language, cognition, social skills, and memory for several populations, including those with dyslexia, autism, Fragile-X syndrome, Down syndrome, and Williams syndrome. Prereq> Psych 225 and appropriate content course
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 515 Development of Memory in Children Credits: 3
Developmental memory research from infancy through the middle school years. Discussion of theoretical and methodological issues and applications. Prereq> Psych 225 and appropriate content course
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 517 Introduction to Clinical Psychology Credits: 3
Methods, rationale, and empirical foundations of clinical psychology. Emphasis is on therapy and behavior modification. Intended for advanced undergraduate majors and non clinical graduate students. Prereq> Psych 225 & appropriate content course; Psych 509, 511 or 512 strongly recommended
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 520 How We Read: The Science of Reading and Its Educational Implications Credits: 4
Reading is one of the most advanced expressions of human intelligence, involving language, vision, memory, learning, thinking and other capacities. This course is an in-depth introduction to scientific studies of reading, which examine how reading relates to spoken language, how people learn to read, the processes involved in skilled reading, the causes of reading impairments (dyslexia), and the brain bases of reading. The course will also examine whether this science can help to address America's literacy problem. Many people (about 30% of the population) are unable to read or read poorly. How can reading science be brought to bear on this problem, which is of enormous importance to both t
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 521 The Structure of Human Thought: Concepts, Language and Culture Credits: 4
This class will take you on a tour of how humans conceptualize the world, focusing on the role of language in thought. We will begin by discussing the evolution of language and how it relates to other communication systems used by humans and nonhuman animals. We will then discuss the relationship between language, culture, and cognition in domains as varied as mathematics, visual perception, spatial navigation, and theory of mind. In the process, we will tackle questions such as: What is the role of language in making us human? Can speaking a particular language allow the speakers to better adapt to their environment? Can we create new languages to improve human thought? We will also address
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 522 Psychology of Women Credits: 3
Examination of theories and research on the psychology of women. Explores topics such as the biological and cultural bases of the psychology of women; psychological aspects of female sexuality and reproduction; violence against women; female achievement and power; lifestyle choices of women; and women and mental health. Prereq> So st; Women St 102, 103 or 430; & a course in psych; or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 523 Neurobiology Credits: 3
Basic mechanisms in cellular neurophysiology: electrophysiology and chemistry of nerve signals, mechanisms in integration, simple nervous pathways and their behavioral correlates. Prereq> Biocore 323 or Zool 151/152 or Zool 101 plus an additional zool crse & a yr each of chem & physics
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall
PSYCH 524 Neurobiology II: An Introduction to the Brain and Behavior Credits: 3
An introduction to studies of the human nervous system covering neuroanatomy of the brain, neuronal coding, sensory and motor systems, biological rhythms, arousal, attention, physiological regulation, reward, aversion, learning and memory. Prereq> Zool 523, equiv crse in physiol, or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PSYCH 526 The Criminal Mind: Forensic and Psychobiological Perspectives Credits: 4
Criminal behavior is an extremely common and costly problem for society. The goal of the course is to provide an in-depth understanding of criminal psychology and the relevant forensic and psychobiological processes in the field. Prereq> One of the following courses, Psych 507, Psych 509, Psych 511, Psych 512, or Psych/Soc 530
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 528 Introduction to Cultural Psychology Credits: 3
Cultural underpinning of psychological processes. The course will cover cultural influences on a wide range of psychological processes, including self-perception, motivation, relationship, cognition and perception, and will also deal with acculturation, within-cultural differences and cultural stability and change. Prereq> Psych 201 or 202 or 281
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PSYCH 530 Introductory Social Psychology Credits: 3 - 4
The systematic study of the individual in a social context, including social interaction, motivation, attitudes, conformity, communication, leadership, personal relationships, and behavior in small groups. Prereq> Sophomore standing and one of: Intro Soc course (Soc 140, 181, 210, or 211), Psych 201, Psych 202, Psych 281, or Anthro 100. Graduate students must have consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 532 Psychology and Law Credits: 3
Psychological research in legal settings. Decision making and decision makers in the legal system, dangerousness, the insanity defense, eyewitness reliability, the jury, punishment, deterrence, social scientific evidence, regulation of psychologists. Prereq> Psychology 201 or 202 or 281 or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 534 Industrial Social Psychology Credits: 3
The influence of different leadership styles, norms and standards and other social psychological factors on the morale and productivity of the industrial work group. Prereq> Psych 201 or 202
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 535 Psychology of Attitudes and Public Opinion Credits: 3
Analysis of attitudes, social factors in the formation and change of attitudes in public opinion, voting, and consumer behavior; polling techniques and problems. Prereq> Psych 201 or 202 or 281 or Sociol 210
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 537 Social Behavior Dynamics Credits: 3
Important factors in social behavior, roles, multiple group membership, cognitive processes, motivation, aggression, social prejudice. Prereq> Junior standing and Soc/Psych 530, or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 538 Group Dynamics Credits: 3
Psychological principles as they apply to the individual in social groups, experimental analyses of group formation, maintenance, morale, and productivity. Prereq> Psych 507 or 530 or Sociology 530
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 549 Human Factors Engineering Credits: 3
Analysis and design of man-machine systems using human performance models and data. Emphasis on systems involving communication and control. Projects using digital and analog computer simulation techniques for system design. Prereq> IE 349 or equiv
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
PSYCH 550 Animal Communication and the Origins of Language Credits: 3
Signals, contexts, and mechanism of social communication in animals. Speech and non-verbal communication in human beings and possible arguments for the evolution of speech and language. Prereq> Psych 449 or 450 or Zoology 531 or 532
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 554 Advanced Topics in Behavioral Neuroscience Credits: 2 - 3
May include: neuron structure and function; functional neuro-anatomy, sensory systems; sensory motor coordination; neural control of hunger and thirst; subcortical mechanisms of reward; higher functions of the nervous system; homeostatic behaviors; sleep and arousal; neural correlates of learning; unit analyses of brain function, etc. Course may be repeated. Prereq> Psych 225 & 454 & cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 555 Psychochemistry Credits: 3
Neurochemical, pharmacological and endocrinological changes affecting or accompanying emotional, motivational, or learned behaviors. Prereq> Psych 225 & 454 or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 556 Hormones and Behavior Credits: 3
A survey of human and subhuman research findings relating behavioral events to endocrine function. Topics include stress, psychosis, intellectual development, memory, gender-identity differentiation, reproductive behavior, aggression, preceded by a review of basic and clinical endocrinology. Prereq> Psych 225 & 454 or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 560 Child Psychology Credits: 3 - 4
Learning principles, motor, language, perceptual, and social development. Experimentation and systematic investigation of development in both human and sub-human species stressed. Prereq> Psych 201 or 202 or 281
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 561 Psychology of Adolescence Credits: 3
Physical development, intellectual, emotional, and social behavior; problems of adjustment which accompany and follow physiological changes in puberty. Prereq> Psych 560
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 562 Social and Personality Development Credits: 3
Contemporary theories and research relating to sociopersonality development from infancy through adulthood; the role played by social experience in the formation of personality. Topics: parent-infant attachments and their importance, sex-role development, moral development, and achievement motivation. Prereq> Psych 225 & Psych 560
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 563 Development in Infancy Credits: 3
Processes of psychological development in the first two years of life. Genetic and prenatal influences on the process and outcome of development, before attention shifts to analysis of perceptual, cognitive, and social development in infancy. Prereq> Psych 225 and 560
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 564 Adult Development and Aging Credits: 3
Physical, cognitive, social, and personality development during the adult years. Prereq> Psych 201 or 202 or 281
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 580 Honors Seminar in Child Psychology Credits: 1
Prereq> Psych 201, 202, or 281 & cons inst; con reg in Psych 560
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
PSYCH 581 Honors Depth Topic Credits: 4
Provides an in-depth treatment of a specific topic in psychology, in a format that includes both lecture and discussion. Prereq> Psych 201, 202, 281 or equiv; and other relevant course(s) depending on topic and instructor preference.
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 582 Honors Cognitive Development Credits: 4
Covers the basics of cognitive development during childhood. Topics include theoretical approaches to cognitive development; perceptual, language, memory, and conceptual development; social cognition; problem solving, and academic performance. Prereq> Psych 201, 202, 281, or equiv; and either Psych 406, 413, 414 or 560
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PSYCH 583 Honors Social Development Credits: 4
Explores how infants and children perceive, think about, and interact with the social world. Topics include theory of mind, emotions, early social relationships, peer influences, morality and pro-social behavior, aggression, and social categorization. Prereq> Psych 414, 449, 450, 528, 530 or 560
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PSYCH 584 Honors Affective Neuroscience Credits: 4
Focuses on the neural basis of emotion, including how the brain analyzes incoming sensory information, categorizes its motivational value, and initiates an ecologically appropriate response. Prereq> Psych 201, 202, 281, or equiv; and either Psych 406, 413, 414, 454, or 530.
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 585 Honors Seminar in Social Psychology Credits: 1
This course is an honors discussion to be taken in conjunction with Psych 530. Prereq> Psych 201, 202, or 281, and in an honors program, and concurrent enrollment in Psych 530, or consent of instructor.
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 586 Honors seminar: The Criminal Mind: Forensic and Psychobiological Perspectives Credits: 4
Criminal behavior is an extremely common and costly problem for society. The goal of the course is to provide an in-depth understanding of criminal psychology and the relevant forensic and psychobiological processes in the field. Prereq> One of the following courses, Psych 507, Psych 509, Psych 511, Psych 512, or Psych/Soc 530 and must be in an honors program.
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 587 Honors Course-Psychology of Personality Credits: 3
Prereq> Psych 201 or 202 or 281
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 588 Introduction to Cultural Psychology - Honors Credits: 1
This honors seminar will serve to supplement the lecture course, Introduction to Cultural Psychology. It will allow students to delve more deeply into the issues discussed in the lecture by reading and evaluating empirical articles central to cultural psychology. Prereq> Psych 201 or 202 or 281 & con reg in Psych 528
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PSYCH 589 Honors Seminar in Abnormal Psychology Credits: 1
This course will provide a more in-depth exploration of abnormal psychology. It is intended to supplement the introductory Abnormal Psychology course (Psych 509). Prereq> Psych 201, 202, or 281, and in an honors program, and concurrent enrollment in Psych 509, or consent of instructor.
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 610 Statistical Analysis of Psychological Experiments Credits: 3
Statistical analysis of data obtained with various experimental designs, Chi-square, analysis of variance and covariance, factorial and repeated-measures, Latin and Greco-Latin square designs, tests of trend. Prereq> One undergrad crse in stats, or equiv
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
PSYCH 611 Systems Neuroscience  Credits: 4
Introduction to the anatomy and physiology of the mammalian nervous system. Lectures will cover the neuroanatomy of the major subdivisions of the human brain, the major sensory and motor systems, and higher order functions. Lab/discussion sections will emphasize readings from the primary literature and hands-on dissections. Prereq> Physiol 610
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PSYCH 615 Quantitative Methods in Psychology  Credits: 3
Elementary introduction to sets, functions, probability theory, stochastic processes, parameter estimation, goodness of fit tests, Monte Carlo methods, and computer simulation. The primary emphasis on applications in behavioral research and the development of behavioral models. Prereq> Previous statistics course
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PSYCH 617 Measurement Choice and Decision-Making  Credits: 3
An advanced survey of mathematical models and theories of behavior in the areas of fundamental measurement, psychophysical scaling, choice and preference, and decision-making behavior. Prereq> Cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 618 Research Topics  Credits: 1 - 3
Topics vary with instructor and semester. Enrollment limited to allow seminar format and hands-on participation. In-depth study of specific subject matter focusing on design and conducting of research studies. May be repeated. (See timetable for topics.) Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 619 Biology of Mind  Credits: 3
Origins and structures of mind, brain, and consciousness. Transitions from early mammalian through primate to hominid intelligence. Genetics and plasticity in brain development. Modern studies of human brain mechanisms and consciousness. Prereq> Jr st; college level elem crse in biology or psych
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PSYCH 620 Capstone Mentored Research and Seminar  Credits: 1 - 6
In this course, students will develop an understanding of primary research in a topic area and will participate in designing and conducting research that challenges and/or extends current understanding of the topic. Course reading will include published research studies relevant to the selected topic, and evaluation will include presentations in group meetings and/or a paper based on the research conducted. Prereq> Consent of instructor
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 621 Mentored Research and Seminar  Credits: 1 - 6
In this course, students will develop an understanding of primary research in a topic area and will participate in designing and conducting research that challenges and/or extends current understanding of the topic. Course reading will include published research studies relevant to the selected topic, and evaluation will include presentations in group meetings and/or a paper based on the research conducted. Prereq> Consent of instructor
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 652 Sociotechnical Systems  Credits: 3
Sociotechnical systems theory with applications to the design of organizations and jobs. Open systems and organizational environments. Analysis of the technical and social systems and techniques for "whole" system consideration. Organizational design strategy. Field site analyses by student teams. Prereq> Grad st or IE 349
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PSYCH 653 Organization and Job Design  Credits: 3
Design of productive organizations and people's roles within them. Issues including boundary location, organizational decision levels, autonomous work groups, implementation and diffusion. Roles of the union. Case studies. Prereq> Grad st or IE 349
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
PSYCH 677 Research Methods in Social Psychology Credits: 3
Lecture and lab exercises in social psychology: attitude formation and change; social influence; small group behavior; interpersonal communication. Prereq> Psych 225 & 530 or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 678 Experimental Psychology of Perception Credits: 3
Lectures, discussions, and experiments relating to basic perceptual phenomena. Prereq> Psych 406 or Psych 486
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 681 Senior Honors Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 682 Senior Honors Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 686 Honors Seminar in Psychology Credits: 1
Prereq> Con reg in Psych 681 or 682 for Srs honors candidates and Sr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 690 Research Topics in Psychology Credits: 1
This course will have a seminar format. Students are responsible for leading discussion of the independent research they are conducting with individual faculty members. Enrollment will be limited to 20 students with several areas of the field represented. Students will broaden their knowledge beyond their particular chosen project. Prereq> Con reg in one of the problems crses (693-697)
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PSYCH 691 Undergraduate Thesis Credits: 1 - 6
Undergraduate research including completion of a thesis. Recommended for those intending to do graduate work in psychology. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 692 Undergraduate Thesis Credits: 1 - 6
Continuation of 691. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCH 693 Animal Behavior Problems Credits: 1 - 12
Repeatable to a maximum of 12 credits. Individual experimental studies. Prereq> Cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 694 Problems in Developmental Psychology Credits: 1 - 12
Repeatable to a maximum of 12 credits. Independent problems under supervision. Prereq> Cons inst & Psych 560 &/or 561
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 695 Problems in Clinical Psychology Credits: 1 - 12
Repeatable to a maximum of 12 credits. Individual experimental studies. Prereq> Cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 697 Problems in Human Behavior Credits: 1 - 12
Repeatable to a maximum of 12 credits. Independent work under supervision. Prereq> Cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PSYCH 699 Directed Study Credits: 1 - 3
Prereq> Jr or Sr st, and cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
PSYCH 701 Proseminar in Experimental Psychology Credits: 1
Introductions to various aspects of experimental psychology such as sensory-perception, learning, motivation, and experimental methodology. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PSYCH 702 Proseminar in Experimental Psychology Credits: 1
Introductions to various aspects of experimental psychology such as information processing, memory, thinking and reasoning, and human factors. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PSYCH 703 Proseminar in Social Psychology Credits: 1
Weekly discussion of current topics in social psychology, especially as illustrated by the planned and ongoing research of the graduate students and faculty in social psychology. Recent journal articles will also be discussed. Prereq> Admission to grad prog in soc psych. Others with cons soc psych area group chair. Req of all grad in soc psych
Typically Offered: Occasionally

PSYCH 704 Proseminar in Clinical Psychology Credits: 1
Research and theoretical presentations by all class members as well as discussions and research critiques. Discussion of research articles. Six semesters of this course are required for all clinical graduate students. Prereq> Admission to Grad prgm in clinical psych
Typically Offered: Occasionally

PSYCH 705 Proseminar in Engineering Psychology and Human Factors Engineering Credits: 1
This required course is for engineering psychology and industrial engineering graduate students. This will be an inter-disciplinary seminar in which faculty from Psychology and the Human Factors Engineering programs will present their research and lead discussion of topics including methodological issues. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PSYCH 706 Proseminar in Developmental Psychology Credits: 1
Weekly discussion of current topics in developmental psychology, especially as illustrated by the planned and ongoing research of the graduate students and faculty in developmental psychology. Recent journal articles will also be discussed. Prereq> Grad st in psych or related field, or cons inst
L&S Level: Advanced  Typically Offered: Occasionally

PSYCH 707 Proseminar in Biological Psychology Credits: 1
Topical research-oriented presentations and discussions in the area of biological psychology. Each week the seminar will be led by a faculty member or advanced student in the biological psychology area group of the Department of Psychology. Prereq> Admission to grad prog in Biolog Psych (Behavioral Neuroscience & Animal Behavior tracks); or cons of area group chairperson
Typically Offered: Occasionally

PSYCH 710 Design and Analysis of Psychological Experiments Credits: 3
Structure of psychological experiments; measurement and control of variables in psychology; randomized, orthogonal, and balanced designs; trend analysis; distribution-free methods. Prereq> Grad st and Psych 225
Typically Offered: Occasionally

PSYCH 711 Current Topics in Psychology Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 713 Conditioning Credits: 3
An intensive treatment of specific methods, phenomena, functional relationships and relevant theoretical issues in classical conditioning and instrumental learning. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PSYCH 715 Language and Cognitive Development Credits: 3
The development of language and cognition with an emphasis on the review of research and theory. Prereq> Grad st or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  Typically Offered: Occasionally
PSYCH 720 Speech Perception and Reading Credits: 3
Psychological structures and processes involved in speech perception and reading. Prereq> Grad st in Psych or cons inst
Typically Offered: Occasionally

PSYCH 728 Classic Issues in Social Psychology Credits: 3
A broad survey of theories and research from the field of social psychology. Areas may include: attitudes and attitude change, conformity and compliance, altruism, attribution theory. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PSYCH 729 Advanced Social Psychology Credits: 3
Intensive examination of theoretical conceptions in contemporary social psychology, including learning-theoretic, reinforcement, incentive, cognitive, and psychodynamic approaches, and research in selected topic areas reflecting these approaches, such as aggression, attitude formation and change, conformity, limitation and modeling, interpersonal attraction, perception of others, prosocial behavior, and social influence. Prereq> Grad st or Sr st and cons inst
Typically Offered: Occasionally

PSYCH 730 Advanced Social Psychology Credits: 3
Continuation of 729. May be taken first. Conceptualization and research in experimental social psychology. Emphasizes the influence of broader social contexts (such as culture, social class, peer, and family groups) on individual behavior, the study of groups and inter-group relations, and selected areas of applied social psychology. Prereq> Grad st or Sr st and cons inst
Typically Offered: Occasionally

PSYCH 731 Research Methods in Social and Personality Psychology Credits: 3
Examination of experimental design, measurement procedures and situational manipulations in contemporary social and personality research. Research includes descriptive and experimental studies in the lab and natural settings. Emphasis on the relationship of manipulations and measures to theoretical concepts, practice in the invention and selection of operations and issues of confounding as well as the discussion of practical solutions for problems encountered in diverse research settings. Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 732 Psychology of Women Credits: 3
This course covers research and theory in psychology of women. Topics include nonsexist research methods, psychological gender differences, theories of moral development, women of color, mental health and feminist therapy, rape, sexual harassment, and public policy issues. Prereq> Grad st & cons inst
Typically Offered: Occasionally

PSYCH 733 Perceptual and Cognitive Sciences Credits: 2
Lectures on current approaches to perceptual and cognitive sciences. Prereq> Grad st
Typically Offered: Occasionally

PSYCH 734 Perceptual Systems II Credits: 3
Survey of theory, research, and methodology in areas related to auditory perception, including acoustics, signal-processing, anatomy and physiology of the auditory system, psychophysical methods, detection and discrimination of sounds, and subjective attributes such as pitch, loudness, and spacial position. Prereq> Grad st
L&S Level: Advanced Typically Offered: Occasionally

PSYCH 740 Clinical I: Assessment, Etiology, and Treatment Credits: 1
Lectures on current approaches to assessment, etiology, and treatment of topic material. Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 741 Clinical II: Assessment, Etiology, and Treatment Credits: 1
Lectures on current approaches to assessment, etiology and treatment of topic material. Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 749 Mechanisms of Animal Behavior Credits: 3
Advanced topics in animal behavior, emphasizing evolutionary and physiological mechanisms of animal behavior. Evolution of behavior, simple invertebrate systems for physiological analysis, development of behavior, aggressive, communicative, and reproductive behavior, human etiology. Prereq> Grad st & cons inst
Typically Offered: Occasionally
PSYCH 753 Seminar in Organization and Job Design  Credits: 3
Discussion of current theory and practice of job and organization design. Papers presented by students. Prereq> Ind Engr 653 or equiv & cons inst
Typically Offered: Occasionally

PSYCH 754 Behavioral Neuroscience II  Credits: 3
Physiological mechanisms of sleep-wakefulness, emotion, and motivation, learning and memory. Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 755 Behavioral Neuroscience I  Credits: 3
Elements of neuro-physiology including structure and function of nerve cells and theories of nerve cell function. General features of sensory systems including coding and receptor specificity; adaptation; lateral inhibition; feature detectors; and central control. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PSYCH 760 Comparative Neuropsychology  Credits: 2
Prereq> Grad st & cons inst
Typically Offered: Occasionally

PSYCH 762 Social and Personality Development  Credits: 3
Recent concepts, methods and problems relating to the development of personality and social behavior in children. Prereq> Grad st and cons inst
Typically Offered: Occasionally

PSYCH 770 Human-Computer Interaction  Credits: 3
Principles of human-computer interaction (HCI); human subjects research methods and procedures, qualitative and quantitative data analysis; and semester-long research project situated in critical domains of HCI including web-based, desktop, mobile, speech-based, and embodied interaction with computers.
Typically Offered: Fall

PSYCH 776 Teaching of Psychology  Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 779 Theories of Perception  Credits: 3
Major contemporary theories of perception. Prereq> Psych 406 or Psych 778, or cons inst
Typically Offered: Occasionally

PSYCH 799 Independent Reading  Credits: 2 - 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

PSYCH 801 Introduction to Clinical Assessment  Credits: 2
Administration, scoring, research, and rationale of individual intelligence and selected personality tests. Process of clinical inference scrutinized. Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 802 Advanced Clinical Techniques I  Credits: 2
Administration, scoring, research, and rationale of selected personality tests, particularly Rorschach, TAT, and MMPI; process of clinical inference scrutinized. Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 803 Advanced Clinical Techniques II  Credits: 2
Introduction to psychotherapy: theories, concepts and assumptions underlying modern psychotherapeutic techniques; evaluation of research in psychotherapy. Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 804 Psychophysiology  Credits: 3
Methods and problems. Emphasis: lab procedures for the measurement of bioelectric and transduced physiological events in human subjects. Prereq> Cons inst
Typically Offered: Occasionally
PSYCH 805 Field Work in Clinical Psychology Credits: 1 - 3
Supervised field work in practical clinical situations. Prereq> Grad st & cons inst
Typically Offered: Occasionally

PSYCH 806 Principles of Psychotherapy Research Credits: 2
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 841 Computational Cognitive Science Credits: 3
Studies the biological and computational basis of intelligence, by combining methods from cognitive science, artificial intelligence, machine learning, computational biology, and cognitive neuroscience. Prereq> Comp Sci 302 (or equivalent)
Typically Offered: Spring

PSYCH 854 Special Topics in Organization Design Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 859 Special Topics in Human Factors Engineering Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 906 Methods and Hypothesis-Testing for Behavioral Ecologists Credits: 1 - 3
A detailed overview of field methods for behavioral ecologists, focusing specifically on behavioral and ecological sampling techniques. It addresses the challenging process of situating an empirical study within the context of theoretical paradigms. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PSYCH 907 Seminar-Personality Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 910 Seminar-Psychometric Methods Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 911 Seminar Clinical Psychology Credits: 2 - 3
Prereq> Consent of instructor
Typically Offered: Occasionally

PSYCH 912 Seminar-Behavior Pathology Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 913 Seminar - History of Psychology Credits: 2 - 3
Overview of the history of psychology and its relevance to current issues in the discipline. Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 914 Seminar-Learning Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 916 Seminar in Mathematical Psychology Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 918 Seminar-General Psychology Credits: 2 - 3
Prereq> Grad st & prev cons inst
Typically Offered: Occasionally

PSYCH 930 Seminar-Social Psychology Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally
PSYCH 949 Seminar-Animal Behavior Credits: 2 - 3
Problems of comparative psychology. Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 950 Interdisciplinary Seminar in Animal Behavior Credits: 1
Research methods in animal behavior studies in many disciplines. Prereq> Grad st
Typically Offered: Occasionally

PSYCH 954 Seminar-Physiological Psychology Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 956 Seminar in Human Psychophysiology Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 960 Seminar in Developmental Psychology Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 962 Seminar in Social and Personality Development Credits: 2 - 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

PSYCH 970 Seminar in Judgment and Choice Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 971 Seminar in Vision Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 973 Seminar-Psychology of Hearing and Communication Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 977 Seminar in Perceptual Development Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 978 Seminar in Visual Perception Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 990 Research Credits: 1 - 12
Independent experimental, observational, or statistical investigation under the supervision of a staff member.
Prereq> Cons inst
Typically Offered: Occasionally

PSYCH 995 Predoctoral Internship Credits: 0
Registration for Ph.D. students who have successfully defended the dissertation and are in the process of completing the required predoctoral internship. Prereq> Successful dissertation defense
Typically Offered: Fall, Spring, Summer

RESEARCH IN PSYCHOLOGY

RELIG ST 101 Religion in Global Perspective Credits: 3
Foundational and thematic approaches in the academic study of religion applied across global religious systems.
Prereq> None
L&S Breadth: Humanities   L&S Level: Elementary   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring
RELIG ST 112 The World of Late Antiquity (200-900 C.E.) Credits: 4
History of the Mediterranean World from the late Roman Empire to the development of distinct European, Byzantine and Islamic civilizations (ca. 200-900 CE). Special attention will be paid to the rise and development of Christianity and Islam. Prereq: None
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

RELIG ST 131 Introduction to Christianity: Jesus to the Present Credits: 4
Survey of Christianity from its beginnings to its diverse global manifestations today, including beliefs, institutions, ritual, lived experience, and interactions with broader culture and society. Prereq: None
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

RELIG ST 151 Literature and Religion Credits: 3
Introduction to literary engagements in English with different religious and spiritual traditions in England, America, and elsewhere; specific topics will vary by instructor. Prereq: Open to Freshmen
L&S Breadth: Literature  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

RELIG ST 173 Consuming Happiness Credits: 3
As the saying goes, money can't buy happiness -- but in modern America, we certainly try. This course will provide an overview of the study of happiness and well-being, examine how consumers engage in consumption in pursuit of happiness, as well as explore the emergence of the experience economy, and the intersection of money and well-being. Students will read academic and popular pieces on positive psychology, prosocial spending and explore the psychology of persuasion in the promises associated with this industry. In addition to integrating visual media, students will have the opportunity to experience first-hand whether the advice works in their own lives. Prereq: None
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

RELIG ST 200 Introductory Topics in Religious Studies (Humanities) Credits: 3 - 4
Topics in religious studies in the humanities at an introductory level. Prereq: Open to Freshman
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

RELIG ST 201 Introductory Topics in Religious Studies - Social Studies Credits: 3 - 4
Topics in religious studies in the social sciences at an introductory level. Prereq: Open to Fr
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

RELIG ST 205 The Making of the Islamic World: The Middle East, 500-1500 Credits: 3 - 4
Development of society and culture in the Middle East and North Africa from the emergence of Islam (7th century) to early modern times. Prereq: Open to All Undergrads
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

Readings in the medieval ballads, in the legends and tales recorded during the nineteenth century, and in the nineteenth and twentieth century imitations of these genres. Prereq= 2 yrs of a Scand lang
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SCAND ST 434 The Art of Isak Dinesen/Karen Blixen Credits: 4
Blixen's tales and biographical fiction. Prereq> 2 yrs of a Scand lang
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SCAND ST 435 The Icelandic Sagas Credits: 4
The prose narratives of medieval Iceland. Prereq> Jr st & 2 yrs of a Scand lang
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SCAND ST 436 Topics in Scandinavian Literature Credits: 3 - 4
An examination of selected topics in Scandinavian literature designed for Scandinavian majors and other students. Prereq> Prerequisites vary by topic taught
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
SCAND ST 437 Modern Scandinavian Drama Credits: 4
Examination of the theater of Scandinavia in the wake of Henrik Ibsen and August Strindberg that places modern
Nordic theater in a wider European context. Prereq> Jr st & 2 yrs of target language
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SCAND ST 440 Scandinavian American Folklore Credits: 3
Examines the verbal, musical, customary, and material folklore of Scandinavian Americans, with emphasis on the
upper Midwest. Requires field and archival research. Prereq> Jr st
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SCAND ST 443 Sami Culture, Yesterday and Today Credits: 4
Interdisciplinary study of Sami (Lapp) people of Scandinavia past and present. Indigenous modes of expression
and worldview, contemporary cultural and political activism. Extensive discussion of connections to Native
American and Inuit experiences; rise of U.S. and other indigenous peoples’ movements. Prereq> Jr st or cons inst
Ethnic Studies: Yes  L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit
Typically Offered: Occasionally

SCAND ST 444 Kalevala and Finnish Folk-Lore Credits: 4
Kalevala and the oral literature of Finland. Prereq> Jr st or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SCAND ST 446 Celtic-Scandinavian Cultural Interrelations Credits: 3
Examination of shared traditions and historical connections between the North and Northwest of Europe.
Readings of medieval and pre-modern Scandinavian, Scottish, Welsh and Irish sagas, histories, tales.
Discussion of the role of folklore in modern Celtic and Scandinavian societies. Prereq> So st or above required, or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

Examines the European context of literary decadence (Baudelaire, Huysmans, Wilde) and how it inspired some of
Scandinavia’s most important writers (Strindberg, Hamsun, Jacobsen). Prereq> 2 yrs of a Scand lang or equivalent
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SCAND ST 466 Greenland - Past, Present, and Future Credits: 3
Introduction to Greenland, the world’s largest island, including history, geography, language, religion, culture, arts,
literature, and existence in a postcolonial context, which recognizes the important cultural and economic ties with
Denmark. A comparison with indigenous cultures in Alaska and Canada, sharing Inuit traditions. Prereq> Open to Fr
Ethnic Studies: Yes  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SCAND ST 475 The Writings of Hans Christian Andersen for Scandinavian Majors Credits: 4
In-depth discussion of selected texts, historical and literary background material, application and discussion of
pertinent literary criticism, independent student presentations, and a research paper, in addition to the coursework
done in Scand St 375. Prereq> 2 yrs of Scand language or consent of instructor. Open to Freshmen
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SCAND ST 476 Scandinavian Life and Civilization II Credits: 4
Scandinavian culture in all its aspects ranging from past history up to contemporary trends in politics and
ideologies. Prereq> 2 yrs of Nordic lang or cons inst. Open to Fr
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SCAND ST 496 The Scandinavian Heritage in America Credits: 3
Nineteenth century Scandinavian immigration, with field trips. Prereq> 2 yrs of a Scand lang or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SCAND ST 501 Tal Och Skrift Credits: 2
Training in oral and written presentation of specialized technical material in the Scandinavian languages. Prereq>
Scand St 401 and 402
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
SCAND ST 510 Topics in Scandinavian Linguistics Credits: 3
Hands-on introduction to a topic in Scandinavian language study. Course topics designed to be relevant to graduates. Prereq> Grad st or cons inst; Scand St 415
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SCAND ST 511 Paleography and Philology - Old Norse Credits: 3
A history of writing in Iceland 1150-1550 on the basis of manuscripts as principal sources of evidence for Old Norse-Icelandic. Prereq> Scand St/Medieval 407 or 408
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SCAND ST 520 Special Topics Credits: 3
Prereq>
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SCAND ST 577 Contemporary Scandinavia: Politics and History Credits: 3 - 4
Social, economic, and ideological changes, institutions, and movements and their relationships with the political processes and structures in the Nordic states. Prereq> Jr st or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SCAND ST 578 Contemporary Scandinavia and International Relations Credits: 3 - 4
The Scandinavian or the Nordic States and international relations with emphasis on their roles in the major issues and conflicts of the twentieth century and their participation in international organizations. Prereq> Jr st or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SCAND ST 630 Fundamentals of Bibliography and Research Credits: 3
Research resources and methodology; scholarly search and literary criticism. Prereq> Grad st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SCAND ST 633 Survey of Scandinavian Literature: 1300-1500 Credits: 3
Folk tales, ballads, religious genres, chapbooks, secular love poetry. Prereq> 2 yrs of Scand lang or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SCAND ST 634 Survey of Scandinavian Literature: 1500-1800 Credits: 3
Reformation, Renaissance, Baroque, Rationalism, Pre-Romanticism. Prereq> 2 yrs of a Scand lang or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SCAND ST 635 Survey of Scandinavian Literature: 1800-1890 Credits: 3
Romanticism, Realism, and Naturalism. Prereq> 2 yrs of a Scand lang or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SCAND ST 636 Survey of Scandinavian Literature: 1890-1920 Credits: 3
Fin de siecle, the beginnings of Modernism and Social Realism. Prereq> 2 yrs of a Scand lang or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SCAND ST 681 Senior Honors Thesis Credits: 3
Prereq> Cons of Undergrad adviser
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SCAND ST 682 Senior Honors Thesis Credits: 3
Prereq> Cons of Undergrad adviser
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SCAND ST 698 Directed Study Credits: 1 - 6
Graded on Cr/N basis. Prereq> Sr st. Graded on a Cr/N basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SCAND ST 699 Directed Study Credits: 1 - 6
Graded on a letter basis. Prereq> Sr st. Graded on a lettered basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
SCAND ST  710 Topics in Depth Credits: 1 - 2
Penetrating study of an important Scandinavian literary or linguistic topic. Content will vary with each offering.
Prereq> Grad st or cons inst
Typically Offered: Occasionally

SCAND ST  799 Independent Study Credits: 1 - 6
Prereq> Grad st & cons inst
Typically Offered: Occasionally

SCAND ST  901 Seminar in Special Topics Credits: 2 - 3
Prereq> Grad st or cons inst
Typically Offered: Occasionally

SCAND ST  910 Seminar in Scandinavian Linguistics Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

SCAND ST  999 Independent Reading Credits: 1 - 6
Prereq> Grad st and cons inst
Typically Offered: Occasionally

SCIENCE & TECHNOLOGY STUDIES

STS  201 Where Science Meets Society Credits: 3
An overview of science and technology studies. Explores science and technology as central institutions in modern societies. Teaches approaches to analyzing social dimensions of recent advances in areas such as genetics, environment, Internet, surveillance, and nanotechnology. Prereq> Prior college-level work in social studies (S, W, Y, or Z) or science (B, N, P, W, or X) or permission of instructor
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

STS  250 Fundamentals of Engineering Ethics Credits: 1
Introduction to the fundamentals of engineering ethics, including the distinction between professional and personal ethics, moral theories and their role in evaluating ethical issues, schemas for analyzing ethical dilemmas, and an introduction to codes of ethics and licensing laws. Prereq> Open to Fr
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

STS  251 Topics in Engineering Ethics Credits: 1
Topics of special interest to undergraduates in engineering, emphasizing themes of engineering ethics and professional responsibility. Students may take this course more than once for credit, as allowed by their department's curriculum rules. Prereq> InterEgr/STS 250. Open to Fr
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

STS  403 Special Topics in Science & Technology Studies Credits: 3
An interdisciplinary exploration of one or more high profile issues motivating debate and discussion among science and technology studies scholars. Topics will vary. Prereq> Sophomore standing
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

STS  699 Directed Study Credits: 1 - 3
Available for undergraduates interested in STS, who have completed STS 201, but is intended primarily as a means for ISSuES certificate students to fulfill their capstone requirement. Prereq> STS 201; Jr/Sr St or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

STS  734 Science Studies and Science Education Credits: 3
Examination of the key ideas from the field of science and technology studies (history, philosophy, sociology of science, etc.) and how they have been taken up in both the school science curriculum as well as the science education research community. Prereq> None
Typically Offered: Occasionally
STS 901 Science, Technology and Medicine in Society Credits: 3
Designed to introduce students to key themes, issues and scholarship in the interdisciplinary fields of science and technology studies. Explores how different disciplinary perspectives contribute to and influence the questions, methods and theoretical approaches within particular fields of science studies. Prereq> Grad st
Typically Offered: Occasionally

STS 902 Current Topics in Science and Technology Studies Credits: 1
Designed to introduce students to key themes, issues and scholarship in the interdisciplinary field of science and technology studies (STS). Participating faculty and speakers will be drawn from the social sciences, humanities, and physical and life sciences. Prereq> Grad st
Typically Offered: Occasionally

STS 903 Special Topics in Science and Technology Studies Credits: 3
An interdisciplinary exploration of one or more high profile issues motivated debate and discussion among science and technology studies scholars. Topics will vary. Prereq> Grad st only
Typically Offered: Fall, Spring

STS 999 Independent Study in Science and Technology Studies Credits: 1 - 6
A tutorial style course arranged between an STS graduate minor student and an STS faculty affiliate. The topic of the course, the specific reading requirements, writing, and student-faculty meetings will be outlined in a student-faculty "contract." Prereq> Only graduate students may take this course and may only do so in consultation with Holtz Center director and the affiliated faculty member with whom the student intends to work
Typically Offered: Fall, Spring

SLAVIC (SLAVIC LANGUAGES)

SLAVIC 101 First Semester Russian Credits: 4
Five hours a week focusing on speaking, listening, reading and writing Russian, with an introduction to Russian culture. No previous knowledge of Russian expected. Prereq> Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

SLAVIC 102 Second Semester Russian Credits: 4
Continuation of Slavic 101. Prereq> Slavic 101 or equiv. Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

SLAVIC 111 First Semester Polish Credits: 4
For students who have not studied Polish. Prereq> Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

SLAVIC 112 Second Semester Polish Credits: 4
Prereq> Slavic 111. Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

SLAVIC 115 First Semester Czech Credits: 4
Designed to help students acquire proficiency in Czech through understanding, speaking, reading and writing. For students who have not previously studied Czech. Prereq> Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

SLAVIC 116 Second Semester Czech Credits: 4
Designed to help students acquire proficiency in Czech through understanding, speaking, reading and writing. For students who have not previously studied Czech. Continuation of Slavic 115. Prereq> Slavic 115 or equiv
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

SLAVIC 117 Intensive Second Year Russian Credits: 4
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

SLAVIC 118 Intensive Second Year Russian Credits: 4
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

SLAVIC 141 First Semester Serbo-Croatian Credits: 3
Designed to develop the primary language skills in Serbo-Croatian (speaking, listening/understanding, reading, and writing). For students who have not previously studied Serbo-Croatian. Prereq> Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall
SLAVIC 142 Second Semester Serbo-Croatian Credits: 3
Designed as a follow-up course to 141 as students continue to develop skills in Serbo-Croatian (speaking, listening/understanding, reading, and writing). Prereq> Slavic 141 or equiv. Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

SLAVIC 181 Russian Honors Tutorial for Slavic 101 Credits: 1
Prereq> Con reg for hon cr in Slavic 101. Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall

SLAVIC 182 Russian Honors Tutorial for Slavic 102 Credits: 1
Prereq> Con reg for hon cr in Slavic 102. Open to Fr
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

SLAVIC 203 Third Semester Russian Credits: 4
Five hours a week focusing on speaking, listening, reading and writing Russian, with continued study of Russian culture. Prereq> Slavic 102 or equiv. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

SLAVIC 204 Fourth Semester Russian Credits: 4
Continuation of Slavic 203. Prereq> Slavic 203 or equiv. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

SLAVIC 207 Third Semester Polish Credits: 4
Reading, conversation exercises, and grammar review. Prereq> Slavic 112 or cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

SLAVIC 208 Fourth Semester Polish Credits: 4
Reading, conversation exercises, and grammar review. Prereq> Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

SLAVIC 217 Third Semester Czech Credits: 4
Continuation of Slavic 116. Focus on developing proficiency in understanding, speaking, reading, and writing Czech. Prereq> Slavic 116 or cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

SLAVIC 218 Fourth Semester Czech Credits: 4
Continuation of Slavic 217. Designed to develop proficiency in understanding, speaking, reading, and writing Czech. Prereq> Slavic 217 or cons inst Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

SLAVIC 242 Literatures and Cultures of Eastern Europe Credits: 3
Introduction to the literature, culture and art of Eastern Europe. Prereq> Open to Fr
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

SLAVIC 245 Topics in Slavic Literatures Credits: 3
Exploration of various topics - periods, genres, individual writers, themes, problems, etc. in Russian and Eastern European literature. Prereq> Open to Fr
L&S Breadth: Literature L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SLAVIC 251 Third Semester Serbo-Croatian Credits: 3
Continuation of 142. Focus on developing proficiency in speaking, understanding, reading and writing Serbo-Croatian. Prereq> Slavic 142 or cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

SLAVIC 252 Fourth Semester Serbo-Croatian Credits: 3
Continuation of 251. Focus on developing proficiency in speaking, understanding, reading and writing Serbo-Croatian. Prereq> Slavic 251 or cons inst. Open to Fr
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring
SLAVIC 253 Russia: An Interdisciplinary Survey Credits: 4
Comprehensive interdisciplinary survey of Russian civilization from its beginnings through the present day.
Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SLAVIC 254 Eastern Europe: An Interdisciplinary Survey Credits: 4
Comprehensive interdisciplinary survey of East European culture, society, politics, and literature from its beginnings to the present day.  Prereq> Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SLAVIC 273 Russian for Russians I Credits: 3
For students who grew up speaking Russian in the home but need practice reading and writing in Russian.  Not recommended for students who have attended a Russian speaking school for more than four years.  Prereq> Fluency in spoken Russian. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SLAVIC 274 Russian for Russians II Credits: 3
For students who grew up speaking Russian in the home but need practice reading and writing in Russian.  Not recommended for students who have attended a Russian speaking school for more than four years.  Prereq> Fluency in spoken Russian. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SLAVIC 275 Third Year Russian I Credits: 3 - 4
Prereq> Slavic 118, 204, or equiv
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SLAVIC 276 Third Year Russian II Credits: 3 - 4
Prereq> Slavic 275 or equiv
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SLAVIC 277 Third Year Polish I Credits: 3
Review of Polish grammar. Reading, oral practice, and composition.  Prereq> Slavic 208 or cons inst. Open to Fr
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SLAVIC 278 Third Year Polish II Credits: 3
Review of Polish grammar. Reading, oral practice and composition.  Prereq> Slavic 208 or equiv, or cons inst. May be taken out of sequence with Slavic 277. Open to Fr
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SLAVIC 279 Intensive Third Year Russian Credits: 8
Intensive course covering entire academic-year third-year Russian course in one semester. Improvement of Russian proficiency in all four skills, with an emphasis on reading and writing. Review of Russian grammar, development of complex syntax, vocabulary, and lengthier discourse.  Prereq> Slavic 204 or equivalent
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring, Summer

SLAVIC 283 Russian Honors Tutorial for Slavic 203 Credits: 1
Prereq> Con reg for hon cr in Slavic 203. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SLAVIC 284 Russian Honors Tutorial for Slavic 204 Credits: 1
Prereq> Con reg for hon cr in Slavic 204. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SLAVIC 285 Slavic Culture in Context: An Honors Course Credits: 3
Topics will vary. This course is a writing and discussion intensive seminar that introduces students to one or more Slavic (Russian, Polish, Serbian, Czech, Croatian, Bosnian...) languages, literatures, and/or cultures within a global context. Enrollment priority given to freshmen/sophomore Honors students; other Honors students may enroll as space permits. No Slavic language required, although some knowledge of a non-English language is useful.  Prereq> For honors students only, or by consent of the instructor
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Every Other Spring
SLAVIC 299 Directed Study Credits: 1
Prereq> Cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SLAVIC 301 Introduction to Intensive Polish Credits: 3
Intensive coverage of the structure of the Polish language. Rapid introduction to reading and speaking.  Prereq> Jr st, open to Fr & So with cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SLAVIC 302 Zarys historii literatury polskiej Credits: 3
An overview of the history of Polish literature.  Prereq> Slavic 277, Slavic 301 or cons inst
L&S Breadth: Literature  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SLAVIC 304 Fourth Semester Intensive Polish Credits: 4
Advanced grammar and reading: reading selections from various sources in Polish literature, history, and culture.  Prereq> Slavic 301. Grad st or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SLAVIC 305 Fifth Semester Intensive Polish Credits: 3
Vocabulary reinforced through literature, film and journalism. Readings and discussions related to issues of contemporary Polish society. Continued work on grammar and vocabulary with written exercises and compositions.  Prereq> Slavic 304. Grad st or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SLAVIC 306 Sixth Semester Intensive Polish Credits: 3
Continuation of 305. Reading selections from twentieth century Polish literature. Focus on intensive writing.  Prereq> Slavic 304. Grad st or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SLAVIC 307 Study Abroad in Poland Credits: 1 - 4
A course carried with a UW-Madison study abroad program which has no equivalent on this campus.  Prereq> Slavic 208 or equiv
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SLAVIC 308 Polish Culture and Area Studies on Study Abroad Credits: 1 - 4
A course carried with a UW-Madison study abroad program which has no equivalent on this campus.  Prereq> Slavic 208 or equiv
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SLAVIC 309 Russian Area Studies on Study Abroad Credits: 1 - 4
A course carried with a UW-Madison study abroad program which has no equivalent on this campus.  Prereq> Slavic 204 or equiv
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SLAVIC 310 Topics in Russian: Study Abroad Credits: 1 - 6
A course carried with a UW-Madison study abroad program which has no equivalent on this campus.  Prereq> Current reg in a UW-Madison study abroad prgm
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SLAVIC 311 First Semester Intensive Bulgarian Credits: 3
Prereq> Jr st or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SLAVIC 312 Second Semester Intensive Bulgarian Credits: 3
Prereq> Slavic 311 or equiv
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SLAVIC 315 Russian Language and Culture I Credits: 2
Emphasizes speaking and listening skills, helping students to converse on different stylistic levels, with varying degrees of formality, according to the rules of Russian speech etiquette.  Prereq> Slavic 204 or equiv
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
SLAVIC 316 Russian Language and Culture II Credits: 2
Emphasizes speaking and listening skills, helping students to converse on different stylistic levels, with varying degrees of formality, according to the rules of Russian speech etiquette. Prereq> Slavic 275 or equiv
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SLAVIC 321 Fourth Year Russian I Credits: 4
Prereq> Slavic 276 or consent of instructor
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SLAVIC 322 Fourth Year Russian II Credits: 4
Prereq> Slavic 321 or cons inst
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

Prereq> Slavic 275 and 276 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SLAVIC 351 First Semester Intensive Czech Credits: 3
Rapid introduction to Czech grammar, reading, and speaking. Prereq> Grad st or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SLAVIC 352 Second Semester Intensive Czech Credits: 3
Rapid introduction to Czech grammar, reading, and speaking. Prereq> Slavic 351. Grad st or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SLAVIC 361 First Semester Intensive Hungarian Credits: 4
Rapid introduction to Hungarian grammar, reading, and speaking.
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SLAVIC 362 Second Semester Intensive Hungarian Credits: 4
Continuation of Slavic 301. Prereq> Slavic 361 or equiv
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
SLAVIC 391 Russian for Graduate Reading Knowledge I Credits: 3
Intensive grammar and reading course for seniors and graduate students. May not be counted toward L&S foreign language requirement. Prereq> Sr or Grad st
L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Occasionally

SLAVIC 392 Russian for Graduate Reading Knowledge II Credits: 3
Continuation of 391. May not be counted toward L&S foreign language requirement. Prereq> Sr or Grad st & Slavic 391 or cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

SLAVIC 403 Third Semester Intensive Hungarian Credits: 4
Advanced Hungarian grammar, reading, and speaking. Prereq> Slavic 362 or equiv
L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

SLAVIC 404 Fourth Semester Intensive Hungarian Credits: 4
Continuation of 403. Prereq> Slavic 403 or equiv
L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

SLAVIC 405 Women in Russian Literature Credits: 3 - 4
Prereq> Slavic 276 or equiv
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SLAVIC 420 Chekhov Credits: 3 - 4
Prereq> Slavic 276 or equiv
L&S Breadth: Literature L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SLAVIC 421 Gogol Credits: 3 - 4
Prereq> Slavic 276 or equiv
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SLAVIC 422 Dostoevsky Credits: 3 - 4
Prereq> Slavic 276 or equiv
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SLAVIC 424 Tolstoy Credits: 3 - 4
Prereq> Slavic 276 or equiv
L&S Breadth: Literature L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SLAVIC 433 History of Russian Culture Credits: 3
First in a two-semester course sequence, this course focuses on those topics in Russian cultural history that are most often discussed by Russians and serve as the basis for contemporary political and media discourse. Prereq> Slavic 322 or cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

This course prepares students for generalist social work practice in a multicultural society. It discusses Afro-Americans, Hispanics, American Indians, and Asian Americans, and implications are drawn for social policy. Prereq> Soc work/welfare major
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
SOC WORK 642 Social Work and Adolescents Credits: 2 - 3
Drawing on multiple theoretical perspectives and a critical review of the literature, students explore practice implications and interventions regarding problems of adolescents and at-risk youth with a focus on environmental influences that affect normal development. Prereq> Soc work/welfare major
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC WORK 643 Social Work and Delinquency Credits: 2 - 3
This course is designed to enhance students' knowledge base regarding social work services to youth who are troubled and delinquent. The course examines etiological factors that contribute to mental health issues experienced by this population. These factors along with a basic conceptual understanding of child and adolescent psychopathology will be applied to the social work process of assessment, treatment, and prevention for this population. Prereq> Open to Social Welfare Majors, BSW and MSW students and others with instructor consent
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SOC WORK 644 Issues in Developmental Disabilities Credits: 2 - 3
Definition, incidence, and prevention of intellectual and other developmental disabilities. Examines the life-cycle needs of this population, as well as social welfare issues, social services available, and the social worker's role. Prereq> Junior Standing, social work/welfare major
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC WORK 646 Child Abuse and Neglect Credits: 2 - 3
The course is concerned with physical, emotional and sexual abuse of children, child neglect and exploitation. Prereq> Soc work/welfare major
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 648 End-of-Life: Implications and Challenges for Practice Credits: 1 - 3
Focuses on social work practice with children, adolescents, adults and elders who have terminal illness, as well as their families. Prereq> Open to Social Welfare Majors, BSW and MSW students. Others with faculty consent.
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 650 Methods of Social Work Research Credits: 2 - 3
Social research and problems of project design and programming. Distinctive characteristics of investigations directed to planning, administrative, and scientific objectives. Prereq> Jr st, stat requirement filled, soc welfare major, BSW or MSW stdts
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SOC WORK 656 Family Practice in Foster and Kinship Care Credits: 2 - 3
Social welfare issues from national and local perspective, research, and foster care practice. Prereq> Jr st and Social Work major, open to special students
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 657 Understanding Latino Families and Communities Credits: 3
Examines U.S. Latino families and communities, including social and economic conditions, cultural values, and issues of identity, race, gender, discrimination, acculturation and language. A service-learning course, students gain knowledge of and direct experience with social work issues in Latino communities. Prereq> Jr st
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 658 American Indian Affairs Credits: 2 - 3
Contemporary concerns and conditions of American Indians examined in historical, cultural and legal perspective. Prereq> Jr st
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 659 International Aspects of Social Work Credits: 2 - 3
Prereq> Jr st and Social Work 205 or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
SOC WORK 660 Topics in Contemporary Social Welfare  Credits: 2 - 3
Topics change. Examples: Foundations of Social Work Practice with Lesbian, Gay, and Bisexual Persons; Culturally Competent Social Work Practice; Death and Dying: Practice Skills and Challenges; Disaster Relief and Recovery; Brief Therapies in Social Work. Prereq> Jr st, soc work/welfare major
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 661 Topics in Contemporary Social Welfare  Credits: 2 - 3
Continuation of 660. Prereq> Jr st, soc work/welfare major
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 662 Topics in Contemporary Social Welfare  Credits: 2 - 3
Prereq> Jr st, soc work/welfare major
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 663 Topics in Contemporary Social Welfare  Credits: 2 - 3
Prereq> Jr st, soc work/welfare major
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 664 Topics in Contemporary Social Welfare  Credits: 2 - 3
Prereq> Jr st, soc work/welfare major
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 665 Topics in Contemporary Social Welfare  Credits: 2 - 3
Prereq> Jr st, soc work/welfare major
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 666 Topics in Contemporary Social Welfare  Credits: 2 - 3
Prereq> Jr st, soc work/welfare major
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 667 Topics in Contemporary Social Welfare  Credits: 2 - 3
Prereq> Jr st, soc work/welfare major
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 668 Topics in Contemporary Social Welfare  Credits: 2 - 3
Prereq> Open to BSW or MSW stdts
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 669 Topics in Contemporary Social Welfare  Credits: 2 - 3
Prereq> Open to BSW or MSW stdts
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 670 Topics in Contemporary Social Welfare  Credits: 2 - 3
Prereq> Open to BSW or MSW stdts
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 671 Topics in Contemporary Social Welfare  Credits: 2 - 3
Prereq> Open to BSW or MSW stdts
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 672 Topics in Contemporary Social Welfare  Credits: 2 - 3
Prereq> Prerequisites vary
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC WORK 681 Senior Honors Thesis Credits: 3
Prereq> Sr st and cons inst
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

SOC WORK 682 Senior Honors Thesis Credits: 3
Prereq> Sr st & cons inst & Soc Wk 681
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

SOC WORK 691 Senior Thesis Credits: 2
Prereq> Sr st and cons inst
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

SOC WORK 692 Senior Thesis Credits: 2
Prereq> Sr st cons inst & Soc Wk 691
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

SOC WORK 693 Social Work and Delinquency Credits: 2 - 3
This course is designed to enhance students' knowledge base regarding social work services to youth who are troubled and delinquent. The course examines etiological factors that contribute to mental health issues experienced by this population. These factors along with a basic conceptual understanding of child and adolescent psychopathology will be applied to the social work process of assessment, treatment, and prevention for this population. Prereq> Open to Social Welfare Majors, BSW and MSW students and others with instructor consent
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

SOC WORK 699 Directed Study Credits: 1 - 3
Prereq> Jr or Sr st & cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

SOC WORK 700 Part-Time MSW Program Exemption Term Credits: 0
Course for students in the Part-Time MSW Program to maintain UW-Madison status when they have partial exemptions and no other courses available. Prereq> Admission to Part-Time MSW Program
Typically Offered: Fall, Spring, Summer

SOC WORK 711 Human Behavior and the Environment Credits: 2
The literature on human behavior and the environment is reviewed from a bio-psychosocial perspective. Special attention is given to understanding individual and family behavior and development as a function of reciprocal interactions with groups, communities, organizations, and society. Prereq> Grad st
Typically Offered: Occasionally
SOC WORK  712 Psychopathology in Social Work  Credits: 2
Teaches social workers to recognize selected major mental disorders and to become familiar with social work practice approaches used in treatment of these disorders. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK  714 Advanced Group Work Practice  Credits: 2
Covers advanced techniques for using groups to effect changes in individuals and larger systems. Open to students who have already taken a basic class in group work. Prereq> Grad st
Typically Offered: Occasionally

Prereq> Grad st
Typically Offered: Occasionally

SOC WORK  721 Methods of Planning Analysis  Credits: 3
Research methods and statistics used in analyzing planning problems: conceptualization, design, and implementation of planning research; statistical methods for analyzing data including review of inferential statistics, analysis of variance, correlation, and multiple regression; use of computer; review of sources of planning data. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK  741 Interventions with Children, Youth, and Families  Credits: 2
Addresses multi-level interventions with children, youth, and families across multiple service systems, with an emphasis on practice innovations. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK  742 Assessing and Treating Children and Adolescents  Credits: 2
An advanced practice course on social work treatment methods with children and adolescents from a cognitive behavioral perspective. Assessment, treatment, and generalization of change strategies; problem-solving; resource development; intervention planning and other practice issues are explored. Prereq> Grad st
L&S Level: Advanced Typically Offered: Occasionally

SOC WORK  746 Interdisciplinary Care of Children with Special Health Care Needs  Credits: 3
Interdisciplinary team care of children with special health care needs across the trajectory of illness presented within the context of family, culture, social determinants of health, community, and healthcare policy. Students introduced to interdisciplinary, collaborative, family-centered team care. Prereq> Grad st and/or cons inst
Typically Offered: Occasionally

SOC WORK  762 Processes in Social Planning  Credits: 3
The process of planning social policy and services; the analysis, synthesis, and human relations skills needed in the planning process; the relationships among fields of planning. Case examples from current planning practice are analyzed. Prereq> Grad st or cons inst
Typically Offered: Occasionally

SOC WORK  800 Field Practice and Integrative Seminar III  Credits: 2 - 6
An approved advanced social work practice field placement in an area of concentration. A minimum of 20 hours per week, including an integrative field unit seminar. The first of the two-semester advanced field sequence. Prereq> Grad st; cons of field director
Typically Offered: Occasionally

SOC WORK  801 Field Practice and Integrative Seminar IV  Credits: 2 - 6
Continuation of Social Work 800. Prereq> Grad st; Soc Work 800; cons of field director
Typically Offered: Occasionally

SOC WORK  820 Women and Mental Health  Credits: 2
Theory and literature; new models of mental health; new approaches to social work practice with women clients. Prereq> Grad st
Typically Offered: Occasionally
SOC WORK 821 Aging and Mental Health  Credits: 2
Prepares front line social workers to address mental health needs of older adults and their family members. Examines common mental health conditions, assessment, planning, evidence-based individual, family and group interventions, resources, cultural competence, ethical issues, and contexts for practice. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 822 Family Law: Marriage and Divorce  Credits: 2 - 4
Marriage and less formal spousal relationships, husband-wife relationships in on-going marriage; divorce and its economic and custody consequences; post-divorce relationships. Prereq> Cons inst required for Social Work
Typically Offered: Occasionally

SOC WORK 823 Family Law: Parent and Child  Credits: 3 - 4
The relationship of parent and child; the rights of unmarried mothers and fathers and their children; parental rights to custody vis a vis third parties; parents' rights to make decisions affecting children; neglect; termination of parental rights; the foster care system and adoption.
Typically Offered: Occasionally

SOC WORK 824 Family Caregiving Across the Life Span  Credits: 2
This course focuses on family caregiving across different groups of care recipients, including people with Alzheimer's disease, mental illnesses, developmental disabilities, AIDS, as well as frail elderly and children with special health care needs. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 825 Grief, Death, Loss and Life  Credits: 2
This course introduces social work students to the nature and centrality of the experience of loss and subsequent grief in their personal lives, in the lives of their clients, and in their role as professional helpers. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 826 Social Work Practice with Older Adults  Credits: 2
This advanced practice course focuses on social work practice with older adults, their families, and others in their support systems. Particular attention is given to skill and technique development in one-to-one family and group interventions. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 835 Advanced Soc Work Practice in Mental Health  Credits: 1 - 2
Focuses on the core practice theories, conceptual frameworks, and intervention skills necessary for social work practice in mental health. Prereq> Graduate standing in social work
Typically Offered: Occasionally

SOC WORK 836 Mental Health Policies and Services  Credits: 2 - 3
Prepares students for leadership roles in mental health programs, agencies and organizations. Examines mental health policies and services that influence care and treatment of persons with mental illness and shape mental health care systems, programs and services. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 840 Advanced Macro Practice  Credits: 2
Explores multiple approaches social workers use to influence groups, organizations, communities and systems. Concepts, theories and models of macro level practice and advanced practice skills for addressing complex practice and organizational situations are examined. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 841 Administration in Social Work  Credits: 2 - 3
Principally focused on developing management skills through case material and structured activities. Students go through the various sequential activities involved in conceptualizing and getting funding for a human service program, and in developing and managing a nonprofit organization. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 842 Consultation and Supervision in Social Work  Credits: 2 - 3
Learning patterns, principles and methods of supervision and consultation. Prereq> Grad st
Typically Offered: Occasionally
SOC WORK 845 Case Management Credits: 2
Prepares students to compare and evaluate case management and traditional social work practice. Theories, practice roles and models of case management practice in major fields of social welfare are examined. Functions of case managers in agency and organizational settings are considered along with the nature of the case manager-client relationship. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 854 Crises Intervention in Social Work Credits: 2 - 3
Meaning of crisis to client systems and social work practitioners; principles guiding rational decision to intervene at the point of "critical incident". Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 860 Recent Developments in Social Work Credits: 2 - 3
Topics change. Examples: MH Practice with Gay, Lesbian, Bisexual and Transgendered Persons; Social Work and Substance Abuse; MH Interventions with Children and Families. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 861 Recent Developments in Social Work Credits: 2 - 3
Continuation of 860 Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 862 Recent Developments in Social Work Credits: 2 - 3
Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 863 Recent Developments in Social Work Credits: 2 - 3
Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 864 Recent Developments in Social Work Credits: 2 - 3
Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 865 Recent Developments in Social Work Credits: 2 - 3
Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 866 Recent Developments in Social Work Credits: 2
Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 867 Recent Developments in Social Work Credits: 2 - 3
Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 868 Recent Developments in Social Work Credits: 2
Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 869 Recent Developments in Social Work Credits: 2 - 3
Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 870 Assessing and Treating Adults Credits: 1 - 2
An advanced practice course that teaches evidence-based interventions used by clinical social workers in the treatment of serious mental illnesses. Prereq> Grad standing
Typically Offered: Occasionally

SOC WORK 871 Human Service Organizations Credits: 2
This course examines the role of human service organizations in social work as they affect clients and workers. Focus is on implications for agency administration and social work practice, in general. Prereq> Grad st
Typically Offered: Occasionally
SOC WORK 873 Social Work Practice in Health Care Credits: 2
Develops advanced practice knowledge and skills for social workers practicing in health and health care settings.
Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 874 Advanced Practice in Health, Aging, and Disability Credits: 2
Develops advanced practice knowledge and skills related to practice issues common to social workers practicing
in the areas of aging, health, and/or disability. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 875 Health, Aging, and Disability Policy and Services Credits: 2
Provides knowledge about the contemporary organization of health care, as well as policies and services for older
adults and people with disabilities. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 880 Prevention Science Credits: 3
This course provides a theoretical, empirical and practical foundation for prevention science as it relates to the
prevention of human social problems. Research and evaluation methods, program design strategies, best
practices and policy as they relate to the field of prevention are also examined. Prereq> 2nd yr Grad st or cons
inst
Typically Offered: Occasionally

SOC WORK 881 Capstone Seminar in Prevention Science Credits: 1
This course provides an opportunity for students to meet with prevention professionals and scholars from across
campus and the community to explore current and emerging issues of prevention research and professional
practice. Prereq> HDFS/Ed Psych/Nurs/Soc Work 880 & cons inst
Typically Offered: Occasionally

SOC WORK 887 Nonprofit Leadership Credits: 3
Nonprofit leadership focuses on developing management skills for the nonprofit area through readings, case
materials and structured activities. Students examine the context, issues and skills associated with leadership and
management in nonprofit organizations and apply them to challenges and opportunities that confront
administration of nonprofits. Prereq> Social Work or La Follette Graduate student or consent of instructor
Typically Offered: Occasionally

SOC WORK 920 Child, Youth, and Family Policies and Services Credits: 2
Considers legislation, policies, and institutional structures that affect children, youth, and families across multiple
service systems. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 921 Child Welfare Credits: 2 - 3
Implications of knowledge from the social and behavioral sciences and public welfare policy on child welfare
problems and services. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 922 Seminar on Aging Credits: 2 - 3
Exploration of concepts and theories for understanding aging, the aged, and their social problems; implications
and applications for social work practice with the aged. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 923 Family Violence Credits: 2
An overview of the risk factors and trauma effects of the major forms of family violence. Models of prevention and
intervention will be described. Attitudes about family violence will be explored. Basic skills for detecting abuse and
making referrals will be taught. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 924 Family Problems and Social Work Credits: 2 - 3
Review of family theory and its relevance for social work practice; an analysis of family subsystems in the U.S.;
current research on the American family. Prereq> Grad st
Typically Offered: Occasionally
SOC WORK 928 Social Work and Alcoholism Credits: 2 - 3
Theories of causes, consequences; various interventive models tested in treating the alcoholic; evaluation of the effectiveness of treatments. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 929 Social Work and Substance Abuse Credits: 2 - 3
History, current understanding, assessment, and treatment of problematic substance abuse. Provided knowledge and social work skills to conceptualize, screen, assess, and treat substance abuse and co-occurring disorders (i.e., mental illness and substance use disorders. A biopsychosocial perspective is emphasized. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 934 Advanced Practice Issues in Developmental Disabilities Credits: 2 - 3
Intensive study of direct and indirect social work practice with children and adults with developmental disabilities. Topics addressed include: disability policy; service delivery/coordination; advocacy; health care; aging; and community building from individual, family, community and governmental intervention perspectives. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 936 Administering Public Social Services Credits: 2 - 3
Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 939 Seminar in Social Planning Credits: 2 - 4
Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 940 Ethical Behavior in Social Work Practice Credits: 2
Ethical practice considerations confronting social workers. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 941 History and Philosophy of Social Welfare and Social Work Profession Credits: 2 - 3
Development of social work profession including political and moral philosophy, roots of social work, growth of welfare state, development of other professions, political and economic changes, development of practice theories. Considers competing histories of the profession and seminal works by leaders in the field. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 942 Philosophy of Science and Theories of Applied Research Credits: 3
Philosophy of science in social research with implications for social welfare research. Nature of causal inference, epistemology, post positivism, quantitative vs. qualitative knowledge are discussed. Application of knowledge for basic, applied, and practice research in major social problem areas are considered. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 943 Research Methods in Social Work Credits: 3
Introduction to social science methodological approaches for meeting the challenges inherent in social welfare and intervention research. Methodologies focus on alternative designs to address contemporary social problems including experimental, quasi-experimental, observational studies and ethnographic, naturalistic, and case-study approaches. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 944 Social Welfare Policy Credits: 3
Focus on American social policy related to social services including poverty, child well-being, anti-poverty policy, programs for child welfare, health care and the elderly. Provides analytic frameworks to understand policy discussions. Students conduct a policy analysis of their dissertation problem. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 945 Evaluation Research Credits: 3
A comprehensive introduction to practice of program evaluation research in social welfare and human development. Developments in descriptive, experimental, quasi-experimental, theory-driven, and naturalistic evaluations detailed. Topics include assessment, evaluation design, monitoring, outcome evaluation, selection bias, program theory, meta-analysis and utilization. Prereq> Grad st
Typically Offered: Occasionally
SOC WORK 946 Faculty Research Seminar Credits: 1
This course is designed to: further the socialization of students to the Ph.D. program, its aims and objectives; provide opportunities for faculty to discuss research interests and doctoral education. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 947 Student Research Seminar Credits: 1
Course designed to: provide a forum for students to discuss experiences, success strategies and research interests; provide opportunities for advanced doctoral students to receive feedback on their research and later, on colloquia they prepare for their job searches.
Typically Offered: Occasionally

SOC WORK 948 Proseminar Credits: 1 - 3
Doctoral seminars. Prereq> Cons inst
Typically Offered: Occasionally

SOC WORK 949 Proseminar Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

SOC WORK 950 PhD Proseminar Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

SOC WORK 951 PhD Proseminar Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

SOC WORK 952 PhD Proseminar Credits: 3
Prereq> Cons inst
Typically Offered: Occasionally

SOC WORK 953 PhD Proseminar Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

SOC WORK 954 Social Work Education Credits: 2 - 3
Past, present, and future developments of professional education. Prereq> Grad st
Typically Offered: Occasionally

SOC WORK 990 Thesis-Research Credits: 2 - 3
Prereq> Cons inst
Typically Offered: Occasionally

SOC WORK 991 Social Work Applications of Research Credits: 1 - 3
Principles guiding information collection, processing, and interpretation in the social work context. The design and interpretation of "pure" research, but also the collection and interpretation of data relevant to policy formulation and administrative decisions. Prereq> Soc Work 650 or equiv and intro crse in stats
Typically Offered: Occasionally

SOC WORK 999 Independent Reading Credits: 1 - 9
Prereq> Cons inst
Typically Offered: Occasionally

SOCIOLOGY

SOC 120 Marriage and Family Credits: 3 - 4
Sociology of the family. Demographic, social-psychological, economic, and historical aspects. Union formation and dissolution. Childbearing and childrearing. Social stratification and the family. Intergenerational support. Social consequences of family behaviors. Prereq> None
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
SOC 125 American Society: How It Really Works Credits: 3 - 4
Explanation of US performance in realizing the values of freedom, fairness, and democracy. Topics include markets, capitalism, democracy, capitalist democracy; class, race, and gender inequalities; militarism and US international role; and US electoral politics, media, and social mobilization. Prereq> None
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 130 Social Problems Credits: 3
Conditions and processes in personal and social maladjustment; nature of social disorganization and social problems; their relation to social change and basic ideological, technological, and institutional structures and processes. Prereq> none
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 131 Criminal Justice in America Credits: 3 - 4
Day-to-day functioning of the elements of the criminal justice system in the U.S. Nature of crime in the U.S., ideas about causes and solutions. Emphasis on the sociology of the components of criminal justice system--organization and roles of police, lawyers, court and correctional personnel. Prereq> Open to Fr & So only, until end of Fr reg period. Stds may receive cr for only one of the following: Soc 131 or 431
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 134 Problems of American Racial and Ethnic Minorities Credits: 3 - 4
The nature of inter-group relations; emphasis on various forms of racism, discrimination, and white privilege; historical background and characteristics of American Indians, African Americans, Hispanic Americans, Asian Americans and other racial and ethnic minorities; a consideration of economic, housing, political, legal, educational, familial, and health challenges faced by minority groups in US society. Prereq> None
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 138 The Sociology of Gender Credits: 3 - 4
A sociological examination of the status and roles of women and men in society, including the experiences of marriage, parenthood, employment and occupational attainment, socialization into sex roles and cultural reinforcement of these. Attention will be given to both existing patterns and change in those patterns. Prereq> None
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 140 Introduction to Community and Environmental Sociology Credits: 3
Sociological examination of the linkages between the social and biophysical dimensions of the environment. Key topics include community organizing, local food systems, energy transitions, environmental justice, resource dependence, and sustainable development. Gateway to advanced courses in sociology. Prereq> None
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 160 Human Sexuality: Social and Psychological Issues Credits: 3 - 4
Biological, psychological and sociological aspects of sexual relationships and behavior. The course presents theoretical and empirical materials on sexuality throughout the life-course, including childhood, adolescence, adulthood, and later life. Attention is given to gender, religion, education and the law as they relate to sexual expression in society. Prereq> None
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 170 Population Problems Credits: 3 - 4
Social, economic, and political problems affected by birth and death rates, population size and distribution, voluntary and forced migration. World ecology, limits to growth, economic development, international conflict, environmental quality, metropolitan expansion, segregation by age, race, and wealth. Policies affecting reproduction, nuptiality, morbidity, mortality, migration. Prereq> None
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 181 Honors Introductory Seminar-The Sociological Enterprise Credits: 3 - 4
An introduction to the paradigms, methods and substance of sociology. Gateway to advanced courses in sociology. Prereq> Honors status. Freshmen who have satisfied Comm A requirement. Not open to students who have taken Soc/C&E Soc 210 or Soc/C&E Soc 211
General Education: COM_B  L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
SOC 198 Directed Study Credits: 1 - 3
Program of study devised by a student in collaboration with a faculty member. Graded on a Cr/N basis. Open only to freshmen and sophomores. Prereq-> Open to Fr & So only. Graded on Cr/N basis; requires written cons inst
L&S Level:  Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 199 Directed Study Credits: 1 - 3
Program of study devised by a student in collaboration with a faculty member. Graded on a lettered basis. Open only to Fr and So. Prereq-> Open to Fr & So only. Graded on a lettered basis; requires written cons inst
L&S Level:  Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 200 Introduction to Lesbian, Gay, Bisexual, Transgender, and Queer Studies Credits: 3
A multidisciplinary introduction to lesbian, gay, bisexual, transgender, and queer (LGBTQ) studies, including theories of identity formation, different societal interaction with LGBTQ communities, LGBTQ cultures in history, and contemporary legal and political issues. Prereq-> None
L&S Breadth:  Humanities or Soc Sci  L&S Level:  Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 210 Survey of Sociology Credits: 3 - 4
Introduction to the field of American sociology, its subfields and specialized areas of research, theoretical traditions and research methods. Gateway to advanced courses in sociology. Prereq-> Open to Freshmen who have satisfied Comm A requirement. Not open to students who have taken Soc 181 or Soc/C&E 211
General Education:  COM B  L&S Breadth:  Social Science  L&S Level:  Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 211 The Sociological Enterprise Credits: 3
Basic principles and definitions of sociology. Readings and discussion of the perspectives of sociology, the individual and society, groups and social process, stratification, organizations and power, demography, and social change. Gateway to advanced courses in sociology. Prereq-> Not open to students who have taken Soc 181 or Soc/C&E Soc 210
L&S Breadth:  Social Science  L&S Level:  Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 215 Gender and Work in Rural America Credits: 3
Sociological dimensions of men's and women's work in nonmetropolitan areas of the United States. Examines gender divisions of "work" in its fullest sense: paid work in formal and informal economies, self-employment, and nonmarket work such as housework. Prereq-> Open to Fr
L&S Breadth:  Social Science  L&S Level:  Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 220 Ethnic Movements in the United States Credits: 3 - 4
Sociological analysis of historical and recent ethnic/racial conflict and movements in the U.S., including the relations between European Americans, African Americans, Mexican Americans, Native Americans, and Asian Americans, with additional material on other groups and relations. Prereq-> Satisfied Comm A requirement Ethnic Studies:  Yes  General Education:  COM B  L&S Breadth:  Social Science  L&S Level:  Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 222 Food, Culture, and Society Credits: 3
Social and cultural dimensions of the production, preparation, and consumption of food. Uses historical and cross-cultural analytical frameworks. Treats a wide variety of topics including pre-capitalist food systems, hunger, vegetarianism, sustainable agriculture, food and gender, genetic engineering. Prereq-> Open to Fr
L&S Breadth:  Social Science  L&S Level:  Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 225 Contemporary Chinese Society Credits: 3
Basic social science "literacy" of contemporary China: introduction on the main institutions of traditional Chinese society; and the social changes in various aspects of contemporary Chinese society since 1949, including the economy, family, education, social stratification, politics, legal reform, and the urban/rural divide. Prereq-> None
L&S Breadth:  Social Science  L&S Level:  Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 236 Bascom Course Credits: 3
A low-enrollment course developing skills in critical reading, logical thinking, use of evidence, and use of library resources. Emphasis on writing in the conventions of specific fields. Prereq-> Successful completion of or exemption from Com A requirement. Open to Fr.
General Education:  COM B  L&S Level:  Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
SOC 244 Introduction to Southeast Asia: Vietnam to the Philippines Credits: 4
Southeast Asian history, religion, folklore and literatures, educational systems, and politics from the early classical states to contemporary social, literary, and political developments. Prereq: Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 245 Technology and Society Credits: 3
Students are introduced to a wide range of work on technology, the social forces shaping its development, and social impacts of its adoption. Students are encouraged to examine their assumptions about technology and its relationship to society. Prereq: Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 248 Environment, Natural Resources, and Society Credits: 3
Introduces the concerns and principles of sociology through examination of human interaction with the natural environment. Places environmental issues such as resource depletion, population growth, food production, environmental regulation, and sustainability in national and global perspectives. Prereq: Open to Fr
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SOC 250 Organizations and Society Credits: 3 - 4
Role of organizations, including industrial, governmental, and educational ones, in American society. Topics: impact of organizations on members and clients, the internal dynamics of organizations, and the interchange between organizations and their environment, including the society as a whole. Prereq: Sophomore standing
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 252 The Civilizations of India-Modern Period Credits: 4
Contemporary India society as a joint product of the classical heritage and world-wide movements toward nationalism; social and economic development. Prereq: Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SOC 258 The Jews, States, and Citizenship: A Sociological Perspective Credits: 3
Introduction to historical sociology of citizenship through a comparative investigation of Jewish emancipation in nineteenth-century Europe, including social origins of emancipation, its consequences for the social organization and collective identity of Jews, and Jewish responses to emancipation. Prereq: Open to Fr
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 260 Latin America: An Introduction Credits: 3 - 4
Latin American culture and society from an interdisciplinary perspective; historical developments from pre-Columbian times to the present; political movements; economic problems; social change; ecology in tropical Latin America; legal systems; literature and the arts; cultural contrasts involving the US and Latin America; land reform; labor movements; capitalism, socialism, imperialism; mass media.
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SOC 266 People and Places: The Demography of Rural America Credits: 3
Examines some of the most pressing issues and trends relating to how the U.S. population is changing and redistributing itself across the rural American landscape. Prereq: Open to Fr
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 277 Africa: An Introductory Survey Credits: 4
African society and culture, polity and economy in multidisciplinary perspectives from prehistory and ancient kingdoms through the colonial period to contemporary developments, including modern nationalism, economic development and changing social structure. Prereq: Open to Fr
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 311 Biotechnology and Society: The Socio-Cultural Study of Biotechnology Credits: 3
Examines socio-cultural issue surrounding contemporary biotechnology. Will study the production of biotechnologies using socio-cultural lenses and the ways in which the new biologies and biotechnologies become integral to the re-production of society and culture. Prereq: Sophomore Standing
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 320 Research Practicum in Sociology Credits: 1 - 3
Practical experience in techniques of social research through work on a research project for the semester. Prereq: Sociology 357 or equivalent or consent of instructor
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
SOC 350 Human Sexuality Credits: 4
Provides an interdisciplinary introduction to biological, psychological, and sociological aspects of human sexuality. Prereq> Sophomore standing or consent of instructor. Not open to students who have taken Soc/Psych 160
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 357 Methods of Sociological Inquiry Credits: 3 - 4
Scientific methods in the study of society; procedures for testing sociological theory; problem definition, hypothesis construction, collection and evaluation of data. Practical experience conducting small research projects. Should be taken as early as possible by students considering a major in Sociology. Prior statistics not required. Gateway to advanced courses in sociology. Prereq> Not open to students who have taken Soc 358
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 358 Design and Analysis of Social Research Credits: 3
Logic of social inquiry, operationalization of social theory, procedures for gathering and organizing data, hypothesis testing, analysis of data, techniques for generalizing from samples to populations. Prereq> Concurrent enrollment in Soc 359. Sophomore standing. Not open to students who have taken Soc 357, Soc 360 or equivalent
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 359 Statistical Analysis of Social Research Credits: 4
General Education: QR-B  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 360 Statistics for Sociologists I Credits: 4
Presentation of sociological data; descriptive statistics; probability theory and statistical inference; estimation and tests of hypotheses; regression and correlation and the analysis of contingency tables; lectures and lab. Gateway to advanced courses in sociology. It is recommended that students take Soc 357 prior to taking this course. Prereq> Satisfied Quantitative Reasoning (QR) A requirement. Not open to students who have taken Soc 359
General Education: QR-B  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 361 Statistics for Sociologists II Credits: 3
Applied linear regression modeling for social scientists. Bivariate and multiple regression, dummy variables, interactions, nonlinear relationships, indirect effects and omitted variable bias, outliers, heteroskedasticity, and multicollinearity; associated diagnostics and corrections. Use of Stata and/or SAS for dataset creation and analysis. Lectures and lab. Prereq> Sophomore standing. Sophomore standing, and Soc/Community & Environmental Soc 360 or equivalent
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 362 Statistics for Sociologists III Credits: 3
Generalized linear models with selected applications to social science data. Topics: Review of multiple regression; properties of estimators; general linear restrictions; instrumental variables; two-stage least squares; panel data; fixed and random effects; logit, probit, and related models. Lectures and lab. Prereq> Junior standing. Soc 361 or equivalent
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SOC 365 Data Management for Sociological Research Credits: 3 - 4
Understanding the structure of different types of social scientific data, techniques for data evaluation, cleaning, documentation and visual display, merging data from multiple sources, restructuring data for analysis. Prereq> Soc 360 or equivalent
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 375 Introduction to Mathematical Sociology Credits: 3
Explores mathematical models of social structure, focusing especially on social network analysis and related methods. Makes extensive use of matrix algebra and mathematical software. Matrix algebra recommended. Prereq> Junior standing. Soc 360 or equivalent or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
SOC 376 Mathematical Models of Social Systems Credits: 3
Explores mathematical models of social process employing dynamical systems, Markov chains, and simulation analysis. Examples will address a wide range of sociological topics including cultural evolution, demography, social influence, social-network formation, religion, residential segregation, and social movements. Prereq: Junior standing. Soc 375 or Math 320 or Math 340 or Math 341 or Math 375 or consent of instructor
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

SOC 380 Contemporary Population Problems for Honors Credits: 3
This course is designed to identify, examine the nature and evaluate the evidence regarding key population problems affecting modern societies in the developed and developing world. The course emphasizes the development of demographic models as a tool to frame, define and investigate these problems. Examples of problems studied include: relations between population growth and environment, population growth and socioeconomic development, population and emergence of new diseases. Prereq: Honors status. Soc 360 or equivalent or consent of instructor
L&S Breadth: Humanities or Soc Sci L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SOC 415 The Legal Profession Credits: 3 - 4
History, structure, and functioning of legal professions in the United States and in other countries around the world. Prereq: None
L&S Breadth: Social Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SOC 421 Processes of Deviant Behavior Credits: 3 - 4
Factors and conditions that underlie disagreement about fundamental values which inform views and conceptualizations of deviance; their relation to personal and social maladjustment; deviant behavior across different social contexts. Prereq: Sophomore standing. Soc/Community & Environmental Soc 357, and Soc/Community & Environmental Soc 360 or equivalent
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

SOC 422 Social Issues in Aging Credits: 3
This course is designed to give students an understanding of the origins, nature and scope and dynamics of the social problems of older adults and their families in the U.S. and to acquaint students with programs and services available to older adults. Prereq: An Intro Soc course (Soc 140, 181, 210, or 211) or Soc Work 205
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

SOC 431 Intermediate Criminal Justice in America Credits: 3 - 4
An introduction to criminal justice in America for juniors and seniors; covers police, courts and corrections in greater detail than Sociology 131, within sociological and social psychological perspectives. Prereq: Junior standing. Not open to students who have or are enrolled in Soc 131
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

SOC 441 Criminology Credits: 3 - 4
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SOC 445 Corrections and the Control of Crime Credits: 3
Operation of correctional agencies in the United States as part of the criminal justice system. Examination of their impact on recidivism. Review and critical assessment of past and present efforts in crime control, with implications for future policies. Prereq: Soc 360 or equivalent, and Soc 441
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

SOC 446 Juvenile Delinquency Credits: 3 - 4
Concepts of childhood and delinquency. Measurement of delinquent behavior. Application of competing theories to relationships within the family, school, and peer group. Evaluation of programs for treatment, prevention, and control. The rise of the juvenile system. Prereq: Sophomore standing. Intro Soc course (Soc 140, 181, 210, or 211) or Soc/Legal Studies 131
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally
SOC 460 Study Abroad in Demography and Ecology Credits: 1 - 6
This course provides a sociology area equivalency for demography and ecology courses taken on Madison study abroad programs that do not equate exactly to existing sociology courses. Prereq> Enrollment in a UW-Madison resident study abroad progm
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 461 Study Abroad in Additional Methods and Statistics Credits: 1 - 6
This course provides a sociology area equivalency for additional methods and statistics courses taken on Madison study abroad programs that do not equate exactly to existing sociology courses. Prereq> Enrollment in a UW-Madison resident study abroad progm
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 462 Study Abroad in Additional Theory Credits: 1 - 6
This course provides a sociology area equivalency for additional theory courses taken on Madison study abroad programs that do not equate exactly to existing sociology courses. Prereq> Enrollment in a UW-Madison resident study abroad progm
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 463 Study Abroad in Deviant Behavior Credits: 1 - 6
This course provides a sociology area equivalency for deviant behavior courses taken on Madison study abroad programs that do not equate to existing sociology courses. Prereq> Enrollment in a UW-Madison resident study abroad progm
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 464 Study Abroad in Social Psychology Credits: 1 - 6
This course provides a sociology area equivalency for social psychology courses taken on Madison study abroad programs that do not equate exactly to existing sociology courses. Prereq> Enrollment in a UW-Madison study abroad progm
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 465 Study Abroad in Social Organization Credits: 1 - 6
This course provides a sociology area equivalency for social organization courses taken on Madison study abroad programs that do not equate exactly to existing sociology courses. Prereq> Enrollment in a UW-Madison resident study abroad progm
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 470 Sociodemographic Analysis of Mexican Migration Credits: 3
Introduces students to social and demographic analysis and explanations of the historical and present day causes and consequences of migration of the largest immigrant group to the United States in the 20th century. Prereq> Chic/Std 201, 215, 220, 234, 210, or 205
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 475 Classical Sociological Theory Credits: 3
Classical theory: Marx, Durkheim, Weber, and other important classical theorists and schools of thought. Gateway to advanced courses in sociology. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 476 Contemporary Sociological Theory Credits: 3
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
SOC 477 Feminism and Sociological Theory Credits: 3
This course reviews the ways that feminist critiques have reshaped social theory since 1960. It examines the ways that feminist theorists have reconceptualized classical sociological problems and how this has influenced the ways research in conducted. Prereq> Soc 475 or any Gender & Women's Studies course carrying "S" or "Z" or "Y" breadth category.
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 478 Topics in Sociological Theory Credits: 3
Elements and issues in sociological theory. Various approaches taken to constructing theories or to a more intensive understanding of theoretical issues. Prereq> Soc 475
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 496 Topics in Sociology Credits: 1 - 3
Intensive study of selected topics in sociology. Prereq> Jr st & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 497 Study Abroad in Sociology Credits: 1 - 6
A course carried with a UW-Madison Study Abroad Program that has no equivalent on this campus. Prereq> None
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 530 Introductory Social Psychology Credits: 3 - 4
The systematic study of the individual in a social context, including social interaction, motivation, attitudes, conformity, communication, leadership, personal relationships, and behavior in small groups. Prereq> Sophomore standing and one of: Intro Soc course (SOC 140, 181, 210, or 211), Psych 201, Psych 202, Psych 281, or Anthro 100. Graduate students must have consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 531 Sociology of Medicine Credits: 3
Cultural, social, and social psychological factors in disease processes, distribution of disease, social definitions of illness, and organization of the health professions and health facilities. Prereq> Jr st and intro course in soc or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 532 Health Care Issues for Individuals, Families and Society Credits: 3
Issues related to health and health care delivery in our society. Topics include social, cultural and ethical influences on consumer definitions of health and use of medical care, and on the health care system's responses. Prereq> Intro Soc course (SOC 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SOC 533 Public Health in Rural & Urban Communities Credits: 3
Sociological approaches to community, rural, and public health. Examines epidemiological evidence for and policy solutions to health issues that impact vulnerable populations in diverse geographic and social settings. Topics include mental health, environmental and occupational health, preventive care, substance abuse. Prereq> Intro Soc course (SOC 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SOC 535 Talk and Social Interaction Credits: 3
Focus on the systematic observation and analysis of face-to-face interaction. Sociological approaches to naturally occurring interaction--i.e., human talk and behavior that has been observed, audiorecorded, or videorecorded--will be explored. The approaches include ethnomethodology, conversational analysis, and Goffmanian sociology. Prereq> Two Social Studies courses, or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 536 Public Opinion Credits: 3
Communication processes, agencies of mass influences; analysis of symbolic processes, publics, and audiences; censorship and propaganda, their personnel and strategies. Prereq> Intro Soc (SOC 140, 181, 210, or 211) and Soc 360 or equivalent, or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
SOC 537 Social Behavior Dynamics Credits: 3
Important factors in social behavior, roles, multiple group membership, cognitive processes, motivation, aggression, social prejudice. Prereq> Junior standing and Soc/Psych 530, or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 538 Small Groups Credits: 3
Concepts, hypotheses, techniques, and results of research on small groups. Prereq> Junior standing and Soc/Psych 530, or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit

SOC 539 Personality and Social Structure Credits: 3
Critical analysis of current theory and research bearing on the relations between personality and various aspects of social structure. Prereq> Junior standing and Soc/Psych 530, or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SOC 540 Sociology of International Development, Environment, and Sustainability Credits: 3
Sociological analysis of relationships among economic growth, environmental sustainability and social justice in the developing world. Considers frameworks for understanding poverty, hunger, educational and technological inequality, and the impact of globalization on prospects for socially and ecologically sustainable development. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SOC 541 Environmental Stewardship and Social Justice Credits: 3
Application of sociological theory and analysis to environmental issues. Course examines the ways in which environmental stewardship and conflict are embedded within broader cultural, social, and political contexts. Prereq> Any of the following: Soc Intro course (Soc 140, 181, 210 or 211), Soc/C&E Soc/Forest and Wildlife Ecology 248, Environmental Studies 112, Environmental Studies 113, Environmental Studies/Geography 139, Environmental Studies/Geography 337, Environmental Studies/Geography 339, or Geography 101
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SOC 543 Collective Behavior Credits: 3
Emergence of various forms of collective behavior from social interactions, collective action problem, game theory, prospect theory, social networks, network effects, information cascade, increasing returns, social influence, epidemics, social movements, mass media. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SOC 544 Introduction to Survey Research Credits: 3
Theory and practice of survey research; planning, sampling, questionnaire construction, interviewing, content analysis, machine tabulation, analysis of data; two hours lecture; two hours lab or field work. Prereq> Junior standing
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 545 Ethnomethodology Credits: 3
Study of how people, in their everyday lives, assign sense to the world and thereby assemble society's prominent features. Examination of conversational and other interactive practices. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 573 Community Organization and Change Credits: 3
Examines theories of community change and different models of community organizing. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SOC 575 Sociological Perspectives on the Life Course and Aging Credits: 3
Age as a basis of societal differentiation in modern and premodern societies; social psychological, demographic, sociobiological, socioeconomic, and sociohistorical views of age-graded events and behaviors; examination of the life course and aging as sociological variables. Prereq> Soc 357 or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
SOC 578 Poverty and Place Credits: 3
The allocation of economic and social rewards in the United States; emphasis on persistently poor regions and communities; analysis of selected minority groups and their poverty statuses; poverty programs and their consequences for structural and cultural changes. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
Ethnic Studies: Yes L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SOC 601 Sociology of Work, Family, and Gender Credits: 3
Examines the social issues and forces involved in the intersection of work, family, and gender. Considers how and why men's and women's experiences at work and at home differ, and how experiences in one realm affect experiences in the other. Prereq> Intro Soc course (Soc 140, 181, 210, or 211) or Gender & Women's Studies
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SOC 610 Knowledge and Society Credits: 3
Examines topics related to what has been called the "knowledge society." Explores various aspects of science and technology as they shape and are shaped by post-industrial societies. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SOC 611 Gender, Science and Technology Credits: 3
Examination of issues and theories in gender and science. Topics include historical and contemporary studies of technoscientific and medical constructions of sex/gender differences; feminist studies of science, technology, and medicine; proposals of new epistemologies. Prereq> Junior standing and one of Soc 475, G&WS 441, G&WS 445, or G&WS 477, or consent of instructor
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SOC 612 Agriculture, Technology, and Society Credits: 3 - 4
Interaction between agricultural technologies and the social, political, economic, and environmental contexts in which production takes place. Issues such as agricultural sustainability, the social impacts of biotechnology, and technology development in both advanced industrial nations and developing countries. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SOC 614 Social Structures of Muslim Societies Credits: 3
Analysis of legal, religious, familial, educational, and political institutions in Muslim societies, with special attention to the interaction between these institutions and contemporary social and economic processes. Prereq> Intro Soc course (Soc 140, 181, 210, or 211) or consent of instructor
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

SOC 615 Sociology of Religion Credits: 3
Function of religion in society; religious and societal variation; interrelations between religion and social structure, economic development, and character; the nature of religious movements. Prereq> Soc 475
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

SOC 616 Sociology of Culture Credits: 3
Relations between culture and society, sources of cultural change, relations between culture and power, elite and popular culture, contemporary mass culture, cultural production, markets, audiences, and organizations. Prereq> Soc 475
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

SOC 617 Community Development Credits: 3
Social, cultural and personality factors influencing community development, with reference to developing countries as well as contemporary rural communities; consideration of theoretical and operational issues. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

SOC 620 Comparative Racial Inequality Credits: 3
The construction of racial orders is treated in a comparative and historical framework, involving both Western and non-Western societies. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
Ethnic Studies: Yes L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring
SOC 621 Class, State and Ideology: an Introduction to Marxist Social Science Credits: 3
Core theoretical problems and themes of contemporary Marxist social science, focusing on the theory of history, classes, the state and ideology. Prereq> Grad standing, or Junior standing and consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SOC 622 Advanced Topics in Critical Sociology Credits: 3
Topics include: Marxism and feminism; race and class; alternative theories of history; methodological issues in contemporary Marxism. Prereq> Soc 475
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SOC 623 Gender, Society, and Politics Credits: 3
Examines the relationship between the social structures of gender (e.g., the domestic division of labor, sex-segregated occupational structures, gender ideologies, the social organization of sexuality) and political institutions, political activities, and state policies. Prereq> Junior standing. Soc 357 or a Gender & Women's Studies course with a S, Y or Z breadth designation
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 624 Political Sociology Credits: 3
Theory of democracy, political culture, comparative studies of voting behavior, political decisions, collective violence, regime breakdowns, social movements, mobilization processes, frame analysis. Prereq> Soc 475
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 625 Social Change Credits: 3
Social and cultural change in community and society; emphasis on rate, direction and degree of change, mechanisms and planning of change in modern and emerging nations. Prereq> Junior standing and an Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 626 Social Movements Credits: 3
Role of social structure, authorities and movement participants, and leadership in the origins, mobilization, participation, strategy and tactics, and potential for success of social movements. Prereq> Intro Soc course (Soc 140, 181, 210, or 211) or Soc 220 or Soc 357
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 630 Sociology of Developing Societies/Third World Credits: 3
Review of problems and prospects of so-called "developing societies." Includes theory of economic/social development, political economic organizations of "developing" societies, history of colonialism/imperialism, attempts to industrialize and results of those attempts. Prereq> Junior standing
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 632 Sociology of Organizations Credits: 3 - 4
Sociological perspectives on the structures and processes of large-scale formal organizations in Western society; a wide ranging examination of contemporary organizational theory and research, with illustrations from business, governmental, military, political and educational organizations. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 633 Social Stratification Credits: 3
Classical and contemporary theories of the nature of social inequality; recent patterns and trends in inequality in the US; analysis of inequalities based on class, race, gender; the relationship of inequality to globalization, immigration, and politics. Prereq> Intro Soc course (Soc 140, 181, 210, or 211) and Soc 360
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 634 Social Structure of India Credits: 3
Analysis of the major institutions of India with special attention to the relationship between Hindu community organization, caste and the family; the effects of political developments, population growth, industrialization, and urbanization. Prereq> Intro Soc course (Soc 140, 181, 210, or 211) or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
SOC 637 Sociology of Science Credits: 3
Social prerequisites for the development and growth of science; interrelationships between science and other sectors of society; organization of science and its consequences for the production of knowledge; social processes involving the role of the scientist. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 639 American Indians in Contemporary Society Credits: 3
Analysis of the social, economic, political, and legal status of American Indians in modern U.S. society, with emphasis on the emergence of tribal sovereignty, American Indian ethnic identity, pan-Indianism, and the special social and economic problems faced by American Indians. Prereq> Intro Soc course (Soc 140, 181, 210, or 211) or Soc 134
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SOC 640 Sociology of the Family Credits: 3
Examines family life from a sociological perspective, drawing on insights from demography, economics, history and anthropology. Considers theories and empirical evidence about families as social institutions; patterns of family change; and families and inequality. Prereq> Soc 360 or equivalent
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 641 Sociology of Law Credits: 3 - 4
Theory and research on the social origins, processes and effects of law; examination of law-related behavior, legal institutions, law and social structure, and law and social change; linkage to contemporary theoretical and political debates. Prereq> Junior standing and Soc 441 or Soc 475, or Law student
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 642 Social Control Credits: 3
How compliance to and deviation from institutionalized standards are motivated and regulated through the operation and self-control, norms, roles and routines, definitions of self and interaction, social statutes and societal reactions in various organizational settings. Prereq> Soc 421 or Soc 441
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SOC 643 Sociology of Occupations and Professions Credits: 3
Introduction to theories and empirical studies on occupations and professions. Examination of the historical change, social structure, market competition, lifestyles, career path, workplace interaction, and other aspects of professional life from the late nineteenth century to the age of globalization. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 645 Modern American Communities Credits: 3
Relevance of the concept of community to American society. Review of several basic theories of community and analysis of the nature of community in the broader political and economic context. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 646 Race and Ethnic Relations Credits: 3
Institutional, ecological, demographic, and social psychological aspects in the United States and elsewhere; historical and contemporary coverage. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 647 Sociology of Sport Credits: 3
Sport as a social institution; social characteristics and problems of sport at the youth, school, college, and professional levels. Prereq> Intro Soc course (Soc 140, 181, 210, or 211) or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
SOC 648 Sociology of Education Credits: 3
Educational institutions as social systems; role relationships, community contexts, relevant values and ideals, stratification, mobility, and recruitment to varied educational organizations, comparative educational systems. Prereq> Intro Soc course (Soc 140, 181, 210, or 211) and Soc 360 or equivalent, or School of Education classification, or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 649 Sociology of Work and Employment Credits: 3
Introduction to key themes in the sociology of work and employment. Uses comparative, historical, and theoretical perspectives to analyze contemporary transformations of work and employment in the 'new economy', with particular emphasis on the United States, Western Europe, and Japan. Prereq> Intro Soc course (Soc 140, 181, 210, or 211) and Soc 357
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 650 Sociology of Agriculture Credits: 3
Introduction to sociology of agriculture in advanced industrial-capitalist societies, including theoretical, historical, and empirical issues of agriculture in the United States. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 652 Sociology of Economic Institutions Credits: 3
Sociological perspectives on the organization of the firm, financial markets, and work, intermediate associations (unions, ethnic economies), the state, and the international economy. Contrast between neoclassical, traditional institutionalist, post-fordist, and neo-fordist perspectives on the nature and evolution of these institutions. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 655 Microfoundations of Economic Sociology Credits: 3
A review and critique of economic theory from a sociological perspective. Reviews central concepts of contemporary microeconomics (e.g., rationality, exchange, strategic interaction, evolution, information), addressing critiques and alternatives offered by economic sociologists, economists, and other behavioral and social scientists. Prereq> Intro Soc (Soc 140, 181, 210, or 211), Soc 357, Soc 360, Senior standing, and consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 663 Population and Society Credits: 3
Social and economic determinants and consequences of contemporary and historical population trends in both developed and developing societies. Fertility, mortality, migration, population distribution, age structure, population growth. Prereq> Any one of the following: Soc 170, Soc 357, Soc 380, Econ 101, Econ 111, AAE 215; or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 666 Rural Population Trends and Problems Credits: 3
Trends with their consequences for rural and urban areas. Prereq> Intro Soc course (Soc 140, 181, 210, or 211) and Soc 357
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SOC 670 Capitalism, Socialism, and Democracy in America Since 1890 Credits: 3 - 4
Political institutional arrangements which have emerged since 1890 and how they have influenced social and economic policies implemented since the Second World War. Why the working class has been politically weak in America; policy consequences of this weakness. Prereq> Junior standing and any one of these: Intro Soc course (Soc 140, 181, 210, or 211), Soc 125, Hist 102, or Hist 109. Soc 475 recommended
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 674 Demographic Techniques I Credits: 3
Methods of measurement for enumeration and registration data; construction of life tables; measures of fertility, nuptiality and migration; examination of census variables. Prereq> Junior standing. Soc 357 or consent of instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
SOC 676 Applied Demography: Planning and Policy  Credits: 3
Introduction to demographic concepts, methods, data, and trends for application in business, government, planning and other applied areas. Emphasis on U.S. census data and their uses. Prereq> Intro Soc course (Soc 140, 181, 210, or 211) and Soc 357
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SOC 677 Urbanism and Urbanization  Credits: 3
Comparative and historical approach to cities; urban spatial structure, temporal patterns, and population characteristics; the social structure and psychological aspects of urban communities; implications for policy and planning. Prereq> Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

SOC 678 Sociology of Persecution  Credits: 3
Persecution as an object of sociological investigation with special focus on the perpetrators’ motivations, the machinery of persecution policies, the behaviors of state agents, and the attitudes and strategies displayed by the potential victims. Prereq> Junior standing. Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SOC 681 Senior Honors Thesis  Credits: 3
Prereq> Honors status. Intro Soc course (Soc 140, 181, 210 or 211), Soc 357, Soc 360, Soc 475, and written consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 682 Senior Honors Thesis  Credits: 3
Continuation of 681  Prereq> Honors status, Soc 681, and written consent of instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 691 Senior Thesis  Credits: 3 - 2
Prereq> Intro Soc course (Soc 140, 181, 210 or 211), Soc 357, Soc 360, Soc 475, Senior standing, major in Soc, and consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 692 Senior Thesis  Credits: 3 - 2
Continuation of 691  Prereq> Soc 691 and written consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 693 Practicum in Analysis and Research  Credits: 3
Practical experience in techniques of social research through assignment to a research project for the semester. Lectures, readings, and discussions of the art and practice of research and the writing of research reports. For undergraduate and graduate students participating in the department's Concentration in Analysis and Research. Prereq> Soc 357, Soc 360, Soc 361, and CAR internship. Open only to students currently enrolled in CAR
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

SOC 694 Criminal Justice Field Observation  Credits: 2 - 3
Field placements and seminar sessions to develop sociological understanding of criminal justice processes. Placement in criminal justice agencies and lectures and discussions applying concepts and theories to field experience. Prereq> Soc 131 and Criminal Justice Certificate declaration
L&S Level: Advanced  L&S Credit: Counts for LAS credit

SOC 698 Directed Study  Credits: 1 - 6
Graded on a Cr/N basis. Prereq> Junior standing and written consent of instructor. Graded on a Credit/No-Credit basis
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SOC 699 Directed Study  Credits: 1 - 6
Graded on a lettered basis. Prereq> Junior standing and written consent of instructor. Graded on a lettered basis
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
SOC 700 Introductory Proseminar for Graduate Students Credits: 1
An introduction to current issues in sociology and its subfields. Prereq: Must be first-year Grad stdt in sociology and its subfields
Typically Offered: Occasionally

SOC 708 Societal Risk Management of Technological Hazards Credits: 3
Issues involved in decision-making regarding technological risks and risk management in areas such as nuclear power, hazardous waste disposal, and pollution control. Risk perception and cognitive biases; risk analysis and decision analysis; political issues in risk management; regulatory mechanisms; and risk communication. Selected case studies. Prereq: Stat 311 or Math 431 or Soc 360, IE 516, & Grad st; or cons inst
Typically Offered: Occasionally

SOC 710 Interaction Analysis: Talk as Social Organization Credits: 3
The study spoken English as a site for social organization. Theoretical foundations and methodological practices for conversation analysis will be explored using videotaped data from English. Content includes current critical trends in analyzing interaction as well as cross-cultural and cross-linguistic perspectives. Prereq: Graduate standing
Typically Offered: Fall

SOC 720 Intermediate Social Organization Credits: 3
Theory and methods for the study of the causes of different types of social structures and their changes. Prereq: Grad st and cons inst
Typically Offered: Occasionally

SOC 724 Intermediate Political Sociology Credits: 3
Critical examination of theories and research in political sociology. Topics include: power and interests, state-formation, social movements, class and political behavior, revolutions, ideology, and states and social policy. Prereq: Grad st
Typically Offered: Occasionally

SOC 730 Intermediate Social Psychology: The Individual and Society Credits: 3
Major social psychological theories and research that focus on the individual in social context. Topics include: perspectives on socialization, the self, social perception and attribution, attitudes, language and nonverbal communication, and attraction and relationships. Prereq: Grad st
Typically Offered: Occasionally

SOC 731 Intermediate Social Psychology: Group and Collective Processes Credits: 3
Major social psychological theories and research that focus on interpersonal relations and group processes. Topics include: social interaction (influence, self-presentation, altruism, aggression), groups (cohesion, conformity, leadership, problem-solving, decision making), intergroup relations (conflict, stereotypes), n-person games (dilemmas, coalition formation). Prereq: Grad st
Typically Offered: Occasionally

SOC 735 Ethnomethodology & Conversation Analysis Credits: 3
This course is concerned with the analysis of everyday, local practices for assembling coherent and stable social environments. The focus on everyday practices derives from both ethnomethodological and conversation analytic literatures and investigations. Instruction will involve both didactic or illustrative presentations and hands-on work with interactional data from a variety of social settings, whether informal telephone calls, or more formal work or organizational settings. Prereq: Graduate standing
Typically Offered: Fall, Spring

SOC 748 Environmental Sociology Credits: 3
Interaction between societies and their environments. Includes human ecology, environmental attitudes and individual actions, the social organization of environmental protection and exploitation and the effects of science, technology, and development. Prereq: Grad st
Typically Offered: Occasionally

SOC 749 Social Policy and Management of National Parks and Protected Areas Credits: 3
Explores the relationship of social policy to the formation and management of U.S. National Parks in the past, present and future. Implications of social policy for park systems and preserves throughout the world are addressed. Prereq: Grad st or cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
SOC 750 Research Methods in Sociology Credits: 3
Application of scientific methods to the analysis of social phenomena; methodological orientations in sociology;
types of research procedure: nature of sociological variables; lectures and lab. Prereq> Grad st, Soc 357 and 362 or equiv
Typically Offered: Occasionally

SOC 751 Survey Methods for Social Research Credits: 3
Theoretical and practical issues involved in the design of surveys and their components. Students apply knowledge of survey research techniques to a specific and complete research project. Prereq> Grad st and Soc 361 or equiv
Typically Offered: Occasionally

SOC 752 Measurement and Questionnaires for Survey Research Credits: 3
Analysis and presentation of survey results through contingency table analysis. Techniques for assessing the quality of data produced by survey methods. Practical application of course material to a specific research problem through research reports and other exercises involving data analysis on a topic of the student's choice. Prereq> Soc 751 or permission of inst
Typically Offered: Occasionally

SOC 753 Comparative and Historical Methods in Sociology Credits: 3
Students learn about comparative strategies and historical methods through methodological readings, exercises, and evaluations of exemplary analyses in which investigators of organizational structures, institutional relationships, political conflicts, and cultural patterns bring theory and historical-comparative evidence to bear on one another. Prereq> Soc 357 or 358/359 or undergrad methods sequence or consent of instructor
Typically Offered: Occasionally

SOC 754 Qualitative Research Methods in Sociology Credits: 3
This course teaches how qualitative research can be used to advance sociological theory. Topics include inductive and deductive research designs in qualitative research, conducting and analyzing interviews, content analysis, conducting observations, focus groups and data management in qualitative research. Prereq> Grad st in Soc/C&E Soc or consent of instructor
Typically Offered: Occasionally

SOC 755 Methods of Qualitative Research Credits: 3
Introduces qualitative, or ethnographic, research methods, emphasizing those suitable for educational and other organizational settings. Considers strengths and limitations of qualitative approaches in relation to varied research problems. Explores methodological procedures from entry into the field through writing. Prereq> Cons inst
Typically Offered: Occasionally

SOC 756 Demographic Techniques II Credits: 3
Intermediate to advanced tools used by demographers for studying the behavior of human populations: multiple decrement processes, stable population model, demographic relations in non-stable populations, model age patterns of vital events, indirect estimation methods. Prereq> Soc 674 or consent of instructor
Typically Offered: Occasionally

SOC 759 Mathematical Sociology Credits: 3
Application of exact and stochastic models in discrete and continuous time to the explication of sociological theory. Prereq> Grad st & Math 222 or 240 or cons inst
Typically Offered: Occasionally

SOC 772 Techniques and Problems of Theory Construction Credits: 3
Techniques for constructing theories, review of the relevant philosophy of science, introduction to meta-theory, relationship between theory and research. Prereq> Grad st
Typically Offered: Occasionally

SOC 773 Intermediate Classical Theory Credits: 3
Intensive and critical examination of the major theoretical traditions involved in sociology's development since the 19th century. Prereq> Grad st
Typically Offered: Occasionally
SOC 797 Introduction to Epidemiology Credits: 3
Lectures and discussions on design, implementation and interpretation of epidemiologic studies; emphasis on methodologic problems in the measurement of disease frequency, natural history and risk factors. Prereq> Grad st or healthcare professional program st or cons inst
Typically Offered: Fall

SOC 804 Interdisciplinary Western European Area Studies Seminar Credits: 3
Prereq> Grad st, cons inst
Typically Offered: Occasionally

SOC 875 Special Topics Credits: 1 - 4
Prereq> Grad st and cons inst
Typically Offered: Fall, Spring

SOC 901 Seminar: Topics in Current Sociology Credits: 2 - 3
Critical review of most recent research in sociology. Prereq> Grad st and cons inst
Typically Offered: Occasionally

SOC 903 Seminar in Gender Analysis Credits: 3
An examination of the leading theoretical perspectives on gender relations at micro, meso and macro levels of analysis and applications of these perspectives to specific empirical issues. Prereq> Grad st
Typically Offered: Occasionally

SOC 904 Sociological Perspectives on Gender Credits: 3
Advanced topics in the analysis of gender relations in society. Prereq> Grad st
Typically Offered: Occasionally

SOC 908 Seminar-Sociology of Education Credits: 3
Selected topics. Prereq> Grad st or cons inst
Typically Offered: Occasionally

SOC 910 Teaching Sociology Credits: 3
Alternatives in course organization, instructional methods, and grading techniques with emphasis on teaching basic undergraduate courses. Prereq> Cons inst
Typically Offered: Occasionally

SOC 912 Seminar-Sociology of Knowledge Credits: 3
Ideas, ideologies, and other kinds of social thought which are functionally interdependent with social processes and structures. Prereq> Grad st & cons inst
Typically Offered: Occasionally

SOC 913 Seminar-Social Change Credits: 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

SOC 915 Seminar-Sociological Theory Credits: 3
Coordination of current theories and methods of relevance for sociological research. Prereq> Grad st and cons inst
Typically Offered: Occasionally

SOC 918 Seminar in Comparative Sociology of Contemporary Capitalism Credits: 3
Origins and consequences of inter-regime and inter-temporal variation in the institutions of capitalism. The evolution and current trajectory of contemporary capitalism across North America, Europe, and East Asia. Theoretical debates on the dynamics, contradictions and variations of capitalist systems. Background in basic concepts of economic sociology required. Prereq> Soc 651 or 652 or equiv
Typically Offered: Occasionally

SOC 919 Seminar: Topics in Economic Sociology Credits: 3
Explores the frontiers of research in economic sociology, drawing on recently published major work and on ongoing research by faculty and students. Prereq> Soc 651 & 652, or cons inst
Typically Offered: Occasionally
SOC 920 Seminar: Organizations Theory Credits: 3
Prereq> Soc 632, Grad st, & cons inst
Typically Offered: Occasionally

SOC 921 Seminar-Research in the Sociology of Medicine Credits: 3
Research in social organization of the hospital, and treatment and control of illness. Prereq> Grad st & cons inst
Typically Offered: Occasionally

SOC 922 Seminar-Race and Ethnic Relations Credits: 3
Theoretical, methodological, and current research problems. Prereq> Soc 134 or 646 & cons inst
Typically Offered: Occasionally

SOC 923 Seminar-Social Stratification Credits: 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

SOC 924 Seminar-Political Sociology Credits: 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

SOC 925 Seminar: Socio-Economic Change in Underdeveloped Areas Credits: 2 - 3
Social and economic factors relating to stability, growth, and change in the non-Western areas of the contemporary world. Prereq> Grad st & cons inst
Typically Offered: Occasionally

SOC 927 Seminar-Sociology of Contemporary Institutions Credits: 3
Research relevant to a particular contemporary institution (medicine, law, education, etc.). Prereq> Grad st and cons inst
Typically Offered: Occasionally

SOC 928 Seminar: Interdisciplinary Approaches to Life-Span Development Credits: 3
An interdisciplinary examination of selected aspects of human development across the life-span. The influences of biological, psychological, family, economic, cultural and historical forces upon personality, cognitive, moral and social development throughout the life course. Prereq> Ed Psych 723, Soc 575 or Cave 640 or cons inst
Typically Offered: Occasionally

SOC 929 Seminar: Class Analysis and Historical Change Credits: 3
Selected topics in Marxist theory and research. Prereq> Grad st
Typically Offered: Occasionally

SOC 930 Seminar - Socio-Legal Studies Credits: 1 - 3
A sociological exploration of work in the interdisciplinary "law and society" tradition. Themes include compliance and resistance, dispute resolution, legal consciousness, legal pluralism, law and politics, the social dynamics of legal institutions, and the allocative and distributive impact of law. Prereq> Cons inst
Typically Offered: Occasionally

SOC 931 Seminar-Criminology Credits: 3
Conditions and processes in the development of criminal careers; social and psychogenic theories of crime; case studies of individual offenders. Prereq> Grad st and cons inst
Typically Offered: Occasionally

SOC 935 Seminar-Deviant Behavior Credits: 3
Typically Offered: Occasionally

SOC 940 Seminar-Sociology of Economic Change Credits: 3
Theoretical and technical problems in research concerning organizational and socio-psychological aspects of changes in large scale social systems. Prereq> Grad st & cons inst
Typically Offered: Occasionally
**SOC 945 Seminar-Rural Sociology** Credits: 3  
Theory and research in alternate semesters in rural aspects of population, stratification, social change, and groups and institutions. Prereq> Grad st and cons inst  
Typically Offered: Occasionally

**SOC 948 Seminar: Environmental Sociology** Credits: 3  
Examines topics such as theories of environment and society, the treadmill of production, environmental movements, political ecology, environmental justice, consumption, ecological modernization, sustainability, environmental risk, and the sociology of environmental science. Prereq> Cons inst  
Typically Offered: Occasionally

**SOC 952 Seminar-Mathematical and Statistical Applications in Sociology** Credits: 3  
Selected topics in measurement and model construction in social research. Prereq> Grad st & cons inst  
Typically Offered: Occasionally

**SOC 955 Seminar-Qualitative Methodology** Credits: 3  
An intensive, practice-oriented exploration of one qualitative research method such as participant-observation, interviewing, narrative analysis, oral history or ethnognography. Treatment of the method includes: logics of inquiry, analysis of data obtained through the method, and uses of the method. Prereq> Grad st; soc, educ, or related soc sci background & cons inst  
Typically Offered: Occasionally

Prereq> Grad st
L&S Breadth: Literature  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SPANISH 627 Historia de Teoria Literaria: de Platon Al Siglo XVIII Credits: 3
Historical survey of major currents of literary theory in Europe, beginning with Plato and ending with Neo-classicism. Prereq> Grad st
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SPANISH 628 Historia de Teoria Literaria: Siglos XIX-XX Credits: 3
Modern literary theories with special attention to Hispanic literatures. Prereq> Grad st
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SPANISH 630 Topics in Hispanic Linguistics Credits: 3
Prereq> Grad st or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SPANISH 640 Comentario de textos Credits: 2
Prereq> Grad st
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SPANISH 681 Senior Honors Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SPANISH 682 Senior Honors Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SPANISH 691 First Semester Senior Thesis Credits: 3
First semester independent study with the goal to do the preliminary research to write a senior thesis in Spanish. Prereq> Senior Standing. Consent of instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SPANISH 692 Second Semester Senior Thesis Credits: 3
Second semester independent study with the goal to complete a senior thesis in Spanish. Prereq> Senior standing, consent of instructor, Spanish 691
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

SPANISH 699 Directed Study Credits: 1 - 6
Prereq> Jr or Sr st; graded on a lettered basis; requires cons of chair and instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SPANISH 701 Textual Criticism Credits: 3
Prereq> Grad st
Typically Offered: Occasionally
SPANISH  712 Special Topics: Advanced Placement Seminar  Credits: 1 - 3  Planning course outlines and materials designed to help students prepare for the AP exam in Spanish language and/or literature. Consideration of the format of the AP exam(s) and of the particular objectives in the four language skills. Prereq> HS teacher currently teaching or expecting to teach adv crses for stdts who may take AP exam in Spanish lang and/or lit  Typically Offered: Occasionally

SPANISH  713 Methods of Teaching Spanish  Credits: 3  Prereq> Grad st  L&S Level: Advanced  Typically Offered: Occasionally

SPANISH  715 Topics in Hispanic Cultural Studies  Credits: 3  A course for graduate students focusing on the study of culture in the context of Hispanic studies. Prereq> Grad st or cons inst  Typically Offered: Occasionally

SPANISH  716 Topics in Spanish American Literature  Credits: 3  An advanced topics course focusing on major issues in Spanish American literary and/or intellectual history. Prereq> Grad st  Typically Offered: Occasionally

SPANISH  718 Topics in Medieval Spanish Literature  Credits: 3  An advanced topics course focusing on themes, particular authors, individual works, or literary genres in medieval Spanish literature. Prereq> Grad st  Typically Offered: Occasionally

SPANISH  801 Seminar-Spanish American Literature  Credits: 3  Prereq> Grad st  Typically Offered: Occasionally

SPANISH  802 Seminar-Spanish American Literature  Credits: 3  Prereq> Grad st  Typically Offered: Occasionally

SPANISH  811 Philological Seminar-Old Spanish  Credits: 3  Prereq> Grad st  Typically Offered: Occasionally

SPANISH  813 Seminar-Historical Spanish Syntax and Lexicography  Credits: 3  Prereq> Grad st  Typically Offered: Occasionally

SPANISH  815 Seminar in Language: Modern Spanish  Credits: 3  Prereq> Grad st  Typically Offered: Occasionally

SPANISH  817 Romance Philology  Credits: 3  Prereq> Grad st  Typically Offered: Occasionally

SPANISH  830 Seminar: The Spanish Grammatical Tradition  Credits: 3  Typically Offered: Occasionally

SPANISH  831 Seminar: Hispanic Dialectology  Credits: 3  Prereq> Grad st  Typically Offered: Occasionally

SPANISH  841 Seminar: Libro de Buen Amor, Celestina, Corbacho  Credits: 3  Prereq> Grad st  Typically Offered: Occasionally
SPANISH 842 Seminar-Medieval Literature Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

SPANISH 850 Seminar in Golden Age Drama Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

SPANISH 851 Seminar in Golden Age Prose: Cervantes Don Quijote Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

SPANISH 852 Seminar in Golden Age Prose Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

SPANISH 853 Seminar in Golden Age Poetry Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

SPANISH 860 Seminar: 18th Century Literature Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

SPANISH 861 Seminar-Modern Spanish Literature Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

SPANISH 862 Seminar-Modern Spanish Literature Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

SPANISH 882 Seminar in Hispanic Culture Credits: 3
Seminar focusing on literary, cultural and/or theoretical topics relevant to Spanish and/or Spanish-American culture. Taught in English. Prereq> Grad st or cons inst
Typically Offered: Spring

SPANISH 899 Independent Reading Credits: 1 - 3
Prereq> Grad st
Typically Offered: Occasionally

SPANISH 982 Interdepartmental Seminar in the Latin-American Area Credits: 1 - 3
Prereq> Grad st & cons inst
Typically Offered: Occasionally

SPANISH 990 Thesis Credits: 1 - 12
Credit commensurate with work accomplished.
Typically Offered: Occasionally

STATISTICS

STAT 201 Principles of Statistics Credits: 3
Need for scientific methods in collecting, reporting, and interpreting information; inferences and decisions in the presence of uncertainty and statistical variation; elements of probability; random variables; Binomial and Normal probability distributions; point and interval estimation of means and proportions; tests of statistical hypotheses; estimation of variances. Prereq> Completion of QR-A. Open to Fr. Stdts may receive degree cr for no more than one of the following crses: Stat 201, 224, and 301
General Education: QR-B  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
STAT 224 Introductory Statistics for Engineers  Credits: 3  
Prereq> Math 221. 2nd Sem Fr St. Stdts may receive degree cr for no more than one of the following: Stat 201, 224, and 301  
General Education:  QR-B  L&S Breadth:  Natural Science  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  
Typically Offered:  Fall, Spring

STAT 301 Introduction to Statistical Methods  Credits: 3  
Distributions, measures of central tendency, dispersion and shape, the normal distribution; experiments to compare means, standard errors, confidence intervals; effects of departure from assumption; method of least squares, regression, correlation, assumptions and limitations; basic ideas of experimental design. Prereq> Completion of QR-A. Open to Fr. Stdts may receive degree cr for no more than one of the following: Stat 201, 224, 301, 324, and 371  
General Education:  QR-B  L&S Breadth:  Natural Science  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  
Typically Offered:  Fall, Spring, Summer

STAT 302 Accelerated Introduction to Statistical Methods  Credits: 3  
Graphical and numerical exploration of data; standard errors; distributions for statistical models including binomial, Poisson, normal; estimation; hypothesis testing; randomization tests; basic principles of experimental design; regression; ANOVA; categorical data analysis; goodness of fit; application. (intended for students wishing to take additional statistics courses). Prereq> Satisfied Quantitative Reasoning (QR) A requirement and Math 221 or equivalent  
General Education:  QR-B  L&S Breadth:  Natural Science  L&S Level:  Intermediate  L&S Credit:  Counts for LAS credit  
Typically Offered:  Fall, Spring, Summer

STAT 309 Introduction to Probability and Mathematical Statistics I  Credits: 3  
Probability and combinatorial methods, discrete and continuous, univariate and multivariate distributions, expected values, moments, normal distribution and derived distributions, estimation. Prereq> Math 234 or concurrent registration. Students may not enroll if they have completed Stat 311 or Math/Stat 431  
L&S Breadth:  Natural Science  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  
Typically Offered:  Fall

STAT 310 Introduction to Probability and Mathematical Statistics II  Credits: 3  
This course in mathematical statistical inference aims at providing an understanding of likelihood's central role to statistical inference, using the language of mathematical statistics to analyze statistical procedures, and using the computer as a tool for understanding statistics. Specific topics include: samples and populations, estimation, hypothesis testing, and theoretical properties of statistical inference. Prereq> Math/Stat 309 or Stat 311 or Math/Stat 431 (with Math/Stat 309 recommended) AND an introductory statistics course (Stat 224 or Stat 301 or Stat 302 or Stat 324 or Stat 371 or Econ 310)  
L&S Breadth:  Natural Science  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  
Typically Offered:  Spring

STAT 311 Introduction to Theory and Methods of Mathematical Statistics I  Credits: 3  
Elements of probability, important discrete distributions, acceptance sampling by attributes, sample characteristics, probability distributions and population characteristics, the normal distribution, acceptance sampling plans based on sample means and variances, sampling from the normal, the central limit theorem, point and interval estimation. Prereq> Math 234 or concurrent registration. Students may not enroll if they have completed Math/Stat 309 or Math/Stat 431  
L&S Breadth:  Natural Science  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  
Typically Offered:  Fall, Spring

STAT 312 Introduction to Theory and Methods of Mathematical Statistics II  Credits: 3  
Unbiased estimation, maximum likelihood estimation, confidence intervals, tests of hypotheses, Neyman-Pearson lemma, likelihood ratio test, regression, analysis of variance with applications. Prereq> Math/Stat 309 or Stat 311 or Math/Stat 431 (with Stat 311 recommended)  
L&S Breadth:  Natural Science  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  
Typically Offered:  Fall, Spring

STAT 319 Elementary Decision Theory  Credits: 3  
Prereq> Stat 310 or cons inst  
L&S Breadth:  Natural Science  L&S Level:  Advanced  L&S Credit:  Counts for LAS credit  
Typically Offered:  Occasionally
STAT 324 Introductory Applied Statistics for Engineers Credits: 3
Descriptive statistics, probability concepts and distributions, random variables. Hypothesis tests and confidence intervals for one- and two-sample problems. Linear regression, model checking, and inference. Analysis of variance and basic ideas in experimental design. Math 222. Stds may receive degree cr for no more that one of the following: Stat 201, 224, 301 and 324. Open to Fr
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

STAT 327 Learning a Statistical Language Credits: 1
This modular course is aimed at providing students with an understanding of commonly used statistical languages. (Two such languages commonly used in our Department -- and others -- are R and SAS.) Modules will be offered at the introductory, intermediate and advanced levels. (Also, students may not receive credit twice for the same language at the same level.) Prereq> Any introductory stat course (224, 301, 302, 324, 371) for all modules; additional prerequisites will vary by topic
L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

STAT 333 Applied Regression Analysis Credits: 3
An introduction to regression with emphasis on the practical aspects. Topics include: straight-line model, role of assumptions, residual analysis, transformations, multiple regression (with some use of matrix notation), multicollinearity, subset selection, and a brief introduction to mixed models. Prereq> An introductory statistics course (Stat 224 or Stat 301 or Stat 302 or Stat 324 or Stat 371) and Stat 327 (Stat 327 may be taken concurrently)
General Education: QR-B  L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

STAT 349 Introduction to Time Series Credits: 3
Autocorrelation; stationarity and non-stationarity; heteroscedasticity; dynamic models; auto-regressive and moving average models; identification and fitting; forecasting; seasonal adjustment; applications for financial time series, social sciences and environmental studies. Prereq> Stat 333
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

STAT 351 Introductory Nonparametric Statistics Credits: 3
Distribution free statistical procedures or methods valid under nonrestrictive assumptions: basic tools; counting methods; order statistics, ranks, empirical distribution functions; distribution free tests and associated interval and point estimators; sign test; signed rank tests; rank tests; Mann Whitney Wilcoxon procedures; Kolmogorov Smirnov tests; permutation methods; kernel density estimation; kernel and spline regression estimation; computer techniques and programs; discussion and comparison with parametric methods.. Prereq> Statistics 333
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

STAT 371 Introductory Applied Statistics for the Life Sciences Credits: 3
The course will provide students in the life sciences with an introduction to modern statistical practice. Topics include: exploratory data analysis, probability and random variables; one-sample testing and confidence intervals, role of assumptions, sample size determination, two-sample inference; basic ideas in experimental design, analysis of variance, linear regression, goodness-of fit; biological applications. Prereq> Math 112 & 113 or Math 114. Open to Fr. Stds may receive cr for no more than one of the following crses: Stat 201, 224, 301, 324, & 371
General Education: QR-B  L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

STAT 411 An Introduction to Sample Survey Theory and Methods Credits: 3
An introduction to the methods used to design sample surveys and analyze the results. Topics covered include: basic tools, simple random sampling, ratio and regression estimation, stratification, systematic sampling, cluster (area) sampling, two-stage sampling, unequal probability sampling, non-sampling errors, and missing data. For illustration and clarification, examples are drawn from diverse areas of application. Prereq> Stat 333
L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

STAT 421 Applied Categorical Data Analysis Credits: 3
Analysis of multidimensional contingency tables, Poisson regression, and logistic regression, with emphasis on practical applications. Use of computer programs for such analyses. Model selection, testing goodness of fit, estimation of parameters, measures of association and methods for detecting sources of significance. Prereq> Stat 333
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
STAT 424 Statistical Experimental Design  Credits: 3
This course provides a systematic introduction to statistical design and analysis of experiments. Topics include: principles of randomization, blocking and replication, randomized blocking designs, Latin square designs, full factorial and fractional factorial designs and response surface methodology. Substantial focus will be devoted to engineering applications.  Prereq> An introductory statistics course (Stat 224 or Stat 301 or Stat 302 or Stat 324 or Stat 371)
L&S Breadth:  Natural Science  L&S Level:  Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

STAT 426 Reliability  Credits: 3
Engineering reliability, analysis of failure data, estimates of hazard rates and failure distributions for the reliability of components and/or systems, acceptance sampling plans for quality control.  Prereq> Stat 224 or cons inst
L&S Breadth:  Natural Science  L&S Level:  Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

STAT 431 Introduction to the Theory of Probability  Credits: 3
Probability in discrete sample spaces; combinatorial analysis; conditional probabilities, stochastic independence, Laplace limit theorem, Poisson distribution, laws of large numbers, random variables, central limit theorem, applications.  Prereq> Math 223 or 234
L&S Breadth:  Natural Science  L&S Level:  Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

STAT 441 Introduction to Biostatistics for Pharmacy  Credits: 3
Introduction to statistical methods used in pharmaceutical and related biomedical applications. Topics include exploratory data analysis of random samples, theory of probability and population reference distributions, statistical inference and hypothesis testing, regression methods, and survival analysis techniques.  Prereq> Admission to School of Pharmacy, Pharm.D. prgm
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

STAT 456 Applied Multivariate Analysis  Credits: 3
Theory and applications of multivariate statistical methods. Basic concepts and statistical reasoning which underlie the techniques of multivariate analysis. Ideas rather than derivations stressed although basic models discussed to give the student some feeling for their adequacy in particular situations. Acquaintance with and use of existing computer programs in the multivariate analysis area.  Prereq> Stat 333 and a course in linear algebra (Math 340 or Math 341 or Math 375)
L&S Breadth:  Natural Science  L&S Level:  Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

STAT 461 Financial Statistics  Credits: 3
Stochastic models and statistical methodologies are widely employed in modern finance. The models and their inferences are very important for academic research and financial practices. This course will cover the financial stochastic models and their statistical inferences with applications to volatility analysis and risk management. It will introduce discrete models such as binomial trees and GARCH and stochastic volatility models as well as simple continuous models like the Black-Scholes model. The main focus of the course will be on statistical inference, data analysis and risk management regarding these models.  Prereq> Stat 333 or Econ 410 and one of Stat 309 or Stat 311 or Math 431
L&S Level:  Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

STAT 471 Introduction to Computational Statistics  Credits: 3
Classical statistical procedures arise where closed-form mathematical expressions are available for various inference summaries (e.g. linear regression; analysis of variance). A major emphasis of modern statistics is the development of inference principles in cases where both more complex data structures are involved and where more elaborate computations are required. Topics from numerical linear algebra, optimization, Monte Carlo (including Markov chain Monte Carlo), and graph theory are developed, especially as they relate to statistical inference (e.g., bootstrapping, permutation, Bayesian inference, EM algorithm, multivariate analysis).  Prereq> Stat 310 and Stat 333
L&S Breadth:  Natural Science  L&S Level:  Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

STAT 475 Introduction to Combinatorics  Credits: 3
L&S Breadth:  Natural Science  L&S Level:  Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
STAT 479 Special Topics in Statistics Credits: 1 - 3
This course will be used for curricular offerings for topics of interest to undergraduates. It will be offered as the need arises. Prereq> Consent of instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

STAT 511 Introduction to Biostatistical Methods for Public Health Credits: 3
Provides breadth in biostatistical methods for public health practitioners. Topics will include research design, data collection methods and database management, statistical computing and programming, descriptive statistics in tables and graphics, introductory statistical methods, and survey sampling. Prereq> Enrollment in the Master of Public Health (MPH) program at UW-Madison or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

STAT 525 Linear Programming Methods Credits: 3
Real linear algebra over polyhedral cones; theorems of the alternative for matrices. Formulation of linear programs. Duality theory and solvability. The simplex method and related methods for efficient computer solution. Perturbation and sensitivity analysis. Applications and extensions, such as game theory, linear economic models, and quadratic programming. Prereq> Math 443 or 320 or 340 or cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

STAT 541 Introduction to Biostatistics Credits: 3
Course designed for the biomedical researcher. Topics include: descriptive statistics, hypothesis testing, estimation, confidence intervals, t-tests, chi-squared tests, analysis of variance, linear regression, correlation, nonparametric tests, survival analysis and odds ratio. Biomedical applications used for each topic. Prereq> Math 221 or equiv or cons inst
General Education: QR-B  L&S Breadth: Natural Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

STAT 542 Introduction to Clinical Trials I Credits: 3
Intended for biomedical researchers interested in the design and analysis of clinical trials. Topics include definition of hypotheses, measures of effectiveness, sample size, randomization, data collection and monitoring, and issues in statistical analysis. Statistics graduate students should take Stat 641. Prereq> Stat 541 or equiv or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

STAT 546 Practicum in Clinical Trial Data Analysis and Interpretation Credits: 3
Provides practice in analysis and interpretation of existing datasets from national and international clinical trials in a variety of diseases. Students will develop a research question, review clinical protocols, and analyze available data to prepare a report. Prereq> Stat 541 or 572 & Stat 542 or 641
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

STAT 571 Statistical Methods for Bioscience I Credits: 4
Descriptive statistics, distributions, one- and two-sample normal inference, power, one-way ANOVA, simple linear regression, categorical data, non-parametric methods; underlying assumptions and diagnostic work. Prereq> College algebra: Grad st or cons inst
General Education: QR-B  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

STAT 572 Statistical Methods for Bioscience II Credits: 4
Continuation of Forestry 571. Polynomial regression, multiple regression, two-way ANOVA with and without interaction, split-plot design, subsampling, analysis of covariance, elementary sampling, introduction to bioassay. Prereq> Stats/Forestry/Hort 571
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

STAT 575 Statistical Methods for Spatial Data Credits: 3
Detecting and quantifying spatial patterns and modeling in the presence of such patterns. Spatial Point Patterns: testing nonrandomness, simulating and characterizing patterns. Lattice Data: spatial autocorrelation and regression. Geostatistics: variograms, ordinary and universal kriging, inference, assessing assumptions, and extensions. Prereq> Stat 333 & 424; or Stat/Forest/Hort 572; or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
Together with Stat 602, this course is to provide graduate students in statistics and related quantitative fields with a thorough grounding in modern statistical methods. The specific learning outcomes for the course are to understand data collection in context (how/why data were collected, key questions under study); explore data by effective graphical and numerical summaries; understand probability concepts and models as tools for studying random phenomena and for statistical inference; analyze data using appropriate, modern statistical models, methods, and software; understand the statistical concepts underlying methods; develop the ability to interpret results and critically evaluate the

L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

Review of probability, random variables and vectors and their distributions, moments and inequalities, generating functions, transformations of random variables, sampling and distribution theory, convergence concepts for sequences of random variables, laws of large numbers, central limit and other limit theorems. Prereq> Stat 309 or 431, Math 340, Math 521, or equiv or cons inst

L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

Conditioning, distribution theory, approximation to distributions, modes of convergence, limit theorems, statistical models, parameter estimation, comparison of estimators, confidence sets, theory of hypothesis tests, introduction to Bayesian inference and nonparametric estimation. Prereq> Stat 309 or Stat 431, Math 521, Math 340 or equiv or cons inst

L&S Breadth: Physical Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

This topics course is aimed at providing statistics graduate students with an understanding of and experience with important aspects of professional development in statistics, including skills with internet tools, sophisticated use of statistical languages (such as R) and other emerging topics. Prereq> Graduate student in Statistics

Typically Offered: Fall, Spring, Summer

L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

Statistical issues in the design of clinical trials, basic survival analysis, data collection and sequential monitoring. Intended for statistics graduate students; those with medical backgrounds should take Stat 542. Prereq> Math/Stat 310 or equiv or cons inst

L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

Methods for analysis of case-control, cross sectional, and cohort studies. Covers epidemiologic study design, measures of association, rates, classical contingency table methods, and logistic and Poisson regression. Prereq> Statistics 310 or equivalent or consent of instructor

L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

Prereq> Cons inst

L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring
STAT 682 Senior Honors Thesis Credits: 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

STAT 698 Directed Study Credits: 1 - 6
Prereq> Graded on a Cr/N basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

STAT 699 Directed Study Credits: 1 - 6
Prereq> Graded on a lettered basis; requires cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

STAT 701 Applied Time Series Analysis, Forecasting and Control I Credits: 3
Theory and application of discrete time series models illustrated with forecasting problems. Principles of iterative model building. Representation of dynamic relations by difference equations. Autoregressive integrated Moving Average models. Identification, fitting, diagnostic checking of models. Seasonal model application to forecasting in business, economics, ecology, and engineering used at each stage, which the student analyzes using computer programs which have been specially written and extensively tested. Prereq> Stat 310 or equiv
Typically Offered: Occasionally

STAT 702 Applied Time Series Analysis, Forecasting and Control II Credits: 3
Further theory and application of discrete time series models illustrated by transfer function estimation, intervention analysis, and forecasting and control problems for multiple time series. Illustrations at each stage with real examples from business, economics, ecology and engineering which the student analyzes using the computer. Prereq> Stat 701
Typically Offered: Occasionally

STAT 709 Mathematical Statistics Credits: 4
Introduction to measure theoretic probability; derivation and transformation of probability distributions; generating functions and characteristic functions; conditional expectation, sufficiency, and unbiased estimation; methods of large sample theory including laws of large numbers and central limit theorems; order statistics. Prereq> Cons inst or one yr adv calculus and Math, Stat 431, Math, Stat 310
Typically Offered: Occasionally

STAT 710 Mathematical Statistics Credits: 4
Estimation, efficiency, Neyman-Pearson theory of hypothesis testing, confidence regions, decision theory, analysis of variance, and distribution of quadratic forms. Prereq> Stat, Math 709
Typically Offered: Occasionally

STAT 726 Nonlinear Optimization I Credits: 3
Theory and algorithms for nonlinear optimization, focusing on unconstrained optimization. Line-search and trust-region methods; quasi-Newton methods; conjugate-gradient and limited-memory methods for large-scale problems; derivative-free optimization; algorithms for least-squares problems and nonlinear equations; gradient projection algorithms for bound-constrained problems; and simple penalty methods for nonlinearly constrained optimization. Prereq> Familiarity with basic mathematical analysis and either Math 443 or 320; or cons inst
Typically Offered: Occasionally

STAT 731 Probability and Analysis Credits: 3
Abstract measure theory and theory of integration with probabilistic and statistical applications. Extension of measures, basic integration theorems, Radon-Nikodym Theorem, Fubini's Theorem. Modes of convergence of sequences of random variables and their relationships. Moment and probability inequalities. Scheff theorem for probability density functions. Slutsky theorems with some statistical applications. Helly-Bray type theorems. Conditional expectation and conditional probabilities. Convergence theorems, laws of large numbers, central limit theorems, characteristic functions, weak convergence topics. Prereq> Cons inst
Typically Offered: Occasionally

STAT 732 Large Sample Theory of Statistical Inference Credits: 3
Typically Offered: Occasionally
STAT 733 Theory of Probability I  Credits: 3
An introduction to measure theoretic probability and stochastic processes. Topics include foundations, independence, zero-one laws, laws of large numbers, convergence in distribution, characteristic functions, central limit theorems, random walks, conditional expectations. Prereq> Math 629, 721, or concurrent registration in 721, or consent of instructor
Typically Offered: Occasionally

STAT 734 Theory of Probability II  Credits: 3
Continuation of 831. Possible topics include martingales, weak convergence of measures, introduction to Brownian motion. Prereq> Consent of instructor
Typically Offered: Occasionally

STAT 741 Survival Analysis Theory and Methods  Credits: 3
Theory and practice of analytic methods for censored survival data, including nonparametric and parametric methods, the proportional hazards regression model, and a review of current topics in survival analysis. Prereq> Stat 610 or 710 or equivalent or consent of instructor
Typically Offered: Occasionally

STAT 749 Mathematical Models and Response Surface Methodology I  Credits: 3
Two-level factorial and fractional factorial designs, applications, blocking, polynomial models, first-order designs, second-order designs, several responses, determination of optimum conditions, canonical reduction, design criteria involving variance and bias. Prereq> Cons inst or Stat 310
Typically Offered: Occasionally

STAT 750 Theory of Linear Models  Credits: 3
Theory of general linear, mixed-effects, and generalized linear models, regression and ANOVA models, least squares, distribution theory, F-tests from likelihood ratio, sums of squares distribution theory, generalized least squares, random and mixed models, restricted likelihood estimation, generalized linear models. Prereq> Stat 609 or 849 or cons inst
Typically Offered: Occasionally

STAT 751 Sequential Analysis  Credits: 3
Sequential tests of simple hypotheses and their optimal properties; composite hypotheses including derivation of the sequential t-test; sequential estimation; stochastic approximation, topics in sequential analysis. Prereq> Stat 310 or equiv
Typically Offered: Occasionally

STAT 760 Multivariate Analysis I  Credits: 3
Multivariate normal distribution, estimation of mean and covariance matrix; Wishart distribution; distribution of partial and multiple correlation coefficients; Hotelling's $T^2_2$, principal components. Prereq> Cons inst or Stat 710
Typically Offered: Occasionally

STAT 761 Decision Trees for Multivariate Analysis  Credits: 3
Tree construction, including finding splits, tree-pruning and error estimation. Categorical predictor variables, missing or censored data, prior class-probabilities, and unequal misclassification costs. Selection bias. Comparison with other statistics and machine-learning methods. Extensions to piecewise linear and non-least squares regression models. Prereq> Cons inst
Typically Offered: Occasionally

STAT 768 Statistical Methods for Medical Image Analysis  Credits: 3
Introduce key statistical methods and concepts for analyzing various medical images. Analyze publicly available and student/instructor supplied imaging data using the most up-to-date methods and tools. Aimed at graduate student and researchers with strong quantitative background. Prereq> Two semesters of statistics courses (STAT 309-310), or the consent of instructor. The course is self-contained. The knowledge of calculus and linear algebra is needed
Typically Offered: Occasionally

STAT 771 Statistical Computing  Credits: 3
The design of statistical software including special techniques for probability distributions, methods of simulation of random processes, numerical methods for linear models and multivariate analysis, and methods for nonlinear models. Prereq> Stat 333 or equiv or cons inst
Typically Offered: Occasionally
STAT  775 Introduction to Bayesian Decision and Control I  Credits: 3
Common sampling models in business and economic problems, information from data, likelihood function of parameters, choices of models, Bayes’ Theorem, subjective basis for probability, sequential nature of Bayesian inference, prior and posterior distributions of parameters in binomial, poisson, exponential and normal populations, comparison of two normal distributions, predictive distributions, decision theory, utility, risk aversion, extensive form of analysis, two-action problems, point estimation, best population problems, economics of sampling.  Prereq> Stat 309, 313, or 311 or equiv
Typically Offered: Occasionally

STAT  776 Introduction to Bayesian Decision and Control II  Credits: 3
Dependence of observations in economic and business data, trend, moving averages, autoregressive series, non-stationary models and their applications, Bayesian estimation of parameters, adaptive forecasting, control theory, elements of difference calculus, dynamics, models for inventory control.  Prereq> Stat/Gen Bus/Econ 775 or cons inst
Typically Offered: Occasionally

STAT  803 Experimental Design I  Credits: 3
Summary of matrix algebra required, theory of estimable functions, incomplete blocks, balanced incomplete block designs, partially balanced incomplete block designs.  Prereq> Stats 310 or cons inst
Typically Offered: Occasionally

STAT  804 Experimental Design II  Credits: 3
Prereq> Stat 803
Typically Offered: Occasionally

STAT  809 Non Parametric Statistics  Credits: 3
Statistical procedures valid under unrestrictive assumptions; sign test; confidence intervals; efficiency comparisons; signed rank procedures; Walsh sums; point estimators; two sample rank tests; zeros, ties, and other problems of discrete data; order statistics; Winsorized and truncated point estimators and connection with gross error models; permutation procedures; combinatorial problems, and computer applications.  Prereq> Stat 710 or cons inst
Typically Offered: Occasionally

STAT  810 Non-Parametric Statistics  Credits: 3
Prereq> Stat 809
Typically Offered: Occasionally

STAT  811 Sample Survey Theory and Method  Credits: 3
Simple random sampling; systematic sampling; probability sampling; stratified sampling; subsampling with units of equal and unequal size; double sampling; multi-stage and multi-phase sampling; ratio and regression estimates; model-based and model-assisted approaches; variance estimation; non-response.  Prereq> Stats 610 or 710 or equiv
Typically Offered: Occasionally

STAT  824 Nonlinear Regression Analysis with Engineering Applications  Credits: 3
Engineering application of statistical design techniques; sequential design strategies; nonlinear model building; model discrimination.  Prereq> Stat 333, 424 or 849; or cons inst
Typically Offered: Occasionally

STAT  826 Theory of Life Testing and Reliability  Credits: 3
The statistical theory of reliability and life testing. Probabilistic failure models, complete and censored data, robustness considerations, nonparametric life test procedures, system reliability, redundancy optimization and related topics, application of stochastic processes in reliability, group testing.  Prereq> Stat 710 or cons inst
Typically Offered: Occasionally

STAT  829 Decision Theory  Credits: 3
Statistical inference and decision theory, decision functions, game theory, normal forms, extensive forms, zero sum games, the minimax theorem, sequential games, axiomatic treatment of utility, complete classes of decision functions and strategies.  Prereq> Stats 710 or cons inst
Typically Offered: Occasionally
STAT 830 Decision Theory Credits: 3
Estimation theory, minimax and Bayes' estimation procedures, hypothesis testing, power and regret functions, invariant test and minimax tests, programming, dynamic programming from the decision point of view. Prereq: Stat 829
Typically Offered: Occasionally

STAT 833 Topics in the Theory of Probability Credits: 3
Topics in probability and stochastic processes. Prereq: Cons inst
Typically Offered: Occasionally

STAT 834 Empirical Processes and Semiparametric Inference Credits: 1 - 3
Empirical process methods in statistics; semiparametric models; stochastic convergence in metric spaces; Glivenko-Cantelli and Donsker theorems; entropy calculations; bootstrapped empirical processes; functional delta method; Z-estimators; M-estimators; rates of convergence; semiparametric efficiency; semiparametric estimating equations; nonparametric maximum likelihood. Prereq: Math/Stat 710 or Math/Stat 832 or cons inst
Typically Offered: Occasionally

STAT 840 Statistical Model Building and Learning Credits: 3
Theory of reproducing kernel Hilbert spaces in statistical model building; bounded linear functionals and representer theory; smoothing splines; ANOVA splines; degrees of freedom for signal and the bias-variance tradeoff; Bayesian confidence intervals; model selection. Prereq: Stat 710 or cons inst
Typically Offered: Occasionally

STAT 841 Nonparametric Statistics and Machine Learning Methods Credits: 3
Statistical function estimation and classification; reproducing kernel machines, support vector machines; high dimensional model selection and estimation; Bayesian, empirical Bayesian interpretation of nonparametric learning methods; log density ANOVA and graphical models; tree ensemble methods including bagging, boosting, and random forest. Prereq: Stat 840
Typically Offered: Occasionally

STAT 842 Hypothesis Testing Credits: 3
Measure theoretic background, exponential families; uniformly most powerful tests, least favorable priors; unbiased tests, invariant tests, and applications to exponential families and the general linear hypothesis. Prereq: Stat 710 or cons inst
Typically Offered: Occasionally

STAT 849 Theory and Application of Regression and Analysis of Variance I Credits: 3
Theory and applications of the general linear model; graphical methods; simultaneous inference; regression diagnostics; analysis of variance of fixed, random and mixed effects models; ANCOVA: violations of assumptions. Prereq: Stat 310, 312 or 314
Typically Offered: Occasionally

STAT 850 Theory and Application of Regression and Analysis of Variance II Credits: 3
Theory and applications of the general linear model; graphical methods; simultaneous inference; regression diagnostics; analysis of variance of fixed, random and mixed effects models; ANCOVA: violations of assumptions. Prereq: Stat 849
Typically Offered: Occasionally

STAT 851 Generalized Linear Models Credits: 3
Methods for developing, fitting and checking models beyond the classical linear model framework. Binary, ordinal and categorical models will be examined, as well as the non-Gaussian continuous case and more advanced topics. Prereq: Stat 850 or con reg or cons inst
L&S Level: Advanced Typically Offered: Occasionally

STAT 853 Bayesian Inference Credits: 3
Sampling theory and its critique, subjective probability, likelihood principles, Bayes theorem, Bayesian analysis of Normal theory inference problems, the Behrens-Fisher problem, assessment of model assumptions, robustness of inference, analysis of variance, estimation of variance components, empirical Bayes, some aspects of multivariate problems. Prereq: Stat 710
Typically Offered: Occasionally
STAT 860 Estimation of Functions from Data Credits: 3
Statistical and approximation theoretic methods of estimating functions and values of functionals from experimental data; experimental design and data analysis problems that arise as problems in approximation theory; convergence theorems; ill-posed inverse problems; Banach and Hilbert space penalty functionals. Prereq> Stat 710 or cons inst
Typically Offered: Occasionally

STAT 877 Statistical Methods for Molecular Biology Credits: 3
Develop statistical problems in gene mapping, high throughputomic data analysis, phylogenetics and sequence analysis. Introduce ideas of key methods using published data. Statisticians learn statistical basis for research methodology. Collaboration among students and with biologists is encouraged through projects. Prereq> Stat 309-310 or 609-610 or 709-710 or equiv, or cons inst. Genetics 466 or equiv strongly recommended
Typically Offered: Every Other Spring

STAT 990 Research Credits: 1 - 12
Content varies.
Typically Offered: Occasionally

STAT 992 Seminar Credits: 1 - 3
Content varies. Prereq> Cons inst
Typically Offered: Occasionally

STAT 993 Information Theory and Statistics Credits: 3
Typically Offered: Occasionally

STAT 996 Colloquium Credits: 1
Typically Offered: Occasionally

STAT 998 Statistical Consulting Credits: 3
Consulting apprenticeship. Prereq> 9 cr in statistics and cons inst
Typically Offered: Occasionally

URBAN AND REGIONAL PLANNING

URB R PL 305 Introduction to the City Credits: 3 - 4
Analysis of the distributions of cities, their functions, character and relationships with their surrounding regions, and the areal patterns within cities; the spatial variation of population, economic activity, and land uses. Prereq> So st; qualified Fr admitted with cons inst
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

URB R PL 306 The Real Estate Process Credits: 3
Introductory survey course. Decision-making processes for the manufacture, marketing, management and financing of real estate space. Survey of institutional context, economics of urbanization, historical pattern and structure of city growth, and public policy issues regarding urban environment and business management. Prereq> So, Jr, or Sr st; Econ 101
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

URB R PL 312 Regional Development and Planning Credits: 3
Analysis of the human organization of the environment and an evaluation of those principles of regional science which have been developed to promote more desirable forms of spatial organization. Prereq> So st
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

URB R PL 420 Urban and Regional Economics Credits: 3
Nature and structure of urban economies; location of economic activity; economic analysis in an urban framework; principles of urban economic development, housing, transportation, poverty and unemployment and municipal finance. Forecasting of economic activity using census and socioeconomic data. Prereq> Econ 101
L&S Breadth: Social Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall
URB R PL 449 Government and Natural Resources Credits: 3 - 4
Problems of public policy and administration for development and use of natural resources. Prereq> Jr st
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Summer

URB R PL 463 Evolution of American Planning Credits: 3
The nature and cultural significance of contemporary methods for the systematic formulation of public policies for community, metropolitan, and state development through comprehensive planning. Historic roots, recent trends and new directions in American planning concepts, institutions and professional specializations. Prereq> Jr st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

URB R PL 503 Researching the City: Qualitative Strategies Credits: 3
Explores, and applies, qualitative methods in the field of urban geography. An introduction to debates around the analysis and interpretation of qualitative data is provided, grounded in concrete urban research. Participation in a three-day field course is required. Prereq> Pr Jr st
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

URB R PL 505 Urban Spatial Patterns and Theories Credits: 3
Various urban empirical regularities and theories which explain them. Prereq> Geog 305 or consent of instructor
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

URB R PL 506 Historical Geography of European Urbanization Credits: 3
Historical geography of urban development in Europe from classical times to the post-World War II era, with emphasis on changes in built environment, public space and infrastructure, land use, and urban systems. Prereq> Jr st
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

URB R PL 520 Community Economic Analysis Credits: 3
Economic theory (location and growth) applicable to community economic development; the role of private and public sector in local economic development, and techniques for economic analysis of community. Prereq> Econ 301 or equiv
L&S Credit: No degree credit in L&S  Typically Offered: Spring

URB R PL 544 Introduction to Survey Research Credits: 3
Theory and practice of survey research; planning, sampling, questionnaire construction, interviewing, content analysis, machine tabulation, analysis of data; two hours lecture; two hours lab or field work. Prereq> Junior standing
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

URB R PL 548 Environmental Aesthetics Credits: 2 - 3
Analysis of visual characteristics and aesthetic qualities of physical environments; physiographic factors; functional needs; modes of perception; historical and cultural influences; role of design professions. Prereq> Jr st
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

URB R PL 590 Contemporary Topics in Urban and Regional Planning Credits: 1 - 3
Examination of special issues or problems in urban and regional planning and development, such as mineral development in Wisconsin or fringe development in Madison. Topic and faculty vary. Prereq> Open to Sr s and Grads. Cons inst.
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

URB R PL 601 Site Planning Credits: 3
Survey of site planning theory and methods; standards for municipal review of site plans and related design proposals. Topics include architecture, vehicle circulation and parking, pedestrian circulation, stormwater management, landscaping, outdoor lighting, and signage. Intended for students without design backgrounds. Prereq> Sr st & cons inst or Grad st
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
URB R PL 611 Urban Design: Theory and Practice Credits: 3
Focusing on three basic components of the built environment—buildings, transportation systems, and open spaces—this course addresses the forces that shape land use and transportation patterns, the effects of urban form on public health, safety, and welfare, and ways that communities can make their built environments more livable and environmentally sustainable. Prereq: Senior standing or graduate status
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

URB R PL 617 Community Development Credits: 3
Social, cultural and personality factors influencing community development, with reference to developing countries as well as contemporary rural communities; consideration of theoretical and operational issues. Prereq: Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

URB R PL 622 Applications of Geographic Information Systems in Planning Credits: 3
Explores planning-related GIS data, applications, analytical tools, and issues. Prereq: Intro GIS course or experience using GIS is a pre-requisite. Grad st or cons inst. Priority given to Urb R Pl stdts
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

URB R PL 641 Housing Economics and Policy Credits: 3
The economic principles underlying the dynamics of the housing market; filtering, neighborhood decline and abandonment gentrification, tenure choice, mortgage choice, prepayment, mobility, mortgage default, submarket identification, racial discrimination and segregation. Examination of governmental programs affecting the housing market and their objectives and impacts; public and subsidized housing, zoning and land use regulation, rent and price controls, property and income tax policy. Prereq: Real Est 420 or con reg or cons inst
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

URB R PL 644 International Development and Gender Credits: 3
In addition to reviewing gender-within-development theory and practice, this course examines specific gender issues including social status and roles, productive and reproductive work, access to resources, identity and citizenship, empowerment, and intersection of race, class, and ethnicity with gender. Prereq: Grad or Sr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

URB R PL 645 Modern American Communities Credits: 3
Relevance of the concept of community to American society. Review of several basic theories of community and analysis of the nature of community in the broader political and economic context. Prereq: Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

URB R PL 668 Green Politics: Global Experience, American Prospects Credits: 3
An examination of the writings and activities of green parties and movements around the globe in order to assess the potential of an explicit, radical environmental politics for the United States. Prereq: Jr st or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

URB R PL 671 Energy Economics Credits: 3
The method, application, and limitations of traditional economic approaches to the study of energy problems. Topics include microeconomic foundations of energy demand and supply; optimal pricing and allocation of energy resources; energy market structure, conduct, and performance; macro linkages of energy and the economy; and the economics of regulatory and other public policy approaches to the social control of energy. Prereq: Sr or Grad st and intermed econ or appropriate substitute per cons inst
L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

URB R PL 677 Urbanism and Urbanization Credits: 3
Comparative and historical approach to cities; urban spatial structure, temporal patterns, and population characteristics; the social structure and psychological aspects of urban communities; implications for policy and planning. Prereq: Intro Soc course (Soc 140, 181, 210, or 211)
L&S Breadth: Social Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

URB R PL 699 Directed Study Credits: 1 - 6
Prereq: Jr or Sr st & written cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
URB R PL 705 Community Building, Action and Learning: Leadership Dynamics Credits: 2
Examines community building and collaborative action in the context of efforts to renew community connections in
todays fragmented localities. Gives special emphasis to leadership roles and dynamics and especially shared
leadership. Applies a model of the learning community to these challenges.
Typically Offered: Occasionally

URB R PL 711 Planning for Food Systems and Marketplaces Credits: 3
Planning for and improving the quality of US metropolitan markets and food systems. Topics include public
markets, community food security, urban agriculture, and the public health impact of food systems. Prereq> None
Typically Offered: Occasionally

URB R PL 717 Water Resources Management Practicum Planning Seminar I Credits: 1
This is the first of two seminars used for planning the activities of the Summer Session Water Resources
Management Practicum (ENVIR ST 719). Prereq> Consent of instructor
Typically Offered: Fall

URB R PL 718 Water Resources Management Practicum Planning Seminar II Credits: 2
This seminar is used for planning the field work, analysis and reporting of the Summer Session Water Resources
Management Practicum (ENVIR ST 719). Prereq> Adv Grad standing or consent of instructor
Typically Offered: Occasionally

URB R PL 719 Water Resources Management Summer Practicum Credits: 4
Interdisciplinary team of students and staff working with agency personnel, citizen groups, and/or private sector
representatives on the analysis of a contemporary, problem-oriented water resource issue. Physical, biological,
economic and social aspects of the issue analyzed. Comprehensive written report results, practicum's findings
and management recommendations. Prereq> Envir St/Civ Engr/Urb R Pl 718 or consent of instructor
Typically Offered: Occasionally

URB R PL 720 Urban Economics Credits: 3
Analysis of spatial relationships in the urban economy, including urban land, labor and housing markets; urban
transport; city governance and finance; and regional models. Historical and applied focus. Interdisciplinary
approach emphasizing economics, geography, and planning. Prereq> Econ 301 or equiv or cons inst
Typically Offered: Occasionally

URB R PL 721 Methods of Planning Analysis Credits: 3
Research methods and statistics used in analyzing planning problems: conceptualization, design, and
implementation of planning research; statistical methods for analyzing data including review of inferential
statistics, analysis of variance, correlation, and multiple regression; use of computer; review of sources of
planning data. Prereq> Grad st
Typically Offered: Occasionally

URB R PL 731 Introduction to Regional Planning Credits: 3
Broad coverage of regional planning--basic concepts, history, influences of the political, economic, and social
environment, techniques of analysis and substantive tasks and problems in preparing regional plans. Prereq>
Grad st and cons inst
Typically Offered: Occasionally

URB R PL 734 Regional Economic Problem Analysis Credits: 3
Examination of major theories of regional economic development, with special emphasis upon the evolution and
amelioration of regional economic problems. Selected techniques of regional analysis, including economic base
multipliers, input/output models, and shift-share analysis are used in the context of setting regional development
goals. Prereq> Grad st
Typically Offered: Occasionally

URB R PL 738 Regional Economic Development Policy and Planning Credits: 3
An analysis and evaluation of public policies to assist in the development of economically-lagging regions in the
U.S.; major emphasis on the patterns and types of public investment strategies of federal, state, and local
governments. Prereq> Urb & Reg Pl/Econ 734; Econ 542; or cons inst
Typically Offered: Occasionally
URB R PL 741 Introduction to Planning Credits: 3
Evolution of contemporary urban and regional planning thought. Major conceptual dilemmas in theory and practice. Emerging trends in planning, e.g., forecasting and futurism. Prereq> Grad st. Stds in Urb R Pl only
Typically Offered: Occasionally

URB R PL 742 International Development Planning Theory Credits: 3
Provides students with a historical and theoretical foundation for critical thinking about international development planning. Prereq> Grad st or cons inst
Typically Offered: Occasionally

URB R PL 744 Regional Economics Credits: 3
Major theories of economic structure within a spatial context are examined. Special attention is paid to economic growth within a spatial world, migration of firms and resources across space, the empirical modeling of these processes, and regional economic modeling. Prereq> AAE 635 or equiv or cons inst
Typically Offered: Occasionally

URB R PL 751 Introduction to Financial Planning Credits: 3
State and local financial planning with emphasis on the functional importance of expenditure; special problems in financing city and metropolitan governments; intergovernmental fiscal relations and the use of various budgetary techniques as integral parts of the planning process. Prereq> Grad st or cons inst
Typically Offered: Occasionally

URB R PL 752 Capital Improvement Programming and Capital Budgeting Credits: 3
Integrating financial planning with politics, plans, and programs for urban development; establishing priorities; estimating, allocating, and rationing of funds and other resources, including federal and state grants-in-aid; and relating capital improvement programs to the budgetary process of the governmental units concerned. Prereq> Sr or Grad st
Typically Offered: Occasionally

URB R PL 761 Central City Planning: Issues and Approaches Credits: 3
Social, economic, environmental, and fiscal trends affecting larger, older American cities, critical policy issues confronting central city decision-makers, and major programmatic responses to these issues; the role of planning in response to these trends and issues. Prereq> Grad st
Typically Offered: Occasionally

URB R PL 762 Processes in Social Planning Credits: 3
The process of planning social policy and services; the analysis, synthesis, and human relations skills needed in the planning process; the relationships among fields of planning. Case examples from current planning practice are analyzed. Prereq> Grad st or cons inst
Typically Offered: Occasionally

URB R PL 772 Planning Problems in Urban Growth and Development Credits: 1 - 3
Issues and problems associated with urban growth, land development, infrastructure, and public/private actions. Comparative growth management strategies coupled with planning, governance and resource controls. U.S. and international cases introduced with tools for evaluation and strategies for sustainable development. Prereq> Grad st
Typically Offered: Occasionally

URB R PL 781 Planning Thought and Practice Credits: 3
Intensive analysis of selected planning cases highlighting important issues that planners deal with in practice. The case studies are prefaced by sessions which places them in the broader framework of planning history, decision making process models and planner role models. A second section deals with subnational planning and regional development issues in developing countries. Prereq> Grad st and cons inst
Typically Offered: Occasionally

URB R PL 809 Introduction to Energy Analysis and Policy Credits: 3
Interdisciplinary seminar for the Energy Analysis and Policy Curriculum. Strategy and policy problems in energy policy, both national and international. Prereq> Grad st & admission to Energy Anal and Policy curric or cons inst
Typically Offered: Occasionally
URB R PL 810 Energy Analysis Seminar Credits: 1 - 3
Interdisciplinary seminar for the Energy Analysis and Policy Curriculum. Quantitative energy content and energy flows as an aid to problem analysis and policy formulation. Prereq> Grad st & admission to Energy Anal and Policy Curric or cons inst
Typically Offered: Occasionally

URB R PL 812 Strategies for Planning Effectiveness Credits: 3
Methods by which planning effectiveness can be increased, and constraints imposed on planning effectiveness can be overcome. Theoretical models for greater planning effectiveness, strategies for increasing the influence of planning agencies, implications of effective planning for education, values, ethics, and techniques. Experienced planners discuss effectiveness techniques. Prereq> Grad st or cons inst
Typically Offered: Occasionally

URB R PL 814 Environmental and Alternative Dispute Resolution in Planning Credits: 3
Principles, methods, and techniques of alternative dispute resolution; characteristics and dynamics of environmental and public policy conflicts; environmental and public policy dispute resolution theory; dispute systems design; applications to planning practice. Prereq> Grad st
Typically Offered: Occasionally

URB R PL 821 Resources Policy Issues: Regional and National Credits: 2 - 3
Resource policy issues frequently faced by local and state governments and the federal government. Emphasis: (1) techniques for analysis of resource issues; (2) methods of collating knowledge from natural and social science disciplines which can make meaningful contributions to resolution of resource issues; (3) identification and analysis of strategic points of decision making in the legislative and executive branches of government; and (4) the application of planning techniques for accomplishing resource goals. Prereq> Cons inst
Typically Offered: Occasionally

URB R PL 830 Land Use Controls Credits: 3
Limitations imposed upon the use of privately owned land by the court-made law of nuisance, by private covenant, and by public action; master plan, official map, subdivision regulation, zoning, and urban redevelopment.
Typically Offered: Occasionally

URB R PL 833 Planning and the Legal System Credits: 3
An examination for students of planning of how the legal system influences community planning. Overview of the institutional framework for planning and the legal authority for tools used to create healthy and sustainable communities. Prereq> Grad st and cons inst
Typically Offered: Spring

URB R PL 839 Land Use and Communication Systems Planning Credits: 3
Application of systems analysis to the planning of land use and transportation systems; system modeling; environmental impacts; value measurement; decision-making strategies. Prereq> Grad st & cons inst
Typically Offered: Occasionally

URB R PL 841 Urban Functions, Spatial Organization and Environmental Form Credits: 2 - 3
Influence of social, economic, and political systems, technological innovations, and architectural concepts on the spatial organization and environmental form of cities and urban areas; the adaptability of urban physical structure to developmental change; planned, conceptual organization and form versus unplanned and ecological organization and form. Prereq> Urb R Pl 741 & 912 or cons inst
Typically Offered: Occasionally

URB R PL 842 Concepts and Principles of Urban Spatial Planning Credits: 2 - 3
Concepts and methods of plan preparation. The contrast of technological planning concepts and methods with approaches more frequently used in public agency plan making. Prereq> Urb R Pl 741 or cons inst
Typically Offered: Occasionally

URB R PL 843 Land Use Policy and Planning Credits: 3
Critical evaluation and analysis of land use policies and programs in relation to comprehensive planning and growth management issues in the U.S. The role of legislative and judicial processes and emerging public land use social values and philosophies in the development, regulation, and effectuation of innovative land use policies. Alternative land policy and growth guidance systems of select European countries. Prereq> Grad st or cons inst
Typically Offered: Occasionally
URB R PL 844 Housing and Public Policy Credits: 3
Issues and methodological problems encountered in the production, financial, and consumption sectors of housing program design; comparisons with European and Third World country housing and public policy programs. Prereq: Grad st or cons inst
Typically Offered: Occasionally

URB R PL 845 Advanced Topics in Public Finance Credits: 1 - 4
Advanced public finance problems and literature, research; subject changes each semester; may be repeated. Modules. Prereq: Econ 713 and 714
Typically Offered: Occasionally

URB R PL 846 Advanced Topics in Public Finance Credits: 1 - 4
Prereq: Econ 713 and 714
Typically Offered: Occasionally

URB R PL 852 Planning and Intergovernmental Fiscal Relations Credits: 3
Intensive analysis of the theory and practice of intergovernmental (federal-state-local) fiscal relations; evaluation of public policy and programs concerned with provision of services financed through intergovernmental resources; special problems of intragovernmental relations within metropolitan areas; and state supervision of local finance. Prereq: Ur R Pl 751 or Grad st & cons inst
Typically Offered: Occasionally

URB R PL 855 Planning and Intergovernmental Fiscal Relations Credits: 3
Intensive analysis of the theory and practice of intergovernmental (federal-state-local) fiscal relations; evaluation of public policy and programs concerned with provision of services financed through intergovernmental resources; special problems of intragovernmental relations within metropolitan areas; and state supervision of local finance. Prereq: Ur R Pl 751 or Grad st & cons inst
Typically Offered: Occasionally

URB R PL 856 Water Resources Institutions and Policies Credits: 3
Governmental processes and policies for water resources management: major substantive problems and issues; political processes of decision making; problems of governmental organization and intergovernmental arrangements. Prereq: Grad st
Typically Offered: Occasionally

URB R PL 857 Rationale of Public Planning Credits: 3
Comparative analysis of the planning process in various institutions and organizations--governmental, industrial, welfare, military, etc., with attention to (1) the degree to which planning is concentrated in specialized offices or other units; (2) their relationships to other parts of the organization; and (3) the underlying rationale as to their responsibilities and limitations. Prereq: Grad st & cons inst
Typically Offered: Occasionally

URB R PL 874 Policy-Making Process Credits: 3
An intensive study of policy-making processes involved in the formulation of public policies. Prereq: Grad st
Typically Offered: Occasionally

URB R PL 875 Theory and Practice of Educational Planning Credits: 3
Theory, research and practice in advanced program planning and evaluation involving elementary, secondary and higher and post-secondary education. Prereq: ELPA 702 or cons inst for ELPA majors. Grad st for other fields
Typically Offered: Occasionally

URB R PL 876 Public Management Credits: 3
Role of administration in American government; problems of organization, bureaucracy and control; public policy as the output of the administrative process. Prereq: Grad standing
Typically Offered: Occasionally

URB R PL 890 Federal Budget and Tax Policy and Administration Credits: 3
Focuses on national budget and tax policy and administration, and the parallel processes at the state and local levels. Included are discussions of: decision-making theories; budget and tax policy; and analysis of normative and empirical criteria and analytical techniques for assessing alternative policy proposals. Prereq: Grad st or cons inst
Typically Offered: Occasionally

URB R PL 912 Planning Workshop Credits: 3
Selected problems in planning to emphasize the interdisciplinary character of planning practice and to give opportunity to apply socioeconomic analysis, physical planning, and implementation techniques. Prereq: Grad st and cons inst
Typically Offered: Occasionally
URB R PL  913 Advanced Planning Workshop  Credits: 3
Selected complex problems in planning to emphasize interdisciplinary character of planning practice and to give opportunity to apply advanced socioeconomic analysis, physical planning, and implementation techniques.  
Prereq> Urb R Pl 912 or cons inst  
Typically Offered: Occasionally

URB R PL  917 Public Participation for Planning and Policy Making  Credits: 3
Examines public participation for planning and policymaking in both urban and natural environments; considers different types of participation from agency consultation to negotiation; designing, conducting, and evaluating citizen participation are major features.  
Typically Offered: Occasionally

URB R PL  920 Regional Design Workshop  Credits: 2 - 3
Development and application of a systematic approach to analysis and design at macro- and micro-scales within a regional context.  
Prereq> Grad st & cons inst  
Typically Offered: Occasionally

URB R PL  922 Urban Design Workshop  Credits: 2 - 3
The application of urban design theory, principles and techniques to urban development and renewal plans and programs.  
Prereq> Grad st and cons inst  
Typically Offered: Occasionally

URB R PL  923 Seminar-Land Problems: Institutional Development  Credits: 2 - 3
Land tenure and utilization research and policy problems.  
Prereq> Grad st  
Typically Offered: Occasionally

URB R PL  924 Seminar-Political Sociology  Credits: 3
Prereq> Grad st & cons inst  
Typically Offered: Occasionally

URB R PL  932 Seminar-Research Review and Criticism  Credits: 1 - 3
Group consideration of thesis or equivalent projects during their preparation; individual reports on successive stages of work.  
Prereq> Grad st  
Typically Offered: Occasionally

URB R PL  939 Seminar in Social Planning  Credits: 2 - 4
Prereq> Grad st  
Typically Offered: Occasionally

URB R PL  944 Seminar-Housing Issues  Credits: 3
Residential location; residential financing; household movement; housing densities; design types; and the social, economic, and political aspects of housing for minority groups.  
Prereq> Grad st or cons inst  
Typically Offered: Occasionally

URB R PL  945 Seminar in Land Use and Community Development Issues  Credits: 3
The social, economic, and political setting of urban blight and the current measures, including urban renewal and model cities programs, to cope with the condition. Attention to social change, concept of neighborhood, and cross-cultural perspectives to renewal and community development.  
Prereq> Urb R Pl 844 or cons inst  
Typically Offered: Occasionally

URB R PL  950 Seminar in Planning: Urban and Regional Development and Finance  Credits: 2 - 4
Prereq> Cons inst  
Typically Offered: Occasionally

URB R PL  955 Practical Research Design and Methods of Empirical Inquiry  Credits: 3
Provides a practical introduction to basic concepts of research question formulation, research designs and alternative methods of inquiry, implications for internal validity of the research and generalizability of the findings, operational definitions and measurement validity, reliability, utility and precision.  
Prereq> Grad st  
Typically Offered: Occasionally
URB R PL 965 Seminar in River Basin Planning Credits: 2 - 3
Joint seminar with Urban and Regional Planning, and Engineering. Governmental and legal aspects of management; problems of public policy for control and use of water and related land resources. Prereq> Cons inst
Typically Offered: Occasionally

URB R PL 966 Seminar in Water Resources Planning Credits: 2 - 3
Governmental and legal aspects of water resources management; problems of public policy for control and use of water and related land resources. Prereq> Envir St, Urb R Pl 965, or Grad st & cons inst
Typically Offered: Occasionally

URB R PL 969 Seminar-Trends and Issues in Public Planning Credits: 3
Critical review of recent and current thought on the nature and role of planning in governmental and quasi-governmental agencies with particular attention to the adverse critics of planning and the issues they raise about the policy formulation process in public affairs. Prereq> Cons inst
Typically Offered: Occasionally

URB R PL 978 Seminar-Urban Land Economics PhD Credits: 2
Continuation of Urb R Pl/Real Est 977. Prereq> Two sems of Grad work. PhD or 2nd yr masters candidates
Typically Offered: Occasionally

URB R PL 979 Seminar in Urban History Credits: 3
Causes and consequences of urbanization, stressing social and economic aspects of major population movements, with particular attention to the United States. Prereq> Graduate standing & consent of instructor
Typically Offered: Occasionally

URB R PL 990 Research and Thesis Credits: 1 - 5
Prereq> Grad st
Typically Offered: Occasionally

URB R PL 999 Independent Work Credits: 1 - 3
Prereq> Grad st
Typically Offered: Occasionally

ZOOLOGY

ZOOLOGY 101 Animal Biology Credits: 3
General biological principles. Topics include: evolution, ecology, animal behavior, cell structure and function, genetics and molecular genetics and the physiology of a variety of organ systems emphasizing function in humans. Prereq> Open to Freshmen. Not for credit for those who have taken Zool 151 or 152 or equivalent
L&S Breadth: Biological Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ZOOLOGY 102 Animal Biology Laboratory Credits: 2
Prereq> Zool 101 or con reg. Open to Freshmen
L&S Breadth: Biological Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

ZOOLOGY 133 Genetics and Human Affairs Credits: 3
The current advances in genetics and related life sciences and their social, ethical, and economic implications for human welfare. Object: to provide sufficient knowledge for intelligent and critical evaluation of issues arising from recent discoveries. Prereq> Open to Fr. Not open for cr to majors in biol sci or premed stdts. HS or coll biol crse recommended
L&S Breadth: Biological Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Spring

ZOOLOGY 151 Introductory Biology Credits: 5
First semester of a two semester course designed for majors in biological sciences. Topics include: cell structure and function, cellular metabolism (enzymes, respiration, photosynthesis), information flow (DNA, RNA, protein), principles of genetics and selected topics in Animal Physiology. Prereq> Open to Freshmen. HS chem or concurrent registration in college chemistry strongly advised. Not for full credit for those who have taken Bot 100, 130; Zool 101, 102, 120; or equivalent
L&S Breadth: Biological Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring
ZOOLOGY 152 Introductory Biology  Credits: 5
Second semester of a two semester course designed for majors in biological sciences. Continuation of 151. Topics include: selected topics in plant physiology, a survey of the five major kingdoms of organisms, speciation and evolutionary theory, and ecology at multiple levels of the biological hierarchy. Prereq> Botany/Zoology 151. Not for full credit for those who have taken Bot 100, 130; Zool 101, 102, 120; or equivalent
General Education:  COM B  L&S Breadth: Biological Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ZOOLOGY 153 Introductory Biology  Credits: 3
One-semester course designed for majors in chemical and biological engineering and other engineering disciplines. Topics include: cell structure and function, cellular metabolism (enzymes, respiration, photosynthesis), information flow (DNA, RNA, protein), principles of genetics, and selected topics in Animal Physiology. Prereq> Open to Freshmen. Enrollment in an undergrad engr degree program. HS chem or concurrent registration in college chemistry strongly advised. Not for full credit for those who have taken Bot 100, 130, 151; Zool 101, 120, 151; or equivalent
L&S Breadth: Biological Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ZOOLOGY 160 Heredity  Credits: 3
Heredity; genetics for students not specializing in life sciences; principles of heredity; current advances in genetics applied to humans, animals and plants with their impact on life sciences and society. Lectures and discussion. Prereq> Crse open to all So; Open to Fr with cons inst; HS or college crse in biol recommended; not open to pre-med or sci major without cons inst
L&S Breadth: Biological Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY 199 Directed Study  Credits: 1 - 3
Recommended for Fr and So. Prereq> Written cons inst. Open to Fr
L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ZOOLOGY 220 Biology and Society  Credits: 3
A Com-B course that helps students evaluate societal problems having significant biological aspects. Three to four books describing such topics are correlated with reading in biology text. Three term paper, 20 pages total. Prereq> Not open to zoology majors. Open to Fr but So st recommended
General Education:  COM B  L&S Breadth: Biological Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ZOOLOGY 260 Introductory Ecology  Credits: 3
For nonbiology students: the relationships of organisms and the environment. Population dynamics and community organization, human-environment relationships, action programs. Prereq> Open to Freshmen. Does not count toward Botany or Zoology major
L&S Breadth: Biological Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ZOOLOGY 299 Directed Studies in Zoology  Credits: 1 - 3
Intermediate level directed study/independent research. The purpose of this course to introduce undergraduate students to research questions and, facilitate their learning in the field of biology by providing them with guidance and mentorship in a research environment. Prereq> Need consent of instructor
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ZOOLOGY 302 Introduction to Entomology  Credits: 4
Principles including morphology and classification; a general collection of insects required of each student. Prereq> An elem course in zoology
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ZOOLOGY 303 Aquatic Invertebrate Biology  Credits: 3
This course focuses on the form, function, development, basic physiology and ecology of the freshwater and marine invertebrates in the context of their environment. As a lecture and lab combination students will get a chance to study live invertebrate specimens, their habitat selection, adaptation and diversity. Prereq> Zoology 101 and Zoology 102 OR Biology 151 and/or Biology 152
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer
ZOOLOGY 315 Limnology-Conservation of Aquatic Resources Credits: 2
General limnology. Physical, chemical and biological characteristics and processes of lakes. Environmental problems and rehabilitation of lakes. Prereq> Intro course in biol; intro course in chem recommended
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

ZOOLOGY 316 Laboratory for Limnology-Conservation of Aquatic Resources Credits: 2 - 3
Biological, physical, and chemical characteristics and their interrelationships in Wisconsin lakes and streams. Prereq> Zool 315 or con reg
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY 330 Ethology Credits: 2
Causes and origins of animal behavior viewed in historical context including evolutionary, ecological, physiological, and psychological approaches. Prereq> So st; an intro biol crse
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY 335 Human/Animal Relationships: Biological and Philosophical Issues Credits: 3
An interdisciplinary approach to our complex and often contradictory relationships with non-human animals, including information about the nature, needs and behavior of human and non-human animals in relation to our personal and professional interactions with them. Prereq> So st
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 350 Parasitology Credits: 3
General biology, ecology and phylogeny of animal parasites, including those of humans; host-parasite interactions; general epidemiological principles of parasitic infections. Prereq> Intro course in biology, So st
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 351 Parasitology Laboratory Credits: 2
Optional laboratory component of Zoology/Med Micro/AHABS 350. Emphasis on experiments involving live animal parasites, including: trematodes, tapeworms, gapeworms, hookworm, ascarids, trichina, filaria, trypanosomes, coccidia, and malaria. Prereq> Zoology/MM&I/AHABS 350 or con reg
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 360 Extinction of Species Credits: 3
A comprehensive treatment of the ecology, causes, and consequences of species extinction. Ecology and problems of individual species, habitat alteration and degradation, socio-economic pressures and conservation techniques and strategies. Prereq> So st. An intro biology course strongly recommended
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Summer

ZOOLOGY 371 Medical Entomology Credits: 3
Arthropods of medical and veterinary importance, how they affect their hosts and transmit diseases. Prereq> Intro course in zool or vet sci
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY 400 Topics in Biology Credits: 1 - 3
Subject matter, credits and prerequisites vary. Prereq> Varies
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ZOOLOGY 405 Introduction to Museum Studies in the Natural Sciences Credits: 2 - 3
Provides an overview of natural history museums, including history, field collecting, specimen preparation, collection preservation, ethics, education and employment opportunities. At the same time, it introduces students to the natural science museums and library collections located on the UW campus. Prereq> Open to Jr, Sr, Grads, Adv special stdts
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY 410 Evolutionary Biology Credits: 3
Evolutionary biology, emphasizing how modern scientists study evolution. Topics include: nature and mechanisms of microevolution, macroevolution, adaptation, speciation; systematics and taxonomy; quantitative genetics and measurement of natural selection; phylogenetic analyses of behavior, physiology, morphology, biochemistry; current controversies in evolution. Prereq> An elem course in zool or botany & So st; Genetics/Botany/Zool 160 or 466 recommended
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring
ZOOLOGY 425 Behavioral Ecology Credits: 3
Designed to explore how organisms make decisions and how these decisions affect their survival. These decisions are key aspects of an organism’s life, e.g., foraging behavior, mating behavior, anti-predator behavior, and habitat selection. The course approaches these questions with the perspective that understanding the proximal and ultimate basis of behavior requires understanding the ecological and evolutionary context of behavior. Prereq> Intro biology (Zoology/Botany 151 & 152 or Zoology 101 & Botany 130 or Biocore 301 & 302). Evolution, ecology, genetics recommended
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY 430 Comparative Anatomy of Vertebrates Credits: 5
Basic vertebrate anatomical systems and a consideration of variations, using functional embryological and evolutionary approaches. Lab dissection and study of representative vertebrate material. Two evening practical exams. Prereq> Intro crse in zool & So st
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY 431 Comparative Anatomy Laboratory Credits: 2
Laboratory component of Zoology 430. Study of vertebrate skeletology and dissection of representative vertebrates; six hours per week; two evening practical exams. Prereq> Con reg in Zool 430
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit

ZOOLOGY 439 Comparative Anatomy of Non-Human Primates Credits: 3 - 4
Course will focus on the variation in musculoskeletal systems in living nonhuman primates specifically: human, chimpanzee, and rhesus macaque. Dissection or prosection of rhesus is included. Variation is considered from an evolutionary perspective. Prereq> Anthro 408, 438, Psych 201, or Anthro 458, or cons inst. Anthro 303 recommended
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ZOOLOGY 450 Midwestern Ecological Issues: A Case Study Approach Credits: 2
This web course explores how ecological principles can be used to address contemporary environmental issues such as water quality, invasive species, and population growth. Emphasis on midwestern issues, practical approaches, the role of history, and geographic context. Prereq> Intro biology crse, interest in solving problems
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 459 Ecological Techniques for Field Monitoring Credits: 1 - 2
Field techniques to inventory and census plant and animal species and ecological processes and how to assemble these into useful databases. Emphasis on ‘keystone’ and invading exotic species that strongly affect community dynamics. Aimed at science teachers interested in participating in a monitoring network. Prereq> A crse in ecology (e.g. Botany 450, 460), interest in monitoring, & cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

ZOOLOGY 460 General Ecology Credits: 4
Ecology of individual organisms, populations, communities, ecosystems, landscapes, and the biosphere. The interaction of organisms with each other and their physical environment. These relationships are studied, often in quantitative terms, in both field and laboratory settings; lecture and lab. Prereq> Intro course in botany & zoology, or Bot/Zoo 151-152, or Biocore 301 or 333; for biol sci majors only
General Education: QR-B  L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ZOOLOGY 466 General Genetics Credits: 3
Genetics in eukaryotes and prokaryotes. Includes Mendelian genetics, mapping, molecular genetics, genetic engineering, cytogenetics, quantitative genetics, and population genetics. Illustrative material includes viruses, bacteria, plants, fungi, insects, and humans. Prereq> Algebra, 1 yr chem & 1 yr biology or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit

ZOOLOGY 470 Introduction to Animal Development Credits: 3
This course introduces students to the major features and mechanisms of early embryonic development in animals, including (1) the major stages of early development, (2) how form arises in the embryo (morphogenesis), (3) how differences arise between cells in the embryo, and (4) how specific genes control these processes. Prereq> Zool 101 or Zool 151/152
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring
ZOOLOGY 473 Plant-Insect Interactions Credits: 3
Multiple ways in which arthropods exploit plants, plant traits that deter or augment insects, environmental mediation of these interactions, effects on population dynamics, community ecology and co-evolution, and implications to natural resource management, environmental quality, and sustainable development. Prereq> One of the following: Bot/For/Zoo 460, Ent/Pl Path/For 500, PI Path/ Bot 505, Forestry 550, or Entom 342
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 504 Modeling Animal Landscapes Credits: 3 - 5
This course uses computer and GIS-based modeling to explore how climate, topography, vegetation type, and key animal properties all interact to specify from first principles the energetic and activity constraints of animals on any landscape. It links individual, population and community variables at landscape scales. Prereq> Jr st
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY 510 Ecology of Fishes Credits: 3
Interactions of fishes with their physical, chemical, and biotic environment; physiological ecology, community ecology and fisheries sciences. Lake Mendota perch fishery and Shedd Aquarium field trips. Prereq> 1 yr biol & chem & Jr st
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 511 Ecology of Fishes Lab Credits: 2
Anatomy and taxonomy of Wisconsin fishes and projects in fish ecology. Prereq> Zool 510 or con reg
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 520 Ornithology Credits: 3
Comprehensive introduction to bird biology with emphasis on evolution, ecology, and behavior. Topics include the evolutionary origin of birds and flight, anatomy and physiology, functional morphology, feather structure, flight mechanics, migration, visual andaudile communication, and reproductive strategies. Prereq> 2 semesters of biological science
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 521 Birds of Southern Wisconsin Credits: 3
Outdoor labs and indoor lectures emphasizing visual and audile identification of southern Wisconsin birds. Saturday field trips throughout Wisconsin. Prereq> 2 sem of biological sci
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 523 Neurobiology Credits: 3
Basic mechanisms in cellular neurophysiology: electrophysiology and chemistry of nerve signals, mechanisms in integration, simple nervous pathways and their behavioral correlates. Prereq> Biocore 323 or Zool 151/152 or Zool 101 plus an additional zool crse & a yr each of chem & physics
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY 524 Neurobiology II: An Introduction to the Brain and Behavior Credits: 3
An introduction to studies of the human nervous system covering neuroanatomy of the brain, neuronal coding, sensory and motor systems, biological rhythms, arousal, attention, physiological regulation, reward, aversion, learning and memory. Prereq> Zool 523, equiv crse in physiol, or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 525 Tropical Herpetology Credits: 1
This course introduces students to perhaps the least known but most threatened groups of tropical vertebrates, the amphibians and reptiles ("herps"). The course consists of a series of eight two hours lectures that introduce students to the range of tropical habitats and the amphibians and reptiles to be found there, using the current extinction crisis among these animals as an underlying theme. Prereq> Zoology 101 and Zoology 102 or Biology 152 or equivalent
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 530 Insect Behavior Credits: 3
Comparative behavior of insects. Function and evolution. Prereq> Entom 302 or equiv; Zool 330 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 535 Ecosystem Analysis Credits: 3
Introduction to current quantitative approaches for analyzing ecosystems. Includes hand-on experience with ecosystem modeling and parameter estimation. Prereq> 1 yr calculus & a majors course in ecology; or Grad st
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
ZOOLOGY  540 Theoretical Ecology  Credits: 3
Introduction to theoretical ecology, including hands-on experience in computer modeling. For students with ecology background; does not require a strong math background. 3-credit option requires project and consent of instructor.  Prereq> 1 year calculus, Zoo/Bot 260, Zoo/Bot/For 460 or equiv, & Jr st
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY  541 Paleobiology  Credits: 3
The evolutionary process as interpreted from the fossil record. Topics include: the study of form; tempo and mode of evolution; levels and mechanisms of evolutionary change; extinction in the fossil record; trends and patterns in the history of life; macroevolution.  Prereq> Geosci 304 or 540 or course in introductory biology
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY  542 Invertebrate Paleontology  Credits: 3
The evolutionary history, morphology, and ecology of fossil invertebrates. Labs emphasize fossil identification and recognition of basic morphological features.  Prereq> Geosci 107, 110, 204, or a course in introductory biology
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY  550 Animal Communication and the Origins of Language  Credits: 3
Signals, contexts, and mechanism of social communication in animals. Speech and non-verbal communication in human beings and possible arguments for the evolution of speech and language.  Prereq> Psych 449 or 450 or Zoology 531 or 532
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ZOOLOGY  555 Laboratory in Developmental Biology  Credits: 3
Developmental anatomy and laboratory manipulations of representative animal embryos used extensively for analysis of developmental phenomena (sea urchins, amphibia, annelids, molluscs, ascidians, insects, chicks, fish, mice).  Prereq> Prev or con reg in either Zoo 440, 470, 625, or Biocore 333, or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY  562 Human Cytogenetics  Credits: 2
Fundamental principles of cytogenetics and special problems of human cytogenetics for biology and medical students.  Prereq> Genetics/Bot/Zool 160 or 466 or Med Genet 721 or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY  565 Principles of Landscape Ecology  Credits: 2
Landscape ecology emphasizes the importance of spatial patterns at broad scales. Concepts and applications are emphasized, especially for seniors and graduate students in applied natural resource fields. The course is also a prerequisite for Zoology/Forest Ecology 665, Advanced Landscape Ecology. Lecture format with discussion.  Prereq> Botany/Zoology/Forest 460, or Forest 550, a crse in stats, & cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY  570 Cell Biology  Credits: 3
Comprehensive course on modern aspects of cell biology.  Prereq> One yr college biol, one yr chem
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY  572 Laboratory in Cell Biology  Credits: 3
An inquiry-based laboratory employing modern cell and molecular biology techniques.  Prereq> Zoology 570 or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY  603 Endocrinology  Credits: 3 - 4
An introduction to the role that hormones play in a variety of physiological processes and behaviors from a molecular to a systems level. Topics include hormonal involvement in growth, development, homeostasis, reproduction, and behavior, with an emphasis on vertebrate systems.  Prereq> Background in biochem & cell-molecular biol recommended, but not required
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
In recent years, a large number of open access biological and biomedical databases have become available for online, computer based research. Among these databases are the National Center for Biotechnology Information, Allen Brain Atlas, NIH DAVID, Genemania, WebQTL, and Broad Institute's GSEA and MSigDB. Within these sites is a wealth of information regarding genes, gene expression, gene pathways, behavioral characteristics, and disorders or diseases, such as autism, arthritis, bipolar disorder, and schizophrenia. Learning to navigate the various sites to take advantage of the information and push scientific discovery forward is a valuable skill to develop for any student interested in a

L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

Course examines general physiological principles by comparing taxa from diverse evolutionary histories and ecological adaptations. Examples include adaptation to environments differing in salinity, temperature, altitude, pressure, or pollution, and examines how nervous and endocrine systems evolved to support the adaptations.

Prereq> Elem crse in Botany or Zoology

L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

Recommended for majors. Prereq> Zool 611 or con reg

L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

Prereq> Jr st; college level elem crse in biology or psych

L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

A group discussion of primary literature articles relevant to the neural basis of behavior with a purpose to understand the neural basis of behavior in animals, to learn to read papers critically and improve discussion leading skills. Prereq> Introductory biology. Background in neuroscience strongly recommended

L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

Survey of the principles guiding neuronal development. Course will cover descriptive and experimental analyses of developmental mechanisms underlying the formation of both vertebrate and invertebrate nervous systems.

Prereq> One intermed level crse in biol; background in development & neurobiol recommended

L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

Lecture-discussion. Comprehensive coverage of human hormones, growth factors and other mediators; emphasis on hormone action and biosynthesis, cell biology of hormone-producing cells. Prereq> Intro biochem (Biochem 501 or 507 & 508) & cell biology (Biocore 303 or Zool 570 or Path750) or cons inst

L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

Seminar course relating major categories of human neurological and opthalmological disease to fundamental topics in neurobiology. Prereq> Zool/Neurosci 523 & 524 or cons inst

L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

Background readings in the biology of the subtropics, preparatory to Botany/Zoology 640. Training in hypothesis formulation, field methods, writing a research proposal, and the logistics of field biology. Prereq> One or more prev crses in biol sci above intro level; Jr or Sr st

L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
ZOOLOGY 640 Capstone Course in Field Biology II Credits: 3
A 3 week field trip during winter break (for example, to south Florida, with most of the time spent camping out in Everglades National Park). Zoology/Botany 640 completes the course with 18 hours of classroom instruction in analysis and scientific writing during the spring semester. Prereq> Zool/Bot 639; one or more crses in biol sci above intro level; Jr or Sr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 645 Modeling in Population Genetics and Evolution Credits: 3
Introduction to mathematical techniques and approaches for predicting evolutionary change within populations. Concentrates on classic population genetic models and results, including selection on one and several loci; mutation; non-random mating; drift. Evaluation based on periodic problem sets and independent projects. Prereq> Intro evolution, intro genetics, calculus, or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY 650 Advanced Developmental Biology Credits: 2
Intensive analysis of key problem areas in Developmental Biology through reading and discussion of relevant research literature (e.g., Time, Space and Pattern; Developmental Neurobiology; Development of the Immune System). Prereq> Cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 651 Conservation Biology Credits: 3
Application of ecological principles and human dimensions to the conservation of biological diversity. Topics: biodiversity science; conservation planning; population ecology; habitat loss, species exploitation, invasive species, pollution; human attitudes and activities as they affect the biosphere; approaches to monitoring interventions. Prereq> An ecology crse (eg, Botany/Zoology 460)
General Education: QR-B  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 660 Climate Change Ecology Credits: 3
The evidence that the Earth's climate is changing at unprecedented rates is now overwhelming. Environmental tipping points are being crossed and many species are adapting or failing to adapt. Climate change poses a significant problem for conserving and managing wildlife and their habitats. In this class, students will be introduced to climate change and its ecological impacts through engaging class discussions, online climate exercises, and group projects aimed at developing climate change adaptation plans. Prereq> Junior or Senior standing as a Forest Science or Wildlife Ecology major; graduate student standing; F&W Ecol/Zoology/Botany 460; or consent of instructor
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ZOOLOGY 672 Historical Ecology Credits: 2
Historical Ecology is an area of ecology that considers the importance of past events for current ecosystems. Concepts and applications are emphasized. Multidisciplinary emphasis, for seniors and graduate students in biological sciences, social studies, and humanities. Discussion format. Prereq> Graduate or senior standing and consent of instructor
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 677 Internship in Ecology Credits: 2
A seminar course to provide support and structure for undergraduates interested in gaining hands-on experience working as a volunteer with local environmental, ecological or conservation groups. Prereq> Recommended for Jr & Sr; graded on a letter basis
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ZOOLOGY 681 Senior Honors Thesis Credits: 1 - 6
Independent research. Topic selected, if possible, before the close of the junior year. Prereq> Senior standing
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ZOOLOGY 682 Senior Honors Thesis Credits: 1 - 4
Independent research. Topic selected, if possible, before the close of the junior year. Prereq> Senior standing
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ZOOLOGY 691 Senior Thesis Credits: 1 - 6
Independent research. Topic selected, if possible, before the close of the junior year. Prereq> Senior standing
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
ZOOLOGY 692 Senior Thesis  Credits: 1 - 4  
Independent research. Topic selected, if possible, before the close of the junior year. Prereq> Senior standing  
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ZOOLOGY 698 Directed Study  Credits: 1 - 6  
Selected research projects. Recommended for Jr and Sr. Prereq> Requires written cons inst  
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ZOOLOGY 699 Directed Studies in Zoology  Credits: 1 - 6  
Selected research projects. Recommended for Jr and Sr; graded on a lettered basis; requires written cons inst  
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ZOOLOGY 725 Ecosystem Concepts  Credits: 3  
Scope and objectives of ecosystem ecology; roles of theory, long-term studies, comparative studies, and large-scale experiments; scaling problems; ecosystem services and ecological economics; adaptive ecosystem assessment and management. Prereq> Grad st. Experience in modeling, programming, or stats  
Typically Offered: Occasionally

ZOOLOGY 750 Problems in Oceanography  Credits: 3  
Introduction to techniques used in the study of the biology, chemistry, geology, and physics of the marine environment. Prereq> Cons inst  
Typically Offered: Occasionally

ZOOLOGY 765 Developmental Neuroscience  Credits: 3  
Analysis of neural development with emphasis on experimental approaches. Combination of lectures and discussions of primary literature. Topics include neural induction, patterning, mechanisms of axon guidance, neural crest cell migration and differentiation, cortical development, and synapse formation and elimination. Prereq> Grad st in biol sci; undergrads with cons inst  
Typically Offered: Occasionally

ZOOLOGY 799 Independent Study  Credits: 1 - 6  
Advanced zoology, project related; not covered in regular courses. Prereq> Grad st or written cons inst  
Typically Offered: Occasionally

ZOOLOGY 820 Foundations of Evolution  Credits: 2  
Through reading and analysis of the primary literature, this course will explore some of the most important themes and debates that have permeated evolutionary biology over the last 50 years. Students will read key papers related to each controversial topic, will debate the pros and cons of competing viewpoints, and will reflect on the relevance of the issues to contemporary evolutionary biology. Students will also write a paper that analyzes one topic in more detail. This course is intended for graduate students who plan to specialize in evolutionary biology, broadly construed. Prereq> None  
Typically Offered: Fall

ZOOLOGY 879 Advanced Landscape Ecology  Credits: 3  
Landscape ecology emphasizes spatial patterning--its development and importance for ecological processes--and often focuses on large regions. Concepts, methods, and applications of landscape ecology will be learned through lectures, readings, exercises in quantitative approaches, and an independent project. Prereq> Grad st & cons inst  
Typically Offered: Occasionally

ZOOLOGY 911 Limnology and Marine Science Seminar  Credits: 1  
Sections in various fields of zoological research. Prereq> Grad st in limnology & marine sci grad prgm or cons inst  
Typically Offered: Occasionally

ZOOLOGY 950 Interdisciplinary Seminar in Animal Behavior  Credits: 1  
Research methods in animal behavior studies in many disciplines. Prereq> Grad st  
Typically Offered: Occasionally
ZOOLOGY 953 Introduction to Ecology Research at UW-Madison Credits: 1 - 2
This seminar course will introduce new graduate students to the diversity of ecologists across the UW-Madison campus. Course meetings will include discussions of key topics in professional development, research presentations by faculty members, and discussions of assigned papers with senior graduate students. Prereq: None
Typically Offered: Fall

ZOOLOGY 954 Seminar in Endocrinology-Reproductive Physiology Credits: 0 - 1
Prereq: Cons inst
Typically Offered: Occasionally

ZOOLOGY 955 Seminar-Limnology Credits: 1
Sections in various fields of zoological research. Prereq: Grad st and cons inst
Typically Offered: Occasionally

ZOOLOGY 956 Seminar-Ecology Credits: 1
Sections in various fields of zoological research. Prereq: Grad st & cons inst
Typically Offered: Occasionally

ZOOLOGY 957 Seminar-Evolution Credits: 1
Sections in various fields of zoological research. Prereq: Grad st or cons inst
Typically Offered: Occasionally

ZOOLOGY 958 Seminar-Biophysical and Physiological Ecology Credits: 1
Sections in various fields of zoological research. Prereq: Cons inst
Typically Offered: Occasionally

ZOOLOGY 960 Seminar in Cellular Biology Credits: 1
Sections in various fields of zoological research. Prereq: Grad st & cons inst
Typically Offered: Occasionally

ZOOLOGY 961 Seminar-Morphology Credits: 1
Sections in various fields of zoological research. Prereq: Grad st or cons inst
Typically Offered: Occasionally

ZOOLOGY 962 Seminar-Ethology Credits: 1
Sections in various fields of zoological research. Prereq: Grad st & written cons inst
Typically Offered: Occasionally

ZOOLOGY 965 Seminars in Developmental Biology Credits: 1
Sections in various fields of zoological research. Prereq: Grad st
Typically Offered: Occasionally

ZOOLOGY 969 Colloquium on Teaching College Biology Credits: 0 - 1
Educational practice and theory in college biology; effective use of instructional formats; organizational techniques for presenting a body of knowledge; learning characteristics of college students; the role of introductory biology in majors and non-majors curricula. Prereq: Grad st & cons inst
Typically Offered: Occasionally

ZOOLOGY 980 Earth System Science Seminar Credits: 1
Topics in earth system science. Emphasis on the coupling between atmospheric, oceanic and land surface systems, involving physical geochemical and biological processes, and including interactions with human systems. Prereq: Grad st
Typically Offered: Occasionally

ZOOLOGY 990 Research Credits: 1 - 9
Prereq: Grad st
Typically Offered: Occasionally
**LAW SCHOOL**

**LAW**

**LAW 329 Taxation: Concepts for Business and Personal Planning** Credits: 3  
An introduction to the U.S. income taxation concepts with emphasis on business and personal planning strategies. Taxes are placed in a framework which considers all costs of doing business. Includes approaches and skills needed to prepare individual, corporate, and partnership income tax returns. Prereq> Acct IS 100 or 300, or Law 811, or consent of instructor  
L&S Credit: No degree credit in L&S  
Typically Offered: Fall, Spring

**LAW 601 Introduction to American Law** Credits: 3  
An introduction to the American common law tradition and to the American legal system, especially for foreign law students and foreign and American graduate students. Prereq> Admission to MLI prgm or cons inst  
Typically Offered: Occasionally

**LAW 602 Legal Sources** Credits: 3  
Overview of the institutions and entities that create legal documents in the U.S.; how these documents are organized and found in a law library; introduction to common law case analysis. Prereq> Admission to MLI prgm or cons inst  
Typically Offered: Occasionally

**LAW 603 Legal Writing (LL.M.-L.I.)** Credits: 3  
An intensive course in legal analysis and the organization and writing of common legal documents. Prereq> Law 602 or cons inst  
Typically Offered: Occasionally

**LAW 641 Sociology of Law** Credits: 3 - 4  
Theory and research on the social origins, processes and effects of law; examination of law-related behavior, legal institutions, law and social structure, and law and social change; linkage to contemporary theoretical and political debates. Prereq> Junior standing and Soc 441 or Soc 475, or Law student  
L&S Breadth: Social Science  
L&S Level: Advanced  
L&S Credit: Counts for LAS credit  
Typically Offered: Fall, Spring

**LAW 711 Contracts I** Credits: 3 - 4  
Creation of promissory liability; interpretation of words and conduct; exchange, reliance or formality as necessary for creation of promissory liability; remedies for breach of contract; unfairness as a reason for avoiding contractual liability.  
Typically Offered: Fall

**LAW 713 Legal Process** Credits: 3 - 4  
Function, sources, and development of law, focusing upon the administrative, legislative, and judicial processes and their interrelations; law-making institutions in action as they are called upon to handle social problems.  
Typically Offered: Occasionally

**LAW 714 Civil Procedure I** Credits: 4  
Development of the modern civil action including pleading, discovery, and the pretrial conference; the trial; motions after verdict and judgment; appeals; state and federal procedures.  
Typically Offered: Fall

**LAW 715 Torts I** Credits: 3 - 5  
A tort is roughly defined as a civil wrong, independent of contract: liability for physical and emotional harms inflicted by intentional misconduct or negligence, or without fault, and development of concepts and techniques in analyzing and solving tort problems.  
Typically Offered: Fall
LAW 721 Contracts II Credits: 2 - 4
Nature of the obligations assumed by entering a contract; the power of parties to control this obligation; rights of those not a party to a contract.
Typically Offered: Occasionally

LAW 723 Legal Research and Writing Credits: 0 - 3
Legal research and legal bibliography, techniques of writing, organizing legal material, analyzing facts, and determining and predicting rules of law; library and computerized research; memoranda and brief writing; oral argument in moot court; small group critiques.
Typically Offered: Occasionally

LAW 724 Property Credits: 4 - 5
Foundation for advanced courses. Personal property and real property (land law); concepts of ownership and transfer of chattels (personal property), such as bailments, liens, pledges and gifts; historical introduction to law of real property precedes detailed study of nature of various ownership interests in land, called estates; landlord-tenant law; some preliminary treatment of land transfer (conveyancing).
Typically Offered: Occasionally

LAW 725 Introduction to Criminal Procedure Credits: 3
Various aspects of criminal procedure and criminal justice administration. Constitutional limitations upon criminal justice practices.
Typically Offered: Occasionally

LAW 726 Introduction to Substantive Criminal Law Credits: 3 - 4
Problems in defining what conduct should be subject to criminal penalties; the limitations of criminal law as a means for prevention and control of undesirable conduct.
Typically Offered: Fall

LAW 730 Federal Law and Indian Tribes Credits: 2 - 3
The study of the relationships between Federal, state, and tribal governments, the source and scope of their respective sovereignties, and time.
Typically Offered: Occasionally

LAW 731 Constitutional Law I Credits: 3 - 4
Powers of government, state and federal, under the Constitution of the United States; relations between federal and state authority (e.g., taxation and regulation of interstate commerce); relations between branches of the federal government; limitations on governmental authority by virtue of a distribution of power.
Typically Offered: Occasionally

LAW 732 Real Estate Transactions I Credits: 3 - 4
Basic legal elements of real estate transfer and finance; options, binder contracts, requirements as to writing, rights and duties between vendor and vendee, basic land contract and mortgage law and remedies, and the real estate recording system.
Typically Offered: Occasionally

LAW 733 Trusts and Estates Credits: 3 - 4
Basic probate and nonprobate devices for management and transmission of property in the family context. Includes consideration of Wisconsin’s marital (community) property system, federal gift and estate tax issues, and nonproperty considerations in estate planning.
Typically Offered: Occasionally

LAW 735 Payments Systems Credits: 3
Articles 3, 4, and 5 of the Uniform Commercial Code: negotiable instruments, bank collection systems, and letters of credit. Prereq>
Typically Offered: Occasionally

LAW 736 Secured Transactions Credits: 3
Focuses on Article 9 of the Uniform Commercial Code, Secured Transactions; with some additional emphasis on Article 6, Bulk Sales; and Article 7, Documents of Title. Prereq>
Typically Offered: Occasionally
LAW 739 Religion and the Constitution Credits: 2 - 3
This course covers the Free Exercise Clause and the Establishment Clause of the First Amendment to the U.S. Constitution. Prereq> Law 731
Typically Offered: Occasionally

LAW 740 Constitutional Law II Credits: 2 - 4
Rights of citizens against state and federal governments; the nature of due process and the equal protection of the law; the protection of freedom from invidious discrimination; the Civil Rights Acts; freedoms of expression, association, and religion. Prereq> Law 731
Typically Offered: Occasionally

LAW 741 Business Organizations II: Publicly Held Corporations Credits: 3 - 4
Law of business corporations; problems of control, management, and procurement and maintenance of capital; an introduction to securities regulation.
Typically Offered: Occasionally

LAW 742 Taxation I Credits: 3 - 5
Federal income taxation; basic rules, theory and policy.
Typically Offered: Occasionally

LAW 743 Negotiations Credits: 2 - 4
Examines a range of processes encountered by lawyers, including negotiation of, inter alia, injury claims, criminal charges, family disputes, and commercial disputes, as well as participation of their parties (mediators, judges). Prereq> Adv st
Typically Offered: Occasionally

LAW 744 Administrative Law Credits: 3
Role of the administrative process in society; emphasizes common powers and procedures; relationships among the legislative, judicial, executive and administrative agencies in the development of public policy.
Typically Offered: Occasionally

LAW 745 Labor Relations Law Credits: 3
Regulation of organization and representation of employees; collective bargaining, and employer and union practices; proceedings under the National Labor Relations Act and related federal statutes and analogous state acts.
Typically Offered: Occasionally

LAW 746 Legislation Credits: 3
Use of statutes and legislative materials in litigation and decision; problems of the lawyer in the interpretation of statutes, in representation of the client before legislative bodies, and in the presentation and argument of statutory authorities to a court.
Typically Offered: Occasionally

LAW 747 Protective Labor Legislation Credits: 3
Legal protection of individual workers against discrimination, physical damage, economic exploitation and insecurity through Fair Employment Practices, Workmen's Compensation, Fair Labor Standards, Unemployment Compensation, Social Security and similar legislation. Prereq>
Typically Offered: Occasionally

LAW 748 Antitrust Credits: 3 - 4
Law relating to trade regulation and competitive practices; anti-trust and comparable laws dealing with monopoly, restraint of trade, and unfair methods of competition.
Typically Offered: Occasionally

LAW 749 Trademarks Credits: 2 - 3
Practical introduction to a neglected but socially and economically important field. Interaction of a developing common and federal law with the behavior and interests of businesspersons and consumers.
Typically Offered: Occasionally

LAW 751 Patent Law Credits: 2 - 4
Survey of the law of industrial property, including the law of patents and trade secrets. Prereq> Adv st
Typically Offered: Occasionally
LAW 752 Copyright Law Credits: 2 - 4
Survey of state and federal laws affecting literary, musical, and artistic property. Prereq: Occasionally
Typically Offered: Occasionally

LAW 753 Introduction to Intellectual Property Law Credits: 3 - 4
Survey of the laws of patents, copyrights, trade secrets, trademarks. Discussion of relationship of these laws to
the laws of property, trade regulation, and privacy. Exploration of competing or complementary policy rationales
for each intellectual property area. Prereq: Completion of required 1st yr law crsces, or cons inst
Typically Offered: Occasionally

LAW 760 Role of the Police in a Free Society Credits: 3
Major problems especially in large urban areas. Specific aspects of the police function, such as their role in
responding to serious deviant conduct, to self-destructive behaviour, to community conflict, and to the need for
protecting constitutional rights and democratic processes. Problems that arise in defining police authority, in
reviewing and controlling police discretion, and in seeking to achieve accountability of the police to the citizenry.
Typically Offered: Occasionally

LAW 765 Equal Employment Law Credits: 3 - 4
The growth, development, and implementation of equal employment opportunity law.
Typically Offered: Occasionally

LAW 768 Consumer Health Advocacy and Patient-Centered Care Clinical Credits: 1 - 7
Interdisciplinary health advocacy clinical supervised by diverse professional staff. Provide broad advocacy to
patients with life-threatening and serious chronic illnesses. Advocacy topics include: medical decision-making,
insurance, medical debt, disability issues. Weekly discussions of patient cases and related guest lectures.
Prereq: Graduate or Professional standing or acceptance in Capstone Certificate in Consumer Health Advocacy
Typically Offered: Fall, Spring, Summer

LAW 769 Consumer Issues in Health Care Credits: 1 - 3
Explores consumer issues in health care delivery in interdisciplinary discussion-based format. Covers current
delivery system, expenditures/finance, managed care/insurance, barriers to access, reform, and other select
topics. Ideal for future healthcare providers and others interested in patients’ experiences. Prereq: Grad st
Typically Offered: Fall, Spring, Summer

LAW 771 Selected Topics in Estate Planning Credits: 1 - 3
Intermediate and advanced topics in estate planning; topics reflect interests of available faculty and students.
Prereq: Law 733 & others as specified by instr
Typically Offered: Occasionally

LAW 772 The Use of Trusts in Estate Planning Credits: 2 - 3
Survey of common uses of trusts in estate planning, with a focus on drafting of appropriate provisions to
accomplish estate planning objectives. Prereq: Law 733
Typically Offered: Occasionally

LAW 773 Law and the Elderly Credits: 2 - 3
This course addresses the issues faced by elderly clients and their families and caregivers in the context of legal,
medical, social and regulatory concerns. Prereq: Law 733 or cons inst
Typically Offered: Occasionally

LAW 801 Evidence Credits: 4
Concepts of relevancy and policy in admission of evidence; hearsay, opinions, and other exclusionary rules;
examination of witnesses, judicial notice, and procedural considerations.
Typically Offered: Occasionally

LAW 802 Civil Procedure II Credits: 3 - 4
Jurisdiction of courts, state and federal; joinder of claims and parties in civil action, and effect of judgments.
Typically Offered: Occasionally

LAW 808 Advanced Legal Writing Credits: 2 - 3
Preparation of legal documents in connection with a real or simulated legal problem. Emphasis on legal problems
involving writing experiences different from those gained in Legal Writing I.
Typically Offered: Occasionally
LAW 811 Accounting and Law Credits: 3
Principles of accounting for lawyers. Election in the second year preferable, prior to Corporation Law and Taxation. Students with college accounting take the course for credit only with cons inst.
Typically Offered: Occasionally

LAW 812 Admiralty Law Credits: 3
Jurisdiction of the admiralty courts; death and injury to persons; special provisions governing various maritime workers; maritime liens; carriage of goods by ships; principles of liability and its limitations; salvage, general average, marine insurance, and the principles governing collision.
Typically Offered: Occasionally

LAW 814 Appellate Advocacy I Credits: 2 - 3
Lectures and discussions in basics of brief writing and oral advocacy.
Typically Offered: Occasionally

LAW 815 Appellate Advocacy II Credits: 1 - 3
Students participate in moot court tournaments in which, as representatives of the Law School, they engage in regional and national brief-writing and oral-advocacy competitions against students of other law schools.
Typically Offered: Occasionally

LAW 817 Business Organizations I Credits: 3 - 4
Law of employment, agency, partnership, limited partnership, and other types of unincorporated associations.
Typically Offered: Occasionally

LAW 818 Comparative Law Credits: 2 - 3
Civil law system, including its Roman Law antecedents, codification movement, and responses to selected current issues. Focus usually on the law of a single polity to encourage the viewing of law in its societal setting.
Typically Offered: Occasionally

LAW 819 Russian Legal Process Credits: 3
Functional and dysfunctional aspects of law in a society which professes socialist principles to accomplish rapid social change and economic development.
Typically Offered: Occasionally

LAW 820 Conflict of Laws Credits: 3 - 4
Rules applied by courts in recognizing and enforcing rights involving elements which occurred in a sister state or foreign country.
Typically Offered: Occasionally

LAW 821 Bankruptcy Law Credits: 2 - 4
Consumer credit regulation, enforcement of judgments, attachments, garnishments, fraudulent conveyances, assignments for the benefit of creditors, and bankruptcy.
Typically Offered: Occasionally

LAW 822 Family Law: Marriage and Divorce Credits: 2 - 4
Marriage and less formal spousal relationships, husband-wife relationships in on-going marriage; divorce and its economic and custody consequences; post-divorce relationships. Prereq> Cons inst required for Social Work
Typically Offered: Occasionally

LAW 823 Family Law: Parent and Child Credits: 3 - 4
The relationship of parent and child; the rights of unmarried mothers and fathers and their children; parental rights to custody vis a vis third parties; parents' rights to make decisions affecting children; neglect; termination of parental rights; the foster care system and adoption.
Typically Offered: Occasionally

LAW 824 Federal Jurisdiction Credits: 3
Legal problems that arise because our court system derives from both nation and states as separate sources of authority and is administered by federal and state judicaries; jurisdiction of the federal courts (including questions of venue, process and litigating capacity, jurisdictional amount, and removal jurisdiction); relation of these courts to state courts; relationship of federal and state law, both as guides to judicial decision and in everyday affairs.
Prereq>
Typically Offered: Occasionally
LAW 825 Insurance Law Credits: 3 - 4
Substantive law of property, life and liability insurance, including study of the fire and automobile forms; regulation of insurance companies, policies and practices. Rights and obligations of compensated sureties sometimes covered.
Typically Offered: Occasionally

LAW 827 International Law Credits: 2 - 3
Problems in private and governmental practice affected by international relations; the law applicable to questions of recognition and non-recognition of governments and nations; interpretation of treaties and other international agreements; jurisdiction of nations; effect of peace and war; formation, operation and function of various international agreements, and matters of international claims.
Typically Offered: Occasionally

LAW 828 International Transactions Credits: 2 - 3
Problems inherent in international commercial transactions; risks, benefits, and assumptions underlying business with or in a foreign country; international commercial transactions, investments and claims.
Typically Offered: Occasionally

LAW 829 Jurisprudence Credits: 2 - 3
Philosophies of law; surveys of analytical, sociological and ethical approaches to law and legal systems.
Typically Offered: Occasionally

LAW 830 Land Use Controls Credits: 3
Limitations imposed upon the use of privately owned land by the court-made law of nuisance, by private covenant, and by public action; master plan, official map, subdivision regulation, zoning, and urban redevelopment.
Typically Offered: Occasionally

LAW 831 Modern American Legal History Credits: 3
Relation of law to some main currents in political, social, and economic thought in the United States; appraisal of the social function of constitution-making processes, the legislature, the courts, the bar, and the executive branch in U.S. society.
Typically Offered: Occasionally

LAW 834 Local Government Law Credits: 3
Structure of public power on the local government level. Topics: limits of government power, procedures for the exercise of power, distribution of power between state and local governments, influence of the federal government, and local government boundaries.
Typically Offered: Occasionally

LAW 835 Selected Problems in Providing Legal Services for the Indigent-Seminar Credits: 1 - 3
May include professional responsibility to provide legal services and methods of providing such services, with an examination of their effectiveness. At the option of the instructor, enrollment may be limited to students who have or will have a clinical placement with an office providing legal services for the poor. May concentrate on the knowledge and skills which may be developed in that particular type of practice.
Typically Offered: Occasionally

LAW 837 Regulated Industries Credits: 2 - 3
Various aspects of regulation--control over price, supply and services--of different industries; public utilities and the transportation industries; interaction between the legislature, administrative agencies, and courts in development of regulatory policy.
Typically Offered: Occasionally

LAW 838 Real Estate Transactions II Credits: 2 - 3
Law of real estate finance, planning, and development, including tax and organizational aspects. Prereq> Law 732 and Law 742 or cons inst
Typically Offered: Occasionally

LAW 839 Remedies Credits: 2 - 3
Remedies of quasi-contract, constructive trust, equitable lien, reformation, etc., to redress enrichment obtained by tort, part performance of contract, duress, or mistake, or under other circumstances making its retention without such redress unfair.
Typically Offered: Occasionally
LAW 840 Taxation II Credits: 2 - 4
Advanced problems in federal income taxation; difficult, complex problems peculiar to corporations and shareholders—generally, the tax consequences of corporate organization, reorganization, and liquidation, of various kinds of distributions to shareholders, etc.; scope sufficiently narrow to permit thorough and rigorous study of relevant tax concepts and materials. Typically Offered: Occasionally

LAW 843 Unfair Trade Practices Credits: 3
Laws concerning methods of competition in business, with reference to the responsibilities of administrative agencies; trademarks, unfair competition, price maintenance, price discrimination. Typically Offered: Occasionally

LAW 844 Taxation of Trusts and Estates Credits: 2 - 4
Federal estate and gift taxes, including the determination of the gross estate, life insurance, joint ownerships, powers of appointment, charitable and marital deductions, gifts to minors, income tax problems, simple and complex trusts, grantor trusts, income and deductions in respect of a decedent, problems of basis, throwback rules. Prereq> Law 742, 733-734 or cons inst Typically Offered: Occasionally

LAW 845 Water Rights Law Credits: 2 - 3
Acquisition and nature of private rights in water comparing the riparian and appropriation legal systems; public rights as limitations on private rights, the firming up of rights by grant, contract, compulsory purchase and prescription and the administrative systems for water quality management. Typically Offered: Occasionally

LAW 847 Product Safety Law Credits: 2 - 3
Government regulation of dangerous and defective products and civil actions for harm resulting from their use. Typically Offered: Occasionally

LAW 848 Introduction to Environmental Law Credits: 3
Policy, administration and adjudication related to the environmental complex of population, environmental quality and resource development. Common-law doctrine applied and statutory measures adopted by Wisconsin and by the federal government to protect the public interest in resource preservation and management. Typically Offered: Occasionally

LAW 849 Pre-Trial Advocacy Credits: 3
This course teaches students about the lawyering skills on which litigators spend the vast majority of their time; i.e. skills pertinent to the pre-trial phase of a lawsuit. It uses simulation exercises and extensive feedback from experienced practitioners. Typically Offered: Occasionally

LAW 850 Professional Responsibilities Credits: 1 - 3
The ethical and professional responsibility of practicing lawyers. Prereq> Typically Offered: Occasionally

LAW 852 Trial Advocacy Credits: 2 - 4
Techniques involved in the examination of witnesses, including the lawyer's preparation, the preparation conference with the witness, direct examination, cross examination, objections, and the introduction of exhibits. Teaching methods include demonstrations by trial lawyers and practice sessions by the students under the supervision of trial lawyers. Typically Offered: Occasionally

LAW 854 Clinical Program Credits: 1 - 7
See description under Special Programs in chapter on Law Curriculum. Typically Offered: Occasionally

LAW 858 Collective Bargaining: The Arbitration Process Credits: 3
Legal and economic aspects of current issues in collective bargaining. Prereq> Grad st & cons inst Typically Offered: Occasionally
LAW 860 Advanced Criminal Procedure Credits: 2 - 3
Various important procedural problems arising in federal and state criminal proceedings. Typically Offered: Occasionally

LAW 861 Selected Problems in Criminal Procedure Seminar Credits: 2 - 3
Topics reflect interests of instructor and students. Typically Offered: Occasionally

LAW 862 Legal Assistance to Institutionalized Persons Credits: 1 - 7
A 'law-in-action' course. Student gains an understanding of institutional programs for convicted criminal offenders and confined mental health patients; interviews newly admitted inmates or mental patients. These interviews determine whether there are aspects of each person's conviction or commitment, his or her current institutional treatment, or relationship with the outside world, which need the assistance of a legally trained person. An opportunity to develop interviewing, analytical, writing, and problem-solving abilities. Prereq>
Typically Offered: Occasionally

LAW 863 Litigation in Criminal Cases Credits: 3 - 4
An analysis, through lecture and oral argument, of several of the major pre-trial and trial subconstitutional issues of criminal litigation as well as several issues of constitutional dimension not covered in the conventional criminal law courses. Prereq> Law 725 & 726
Typically Offered: Occasionally

LAW 865 Advanced Substantive Criminal Law Credits: 2 - 3
Effort of government, by means of the criminal law, to deal with important societal problems such as the maintenance of order, individual and group conflict, the prevention of self-destructive conduct, the protection of property and the credit economy, the protection of the environment, the safeguarding of Bill of Rights freedoms, and other issues of comparable importance. Typically Offered: Occasionally

LAW 866 LAIP Seminar Credits: 1 - 3
Seminars for students in the Law School's Legal Assistance Program, addressing social, legal, and ethical issues arising from their work for institutionalized clients. Seminar topics will include: Prisoners' Rights; Racism and Criminal Justice; History and Sociology of Punishment; and the Death Penalty. Prereq> Enrollment in LAIP clinical program
Typically Offered: Occasionally

LAW 867 Taxation III Credits: 2 - 4
Survey of advanced issues in the federal income taxation of business and investment entities. Emphasizes problems encountered in common business and investment transactions, and explores practical and ethical solutions to such problems. Prereq> Law 742 & 840
Typically Offered: Occasionally

LAW 868 State and Local Taxation Credits: 2 - 4
Survey of state and local tax law, principally income taxes, sales and use taxes, and property taxes. Explores the typical statutory structures under which these taxes are imposed. Significant emphasis will be given to policy issues faced by state and local governmental bodies. Prereq Law 742
Typically Offered: Occasionally

LAW 870 International Tax Credits: 3
International taxation concepts and issues including jurisdiction rules, tax avoidance and evasion, fiscal relations between industrialized countries and less developed countries; host country taxation of foreign persons and home country taxation of foreign income. Prereq> Law 742 required; Law 840 recommended
Typically Offered: Occasionally

LAW 871 International Trade Law Credits: 3
Legal institutions affecting international transactions with a focus on U.S. laws and the principal treaties involved. Topics include the international impact of U.S. securities, antitrust and intellectual property laws, various trade laws of the U.S. and other countries, and the effects of treaties. Typically Offered: Occasionally
LAW 872 Legal Issues Involving North America and East Asia Credits: 2  
Public and private laws affecting international trade and investment flows between North America and East Asia as well as other issues that affect relations between the countries.  
Typically Offered: Occasionally

LAW 873 Immigration Law Credits: 3  
Survey of the immigration law of the United States. Prereq> Completion of required 1st yr law crses  
Typically Offered: Occasionally

LAW 880 Client Counselling Credits: 1 - 3  
Client interviewing, analysis of problems as presented by clients, techniques for client counseling and related law  
office practices. Students practice counseling of clients in hypothetical cases under the supervision of  
experienced practitioners. From the students taking the course, a team or teams may be selected for the national  
Client Counseling Competition.  
Typically Offered: Occasionally

LAW 895 Wisconsin International Law Journal Credits: 1 - 3  
WILJ is a student published law journal dealing with legal issues having significant international aspects. Each  
volume is comprised of student case notes and comments as well as articles by legal scholars and practitioners.  
Prereq>  
Typically Offered: Occasionally

LAW 896 Wisconsin Journal of Law, Gender, and Society Credits: 1 - 3  
A student published law journal dealing with issues that have particular impact for women. Work on the journal  
entails preparation of case notes, comments, and articles for publication. Prereq>  
Typically Offered: Occasionally

LAW 899 Law Review Credits: 1 - 3  
Typically Offered: Occasionally

LAW 902 Juvenile Justice Administration Credits: 2 - 3  
Formal structure and operational characteristics; objectives of the system, its problems with due process, and the  
roles of the police, lawyers and social workers.  
Typically Offered: Occasionally

LAW 904 Selected Problems in Constitutional Law Seminar Credits: 2 - 4  
Topics reflect interests of instructor and students.  
Typically Offered: Occasionally

LAW 905 Bioethics and the Law Credits: 2 - 4  
Introduction to the legal, ethical and public policy dimensions of modern medicine and biomedical research.  
Informed consent, human experimentation, death and dying, organ transplantation, allocation of scarce  
resources. May cover reproductive and genetic issues in some years.  
Typically Offered: Occasionally

LAW 906 Law, Science and Biotechnology Seminar Credits: 2 - 4  
Legal, ethical, social and public policy questions raised by modern scientific and technological developments, with  
a particular focus on biotechnology. Prereq> Cons inst  
Typically Offered: Occasionally

LAW 907 Selected Problems in Professional Responsibility Seminar Credits: 2 - 3  
Perspectives on the ethics of professional life, beyond the requirements of professional codes and rules. Topics  
and approach reflect interests of instructor and students. May be open to non-law students with permission of  
instructor. Prereq> Cons inst (may include prior work in some aspect of professional responsibility)  
Typically Offered: Occasionally

LAW 908 Jewish Law and Ethics in Comparative Perspective Credits: 2 - 3  
History, sources and methods of Jewish Law, reflecting the diversity of Jewish life and culture. Topical focus on  
family law, the role and status of women, and bioethical issues. Some comparisons with other systems of  
religious law and secular philosophical ethics. Prereq> Successful completion of first year of law school  
Typically Offered: Occasionally
LAW 911 Seminar-Psychiatry and Law Credits: 2 - 3
Operational processes in the compulsory commitment and release of the mentally ill; interrelationships between the law and psychiatry in decision making.
Typically Offered: Occasionally

LAW 912 Seminar-Methods of Disputes Settlement Credits: 2
"Voluntary" methods of disputes settlement including mediation, as contrasted with settlement imposed by military force, economic force, compulsory arbitration, etc. Students undertake a research project which attempts (a) to define techniques and attributes of a good mediator, (b) to determine whether those techniques and attributes can be taught and (c) to determine whether mediation techniques proven to be successful in one area of conflict can be transferred to other areas.
Typically Offered: Occasionally

LAW 913 Selected Problems of Commercial Law-Seminar Credits: 2 - 3
Current problems of contract, sales or sales financing. Topics reflect the interests of instructor and students.
Typically Offered: Occasionally

LAW 914 Securities Regulation Credits: 3
Problems under the Securities and Exchange Act and other federal and state regulatory measures; operation of the S.E.C.
Typically Offered: Occasionally

LAW 915 Selected Problems in Criminal Justice Administration Seminar Credits: 2 - 3
Topics reflect interests of instructor and students.
Typically Offered: Occasionally

LAW 916 Food and Drug Law Credits: 3
Survey of laws and regulations governing the development of new drugs, medical devices, and genetically modified foods. Includes material on patent protection and business strategies in pharmaceutical research; ethics of clinical research on humans; FDA approval processes; post-marketing surveillance; international trade concerns. Prereq> Completion of required 1st yr law crses, or cons inst
Typically Offered: Occasionally

LAW 918 Selected Problems in International Law-Seminar Credits: 2 - 3
Topics reflect interests of instructor and students.
Typically Offered: Occasionally

LAW 919 The Holocaust: Facts, Trials, Verdicts, Post-Verdicts Credits: 2
The background to the Holocaust, its implementation, the efforts to impose the criminal law on its perpetrators and the points of interaction between the Holocaust and U.S. policy. Prereq> Law stdt or Jr st
Typically Offered: Occasionally

LAW 922 Selected Problems in Jurisprudence-Seminar Credits: 2 - 3
Topics reflect interests of instructor and students.
Typically Offered: Occasionally

LAW 926 Selected Problems of Tort Law-Seminar Credits: 2 - 3
Contents and format determined by instructor.
Typically Offered: Occasionally

LAW 928 Selected Problems in Land Law-Seminar Credits: 2 - 3
Topics reflect interests of instructor and students.
Typically Offered: Occasionally

LAW 929 Selected Problems of Local Government-Seminar Credits: 2 - 3
Topics reflect interests of instructor and students.
Typically Offered: Occasionally

LAW 932 Selected Problems of Administrative Law-Seminar Credits: 2 - 3
Topics reflect interests of the instructor and students.
Typically Offered: Occasionally
LAW 933 Seminar-Law and Tax Policy Credits: 2
Selected legal and policy problems. Topics studied from standpoint of economic and social consequences; technical drafting and administrative problems. Prereq> Taxation I
Typically Offered: Occasionally

LAW 934 Legal Profession Credits: 2 - 3
History and sociology; recruitment and training of law students, admission to the bar and control of deviant behavior, selected problems in professional responsibility.
Typically Offered: Occasionally

LAW 935 Health Law and Administration Seminar Credits: 2 - 3
The distribution of health services among income groups; financing of health care; standards of quality; and health policy planning. Prereq> Adv st, cons inst
Typically Offered: Occasionally

LAW 936 Torts II Credits: 2 - 3
Advanced torts, involving the interests in family, social, professional, trade and political relations, and individual dignity (defamation, disparagement, invasion of privacy by private persons and the state); protection of these interests by the law of torts and alternative means; constitutional dimensions of the problem.
Typically Offered: Occasionally

LAW 939 Selected Problems in Family Law-Seminar Credits: 2 - 3
Topics reflect interests of instructor and students.
Typically Offered: Occasionally

LAW 940 Law and Contemporary Problems Credits: 2 - 3
Relationship of law to current public issues. Topics reflect interests of instructor and students. Prereq>
Typically Offered: Occasionally

LAW 942 European Union Law Credits: 2 - 3
Introduction to European Union law, including the relationship between EU and Member State law, EU institutions, the law of the common market (i.e., free movement of goods, persons, services and capital) and environmental law and social policy.
Typically Offered: Occasionally

LAW 943 Selected Problems in Legislation-Seminar Credits: 2 - 3
Current issues in the drafting and enactment of legislation and in the use of legislation in litigation. Selection of issues reflects the interests of instructor and students.
Typically Offered: Occasionally

LAW 944 Selected Problems in Modern American Legal History-Seminar Credits: 2 - 3
Particular topics, with emphasis on the relation of law to main currents of political, social, and economic thought in the United States.
Typically Offered: Occasionally

LAW 945 Law and Correctional Institutions-Seminar Credits: 2 - 3
Practice of criminal corrections and the law governing it; probation, parole, rehabilitative efforts, prison administration, and legal and administrative procedures for testing the propriety of restrictions.
Typically Offered: Occasionally

LAW 946 Selected Problems in Substantive Criminal Law Seminar Credits: 2 - 3
Topics reflect interests of instructor and students.
Typically Offered: Occasionally

LAW 948 Selected Problems in Insurance Law-Seminar Credits: 2 - 3
Topics reflect interests of instructor and students.
Typically Offered: Occasionally

LAW 949 Selected Problems in Civil Procedure-Seminar Credits: 2 - 3
Topics reflect interests of instructor and students.
Typically Offered: Occasionally
LAW 950 Lawyering Skills Course Credits: 0 - 10
Training in skills used when applying the law in general practice. Taught by teaching teams of practicing lawyers, under the supervision of a faculty member, with at least one lawyer for each 20 students. Offered 3 1/2 hours a day during 10 weeks of the semester, with no classes in this course during the balance of the semester. Focuses on the skills of interviewing, drafting, negotiations, and using time efficiently; in the context of criminal defense, probate, debtor-creditor, corporations, preparation for civil trial, divorce, real estate, administrative proceedings, and law office operation. Each student handles approximately 35 hypothetical legal matters that are likely to be the work of
Typically Offered: Occasionally

LAW 951 Selected Problems in Poverty Law-Seminar Credits: 2 - 3
Topics reflect interests of instructor and students.
Typically Offered: Occasionally

LAW 953 Selected Problems in Business Organization-Seminar Credits: 1 - 3
In business planning and business organizations including proprietorships, partnerships, corporations and trusts.
Typically Offered: Occasionally

LAW 954 Corporate Finance Law Credits: 3
This course presents the basics of finance for business lawyers, and the law and legal strategy surrounding the creation of debt instruments.
Typically Offered: Occasionally

LAW 955 Public Sector Labor Relations Law Seminar Credits: 2 - 3
Legal and public policy issues relating to public sector unionism in a multiplicity of jurisdictions, including representation questions, scope of bargaining, limitations on the right to strike, impasse procedures, and grievance arbitration. Prereq>
Typically Offered: Occasionally

LAW 957 Introduction to Estate Planning Credits: 2 - 3
Issues related to estate planning; including function of the lawyer, ethical issues, estates not subject to tax, basic elements of tax-oriented planning, living trusts, health care issues, gift strategies. Prereq> Law 733, 742, or cons inst
Typically Offered: Occasionally

LAW 961 Selected Problems in Trade Regulation-Seminar Credits: 2 - 3
Topics reflect interests of instructor and students. Prereq> Econ 761
Typically Offered: Occasionally

LAW 971 Selected Problems in Bankruptcy Law Credits: 2 - 3
Topics reflect interests of the instructor and students.
Typically Offered: Occasionally

LAW 974 Law and Economics-Seminar Credits: 2 - 3
Uses of economic theory and data in the formulation and administration of legal principles.
Typically Offered: Occasionally

LAW 977 Selected Problems in Policing Seminar Credits: 2 - 3
Topics reflect interests of instructor and students.
Typically Offered: Occasionally

LAW 980 African Law Credits: 2 - 3
Development of the legal systems of English speaking Africa, under the colonial regimes and since independence. Offered as part of the African Studies Program.
Typically Offered: Occasionally

LAW 981 Law and Modernization in the Developing World Seminar Credits: 2 - 3
Law as a system of social engineering in the economic and social modernization of developing countries. Problems of developing rules with a high probability of inducing behavior likely to lead to modernization.
Typically Offered: Occasionally
LAW 982 Latin American Legal Institutions Credits: 2 - 3
Development and function of legal institutions in Latin America, particularly in their relationship to social and economic conditions. Historical and institutional antecedents of the legal systems in Latin America; the manner in which legal institutions have responded to various economic and social problems.
Typically Offered: Occasionally

LAW 985 Problems in Consumer Law-Seminar Credits: 2 - 3
Problems of legislating, enforcing and adjudicating rights of consumers and the duties of producers.
Typically Offered: Occasionally

LAW 988 Selected Problems in Environmental Law-Seminar Credits: 2 - 3
Typically Offered: Occasionally

LAW 989 Environmental Law and Practice Credits: 3
Presents environmental statutes, cases, and regulations, and discusses their implementation. The focus of the course will be both law and practice. It will provide a survey of substantive environmental law and their application in permitting, commercial transactions and enforcement. Prereq> Completion of required 1st-yr law crses. Law 848 recommended
Typically Offered: Occasionally

LAW 990 Directed Research Credits: 1 - 12
With consent of faculty supervising the research; scope and subject arranged between student and faculty.
Typically Offered: Occasionally

LAW 991 Directed Reading Credits: 1 - 3
Independent readings from a list prepared by instructor. Subject matter determined by agreement between instructor and student. No student may count more than 8 credits of Directed Reading towards satisfaction of the requirements of the J.D. degree.
Typically Offered: Occasionally
SCHOOL OF MED & PUBLIC HEALTH

ANATOMY

ANATOMY 328 Human Anatomy Credits: 3
Lectures. Structure of the human body. Prereq> Admission to professional curric in nursing, pre-nursing, or pre-physician assistant program
L&S Breadth: Biological Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ANATOMY 329 Human Anatomy-Kinesiology Credits: 2
Prereq> Kinesiology major; kinesiology majors must take Anatomy 328 prior to or concurrent with Anatomy 329. Required for dance-related majors. Open to Fr
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ANATOMY 429 Human Anatomy Laboratory for Physician Assistants Credits: 5
Prospected specimens and some supervised dissection. Prereq> Admission to phy asst professional curric or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Summer

ANATOMY 575 The Biological Processes of Aging Credits: 3
Lecture. Theories and mechanisms of the aging process with special reference to biological changes within and between cultures. Studies of decreasing ability to adapt to environment with age, due to anatomical and physiological changes in the human body, organ systems, cellular and molecular levels. Prereq> Jr st, 2 sems of chem, gen biol or zool, intro physiol or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Not Applicable

ANATOMY 611 Systems Neuroscience Credits: 4
Introduction to the anatomy and physiology of the mammalian nervous system. Lectures will cover the neuroanatomy of the major subdivisions of the human brain, the major sensory and motor systems, and higher order functions. Lab/discussion sections will emphasize readings from the primary literature and hands-on dissections. Prereq> Physiol 610
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ANATOMY 619 Microscopy of Life Credits: 3
Survey of state of the art microscopic, cellular and molecular imaging techniques, beginning with subcellular microscopy and finishing with whole animal imaging. Prereq> 2nd semester intro physics including light & optics (e.g. 104, 202, 208) or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ANATOMY 622 Human Anatomy-Physical Therapy, Occupational Therapy Credits: 6
Gross human anatomy involving complete dissection of the human body. Special emphasis is placed on the musculoskeletal and peripheral nervous systems, and living subject and surface anatomy. Prereq> Admission to phys or occ therapy professional program, or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

ANATOMY 625 Brain Cell Cultures and Imaging: A Lab Course Credits: 4
Hands-on laboratory training in neuronal cell culture, live and fixed neuron labeling and microscopy techniques to visualize neurons in culture, as well as image analysis methods. Prereq> Intro crses in biochem, cell biology & anatomy. Enrollment limited to 12 students, authorized by cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
ANATOMY 630 Neuronal Mechanisms for Sensation and Memory in Cerebral Cortex  Credits: 3
Current literature will be considered in lectures and discussions that provides insight into how the cerebral cortex processes sensory information to generate and store cogent representations of the external world. The course includes laboratory exercises and demonstrations. Prereq> Intro neurosci crse highly recommended: Neurosci/Anat/Phmcol/Physiol 611, Med Sc-M 731, Comp Bio 505, Zool/Neurosci/Psych 523, Psych/Neurophy/Neurosci/Zool 524; or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ANATOMY 637 Functional Neuroanatomy  Credits: 3
For physical therapy and occupational therapy majors. Motor and sensory systems under normal and altered conditions. Prereq> Anatomy 622 with grade of C or better or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall

ANATOMY 650 Advanced Developmental Biology  Credits: 2
Intensive analysis of key problem areas in Developmental Biology through reading and discussion of relevant research literature (e.g., Time, Space and Pattern; Developmental Neurobiology; Development of the Immune System). Prereq> Cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

ANATOMY 660 Electron Microscopy: Theory & Practice  Credits: 3
Prereq> Cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Summer

ANATOMY 675 Topics in Anatomy  Credits: 1 - 3
Special topics in anatomy. See footnote in Timetable for specific topic. Prereq> Vary according to topic
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

ANATOMY 699 Independent Study  Credits: 1 - 4
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ANATOMY 700 Cytoskeletal Dynamics  Credits: 2
Course content is topical and current. The course covers such issues as microtubule dynamics, microtubule-associated proteins, microtubule-organizing centers, actin filaments, actin regulatory proteins, intermediate filaments, cell motility, mitosis, process outgrowth, and cell differentiation. Prereq> Grad st or Sr with cons inst; Zoology 570 or equiv
Typically Offered: Occasionally

ANATOMY 710 Cell Structure and Function  Credits: 3
An interdisciplinary course that highlights structure and function at the cellular level as related to health and disease states. Prereq> Med student
Typically Offered: Occasionally

ANATOMY 711 Integrated Medical Anatomy  Credits: 4
Thorough progression in the dissection of the human body and in descriptive and functional human anatomy. Second semester only open to medical students. Prereq> Med stdt
Typically Offered: Occasionally

ANATOMY 722 Clinical Anatomy and Radiology  Credits: 4
Anatomy and surgery of head and neck, body wall, cavities and pelvic outlet. Hands on experience in interpreting radiological cross-sectional images. Prereq> Anat 711, Sr Med or Grad st
Typically Offered: Occasionally

ANATOMY 725 Muscle Biology  Credits: 2
Anatomy, physiology, and biochemistry of muscle. Prereq> Crse in biochem or biomolecular chem & physiol or cons inst
Typically Offered: Occasionally
ANATOMY 765 Developmental Neuroscience Credits: 3
Analysis of neural development with emphasis on experimental approaches. Combination of lectures and discussions of primary literature. Topics include neural induction, patterning, mechanisms of axon guidance, neural crest cell migration and differentiation, cortical development, and synapse formation and elimination. Prereq> Grad st in biol sci; undergrads with cons inst
Typically Offered: Occasionally

ANATOMY 990 Research and Thesis Credits: 1 - 9
Prereq> Cons inst
Typically Offered: Occasionally

ANATOMY 999 Advanced Independent Study Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

ANESTHESIOLOGY

ANESTHES 699 Independent Study Credits: 0 - 9
Prereq> Cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

ANESTHES 812 Third Year Anesthesia Credits: 1 - 2
Prereq> 3rd yr Med st
Typically Offered: Occasionally

ANESTHES 910 Laboratory Research in Anesthesiology-CSC Credits: 1 - 4
Prereq> 4th yr Med st
Typically Offered: Occasionally

ANESTHES 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships (student must have Fourth Year Committee approval to count for fourth year credit). Prereq> 4th yr Med st
Typically Offered: Occasionally

ANESTHES 920 Clinical Anesthesia Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

ANESTHES 921 Clinical Anesthesia Clerkship-LaCrosse Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

ANESTHES 930 Advanced Cardiac Life Support (ACLS) Credits: 1
This course provides training and certification in advanced cardiac life support (ACLS). Students will learn to successfully manage the first ten minutes of cardiorespiratory emergencies. Students will practice their ACLS skills and be assessed in the human patient simulator lab. Prereq> 4th yr Med st
Typically Offered: Occasionally

BIOMOLECULAR CHEMISTRY

BMOLCHEM 314 Introduction to Human Biochemistry Credits: 3
Lectures and conferences on introductory aspects of biological chemistry with an emphasis on providing a broad overview of both basic and clinical aspects of human biochemistry for health professionals. Prereq> Chem 104 or 108 or equiv
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Summer

BMOLCHEM 503 Human Biochemistry Credits: 3
Lectures and conferences on basic principles of biological chemistry with emphasis on its application to the medical sciences. Prereq> Chem 341 or 343 or cons inst
L&S Breadth: Biological Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Not Applicable
BMOLCHEM 504 Human Biochemistry Laboratory Credits: 2
Lab and conferences on basic principles of biological chemistry with emphasis on general methods and techniques. Prereq> BmolChem 503 or Biochem 501 or equiv; 503 may be taken con; or cons inst
L&S Breadth: Biological Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring, Summer

BMOLCHEM 606 Mathematical Methods for Structural Biology Credits: 3
Intended to provide a rigorous foundation for mathematical modeling of biological structures. Mathematical techniques include ordinary and partial differential equations, 3D Fourier analysis and optimization. Biological applications include protein folding, molecular dynamics, implicit solvent electrostatics, and molecular interactions. Prereq> Math 340 or 341; Comp Sci 302, or cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

BMOLCHEM 609 Mathematical Methods for Systems Biology Credits: 3
Intended to provide a rigorous foundation for mathematical modeling of biological systems. Mathematical techniques include dynamical systems and differential equations. Applications to biological pathways, including understanding of bistability within chemical reaction systems, are emphasized. Prereq> Math 340 or 341; Math 415, or cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

BMOLCHEM 627 Methods and Technologies for Protein Characterization Credits: 2 - 3
This course seeks to engage students interested in chemical instrumentation and those who desire to apply proteomic technologies to current biological problems. Understanding the current proteomics landscape, the limitations of these technologies, and their practical applications are among the course learning objectives. Prereq> Graduate student standing or consent of instructor
L&S Breadth: Physical Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

BMOLCHEM 668 Microbiology at Atomic Resolution Credits: 3
Three-dimensional protein structures form the basis for discussions of high resolution microbiology; how particular problems are solved with given protein architectures and chemistries and how themes of protein structure are modified and recycled. Prereq> Biochem (e.g. Biochem 501), molecular biol (e.g. Bact 526 or 612) required, one semester of physical chem preferred
L&S Breadth: Biological Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

BMOLCHEM 675 Advanced or Special Topics in Biomolecular Chemistry Credits: 1 - 3
Prereq> Cons inst
L&S Breadth: Biological Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

BMOLCHEM 699 Special Research Problems Credits: 1 - 6
Conferences. Prereq> Cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

BMOLCHEM 701 Professional Responsibility Credits: 1
Training for the practical aspects of being a scientist. Will cover ethics, peer review, grant writing, science communication, career alternatives, paper writing, experimental design, research documentation, science funding, academic-private interface, scientific fraud, and more. Prereq> Admission to the IPiB grad program
Typically Offered: Occasionally

BMOLCHEM 704 Comprehensive Human Biochemistry Credits: 5
Lectures, conferences, and lab. Comprehensive basics in the chemistry, enzymology, and metabolism of living systems, with emphasis on the biochemical aspects of function and control. Prereq> Org chem, physics & zool.
Crse open to stdnts registered in Med School
Typically Offered: Occasionally

BMOLCHEM 708 Introduction to Contemporary Biochemical Research Credits: 1
The focus of this course will be to prepare students for understanding and critiquing the departmental seminar series with an emphasis on experimental methodology.
Typically Offered: Occasionally
BMOLCHEM 709 Critical Thinking and Presentation Skills in Biochemistry Credits: 1
This course teaches PhD students in the biomolecular chemistry program how to prepare, deliver and evaluate a literature seminar on a biochemically oriented research topic distinct from their thesis research. Typically Offered: Occasionally

BMOLCHEM 710 Exploring Biochemical Function of Macromolecules Credits: 2
Required for first-year IPiB graduate students, this course focuses on topics and approaches applicable to an in-depth understanding of fundamental biochemical research. Prereq> Graduate standing & consent of instructor Typically Offered: Spring

BMOLCHEM 711 Exploring Cellular Function of Macromolecules Credits: 2
Focuses on topics and approaches applicable to an in-depth understanding of fundamental biochemical research. The second in a two-semester course series, it is required for biomolecular chemistry graduate students. Prereq> BmolChem 710 or cons inst Typically Offered: Occasionally

BMOLCHEM 721 Molecular and Medical Genetics Credits: 3
General genetics principles, with emphasis on human and clinical genetics. Prereq> 1st yr st in Med Sch or cons inst Typically Offered: Occasionally

BMOLCHEM 901 Biomolecular Chemistry Seminar Credits: 1
Prereq> Cons inst Typically Offered: Occasionally

BMOLCHEM 913 Seminar-RiboGroup (Advanced) Credits: 1
Student-led discussions of RNA-related problems. Prereq> Biochem 603 or equiv, Genetics 466 or equiv; cons inst L&S Credit: No degree credit in L&S Typically Offered: Occasionally

BMOLCHEM 914 Seminar-Molecular Biosciences (Advanced) Credits: 1
During the fall semester, molecular biosciences trainees who have not achieved dissertator status will present seminars based primarily on literature related to their projects. During the spring semester, molecular biosciences trainees with dissertator status will present seminars based upon their own research. Prereq> None Typically Offered: Occasionally

BMOLCHEM 990 Advanced Biomolecular Chemistry and Research Credits: 1 - 12
Prereq> Grad st Typically Offered: Occasionally

BIOSTATISTICS & MED INFORMATIC

B MI 451 Introduction to SAS Programming for Population Health Credits: 2
Use of the SAS programming language for the management and analysis of biomedical data. Prereq> Pop Hlth grad student or consent of instructor L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

B MI 511 Introduction to Biostatistical Methods for Public Health Credits: 3
Provides breadth in biostatistical methods for public health practitioners. Topics will include research design, data collection methods and database management, statistical computing and programming, descriptive statistics in tables and graphics, introductory statistical methods, and survey sampling. Prereq> Enrollment in the Master of Public Health (MPH) prog at UW-Madison or cons inst L&S Credit: No degree credit in L&S Typically Offered: Fall

B MI 541 Introduction to Biostatistics Credits: 3
Course designed for the biomedical researcher. Topics include: descriptive statistics, hypothesis testing, estimation, confidence intervals, t-tests, chi-squared tests, analysis of variance, linear regression, correlation, nonparametric tests, survival analysis and odds ratio. Biomedical applications used for each topic. Prereq> Math 221 or equiv or cons inst General Education: QR-B L&S Breadth: Natural Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall
BMI 542 Introduction to Clinical Trials I Credits: 3
Intended for biomedical researchers interested in the design and analysis of clinical trials. Topics include
definition of hypotheses, measures of effectiveness, sample size, randomization, data collection and monitoring,
and issues in statistical analysis. Statistics graduate students should take Stat 641. Prereq> Stat 541 or equiv or
cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

BMI 544 Introduction to Clinical Trials II Credits: 3
Intended for biomedical researchers, focuses on design, implementation, and conduct of clinical trials. Topics
include: regulatory requirements; data collection; data quality and management; budgets; federal, institutional,
and sponsor-defined requirements; establishment of research infrastructures; preparation of investigator-INDs;
investigator responsibilities. Prereq> BMI 541 or equiv & BMI 542 & cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

BMI 546 Practicum in Clinical Trial Data Analysis and Interpretation Credits: 3
Provides practice in analysis and interpretation of existing datasets from national and international clinical trials in
a variety of diseases. Students will develop a research question, review clinical protocols, and analyze available
data to prepare a report. Prereq> Stat 541 or 572 & Stat 542 or 641
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

BMI 551 Introduction to Biostatistics for Population Health Credits: 3
Course designed for population health researcher. Topics include descriptive statistics, elementary probability,
probability distributions, one- and two-sample normal inference (point estimation, hypothesis testing, confidence
intervals), power and sample size calculations, one- and two-sample binomial inference, underlying assumptions
and diagnostic work. Prereq> Coll algebra; enrollment in pop health MS or PhD prgm & cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

BMI 552 Regression Methods for Population Health Credits: 3
Introduction to the primary statistical tools used in epidemiology and health services research; multiple linear
regression, logistic regression and survival analysis. Prereq> Pop Hlth/BMI 451 and Pop Hlth/BMI 551 ; or cons
inst
Typically Offered: Spring

BMI 576 Introduction to Bioinformatics Credits: 3
Algorithms for computational problems in molecular biology. The course will study algorithms for problems such
as: genome sequencing and mapping, pairwise and multiple sequence alignment, modeling sequence classes
and features, phylogenetic tree construction, and gene-expression data analysis. Prereq> Comp Sci 367, Math
222
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

BMI 606 Mathematical Methods for Structural Biology Credits: 3
Intended to provide a rigorous foundation for mathematical modeling of biological structures. Mathematical
techniques include ordinary and partial differential equations, 3D Fourier analysis and optimization. Biological
applications include protein folding, molecular dynamics, implicit solvent electrostatics, and molecular interactions.
Prereq> Math 340 or 341; Comp Sci 302, or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

BMI 609 Mathematical Methods for Systems Biology Credits: 3
Intended to provide a rigorous foundation for mathematical modeling of biological systems. Mathematical
techniques include dynamical systems and differential equations. Applications to biological pathways, including
understanding of bistability within chemical reaction systems, are emphasized. Prereq> Math 340 or 341; Math
415, or cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

BMI 641 Statistical Methods for Clinical Trials Credits: 3
Statistical issues in the design of clinical trials, basic survival analysis, data collection and sequential monitoring.
Intended for statistics graduate students; those with medical backgrounds should take Stat 542. Prereq>
Math/Stat 310 or equiv or cons inst
L&S Breadth: Natural Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
BMI 642 Statistical Methods for Epidemiology Credits: 3
Methods for analysis of case-control, cross sectional, and cohort studies. Covers epidemiologic study design, measures of association, rates, classical contingency table methods, and logistic and Poisson regression.
Prereq> Statistics 310 or equivalent or consent of instructor
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

BMI 651 Advanced Regression Methods for Population Health Credits: 3
Extension of regression analysis to observational data with unequal variance, unequal sampling and propensity weights, clusters and longitudinal measurements, using different variance structures, mixed linear models, generalized linear models and GEE. Matrix notation will be introduced and underlying mathematical and statistical principles will be explained. Examples use data sets from ongoing population health research. Prereq> Pop Hlth 798 and Pop Hlth 552; or cons inst
Typically Offered: Fall

BMI 652 Topics in Biostatistics for Epidemiology Credits: 1 - 3
Each module will adopt an in-depth focus on a biostatistical method of particular relevance to epidemiology such as measurement error, missing data, intermediate variables, complex study designs, meta-analysis, splines, propensity scores, causal inference, spatial statistics and resampling. One or more modules will be offered every spring semester. Prereq> BMI/PHS 551 and PHS/BMI 552; and Stat 850 or PHS/BMI 651; or consent of instructor
Typically Offered: Fall, Spring

BMI 699 Independent Study Credits: 1 - 3
Directed study to pursue knowledge beyond curriculum. Prereq> Jr st or cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

BMI 741 Survival Analysis Theory and Methods Credits: 3
Theory and practice of analytic methods for censored survival data, including nonparametric and parametric methods, the proportional hazards regression model, and a review of current topics in survival analysis. Prereq> Stat 610 or 710 or equivalent or consent of instructor
Typically Offered: Occasionally

BMI 767 Computational Methods for Medical Image Analysis Credits: 3
Study of computational techniques that facilitate automated analysis, manipulation, denoising, and improvement of large-scale and high resolution medical images. Design and implementation of methods from computer Vision and Machine Learning to efficiently process such image data to answer biologically and clinically meaningful scientific questions. Prereq> Comp Sci 367 or an equivalent high level programming class, basic proficiency in Calculus and Linear Algebra
Typically Offered: Every Other Fall

BMI 768 Statistical Methods for Medical Image Analysis Credits: 3
Introduce key statistical methods and concepts for analyzing various medical images. Analyze publicly available and student/instructor supplied imaging data using the most up-to-date methods and tools. Aimed at graduate student and researchers with strong quantitative background. Prereq> Two semesters of statistics courses (STAT 309-310), or the consent of instructor. The course is self-contained. The knowledge of calculus and linear algebra is needed
Typically Offered: Occasionally

BMI 773 Clinical Research Informatics Credits: 3
Course will familiarize students with basic informatics principles and techniques to support clinical research. Content includes information systems for protocol design; regulatory compliance; approaches for patient recruitment; efficient protocol management; data collection and acquisition; data security, storage, transfer, processing and analysis. Prereq> None
Typically Offered: Spring

BMI 776 Advanced Bioinformatics Credits: 3
Advanced course covering computational problems in molecular biology. The course will study algorithms for problems such as: modeling sequence classes and features, phylogenetic tree construction, gene-expression data analysis, protein and RNA structure prediction, and whole-genome analysis and comparisons. Prereq> BMI 576
Typically Offered: Occasionally
B M I 826 Special Topics in Biostatistics and Biomedical Informatics Credits: 1 - 3
Covers advanced topics in the areas of biostatistics and biomedical informatics. Includes reading and discussion of original literature and individual student projects. Prereq> None
Typically Offered: Fall, Spring, Summer

B M I 841 Computational Cognitive Science Credits: 3
Studies the biological and computational basis of intelligence, by combining methods from cognitive science, artificial intelligence, machine learning, computational biology, and cognitive neuroscience. Prereq> Comp Sci 302 (or equivalent)
Typically Offered: Spring

B M I 877 Statistical Methods for Molecular Biology Credits: 3
Develop statistical problems in gene mapping, high throughput gene analysis, phylogenetics and sequence analysis. Introduce ideas of key methods using published data. Statisticians learn statistical basis for research methodology. Collaboration among students and with biologists is encouraged through projects. Prereq> Stat 309-310 or 609-610 or 709-710 or equiv, or cons inst. Genetics 466 or equiv strongly recommended
Typically Offered: Every Other Spring

B M I 915 Computation and Informatics in Biology and Medicine Credits: 1
Participants and outside speakers will discuss current research in computation and informatics in biology and medicine. This seminar is required of all CIBM program trainees. Prereq> Cons inst
Typically Offered: Occasionally

B M I 918 Health Informatics for Medical Students Credits: 2
Explore medical informatics as a new way to practice medicine with applications to patient care, electronic medical records, and patient safety. Prereq> Basic computer literacy & 4th yr Med st or cons inst
Typically Offered: Occasionally

CELL AND REGENERATIVE BIOLOGY

CRB 610 Fundamentals of Mammalian Embryology Credits: 2
To provide graduate and advanced undergraduate students with a thorough grounding in the conceptual basis of mammalian development using the mouse (and sometimes other species) as a model system. Prereq> Undergraduates: 9 credit hours of introductory courses to Biological Sciences and consent of instructor; Junior Standing. Graduate Students: Matriculation in any Master's/Doctoral Program in Biology or Bioengineering, or consent of instructor
L&S Credit: No degree credit in L&S Typically Offered: Fall

CRB 620 Eukaryotic Molecular Biology Credits: 3
This course focuses on the basic molecular mechanisms that regulate DNA, RNA, and protein metabolism in eukaryotic organisms. This course is intended for advanced undergraduates and first year graduate students with a firm knowledge of basic biochemistry. Prereq> Biochem 508 or equiv
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

CRB 630 Proteomics Approaches for Biologists Credits: 2
Proteomics and metabolomics are playing an increasingly important role in biology and medicine. Many biology labs are now starting to use proteomics and metabolomics in their research projects. This course is designed specifically for students in biological sciences who have interests to learn proteomics and metabolomics. It will integrate formal classroom lectures with one-on-one consultation. Lectures include the essential fundamentals and applications in mass spectrometry-based proteomics and metabolomics to address biological/medical problems. Meanwhile, one-on-one consultation will be offered to respond to students' individual needs, including the design of proteomics/metabolomics exper
Typically Offered: Fall

CRB 640 Fundamentals of Stem Cell and Regenerative Biology Credits: 3
The course will provide a foundation to understand fundamental biological, mechanistic, and experimental concepts in the field of stem cell and regenerative biology. The course is designed for graduate students and advanced undergraduates with a significant background in one or more of the following fields: biochemistry, molecular biology and cell biology. Prereq> Biochem 507, Biochem 508, Genetics 566 or Zoology 570
L&S Credit: No degree credit in L&S Typically Offered: Spring
The course is intended for graduate and advanced undergraduate students interested in developmental biology, stem cell biology, molecular basis of normal organ formation, and biomedical engineering. This course will cover the most current knowledge of the basic principles of organogenesis including the molecular and cellular pathways leading to normal organ development and tissue regeneration. Tissue/organ specification, differentiation, and developmental processes, focusing on molecular and associated signal transduction pathways and transcriptional regulation will be covered in depth. Current understanding of the role of stem cells in normal and abnormal development and regenerative bio

CRB 699 Independent Study Credits: 1 - 4
One-on-one learning experience allowing undergraduates to work with a faculty adviser to develop research projects and skills. Prereq> Instructor consent is required
Typically Offered: Fall, Spring, Summer

CRB 701 Cell Signaling and Human Disease Credits: 1
This course is intended for PhD and MSTP students interested in medically relevant basic science. Landmark discoveries, as well as current knowledge and controversies in human health, with an emphasis on cancer biology, will be covered. Prereq> Students must be enrolled in a PhD or MSTP program
Typically Offered: Spring

CRB 800 Intellectual Property, Patents and Licensing Credits: 2
This course presents important core concepts, including intellectual property, patent law, trademarks, copyrights, trade secrets, licensing and patent litigation, all specific to the field of biotechnology. You'll learn about the types of intellectual property and how they fit together to protect a product or service. You'll understand the fundamentals of licensing and technology transfer and the important role of patent examiners. You'll also explore the unique aspects of early-stage intellectual property, including market dynamics, pricing and valuation. Prereq> Admission and enrollment in the Master of Science in Biotechnology Program
Typically Offered: Fall

CRB 802 Business of Biotechnology: Fundamentals of Product Development Credits: 2
The Business Fundamentals course is designed to give the Masters in Biotechnology students their first exposure to business principles as applied to the operation of biotechnology companies and serve as a foundation for the more advanced business curriculum. This course will lay the groundwork for students to fully appreciate the challenges inherent in translating scientific discoveries into a successful business. Prereq> Admission and enrollment in the M.S. in Biotechnology Program at UW-Madison
Typically Offered: Fall

CRB 803 Molecular Technologies I Credits: 2
An intensive workshop that will teach biotechniques, biotechnology product development, and biotechnology applications interfaced with analytical, communication and teaching skills. This workshop will simulate the corporate and academic biotechnology setting. Prereq> Admission into the M.S. biotechnology progm
Typically Offered: Occasionally

CRB 804 Biotechnology Regulation and Ethics Credits: 2
Biotechnology Regulation & Ethics is designed as an introductory survey course of the political, legal, and ethical issues that have driven the development of the biotechnology industry. Special emphasis is given to FDA regulation of new drugs, devices, and biologics, and to federal regulation and ethics of human subjects research. Students should come away with an enhanced ability to understand how regulation and politics interact with business and finance to influence the formation and growth of biotechnology companies. Students will be introduced to the ethical issues that help shape public policy regarding applications of biotechnology. Prereq> Admission and enrollment in the M.S. in Biotechnology
Typically Offered: Fall

CRB 810 Principles and Practice of Biotechnology Credits: 4
A survey course covering scientific, political and legal issues in biotechnology. Prereq> Admission into the M.S. biotechnology progm
Typically Offered: Occasionally

CRB 820 Biotechnology Operations Credits: 4
This course covers various operations within a biotechnology company. This includes regulatory affairs, quality control, clinical and nonclinical studies. Prereq> Admission into the M.S. biotechnology progm
Typically Offered: Occasionally
CRB 824 Molecular Technologies II Credits: 3
An intensive workshop that will teach biotechniques, biotechnology product development, and biotechnology applications interfaced with analytical, communication and teaching skills. This workshop will simulate the corporate and academic biotechnology setting. Prereq: Admission into the M.S. biotechnology program. Typically Offered: Occasionally

CRB 830 Early Drug Discovery Credits: 4
Provides students with an overview of the early drug discovery process, including target identification and validation, generation of diverse chemical libraries, assay development and high throughput screening, lead optimization by compound profiling, and drug targeting and delivery. Prereq: Admission to M.S. in biotechnology. Typically Offered: Occasionally

CRB 834 Molecular Technologies III Credits: 1
Covers theory and applications of drug discovery. Laboratory assays and methods focus on primary, secondary, and ADMETox (absorption, distribution, metabolism, excretion, toxicity) drug screening. In addition, students build communication skills while working on team projects and reporting scientific results. Prereq: Admission to M.S. in biotechnology. Typically Offered: Occasionally

CRB 840 Business of Biotechnology: Fundamentals Credits: 2
Designed to give students without formal business education or management experience an understanding of basic business principles and primary functional areas of businesses in preparation for the more advanced courses in the business of biotechnology. Prereq: Admission to M.S. in biotechnology. Typically Offered: Occasionally

CRB 841 Business of Biotechnology: Contemporary Challenges and Applications Credits: 2
This course presents contemporary issues in the business of biotechnology where students apply concepts critical to the success of modern biotechnology firms. Topics focus on modern problem-solving, including issues relating to leadership and management, product development and negotiation and licensing. Prereq: Admission to M.S. in biotechnology. Typically Offered: Occasionally

CRB 990 Research and Thesis Credits: 1 - 9
Research and Thesis. Prereq: Grad student status, Instructor consent. Typically Offered: Fall, Spring, Summer

EMERGENCY MEDICINE

EMER MED 959 Emergency Medicine Regional Site Credits: 2 - 4
This course will provide students with an introduction to patient care in the emergency setting. The goals while on this rotation will be to 1) Increase knowledge and understanding of the role of Emergency Medicine in the broader healthcare system; and 2) Become familiar with the initial evaluation, assessment and stabilization of patients who present with urgent and emergent medical and traumatic conditions. Prereq: Surgery 812 or Medicine 812. Typically Offered: Fall, Spring, Summer

EMER MED 960 Emergency Medicine Elective - Basic Credits: 2
The Clerkship's emphasis is on learning and gaining clinical experience in the acute care setting. Students will be expected to evaluate and care for patients primarily with the guidance and supervision of the Emergency Medicine Attending or Senior Resident. You will "staff" all of your patients with the Attending, and will have the opportunity to perform various procedures with their assistance. The didactic structure of the rotation includes a suture lab, assigned reading materials, and the University of Wisconsin Emergency Medicine Residency Conference series. In addition, during certain months, students may participate in the simulation curriculum (2 hours weekly) alongside the Advanced. Typically Offered: Fall, Spring, Summer
EMER MED 961 Emergency Medicine Elective - Advanced Credits: 4
This Clerkship's emphasis is on building clinical expertise and gaining experience in the acute care setting. Students will be expected to evaluate and care for patients primarily with the guidance and supervision of the Emergency Medicine Attending or Senior Resident. You will "staff" all of your patients with the Attending or Senior EM Resident, and will have the opportunity to perform procedures on your patients, with expert supervision. The didactic structure of the rotation centers on a weekly simulation curriculum. Other learning venues include suture lab, assigned reading materials, and the University of Wisconsin Emergency Medicine Residency Conference series. Upon making a formal re
Typically Offered: Fall, Spring, Summer

FAMILY MEDICINE

FAM MED 699 Directed Study Credits: 1 - 12
Directed study projects as arranged with faculty member. Prereq> Cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

FAM MED 701 Perspectives in Multidisciplinary Clinical & Translational Research Credits: 3
An overview of clinical investigation, including translational research; observational, experimental and quasi experimental designs; efficacy and effectiveness; behavioral and community interventions; qualitative methods; educational research; quality assurance; health economics; bioethics; pharmacotherapy trials; health disparities, and patents. Prereq> Introductory statistics course
Typically Offered: Fall

FAM MED 709 Physicians as Health Activists Credits: 1 - 2
To teach medical students about the public health issues affecting the medical care of their future patients and to provide them with the skills necessary to be effective community leaders addressing those issues. Prereq> Med student & cons inst
Typically Offered: Occasionally

FAM MED 711 The Healer's Art Credits: 1
The class explores relationship-centered care in the medical profession. Topics will include the importance of holistic self-care, methods of sharing, processing and responding to grief and the concepts of service and calling in medicine. Prereq> 1st yr Med st or cons inst
Typically Offered: Occasionally

FAM MED 712 Health Care in Diverse Communities Credits: 1
This elective is an introduction to issues in health care provided in diverse communities. Topics include cultural issues in medicine, health disparities, cross-cultural communication, culture and resiliency, historical background and ethics, civil rights in practice and minority health care professionals. Prereq> Stdts enrolled in a prof degree prgm & cons inst
Typically Offered: Occasionally

FAM MED 910 Research and Independent Study Credits: 1 - 8
Prereq> SR MED 812 (Primary Care Clerkship)
Typically Offered: Occasionally

FAM MED 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships. (Student must have Fourth Year Committee approval to count for fourth year credit.) Prereq> 4th yr Med st
Typically Offered: Occasionally

FAM MED 920 Clinical Clerkship in Family Medicine-Madison Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

FAM MED 921 Clinical Clerkship in Family Medicine-Appleton Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

FAM MED 922 Clinical Clerkship in Family Medicine-Eau Claire Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally
FAM MED 923 Clinical Clerkship in Family Medicine-Wausau Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

FAM MED 926 Clinical Clerkship in Family & Community Medicine-Native American Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

FAM MED 927 Clinical Clerkship in Rural and Community Health Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

FAM MED 930 Clinical Clerkship in Family Medicine-St Lukes (Milwaukee) Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

FAM MED 931 Clinical Management of Addictive Disorders-Madison Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

FAM MED 933 Sports Medicine Credits: 1 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

FAM MED 934 Community Cross Cultural Health Care Credits: 1 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

FAM MED 935 St Mary’s Medical Center Family Medicine Sub-Internship Credits: 1 - 12
Elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

FAM MED 937 Family Medicine UW Hospital Sub-Internship Credits: 1 - 6
Service accepts patients for admission from the four Department of Family Medicine residency training clinics, as well as 12 community based Family Medicine clinics. The average service census is 11 patients. Prereq>
Successful completion of the third year UWSMPH curriculum
Typically Offered: Fall, Spring

FAM MED 938 Hospice & Palliative Care Elective Credits: 4
This elective is designed to assist the students in developing a solid foundation of skills, knowledge, and attitudes needed to provide care for patients in a Hospice and Palliative Care setting. During this 4 week elective, students will have the opportunity to experience the variety of patient encounters found in this specialty. These experiences will vary between student and will encompass Hospice, Palliative, Residential, and Bereavement. Students will spend their time in the following locations: Unity, Residential (The Jack and Ingrid Meng Residence), and Bellin Memorial Hospital, The Cancer Team at Bellin Health, and Skilled Nursing and Residential Facilities. Prereq>
Must be a 4th y
Typically Offered: Fall, Spring

FAM MED 939 HEART IM (Humanistic Elective in Activism, Reflective Transformation, and Integrative Medicine) Credits: 4
HEART (Humanistic Elective in alternative medicine, Activism, and Reflective Transformation) is an AMSA (American Medical Student Association) sponsored, month long elective for fourth-year medical students. Twenty-five medical students from across the nation will come together to live in an intentional community at a retreat center for the month of April each year in the
California redwoods to explore the nature of healing, activism, self-care and personal reflection. Five medical student leaders are chosen through a competitive application process each year to organize the rotation under the guidance of a group of faculty mentors. Experts in integrative medicine, nutrition, humanism, non-L&S Credit: No degree credit in L&S  Typically Offered: Spring
Welcome to Community Based Care for the Elderly, an interdisciplinary geriatric teaching service. The nursing home is an ideal setting to teach geriatrics at the interface of hospital and home, where 45% of elderly spending some time of their life. Didactic lectures are followed by bedside rounds, where geriatric topics are applied. Exposure to geriatric community and clinic experiences round out the rotation. Prereq> Fourth Year Students: successful completion of Third Year curriculum Third Year Students: upon recommendation of course director

Typically Offered: Not Applicable

**HUMAN ONCOLOGY**

**H ONCOL 410 Radiobiology** Credits: 2 - 3
Effects of ionizing radiations of living cells and organisms, including physical, chemical, and physiological bases of radiation cytotoxicity, mutagenicity, and carcinogenesis; lecture and lab. Prereq> None
L&S Credit: No degree credit in L&S Typically Offered: Spring

**H ONCOL 501 Radiological Physics and Dosimetry** Credits: 3
Interactions and energy deposition by ionizing radiation in matter; concepts, quantities and units in radiological physics; principles and methods of radiation dosimetry. Prereq> Calculus and modern physics
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

**H ONCOL 510 Topics in Oncology** Credits: 1 - 3
As a topics course in human oncology, the topics will vary. Prereq> Undergrad basic math or physics or basic biology or pharmacology or M.D.
L&S Credit: No degree credit in L&S Typically Offered: Spring

**H ONCOL 640 Biochemical Mechanisms of Tumor Promotion and Progression** Credits: 2
This course will review signal transduction pathways which are involved in altered patterns of gene expressions that accompany aberrant cell differentiation, intercellular communication and tumor promotion. Finally, to evaluate how this knowledge presented in the course will be useful to plan strategies for cancer prevention. Prereq> Biochem 501 or cons inst
L&S Breadth: Biological Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

**H ONCOL 681 Senior Honors Thesis in Human Oncology 1** Credits: 3 - 4
Independent research in the area of human oncology including biology, medical physics, or clinical oncology. A written thesis is required in the final semester. Prereq> Senior standing and consent of instructor
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

**H ONCOL 682 Senior Honors Thesis in Human Oncology 2** Credits: 3 - 4
Independent research in the area of human oncology including biology, medical physics, or clinical oncology. A written thesis is required in the final semester. Prereq> Senior standing and consent of instructor
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

**H ONCOL 691 Senior Thesis in Human Oncology 1** Credits: 3 - 4
Independent research in the area of human oncology including biology, medical physics, or clinical oncology. A written thesis is required in the final semester. Prereq> Senior standing and consent of instructor
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

**H ONCOL 692 Senior Thesis in Human Oncology 2** Credits: 3 - 4
Independent research in the area of human oncology including biology, medical physics, or clinical oncology. A written thesis is required in the final semester. Prereq> Senior standing and consent of instructor
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

**H ONCOL 699 Independent Study in Human Cancer Biology** Credits: 1 - 3
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

**H ONCOL 812 Radiation Medicine Physics Clerkship** Credits: 2
Allows students to observe and participate in the application of medical physics principles in the clinical setting. Under supervision, students will perform the functions of a clinical medical physicist in radiation medicine. Prereq> Med Phys 501 & 566
Typically Offered: Occasionally
H ONCOL 910 Independent Reading and Research for Fourth Year Medical Students Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

H ONCOL 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships. (Student must have Fourth Year Committee approval to count for fourth year credit.) Prereq> 4th yr Med st
Typically Offered: Occasionally

H ONCOL 922 Radiation Oncology-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

H ONCOL 990 Research in Human Cancer Biology Credits: 1 - 12
Graduate thesis research. Prereq> Cons inst
Typically Offered: Occasionally

MEDICAL GENETICS

MD GENET 562 Human Cytogenetics Credits: 2
Fundamental principles of cytogenetics and special problems of human cytogenetics for biology and medical students. Prereq> Genetics/Bot/Zool 160 or 466 or Med Genet 721 or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MD GENET 565 Human Genetics Credits: 3
Principles, problems, and methods of human genetics. Surveys aspects of medical genetics, biochemical genetics, molecular genetics, cytogenetics, quantitative genetics, and variation as applied to humans. Prereq> Genet 466 or equiv or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MD GENET 629 Evolutionary Genetics Credits: 3
Basic principles of phylogenetics, population genetics and quantitative genetics including the construction of gene trees, forces affecting the amount and distribution of genetic variation in populations, and the inheritance and evolution of multifactorial characters. Prereq> Genetics 466 or Biocore 301 & 302 or equiv. Knowledge of intro calc & stats or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MD GENET 646 Cancer Genetics Credits: 2
Provides students with a background in cancer genetics from a medical, biologic, and clinical perspective. Prereq> Enrollment in the Genetic Counseling Training Program or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Spring

MD GENET 677 Advanced Topics in Genetics Credits: 1 - 3
Contents vary; consideration of subjects not included in the curriculum. Prereq> Cons inst or Grad st
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MD GENET 699 Independent Reading Credits: 1 - 3
Prereq> Cons inst & Sr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MD GENET 707 Genetics of Development Credits: 3
A research-level analysis of the current status of the investigation of processes controlling differential gene activity and cellular behavior. The major emphasis is genetic. In successive years, the focus moves from the gene to the cell to the organism. Prereq> Genetics 466 or equiv, Biochem 602 or equiv
Typically Offered: Occasionally

MD GENET 708 Methods and Logic in Genetic Analysis Credits: 3
Contemporary issues in genetic, developmental, cell, and molecular biology are addressed in a discussion format. Invited speakers give research lectures and reading material is taken from the primary literature. The discussion focuses on evaluating genetic approaches to biological problems. Prereq> Grad st, Genetics 701 or equiv
Typically Offered: Occasionally
MD GENET 713 Practicum in Genetics Counseling Credits: 3
Introductory practicum in genetics counseling, designed to acquaint the student with the basic practice skills required, protocols used, and professional issues in genetics counseling. Clinical experiences in a variety of specialty clinics provide opportunities for initial development of interviewing, data collection, and counseling skills. Prereq> Enrollment in MS Genetics Counseling Progm
Typically Offered: Occasionally

MD GENET 714 Practicum in Genetics Counseling Credits: 3
Second semester of the practicum in genetics counseling. Builds upon the first semester course (713) and provides additional opportunities to develop and improve skills in interviewing, data collection, case management and counseling. Prereq> Med Genet 713
Typically Offered: Occasionally

MD GENET 721 Molecular and Medical Genetics Credits: 3
General genetics principles, with emphasis on human and clinical genetics. Prereq> 1st yr st in Med Sch or cons inst
Typically Offered: Occasionally

MD GENET 731 Clinical Genetics Credits: 3
Clinical manifestation of human genetic disorders, practical principles of genetic counseling; for students preparing for genetic counseling and other health care professions, e.g., nursing, physician's assistant, etc., in which they will encounter patients/families with genetically determined conditions, disorders, related problems, and prevention. Prereq> Genetics 466 or equivalent; Genetics 565 & 561 or 562; or consent of instructor. Some knowledge of basic medical terminology essential
Typically Offered: Occasionally

MD GENET 737 Contemporary Professional Issues in Genetics Counseling Credits: 1
A series of selected basic issues and topics that are core curricular requirements specific to genetics counseling. Relevant, non-redundant topics will be scheduled over four consecutive semesters. Prereq> Enrollment in Genetics Counseling Progm or consent of instructor
Typically Offered: Occasionally

MD GENET 739 Literature Search Strategies and Analysis in Clinical Genetics Credits: 2
Approaches to literature searching including computerized databases and information retrieval are covered. Methods are provided for the students to learn to read clinical literature critically, to recognize and assess biases and to understand the limits of currently available clinical genetics studies. Prereq> Enrollment in Genetic Counseling Progm in Dept of Med Genetics
Typically Offered: Occasionally

MD GENET 742 Human Embryology, Teratology and Abnormal Development Credits: 1
Review the basic processes and events of human embryology as a frame of reference for lectures on genetic and teratogenetic disturbances of normal development, focus on the major processes of morphogenesis, focus on the timing of major events in embryogenesis. Prereq> Enrollment in the Genetic Counseling Program
Typically Offered: Occasionally

MD GENET 744 Applications of Biochemical Genetics for Genetic Counselors Credits: 2
This course will introduce to the genetics counseling trainee applications of biochemical and molecular diagnostic tests in clinical practice and will review the major classes of inborn errors of metabolism. Prereq> Enrollment in Genetic Counseling Progm in Dept of Med Genetics
Typically Offered: Occasionally

MD GENET 770 Genetics Counseling Credits: 1
Necessary genetic information and mathematical techniques for genetic counseling. Topics: basic human genetics review, elementary probability, pedigree and segregation analysis, cytogenetics, empirical risks, eugenics and counseling practice. Practical aspects. Prereq> Sr st in Med School or cons inst
Typically Offered: Occasionally
MD GENET 813 Advanced Practicum in Genetics Counseling Credits: 4
A two semester program of clinical experiences which explores some of the pertinent professional issues in genetics counseling. The clinical experiences consist of four eight-week rotations which provide many opportunities for trainees to work toward perfecting skills in counseling, interviewing, data collection, case coordination and ongoing follow-along of genetics families. Prereq> Med Genet 713 & 714
Typically Offered: Occasionally

MD GENET 814 Advanced Practicum in Genetics Counseling Credits: 4 - 5
The second of a two semester sequence of clinical experiences and didactics which provides opportunities for trainees to obtain professional competency in counseling, interviewing, and case coordination; to explore professional boundaries and limits; and learn strategies to develop a self-reflective practice. Prereq> MD GENET 813
Typically Offered: Occasionally

MD GENET 990 Research Credits: 1 - 12
Prereq> Cons inst
Typically Offered: Occasionally

MD GENET 993 Seminar in Genetics Credits: 0 - 1
Sections deal with various aspects of genetics: Drosophila, maize, immunogenetics, developmental genetics, or other special topics. Students may enroll in two or more sections if they wish. Prereq> Grad st & cons inst
Typically Offered: Occasionally

MD GENET 999 Independent Work Credits: 1 - 3
Prereq> Cons inst
Typically Offered: Occasionally

MEDICAL HISTORY AND BIOETHICS

MED HIST 133 Biology and Society, 1950 - Today Credits: 3
From medical advancements to environmental crises and global food shortages, the life sciences are implicated in some of the most pressing social issues of our time. This course explores events in the history of biology from the mid-twentieth century to today, and examines how developments in this science have shaped and are shaped by society. In the first unit, we investigate the origins of the institutions, technologies, and styles of practice that characterize contemporary biology, such as the use of mice as "model organisms" for understanding human diseases. The second unit examines biological controversies such as the introduction of genetically modified plants into the food supply. Th
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MED HIST 212 Bodies, Diseases, and Healers: An Introduction to the History of Medicine Credits: 3
A survey of different conceptions of how the body as a site of sickness has been understood from Antiquity to contemporary medicine. Includes consideration of the origins and evolution of public health, the changing social role of healers, and the emergence of the modern "standardized" body in health and illness.. Prereq> Open to Freshmen. For honors credit consent required in Hist Sci/Hist Med 284 or consent of instructor
L&S Breadth: Humanities  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MED HIST 213 Global Environmental Health: An Interdisciplinary Introduction Credits: 3
The course provides an introduction to the intersections of health and environment on a global scale. Exposes students to a range of problems in global environmental health, including climate change, disease ecology, and the globalization of disease. Prereq> None
L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MED HIST 218 History of Twentieth Century American Medicine Credits: 3
This undergraduate lecture course introduces students to the development of the modern American medical care system. Prereq> Open to Fr
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MED HIST 275 Science, Medicine, and Race: A History Credits: 3
Surveys the medical and scientific constructions of categories of race, placing the development of racial theories in a broad social and political context. The course will pay particular attention to the importance of racial science in slavery and colonialism. Prereq> Open to Fr
Ethnic Studies: Yes  L&S Breadth: Humanities or Soc Sci  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall
MED HIST 284 Physician in History (Honors) Credits: 1
Honors course for students enrolled concurrently for honors in History of Science 212. Open to non-honors students with consent of instructor. Prereq> Con reg for honors in Hist Sci/ Hist Med 212 or cons inst. Open to Fr
L&S Breadth: Humanities L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MED HIST 331 Science, Medicine and Religion Credits: 3 - 4
Science, medicine and religion from antiquity to the present, with emphasis on Western civilization. Prereq> Jr st and cons inst
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MED HIST 333 History of Modern Biology Credits: 3
Survey of major developments in biology and related sciences ca. 1700-1950. Topics include morphology and embryology; evolutionary theory, ecology, and genetics; physiology and recent experimental biology. Prereq> Jr st or cons inst
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MED HIST 394 Science in America Credits: 3
From the colonial period to the present; emphasis on the development of scientific institutions and the influence of science on American life. Prereq> Jr st or cons inst
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MED HIST 431 Childbirth in the United States Credits: 3
American women's childbirth experiences from the colonial period to the present. Childbirth as a cultural as well as a biological event. Basic physiological information for understanding and evaluating changing approaches to pregnancy and childbirth. Prereq> Women St 103 or 430 or equiv; or cons inst
L&S Breadth: Social Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

MED HIST 444 Health and Social Welfare in Western Society Credits: 3
The rise of public concern for human well-being in the European nations from preliterate society to the twentieth century. Greek individualism and Christian charity, the shift from ecclesiastical to secular responsibility, the sanitary movement and development of a scientific basis for public health, and emergence of contemporary public health issues. Prereq> So st
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MED HIST 504 Society and Health Care in American History Credits: 3
Lecture-seminar. Health care in America since the colonial period; emphasis on social developments. Prereq> Jr st & cons inst
L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MED HIST 505 Justice and Health Care Credits: 3
Examines ethical issues in the distribution, financing, and delivery of health care (primarily in the United States). The first third of the class explores key issues in U.S. health policy and forms the empirical foundation for the rest of the class. The second third explores ongoing debates in moral and political philosophy over putative entitlements to health and health care. The last third investigates the nature, justifiability, and methods of health care rationing, including bedside rationing by doctors, and the myriad issues implicated by the near-universally shared goal of health care cost containment. Prereq> Junior, Senior or Graduate standing
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

MED HIST 507 Health, Disease and Healing I Credits: 3 - 4
Medicine in Europe from antiquity to the 18th century, investigating changes in medical ideas, institutions, practices, and organization. Prereq> Jr st
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

MED HIST 508 Health, Disease and Healing II Credits: 3 - 4
Medicine in Europe from the 18th century to mid-20th century, investigating changes in disease and demography, state interest in health care, the medical professions, and both scientific and alternative medical ideas. Prereq> Jr st
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring
MED HIST 509 The Development of Public Health in America Credits: 3
Seminar. Health problems in the U.S. from the colonial period to the twentieth century; efforts made toward their solutions. Prereq> Jr st & cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MED HIST 513 Environment and Health in Global Perspective Credits: 3
Explores the historical relationships between environmental change and human health from the 17th through the 20th century. Topics include colonialism and disease, medical geography, urban pollution and reform, workplace hazards, environmental risk, and the anti-toxics and environmental justice movements. Prereq> Jr st
L&S Breadth: Humanities or Soc Sci  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MED HIST 515 Public Health Ethics Credits: 3
Focuses on ethical issues implicated in a population-level approach to disease prevention and health promotion. Explores prominent theoretical approaches to public health ethics and engages with several ethical tensions. Issues discussed can include: the use of coercive or intrusive public health interventions that restrict individual freedom, infringe upon individual privacy, and/or invite individual harm (or risks of harm); the justification of paternalistic measures in societies or sub-populations that seemingly indulge in pleasurable yet unhealthy behaviors; the extent to which societies should hold individuals responsible for their health conditions; the need to decide who receives li
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MED HIST 523 Race, American Medicine and Public Health Credits: 3
The course will provide historical perspectives on current dilemmas facing black patients and health care professionals. Prereq> Jr or Sr st
Ethnic Studies: Yes  L&S Breadth: Social Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MED HIST 524 The Medical History of Sex and Sexuality Credits: 3
Examines the changing place of medicine and scientific authority in public and private sexual lives. Highlights the role of medicine in defining appropriate sexual behavior, understanding the cause of sexual deviance, and treating sexual problems and diseases. Prereq> Prev history (incl med hist & hist sci) crse preferred
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MED HIST 526 Medical Technology and the Body Credits: 3
Ethical and cultural dimensions of chemical, surgical and biological therapeutics and enhancements to the human body. Explores body-altering technologies within cultural understandings of appearance, function, perception and identity. Prereq> So st or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MED HIST 531 Women and Health in American History Credits: 3
Women as patients and as health professionals in America from the colonial period to the present. Prereq> Jr st & cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MED HIST 532 The History of the (American) Body Credits: 3
This course demonstrates that human bodies have social and cultural histories. It will highlight the social values placed on different bodies, the changing social expectations bodies create, and the role of science and medicine in creating the cultural meanings of bodies. Prereq> Women St 103 or other women's studies crse required; prev hist (incl med hist & hist sci) crse preferred
L&S Breadth: Humanities  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MED HIST 543 Doctors and Delusions: Madness and Medicine in the Modern Era Credits: 3
Medical approaches to mental illness from 1750 to the present. Emphasis on how tension between biomedical and socio-environmental theories about psychopathology have marked modern psychiatry. Focus on Europe and the United States with global and comparative dimensions. Prereq> Jr st or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MED HIST 545 Ethical and Regulatory Issues in Clinical Investigation Credits: 1
This course will explore and examine the ethical issues central to clinical research, regulations governing clinical investigation, and the role of good clinical practice for clinical trials.
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
MED HIST 550 Medical Technologies in Historical Perspective Credits: 3
Focusing upon the 18th- to 21st-century U. S. and building upon earlier European history, the course explores the ways that a range of technologies - e.g. stethoscopes, spirometers, x-rays, hospital design, pharmaceuticals, gene and cell therapies, telemedicine, etc. have shaped medicine and invited social critique. Prereq: Junior/Senior standing or consent of instructor
L&S Breadth: Humanities L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

MED HIST 553 International Health and Global Society Credits: 3
Major problems in international health from 1750 to the present. Focus on disease epidemiology and ecology; political economy of health; migration; quarantine; race, ethnicity, and health care; international health research; cross-cultural healing; mental and maternal health; growth of international health organizations. Prereq: Jr or Sr st, or cons inst
L&S Breadth: Humanities or Soc Sci L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

MED HIST 554 A History of Western Disability Credits: 3
Offers a wide range of arguments about the nature of disability, from pre-history to the 21st century. Explores the history of disability in Western thought and practice and the formulation of personhood, citizenship, and social well being. Prereq: None
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

MED HIST 558 Ethical Issues in Health Care Credits: 3
Ethical issues apparently created by new biomedical technologies, such as genetic screening, prenatal diagnosis, prolongation of life, treatment of severe birth defects, in vitro fertilization, behavior modification, psychosurgery, and transplantation. Prereq: Jr st or cons inst
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

MED HIST 559 Topics in Ethics and History of Medicine Credits: 3
A survey of ethical and social issues in medical ethics and history of medicine. Cooperating faculty may be drawn from philosophy, law, medical ethics, history, political science, public health, economics, education, and communication, as well as medicine and the biological sciences. Prereq: Consent of instructor; enrollment may be limited depending on topic and approach
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MED HIST 561 Greek and Roman Medicine and Pharmacy Credits: 3
Greek and Roman medicine and drug lore from the Pre-Socratics to Oribasius (c. 600 B.C. - A.D. 350), including the backgrounds of ancient Egyptian and Mesopotamian medicine. Prereq: Jr or Sr st, or cons inst
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

MED HIST 562 Byzantine Medicine and Pharmacy Credits: 3
Byzantine and Islamic medicine and drug lore from Oribasius to the beginnings of the Italian Renaissance (c. 350 - c. 1400 A.D.). Prereq: Jr or Sr st or cons inst
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

MED HIST 564 Disease, Medicine and Public Health in the History of Latin America and the Caribbean Credits: 3
This course examines the history of illness and medical practice in Latin America and the Caribbean from the colonial era until the present. Using an interdisciplinary set of sources, students will explore the different meanings of disease, body normativity, medical practice, and ideas about public health across different historical circumstances in the region. Prereq: Junior standing or above. Include Graduate and Professional level
L&S Breadth: Humanities or Soc Sci L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

MED HIST 565 The Ethics of Modern Biotechnology Credits: 3 - 4
Study of ethical issues arising from the application of modern biotechnology to microorganisms, crops, and non-human animals. Readings cover moral theory, technology studies, political philosophy, the science used in biotechnology, and current regulations governing its use. Prereq: Jr st & cons inst
L&S Breadth: Humanities L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

MED HIST 567 Western Medicine and Pharmacy in the Middle Ages Credits: 3
Learned medicine and pharmacy in western society from late antiquity to the beginning of the early modern period (c. 350 - c. 1500 A.D.). Prereq: Jr st or cons inst
L&S Breadth: Humanities L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally
MED HIST 575 Clinical Medicine Since 1750 Credits: 3
Lecture-Seminar. Development of clinical medicine in Europe and America from the eighteenth to the twentieth century. Prereq> Jr st & cons inst. Previous hist of medicine crse desirable
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MED HIST 610 Regenerative Medicine Ethics and Society Credits: 1 - 3
Study of regenerative medicine and stem cell research within social, ethical and political contexts. Prereq> Grad st and permission of instructor (3 credit). Grad st (1 credit)
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MED HIST 613 Jewish Law and Ethics in Comparative Perspective Credits: 3
History, sources and methods of Jewish Law reflecting the diversity of Jewish life and culture. Topical focus on family law, the role and status of women, and bioethical issues. Some comparisons with other systems of religious law, secular law and secular philosophical ethics. Prereq> Jr st; some prior coursework in Jewish studies, law or both, or cons inst
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MED HIST 668 Topics in History of Medicine Credits: 3
Upper-level special topics course in the history of medicine. Prereq> Jr st
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MED HIST 678 Global AIDS: Interdisciplinary Perspectives Credits: 3
Exploration of the global HIV/AIDS pandemic from social scientific, epidemiological, and humanistic perspectives. Course is directed by lead faculty from sponsoring departments, but also includes regular visiting lecturers from the UW and beyond. Prereq> Jr st & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MED HIST 699 Independent Study in Medical History Credits: 1 - 3
Prereq> Jr st & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MED HIST 708 Health, Disease and Healing II Credits: 1
Advanced readings in primary and secondary literature concerning medicine in Europe from the 18th century to mid-20th century, investigating changes in disease and demography, state interest in health care, and medical professions, and both scientific and alternative medical ideas. Prereq> Grad st & con reg in Med Hist 508
Typically Offered: Occasionally

MED HIST 709 Development of Public Health in America Credits: 1
Advanced readings in primary and secondary literature concerning public health issues and problems in America from the eighteenth to the twentieth century, and efforts made toward their solutions. Prereq> Grad st & con reg in Med Hist 509
Typically Offered: Occasionally

MED HIST 713 Studies in Environment and Health Credits: 1
Advanced readings in primary and secondary literature of environment and health, with emphasis on current historiographic issues. Prereq> Grad st, or con reg in Hist Med 513 or cons inst
Typically Offered: Occasionally

MED HIST 720 Historical Perspectives in Medicine Credits: 1
(Med I elective) Lecture-seminar. Contemporary medical issues in a historical context. Prereq> Open to 1st yr Med stdts in their 2nd sem
Typically Offered: Occasionally

MED HIST 725 Historical Issues in Modern American Medicine Credits: 1
Seminar-survey of 19th and 20th century medicine in America. Prereq> Open to all 4th yr Med stdt as an elective
Typically Offered: Occasionally
MED HIST 726 Medical Technology and the Body Credits: 1
Ethical and cultural dimensions of chemical, surgical and biological therapeutics and enhancements to the human body. Explores body-altering technologies within cultural understandings of appearance, function, perception and identity. Prereq> Grad st & con reg in Med Hist 526 or cons inst
Typically Offered: Occasionally

MED HIST 728 Biomedical Ethics and Society Credits: 1 - 3
Social science perspectives on medicine with emphasis on biomedical ethics. Overview of the qualitative research methods of ethnography, life history, content, visual and narrative analysis. Prereq> Grad st. One of the following: Anthro 365, Soc 531, Pop Hlth 780 or equivs, or cons inst
Typically Offered: Occasionally

MED HIST 730 Ethical Issues in Medicine Credits: 1
Seminar-discussions. Problems: abortion, prenatal diagnosis, genetic screening, euthanasia, definition of death, experimentation, and patients' rights. Prereq> Open to all 4th yr Med students (8 or 16 wks) as an elective
Typically Offered: Occasionally

MED HIST 734 Graduate Studies in Medical Ethics Credits: 1 - 3
Prereq> Grad st or cons inst
Typically Offered: Occasionally

MED HIST 743 Doctors and Delusions: Madness and Medicine in the Modern Era Credits: 1
Advanced readings in primary and secondary literature of the history of psychiatry, with emphasis on historiographical issues. Prereq> Grad st & con reg in Med Hist 543, or cons inst
Typically Offered: Occasionally

MED HIST 753 International Health and Global Society Credits: 1
Advanced readings that examine major problems in modern international health. Focus on epidemiology and disease ecology; political economy of health; migration; quarantine; international health research; cross-cultural healing; mental and maternal health; growth of international health organizations. Prereq> Grad st & con reg in Med Hist 553
Typically Offered: Occasionally

MED HIST 890 Reading and Research Credits: 1 - 3
Prereq> Open to all 4th yr Med stdts (8 or 16 wks) & Grad stdts of all other depts (16 wks)
Typically Offered: Occasionally

MED HIST 905 Bioethics and the Law Credits: 2 - 4
Introduction to the legal, ethical and public policy dimensions of modern medicine and biomedical research. Informed consent, human experimentation, death and dying, organ transplantation, allocation of scarce resources. May cover reproductive and genetic issues in some years. Prereq> Cons inst
Typically Offered: Occasionally

MED HIST 915 Seminar: Science in America Credits: 3
Prereq> Grad st
Typically Offered: Occasionally

MED HIST 916 Food and Drug Law Credits: 3
Survey of laws and regulations governing the development of new drugs, medical devices, and genetically modified foods. Includes material on patent protection and business strategies in pharmaceutical research; ethics of clinical research on humans; FDA approval processes; post-marketing surveillance; international trade concerns. Prereq> Completion of required 1st yr law crs, or cons inst
Typically Offered: Occasionally

MED HIST 919 Graduate Studies in Medical History Credits: 3
Three seminars analyzing the scientific and social aspects of the development of modern medicine in Europe and America; one seminar exclusively on public health. Prereq> Grad st and cons inst
Typically Offered: Occasionally

MED HIST 920 Research Seminar in Medical History Credits: 3
Historical studies of the development of modern medicine. Specific areas and periods of emphasis announced in advance by the professor in charge. Prereq> Grad st and cons inst
Typically Offered: Occasionally
MEDICAL MICROBIOLOGY & IMMUNOLOGY

M M & I 301 Pathogenic Bacteriology Credits: 2
Lectures on medically important bacteria, emphasizing the process of pathogenesis and host/parasite interactions, as well as intervention strategies, immunity and genetics as they apply to the pathogens. Open to non-majors. Prereq> MM&I 341 (or con reg), 2 sem intro biol w/lab or Biocore series 301-304; 1 sem org chem; or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

M M & I 302 Medical Microbiology Laboratory Credits: 3
Lab covering procedures and aseptic techniques for isolation and identification of pathogenic microorganisms (bacteria, fungi, and viruses). Prereq> 2 sem intro biol w/lab or Biocore series 301-304; prev or con reg in MM&I 301 or equiv
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

M M & I 341 Immunology Credits: 3
Lecture, discussion. An introduction to the immune response to infectious disease. Examines the role of the host in host-parasite relationships using select microbial agents or antigens to illustrate the nonspecific and specific mechanisms of host defenses. Includes study of the nonspecific inflammatory response, the nature of microbial antigens, current concepts of antibody and cell-mediated immune reactions to infectious agents and the principles underlying the development of vaccines. Prereq> HS biol, chem, 1 sem of college biol; So st; to receive cr for both MM&I 341 & 528, MM&I 341 must be completed first
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

M M & I 350 Parasitology Credits: 3
General biology, ecology and phylogeny of animal parasites, including those of humans; host-parasite interactions; general epidemiological principles of parasitic infections. Prereq> Intro course in biology, So st
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

M M & I 351 Parasitology Laboratory Credits: 2
Optional laboratory component of Zoology/Med Micro/AHABS 350. Emphasis on experiments involving live animal parasites, including: trematodes, tapeworms, gapeworms, hookworm, ascarids, trichina, filaria, trypanosomes, coccidia, and malaria. Prereq> Zoology/MM&I/AHABS 350 or con reg
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

M M & I 410 Medical Mycology Credits: 2
Lectures and discussions. Pathogenesis, molecular biology, host-parasite interactions, immunology, epidemiology, and diagnosis of systemic, subcutaneous, and superficial fungal infections. Prereq> 2 sem intro biol w/lab or Biocore series 301-304; a crse in immunology or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

M M & I 412 Medical Mycology Laboratory Credits: 1
Laboratories and discussions on the ecology, sample collection, culture techniques and identification of medically important mycotic microorganisms. This is a companion lab to MM&I 410. Priority given to MM&I majors. Prereq> MM&I 301 & 302 & con reg in MM&I 410
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

M M & I 450 Gastrointestinal Ecology and Anaerobic Microbiology Credits: 3
Topics include the development, composition, associations, stability, and beneficial and harmful effects of the microbial flora on the morphology, physiology, and immunology (mucosal and systemic) of humans and animals. Lab: demonstrations of methodology in medial anaerobic microbiology. Prereq> MM&I 301 & 302, and a crse in immunology or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
M M & I 460 Techniques in DNA Science for Microbiologists Credits: 3
Introduction to recombinant DNA techniques commonly used in prokaryotic research and clinical Microbiology laboratories. Topics include DNA isolation, agarose gel electrophoresis, restriction enzyme digestion of DNA, ligation, transformation, Southern blotting and PCR. Students are required to work independently. Prereq> Junior standing, Chem 327 or Chem 329 or Chem 116, Microbiology lecture and lab, and consent of instructor
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Summer

M M & I 528 Immunology Credits: 3
Development and functions of immune response in animals; a comprehensive study of experimental humoral and cellular immunity. Prereq> Two sem chem and one sem zoology or gen biology
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

M M & I 529 Immunology Laboratory Credits: 2
Selected techniques illustrating concepts of cellular and humoral immunity as a supplement to Immunology 528. Prereq> Two sem of chem and one sem of zoology or gen biology. Jr or Sr st; cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

M M & I 554 Emerging Infectious Diseases and Bioterrorism Credits: 2
Identification of analysis and solution of emerging infectious disease problems and the problems of bioterrorism. Prereq> Proposed prerequisites and other requirements Completion of Biology 152 or Zoology 101 or Biocore 383 and MM&I 301 or Microbiology 101 or Microbiology 303; or Grad standing; or consent of instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

M M & I 555 Vaccines: Practical Issues for a Global Society Credits: 3
Considers innovative approaches to the development and use of vaccines in the past, today and in the future, including the public health impact and the economic, ethical and safety issues associated with vaccine development, licensing and use. Prereq> Senior or Graduate standing; MM&I 341 or MM&I 528
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

M M & I 575 Biology of Viruses Credits: 2
Lecture-discussion. Broad coverage of animal virology taught at molecular level. Topics include virus structure, viral replication/lifecycle, aspects of pathogenesis and prevention. Prereq> Biocore 301/302, or AP score of 4 or 5 and Zoology 151 or 152; or MM&I 301
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

M M & I 603 Clinical and Public Health Microbiology Credits: 5
Lecture-seminar sessions. Lectures (44) describe microorganisms of clinical and public health significance. Seminar sessions (14) discuss issues and controversies of specimen receiving and processing, bacteremia, serodiagnosis of infectious agents, antimicrobial susceptibility testing, laboratory management, and novel approaches to detect infectious agents. Prereq> A course in microbiology
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

M M & I 655 Biology and Genetics of Filamentous Fungi Credits: 3 - 4
Fungal genetics, genomics, and physiology using plant pathogenic fungi and the genetic models Aspergillus nidulans and Neurospora crassa as model systems to explore the current knowledge of fungal genetics and plant/fungal interactions. Prereq> Cons inst; PI Path 300 & 332 recommended; Genetics 466 or equiv; general microbiol crse
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

M M & I 677 Advanced Topics in Medical Microbiology Credits: 1 - 3
Lectures on a specialized topic of current interest in medical microbiology. Course content will vary with instructor. Prereq> Grad st or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

M M & I 682 Senior Honors Thesis Credits: 3
Independent research topic. Continuation of MM&I 681. Prereq> Cons honors advisor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

M M & I 691 First Semester Senior Thesis Credits: 3
First semester independent study with the goal to do the preliminary research to write a senior thesis in Medical Microbiology & Immunology. Prereq> Senior Standing; Consent of Instructor
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally
M M & I 696 Critical Thinking in Medical Microbiology and Immunology Credits: 3
Students will present assigned research papers from journals for critical evaluation by the class. In addition, students will write critiques of each paper evaluating the paper's introduction, methods, results, and discussion sections. Prereq> MM&I 301 & 341, or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

M M & I 699 Directed Study Credits: 1 - 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

M M & I 701 Infection and Immunity I Credits: 4
Part I of an integrated course of basic microbiology, immunology, and infectious diseases; includes bacteriology, virology, mycology, parasitology, basic and clinical immunology. Prereq> 2nd yr Med st only
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

M M & I 704 Infectious Diseases of Human Beings Credits: 3
Pathogenesis, clinical descriptions, and prevention. Primarily for Physician Assistant, Pharmacy, and Nursing students. Prereq> A course in microbiology
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

M M & I 707 Medical Virology Credits: 3
Lecture-discussion. Emphasis on molecular mechanisms of pathogenesis of human viral diseases. Prereq> MM&I 301 or equiv course in MM&I; course in immunology & in biochem; cons inst
Typically Offered: Occasionally

M M & I 710 Cell Structure and Function Credits: 3
An interdisciplinary course that highlights structure and function at the cellular level as related to health and disease states. Prereq> Med student
Typically Offered: Occasionally

M M & I 720 Advanced Immunology: Critical Thinking Credits: 3
Advanced course focusing on current questions in immunological research. Course explores immunology topics including genetic, cellular, and molecular features of immune system fundamental to regulation of immune responses. Course format: discussion of research articles and exposure to research seminars. Prereq> MM&I/AHABS/Bact 528 or equiv
Typically Offered: Occasionally

M M & I 740 Mechanisms of Microbial Pathogenesis Credits: 3
Lecture-discussion. Host-pathogen relationships in microbial diseases. Entry level course for infectious diseases sequence (see Med Micro 760, 790). Prereq> Cons inst, MM&I 301 or equiv & a course in immunology
Typically Offered: Occasionally

M M & I 750 Host-Parasite Relationships in Vertebrate Viral Disease Credits: 3
Lecture. Detailed study of the pathogenesis of vertebrate viral disease, stressing viral invasion, dissemination, mechanisms of disease production and resistance, and transmission. Prereq> Oncol/Microbio 640 or Path-Bio 513; and Microbio/MM&I/Path-Bio 528; or consent of instructor
Typically Offered: Occasionally

M M & I 755 Foundations of Medicine 2 Credits: 3
Addresses the basic principles of medical microbiology and the infectious diseases involving the cardiovascular, respiratory, renal and dermatologic systems and related any-microbial therapies. Prereq> Standing as med 2 student (completion of year 1 Medical School curriculum)
Typically Offered: Fall

M M & I 760 Molecular Genetics of Microbial Pathogenesis Credits: 3
The genetics and biochemistry of host cell adherence, cellular invasion and immune evasion by different human and animal microbial pathogens. The mechanisms and regulation of adhesins, toxins and antigenic variation. Prereq> MM&I 740 or equiv & cons inst
Typically Offered: Occasionally
M M & I 773 Eukaryotic Microbial Pathogenesis Credits: 3
An advanced course focusing on the molecular, cellular and biochemical mechanisms found in fungal and protozoan pathogens of humans. A combination of lectures and student presentations will be employed. Prereq> Cons inst. MM&I 740 & Path 750 recommended
Typically Offered: Occasionally

M M & I 790 Immunology of Infectious Disease Credits: 3
Immunobiology and immunogenetics of resistance to infectious disease agents of man and animals; immunoregulatory mechanisms associated with evasion of host immunity. Prereq> MM&I 720 or equiv, MM&I 740 or equiv, & cons inst
Typically Offered: Occasionally

M M & I 810 Current Issues in Microbiology Credits: 1
Required course for first-year Ph.D. graduate students in the Microbiology Doctoral Training Program (MDTP); combines faculty lectures, review of primary literature, student presentations, and small group discussions to explore the diversity of scientific topics comprising the field of contemporary microbiology. Prereq> 1st yr st in Microbiol Doctoral Training Progm
Typically Offered: Occasionally

M M & I 900 Journal Club Credits: 1
Prereq> Cons inst
Typically Offered: Occasionally

M M & I 901 Seminar Credits: 1
Prereq> Cons inst
Typically Offered: Occasionally

M M & I 914 Seminar-Molecular Biosciences (Advanced) Credits: 1
During the fall semester, molecular biosciences trainees who have not achieved dissertator status will present seminars based primarily on literature related to their projects. During the spring semester, molecular biosciences trainees with dissertator status will present seminars based upon their own research. Prereq> None
Typically Offered: Occasionally

M M & I 990 Research and Thesis Credits: 1 - 12
Prereq> Cons inst
Typically Offered: Occasionally

MEDICAL PHYSICS

MED PHYS 265 Introduction to Medical Physics Credits: 2
Primarily for premeds and other students in the medical and biological sciences. Applications of physics to medicine and medical instrumentation. Topics: biomechanics, sound and hearing, pressure and motion of fluids, heat and temperature, electricity and magnetism in the body, optics and the eye, biological effects of light, use of ionizing radiation in diagnosis and therapy, radiation safety, medical instrumentation. Two lectures with demonstrations per week. Prereq> A yr crse of college level intro physics
L&S Breadth: Physical Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

MED PHYS 401 Physics for Medicine and Biology Credits: 3
Forces on bones and muscles; body fluid flow; electrodynamics of nerve impulses; electrocardiograms; magnetocardiograms and magnetoencephalograms; diffusion processes, membrane transport, kidney function; biological effects in magnetic resonance and ultra-low frequency electromagnetic radiation; laser applications. Prereq> Physics 201 and 202 or Physics 207 and 208
L&S Breadth: Biological Science L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Occasionally

MED PHYS 410 Radiobiology Credits: 2 - 3
Effects of ionizing radiations of living cells and organisms, including physical, chemical, and physiological bases of radiation cytotoxicity, mutagenicity, and carcinogenesis; lecture and lab. Prereq> None
L&S Credit: No degree credit in L&S Typically Offered: Spring
MED PHYS 501 Radiological Physics and Dosimetry Credits: 3
Interactions and energy deposition by ionizing radiation in matter; concepts, quantities and units in radiological physics; principles and methods of radiation dosimetry. Prereq: Calculus and modern physics
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MED PHYS 506 Monte Carlo Radiation Transport Credits: 3
Use of Monte Carlo technique for applications in nuclear engineering and medical physics. Major theory of Monte Carlo neutral particle transport is discussed. Standard Monte Carlo transport software is used for exercises and projects. Major emphasis is on analysis of real-world problems. Prereq: NEEP 305 or equiv and one of NEEP 405, 408, Med Phys 501 or 569, or consent of instructor
L&S Breadth: Physical Science  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MED PHYS 530 Medical Imaging Systems Credits: 3
2D Fourier image representation, sampling, and image filtering with applications in medical imaging. Principles of operation, impulse responses, signal-to-noise, resolution and design tradeoffs in projection radiography, tomography, nuclear medicine, ultrasound, and magnetic resonance imaging. Prereq: ECE 330 or Med Phys 473 or equiv or cons inst. Knowledge of linear signals & systems, convolution, basic probability, ID Fourier Transforms
Typically Offered: Spring

MED PHYS 535 Introduction to Energy-Tissue Interactions Credits: 3
Explore physical interactions between thermal, electromagnetic and acoustic energies and biological tissues with emphasis on therapeutic medical applications. Prereq: Graduate student or senior level in Engineering or Medical Physics or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall

MED PHYS 559 Patient Safety and Error Reduction in Healthcare Credits: 2
Techniques for evaluating and reducing risks in medical procedures, including probabilistic risk assessment methods, failure mode and effects analysis, human factors analysis, and quality management. Discussions of patient safety standards, recommendations from agencies, and continual quality improvement. Prereq: Jr st or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MED PHYS 563 Radionuclides in Medicine and Biology Credits: 2 - 3
Physical principles of radioisotopes used in medicine and biology and operation of related equipment; lecture and lab. Prereq: Physics 205, Physics 241, or Physics 249, or Graduate Standing
L&S Breadth: Physical Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MED PHYS 566 Physics of Radiotherapy Credits: 4
Ionizing radiation use in radiation therapy to cause controlled biological effects in cancer patients. Physics of the interaction of the various radiation modalities with body-equivalent materials, and physical aspects of clinical applications; lecture and lab. Prereq: Med Phys 501
L&S Credit: No degree credit in L&S  Typically Offered: Spring

MED PHYS 567 The Physics of Diagnostic Radiology Credits: 3
Physics of x-ray diagnostic procedures and equipment, radiation safety, general imaging considerations; lecture and lab. Prereq: Modern physics, calculus, and Fourier analysis, or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MED PHYS 568 Magnetic Resonance Imaging (MRI) Credits: 3
Physics and technology of magnetic resonance imaging (MRI), emphasizing techniques employed in medical diagnostic imaging. Major topics: physics of MR, pulse sequences, hardware, imaging techniques, artifacts, and spectroscopic localization. Prereq: Crses in mod physics & calc, incl Fourier Anal, req. Crses in other med imaging tech e.g. Med Phys 567, & crses in signal processing, or Med Phys 573 recommended
L&S Credit: No degree credit in L&S  Typically Offered: Spring

MED PHYS 569 Health Physics and Biological Effects Credits: 3 - 4
Physical and biological aspects of the use of ionizing radiation in industrial and academic institutions; physical principles underlying shielding instrumentation, waste disposal; biological effects of low levels of ionizing radiation; lecture and lab. Prereq: Consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Spring
MED PHYS 570 Advanced Brachytherapy Physics Credits: 3
The use of radioactive sources for radiotherapy including: materials used, source construction dosimetry theory and practical application, dosimetric systems, localization and reconstruction. The course covers low dose rate, high dose rate and permanently placed applications. Prereq: Med Phys 501 & 566 or equiv
L&S Credit: No degree credit in L&S Typically Offered: Spring

MED PHYS 571 Advanced External Radiation Oncology Physics Credits: 3
Physics of ionizing radiation therapy with emphasis on external beam dosimetry and treatment planning. Prereq: Med Phys 501 & 566
L&S Credit: No degree credit in L&S Typically Offered: Fall

MED PHYS 572 Advanced Radiation Treatment Planning Credits: 3
Physics of clinical, computer-based radiotherapy planning is taught. Topics include dose algorithms, measurement data, commissioning, contouring and volume definition, beam placement, modifiers and apertures and plan evaluation. Forward based and inverse planning (including IMRT optimization) are taught. Prereq: Med Phys 501 and Med Phys 566
Typically Offered: Fall

MED PHYS 573 Medical Image Science: Mathematical and Conceptual Foundations Credits: 3
The conceptual and mathematical foundations of medical imaging, including both deterministic and stochastic aspects. Prereq: 1 yr each of undergrad physics & calc or cons inst
L&S Credit: No degree credit in L&S
Typically Offered: Fall

MED PHYS 574 Imagine in Medicine: Applications Credits: 3
Continuation of 573, with application of concepts to practical medical imaging problems and emerging quantitative imaging techniques. Prereq: Med Phs/BME 573 or cons inst
L&S Credit: No degree credit in L&S
Typically Offered: Fall

MED PHYS 575 Diagnostic Ultrasound Physics Credits: 2 - 3
Propagation of ultrasonic waves in biological tissues; principles of ultrasonic measuring and imaging instrumentation; design and use of currently available tools for performance evaluation of diagnostic instrumentation; biological effects of ultrasound. Prereq: Modern physics, calculus & Fourier analysis or consent of instructor
L&S Credit: No degree credit in L&S
Typically Offered: Spring

MED PHYS 577 Principles of X-ray Computed Tomography Credits: 3
Provides a basic foundation of x-ray computed tomography (CT) for those who are interested in the principles and applications of CT in Medical Physics. Focuses on the physics of CT, system design, image artifacts, and recent advances in CT techniques. Prereq: Grad st; Modern physics, calculus, and Fourier analysis, or cons inst
L&S Credit: No degree credit in L&S
Typically Offered: Fall

MED PHYS 578 Non-Ionizing Diagnostic Imaging Credits: 3
This is a graduate level core course covering the physics associated with magnetic resonance imaging and diagnostic ultrasound emphasizing techniques employed in medical diagnostic imaging. Major MRI topics include: physics of MR, pulse sequences, hardware, imaging techniques, artifacts, and spectroscopic localization. Ultrasound based topics covered include: propagation of ultrasonic waves in biological tissues, principles of ultrasonic measuring and imaging instrumentation, design and use of currently available tools for performance evaluation of diagnostic instrumentation, and biological effects of ultrasound. At the completion of this course, students should have an understanding of the
Typically Offered: Spring

MED PHYS 619 Microscopy of Life Credits: 3
Survey of state of the art microscopic, cellular and molecular imaging techniques, beginning with subcellular microscopy and finishing with whole animal imaging. Prereq: 2nd semester intro physics including light & optics (e.g. 104, 202, 208) or cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

MED PHYS 661 Rad Lab - Radiotherapy Physics Credits: 2
Prereq: Med Phys 566
L&S Credit: No degree credit in L&S
Typically Offered: Fall
MED PHYS 662 Rad Lab - Diagnostic Radiological Physics Credits: 1
Prereq> Med Phys 567
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MED PHYS 663 Rad Lab - Nuclear Medicine Physics Credits: 1
Prereq> Med Phys 463
L&S Credit: No degree credit in L&S  Typically Offered: Spring

MED PHYS 664 Rad Lab - Health Physics Credits: 1
Prereq> Grad st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MED PHYS 665 Rad Lab: CT, MRI, and DSA Physics Credits: 1
Prereq> Med Phys 567 or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MED PHYS 666 Rad Lab - Medical Ultrasound Physics Credits: 1
Prereq> Grad st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MED PHYS 667 Selected Topics in Medical Physics Credits: 1 - 3
Various subjects of interest to medical physics faculty and students. Prereq> Consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MED PHYS 669 Independent Reading or Research Credits: 1 - 3
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MED PHYS 700 Ethics and the responsible conduct of research and practice of Medical Physics Credits: 1
This course will introduce the concepts of ethics in the daily practice of medical physics and other scientific disciplines and provide tools for identifying resources. Special emphasis will be placed in how these principles have to be applied to ensure the confidentiality of the patients, the safety of the research subjects (human and animals), differentiation between ethical and legal issues, as well as the understanding of the principles that deal with authorships, intellectual property in the academic- and industry- based environment. This will be a 1 credit course (16hs). It will consist of 8 weekly meetings (2 hs each session). Prereq> None
Typically Offered: Spring

MED PHYS 707 Digital X-Ray Imaging Credits: 2
Application of digital imaging principles to transmission x-ray imaging. Computed tomography (CT) and digital angiography (DSA) will be covered in depth. Additional topics include emerging digital modalities, such as active matrix flat panel imagers and the noise properties of cascaded detector systems. Prereq> Med Phys 473, 567, or cons inst
Typically Offered: Occasionally

MED PHYS 710 Advances in Medical Magnetic Resonance Credits: 3
This course studies in some depth the theory and applications of magnetic resonance (MR) in medicine. It provides the necessary theoretical background to understand advanced MR techniques including magnetic resonance imaging (MRI). Prereq> Med Phys 568 or cons inst
Typically Offered: Occasionally
MED PHYS 719 Multi-modality Molecular Imaging in Living Subjects Credits: 3
Gives and overview of all major areas in molecular imaging, based on each imaging modality. Additional topics include, but are not limited to, role of molecular imaging in stem cell research, molecular imaging with nanoparticles, theranostics, molecular imaging in drug development, optical imaging and its clinical applications, reporter gene imaging, imaging of apoptosis, PET imaging of cancer, imaging protein-protein interactions.
Prereq> None
Typically Offered: Spring

MED PHYS 775 Advanced Ultrasound Physics Credits: 3
Foundations of acoustic wave equations, diffraction phenomena and acoustic beam formation, models for acoustic scattering from discrete structures and inhomogeneous continua, speckle statistics including speckle correlation, applications of these topics in medical imaging. Prereq> Med Phys 575, Physics 311, 322, 325, Math 234, or cons inst
Typically Offered: Occasionally

MED PHYS 812 Radiation Medicine Physics Clerkship Credits: 2
Allows students to observe and participate in the application of medical physics principles in the clinical setting. Under supervision, students will perform the functions of a clinical medical physicist in radiation medicine.
Prereq> Med Phys 501 & 566
Typically Offered: Occasionally

MED PHYS 900 Journal Club and Seminar Credits: 1
Prereq> Cons inst
Typically Offered: Occasionally

MED PHYS 911 Radiological Facts for Primary Care Physicians Credits: 1
Prereq> 4th yr Med st
Typically Offered: Occasionally

MED SC-M 699 Directed Study Credits: 1 - 9
Prereq> Open only to Med stdts
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

MED SC-M 703 Integrated Hematology System Credits: 3
Integrated hematology pathophysiology integrated with pharmacology, nutrition, and pathology. Prereq> Open to Grad stdts by cons inst & coordinator
Typically Offered: Occasionally

MED SC-M 706 Integrated Cardiovascular System Credits: 4
Cardiovascular pathophysiology integrated with pharmacology, nutrition, pathology, public health and ethics.
Prereq> Open to Grad stdts by cons inst & coordinator
Typically Offered: Occasionally

MED SC-M 707 Integrated Gastrointestinal & Hepatic Systems Credits: 3
Combines pathophysiology, pathology, pharmacology, neoplasia and nutrition. Prereq> Open to Grad stdts by cons inst and coordinator
Typically Offered: Occasionally

MED SC-M 709 Integrated Renal System Credits: 3
Integrated renal pathophysiology integrated with pharmacology, nutrition, pathology, public health and ethics.
Prereq> Open to Grad stdts by cons inst and coordinator
Typically Offered: Occasionally

MED SC-M 711 Integrated Endocrinology and Reproductive Health Credits: 3
Combines pathophysiology, pathology, pharmacology, neoplasia and nutrition. Prereq> Open to Grad stdts by cons inst and coordinator
Typically Offered: Occasionally
**MED SC-M 715 Integrated Respiratory System** Credits: 4
Respiratory pathophysiology integrated with pharmacology, nutrition, pathology, public health and ethics. Prereq> Open to Grad students by cons inst and coordinator
Typically Offered: Occasionally

**MED SC-M 716 Psychiatry: Introduction to Psychopathology** Credits: 1
Introduces syndromatic medicine and major psychiatric disorders encountered in medical practice. Focuses on symptom recognition and ways to define disorders as described in the Diagnostic and Statistical Manual of Psychiatry. Describes etiologic, pathogenic and pathophysiologic aspects of disorders. Prereq> A practical course in clinical techniques open to Med stdts only
Typically Offered: Occasionally

**MED SC-M 717 Pharmacology I** Credits: 4
Lectures and discussions. For students in medicine. Prereq> Completion of the 1st year medical school curriculum
Typically Offered: Occasionally

**MED SC-M 719 Seminar-Contemporary Issues in Health Care** Credits: 1 - 2
Lecture. Social, economic and political aspects of health care delivery, including health needs and demands, doctor shortage, health team, models of delivering care, health planning, cost and financing, quality of care and international systems. Prereq> Cons inst
Typically Offered: Occasionally

**MED SC-M 721 Neoplastic Diseases** Credits: 2
Prereq> Open to Grad stdts by cons inst & coordinator
Typically Offered: Occasionally

**MED SC-M 724 Integrated Dermatology** Credits: 1
Addresses the anatomy and function of the skin and offers an overview of diseases that impact the skin. Prereq> Standing as med 1 student
Typically Offered: Fall

**MED SC-M 726 Psychiatry: Interpersonal and Biopsychosocial Aspects** Credits: 1
Advances understanding of medical models that integrate disease, health and patients in a systems manner. Examines common psychiatric disorders and their occurrence. Demonstrates usefulness of population and public health perspectives and focuses on developing advanced skills in interviewing psychiatric patients. Prereq> Med Sc-M 716
Typically Offered: Occasionally

**MED SC-M 727 Pharmacology II** Credits: 2
Continuation of 717. Prereq> All basic sci crses taught in the 1st yr and the 1st semester of the 2nd yr of the Med Schl curriculum
Typically Offered: Occasionally

**MED SC-M 728 Integrated Musculoskeletal System** Credits: 2
Provides an understanding of the musculoskeletal system's function and response to injury and disease. Prereq> Standing as a year 2 medical student (completion of year 1 medical school curriculum)
Typically Offered: Spring

**MED SC-M 729 Integrated Neurosciences** Credits: 3
Describes the normal and abnormal function of the nervous system, including changes in cognition, emotion and behavior. Prereq> Standing as a year 2 medical student (completion of year 1 medical school curriculum)
Typically Offered: Spring

**MED SC-M 731 Medical Neuroanatomy** Credits: 3
multidisciplinary basic science of medicine course that covers the development, structure, and function of the nervous system with the purpose of preparing future physicians to understand and diagnose common neurological syndromes. The course covers general principles of the development, connectivity, and blood supply of the central and peripheral nervous system. Course sessions will cover both regions and functions of the nervous system. Prereq> Open to Graduate students and by consent of instructor
Typically Offered: Occasionally
MED SC-M 733 Complementary Medicine: Implications for Clinical Practice Credits: 1
This elective course will cover the fundamentals of psychoneuroimmunology; meditation; traditional chinese medicine; botanical medicine; ayurveda; homeopathy; massage, therapeutic touch and reiki; chiropractic, osteopathic and cranial sacral therapy; art therapy; integration of complementary medicine into a mainstream practice. Prereq> 1st or 2nd yr Med st
Typically Offered: Occasionally

MED SC-M 734 Clinical Nutrition in Human Health and Disease Credits: 1
The course covers the following topics: Nutrition assessment and support; malnutrition; eating disorders; nutritional consequences of alcoholism; obesity; nutrition across the life cycle; nutrition of chronic diseases, and nutrition fads. Prereq> Must be Grad stdt or Med stdt
Typically Offered: Occasionally

MED SC-M 735 Medical Spanish for Health Science Students Credits: 1
This course is offered for health science students with beginning or intermediate Spanish proficiency who want to acquire medical interviewing, physical examination and cultural competency skills to enhance their ability to provide care for Spanish-speaking patients and their families. Prereq> Med, nursing, pharm, & vet med stdts who have had prev Spanish lang instruction
Typically Offered: Occasionally

MED SC-M 740 Overview of Rural Health Credits: 1
This elective course will introduce students to key concepts of rural medicine and especially of rural Wisconsin. Prereq> Health professional or related program enrollment with course director permission
Typically Offered: Occasionally

MED SC-M 751 Foundations of Medicine 1 Credits: 3
Basic concepts in several disciplines that underlie the practice of medicine. Themes include cellular injury, tissue repair, inflammation, neoplasia, pharmacodynamics, drug disposition, peripheral nervous system pharmacology, life cycle nutrition and basic concepts regarding obesity. Prereq> Standing as med 2 student (completion of year 1 Medical School curriculum)
Typically Offered: Fall

MED SC-M 755 Foundations of Medicine 2 Credits: 3
Addresses the basic principles of medical microbiology and the infectious diseases involving the cardiovascular, respiratory, renal and dermatologic systems and related any-microbial therapies. Prereq> Standing as med 2 student (completion of year 1 Medical School curriculum)
Typically Offered: Fall

MED SC-M 757 Foundations of Medicine 3 Credits: 3
Addresses the basic principles of virology and parasitology and the infectious diseases involving the gastrointestinal, musculoskeletal and central nervous systems and related antimicrobial therapies. Prereq> Med Micro 701
Typically Offered: Occasionally

MED SC-M 759 Foundations of Medicine 4 Credits: 1
Addresses several advanced concepts in medicine through themes that incorporate multisystem perspectives. Prereq> Standing as a year 2 med student (completion of year 1 medical school curriculum)
Typically Offered: Spring

MED SC-M 768 Consumer Health Advocacy and Patient-Centered Care Clinical Credits: 1 - 7
Interdisciplinary health advocacy clinical supervised by diverse professional staff. Provide broad advocacy to patients with life-threatening and serious chronic illnesses. Advocacy topics include: medical decision-making, insurance, medical debt, disability issues. Weekly discussions of patient cases and related guest lectures. Prereq> Graduate or Professional standing or acceptance in Capstone Certificate in Consumer Health Advocacy
Typically Offered: Fall, Spring, Summer

MED SC-M 769 Consumer Issues in Health Care Credits: 1 - 3
Explores consumer issues in health care delivery in interdisciplinary discussion-based format. Covers current delivery system, expenditures/finance, managed care/insurance, barriers to access, reform, and other select topics. Ideal for future healthcare providers and others interested in patients' experiences. Prereq> Grad st
Typically Offered: Fall, Spring, Summer
MED SC-M 800 Patient, Doctor and Society 1 Credits: 3
First year first semester students spend one half-day every other week in a clinical setting with a primary care physician. In each clinical session, the student will accompany the physician in seeing as many patients as feasible and appropriate. Learning activities for each clinic session will focus on a clinical skill as well as various features of primary care. Prereq> 1st yr Med st
Typically Offered: Occasionally

MED SC-M 801 Patient, Doctor and Society 2 Credits: 3
A second semester first year course which covers the basic topic areas of (1) medical ethics and the systems issues in health care, (2) the patient and family, (3) the impact of illness, and (4) the doctor-patient relationship. Prereq> First yr Med st
Typically Offered: Occasionally

MED SC-M 806 Patient, Doctor and Society 3 Credits: 3
In large groups, small groups, and visits to primary care clinics, students will continue to acquire clinical knowledge and skills pertaining to taking histories, performing physical examinations, interpreting medical literature, considering ethical dilemmas, and understanding the US health care system. Prereq> Med Sci-M 800, 804
Typically Offered: Occasionally

MED SC-M 807 Patient, Doctor and Society 4 Credits: 3
In large groups, small groups, and visits to primary care clinics, students will continue to acquire clinical knowledge and skills pertaining to taking histories, performing physical examinations, interpreting medical literature, considering ethical dilemmas, and understanding the US health care system. Prereq> Med Sci-M 800, 804, 806
Typically Offered: Occasionally

MEDICINE

MEDICINE 523 Clinical Exercise Testing & Training Credits: 3
Physiological basis and methods of human exercise testing and training. Topics: clinical exercise physiology, exercise testing protocols, cardiopulmonary monitoring, basic ECG interpretation, exercise prescription. Prereq> Kines 314 or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MEDICINE 625 Toxicology I Credits: 3
Basic principles of toxicology and biochemical mechanisms of toxicity in mammalian species and man. Correlation between morphological and functional changes caused by toxicants in different organs of the body. Prereq> Biochem 501 & Physiol 335 or cons inst. Path 401 & Phmcol 401 or equiv recommended
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

MEDICINE 626 Toxicology II Credits: 3
A course surveying the basic methods and fundamental biochemical mechanisms of toxicity. Toxicity in mammalian organ systems, techniques for evaluating toxicity, as well as mechanisms of species specificity, and environmental interactions (with toxicant examples) are presented. Prereq> Env Tox 625 or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

MEDICINE 650 Women and Leadership in Medicine, Science and Engineering Credits: 1 - 3
Review and discussion of research on effective leadership; gender differences in leadership; unconscious assumptions about behaviors and traits of leaders; and approaches to counteracting biases. Required assignments vary with credits from reflective journal to literature review to research project. Prereq> Graduate students. Professional students: Upper-level undergrads with consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Spring

MEDICINE 699 Independent Study Credits: 0 - 9
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

MEDICINE 701 Cell Signaling and Human Disease Credits: 1
This course is intended for PhD and MSTP students interested in medically relevant basic science. Landmark discoveries, as well as current knowledge and controversies in human health, with an emphasis on cancer biology, will be covered. Prereq> Students must be enrolled in a PhD or MSTP program
Typically Offered: Spring
MEDICINE 705 Seminar in Interdisciplinary Clinical Research Evidence Credits: 2
Exploration of interdisciplinary clinical research questions including strategies for assessing the evidence and conducting a systematic review of research. An interdisciplinary perspective is emphasized throughout the course. Prereq> Grad stdts with at least one grad rsch crse, or postdoc trainees, or cons inst
Typically Offered: Occasionally

MEDICINE 812 Principles of Internal Medicine-Basic Clerkship Credits: 1 - 12
Prereq> 3rd yr st in Med School
Typically Offered: Occasionally

MEDICINE 819 Individualized Third Year Clerkship Credits: 1 - 12
Individualized clinical clerkship for third year students. Prereq> 3rd yr Med st
Typically Offered: Occasionally

MEDICINE 901 MSTP Introduction to Clinical Medicine Credits: 3
Full-time clinical clerkship for students of the Medical Scientist (MD/PhD) Training Program (MSTP) prior to graduate school, taken to develop clinical skills and cement prior didactic coursework. Prereq> Limited to MSTP stdts who have completed yrs 1 & 2 of med school & have taken USMLE Step 1
Typically Offered: Occasionally

MEDICINE 902 MSTP Physician Scientist Preceptorship in Clinical & Translational Research Credits: 1 - 6
Six-week clinical and translational research preceptorship for students of the Medical Scientist (MD/PhD) Training Program (MSTP). Prereq> Limited to MSTP students in fourth year of medical school who have completed Medicine 901 and Medicine 903 or with instructor consent
Typically Offered: Occasionally

MEDICINE 903 MSTP Longitudinal Clinical Clerkship in Graduate School Credits: 1 - 12
This is a required clinical elective for MSTP students during their graduate years. During PhD training, all students are required to participate in a scholarly continuity clinical experience in their fields of interest. Each student will complete and certify 10 half-day sessions or equivalent with an academic clinical mentor and present in the MSTP seminar. Prereq> Limited to MSTP students in graduate school
Typically Offered: Occasionally

MEDICINE 910 Independent Reading and Research for Fourth Year Medical Students Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 913 Nuclear Medicine Clerkship-Marshfield Credits: 4
Prereq> 4th yr st in Med School, cons inst & fourth yr committee
Typically Offered: Occasionally

MEDICINE 914 Therapeutics I - Emphasis on Chronic Diseases Credits: 2
Students will have a greater knowledge of the use of drugs to treat common illnesses. They will better understand the appropriate selection of drugs and the management of side effects in treating chronic illnesses. Prereq> 4th yr Med st or cons inst
Typically Offered: Occasionally

MEDICINE 915 Clinical Therapeutics - Preparation for residency Credits: 2 - 4
Students will be better prepared for internship by developing a greater understanding of common medical diseases and the best current pharmacologic and non-pharmacologic therapies. Students will learn how to apply this knowledge through recorded lectures and interactive case-based web-conferences. Prereq> 4th yr Med student or consent of instructor
Typically Offered: Occasionally

MEDICINE 916 Palliative Care Credits: 2 - 4
To introduce students to the clinical aspects of palliative care integrated between patients here at the CSC either by seeing them in the clinic or on the inpatient service and Hospice Care Inc. Prereq> 4th yr Med student
Typically Offered: Occasionally
MEDICINE  917 Research in Tobacco Prevention and Cessation Credits: 4
Provides students with an exposure to and training in tobacco research and intervention activities. The students will be housed at the UW Center for Tobacco Research and Intervention (CTRI), the lead UW campus agency confronting tobacco use. Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  918 Health Informatics for Medical Students Credits: 2
Explore medical informatics as a new way to practice medicine with applications to patient care, electronic medical records, and patient safety. Prereq> Basic computer literacy & 4th yr Med st or cons inst
Typically Offered: Occasionally

MEDICINE  919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships. (Student must have Fourth Year Committee approval to count for fourth year credit.) Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  920 Required 4th Year Medicine Subinternship Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  921 Ambulatory Medicine Clerkship-Student Health Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  922 General Internal Medicine Clinics Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  923 General Medicine Clerkship-Meriter Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  924 General Medicine Clerkship-VAH Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  925 General Medicine Clerkship-LaCrosse Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  926 General Medicine Inpatient-Outpatient Clerkship-Marshfield Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  927 General Medicine Clerkship-Freeport Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  928 General Medicine Subinternship-St Lukes Milwaukee Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  929 General Medicine Subinternship-CSC Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE  930 Women's Health in Primary Care Credits: 2 - 4
This elective will focus on fundamental aspects of women's health important to all physicians in internal medicine. Students will work with academic faculty in women's health to refine clinical knowledge and skills essential for providing excellent health care to women. Prereq> Successful completion of 3rd yr Internal Med Clerkshp and/or Primary Care Clerkshp
Typically Offered: Occasionally

This course will provide an overview of outpatient diagnosis and management of adult cardiovascular diseases through direct patient contact, mentored instruction and directed core readings. Prereq: 4th yr Med st

Typically Offered: Occasionally
MEDICINE 952 Clinical Electrocardiography-CSC Credits: 1 - 12
Clinical elective for fourth year medical students. Prereq: 4th yr Med st
Typically Offered: Occasionally

MEDICINE 953 Dermatology Clerkship-CSC Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

MEDICINE 954 Dermatology Clerkship-Marshfield Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

MEDICINE 956 Emergency Medicine Clerkship-Milwaukee Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

MEDICINE 957 Emergency Medicine Clerkship-Meriter Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

MEDICINE 958 Emergency Medicine-Green Bay Credits: 1 - 4
The 3rd or 4th year student will work with an Emergency Room physician in a Level II Trauma Center environment. The student will learn to evaluate and stabilize patients who present urgent and emergent medical traumatic conditions. Prereq: Must have successfully completed the Medicine and Surgery third year Clerkships before enrolling in this elective
Typically Offered: Fall, Spring

MEDICINE 960 Emergency Medicine Clerkship-CSC Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

MEDICINE 961 Endocrinology/Diabetes Clerkship-Milwaukee Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq: 4th yr Med st
Typically Offered: Occasionally

MEDICINE 962 Endocrinology Clerkship Credits: 2 - 12
Prereq: Fourth year medical school standing or successful completion of third year medicine clerkship
Typically Offered: Occasionally

MEDICINE 963 Enteral&Parenteral Nutrition&Outpatient Nutrition Counseling Clerkship-CSC Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

MEDICINE 964 Inpatient-Outpatient GI/Hepatology Subinternship-Marshfield Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq: 4th yr Med st
Typically Offered: Occasionally

MEDICINE 965 Gastroenterology Clerkship Credits: 1 - 12
Prereq: 4th yr Medical student
Typically Offered: Occasionally

MEDICINE 966 Inpatient Gastroenterology Clerkship-Marshfield Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

MEDICINE 968 Hematology Subinternship-CSC Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally
MEDICINE 969 Transfusion Medicine Clerkship-CSC Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 970 Gastroenterology/Hepatology Consult Service-Milwaukee Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 971 Infectious Disease Clerkship Credits: 2 - 12
Prereq> 4th yr Med student
Typically Offered: Occasionally

MEDICINE 972 Infectious Disease Clerkship-VAH Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 973 Infectious Disease Marshfield Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 974 Infectious Disease Clerkship-Milwaukee Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 976 Clinical Nephrology Clerkship Credits: 2 - 12
Prereq> 4th yr Med student
Typically Offered: Occasionally

MEDICINE 977 Hypertension and Nephrology Clerkship-Marshfield Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 980 Sleep Disorder Medicine Credits: 2
The student will learn how to recognize major sleep disorders in adults through clinical and laboratory settings.
They will also be involved with practical issues that providers encounter during the care of these patients.
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 981 Pulmonary Disease - Clinic/Consults Credits: 2 - 12
Prereq> 4th yr Med student
Typically Offered: Occasionally

MEDICINE 983 Pulmonary Disease Clerkship-LaCrosse Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 984 Critical Care ICU (Milw/St. Luke's) Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 985 Critical Care Medicine Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 987 Critical Care/Medical ICU (Marshfield) Credits: 1 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 988 Clinical Elective in Rheumatology-CSC/VAH Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally
MEDICINE 989 Clinical Rheumatology Clerkship-Marshfield Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

MEDICINE 990 Research Credits: 1 - 12
Prereq> Grad st & cons inst
Typically Offered: Occasionally

NEUROLOGICAL SURGERY

NEURSUGR 699 Neurosurgery: Directed in Study in Research Credits: 1 - 3
Directed Study in Neurological Surgery offers the undergraduate student majoring in an area of the biological sciences, and interested in preparing for advanced coursework in graduate or medical school, an opportunity to participate in neurological surgery research. Prereq> Fr/So/Jr/Sr standing and consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

NEURSUGR 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships. (Student must have Fourth Year Committee approval to count for fourth year credit.) Prereq> 4th year Med student
Typically Offered: Occasionally

NEUROLOGY

NEUROL 699 Neurology: Directed Study in Neuroscience Research Credits: 1 - 3
Neurology: Directed Study in Neuroscience Research offers the undergraduate student majoring in life sciences, including biology, chemistry, psychology, or related fields with interest in preparing for advanced coursework in graduate or medical school, an opportunity to participate in basic and translation research in neuroscience and neurological disorders. Prereq> Freshman/Sophomore/Junior/Senior undergraduate standing
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

NEUROL 779 Human Muscle Function in Health and Disease Credits: 2
Multidisciplinary seminar on human muscle function in health and disease. The course is geared toward advanced undergraduate and graduate students in kinesiology, physical and occupational therapy, motor control and behavior, neurophysiology resident in neurology and other related allied health professionals. Prereq> Cons inst
Typically Offered: Occasionally

NEUROL 800 Clinical Neuropsychology Credits: 3
Prereq> Cons inst
Typically Offered: Occasionally

NEUROL 812 Neuroscience Core Clerkship Credits: 1 - 4
Four week clerkship with exposure to various neurological conditions in inpatient and outpatient settings. Students will enhance their skills in diagnosis, evaluation, treatment, and prognosis of patients with medical conditions. There will be a core goal to develop physical examination techniques. Knowledge about specific delineated neurological conditions will be emphasized. Prereq> 3rd year Medical student
Typically Offered: Occasionally

NEUROL 819 Individualized Third Year Clerkship Credits: 1 - 12
Individualized clinical clerkship for third year students. Prereq> 3rd yr Med st
Typically Offered: Occasionally

NEUROL 910 Independent Reading and Research for Fourth Year Medical Students Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

NEUROL 911 Nerve Tissue Culture Laboratory-MSC Credits: 5
Prereq> 4th yr Med st
Typically Offered: Occasionally
NEUROL 912 Neurophysiology and Epilepsy Research-CSC Credits: 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

NEUROL 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships. (Students must have Fourth Year Committee approval to count for fourth year credit.) Prereq> 4th yr Med st
Typically Offered: Occasionally

NEUROL 920 Clinical Neurology Clerkship-Marshfield Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

NEUROL 922 Clinical Neurology Consultation Service-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

NEUROL 923 Clinical Neurology-Outpatient Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

NEUROL 924 Neuromuscular Diseases Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

NEUROL 927 Advanced Clerkship in Neurology-VAH Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

NEUROL 990 Research Special Neurological Fields Credits: 1 - 12
Prereq> 2nd yr Med st
Typically Offered: Occasionally

NEUROL 999 Research Training in Neurology Credits: 1 - 3
Prereq> 2nd yr Med st
Typically Offered: Occasionally

NEUROSCIENCE

NEURODPT 699 Independent Work Credits: 1 - 4
Independent work
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

NEUROSCIENCE TRAINING PROGRAM

NTP 500 Undergraduate Neurobiology Seminar Credits: 1
Neurobiology seminar for undergraduates who are taking the neurobiology option within the biology major.
Prereq> An intro biol crse (Bot/Zool 151/152; or Biocore 301/303; or equiv)
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

NTP 523 Neurobiology Credits: 3
Basic mechanisms in cellular neurophysiology: electrophysiology and chemistry of nerve signals, mechanisms in integration, simple nervous pathways and their behavioral correlates. Prereq> Biocore 323 or Zool 151/152 or Zool 101 plus an additional zoology crse & a yr each of chem & physics
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

NTP 524 Neurobiology II: An Introduction to the Brain and Behavior Credits: 3
An introduction to studies of the human nervous system covering neuroanatomy of the brain, neuronal coding, sensory and motor systems, biological rhythms, arousal, attention, physiological regulation, reward, aversion, learning and memory. Prereq> Zool 523, equiv crse in physiol, or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring
NTP 555 Laboratory in Developmental Biology  Credits: 3
Developmental anatomy and laboratory manipulations of representative animal embryos used extensively for analysis of developmental phenomena (sea urchins, amphibia, annelids, molluscs, ascidians, insects, chicks, fish, mice). Prereq> Prev or con reg in either Zoo 440, 470, 625, or Biocore 333, or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

NTP 604 Computer-based Gene and Disease/Disorder Research Lab  Credits: 2
In recent years, a large number of open access biological and biomedical databases have become available for on-line, computer based research. Among these databases are the National Center for Biotechnology Information, Allen Brain Atlas, NIH DAVID, Genemania, WebQTL, and Broad Institute's GSEA and MSigDB. Within these sites is a wealth of information regarding genes, gene expression, gene pathways, behavioral characteristics, and disorders or diseases, such as autism, arthritis, bipolar disorder, and schizophrenia. Learning to navigate the various sites to take advantage of the information and push scientific discovery forward is a valuable skill to develop for any student interested in a L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

NTP 610 Cellular and Molecular Neuroscience  Credits: 4
Study of original papers leading to an understanding of the molecular basis of electrical activity in neurons. Topics include voltage-sensitive currents, molecular biology of neuronal receptors, synaptic transmission and sensory transduction. Lectures supplemented with experimental demonstrations and discussion sessions. Prereq> Zoo 523 or equiv
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

NTP 611 Systems Neuroscience  Credits: 4
Introduction to the anatomy and physiology of the mammalian nervous system. Lectures will cover the neuroanatomy of the major subdivisions of the human brain, the major sensory and motor systems, and higher order functions. Lab/discussion sections will emphasize readings from the primary literature and hands-on dissections. Prereq> Physiol 610
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

NTP 619 Biology of Mind  Credits: 3
Origins and structures of mind, brain, and consciousness. Transitions from early mammalian through primate to hominid intelligence. Genetics and plasticity in brain development. Modern studies of human brain mechanisms and consciousness. Prereq> Jr st; college level elem crse in biology or psych
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

NTP 620 Neuroethology Seminar  Credits: 2
A group discussion of primary literature articles relevant to the neural basis of behavior with a purpose to understand the neural basis of behavior in animals, to learn to read papers critically and improve discussion leading skills. Prereq> Introductory biology. Background in neuroscience strongly recommended
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

NTP 625 Brain Cell Cultures and Imaging: A Lab Course  Credits: 4
Hands-on laboratory training in neuronal cell culture, live and fixed neuron labeling and microscopy techniques to visualize neurons in culture, as well as image analysis methods. Prereq> Intro crses in biochem, cell biology & anatomy. Enrollment limited to 12 students, authorized by cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

NTP 629 Molecular and Cellular Mechanisms of Memory  Credits: 3
Course will focus on the cell signaling and the resulting structural changes that occur at neuronal synapses during memory formation. The aim is to understand how the synaptic changes underlying memory occur. Prereq> Crse in cellular neurosci (Neurosci 523 or equiv); Biochem 501 or equiv
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

NTP 630 Neuronal Mechanisms for Sensation and Memory in Cerebral Cortex  Credits: 3
Current literature will be considered in lectures and discussions that provides insight into how the cerebral cortex processes sensory information to generate and store cogent representations of the external world. The course includes laboratory exercises and demonstrations. Prereq> Intro neurosci crse highly recommended: Neurosci/Anat/Phmcol/Physiol 611, Med Sc-M 731, Comp Bio 505, Zool/Neurosci/Psych 523, Psych/Neurophy/Neurosci/Zool 524; or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
NTP 635 Neurobiology of Disease Credits: 2
Seminar course relating major categories of human neurological and ophthalmological disease to fundamental topics in neurobiology. Prereq> Zool/Neurosci 523 & 524 or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

NTP 660 Neuroscience & Public Policy Seminar Credits: 1 - 2
A graduate level seminar open to advanced undergraduates with consent of instructor. Covers various topics in neuroscience and in the related sciences in lectures that demonstrate the interaction between science and public policy. Prereq> Undergraduates: a background in neuroscience, (Zoology 523 and 524, or Biocore 323 or Neurosci 610 and 611). Grad st in the Neuroscience Training Program or in the Neuroscience and Public Policy Program
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

NTP 670 Stem Cells and the Central Nervous System Credits: 2 - 3
Among the topics that will be included in the course are: embryonic stem cells, adult stem cells, and the transplantation of embryonic and adult stem cell to the developing and adult CNS for experimental and therapeutic purposes. Prereq> Biochem 501 or equiv. Grad stdts in the sciences or adv undergrads with cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

NTP 675 Special Topics Credits: 1 - 3
Prereq> Variable  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

NTP 681 Senior Honors Thesis Credits: 3
Research and thesis in neuroscience. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

NTP 682 Senior Honors Thesis Credits: 3
Continuation of 681. Prereq> Neurosci 681, cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

NTP 691 Undergraduate Thesis Credits: 3 - 6
Research and thesis in neuroscience. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

NTP 692 Undergraduate Thesis Credits: 3 - 6
Continuation of 691. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

NTP 699 Directed Study in Research Credits: 1 - 6
Directed research in neuroscience. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

NTP 700 Professional Development for Biomedical Graduate Students Credits: 1
Provides graduate students with the skills and knowledge necessary to succeed in science. Topics which are covered include choosing a thesis advisor, grant writing, preparing a seminar presentation, etc.
Typically Offered: Occasionally

NTP 735 Sensory Mechanisms in Audition Credits: 3
A comprehensive treatment of auditory neuroscience from the physics of sound to the anatomy and physiology of the auditory system. The processing of simple to complex sounds at multiple levels will be addressed. Lab exercises will be included as appropriate. Prereq> Grad st; Undergrads with cons inst
Typically Offered: Occasionally

NTP 765 Developmental Neuroscience Credits: 3
Analysis of neural development with emphasis on experimental approaches. Combination of lectures and discussions of primary literature. Topics include neural induction, patterning, mechanisms of axon guidance, neural crest cell migration and differentiation, cortical development, and synapse formation and elimination. Prereq> Grad st in biol sci; undergrads with cons inst
Typically Offered: Occasionally
NTP 900 Neuroscience Seminar: Current Topics in Neurobiology Credits: 1
Critical review of selected topics in neurobiology. Prereq: Cons inst
Typically Offered: Occasionally

NTP 990 Research and Thesis Credits: 1 - 12
Prereq: Grad st in Neurosci
Typically Offered: Occasionally

NTP 999 Advanced Independent Study Credits: 1 - 3
Prereq: Cons inst
Typically Offered: Occasionally

OBSTETRICS AND GYNECOLOGY

OBS&GYN 410 Biological Determinants of Health Disparities Credits: 3
Biological factors contributing to health disparities associated with major diseases (cardiovascular disease, hypertension, diabetes, obesity, cancer) and specific at-risk populations. Emphasis on gene-environment interactions. Community-based participatory research included. Prereq: Zoology 101, 151, or Biocore 301
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

OBS&GYN 699 Directed Study Credits: 1 - 12
Directed study projects as arranged with faculty member. Prereq: Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

OBS&GYN 812 Third Year Obstetrics and Gynecology Credits: 1 - 6
Prereq: 3rd yr Med st
Typically Offered: Occasionally

OBS&GYN 875 Special Topics Credits: 2
The course aims to provide timely reviews or updates of significant methodologies or advances in reproductive biology (including that of non-human vertebrates). Prereq: Grad st or pro degree (e.g. M.D., D.V.M., etc) & cons inst
Typically Offered: Occasionally

OBS&GYN 910 Independent Reading and Research for Fourth Year Medical Students Credits: 1 - 16
Prereq: 4th yr Med st
Typically Offered: Occasionally

OBS&GYN 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships. (Student must have Fourth Year Committee approval to count for fourth year credit.) Prereq: 4th yr Med st
Typically Offered: Occasionally

OBS&GYN 921 Gynecologic Oncology Clerkship-CSC Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

OBS&GYN 922 Inpatient-Outpatient Experience Clerkship-Marshfield Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

OBS&GYN 923 Perinatal Clerkship-Milwaukee Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

OBS&GYN 924 Reproductive Medicine Clerkship-CSC Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

OBS&GYN 925 High Risk Obstetrics Clerkship-Meriter Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally
OBS&GYN 927 Obstetrics and Gynecology Inpatient Clerkship-La Crosse Credits: 1 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

OBS&GYN 928 Obstetrics and Gynecology Outpatient Clerkship-La Crosse Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

OBS&GYN 931 Women’s Reproductive Health Credits: 2 - 4
This elective will provide outpatient clinical experiences in family planning, pregnancy counseling (including adoption), abortion services (optional), routine gynecologic care, STD screening/treatment, prenatal diagnosis and counseling, prenatal care, infertility, sexual assault services and adolescent gynecology. Prereq> Obs&Gyn 812
Typically Offered: Occasionally

OBS&GYN 932 Benign Gynecology & Urogynecology Elective Credits: 4
This elective will provide medical students with an in-depth exposure to office and surgical benign gynecology and urogynecology in the hospital and clinic-based settings. The student will work under the direct supervision of a senior resident and the gynecology and urogynecology faculty. This rotation will provide the student with the opportunity to function at the intern level and play an active role in the pre-operative, intra-operative, and postoperative management of benign gynecological and urogynecological patients. Prereq> Successful completion of OBS&GYN 812, Third Year Obstetrics and Gynecology Clerkship
Typically Offered: Fall, Spring, Summer

OBS&GYN 933 Benign Gynecology Elective Credits: 4
The Benign Gynecology elective will provide medical students with an in-depth exposure to benign gynecology and gynecologic surgery in children, adolescents, and adult female patients in the hospital and clinic-based settings. The student will work under the direct supervision of a senior resident and the gynecology faculty. This rotation will provide the student with the opportunity to function at the intern level and play an active role in the pre-operative, intra-operative, and postoperative management of benign gynecological patients. Prereq> Successful completion of OBS&GYN 812, Third Year Obstetrics and Gynecology Clerkship
Typically Offered: Fall, Spring, Summer

OBS&GYN 954 Seminar in Endocrinology-Reproductive Physiology Credits: 0 - 1
Prereq> Cons inst
Typically Offered: Occasionally

OBS&GYN 955 Responsible Conduct of Research for Biomedical Graduate Students Credits: 2
Meets the NIH Institutional Training Grant requirements of instruction in the nine recommended areas of conflict of interest - personal, professional, and financial; policies regarding human subjects, live vertebrate animal subjects in research, and safe laboratory practices; mentor/mentee responsibilities and relationships; collaborative research including collaborations with industry; peer review; data acquisition and laboratory tools; management, sharing and ownership; research misconduct and policies for handling misconduct; responsible authorship and publication; the scientist as a responsible member of society, contemporary ethical issues in biomedical research, and the environmental
Typically Offered: Fall

OBS&GYN 990 Research Credits: 1 - 10
Prereq> Med School st or cons inst
Typically Offered: Occasionally

ONCOLOGY

ONCOLOGY 401 Introduction to Experimental Oncology Credits: 2
Biological processes associated with and characteristic of neoplasia. Prereq> Biol & org chem or cons inst
L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

ONCOLOGY 545 Topics in Biotechnology Credits: 1
Seminars on current topics in agricultural, medical, and industrial biotechnology such as: microbiological production of food, drink, biopharmaceuticals; production methods, genetic engineering (vectors, recombination cloning), continuous fermentation; bioconversion processes and production of chemicals from biomass; plant biotechnology; transgenic animals. Prereq> Biochem 501 and Genetics 466 or equiv
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring
ONCOLOGY 625 Toxicology I Credits: 3
Basic principles of toxicology and biochemical mechanisms of toxicity in mammalian species and man. Correlation between morphological and functional changes caused by toxicants in different organs of the body. Prereq: Biochem 501 & Physiol 335 or cons inst. Path 401 & Phmcol 401 or equiv recommended
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ONCOLOGY 640 General Virology-Multiplication of Viruses Credits: 3
Bacterial and animal viruses, their structure, multiplication, and genetics. Prereq: Intro crses in bact, biochem & genetics
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

ONCOLOGY 675 Advanced or Special Topics in Cancer Research Credits: 1 - 3
Prereq: Cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

ONCOLOGY 699 Special Research Problems Credits: 1 - 3
Prereq: Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

ONCOLOGY 703 Carcinogenesis and Tumor Cell Biology Credits: 3
Viral, chemical, and physical factors involved in tumor formation in humans and experimental animals; biology and biochemistry of neoplasia, both in vivo and in vitro. Prereq: Oncology 401 or equiv, organic chem, biochem, cell biology, virology, or cons inst.
Typically Offered: Occasionally

ONCOLOGY 707 Growth and Differentiation Credits: 3
A research-level analysis of the current status of the investigation of processes controlling cell replication and cell diversification. The major emphasis is genetic. In successive years, the focus moves from the gene to the cell to the organism. Prereq: Oncol 401 or equiv, Genetics 466 or equiv, adv biochem crse
Typically Offered: Occasionally

ONCOLOGY 720 Advanced Molecular Virology Credits: 2
Analysis of the central problems and techniques employed in molecular virology through reading and critical discussion of research papers. Prereq: Bact/Oncol 640 or equiv & cons inst
Typically Offered: Occasionally

ONCOLOGY 750 Molecular Approaches to Xenobiotic Metabolism Credits: 2
A critical assessment of contemporary research on enzymes involved in the metabolism of foreign chemicals. Topics will include the enzymology of oxygen activation and conjugation, genetic control of these enzymes, and early molecular events preceding chemical mediated cytotoxicity and mutation. Prereq: Biochem 501 or equiv and cons inst
Typically Offered: Occasionally

ONCOLOGY 901 Seminar Credits: 1
Prereq: Cons inst
Typically Offered: Occasionally

ONCOLOGY 950 Colloquium Credits: 0
Prereq: Grad st
Typically Offered: Occasionally

ONCOLOGY 990 Research Credits: 1 - 12
Prereq: Grad st
Typically Offered: Occasionally

OPHTHALMOLOGY AND VISUAL SCI

OPHTHALM 699 Directed Study Credits: 1 - 12
Directed study projects as arranged with faculty member. Prereq: Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
OPHTHALM 910 Independent Reading and Research for Fourth Year Medical Students Credits: 1 - 8
Prereq> 4th yr Med st
Typically Offered: Occasionally

OPHTHALM 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships (students must have Fourth Year Committee approval to count for fourth year credit). Prereq> 4th yr Med st
Typically Offered: Occasionally

PATHOLOGY AND LABORATORY MED

PATH 210 HIV: Sex, Society and Science Credits: 3
HIV kills three million people per year, more than any other infectious disease. We will learn about the transmission, immunology, virology, vaccinology and societal impact of this virus. Six of the world's leading HIV scientists will give guest lectures. Prereq> HS biol crse. Open to all Undergrads
L&S Breadth: Biological Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PATH 299 Independent Study Credits: 1 - 3
Prereq> Cons inst. Open to Fr
L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PATH 399 Independent Study Credits: 1 - 4
Prereq> So st & cons inst
L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PATH 402 Pathophysiologic Principles of Human Diseases Credits: 2
Primarily for students of therapeutic sciences to provide a basic understanding of the causes, pathophysiologic, pathology and clinical manifestations of disease states. Required course for occupational therapy and physical therapy students. Prereq> Physiol 335
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PATH 404 Pathophysiologic Principles of Human Diseases Credits: 3
Primarily for students of pharmacy and nursing to provide a basic understanding of the causes, pathophysiologic, pathology and clinical manifestations of disease states. Required course for pharmacy and nursing programs. Prereq> Physiol 335
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PATH 625 Toxicology I Credits: 3
Basic principles of toxicology and biochemical mechanisms of toxicity in mammalian species and man. Correlation between morphological and functional changes caused by toxicants in different organs of the body. Prereq> Biochem 501 & Physiol 335 or cons inst. Path 401 & Phmcol 401 or equiv recommended
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PATH 626 Toxicology II Credits: 3
A course surveying the basic methods and fundamental biochemical mechanisms of toxicity. Toxicity in mammalian organ systems, techniques for evaluating toxicity, as well as mechanisms of species specificity, and environmental interactions (with toxicant examples) are presented. Prereq> Env Tox 625 or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PATH 651 Quality Assurance Basics Credits: 1
Describes the regulatory requirements that all healthcare laboratories must follow to assure quality throughout the testing process. Covers the extensive CLIA'88 regulations and professional accreditation (JCAHO, CAP and COLA) standards. Prereq> Path 657 & Sr st in clin lab sci, or bachelor's degree in clin lab sci, or ASCP or NCA cert in clin lab sci, or admission to the Graduate Certificate in Laboratory Quality Management
Typically Offered: Fall, Spring, Summer

PATH 652 Quality Assurance Projects Credits: 2
Provides a laboratory application for ensuring quality results through quality assurance practices in healthcare laboratories. This includes evaluating current quality assurance policies and practices and developing new policies to meet the many mandated CLIA'88 regulatory requirements and professional accreditation standards. Prereq> Sr st in clin lab sci, or bachelor's degree in clin lab sci, or ASCP or NCA cert in clin lab sci, or admission to the Graduate Certificate in Laboratory Quality Management
Typically Offered: Fall, Spring, Summer
PATH 653 Method Validation Basics Credits: 1
Describes the fundamental experimental and statistical techniques used to validate the performance of analytical methods, including experiments for working range, replication, interference, recovery, and comparison of methods and associated data calculations, such as t-test and linear regression statistics. Prereq> Sr st in clin lab sci, or bachelor's degree in clin lab sci, or ASCP or NCA cert in clin lab sci, or admission to the Graduate Certificate in Laboratory Quality Management
Typically Offered: Fall, Spring, Summer

PATH 654 Method Validation Projects Credits: 2
Provides a laboratory application of the principles and techniques of method validation studies, including experiments for working range, replication, interference, recovery, and comparison of methods and associated data calculations, such as t-test and linear regression statistics. Prereq> Path 653 & Sr st in clin lab sci, or bachelor's degree in clin lab sci, or ASCP or NCA cert in clin lab sci, or admission to the Graduate Certificate in Laboratory Quality Management
Typically Offered: Fall, Spring, Summer

PATH 655 Quality Control Basics Credits: 1
Describes the fundamental principles, terminology, and practices of statistical quality control as applied with analytical testing processes in healthcare laboratories. Covers the plotting of Levey-Jennings control chart and interpretation of control data using the Westgard multirule procedure. Prereq> Sr st in clin lab sci, or bachelor's degree in clin lab sci, or ASCP or NCA cert in clin lab sci, or admission to the Graduate Certificate in Laboratory Quality Management
Typically Offered: Fall, Spring, Summer

PATH 656 Quality Control Projects Credits: 2
Provides a laboratory application of the principles and techniques of statistical quality control in a real-world setting. Involves auditing QC data in an analytical laboratory and critical review of laboratory QC applications. Prereq> Path 655 & Sr st in clin lab sci, or bachelor's degree in clin lab sci, or ASCP or NCA cert in clin lab sci, or admission to the Graduate Certificate in Laboratory Quality Management
Typically Offered: Fall, Spring, Summer

PATH 657 Quality Planning Basics Credits: 1
Describes the principles and approach for setting method performance specifications and selecting statistical QC procedures on the basis of the quality required for a laboratory test. Introduces the chart of operating specifications as a practical quality-planning tool. Prereq> Sr st in clin lab sci, or bachelor's degree in clin lab sci, or ASCP or NCA cert in clin lab sci, or admission to the Graduate Certificate in Laboratory Quality Management
Typically Offered: Fall, Spring, Summer

PATH 658 Quality Planning Projects Credits: 2
Provides a laboratory application of the principles, theory, and approach for establishing method performance specifications and selecting statistical QC procedures for laboratory methods. Involves specific tests and methods in an analytical service laboratory. Prereq> Path 657 & Sr st in clin lab sci, or bachelor's degree in clin lab sci, or ASCP or NCA cert in clin lab sci, or admission to the Graduate Certificate in Laboratory Quality Management
Typically Offered: Fall, Spring, Summer

PATH 691 Senior Thesis Credits: 3
Independent research in the areas of structural virology, molecular virology, viral pathogenesis, or immunity to virus infection. A seminar presentation of research data and a written thesis are required in the final semester. Prereq> Junior or Senior standing & consent of instructor
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

PATH 699 Independent Study Credits: 1 - 4
Prereq> Jr st & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PATH 703 General Pathology Credits: 2
Typically Offered: Not Applicable
PATH 704 Pathology of Organ Systems Credits: 2
Continuation of Pathology 703. Organ based pathology is concerned with the mechanisms underlying disease processes specific to a given organ system, as manifested by morphologic (gross, cellular, and ultrastructural), physiologic, and biochemical changes. Prereq> 2nd yr Med School st or written cons inst
Typically Offered: Not Applicable

PATH 709 Contemporary Topics in Cell Structure and Function Credits: 2
In-depth introduction to current topics in cell biology. Problems and issues confronting cell biologists are explored through reading and discussion of research papers. Topic varies each year. Prereq> Previous course in cell biology
Typically Offered: Occasionally

PATH 750 Cellular and Molecular Biology/Pathology Credits: 2 - 3
The emphasis is on our current understanding of molecular and cellular mechanisms. Wherever possible, human diseases are used to illustrate the outcome at the organismal level of defects in these mechanisms. Lectures will draw from the current research literature and cover topics such as cell and tissue organization, intracellular sorting, cell migration and growth. Students in Cellular and Molecular Pathology graduate program must enroll for lectures, 2 credits and discussion section, 1 credit. All other students should enroll for lecture only, 2 credits. Prereq> Graduate standing or consent of instructor. Concurrent registration in Path 709 recommended
Typically Offered: Occasionally

PATH 751 Cell and Molecular Biology of Aging Credits: 3
Cellular and molecular pathophysiology of human disease typically afflicting the aged, such as Alzheimer's, osteoporosis, Type II diabetes and arthritis, experimental systems to study aging. Prereq> Biochem 501 or equiv
Typically Offered: Occasionally

PATH 799 Independent Reading and Research Credits: 0 - 9
Typically Offered: Occasionally

PATH 802 Histopathology for Translational Scientists Credits: 3
This course is unique among the graduate curricula, introducing students to the pathogenesis of disease via integration of actual autopsy patient cases. Emphasis is placed on understanding the basic mechanisms of disease at the level of cell, organ, and body, as well as the morphologic expression patterns of selected common specific disease processes. In addition to attending twice-weekly lectures, students will participate in weekly autopsy gross organ conferences as well as microscopic review sessions. In this way, the concepts covered in lectures will be applied and reinforced in the interactive autopsy sessions. Students will also observe at least one full autopsy, gaining a three-dimen
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PATH 803 Pathogenesis of Major Human Diseases Credits: 3
This course will focus on disease pathogenesis and discussion of the leading disease research model. Throughout the course, we will combine expert clinicians, basic scientists, and literature review on specific major diseases. Prereq> Upper-level general cell biol crse or Path 703
Typically Offered: Occasionally

PATH 807 Immunopathology: The Immune System in Health and Disease Credits: 2
Gain fundamental knowledge of immunopathology and molecular immunology medicine, and have an in-depth research experience that combines pathobiological and translational immunology research. Prereq> None
Typically Offered: Spring

PATH 809 Molecular Mechanisms of Disease Credits: 2
Focuses on molecular mechanisms of diseases. Course will focus on four modules: Neuroscience, cancer biology, growth factor/matrix biology, and immunology. Course will consist of a one hour lecture and a one hour group discussion. Prereq> Path 750 & 803
Typically Offered: Occasionally

PATH 820 Pathology Selective Credits: 2
A two week clinical elective experience for third year medical students. Prereq> 3rd yr Med st
Typically Offered: Occasionally

PATH 900 Seminar Credits: 0
Typically Offered: Occasionally
PATH 901 Student Seminar / Journal Club Credits: 1
Review of current publications on relevant topics selected by department faculty and trainer. Prereq> Cons inst
Typically Offered: Occasionally

PATH 911 Introduction to Forensic Pathology-MSC Credits: 1
Prereq> 4th yr Med st
Typically Offered: Not Applicable

PATH 920 General Pathology Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PATH 921 Pediatric Pathology Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Not Applicable

PATH 923 Laboratory Medicine: Clinical Chemistry Elective-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Not Applicable

PATH 924 Laboratory Medicine: Clinical Hematology Elective-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Not Applicable

PATH 925 Laboratory Medicine: Clinical Toxicology Elective-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Not Applicable

PATH 926 Pathology: Clinical Microbiology-Marshfield Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Not Applicable

PATH 927 Laboratory Medicine for Physicians Credits: 3
Review of practical aspects of laboratory medicine through the use of selected case studies. In addition to introductory material, each major area of laboratory medicine will be addresses. Prereq> 4th yr Med st only
Typically Offered: Not Applicable

PATH 951 The Extracellular Matrix, Cell Structure and Function Credits: 2
Critical analysis in discussion format of topics in cell adhesion and cell matrix interactions that regulate cell signaling mechanisms, cell proliferation and cell invasion. Topics are introduced by lecture followed by assignment of papers from primary literature for discussion. Prereq> Grad st or cons inst
Typically Offered: Occasionally

PATH 952 Current Topics in Viral Pathogenesis Credits: 1
Weekly seminar course emphasizing current research in primate retroviruses and arenaviruses. Participants will present independent research or report on literature topics selected in consultation with the instructor. Prereq> Grad st & cons inst
Typically Offered: Occasionally

PATH 990 Research Credits: 1 - 8
For Grad and medical students desiring advanced pathology; work done under the direction of a senior staff member. Prereq> Cons inst or Sr Med st
Typically Offered: Occasionally

PEDIATRICS

PEDIAT 646 Cancer Genetics Credits: 2
Provides students with a background in cancer genetics from a medical, biologic, and clinical perspective. Prereq> Enrollment in the Genetic Counseling Training Program or consent of instructor
L&S Credit: No degree credit in L&S
Typically Offered: Spring

PEDIAT 699 Independent Study Credits: 0 - 9
L&S Level: Advanced L&S Credit: Counts for LAS credit
Typically Offered: Occasionally
PEDIAT 713 Practicum in Genetics Counseling  Credits: 3
Introductory practicum in genetics counseling, designed to acquaint the student with the basic practice skills required, protocols used, and professional issues in genetics counseling. Clinical experiences in a variety of specialty clinics provide opportunities for initial development of interviewing, data collection, and counseling skills. Prereq> Enrollment in MS Genetics Counseling Progm
Typically Offered: Occasionally

PEDIAT 714 Practicum in Genetics Counseling  Credits: 3
Second semester of the practicum in genetics counseling. Builds upon the first semester course (713) and provides additional opportunities to develop and improve skills in interviewing, data collection, case management and counseling. Prereq> Med Genet 713
Typically Offered: Occasionally

PEDIAT 731 Clinical Genetics  Credits: 3
Clinical manifestation of human genetic disorders, practical principles of genetic counseling; for students preparing for genetic counseling and other health care professions, e.g., nursing, physician's assistant, etc., in which they will encounter patients/families with genetically determined conditions, disorders, related problems, and prevention. Prereq> Genetics 466 or equivalent; Genetics 565 & 561 or 562; or consent of instructor. Some knowledge of basic medical terminology essential
Typically Offered: Occasionally

PEDIAT 737 Contemporary Professional Issues in Genetics Counseling  Credits: 1
A series of selected basic issues and topics that are core curricular requirements specific to genetics counseling. Relevant, non-redundant topics will be scheduled over four consecutive semesters. Prereq> Enrollment in Genetics Counseling Progm or consent of instructor
Typically Offered: Occasionally

PEDIAT 739 Literature Search Strategies and Analysis in Clinical Genetics  Credits: 2
Approaches to literature searching including computerized databases and information retrieval are covered. Methods are provided for the students to learn to read clinical literature critically, to recognize and assess biases and to understand the limits of currently available clinical genetics studies. Prereq> Enrollment in Genetic Counseling Progm in Dept of Med Genetics
Typically Offered: Occasionally

PEDIAT 741 Interviewing and Counseling for the Genetic Counseling I  Credits: 1
This is the basic counseling and interviewing practice course for the Genetic Counselor Training Program. Course activities include role play, standardized patients, research/opinion paper, readings, and discussion. Prereq> Enrollment in the genetic counselor training program
Typically Offered: Fall

PEDIAT 742 Human Embryology, Teratology and Abnormal Development  Credits: 1
Review the basic processes and events of human embryology as a frame of reference in preparation for lectures on genetic and teratogenetic disturbances of normal development, focus on the major processes of morphogenesis, focus on the timing of major events in embryogenesis. Prereq> Enrollment in the Genetic Counseling Program
Typically Offered: Occasionally

PEDIAT 744 Applications of Biochemical Genetics for Genetic Counselors  Credits: 2
This course will introduce to the genetics counseling trainee applications of biochemical and molecular diagnostic tests in clinical practice and will review the major classes of inborn errors of metabolism. Prereq> Enrollment in Genetic Counseling Progm in Dept of Med Genetics
Typically Offered: Occasionally

PEDIAT 745 Seminar in Medical Genetic Counseling Research  Credits: 1
Course includes invited speakers and journal club participation. Speakers are campus investigators whose research is relevant to medical genetics and genetic counseling. Participation in the Clinical Genetics Center journal club is required. Prereq> Student in the MS in Medical Genetics graduate program (Genetic Counselor Training Program) or consent of the instructor
Typically Offered: Spring
PEDIAT 746 Interdisciplinary Care of Children with Special Health Care Needs Credits: 3
Interdisciplinary team care of children with special health care needs across the trajectory of illness presented within the context of family, culture, social determinants of health, community, and healthcare policy. Students introduced to interdisciplinary, collaborative, family-centered team care. Prereq> Grad st and/or cons inst
Typically Offered: Occasionally

PEDIAT 812 Third Year Pediatrics Credits: 1 - 6
Prereq> 3rd yr Med st
Typically Offered: Occasionally

PEDIAT 813 Advanced Practicum in Genetics Counseling Credits: 4
A two semester program of clinical experiences which explores some of the pertinent professional issues in genetics counseling. The clinical experiences consist of four eight-week rotations which provide many opportunities for trainees to work toward perfecting skills in counseling, interviewing, data collection, case coordination and ongoing follow-along of genetics families. Prereq> Med Genet 713 & 714
Typically Offered: Occasionally

PEDIAT 814 Advanced Practicum in Genetics Counseling Credits: 4 - 5
The second of a two semester sequence of clinical experiences and didactics which provides opportunities for trainees to obtain professional competency in counseling, interviewing, and case coordination; to explore professional boundaries and limits; and learn strategies to develop a self-reflective practice. Prereq> MD GENET 813
Typically Offered: Occasionally

PEDIAT 902 MSTP Physician Scientist Preceptorship in Clinical & Translational Research Credits: 1 - 6
Six-week clinical and translational research preceptorship for students of the Medical Scientist (MD/PhD) Training Program (MSTP). Prereq> Limited to MSTP students in fourth year of medical school who have completed Medicine 901 and Medicine 903 or with instructor consent
Typically Offered: Occasionally

PEDIAT 910 Independent Reading and Research for Fourth Year Medical Students Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships. (Student must have Fourth Year Committee approval to count for fourth year credit.) Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 920 Pediatric Subinternship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 921 Clinical Pediatric Clerkship-St Marys Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 922 Clinical Pediatrics Clerkship-Marshfield Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 925 Rural Pediatrics-Whitehall Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 926 Ambulatory Clinical Pediatrics Clerkship-LaCrosse Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 928 Pediatric Subinternship in Newborn Medicine-Meriter Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally
PEDIAT 929 General Outpatients Pediatrics-Marshfield Clinic Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 930 Pediatrics Sub-Internship in Newborn Medicine (Milwaukee) Credits: 1 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 940 Adolescent Medicine Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 943 Pediatric Cardiology Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 946 Child Psychiatry Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 950 Pediatric Endocrinology/Diabetes Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 953 Clinical Genetics Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 956 Hematology-Oncology Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 959 Developmental Disabilities Clerkship-Waisman Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 962 Neonatal Clerkship-Marshfield Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 965 Pediatric Neurology Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 966 Pediatric Sports Medicine-CSC Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

PEDIAT 967 Pediatric Pulmonology Clerkship (CSC) Credits: 4 - 12
Third and fourth year clinical elective that focuses on diagnosis and management of a variety of lung diseases in children in outpatient and inpatient settings. Prereq> 3rd or 4th yr Med st
Typically Offered: Occasionally

PEDIAT 968 Community Pediatrics & Advocacy Experience Credits: 2 - 4
Medical students will learn about the aspects of the health care of children which lie outside of the traditional hospital/clinic systems. Gaining a strong appreciation of the social determinants of health, public health measures, and systems-based approaches is a key aspect of this elective. An advocacy project will be formulated and completed as part of this rotation. Prereq> Fourth-year Medical Student status
Typically Offered: Fall, Spring, Summer
PEDIAT  970 Pediatric Rheumatology Credits: 2 - 4
Students will see patients in outpatient clinics, round with inpatient attendings, five times a week, attend pediatric rheumatology conferences, attend weekly pediatric grand rounds, observe procedures and attend one-on-one tutorials. Prereq> Pediatrics 812
Typically Offered: Not Applicable

PEDIAT  990 Research Credits: 1 - 12
Typically Offered: Occasionally

PHARMACOLOGY

PHMCOL-M  610 Cellular and Molecular Neuroscience Credits: 4
Study of original papers leading to an understanding of the molecular basis of electrical activity in neurons. Topics include voltage-sensitive currents, molecular biology of neuronal receptors, synaptic transmission and sensory transduction. Lectures supplemented with experimental demonstrations and discussion sessions. Prereq> Zoo 523 or equiv
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHMCOL-M  611 Systems Neuroscience Credits: 4
Introduction to the anatomy and physiology of the mammalian nervous system. Lectures will cover the neuroanatomy of the major subdivisions of the human brain, the major sensory and motor systems, and higher order functions. Lab/discussion sections will emphasize readings from the primary literature and hands-on dissections. Prereq> Physiol 610
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHMCOL-M  619 Microscopy of Life Credits: 3
Survey of state of the art microscopic, cellular and molecular imaging techniques, beginning with subcellular microscopy and finishing with whole animal imaging. Prereq> 2nd semester intro physics including light & optics (e.g. 104, 202, 208) or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHMCOL-M  625 Toxicology I Credits: 3
Basic principles of toxicology and biochemical mechanisms of toxicity in mammalian species and man. Correlation between morphological and functional changes caused by toxicants in different organs of the body. Prereq> Biochem 501 & Physiol 335 or cons inst. Path 401 & Phmcol 401 or equiv recommended
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHMCOL-M  626 Toxicology II Credits: 3
A course surveying the basic methods and fundamental biochemical mechanisms of toxicity. Toxicity in mammalian organ systems, techniques for evaluating toxicity, as well as mechanisms of species specificity, and environmental interactions (with toxicant examples) are presented. Prereq> Env Tox 625 or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHMCOL-M  630 Cellular Signal Transduction Mechanisms Credits: 3
Lecture-discussion. Comprehensive coverage of human hormones, growth factors and other mediators; emphasis on hormone action and biosynthesis, cell biology of hormone-producing cells. Prereq> Intro biochem (Biochem 501 or 507 & 508) & cell biology (Biocore 303 or Zool 570 or Path750) or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHMCOL-M  699 Independent Study Credits: 1 - 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHMCOL-M  710 Cytosolic and Nuclear Signaling Mechanisms Credits: 2
Biochemical basis of drug action. Prereq> Phmcol-M 630 (formerly Zool 630/ Phmcol-M 875), Biochem 601 or equiv, & cons inst
Typically Offered: Occasionally
PHMCOL-M 711 Biochemical Pharmacology: Neurotransmitter Receptors/Ion Channels Credits: 2
A consideration of neurotransmitter receptors and ion channels from a molecular perspective. Emphasis will be on current concepts in the field. Course is directed to graduate students and outstanding senior undergraduates. Prereq> Biochem 501 or cons inst
Typically Offered: Occasionally

PHMCOL-M 717 Pharmacology I Credits: 4
Lectures and discussions. For students in medicine. Prereq> Cons inst
Typically Offered: Occasionally

PHMCOL-M 718 Pharmacology II Credits: 2
Continuation of 718. Prereq> All basic sci crses taught in the 1st yr and the 1st semester of the 2nd yr of the Med Schl curriculum
Typically Offered: Occasionally

PHMCOL-M 750 Molecular Approaches to Xenobiotic Metabolism Credits: 2
A critical assessment of contemporary research on enzymes involved in the metabolism of foreign chemicals. Topics will include the enzymology of oxygen activation and conjugation, genetic control of these enzymes, and early molecular events preceding chemical mediated cytotoxicity and mutation. Prereq> Biochem 501 or equiv and cons inst
Typically Offered: Occasionally

PHMCOL-M 875 Special Topics in Pharmacology Credits: 1 - 3
Special topics in pharmacology. Topics may vary. Prereq> Intro crse in biochem, mol biol, and genetics and cons inst
Typically Offered: Occasionally

PHMCOL-M 901 Seminar and Journal Club Credits: 1 - 2
Students and staff present research reports of current interest. Prereq> Cons inst
Typically Offered: Occasionally

PHMCOL-M 914 Therapeutics I - Emphasis on Chronic Diseases Credits: 2
Students will have a greater knowledge of the use of drugs to treat common illnesses. They will better understand the appropriate selection of drugs and the management of side effects in treating chronic illnesses. Prereq> 4th yr Med st or cons inst
Typically Offered: Occasionally

PHMCOL-M 920 Treatment of Cancer Pain-CSC Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

PHMCOL-M 990 Research Credits: 1 - 12
Research facilities of the department available to qualified students. Prereq> Cons inst
Typically Offered: Occasionally

PHYSICAL THERAPY

PHY THER 501 Anatomical Applications in Physical Therapy Credits: 2
Application of anatomy and palpatory skills in a clinically-oriented environment. Focus is on applied anatomy, kinesiology, posture, movement analysis, medical terminology. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Summer

PHY THER 512 Principles of Professional Practice and Administration Credits: 3
Ethics, organization and administration of physical therapy departments. Planning and correlation of hospital and community health services. Study background, organization and responsibilities of health care team members in hospital services and programs. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Spring

PHY THER 521 Physical Agents Credits: 2
The scientific rationale for and the clinical application of thermal, electrical, and mechanical agents in physical therapy practice. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Spring
PHY THER 523 Cardiovascular and Pulmonary Aspects of Physical Therapy Treatment Credits: 3
Covers: 1) methods used in physical therapy (PT) management of cardiovascular and pulmonary disease, 2) influence of coexisting cardiovascular and pulmonary dysfunction on PT treatment for other primary diagnoses, and 3) screening for occult cardiovascular and pulmonary disease. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Fall

PHY THER 527 Foundations of Physical Therapy: Examination and Evaluation Credits: 4
Lab-based course that introduces history taking and physical examination skills germane to assessment of patients with orthopedic and neurologic diagnoses in inpatient and outpatient settings. Introduces clinical decision-making and documentation skills with a focus on examination tests and measures. Labs involve the psychomotor application of exam skills. Outside activities with community partners are an integral part of the course. Prereq> DPT student
L&S Credit: No degree credit in L&S Typically Offered: Fall

PHY THER 534 Foundations of Physical Therapy Intervention Credits: 4
Examination for exercise design, implementation, and progression. Range of motion, flexibility, joint mobilization, balance/gait training, proprioceptive neuromuscular facilitation, balance, coordination, agility training, body mechanics, postural stabilization, resistive and endurance training, aquatic therapy, relaxation, manual traction, massage. Scientific rationale for treatment interventions. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Spring

PHY THER 538 Introduction to the Physical Therapy Profession and Professionalism Credits: 1
Professional attitudes, beliefs, behaviors relevant to physical therapy practice through the Guide to Physical Therapist Practice, APTA history, Generic Abilities, APTA Code of Ethics, APTA Core Values, PT roles and practice settings, professional autonomy, health care teams, professional learning opportunities. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Fall

PHY THER 539 Physical Therapy Education and Lifespan Learning Issues Credits: 1
Instructional design, learning theories and styles throughout the lifespan, literacy issues, professional presentations and posters, the physical therapist as educator, professional behaviors and emotional preparation for the clinic. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Spring

PHY THER 540 Psychosocial Aspects of Health Care Credits: 1
Professional attitudes, beliefs and behaviors relevant to physical therapy practice. Communication issues related to caregiving, multidisciplinary teams, conflict management, body image, psychosocial aspects of aging, stages of loss, collaborative care, and family-centered care. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Fall

PHY THER 541 Issues of Culture and Diversity in Health Care Credits: 1
Students will explore their own backgrounds and will learn constructs of cultural competency; cultural beliefs and practices; impact of diversity issues such as SES, sexual preference, disability, educational level, ethnicity and race; and the culture of medicine. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Spring

PHY THER 542 Medical Ethics, Jurisprudence, and Health Care Regulations Credits: 1
Provides an introduction to medical ethics and jurisprudence as they apply to physical therapy. Includes information on health care regulatory agencies and health care regulations. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Occasionally

PHY THER 543 Professional Practice Issues in Physical Therapy Credits: 1
The final of six seminar courses, this course will present issues that will assist the physical therapist student transition into the profession during and following their final clinical internships. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Occasionally

PHY THER 600 Service Learning Seminar in Physical Therapy Credits: 1
An experiential course in service learning where students develop, implement, and evaluate a health promotion project for a community partner. This experience concludes with presentations on the projects. Prereq> DPT st
L&S Credit: No degree credit in L&S Typically Offered: Occasionally
PHY THER 627 Clinical Decision-Making: Tissue Mechanics and Adaptations Credits: 3
This course addresses the cardiovascular, pulmonary, neuromuscular and connective tissue properties and adaptations that influence human movement through the lifespan. Through an understanding of the system integration the student will gain an appreciation of the physiological complexities underlying human movement. Prereq> DPT st
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY THER 628 Clinical Decision Making: Neuromuscular Mechanics and Control Credits: 4
Addresses the mechanics and control of the neuromuscular and skeletal systems as they relate to human movement. Neural control of movement is discussed in detail with specific emphasis on theories underlying recruitment of muscle in health and disease. Prereq> DPT st
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

PHY THER 635 Motor Control Dysfunction: Examination, Diagnosis, and Management I Credits: 5
Application of motor control and motor learning principles to the examination, diagnosis, and management of people with movement disorders stemming from CNS pathology. Emphasis on neurological interventions across the lifespan. Prereq> DPT st
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHY THER 636 Motor Control Dysfunction: Examination, Diagnosis, and Management II Credits: 5
Application of motor control and motor learning principles to the examination, diagnosis, and management of people with movement disorders from spinal cord injuries, PNS dysfunction and progressive disorders of the CNS. Prereq> DPT st
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY THER 640 Scientific Inquiry in Physical Therapy Credits: 3
This course focuses on critical evaluation of research findings, a fundamental component of evidence-based practice. Examples from the rehabilitation literature are used to illustrate principles of measurement theory, research design, statistical analysis, and scientific inference. Prereq> DPT st
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHY THER 641 Current Issues in Rehabilitation Credits: 1
This course focuses on critical evaluation of published research relevant to physical therapy. In seminar format, students present the results of original research, and lead discussions of the strengths, weaknesses, and underlying theory of the research. Prereq> DPT st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

PHY THER 642 Research Practicum Credits: 1 - 3
The student will receive in-depth training in various aspects of research. Students will work with a researcher on campus or at a nearby clinic and will participate in an on-going project for the semester. The specific experience will depend upon the focus and needs of individual research mentors. The student will devote approximately 4 hours weekly per credit, as directed by mentor. Prereq> DPT st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

PHY THER 643 Current Issues in Rehabilitation Research II Credits: 1
Focuses on critical evaluation of published research relevant to physical therapy. In seminar format, students present the results of original research, and lead discussions of the strengths, weaknesses, and underlying theory of the research. Prereq> DPT st
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

PHY THER 664 Clinical Medicine I Credits: 5
Modules in medical screening, pharmacological principles, diagnostic imaging, laboratory testing, psychological disorders, ENT, endocrinology, dermatology, and geriatrics are presented in the context of pathophysiology, differential diagnosis, prevention, and management. Lectures provided by physicians, physician assistants and physical therapists. Case studies are utilized for development of clinical problem solving skills. Prereq> DPT st
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

PHY THER 665 Clinical Medicine II Credits: 5
Common pathological processes, risk factors, clinical manifestations, and pathogenesis of disease for the cardiovascular, pulmonary, hematologic, neurology, gastrointestinal, urological, gynecological, musculoskeletal, and rheumatological systems. Medical tests and treatments including medications, diagnostic imaging, and pharmacology principles will also be covered. Prereq> DPT st
L&S Credit: No degree credit in L&S  Typically Offered: Fall
PHY THER 667 Clinical Case Conference Credits: 1
Small student groups will develop patient case reports for class presentation and discussion. Cases will integrate previous didactic knowledge and clinical education experiences prior to students' final clinical internships.
Prereq: DPT st
L&S Credit: No degree credit in L&S Typically Offered: Occasionally

PHY THER 668 Health Promotion and Wellness Credits: 2
Physical, psychological, spiritual, social, emotional, intellectual and vocational aspects of wellness. The physical therapist's role in primary, secondary and tertiary prevention; health promotion, and individual and community screening activities for wellness/fitness; and safety and environmental considerations for health and wellness.
Prereq: DPT st
L&S Credit: No degree credit in L&S Typically Offered: Occasionally

PHY THER 675 Othotics: Applications in Physical Therapy Practice Credits: 2
Designed to provide the second year physical therapy student the cognitive, affective and psychomotor skills for efficacious examination/evaluation and treatment of patients with conditions requiring orthotic, protective and supportive devices. Specific orthotic topics include: material technology; biomechanics of orthoses; orthotic design and fabrication principles, lower limb orthoses (LLO); spinal orthoses (SO); upper limb orthoses (ULO); and wheelchair seating and propulsion. Provides the foundation for clinical applications in the musculoskeletal (Phy Ther 676/677) and neuromuscular clinical tracts (Phy Ther 635/636) Prereq: DPT st
L&S Credit: No degree credit in L&S Typically Offered: Occasionally

PHY THER 676 Musculoskeletal Dysfunction : Examination, Diagnosis, & Management I Credits: 5
Provides the physical therapy student with the cognitive, affective, and psychomotor knowledge for effective examination, evaluation, diagnosis and management of patients/clients of all ages with various musculoskeletal dysfunctions related specifically to the spine. Prereq: DPT st
L&S Credit: No degree credit in L&S Typically Offered: Fall

PHY THER 677 Musculoskeletal Dysfunction : Examination, Diagnosis, & Management II Credits: 5
Provides the physical therapy student with the cognitive, affective, and psychomotor knowledge for effective examination, evaluation, diagnosis and management of patients/clients of all ages with various musculoskeletal dysfunctions related specifically to the extremities. Prereq: DPT st
L&S Credit: No degree credit in L&S Typically Offered: Spring

PHY THER 678 Physical Therapy Management of Integument Conditions Credits: 2
Designed to provide the third-year physical therapy student with the cognitive, affective and psychomotor skills for efficacious examination/evaluation and treatment of specific integument system conditions. Course topics include the management of patients/clients with wounds, burn, frostbite, insensate and/or disease integument; and congenital and/or acquired amputation and its subsequent prosthetic management. Prereq: In good standing in the Physical Therapy Program
L&S Credit: No degree credit in L&S Typically Offered: Occasionally

PHY THER 700 Clinical Internship I Credits: 2
80-hour physical therapy internship in a pre-determined clinical environment. Prereq: DPT st
Typically Offered: Occasionally

PHY THER 701 Clinical Internship II Credits: 4
160-hour physical therapy internship in a predetermined clinical environment. Prereq: DPT st
Typically Offered: Occasionally

PHY THER 702 Clinical Internship III Credits: 8
Eight-week physical therapy internship in a pre-determined clinical environment. Prereq: DPT st
L&S Credit: No degree credit in L&S Typically Offered: Summer

PHY THER 703 Clinical Internship IV Credits: 8
Eight-week physical therapy internship in a pre-determined clinical environment. Prereq: DPT st
L&S Credit: No degree credit in L&S Typically Offered: Fall

PHY THER 704 Clinical Internship V Credits: 8
Eight-week physical therapy internship in a pre-determined clinical environment. Prereq: DPT st
L&S Credit: No degree credit in L&S Typically Offered: Fall
PHY THER  705 Clinical Internship VI Credits: 8
Eight-week physical therapy internship in a pre-determined clinical environment. Prereq> Good standing in the DPT program (DPT st)
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY THER  799 Independent Study Credits: 1 - 3
Course content is designed specifically for the individual student. Prereq> DPT st
Typically Offered: Occasionally

PHYSICIAN ASSISTANT PROGRAM

PHY ASST  348 Theories and Practice in Emergency Care Credits: 1
Knowledge, attitudes and skills needed to evaluate and initiate care for acutely ill and/or injured persons. Prereq> Jr st in the Physician Assistant program or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHY ASST  402 Pediatrics for Physician Assistants I Credits: 1
Introductory pediatrics course covering problems encountered in the general pediatric population and reinforcing basic primary care clinical principles. Weekly lectures complementing material presented in concurrent PA 400. Prereq> Jr st, Phy Asst or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Summer

PHY ASST  403 Pediatrics for Physician Assistants II Credits: 1
Continuation of PA 402. Prereq> Jr st, Phy Asst or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Summer

PHY ASST  416 Issues in Professional Practice for Physician Assistants Credits: 1
Introduction to issues related to the physician assistant profession. Emphasis on developing an understanding of health care systems and the role of the physician assistant. Prereq> Jr st in the Phy Asst Program
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST  421 Advanced Patient Evaluation in the Primary Care Setting II Credits: 2
Advanced physical examination and patient evaluation techniques; regional physical examinations; radiology; advanced evaluation of heart sounds. Prereq> Phy Asst 420
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST  435 Twelve Lead ECG Interpretation for Physician Assistants Credits: 1
Provides physician assistant students with the basic understanding of the 12 lead electrocardiogram. Content includes the clinical applications and interpretation of the 12 lead ECG, identification of common abnormalities, discussion of the pathophysiology and clinical significance of selected abnormalities. Prereq> Enrollment in the PA prof prog
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

PHY ASST  440 Laboratory Medicine for Physician Assistants Credits: 2
This course emphasizes the utilization of laboratory methods for the diagnosis and treatment of disease. The content focuses on those aspects pertinent to the provision of ambulatory, primary care. Prereq> Jr st, Phy Asst or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST  516 Contemporary Professional Issues - Physician Assistants Credits: 1
Information course for senior physician assistant students in areas of certification and registration, employment, economics, profession organizations and political/legislative topics. Prereq> Sr st in the Phy Asst Program
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST  525 Special Topics in Primary Health Care Credits: 1 - 4
Variable content. Current topics, issues, and material related to the activities of the assistant to the primary care physician. Prereq>
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally
PHY ASST  550 Fundamentals of Clinical Medicine  Credits: 3
Introduces the student to information fundamental to understanding clinical medicine principles. Topics addressed include select areas of physiology-pathophysiology, pharmacology, laboratory medicine, and common systemic disease processes. There will also be instruction relative to cognitively approaching the patient. Prereq> Admission to Physician Assistant program
L&S Credit: No degree credit in L&S  Typically Offered: Summer

PHY ASST  600 Interdisciplinary Rural Primary Health Care Practice  Credits: 2
Using a framework of interdisciplinary health care teams and community-based practice models, the course focuses on the provision of primary health care services in rural and underserved populations. Prereq> Sr st in a health professions prgm e.g. nurs, phy asst, pharm, soc wrk, med, nutr, occ ther, phy ther or cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHY ASST  601 Clinical Medicine I  Credits: 5
The first of a two course sequence instructing students about the knowledge and skills required to diagnose and treat patient health problems. Topics addressed include genomics, neurology, psychiatry, hematology/oncolgy, endocrinology, ophthalmology, otorhinolaryngology, and dermatology. Prereq> Jr st, Physician Assistant majors or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHY ASST  602 Clinical Medicine II  Credits: 6
The second of a two course sequence instructing students relative to the knowledge and skills required to diagnose and treat patient health problems. Topics addressed include cardiology, pulmonology, nephrology/urology, gastroenterology, rheumatology, geriatrics, and family medicine. Prereq> Jr st. Phy Asst major or Pharm D major
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST  603 Pediatrics  Credits: 2
Examines important aspects of primary care pediatrics including assessment of the child patient, preventive health, and pediatric diseases and conditions. The student will also learn examination techniques specific to the pediatric population. Prereq> Admission to Physician Assistant program
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST  610 Clinical Prevention and Community Practice I  Credits: 1
The first of a two course sequence addressing the concepts of prevention and population health. Multiple topics will be explored including but not limited to: Health Information Literacy, Immunizations, Nutrition, Exercise, Communication and Counseling Skills, and Integrative Medicine. Prereq> Admission to Physician Assistant program
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHY ASST  611 Clinical Prevention and Community Practice II  Credits: 1
This is the second of a two course sequence addressing the concepts of prevention and population health and exploring the topics of: health systems/policy, and community aspects of practice. Case examples and community-oriented learning experiences will be incorporated into the course. Prereq> Admission to Physician Assistant program
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST  616 Professional Seminar I  Credits: 1
The first of a sequence of Professional Seminars occurring each semester throughout the course of the professional program. Emphasis will be placed on issues specific to the PA profession as well as introduction to the Capstone Project. Prereq> Admission to Physician Assistant program
Typically Offered: Summer

PHY ASST  617 Professional Seminar II  Credits: 1
Continuing the professional seminar series, this course emphasizes medical ethics as well as fundamental principles of evidence-based medicine. Research and statistical concepts are taught within the framework of epidemiologic study to develop skills in evaluating and interpreting the medical literature. Prereq> Admission to Physician Assistant program
L&S Credit: No degree credit in L&S  Typically Offered: Fall
PHY ASST 618 Professional Seminar III Credits: 1
Continuing the professional seminar series, this course emphasizes an understanding of basic research methodology, project development, collaborative research, and project evaluation. Prereq> Admission to Physician Assistant program and completion of antecedent summer and fall semesters
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST 619 History and Physical Examination for Physician Assistants Credits: 4
Provides the primary care physician assistants with the knowledge and physical exam skills to evaluate patients in a variety of settings. Normal and pathological physical findings are discussed. Students master interview skills and physical exam skills applicable to all patients. Selected physical exam techniques are emphasized. Prereq> PA-3 or PA-4 classification; or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Summer

PHY ASST 620 Advanced Patient Evaluation I Credits: 1
Advanced physical examination and patient evaluation techniques with an emphasis on the musculoskeletal system; selected physical exam procedures in the complete evaluation of patients; advanced medical interviewing skills. Prereq> Phy Asst 419
Typically Offered: Fall

PHY ASST 621 Advanced Patient Evaluation in the Primary Care Setting II Credits: 1
Instruction in advanced skills in history and physical examination including comprehensive patient history and physical examination, focused history with related male genitalia and rectal exams, and focused history with female breast and pelvic exams. Prereq> Admission to Physician Assistant program
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST 622 Field Experience in Patient Assessment Credits: 2
Prereq> Phy Asst 421
L&S Credit: No degree credit in L&S  Typically Offered: Summer

PHY ASST 630 Women's Health for Physician Assistants Credits: 2
Provides Physician Assistant (PA) students a theoretical and clinical background for the assessment, diagnosis and management of problems in obstetrics and gynecology. Prereq> Jr st in Phy Asst Program
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHY ASST 640 Clinical Pharmacology I Credits: 2
The first clinical pharmacology course will emphasize pharmacotherapeutics relative to disease processes of the neurologic, psychiatric, hematologic/oncologic, ophthalmologic, otolaryngologic, endocrinologic, and dermatologic systems. Antimicrobial and pain management principles will also be addressed. Prereq> Admission to Physician Assistant program
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHY ASST 641 Clinical Pharmacology II Credits: 2
The second Clinical Pharmacology course will emphasize pharmacotherapeutics relative to disease processes of the cardiovascular, pulmonary, renal, urologic, gastrointestinal, and rheumatologic systems. Other topics addressed include geriatric pharmacology, pharmacoeconomics, complementary and alternative medicines, and treatment of sexually transmitted infections. Prereq> Admission to Physicians Assistant Program
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST 648 Emergency Medicine Credits: 2
Fundamental concepts related to the provision of emergency medical care and urgent ambulatory care. Prereq> PA classification or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST 650 Diagnostic Methods I Credits: 2
Primary focus is laboratory medicine assessments and ECG interpretation with additional content in imaging modalities, utilization of survey tools, screening assessments, as well as selected specialized examination techniques. Prereq> Admission to Physician Assistant program
Typically Offered: Fall

PHY ASST 651 Diagnostic Methods II Credits: 3
Primary focus is laboratory medicine assessments, heart sounds interpretation, and imaging modalities. Prereq> Admission to Physician Assistant program
L&S Credit: No degree credit in L&S  Typically Offered: Spring
PHY ASST 660 Clinical Skills Laboratory  Credits: 1
This course will be taught as a hands-on clinical skill laboratory to include: dermatologic procedures, splinting, casting, suturing, IV access, venipuncture, injections, joint aspiration/injection, and advanced cardiac life support (ACLS). Prereq> Admission to the Physician Assistant program
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHY ASST 670 Fundamentals of Surgery  Credits: 1
An introduction to the role of the physician assistant in surgery, fundamental principles of pre-, intra- and post-operative surgical care, operating room aseptic technique, and common strategies to avoid and to treat surgical complications. Prereq> PA 400, PA 401
L&S Credit: No degree credit in L&S  Typically Offered: Summer

PHY ASST 699 Independent Study  Credits: 1 - 3
Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHY ASST 700 Rural Health for Physician Assistants  Credits: 1
Realizing the rural healthcare shortage, this course emphasizes an understanding of healthcare issues unique to rural populations with the intent to attract Physician Assistants to work in these underserved areas. Prereq> Admission to Physician Assistant program and completion of antecedent summer, fall and spring semesters
Typically Offered: Summer

PHY ASST 716 Professional Seminar IV  Credits: 1
Emphasis will be on placed on refining the capstone project and writing an initial paper draft. The course will also include instructional content on professional issues in preparation for clinical experiences and clinical practice. Prereq> Admission to Physician Assistant program and completion of antecedent summer, fall and spring semesters
Typically Offered: Summer

PHY ASST 717 Professional Seminar and Capstone I  Credits: 1
Emphasis will be placed on completion of capstone projects with preparations for oral and poster presentation of the projects. Also includes instructional content on professional issues in preparation for certification and clinical practice. Prereq> Admission to Physician Assistant program and completion of antecedent semesters
Typically Offered: Fall

PHY ASST 718 Professional Seminar and Capstone II  Credits: 1
Emphasis will be placed on preparing poster and lecture presentation for completed capstone projects. Also includes instructional content on professional issues in preparation for certification and clinical practice. Prereq> Phys Asst 717
Typically Offered: Fall

PHY ASST 729 Physician Assistant Preceptorship: Surgery  Credits: 8
A 2 month intensive clinical learning experience with an emphasis in surgery and taking place in a variety of off-campus clinical settings under the direction of a supervising physician preceptor. Prereq> Successful completion of the didactic year PA training, with promotion to the clinical year
Typically Offered: Fall, Spring, Summer

PHY ASST 739 Physician Assistant Preceptorship: Family Medicine  Credits: 8
A 2 month intensive clinical learning experience with an emphasis in family medicine and taking place in a variety of off-campus clinical settings under the direction of a supervising physician preceptor. Prereq> Successful completion of the didactic year PA training, with promotion to the clinical year
Typically Offered: Fall, Spring

PHY ASST 749 Physician Assistant Preceptorship: Internal Medicine  Credits: 8
A 2 month intensive clinical learning experience with an emphasis in internal medicine and taking place in a variety of off-campus clinical settings under the direction of a supervising physician preceptor. Prereq> Successful completion of the didactic year PA training, with promotion to the clinical year
Typically Offered: Fall, Spring, Summer
PHY ASST 759 Physician Assistant Preceptorship: Emergency Medicine Credits: 8
A 2 month intensive clinical learning experience with an emphasis in emergency medicine and taking place in a variety of off-campus clinical settings under the direction of a supervising physician preceptor. Prereq>
Successful completion of the didactic year PA training, with promotion to the clinical year
Typically Offered: Fall, Spring

PHY ASST 769 Physician Assistant Preceptorship: Elective Credits: 8
A 2 month intensive clinical learning experience with an emphasis in an elective specialty discipline and taking place in a variety of off-campus clinical settings under the direction of a supervising physician preceptor. Elective specialty disciplines include but are not limited to family medicine, internal medicine, emergency medicine, general surgery, cardiothoracic surgery, orthopedic surgery, ENT, dermatology, pediatrics, women’s health and psychiatry/behavioral health. Prereq> Successful completion of the didactic year physician assistant training, with promotion to the clinical year training.
Typically Offered: Fall, Spring

PHYSIOLOGY

PHYSIOL 335 Physiology Credits: 5
Lectures, recitations, demonstrations, and labs. Prereq> Biol or zool & gen chem before enroll. Not open to Fr
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHYSIOL 435 Fundamentals of Human Physiology Credits: 5
An advanced human physiology course that explores the major organ systems. The main learning objective is an understanding of the mechanisms through which homeostasis is integrated and maintained. The class includes weekly: three lectures, one discussion, and one inquiry-based laboratory period. Prereq> Junior standing.
Zoology 151 or 152 or equivalent. Chem 103 or 104 or 109 or equivalent. Physics 103 or 104 or equivalent
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

PHYSIOL 524 Neurobiology II: An Introduction to the Brain and Behavior Credits: 3
An introduction to studies of the human nervous system covering neuroanatomy of the brain, neuronal coding, sensory and motor systems, biological rhythms, arousal, attention, physiological regulation, reward, aversion, learning and memory. Prereq> Zoo 523, equiv crse in physiol, or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSIOL 533 Molecular Physiology Credits: 2
This course will introduce functional aspects of mammalian organ systems from a molecular perspective. Human diseases will receive a special emphasis, and diseases will be used to illustrate the connection between molecules and biological function. Prereq> Chem 103 & 104 or 109 or 115 & 116; Physics 201 & 202 or 207 & 208; Zoology 151 & 152 or Biocore 303 & 304; Math 221 & 222 or 275 & 276. Recommended but not required: Biocore 323, biochem (e.g. Biochem 507 & 508), cell biology (e.g. Zoology 570)
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSIOL 603 Human Physiology and Biophysics Credits: 5
Lectures and lab. Can be used as part of requirement for minor in physiology. Prereq> Organ chem, biol or zool, physics or written consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHYSIOL 610 Cellular and Molecular Neuroscience Credits: 4
Study of original papers leading to an understanding of the molecular basis of electrical activity in neurons. Topics include voltage-sensitive currents, molecular biology of neuronal receptors, synaptic transmission and sensory transduction. Lectures supplemented with experimental demonstrations and discussion sessions. Prereq> Zoo 523 or equiv
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSIOL 611 Systems Neuroscience Credits: 4
Introduction to the anatomy and physiology of the mammalian nervous system. Lectures will cover the neuroanatomy of the major subdivisions of the human brain, the major sensory and motor systems, and higher order functions. Lab/discussion sections will emphasize readings from the primary literature and hands-on dissections. Prereq> Physiol 610
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring
PHYSIOL 615 Cellular Physiology Credits: 5
The molecular basis of modern cell physiology. Membrane transport processes and regulation of pH, calcium and other key ions. Excitation-contraction coupling and contractile mechanisms of different types of muscle. Critical role of the cytoskeleton in organizing physiological function. Prereq> Intro crse in physics, biochem & physiol or cell biol; or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSIOL 617 Integrative Systems Physiology Credits: 3
A course for graduate students and qualified special students in the biomedical sciences. Participants acquire knowledge and analytical skills from lectures and assigned reading topics dealing with systems cardiovascular, endocrine, renal and respiratory physiology. Prereq> Physiol 335 or equiv, Physiol 615, calc & analytical geometry, gen chem, organic chem; or consent of advisor
Typically Offered: Spring

PHYSIOL 625 Brain Cell Cultures and Imaging: A Lab Course Credits: 4
Hands-on laboratory training in neuronal cell culture, live and fixed neuron labeling and microscopy techniques to visualize neurons in culture, as well as image analysis methods. Prereq> Intro crses in biochem, cell biology & anatomy. Enrollment limited to 12 students, authorized by cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSIOL 629 Molecular and Cellular Mechanisms of Memory Credits: 3
Course will focus on the cell signaling and the resulting structural changes that occur at neuronal synapses during memory formation. The aim is to understand how the synaptic changes underlying memory occur. Prereq> Crse in cellular neurosci (Neurosci 523 or equiv); Biochem 501 or equiv
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHYSIOL 630 Neuronal Mechanisms for Sensation and Memory in Cerebral Cortex Credits: 3
Current literature will be considered in lectures and discussions that provides insight into how the cerebral cortex processes sensory information to generate and store cogent representations of the external world. The course includes laboratory exercises and demonstrations. Prereq> Intro neurosci crse highly recommended: Neurosci/Anat/Pmhc01/Physiol 611, Med Sc-M 731, Comp Bio 505, Zool/Neurosci/Psych 523, Psych/Neurophy/Neurosci/Zool 524; or cons inst
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PHYSIOL 675 Selected Topics in Physiology Credits: 1 - 3
Each topic taught once every two years: advanced cardiovascular physiology, advanced respiratory physiology, advanced endocrinology, membrane transport physiology and neurobiology. Prereq> Cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

PHYSIOL 699 Independent Work Credits: 1 - 4
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PHYSIOL 700 Professional Development for Biomedical Graduate Students Credits: 1
Provides graduate students with the skills and knowledge necessary to succeed in science. Topics which are covered include choosing a thesis advisor, grant writing, preparing a seminar presentation, etc.
Typically Offered: Occasionally

PHYSIOL 720 Principles of Human Physiology Credits: 4
A basic science of medicine course serving as an introduction to physiology of the autonomic nervous system, cardiovascular system, respiratory system, digestive tract, renal and endocrine systems. Includes lectures, demonstrations, and lab. Prereq> 1st yr Med stdt or Grad stdt with cons inst
Typically Offered: Occasionally

PHYSIOL 725 Muscle Biology Credits: 2
Anatomy, physiology, and biochemistry of muscle. Prereq> Crse in biochem or biomolecular chem & physiol or cons inst
Typically Offered: Occasionally

PHYSIOL 773 Cardiorespiratory Adaptions to Environment and Exercise Credits: 3
Examination of the effects of acute and chronic exercise and exposure to hypo- and hyperbaric environments on physiological responses; mechanisms underlying these responses. Prereq> Physiol 720 or cons inst
Typically Offered: Occasionally
PHYSIOL 799 Independent Reading Credits: 1 - 4
Prereq> Cons inst
Typically Offered: Occasionally

PHYSIOL 901 Seminar Credits: 1
Prereq> A course in animal physiology
Typically Offered: Occasionally

PHYSIOL 990 Research Credits: 1 - 9
Typically Offered: Occasionally

POPULATION HEALTH SCIENCES

POP HLTH 155 Introduction to the Biology of Aging Credits: 2
Prereq> One sem of gen biology at college level
L&S Credit: No degree credit in L&S  Typically Offered: Not Applicable

POP HLTH 370 Introduction to Public Health: Local to Global Perspectives Credits: 3
Introduces students to the principles of public health. Using local and global health problems as examples, students are introduced to epidemiology and evidence-based public health, with a focus on closing the gap between science and practice. Prereq> Nutr Sci 375 or a college-level, introductory science or biology crse.
L&S Breadth: Soc Sci or Nat Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

POP HLTH 375 Introduction to Public Health Credits: 1
Introduces concepts and methods of epidemiology, health services research, health policy and financing, disease prevention, and public health. Intended as an overview for undergraduates of all disciplines and who might consider advanced degrees in population health sciences or public health. Prereq> Jr st or cons inst
L&S Breadth: Social Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

POP HLTH 380 Contemporary Population Problems for Honors Credits: 3
This course is designed to identify, examine the nature and evaluate the evidence regarding key population problems affecting modern societies in the developed and developing world. The course emphasizes the development of demographic models as a tool to frame, define and investigate these problems. Examples of problems studied include: relations between population growth and environment, population growth and socioeconomic development, population and emergence of new diseases. Prereq> Honors status. Soc 360 or equivalent or consent of instructor
L&S Breadth: Humanities or Soc Sci  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

POP HLTH 451 Introduction to SAS Programming for Population Health Credits: 2
Use of the SAS programming language for the management and analysis of biomedical data. Prereq> Pop Hlth grad student or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

POP HLTH 471 Introduction to Environmental Health Credits: 3
Impact of environmental problems on human health; biological hazards to human health from air and water pollution; radiation; pesticides; noise; problems related to food, occupation and environment of the work place; accidents. Physical and chemical factors involved. Prereq> A course in biology; Jr st
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

POP HLTH 502 Air Pollution and Human Health Credits: 3
Toxicologic, controlled and epidemiologic studies on major air pollutants. Overview of study methods, lung physiology and pathology; air pollution sources, types, meteorology, sampling methods, controls and regulations. Prereq> Jr st, a course in biology
L&S Breadth: Biological Science  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall
POP HLTH 503 Public Health and Human Rights: The Care of Vulnerable Children in Africa Credits: 1
Students will understand, critique and constructively engage with global efforts to meet the needs of orphans and other children who are in highly vulnerable situations in Africa. Exploring the tensions and synergies between public health and human rights approaches, this course will prepare students for research, practice or advocacy. It is open to upper level undergraduates (junior and senior standing), graduate students, MPH students, and special students. Approved elective for the Certificate in Global Health. Prereq> None
L&S Credit: No degree credit in L&S Typically Offered: Fall, Summer

POP HLTH 504 Health Care Quality Improvement in Low Resource Settings Credits: 1
This course will present concepts of quality improvement and will trace the introduction and evolution of QI efforts in low-income countries, and among vulnerable populations worldwide. Students will get hands on training in QI methods and tools, and will explore how QI can strengthen health systems. Further, they will develop an understanding of how QI efforts can be linked to larger policy initiatives such as improved governance, task shifting within health care services, rights-based approaches to health care, and realization of the MDGs. This course will provide a useful introduction to the field of quality improvement and could be used to develop preliminary plans for quality improvement.
L&S Credit: No degree credit in L&S Typically Offered: Summer

POP HLTH 548 The Economics of Health Care Credits: 3 - 4
Analysis of the health care industry. Markets for hospitals and physicians' care, markets for health manpower, and the role of health insurance. Prereq> Econ 301, or Pub Affr 880 or cons inst
L&S Breadth: Social Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

POP HLTH 551 Introduction to Biostatistics for Population Health Credits: 3
Course designed for population health researcher. Topics include descriptive statistics, elementary probability, probability distributions, one- and two-sample normal inference (point estimation, hypothesis testing, confidence intervals), power and sample size calculations, one- and two-sample binomial inference, underlying assumptions and diagnostic work. Prereq> Coll algebra; enrollment in pop health MS or PhD prgm & cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall

POP HLTH 552 Regression Methods for Population Health Credits: 3
Introduction to the primary statistical tools used in epidemiology and health services research; multiple linear regression, logistic regression and survival analysis. Prereq> Pop Hlth/BMI 451 and Pop Hlth/BMI 551 ; or cons inst
Typically Offered: Spring

POP HLTH 553 International Health and Global Society Credits: 3
Major problems in international health from 1750 to the present. Focus on disease epidemiology and ecology; political economy of health; migration; quarantine; race, ethnicity, and health care; international health research; cross-cultural healing; mental and maternal health; growth of international health organizations. Prereq> Jr or Sr st, or cons inst
L&S Breadth: Humanities or Soc Sci L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

POP HLTH 575 The Biological Processes of Aging Credits: 3
Lecture. Theories and mechanisms of the aging process with special reference to biological changes within and between cultures. Studies of decreasing ability to adapt to environment with age, due to anatomical and physiological changes in the human body, organ systems, cellular and molecular levels. Prereq> Jr st, 2 sems of chem, gen biol or zool, intro physiol or cons inst
L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Not Applicable

POP HLTH 603 Clinical and Public Health Microbiology Credits: 5
Lecture-seminar sessions. Lectures (44) describe microorganisms of clinical and public health significance. Seminar sessions (14) discuss issues and controversies of specimen receiving and processing, bacteremia, serodiagnosis of infectious agents, antimicrobial susceptibility testing, laboratory management, and novel approaches to detect infectious agents. Prereq> A course in microbiology
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring
POP HLTH 621 Introduction to Nutritional Epidemiology  Credits: 1
Techniques used to evaluate relationships of diet to health and disease in human populations; integration of
knowledge gained with results of animal and clinical studies toward understanding dietary risk or protective
factors for disease. Includes advanced diet assessment and basic epidemiologic approaches. Prereq> Stat 301
or equivalent & Nutr Sci 332 or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall

POP HLTH 625 Toxicology I  Credits: 3
Basic principles of toxicology and biochemical mechanisms of toxicity in mammalian species and man.
Correlation between morphological and functional changes caused by toxicants in different organs of the body.
Prereq> Biochem 501 & Physiol 335 or cons inst. Path 401 & Phmcol 401 or equiv recommended
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

POP HLTH 626 Toxicology II  Credits: 3
A course surveying the basic methods and fundamental biochemical mechanisms of toxicity. Toxicity in
mammalian organ systems, techniques for evaluating toxicity, as well as mechanisms of species specificity, and
environmental interactions (with toxicant examples) are presented. Prereq> Env Tox 625 or cons inst
L&S Breadth: Biological Science  L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

POP HLTH 640 Foundations in Global Health Practice  Credits: 1
A one-credit interdisciplinary course designed to prepare graduate students in the health sciences and related
fields, as well as health professionals who are special students, for specific global health field experiences.
Prereq> Grad or health professional stdts; Jr or Sr st, or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

POP HLTH 644 Interdisciplinary Perspectives on Global Health and Disease  Credits: 1
Addresses a variety of global health topics through study of a specific country. Students will consider health data,
health systems, historical and cultural information, and concepts of cultural competence and cultural humility.
Prepares students for Pop Hlth 645, Global Health Field Study. Prereq> Grad standing or health professional
student; or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

POP HLTH 645 Global Health Field Course  Credits: 1 - 6
A faculty-led field experience that exposes students to global health work through discussion, observational
activities and participation in applied public health activities. Students will gain knowledge about health and
disease, learn and practice cross-cultural skills, and explore interdisciplinary approaches to health. Prereq>
Varies by section
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

POP HLTH 650 Special Topics  Credits: 1 - 6
Variable content course. Refer to Timetable or contact department for specific list of course sections, titles,
prerequisites, and instructors. Prereq> Varies by topic
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

POP HLTH 651 Advanced Regression Methods for Population Health  Credits: 3
Extension of regression analysis to observational data with unequal variance, unequal sampling and propensity
weights, clusters and longitudinal measurements, using different variance structures, mixed linear models,
generalized linear models and GEE. Matrix notation will be introduced and underlying mathematical and
statistical principles will be explained. Examples use data sets from ongoing population health research. Prereq>
Pop Hlth 798 and Pop Hlth 552; or cons inst
Typically Offered: Fall

POP HLTH 652 Topics in Biostatistics for Epidemiology  Credits: 1 - 3
Each module will adopt an in-depth focus on a biostatistical method of particular relevance to epidemiology such
as measurement error, missing data, intermediate variables, complex study designs, meta-analysis, splines,
propensity scores, causal inference, spatial statistics and resampling. One or more modules will be offered every
spring semester. Prereq> BMI/PHS 551 and PHS/BMI 552; and Stat 850 or PHS/BMI 651; or consent of
instructor
Typically Offered: Fall, Spring
POP HLTH 660 Communicating Public Health Information Effectively Credits: 1
Designed to improve public health professionals' abilities to communicate with different audiences such as news media, legislators, and the public. Students learn strategies for health communication based on scientific recommendation and apply these skills by planning and executing communication activities used in the field. Prereq> Grad st or health professional student; or cons inst L&S Credit: No degree credit in L&S Typically Offered: Summer

POP HLTH 661 State Level Health System, Payment, and Coverage Reform Credits: 1
Provide an overview of the state health policy initiatives in health care coverage, access, costs, trends in public and private sectors, and current issues and debates about health care reform nationally and in Wisconsin. Prereq> MPH student or Grad student L&S Credit: No degree credit in L&S Typically Offered: Summer

POP HLTH 662 Introduction to Social Marketing in Public Health Credits: 1
The course teaches students about social marketing and applications that apply to public health. It combines didactic presentations with group discussions and in-class exercises. Students are expected to read all assigned materials and complete a group assignment for oral and written presentation. After completion, students will be able to define social marketing, identify appropriate uses of social marketing, apply a model for developing, implementing and evaluating a social marketing campaign. Prereq> MPH or grad student L&S Credit: No degree credit in L&S Typically Offered: Summer

POP HLTH 664 Prevention of Overweight and Obesity Credits: 2
This course is intended to provide students with theoretical and practical knowledge to develop, implement, and evaluate obesity prevention interventions. This course will emphasize pediatric obesity prevention with a focus on nutrition and physical activity health behaviors and environments. Prereq> MPH or grad student L&S Credit: No degree credit in L&S Typically Offered: Fall

POP HLTH 675 Community Health Credits: 2 - 3
An examination of the historical, social, political, economic, cultural and environmental forces and factors which impact on community health to enable the student to gain an awareness of the critical aspects of the community health system and to develop the knowledge necessary to address community health issues. Prereq> Senior or Grad standing and consent of instructor L&S Credit: No degree credit in L&S Typically Offered: Not Applicable

POP HLTH 699 Independent Reading Credits: 1 - 5
To gain additional information on specific research problems or advanced training in the areas covered by Prev Med staff. Prereq> Grad st or cons inst L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring, Summer

POP HLTH 701 Master's Research Seminar Credits: 1
Research seminar for students in the population health master's program. Presentations by professors, public health professionals, graduate students and experts designed to cover the depth and breadth of research in the field of population health. Prereq> Admission to population health master's degree program Typically Offered: Not Applicable

POP HLTH 703 Quality of Health Care: Evaluation and Assurance Credits: 1 - 3
Implementation, oversight, and management of quality-oriented activities in health care settings. Overview of current and historical activities, approaches, and issues confronting health care related to quality assessment, assurance, and improvement. Prereq> Major or minor in population health, or cons inst Typically Offered: Occasionally

POP HLTH 709 Translational and Outcomes Research in Health and Health Care Credits: 3
This course seeks to review the conceptualization of translational and outcomes research in health and health care settings; to illustrate basic concepts and methods in research as applied to current issues in health and health care settings; and to understand the diverse perspectives that can be used to inform translational and outcomes research in different organizations, including those based within communities. Prereq> Instructor permission L&S Credit: No degree credit in L&S Typically Offered: Fall
This course will deepen our understanding of how health is produced over the life course. A life course approach focuses on how early life experiences influence health across lives and possibly generations. This includes the concept of "linked lives" or how health is produced in the context of familial and social relationships. Using a life course and human development framework, we will explore a number of concepts explaining how exposures in early life lead to health outcomes at later life stages. Namely, we will examine critical or sensitive periods (i.e., "Barker hypothesis" or "fetal or biological programming"), cumulative effects, pathways and trajectories, risk and resilience, and in typically offered: Spring

The purpose of this elective is to provide 1st and 2nd year medical students and physician assistant students with an introduction to public health and opportunities to meet and discuss key concepts with an exciting variety of physician leaders who have integrated medicine public health in their careers. Prereq> None
Typically Offered: Fall

This course provides an overview of the HIV/AIDS pandemic in the United States and worldwide. Topics covered include a review of the epidemiology of HIV/AIDS, the natural history of HIV disease, strategies to prevent and treat HIV, and local and global health impact with a focus on historically significant milestones as well as promising current and future research. Prereq> PHS 797 Introduction to Epidemiology or permission from the instructor
Typically Offered: Summer

This course is designed to deepen participants' understanding of their own leadership attributes and style, refine core leadership skills including communication, collaboration, negotiation, and advocacy, and build a framework for advancing population health improvement within and across organizations. Prereq> Students must be in the Leadership in Population Health Improvement on-line Certificate and must have taken PHS 780, PHS 785, and PHS 879
Typically Offered: Spring

Focuses on the basic science of public health and population medicine. Students learn about epidemiologic methods to understand the causes of disease, and evidence-based approaches for disease prevention, early detection and treatment, at the individual and community level. Prereq> 1st yr Med st
Typically Offered: Occasionally

Addresses and analyzes differences in health status and methods of organizing and providing health services in countries with varying levels of development and types of socio-political systems. Develops an understanding of the various avenues of international cooperation in health. Prereq> Grad st or cons inst
Typically Offered: Fall

Lecture. Social, economic and political aspects of health care delivery, including health needs and demands, doctor shortage, health team, models of delivering care, health planning, cost and financing, quality of care and international systems. Prereq> Cons inst
Typically Offered: Occasionally

Covers contemporary methods of impact assessment in a framework to address global environmental health threats (e.g., global climate change, deforestation and biodiversity loss, and urban sprawl). Issues dovetail well (but do not overlap) with Introduction to Environmental Health. Prereq> Graduate standing or consent of instructor
Typically Offered: Occasionally

This course will cover current knowledge on cancer occurrence and control in human populations. Design and analysis approaches appropriate for cancer epidemiology will also be discussed. Prereq> Prev Med 797, 798; & H Oncol 721 or cons inst
Typically Offered: Occasionally
POP HLTH  780 Public Health: Principles and Practice  Credits: 3
An interdisciplinary graduate-level course addressing population-based approaches to community health improvement, and features problem-based learning. A focus on contemporary issues; opportunities to work with a public health mentor and lectures by local, state and national figures. Prereq> Enrollment in the Master of Public Health (MPH) progm at UW-Madison, Grad st, or cons inst
Typically Offered: Fall

POP HLTH  781 Introduction to Public Health Seminar  Credits: 1
Unique seminar for MPH students to introduce them to concepts and current issues in public health. Prereq> Must be MPH student
Typically Offered: Fall

POP HLTH  783 Long Term Care Issues  Credits: 2 - 3
Policies and practices of community-based LTC systems are examined focusing on LTC populations, components, systems and the place of LTC in the health care field. Prereq> Grad st, Programs in Health Mgmt or cons inst
Typically Offered: Occasionally

POP HLTH  785 Health Systems, Management, and Policy  Credits: 3
This course is designed to introduce students to the fundamental characteristics of health care systems. Prereq> Health prof st or grad st; or cons inst
Typically Offered: Spring

POP HLTH  786 Social and Behavioral Sciences for Public Health  Credits: 3
Students analyze public health issues from a social and behavioral sciences perspective, and critically examine the strengths and weaknesses of particular theories for developing effective population and community-based intervention programs. Prereq> Grad or health professional student; or consent of instructor
Typically Offered: Spring

POP HLTH  787 MPH Field Experience Seminar  Credits: 1
Unique seminar for MPH students to prepare them to work in field or community setting. Prereq> Must be MPH student
Typically Offered: Spring, Summer

POP HLTH  788 The Public Health Field Experience  Credits: 1 - 6
The field experience is required for all students in the master of public health (MPH) program and provides students with practical experience in a public health setting. This course also permits global health certificate students to complete their requirements. Prereq> MPH st with cons inst or global hlth cert st with Pop Hlth 640
Typically Offered: Fall, Spring, Summer

POP HLTH  791 Physical Activity Epidemiology  Credits: 3
Recommendations for and surveillance of physical activity in the U.S., and associations with health and disease at the population level. Emphasis on measurement techniques, study design and research considerations. Prereq> Grad st or cons inst
Typically Offered: Occasionally

POP HLTH  794 Biological Basis of Population Health  Credits: 2
This course covers the physiology, biology and biochemistry of selected disease processes deemed to be important to students of population health sciences by virtue of their clinical significance including incidence, mortality and morbidity. Prereq> Pop Hlth Grad st or MPH stdt; or cons inst
Typically Offered: Fall

POP HLTH  795 Principles of Population Health Sciences  Credits: 3
Introduces students to the multiple determinants of health including medical care, socioeconomic status, the physical environment and individual behavior, and their interactions. Also covered will be the definition and measurement of population health, economic concepts in population health, and ethical and managerial issues in population health improvement. Prereq> Grad st in Population Health or cons inst
Typically Offered: Fall
POP HLTH 796 Introduction to Health Services Research Credits: 3
Introduces students to a variety of perspectives, substantive areas and methodological approaches to health services research that provide the foundation for understanding the structure, process and outcomes of the U.S. health care system. Prereq> Pop Hlth 795; or cons inst
Typically Offered: Spring

POP HLTH 797 Introduction to Epidemiology Credits: 3
Lectures and discussions on design, implementation and interpretation of epidemiologic studies; emphasis on methodologic problems in the measurement of disease frequency, natural history and risk factors. Prereq> Grad st or healthcare professional program st or cons inst
Typically Offered: Fall

POP HLTH 798 Epidemiologic Methods Credits: 3
The main emphasis is the design and interpretation of epidemiologic studies. Includes hands-on experience in the evaluation of epidemiologic evidence, the analysis of epidemiologic data, and the discussion of strategies aimed to improve study validity and efficiency. Prereq> Pop Hlth 797; or cons inst
Typically Offered: Spring

POP HLTH 801 Epidemiology of Infectious Diseases Credits: 3
Introduces basic methods to studying the epidemiology of infectious diseases and reviews infectious diseases of major public health importance. Covers the basics of microbiology, immunology, and laboratory-based methods and the principles of disease surveillance, outbreak investigation, mathematical models of disease transmission, and prevention strategies. The etiology, epidemiology, prevention, and treatment of ancient, modern, and emerging infectious diseases will be examined. Prereq> Pop Hlth 797; or cons inst
Typically Offered: Occasionally

POP HLTH 802 Advanced Epidemiology: Etiology and Prevention Credits: 3
The course addresses the epidemiological basis for understanding the etiology and prevention of major diseases. Students integrate information about disease patterns, epidemiological methods, and published studies to identify research questions and design a project. Prereq> Grad st, Pop Hlth 797 & 798; or cons inst
Typically Offered: Fall

POP HLTH 803 Monitoring Population Health Credits: 3
Students learn applied techniques for community health assessment--a core function of public health. Actual population health data (including census, natality, mortality, hospital discharge, behavioral risk factor) are retrieved from the Web for analysis and interpretation. Prereq> Pop Hlth 797
Typically Offered: Occasionally

POP HLTH 805 Epidemiologic Methods 4 Credits: 3
Epidemiologic Methods 4 is directed to PhD and MS students. This course expands on the knowledge and abilities developed in POP HLTH 797 and POP HLTH 798. The goal of this course is to provide students with an opportunity to learn about the rationale and use of study designs that built upon but are substantially different from the most common designs used in epidemiologic research (experimental studies, case-control studies, and cohort studies). The main emphasis of this course is on the design and interpretation of epidemiologic studies. The course will include hands-on experience on the assessment of non-traditional designs as tools to improve the validity and efficiency of epidemiologic st
Typically Offered: Fall, Spring

POP HLTH 806 Advanced Epidemiology: Practice of Epidemiology Credits: 3
The goals of the course are to apply and extend methodologic knowledge learned in prior courses in the Population Health Sciences epidemiology methods sequence (PHS 797, 798, 805; these are prerequisites) to selected key activities of a practicing epidemiologic researcher, including: study implementation; scientific writing and presentation; manuscript and grant peer-reviewing; measurement validation, simulation studies and sensitivity analyses; and, commonly-used epidemiology field instruments and methods. Prereq> Population Health Sciences 797, 798 and 805
Typically Offered: Spring

POP HLTH 820 Graduate Research Seminar Credits: 1
Research seminar for students in the population health graduate program. Presentations by graduate students, professors, public health professionals and experts designed to cover the depth and breadth of research in the field of population health. Prereq> Grad st in population health grad progm
Typically Offered: Fall, Spring
This doctoral seminar provides an overview of current topics in health and mental health economics. The main objectives of this seminar is to acquaint students with important current topics, literature, and scholarship in this field. Prereq> Students who are predoctoral trainees in the NIMH Training Program are expected to take this seminar all semesters it is offered. For other graduate students studying health economics, enrollment is by consent of instructor (to manage seminar size). Graduate-level study in microeconomics and econometrics is expected for any student enrolled in or auditing the course.

Typically Offered: Fall, Spring

Health economics issues including demand, supply and pricing, market structure, medical malpractice, technological change, value of life, role of insurance, and other aspects of uncertainty. Prereq> Grad st

Typically Offered: Occasionally

Basic ideas and tools of cost effectiveness analysis as applied in evaluating medical technologies. Addresses special problems and methods in assessing diagnostic technologies, including ROC analysis, and in measuring health for technology assessment. Uses "classical" and current journal literature. Prereq> Pop Hlth 797 & 800; or cons inst

Typically Offered: Occasionally

Provides a comprehensive understanding of health outcome measures, including generic health status measures, disease-specific measures, and consumer reports of the quality of care. Prereq> Grad st in population health & Prev Med 795, 797 & 800; or cons inst

Typically Offered: Occasionally

The course offers advanced students of population health the opportunity to acquire and familiarize themselves with the central analytical tools of economic analysis as they are applied to problems in population health. Prereq> Grad st in population health & Prev Med 795, 796, 797, 798 & 800; or cons inst

Typically Offered: Occasionally

Current major U.S. health policy issues and the critical processes and forces that shape them. The course discusses the politics of health policy; key economic, social and ethical forces; and central players. Prereq> Grad st & cons inst

Typically Offered: Occasionally

This course will present the welfare economics underpinnings for evaluating the social benefits and costs of government activities. Issues such as uncertainty, the social discount rate, and welfare weights will be discussed; case studies from the environmental, social policy, and agricultural areas will be studied. Prereq> Grad st, Pub Affr 818 & 880 or Pop Hlth 875 & at least one crs in econ or cons inst

Typically Offered: Fall

Introduction to advanced philosophical, methodological, and procedural topics in the conduct of population health research. Topics are introduced "in vivo" in discussions of published research or ongoing faculty research rather than "in vitro" as is more common of pedagogic instruction. Prereq> Ph.D. sttd in population health, Prev Med 795, 796, 797, 798, & 800; or cons inst

Typically Offered: Not Applicable

In-depth focus on current areas of epidemiologic investigation. Each semester one or more modules (e.g., cardiovascular, cancer, infectious diseases, women's health, international, etc.) will be offered. Prereq> Varies by section

Typically Offered: Fall, Spring, Summer

Prereq> 4th yr Med st

Typically Offered: Occasionally
POP HLTH  914 Individual Training & Experience in the Clinical Laboratory-State Lab  Credits: 1 - 5
Prereq> 4th yr Med st
Typically Offered: Not Applicable

POP HLTH  915 International Health Systems and Policy  Credits: 2
Designed as an independent study with four modules: International Health System Performance; Health Systems in the Context of Global Health Needs; Health Systems in High Income Countries; and the Politics of Health System Development and Reform. Prereq> Grad or health professional st (not M1-M3 st)
Typically Offered: Fall, Spring

POP HLTH  917 Public Health Field Experience for 4th Year Medical Students  Credits: 4
The 4th year public health elective will introduce the student to the role of physicians working in various fields of public health. Students can work with faculty from the Department of Population Health Sciences, Wisconsin Division of Public Health or Wisconsin State Laboratory of Hygiene on a public health or health policy project. The student will have the opportunity to select a health issue in Wisconsin, conduct a literature review, analyze relevant data, interpret the results, and write a report. Prereq> PHS 911, PHS 912, PHS 913, PHS 916
Typically Offered: Fall, Spring, Summer

POP HLTH  955 Seminar - Physical Activity Epidemiology  Credits: 1
Current research developments in physical activity epidemiology. Prereq> Grad st or cons inst
Typically Offered: Occasionally

POP HLTH  990 Research  Credits: 1 - 8
Cons inst. Prereq> Cons inst
Typically Offered: Fall, Spring, Summer

PSYCHIATRY

PSYCHIAT  699 Independent Study  Credits: 0 - 9
Prereq> Written cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

PSYCHIAT  712 Foundations in Infant, Early Childhood and Family Mental Health: Dev, Screening, Assessment and Diag  Credits: 3
This course provides students with a comprehensive understanding of the underpinnings of Infant, Early Childhood and Family Mental Health. Content begins with a focus on pregnancy, transition to parenthood and development of typical and atypical attachment relationships. Subsequent sessions provide a knowledge base on early childhood development and on screening and assessment of social, emotional, cognitive, communication, motor and regulatory capacities in infants and young children in the context of their caregiving relationships. Students will become familiar with reliable and valid screening and assessment tools, developmentally appropriate diagnostic nosologies, methods of conceptualiz
Typically Offered: Fall

PSYCHIAT  713 Seminar in Reflective Practices and Mindfulness in Infant, Early Childhood & Family Mental Health I  Credits: 2
This course provides students with a foundation in reflective practices through discussion of cases, infant and family observations and mindfulness experiences as applied to their work with infants, young children and families. These practices allow students to explore and experience ways in which reflective practices strategies may be applied to the understanding of family and child development and to the screening, assessment and diagnoses in infants, young children and families. Students will learn strategies to focus their attention and to develop increased awareness and regulation of sensations, thoughts and emotions and how these skills can support best practices in their work with fa
Typically Offered: Fall
PSYCHIAT 714 Consultation in Infant, Early Childhood and Family Mental Health: Advanced Clinical Practice I Credits: 1
This small group and individualized course offers students an opportunity to reflect upon their work with mothers and partners in the prenatal and postpartum period, infants, young children and their families. Course faculty and a senior, clinical consultant will guide students in exploring their individual responses to the literature, course content and issues raised in their work including personal experience and reactions as well reflecting on the parallel process. The intent is to support the student's professional development in ways that broaden and deepen the effectiveness of their work. Prereq: Enrollment in the Capstone Certificate in Infant, Early Childhood and Family Mental Health
Typically Offered: Fall

PSYCHIAT 715 Therapeutic Interventions, Practices and Policy in Infant, Early Childhood and Family Mental Health Credits: 3
This course offers students the opportunity to apply knowledge of Infant, Early Childhood and Family Mental Health concepts, assessment and diagnosis to planning and implementation of relationship-based and individual treatment approaches as well as to program development and policy. Students will be introduced to best practices and evidence based multi-disciplinary treatment approaches to address a range of presenting issues, settings, and cultural contexts for vulnerable children who are evidencing social, emotional, behavioral or attentional disturbances and parents with psychiatric disorders. Implications for informing policy across systems of care will be addressed. During the course of
Typically Offered: Spring

PSYCHIAT 716 Seminar in Reflective Practices and Mindfulness in Infant, Early Childhood and Family Mental Health II Credits: 2
This course provides students with continued advancement in reflective practices through discussion of cases, infant and family observations and mindfulness experiences as applied to their work with infants, young children and families. Students are provided with additional practice strategies and increasingly in-depth opportunities for introspection self-awareness and supportive discussion towards greater, clarity and engagement in their work. This will include a greater recognition of the parallel process between the nature of their relationship with a parent and the parent's relationship with their child. The focus will be on the application of mindfulness strategies and reflective practice
Typically Offered: Spring

PSYCHIAT 717 Consultation in Infant, Early Childhood and Family Mental Health: Advanced Clinical Practice II Credits: 1
This small group and individualized course offers students an opportunity to reflect upon their work with mothers and partners in the prenatal and postpartum period, infants, young children and their families. Course faculty and a senior, clinical consultant will guide students in exploring their individual responses to the literature, course content and issues raised in their work including personal experience and reactions as well reflecting on the parallel process. The intent is to support the student's professional development in ways that broaden and deepen the effectiveness of their work. Prereq: None
Typically Offered: Spring

PSYCHIAT 812 Third Year Psychiatry Credits: 1 - 6
Typically Offered: Occasionally

PSYCHIAT 910 Independent Reading and Research for Fourth Year Medical Students Credits: 1 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

PSYCHIAT 911 Psychopharmacology Research and Practice-CSC/VAH Credits: 4
Prereq: 4th yr Med st
Typically Offered: Occasionally

PSYCHIAT 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships. (Student must have Fourth Year Committee approval to count for fourth year credit.) Prereq: 4th yr Med st
Typically Offered: Occasionally

PSYCHIAT 921 Behavioral Medicine Clerkship-LaCrosse Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally
PSYCHIAT 922 Psychiatric Consultation and Outpatient Experiences Clerkship-CSC/VAH Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PSYCHIAT 923 Specialized Adult Psychiatry Clerkship-Mendota Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PSYCHIAT 924 Child Psychiatry Clerkship-Mendota Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

PSYCHIAT 925 Community Psychiatry Clerkship-CSC/Dane County MHC Credits: 2 - 12
Typically Offered: Occasionally

PSYCHIAT 930 Geriatric Psychiatry Clerkship-VAH Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

PSYCHIAT 946 Child Psychiatry Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

RADIOLOGY

RADIOL 619 Microscopy of Life Credits: 3
Survey of state of the art microscopic, cellular and molecular imaging techniques, beginning with subcellular microscopy and finishing with whole animal imaging. Prereq> 2nd semester intro physics including light & optics (e.g. 104, 202, 208) or cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

RADIOL 699 Directed Study Credits: 1 - 12
Directed study projects as arranged with faculty member. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

RADIOL 711 Journal Club Credits: 1
Student Seminar and Journal club for second year students in the Medical Scientist Training Program. Prereq> Consent of instructor
Typically Offered: Spring

RADIOL 722 Clinical Anatomy and Radiology Credits: 4
Anatomy and surgery of head and neck, body wall, cavities and pelvic outlet. Hands on experience in interpreting radiological cross-sectional images. Prereq> Anat 711, Sr Med or Grad st
Typically Offered: Occasionally

RADIOL 813 Radiology Clerkship Credits: 1 - 2
Introduction to principles and technology of diagnostic radiology. Emphasis on fundamental interpretation skills in chest, abdominal and bone films, and in cross-sectional anatomy. Discussions focused on appropriate, cost efficient radiologic workup and image guided surgery. Prereq> 3rd or 4th yr Med st
Typically Offered: Occasionally

RADIOL 902 MSTP Physician Scientist Preceptorship in Clinical & Translational Research Credits: 1 - 6
Six-week clinical and translational research preceptorship for students of the Medical Scientist (MD/PhD) Training Program (MSTP). Prereq> Limited to MSTP students in fourth year of medical school who have completed Medicine 901 and Medicine 903 or with instructor consent
Typically Offered: Occasionally

RADIOL 910 Independent Reading and Research for Fourth Year Medical Students Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally
RADIOL 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships. (Student must have Fourth Year Committee approval to count
for fourth year credit.) Prereq> 4th yr Med st
Typically Offered: Occasionally

RADIOL 920 Diagnostic Radiology Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

RADIOL 923 Clinical Nuclear Medicine Clerkship-CSC/VAH Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

RADIOL 924 General Radiology Clerkship-St Lukes (Milwaukee) Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

REHABILITATION MEDICINE

RHAB MED 699 Independent Study Credits: 0 - 9
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Occasionally

RHAB MED 910 Independent Reading and Research for Fourth Year Medical Students Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

RHAB MED 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships. (Student must have Fourth Year Committee approval to count
for fourth year credit.) Prereq> 4th yr Med st
Typically Offered: Occasionally

RHAB MED 920 Rehabilitation Medicine Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

RHAB MED 923 Physical Medicine and Rehabilitation-Marshfield Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SENIOR MEDICAL PROGRAM

SR MED 812 Third Year Primary Care Clerkship Credits: 1 - 8
The clerkship will be an outpatient clinic based eight-week continuity experience in two of the three primary care
specialties (Family Medicine, Internal Medicine and Pediatrics). Prereq> 3rd yr Med st
Typically Offered: Occasionally

SR MED 813 Integrated Clinical Neuroscience Clerkship Credits: 1 - 6
Introduction to the examination (clinical, laboratory and imaging), diagnosis, and treatment of patients with
commonly encountered diseases of the nervous system, as presented from the combined perspectives of
medical neurology, surgical neurology, ophthalmology, rehabilitation medicine, and neuroradiology. Prereq> 3rd
yr Med st
Typically Offered: Occasionally

SR MED 840 Special Fourth Year Preceptorship/Clerkship Credits: 1 - 16
Individually arranged clinical tutorial/evaluation for fourth year students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 851 Preceptorship-Appleton Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally
SR MED 852 Preceptorship-Ashland Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 853 Preceptorship-Beaver Dam Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 854 Preceptorship-Beloit Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 855 Preceptorship-Black River Falls Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 856 Preceptorship-Eau Claire Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 858 Preceptorship-Green Bay Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 859 Preceptorship-Janesville Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 860 Preceptorship-LaCrosse Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 862 Preceptorship-Marshfield Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 863 Preceptorship-Milwaukee Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 864 Preceptorship-Monroe Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 865 Preceptorship-Rhinelander Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 866 Preceptorship-Rice Lake Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 867 Preceptorship-Shawano Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 868 Preceptorship-Sheboygan Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 870 Preceptorship-Viroqua Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally
SR MED 871 Preceptorship-Wausau Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 872 Preceptorship-Woodruff Credits: 1 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 873 Preceptorship-Prairie du Sac Credits: 1 - 12
A required course for senior medical students, designed to improve their proficiency in patient care by providing them with increasing responsibility for the care of patients in a community under the supervision of an experienced preceptor. Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 875 Preceptorship-Minong Credits: 1 - 12
Clinical elective for fourth year students. Prereq> 4th yr Med st
L&S Credit: No degree credit in L&S
Typically Offered: Occasionally

SR MED 877 Preceptorship-Dodgeville Credits: 1 - 12
Clinical elective for senior medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 878 Preceptorship - Madison/Capital Health Center Credits: 1 - 12
Clinical elective for senior medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 879 Preceptorship - Madison/Meadowood Clinic Credits: 1 - 12
Clinical elective for senior medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 880 Preceptorship - Cross Plains Credits: 1 - 12
Clinical elective for senior medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 882 Preceptorship - Fitchburg Credits: 1 - 12
Clinical elective for senior medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 883 Preceptorship - Reedsburg Credits: 1 - 12
Clinical elective for senior medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 911 Extramural Elective-Basic Science Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 913 Extramural Elective-Preventive Medicine Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 921 Extramural Elective-Anesthesiology Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 922 Extramural Elective-Family Medicine Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 923 Extramural Elective-Human Oncology Credits: 1 - 26
Prereq> 4th yr Med st
Typically Offered: Occasionally
SR MED 924 Extramural Elective-Medicine Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 925 Extramural Elective-Neurology Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 926 Extramural Elective-Obstetrics and Gynecology Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 927 Extramural Elective-Ophthalmology Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 928 Extramural Elective-Pathology Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 929 Extramural Elective-Pediatrics Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 931 Extramural Elective-Psychiatry Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 932 Extramural Elective-Radiology Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 933 Extramural Elective-Rehabilitation Medicine Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 934 Extramural Elective-Surgery Credits: 1 - 44
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 935 Extramural Elective-Primary Care Credits: 1 - 16
Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 936 Extramural Elective-Emergency Medicine Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SR MED 937 Extramural Elective Clerkship in International Health Credits: 1 - 8
One to eight week elective as a site outside the U.S. Students will engage in the provision of primary or specialty patient care in ambulatory and/or hospital settings. May include community public health, prevention, and health education learning activities. Prereq> 3rd & 4th yr Med st. Sr Med 812, Medicine 812, Pediat 812, Obs&Gyn 812, & cons inst
Typically Offered: Occasionally

SR MED 951 Training in Urban Medicine and Public Health (TRUIMPH) I: Seminar and Projects Credits: 2
Introduces third year students to health disparities in Milwaukee and community and public health improvement projects. Students will devote four hours per week to projects under the guidance of community mentors and faculty. Prereq> 3rd yr Medical student
Typically Offered: Spring
SR MED 953 Training in Urban Medicine and Public Health (TRIUMPH) II: Milwaukee Credits: 2
Introduces third year medical students to the communities, neighborhoods, healthcare systems and public health initiatives in Milwaukee. Prereq: 3rd yr Medical student
Typically Offered: Spring

SR MED 955 Training in Urban Medicine and Public Health (TRIUMPH) III: Leadership Credits: 2
Provides fourth year medical students with advanced leadership skill building exercises to address community and public health challenges in Milwaukee. Prereq: 4th yr Medical student and completion of SR MED 951 and SR MED 953
Typically Offered: Fall

SR MED 957 Training in Urban Medicine and Public Health (TRIUMPH) IV: Advanced Seminar Credits: 2
A continuation of TRIUMPH I (SR MED 951) that will enable fourth year medical students to explore and address health disparities and to complete a community or public health improvement project with colleagues in Milwaukee. Prereq: 4th yr Medical student and completion of SR MED 951, 953 and 955
Typically Offered: Fall, Spring

SURGERY

SURGERY 699 Independent Study Credits: 0 - 9
Prereq: Cons inst
L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Occasionally

SURGERY 799 Independent Reading and Research Credits: 0 - 9
Typically Offered: Occasionally

SURGERY 812 Third Year Surgery Credits: 1 - 12
Prereq: 3rd yr Med School st
Typically Offered: Occasionally

SURGERY 910 Independent Reading and Research for Fourth Year Medical Students Credits: 1 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

SURGERY 919 Individualized Fourth Year Clinical Clerkship Credits: 1 - 12
Individually arranged fourth year clinical clerkships. (Student must have Fourth Year Committee approval to count for fourth year credit.) Prereq: 4th yr Med st
Typically Offered: Occasionally

SURGERY 920 General Surgery Clerkship-CSC Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

SURGERY 921 General Surgery Clerkship-Meriter Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

SURGERY 923 General Surgery Clerkship-St. Mary's Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

SURGERY 924 General Surgery Clerkship-LaCrosse Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally

SURGERY 925 General Surgery Clerkship-Marshfield Credits: 2 - 12
Prereq: 4th yr Med st
Typically Offered: Occasionally
SURGERY 926 Surgery for the Non-Surgeon Credits: 4
The student will select four areas of interest from a "menu" of surgical specialties. Through clinic (not operative or inpatient) experiences, it is hoped the student will develop clinical skills in diagnosis, screening, prevention, etc. as it relates to surgical disease. The surgical librarian and faculty will guide the student through a case(s) utilizing EBM research. Prereq> 3rd or 4th yr Med st & completion of all CORE clerkships
Typically Offered: Occasionally

SURGERY 929 Pediatric Surgery Credits: 2 - 4
Students become an integral member of the pediatric surgery service. Development of clinical skills in the diagnosis and treatment of pediatric surgical patients is accomplished through inpatient rounds, clinics, clinical procedures, operative procedures, and surgery conferences. Prereq> Surgery 812
Typically Offered: Occasionally

SURGERY 930 Breast Disease Credits: 2
The course goal is to become familiar with the etiology, diagnosis, and treatment of benign and malignant breast disease. Emphasis will be placed on teaching breast examination. Prereq> 4th yr Med stdts only
Typically Offered: Occasionally

SURGERY 935 Neurosurgery Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 939 Adult Orthopedics for the Future Orthopedist Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 940 Adult Orthopedics for the Non-Orthopedist Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 941 Adult Orthopedics and Fractures-VAH Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 942 Childrens Orthopedics Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 944 Upper Extremity Orthopaedic Clerkship-Marshfield Clinic Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 945 Sports Medicine Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 948 Otolaryngology Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 949 Clinical Otolaryngology Clerkship-LaCrosse Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 954 Peripheral Vascular Clerkship-CSC/VAH Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 956 Plastic and Reconstructive Surgery Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally
SURGERY 957 Plastic Surgery-Marshfield Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 959 Emergency Medicine Clerkship-LaCrosse Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 960 Transplantation Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 961 Burn Surgery Clerkship (CSC) Credits: 2 - 12
Clinical elective for fourth year medical students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 962 Critical Care Surgery-CSC Credits: 2 - 12
Clinical elective for fourth year students. Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 963 Cardiac Surgery Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 964 Thoracic Surgery Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Fall, Spring, Summer

SURGERY 967 Urology Clerkship-CSC Credits: 2 - 12
Prereq> 4th yr Med st
Typically Offered: Occasionally

SURGERY 968 Urology for the Future Pediatrician Credits: 2 - 4
Clinical urology clerkship for 4th year medical students interested in pursuing a career in pediatrics. Most of the student's time will be spent seeing patients with faculty and residents in the outpatient Urology Clinic at AFCH. However, if students wish to also observe or participate in the Operating Room, they are welcome to do so. Operating Room participation is not expected. Additionally, students will attend weekly educational urologic conferences and will meet in small group sessions with urology faculty for case-based discussions. It is expected that students use evidence based medicine in their case discussions. Students are expected to be clinically active 5 full days per week. Mor
Typically Offered: Fall, Spring

SURGERY 969 Urology for the Future Primary Care Provider Credits: 2 - 4
Outpatient clinical urology clerkship for 4th year medical students interested in pursuing a career in primary care. Most of the student's time will be spent seeing patients with faculty and residents in the outpatient Urology Clinic at UWHC. However, if students wish to also observe or participate in the Operating Room, they are welcome to do so. Operating Room participation is not expected. Additionally, students will attend weekly educational urologic conferences and will meet in small group sessions with urology faculty for case-based discussions. It is expected that students use evidence based medicine in their case discussions. Students are expected to be clinically active 5 full days
Typically Offered: Fall, Spring

SURGERY 970 Urology for the Future Obstetrician/Gynecologist Credits: 2 - 4
Outpatient clinical urology clerkship for 4th year medical students interested in pursuing a career in Obstetrics/Gynecology. Most of the student's time will be spent seeing patients with faculty and residents in the outpatient Urology Clinic at UWHC. However, if students wish to also observe or participate in the Operating Room, they are welcome to do so. Operating Room participation is not expected. Additionally, students will attend weekly educational urologic conferences and will meet in small group sessions with urology faculty for case-based discussions. It is expected that students use evidence based medicine in their case discussions. Students are expected to be clinically active 5 f
Typically Offered: Fall, Spring
SURGERY 971 Accelerated Skills for Surgical Internship Credits: 2
Finishing fourth year students with plans to begin surgical internships. The course is aimed at those who will begin a general surgical internship year or a preliminary internship year but is open to those who are beginning other surgical specialties as well (orthopedics, ENT, plastic surgery, and urology). The primary goal of this course is to better prepare students for the basic expectations of surgical internship. Our specific learning objectives are as follows: A. Patient Assessment Skills a. To learn to admit a surgical patient, with an emphasis on note and order writing b. To evaluate a preoperative patient in the surgical clinic c. To dictate clinic notes, operative notes, and discharge
Typically Offered: Spring

SURGERY 972 InterProfessional Simulation Team Immersion Course Credits: 2
The Inter Professional Simulation Team Immersion Course is a highly interactive, hands-on multidisciplinary course. Students from up to 5 professional disciplines will learn together and practice healthcare case scenarios on high fidelity manikins. Topics discussed include; Healthcare Ethics, leverage the unique roles of interprofessional partners, effective team performance, crisis resource management, clinical dilemmas and critical thinking to improve the quality of patient-centered care, minimize healthcare errors, and positively impact health outcomes. This course uses clinical simulation where communication skills and clinical skills can be learned & practiced in a safe realistic setting
Typically Offered: Fall, Spring, Summer
CNP 306 Transitions: Practice, Professional and Personal Credits: 3
This course is designed to advance students' knowledge of nursing as it is embedded in clinical practice, address current and emerging health care trends, and examine healthcare workforce data and health care policy as it impacts opportunities for and impediments to nursing practice Prereq> Admission to the BSN@Home Program or consent of instructor
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

CNP 317 Health Assessment Credits: 3
Techniques of health history and physical examination to ascertain normal from variations of normal health conditions, in addition cultural and developmental variations are considered. Prereq> Admission to the BSN@Home Program or consent of instructor
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

CNP 407 Foundations of Professional Nursing Practice Credits: 3
Philosophical perspectives, theories, and standards are applied to the practice of professional nursing. Factors influencing nursing/health care delivery are analyzed. Professional communication skills are enhanced. This is a writing emphasis course. Prereq> BSN@Home student or consent of instructor
Typically Offered: Fall, Spring, Summer

CNP 441 Chronic Care Management Credits: 3
Exploration of interaction of biological, psychological, social, and environmental factors important to understanding management of chronic conditions at the individual, family, community, and societal levels. Prereq> BSN@Home student or consent of instructor
Typically Offered: Fall, Spring, Summer

CNP 446 Research and Evidence-Based Practice Credits: 3
Course introduces the importance of research to improve clinical practice, strategies to evaluate the quality of research and evidence, and increase integration of research into practice. Prereq> BSN@Home student or consent of instructor
Typically Offered: Fall, Spring, Summer

CNP 447 Leadership and Management Credits: 3
Examines nursing leadership and management using relevant theories and concepts. Analyze decision-making in relation to communication, delegation, supervision and group process. Prereq> BSN@Home student or consent of instructor
Typically Offered: Fall, Spring, Summer

CNP 453 Information Management and Healthcare Technology Credits: 3
Utilize computer and information/decision science to support quality and safety in health care. Explore informatics issues and examine nursing's role in healthcare technology. Opportunities to use and master various healthcare technologies and healthcare data will be given. Prereq> BSN@Home student or consent of instructor
Typically Offered: Fall, Spring, Summer

CNP 454 Community Health Nursing Credits: 3
Nursing care of populations and communities to facilitate optimal health outcomes. Prereq> BSN@Home student or consent of instructor
Typically Offered: Fall, Spring, Summer
CNP 490 Special Topics in Nursing Credits: 1 - 4
The special topics course is designed to provide a planned, systematic analysis of topics, issues and problems in the area of nursing. Prereq> Cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

CNP 519 Capstone Practicum for Registered Nurses Credits: 4 - 6
Practicum for RN's based on the application of clinical decision-making in order to provide comprehensive nursing care to persons in inpatient and/or community settings. Prereq> Nursing 406 or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

NURSING

NURSING 100 Introduction to the Nursing Profession Credits: 1
Introduction to the breadth of careers and educational pathways in the nursing profession. Students explore personal interests, capacities, and career goals in relation to nursing career options. Prereq> PRN classification or consent of instructor
Typically Offered: Fall, Spring

NURSING 105 Health Care Systems: Interdisciplinary Approach Credits: 2
Introduction to health care systems. Factors affecting health and the value placed on health, the delivery of health care in different settings, the roles of various health workers, and the sociological and economic aspects of health care. Prereq> Open to all undergrads
L&S Breadth: Social Science L&S Level: Elementary L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

NURSING 212 Human Responses to Health and Illness I Credits: 4
Builds on students' previous work in the biological sciences, social sciences and the humanities. Introduces the physiological, psychosocial and cultural basis of health and the role of the nurse in promoting optimum function and well-being. Prereq> NUR classification, or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall

NURSING 219 Clinical Nursing I Credits: 3 - 4
Beginning practice of nursing in laboratory and selected health care settings. Prereq> Nurs 212 or con reg; Nurs 301 or con reg; Child & Fam 362 or 363 or equiv, or con reg; or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall

NURSING 299 Independent Reading Credits: 1 - 3
Prereq> Sophomore, Junior, or Senior standing & consent of instructor
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

NURSING 301 Health History and Patient Assessment Credits: 3
Basic techniques of writing a health history and conducting a routine assessment of a patient's health status. Prereq> NUR, NRN or PA classif; Anat 328 or equiv or con reg; Physiol 335 or equiv or con reg; or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

NURSING 302 Introduction to Systematic Investigation Credits: 3
Characteristics of qualitative and quantitative data and research process; analysis and evaluation of patient data and published nursing studies. Prereq> NUR or NRN classification & Jr st or cons inst
Typically Offered: Spring

NURSING 310 Mental Health and Mental Illness: Implications for Nursing Credits: 3
Theoretical foundations for nursing care; role of the nurse in community mental health settings, hospital settings, and psychiatric therapies. Prereq> Child & Fam 362 or 363 or equiv, or cons inst
Typically Offered: Fall, Spring

NURSING 312 Human Responses to Health and Illness II Credits: 4
Focus is on human responses to adult illnesses. Those adult illnesses that are highly prevalent or can induce potentially life-threatening human responses will be emphasized. Prereq> Nurs 212, phmcol or con reg, pathophysiol or con reg, Nurs 219 or con reg
L&S Credit: No degree credit in L&S Typically Offered: Spring
NURSING  319 Nursing Care in the Inpatient Setting  Credits:  4
Clinical practice in the inpatient setting based on application of clinical decision making in the nursing care of persons with selected physiological and psychosocial problems resulting from pathophysiological processes and the illness experience.  Prereq>  Nurs 212, Nurs 219 or cons inst, Nurs 312 or con reg
General Education:  COM B  L&S Credit:  No degree credit in L&S  Typically Offered:  Spring

NURSING  322 Community Health Nursing  Credits:  3
Introduction to community health nursing roles focusing on aggregates as targets of public health services. Content includes epidemiology, structure of public health services, levels of prevention, and aggregate assessment.  Prereq>  Child & Fam 362 or 363 or equiv, Nurs 105, Nurs 212, or cons inst
L&S Credit:  No degree credit in L&S  Typically Offered:  Fall, Spring

NURSING  332 Essentials of Family-centered Perinatal and Pediatric Nursing  Credits:  3
Introduces principles of family-centered nursing care of women during the perinatal period and of children from infancy through adolescence. Examines nursing strategies for health promotion, illness prevention, and coping with stressors frequently encountered during childbearing, illness, injury, hospitalization.  Prereq>  Child & Fam 362 or 363 or equiv; and Nursing 212; Nursing 219 may be taken concurrently; or cons inst
L&S Credit:  No degree credit in L&S  Typically Offered:  Spring

NURSING  360 Human Sexuality  Credits:  2
Concepts of human sexuality and their significance to nursing interventions with clients in various states of health.  Prereq>  Jr st; Anat 428 or equiv; Physiol 335 or equiv; Child&Fam 362 & 363 or equiv; or cons inst
Typically Offered:  Occasionally

NURSING  401 Legal and Social Forces in Nursing  Credits:  3
Legal, social, and ethical forces affecting the education of nurses and the practice of nursing.  Prereq>  Nurs 219
L&S Credit:  No degree credit in L&S  Typically Offered:  Spring

NURSING  406 Concepts of Professional Nursing Practice  Credits:  4
Nursing theories, frameworks, and concepts; ethical, social, and legal issues; students analyze their clinical nursing practice in order to reveal nursing knowledge embedded within practice.  Prereq>  NRN classification or cons inst
L&S Credit:  No degree credit in L&S  Typically Offered:  Fall, Spring

NURSING  415 Organizational Influences on Interdisciplinary Practice  Credits:  3
Analysis of major organizational factors affecting the practice of clinicians in health care delivery organizations.  Prereq>  Nurs/S&A Phm/Soc Wk/Ther Sci 105; Nurs 319 for Nursing majors; or cons inst
L&S Credit:  No degree credit in L&S  Typically Offered:  Spring

NURSING  419 Clinical III: Community Health Nursing Practicum  Credits:  4
This practicum, located in community health nursing agencies, will provide students opportunities for practice directed toward preservation and promotion of health and prevention of disease, illness and injury in populations represented by the aged, parents, children and youth.  Prereq>  Nurs 319, 322, 332, 433 or cons inst. Nurs 322 &/or 332, 433 may be taken concurrently
L&S Credit:  No degree credit in L&S  Typically Offered:  Fall, Spring

NURSING  422 Advanced Concepts in Nursing Practice  Credits:  3
Content is presented to develop skill in the application of concepts and to develop clinical knowledge for nursing practice. Pattern recognition is used to analyze practice concepts within an illness-wellness trajectory, across settings and with diverse populations.  Prereq>  Nurs 419 or con reg or cons inst
L&S Credit:  No degree credit in L&S  Typically Offered:  Fall

NURSING  433 Essentials of Gerontological Nursing  Credits:  3
Health and functional ability of the elderly population as they relate to nursing practice are the focus of this course. Common health problems found in this population are studied with an emphasis on prevention and nursing management.  Prereq>  Child&Fam 362 or 363 or equiv; and Nursing 212; Nursing 219 may be taken concurrently; or cons inst
L&S Credit:  No degree credit in L&S  Typically Offered:  Fall

NURSING  449 Nursing Care of Persons and Families with Complex Health Care Needs  Credits:  4
The overall goal is the provision of comprehensive nursing care to a specific patient population. Scientific, theoretical, and experiential knowledge will form the basis for student nursing practice.  Prereq>  Nurs 419
Typically Offered:  Fall, Spring
NURSING 470 School Nursing in the Context of Community Health Practice Credits: 2 - 3
Theoretical foundation for community health nursing (CHN) applied to school nurse settings. Students acquire the theoretical and practical foundations for establishing and maintaining school health nursing services. Content is drawn from nursing and public health sciences and includes topics of health promotion, disease prevention, epidemiology, evidence based practice, ethics, and the role of the CHN. The nursing process is applied with a focus of providing care at the individual through the population level. The ecological model is used to analyze the influence of socioeconomic, environmental, political, and cultural health determinants. ADN nurses who have not had a community health nursi
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

NURSING 472 Practicum in School Nursing Credits: 6
Direct work with the school nurse and school staff in planning and providing health services to school age youth and school personnel. Prereq> Nurs 470, Jr st or NRN classification or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

NURSING 510 Culturally Congruent Practice Credits: 2
Seminar assists students in building self-awareness, increasing knowledge, and advancing clinical skills needed to provide culturally congruent, person-centered care to patients with diverse backgrounds. Prereq> NUR classification or consent of instructor
Typically Offered: Fall, Spring

NURSING 521 Nursing Care for the Person with Cancer Credits: 3
Major emphasis on approaches for dealing with problems of the disease and its treatment commonly faced by the person with cancer. Prereq> Nurs 319, or NRN classification or Grad st or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Occasionally

NURSING 522 Interdisciplinary Perspectives on End-of-Life Credits: 2
This course is an interdisciplinary exploration of end of life with interactions among faculty and students from several health disciplines. Topics include care of the dying, advance care planning, spiritual and psychological issues, communication, and grief and bereavement. Prereq> Sr or Grad st or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Spring

NURSING 523 Clinical Exercise Testing & Training Credits: 3
Physiological basis and methods of human exercise testing and training. Topics: clinical exercise physiology, exercise testing protocols, cardiopulmonary monitoring, basic ECG interpretation, exercise prescription. Prereq> Kines 314 or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

NURSING 564 Nursing and Health Informatics Credits: 3
Identification of computer and information technologies to support nursing in the diagnosis and treatment of human responses to health, illness, and development challenges. Examination of information systems used in clinical practice, information processing challenges and nurses' roles in the evaluation of informatics solutions. Ethical, legal and social issues related to informatics in patient care. Prereq> Jr St or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Summer

NURSING 590 Contemporary Practices in Nursing Credits: 1 - 4
Health problems and their nursing management, e.g., critical care nursing, health promotion and prevention of disease, nursing of developmental disabilities. Prereq> Cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

NURSING 600 Interdisciplinary Rural Primary Health Care Practice Credits: 2
Using a framework of interdisciplinary health care teams and community-based practice models, the course focuses on the provision of primary health care services in rural and underserved populations. Prereq> Sr st in a health professions prgm e.g. nurs, phy asst, pharm, soc wrk, med, nutr, occ ther, phy ther or cons inst
L&S Level: Intermediate/Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

NURSING 601 Advanced Assessment Credits: 3 - 4
Course focuses on development of advanced assessment and physical examination skills. Separate sections focus on different settings (acute care, primary care) and clinical populations (adult, aging, pediatrics, women's health). Prereq> Intro crse in health & physical assessment. Grad st or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall
NURSING 605 Pharmacotherapeutics for Advanced Practice Nurses Credits: 3
Pharmacotherapeutics content and application for advanced practice nursing. Emphasis on selection of appropriate therapeutics, development of clinical decision-making skills, and examination of legal, ethical, and safety issues in prescribing medications. Prereq> An undergrad pharmacology crse
L&S Credit: No degree credit in L&S  Typically Offered: Summer

NURSING 611 Management of Selected Health Problems in the Aged Credits: 3
Problems of the aged in nursing. Each area studied from the interrelatedness of the biopsychosocial factors contributing to the problem, with emphasis upon these factors as they relate to prevention as well as nursing intervention and management. Prereq> Adv or Grad st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

NURSING 655 Psychopharmacology for Advanced Practice Nurses Credits: 1
Addresses essential psychopharmacology competencies for the Advanced Practice Nurse including neurobiological mechanisms, evidence-based practice guidelines, scope and standards of intermediate prescriber authority, and the safe, culturally-sensitive assessment, monitoring, education, and evaluation of patients across the lifespan. Potential impact of current mental health care service systems is explored. Prereq> DNP, psych certificate student or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Spring

NURSING 660 Relaxation Strategies: Tools for Practice Credits: 1
Addresses the physiology of stress and relaxation, various strategies for facilitating relaxation and evidence for the same; provides opportunities to experience selected relaxation strategies. Prereq> Preference given to those with Jr st and above
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

NURSING 680 Honors Seminar Credits: 1
Provides honors students with an opportunity to learn about faculty research interests. Prereq> Admission to the School of Nursing honors prog
L&S Credit: No degree credit in L&S  Typically Offered: Fall

NURSING 681 Senior Honors Thesis Credits: 1 - 2
The senior honors thesis is directed experience with selected aspects of the research process. One credit is required. Prereq> Honors admission; cons inst
Typically Offered: Fall, Spring, Summer

NURSING 682 Senior Honors Thesis Credits: 1 - 2
The senior honors thesis is directed experience with selected aspects of the research process. One credit is required. Prereq> Honors admission, cons inst, Nursing 681
Typically Offered: Fall, Spring, Summer

NURSING 698 Directed Study in Nursing Credits: 1 - 6
Directed study offers the student an opportunity to work with a faculty member on an individual study program. Prereq> Jr st & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

NURSING 699 Directed Study in Nursing Credits: 1 - 4
Prereq> Jr st & cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

NURSING 700 Nursing Research I Credits: 3
Techniques of data analysis, research design, tabulation and statistical computation, scale construction, coding and computer processing of data in nursing research. Prereq> Grad st or cons inst
Typically Offered: Occasionally

NURSING 701 Interpretive Research in Health Care Settings Credits: 3
This course is designed to introduce graduate students to a variety of interpretive research methods and to explore how these methods have been/could be used to examine health care in general and nursing care in particular. Prereq> Master's level or above
Typically Offered: Occasionally
NURSING 702 Health Promotion and Disease Prevention in Diverse Communities Credits: 3
Health promotion and disease prevention interventions are examined for populations, incorporating multidisciplinary approaches. Focuses on developing increased knowledge, appreciation, and skills for health promotion and disease prevention among diverse communities. Addresses epidemiological, individual, socioeconomic, and environmental factors related to health status. Proposes strategies to reduce health disparities among vulnerable populations. Prereq> Graduate standing
Typically Offered: Occasionally

NURSING 703 Health Care and Public Policy in the US Credits: 3
This course addresses major U.S. health policy issues and the institutions, processes and forces that shape them. Policy issues include Medicare, Medicaid, the uninsured, public health, state and federal health care reform, policy implementation, managed care and others. The course addresses health care policy in terms of legislative and executive processes at the state and federal levels; key forces involved in policy making, including economic, social, ethical and political factors; and the central players involved in policy-making, including elected officials, interest groups, the press and legislative staff. Discussion will include the role and responsibility of nurse leaders and the
Typically Offered: Occasionally

NURSING 704 Leadership in Advanced Practice Nursing I Credits: 3
Transition and expansion of leadership role for advanced practice. Emphasis on the development of effective, ethical leadership styles; interpretation of legal and professional requirements and regulations; examination of the ethics, values, beliefs, and norms of decision-making in interdisciplinary, collaborative practice. Prereq> Grad st in nursing
Typically Offered: Occasionally

NURSING 705 Seminar in Interdisciplinary Clinical Research Evidence Credits: 2
Exploration of interdisciplinary clinical research questions including strategies for assessing the evidence and conducting a systematic review of research. An interdisciplinary perspective is emphasized throughout the course. Prereq> Grad stdts with at least one grad rsch crse, or postdoc trainees, or cons inst
Typically Offered: Occasionally

NURSING 706 Nursing Research Credits: 3
Examines a variety of research methods available to address health care problems and issues in general, and nursing in particular. Prereq> Grad st in nursing or cons inst
Typically Offered: Fall

NURSING 707 Leadership for Advanced Practice Nurses Credits: 1
Develops professional leadership skills and practices within nursing health care systems with emphasis on interprofessional collaboration. This course is specifically designed for post masters advanced practice nurses. Prereq> Master Degree (Nursing)
Typically Offered: Fall

NURSING 708 Ethics for Advanced Practice in Health Care Credits: 2
The emphasis of the course is on exploration of ethical knowledge development with a focus on clarification, analysis and justification relevant to advanced nursing practice; examination and development of learners’ moral understanding; and distinguishing between moral and other professional responsibilities. Prereq> Admission to the DNP program or cons inst (e.g., for other graduate students in health sciences)
Typically Offered: Summer

NURSING 713 Family Process, Health and Illness Credits: 3
Analysis of structure and dynamics of traditional and variant family forms utilizing selected conceptual frameworks. Family utilization and health belief systems. Application of substantive and theoretical family research to improvement of family and health illness system transactions. Selected family contacts. Prereq> Grad st and general course in the family
Typically Offered: Occasionally

NURSING 719 Independent Field Study in Clinical Nursing Credits: 1 - 6
Concentrated study and field work in a selected area of clinical nursing. Prereq> Grad st or cons inst
Typically Offered: Occasionally
NURSING 721 Advanced Medical-Surgical Nursing Credits: 3
Contemporary approaches to the field with emphasis on the potential of each for integrating concepts from the basic sciences and medicine and for defining problem areas for study and research in nursing. Typically Offered: Occasionally

NURSING 722 Advanced Practice Nursing Theory: Adults and Older Adults Credits: 3
This course will examine theoretical perspectives and evidence-based approaches to human responses to health and illness during adulthood and old age. Concepts and research from multiple disciplines will be examined as a framework for reflective practice with adults. Prereq> Grad st or cons inst Typically Offered: Fall

NURSING 726 Foundations for APN Clinical Practice I Credits: 3
Designed to advance students' knowledge for clinical decision making. Health promotion, illness prevention and common health conditions are emphasized while continuing to promote health maintenance within the context of existing health problems. Content tailored to APN role and population focus. Prereq> N601, N605, N811, concurrent enrollment in N728, or consent of instructor Typically Offered: Fall

NURSING 727 Foundations for APN Clinical Practice II Credits: 3
Designed to continue to advance students' knowledge for clinical decision-making. Complex and chronic health conditions are emphasized while continuing to promote health maintenance within the context of existing health problems. Content tailored to APN role and population focus. Prereq> N726, N728, concurrent enrollment in N729, or consent of instructor Typically Offered: Spring

NURSING 728 Advanced Practice Clinical Application and Role Development I Credits: 1 - 4
Supervised clinical practicum focuses on the continued development and application of advanced health promotion, assessment and clinical management skills within the context of chronic illness and complex health issues. Practicum tailored to APN role and population focus. Prereq> N728, concurrent enrollment in N727, or consent of instructor Typically Offered: Spring

NURSING 729 Advanced Practice Clinical Application and Role Development II Credits: 1 - 4
Supervised clinical practicum focuses on the continued development and application of advanced health promotion, assessment and clinical management skills within the context of chronic illness and complex health issues. Practicum tailored to APN role and population focus. Prereq> N728, concurrent enrollment in N727, or consent of instructor Typically Offered: Spring

NURSING 731 Clinical Genetics Credits: 3
Clinical manifestation of human genetic disorders, practical principles of genetic counseling; for students preparing for genetic counseling and other health care professions, e.g., nursing, physician's assistant, etc., in which they will encounter patients/families with genetically determined conditions, disorders, related problems, and prevention. Prereq> Genetics 466 or equivalent; Genetics 565 & 561 or 562; or consent of instructor. Some knowledge of basic medical terminology essential Typically Offered: Occasionally

NURSING 733 Dynamics of Childbearing: Birth and the Postbirth Period Credits: 3
Theory, research, and clinical data which direct the nursing management of women during birth and postbirth period. Prereq> Nurs 540 or equiv; Grad st; Nurs 700 or equiv or con reg; con reg in Nurs 613 or 719 or access to a clinical population; or cons inst Typically Offered: Occasionally

NURSING 735 Health Promotion and Disease Prevention for Women Across the Lifespan Credits: 3
Identification of health concerns for women, recognizing differences among age, socioeconomic, and ethnic groups; synthesis of biophysiological, psychosocial, and cultural influences of such health concerns; analysis and proposal of interventions to promote overall health and to prevent problems among women. Prereq> Grad st and a course in research design or cons inst Typically Offered: Occasionally
NURSING 739 Nursing Assessment of Development Credits: 3
Theoretical approaches to the nursing assessment of human development functioning, both normal and
deviations from normal, and the implications for the nursing practice. Prereq> Adv or Grad st and cons inst; an
Undergrad crse in growth & develop
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

NURSING 740 Issues in Nursing Care of Children with Chronic Illness in the Schools Credits: 1
Seminar provides an opportunity for students, faculty, and professionals in the community to discuss emerging
issues in the field of school nursing care of children with chronic health conditions. Seminar introduces students to
professional development issues commonly experienced by professionals working with children with chronic
illnesses and how these issues impact the nurse practicing in the school setting. Prereq> Graduate standing,
certificate student or consent of instructor
Typically Offered: Summer

NURSING 741 Advanced Practice Nursing Theory: Family Process & Child Development Credits: 3
Analyzes selected family and child development theories and research that inform advanced practice nursing.
Applies these concepts to assess child and family needs, enhance the parent-child relationship, and develop
family-centered, culturally responsive interventions in health and illness. Prereq> Grad st or cons inst
Typically Offered: Fall

NURSING 743 Advanced Practice Nursing Theory: Psychiatric Mental Health Credits: 3
Analysis and integration of selected theories and models in psychotherapy, neuroscience, mental health,
psychiatric disorders, and advanced psychiatric mental health nursing in complex care settings with diverse
patients, communities, and populations. Prereq> Grad st or cons inst
Typically Offered: Occasionally

NURSING 744 Nursing of the Child in Deviations from Health Credits: 3
Study of advanced nursing of the sick child and adolescent in the home, hospital, and community setting.
Emphasis on stressors and conditions that modify physiologic and psychosocial functioning and life experiences,
focusing on theories, research, and methods. Prereq> Grad st, Nurs 700 or equiv, adv growth & develop crse,
con reg in Nurs 719 &/or 613, or access to a clinical population, or cons inst
Typically Offered: Occasionally

NURSING 745 Preventive Health Care for Children and Adolescents Credits: 3
Nursing management of child and adolescent preventive health care. Theories, research and methods basic to
preventive and health promoting dimensions of primary health care. Prereq> Grad st, Nurs 700 or equiv, adv dev
tory crse, or cons inst
Typically Offered: Occasionally

NURSING 746 Interdisciplinary Care of Children with Special Health Care Needs Credits: 3
Interdisciplinary team care of children with special health care needs across the trajectory of illness presented
within the context of family, culture, social determinants of health, community, and healthcare policy. Students
introduced to interdisciplinary, collaborative, family-centered team care. Prereq> Grad st and/or cons inst
Typically Offered: Occasionally

NURSING 747 Practicum in a Selected Functional Area Credits: 0 - 8
Guided practicum in teaching consultation, or clinical specialist roles; students assigned to a teaching department,
a nursing unit, or a cooperating community health agency according to interest. Prereq> Grad st & cons inst
Typically Offered: Occasionally

NURSING 751 Advanced Practice Nursing Theory: Psychiatric Mental Health Credits: 3
Analysis and integration of selected theories and models in psychotherapy, neuroscience, mental health,
psychiatric disorders, and advanced psychiatric mental health nursing in complex care settings with diverse
patients, communities, and populations. Prereq> Grad st or cons inst
Typically Offered: Occasionally

NURSING 753 Advanced Practice Nursing with Common Mental Disorders Credits: 3
Students will critically examine a wide range of clinical research literature. Seminar discussions will focus on
advanced nursing practice and recovery and rehabilitation strategies with common anxiety, depression,
substance, and eating disorders. Prereq> Grad st or cons inst
Typically Offered: Occasionally

NURSING 754 Advanced Practice Nursing: Severe Mental Disorders Credits: 3
This course focuses on advanced psychiatric-mental health nursing. Students will critically examine severe
mental disorders within the context of recovery and rehabilitation. Prereq> Grad st or cons inst
Typically Offered: Occasionally
NURSING 755 Advanced Practice Nursing: Mental Health Promotion Credits: 3
This course addresses theory, research and practice in mental health promotion and mental illness prevention. Content includes a critical analysis of major issues in conceptualizing mental health, studying stress and coping, and developing knowledge related to nursing interventions. Prereq> Grad st or cons inst
Typically Offered: Occasionally

NURSING 761 Health Program Planning, Evaluation, and Quality Improvement Credits: 3
Provides content in theory, concepts, and methods of program planning and evaluation in the context of health care and community health organizations. Provides basic concept related to designing and implementing health services quality improvement projects. Prereq> Grad st or cons inst
Typically Offered: Occasionally

NURSING 764 Nursing and Health Informatics Credits: 3
Application of computer and information technologies to support nursing in the diagnosis and treatment of human responses to health, illness, and developmental challenges. Identification of information processing challenges and evaluation of informatics solutions. Ethical, legal and social issues related to informatics in patient care. Prereq> Grad st or cons inst
Typically Offered: Summer

NURSING 768 Consumer Health Advocacy and Patient-Centered Care Clinical Credits: 1 - 7
Interdisciplinary health advocacy clinical supervised by diverse professional staff. Provide broad advocacy to patients with life-threatening and serious chronic illnesses. Advocacy topics include: medical decision-making, insurance, medical debt, disability issues. Weekly discussions of patient cases and related guest lectures. Prereq> Graduate or Professional standing or acceptance in Capstone Certificate in Consumer Health Advocacy
Typically Offered: Fall, Spring, Summer

NURSING 769 Consumer Issues in Health Care Credits: 1 - 3
Explores consumer issues in health care delivery in interdisciplinary discussion-based format. Covers current delivery system, expenditures/finance, managed care/insurance, barriers to access, reform, and other select topics. Ideal for future healthcare providers and others interested in patients’ experiences. Prereq> Grad st
Typically Offered: Fall, Spring, Summer

NURSING 772 Leadership and Organizational Decision-Making in Health Care Credits: 3
Provides advanced practice nurses with competencies (attitudes, knowledge and skills) to improve patient, organizational, and health systems performance outcomes. Effective organizational and systems leadership will help to eliminate health disparities, promote patient safety and excellence in practice. Prereq> Grad st in nursing or cons inst
Typically Offered: Fall

NURSING 785 Foundations of Curriculum Development and Evaluation in Nursing Education Credits: 3
Examination and application of knowledge and skills related to curriculum planning, implementation, and evaluation for nursing education. Emphasis on history and philosophy of nursing curricula, models of curriculum and evaluation, and strategies for change and innovation. Prereq> Grad st in nursing, grad research crse or cons inst
Typically Offered: Occasionally

NURSING 786 Foundations of Teaching and Learning in Nursing Credits: 3
The focus of this course is the planning, implementing, and evaluation of teaching and learning strategies for nursing education within diverse settings and student populations. Prereq> Nursing 785
Typically Offered: Spring

NURSING 787 Nursing Education Practicum Credits: 1 - 3
Application of knowledge and skills in the nurse educator role in selected educational environments (classroom, clinical, laboratory and/or communities). Seminar component included for discussion of instructional experiences and issues. Prereq> Nursing 785 and 786 or cons inst
Typically Offered: Fall, Spring

NURSING 788 Special Topics in Education in Nursing Credits: 1 - 3
Examination of current topics and issues in nursing education. Prereq> Grad St in Nursing or cons inst
Typically Offered: Occasionally
NURSING 798 Master's Research Practicum Credits: 3
The goal of the research practicum is to promote the student's learning of the research process in nursing through direct experience. Students work closely with faculty to determine the nature, scope and design of the research experience. Prereq> Nursing 700 or 701
Typically Offered: Occasionally

NURSING 799 Independent Study Credits: 1 - 6
Prereq> Grad st & cons inst
Typically Offered: Occasionally

NURSING 802 Ethics and the Responsible Conduct of Research Credits: 1
Ethical issues in the design, conduct and reporting of research are examined in the context of the nature of the scientific endeavor, the structure of the research community, and professional and federal guidelines for supporting scientific integrity and controlling misconduct. Prereq> Grad st
Typically Offered: Occasionally

NURSING 803 Advanced Quantitative Design and Methods Credits: 3
One of two research courses in the PhD program in nursing, this course focuses on the conduct of research primarily from empirical, analytical traditions. In the course, students will: * Address the integration of research paradigms, questions, designs, and methods for such research * Compare details, characteristics, strengths and limitations of alternative research designs and methods * Discuss issues and standards for preparing research proposals for different purposes (e.g., institutional review boards for human subjects, NIH) to advance the nursing discipline Prereq> PhD student in nursing and course in graduate statistics or consent of instructor
Typically Offered: Occasionally

NURSING 804 Advanced Qualitative Design and Methods Credits: 3
One of two research courses in the graduate PhD program in nursing, this course focuses on how to conduct qualitative research. Content addressed the philosophical underpinnings of various interpretive qualitative methodologies to assist students in matching the best method to particular research questions. The class format also offers students opportunities to engage in research procedures associated with various qualitative traditions. Prereq> Nursing 803 or consent of instructor
Typically Offered: Occasionally

NURSING 805 Measurement in Health Research Credits: 3
Major issues in developing, testing, and using research instruments, including links between concepts, variables, and measures; theories of measurement and scaling, including reliability and validity testing; and using measures in research. Prereq> An intro crse in stats, Grad st or cons inst
Typically Offered: Occasionally

NURSING 806 Evaluation and Application of Evidence-Based Practice Credits: 3
This course evaluates collective evidence and applies it, as appropriate, as a basis for improving nursing practice, health care, and healthcare outcomes. Prereq> Grad st in nursing or cons inst
Typically Offered: Spring

NURSING 811 Advanced Pathophysiology Credits: 3
In-depth study of selected physiological and pathophysiological concepts with application to advanced clinical practice across the lifespan. Prereq> Grad st
Typically Offered: Occasionally

NURSING 815 Knowledge Development in Nursing Credits: 3
Examination of the history of the discipline of nursing, with emphasis on the evolution of debates regarding what is known and how it is known. Prereq> Grad st or cons inst
Typically Offered: Occasionally

NURSING 816 Proseminar in Nursing Research Credits: 1
This seminar focuses on professional development and socialization to the role of nurse scientist. Topics emphasize development of career paths leading to productive research, scholarly publication / presentation, master teaching, and academic leadership. Discussion includes current topics in nursing research, especially as illustrated by the planned and ongoing research of graduate students and faculty in nursing. Two semesters are required; one in the first year of doctoral study and one as the student is nearing completion of course work. Prereq> Grad standing or consent of instructor
Typically Offered: Occasionally
NURSING 817 Research in Communities, Populations, and Systems Credits: 3
Examination of concepts and methods of research directed toward health improvement of communities, populations, and systems. The course will provide a foundation for future development of community, populations, and systems research including methods and design, economic analysis, and considering social determinants of health. Prereq> Nursing 815 or consent of instructor
Typically Offered: Occasionally

NURSING 818 Patient-centered Research Credits: 3
Course addresses conceptual and methodological perspectives in patient-centered research, from development through testing and implementation of interventions. Attention is given to various conceptualizations of patient-centeredness, to behavioral and physiological origins, and to the trajectory of testing such interventions. Prereq> Nursing 815 & a grad level research methods crse or cons inst
Typically Offered: Occasionally

NURSING 819 Clinical Field Practicum - Research in Health Care Settings Credits: 3
This course provides a field experience in preparation for conducting clinical research in the health care setting that corresponds to the student's chosen health problem, phenomenon, or population of interest. Students will engage as participants and observers in the care setting to deepen their knowledge of the selected health problem and to examine the application of theory and research in the care setting. Students will negotiate a field experience with a selected agency or institution and participate in biweekly seminars. Prereq> Graduate student standing. Completion of at least one graduate level theory course in the population or phenomenon of interest.
Completion of at least one gr
Typically Offered: Fall

NURSING 826 Foundations for APN Clinical Practice III Credits: 3
Designed to continue to advance students¿ knowledge for clinical decision-making. Coordination of complex care across systems and settings will be emphasized. Content tailored to APN role and population focus. Prereq> N727, N729, concurrent enrollment in N828, or consent of instructor
Typically Offered: Fall

NURSING 828 Clinical Leadership III Credits: 1 - 4
The focus of the Doctorate of Nursing Practice supervised clinical practice course is to enhance clinical leadership skills within the role of an Advanced Practice Nurse. Students collaborate with a faculty course professor and clinical preceptor to meet individualized learning objectives. Prereq> Clinical II or equivalent
Typically Offered: Fall

NURSING 829 Clinical Leadership IV Credits: 1 - 4
The focus of this Doctor of Nursing Practice supervised clinical practice course is to continue to enhance clinical leadership skills within the role of an Advanced Practice Nurse. Students collaborate with a faculty course professor and clinical preceptor to meet individualized learning objectives. Prereq> Nursing 828
Typically Offered: Spring

NURSING 872 Strategic Health Management Credits: 2 - 3
Critical examination of ongoing structural changes in the health industry and strategic decisions and managerial skills needed to confront them in diverse organizations. Primary focus on the competitive long- and short-term business unit strategies. Uses case studies and industry field research. Prereq> Grad st in Population Health (Admin Med) & cons inst
Typically Offered: Not Applicable

NURSING 880 Prevention Science Credits: 3
This course provides a theoretical, empirical and practical foundation for prevention science as it relates to the prevention of human social problems. Research and evaluation methods, program design strategies, best practices and policy as they relate to the field of prevention are also examined. Prereq> 2nd yr Grad st or cons inst
Typically Offered: Occasionally

NURSING 881 Capstone Seminar in Prevention Science Credits: 1
This course provides an opportunity for students to meet with prevention professionals and scholars from across campus and the community to explore current and emerging issues of prevention research and professional practice. Prereq> HDFS/Ed Psych/Nurs/Soc Work 880 & cons inst
Typically Offered: Occasionally
NURSING 906 Scholarly Project Credits: 1 - 4
Independent scholarly project involves a systematic, evidence-based approach to enhance health-related outcomes. Project completed over two to three semesters. Prereq: Grad statistics crse, Nursing 706 and Nursing 806
Typically Offered: Fall, Spring, Summer

NURSING 990 Thesis Research Credits: 1 - 9
Prereq: Grad st & thesis comm approval
Typically Offered: Occasionally

NURSING 991 Seminar in Nursing Research Credits: 3
Prereq: Grad st and cons inst
Typically Offered: Occasionally

NURSING 999 Advanced Independent Study Credits: 1 - 9
Prereq: Grad st and cons inst
Typically Offered: Occasionally
SCHOOL OF PHARMACY

PHARMACEUTICAL SCIENCES

PHM SCI 310 Drugs and Their Actions Credits: 2
Introduces students to the biological effects of drugs on human health. Emphasis on how drugs, especially those used in diseases of major human health significance, act in the body. Drugs that are abused also will be covered. This course is not intended for medical, nursing, pharmacy, and physician assistant students. Prereq> HS or coll chem & biol, or cons inst. Not open for cr to Nursing, Phys Asst, & School of Pharm stdts
L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

PHM SCI 401 Survey of Pharmacology Credits: 3
Pharmacological and toxicological actions and therapeutic use of important drugs. Prereq> Physiol 335; Biochem 201 or 501 or BmolChem 314. Not open for credit to School of Pharm stdts
L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Fall

PHM SCI 420 Introduction to Drug Action and Drug Delivery I Credits: 4
Applications of physical principles and modern methods of analysis to pharmaceutical systems. Prereq> DPM-1 or TOX-3 st; Chem 103-104 & 343, 344, 345, Math 221, & Physics 103-104
L&S Credit: No degree credit in L&S Typically Offered: Fall

PHM SCI 421 Introduction to Drug Action and Drug Delivery II Credits: 4
A conceptual introduction to the way that drugs act and are processed in vivo, including receptor theory, ligand-macromolecule binding, biopharmaceutics, drug metabolism, pharmacokinetics, and pharmacodynamics. Prereq> DPM-1 or TOX-3 st; Phm Sci 420, Physiol 335
L&S Credit: No degree credit in L&S Typically Offered: Spring

PHM SCI 430 Biological Interactions with Materials Credits: 3
This course addresses the range of materials currently being utilized for various biomedical applications, the biological systems governing biomaterial applications, analytical techniques pertinent to biomaterial evaluation, and selected major medical applications in which biomaterials play an important role. Prereq> 1 yr of general biol or two semesters of zool, & 1 semester of organic chem, or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Spring

PHM SCI 432 Pharmaceutical Biochemistry Credits: 4
Chemistry of metabolic processes and products of living matter with emphasis on pharmaceutical and medicinal aspects as well as recombinant DNA technology. Laboratory experience with the chemistry of metabolic processes, products of living matter and recombinant DNA. Prereq> DPH-1 or TOX-3 st
L&S Credit: No degree credit in L&S Typically Offered: Fall

PHM SCI 462 Pharmacodynamics Credits: 1
An extension of pharmacodynamic information taught in Pharmacology I and II. Prereq> Con reg in or completion of Phmcol 460
L&S Credit: No degree credit in L&S Typically Offered: Occasionally

PHM SCI 490 Selected Topics in Pharmaceutical Sciences Credits: 1 - 4
Prereq> Graded on a lettered basis; requires cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

PHM SCI 491 Selected Topics in Pharmaceutical Sciences Credits: 1 - 4
Prereq> Cons inst
Typically Offered: Fall, Spring
PHM SCI 492 Selected Topics in Pharmaceutical Sciences Credits: 1 - 4
Prereq> Cons inst
Typically Offered: Fall, Spring

PHM SCI 493 Selected Topics in Pharmaceutical Sciences Credits: 1 - 4
Prereq> Cons inst
Typically Offered: Fall, Spring

PHM SCI 494 Selected Topics in Pharmaceutical Sciences Credits: 1 - 4
Prereq> Cons inst
Typically Offered: Fall, Spring

PHM SCI 521 Pharmacology I Credits: 3
Pharmacological actions of important drugs, including drugs that affect the peripheral nervous system, the central nervous system, and the gastrointestinal tract. Prereq> DPM-2 or TOX-4 st; Bact 303, Physiol 335, Phm Sci 432, Path 404
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM SCI 522 Pharmacology II Credits: 3 - 4
Pharmacological actions of important drugs, including hematopoietic, thrombolytic, antimyelomatic, immunopharmacologic, anticancer, anti-inflammatory, diuretic, antihypertensive, antianginal, and anti-arrhythmic agents, and agents used to treat congestive heart failure. Prereq> Phm Sci 521
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHM SCI 531 Medicinal Chemistry I Credits: 2
Chemistry of medicinal products, including cholinergic, adrenergic, dopaminergic and serotonergic agents, antidepressants, sedative/hypnotics, antianxiety drugs, opioid drugs acting at histamine receptors, and inhibitors of mediator release. Prereq> Phm Sci 432
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM SCI 532 Medicinal Chemistry II Credits: 2
Chemistry of medicinal products, including antihyperlipidemics, glucocorticoids, estrogens, progestins, nonsteroidal anti-inflammatories, antitumor agents, and enzyme inhibitors. Prereq> Phm Sci 531
Typically Offered: Spring

PHM SCI 540 Drug Delivery Systems Credits: 4
The application of physical, chemical and biological principles to the study of drug delivery using a variety of solid, solution and disperse systems as dosage forms. Rationale for therapeutic use, formulation and manufacture, and evaluation of stability and bioavailability. Prereq> Phm Sci 420, 421; con reg in Phm Sci 541
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM SCI 541 Drug Delivery Systems Laboratory I Credits: 3
Introductory laboratory course in compounding and dispensing of pharmaceutical dosage forms, including sterile products. Includes practice in interpretation of prescription orders, pharmaceutical calculations, compounding procedures, physical manipulation of drugs and dosage form components, and product packaging and labeling. Prereq> Phm Sci 420, 421; con reg in Phm Sci 540
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM SCI 542 Drug Delivery Systems Laboratory II Credits: 3
Advanced extemporaneous prescription compounding and preparation of sterile products, with emphasis on physico-chemical stability and compatibility of drugs and dosage forms. Also addresses principles of appraisal, comparison, and selection of appropriate commercial brand name and generic products. Prereq> Phm Sci 540, 541, Stat 541; concurrent registration in Phm Prac 570, S&A Phm 511
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHM SCI 558 Laboratory Techniques in Pharmacology and Toxicology Credits: 2
Basic laboratory techniques employed in pharmacological and toxicological research. Prereq> Jr st in the B.S. Pharmacology & Toxicology program
Typically Offered: Fall
PHM SCI 601 Proseminar in Pharmacology Credits: 2
Student presentations and group discussions of topics in advanced pharmacology. Prereq> Completion of or con reg in Phm Sci 471, & cons inst
L&S Credit: No degree credit in L&S Typically Offered: Occasionally

PHM SCI 623 Pharmacology III Credits: 3
Pharmacological actions and underlying basic and clinical science of antimicrobial and antiviral drugs. Pharmacology of hormones and other drugs affecting the endocrine system. Prereq> PHM SCI 522
L&S Credit: No degree credit in L&S Typically Offered: Fall

PHM SCI 624 Pharmacology IV Credits: 2
This course focuses on central nervous system pharmacology, including topics such as drugs of abuse, anesthetics, opioids, drugs used for selected mental disorders, and drugs used for selected neurological disorders. Prereq> For DPM stdts, Phm Sci 623; for TOX stdts, con reg in Phm Sci 522
Typically Offered: Occasionally

PHM SCI 625 Toxicology I Credits: 3
Basic principles of toxicology and biochemical mechanisms of toxicity in mammalian species and man. Correlation between morphological and functional changes caused by toxicants in different organs of the body. Prereq> Biochem 501 & Physiol 335 or cons inst, Path 401 & Phmcol 401 or equiv recommended
L&S Breadth: Biological Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall

PHM SCI 626 Toxicology II Credits: 3
A course surveying the basic methods and fundamental biochemical mechanisms of toxicity. Toxicity in mammalian organ systems, techniques for evaluating toxicity, as well as mechanisms of species specificity, and environmental interactions (with toxicant examples) are presented. Prereq> Env Tox 625 or cons inst
L&S Breadth: Biological Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

PHM SCI 677 Natural Product Chemistry and Engineered Biosynthesis Credits: 3 - 4
For undergraduate seniors and graduate students interested in the biosynthesis of natural products and genetic engineering of second metabolism for drug discovery and development. Covers these natural products classes: fatty acids, polyketides, carbohydrates, terpenoids, metabolites of shikimate origin, peptides and B-lactams, and alkaloids. Prereq> Biochem 507-508, or Chem 547 or 641, or cons inst
L&S Breadth: Physical Science L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Spring

PHM SCI 679 Pharmacology and Toxicology Seminar Credits: 1
Senior student presentations of independent research or of published papers on a specific topic approved by the course coordinator. Faculty-led seminars on selected topics regarding responsible conduct of research. The course also provides a venue for career talks by Pharmacology-Toxicology alumni and guests working in a variety of professional settings - research, industry/pharmaceutical; biotech; contract research; consumer products; etc., a variety of healthcare professions, and law. Prereq> Junior or Senior standing in the B.S. Pharmacology & Toxicology program
Typically Offered: Spring

PHM SCI 691 Senior Thesis Credits: 2
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

PHM SCI 692 Senior Thesis Credits: 2
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

PHM SCI 699 Advanced Independent Study Credits: 0 - 3
Prereq> Cons inst
L&S Level: Advanced L&S Credit: Counts for LAS credit Typically Offered: Fall, Spring

PHM SCI 732 Selected Topics in Medicinal Chemistry Credits: 2
Types of synthetic compounds of medicinal value presently under development. Prereq> Grad st
Typically Offered: Occasionally

PHM SCI 760 Graduate Student Seminar in Drug Delivery Credits: 1
Graduate seminar course for students in Drug Delivery Core of the Division of Pharmaceutical Sciences; students present original laboratory research or review literature in the setting of their fellow graduate student colleagues and the drug delivery faculty. Prereq> Grad st in the Division of Pharmaceutical Sciences (Drug Delivery Core)
Typically Offered: Occasionally
PHM SCI 766 Molecular Recognition Credits: 2 - 3
Origin, nature, classification, and description of intermolecular forces. The hydrophobic effect. Molecular complexes, binding constants, and their measurements. General principles of self-assembly, molecular recognition, complex formation, host design. Supramolecular systems and their dynamics. Micelles, bilayers, vesicles, biological membranes. Prereq> Chem 561 or equiv physical chem or cons inst
Typically Offered: Occasionally

PHM SCI 768 Pharmacokinetics Credits: 3
Quantitative aspects of drug absorption, distribution, metabolism, and excretion. Philosophy and applications of pharmacokinetic modeling and its use in clinical practice. Prereq> Cons inst
Typically Offered: Occasionally

PHM SCI 770 Special Topics in Pharmaceutical Sciences Credits: 1 - 3
Current status of the theoretical aspects of pharmaceutical biochemistry and their practical application. Prereq> Cons inst
Typically Offered: Occasionally

PHM SCI 773 Molecular Solids Credits: 2
Describes the structures, properties, formation, and transformation of molecular solids, with emphasis on pharmaceutical solids. In each area, relevant theory, experiments, and case studies are presented. Prereq> Two semesters of general undergraduate chemistry or consent of instructor
Typically Offered: Occasionally

PHM SCI 774 Interfacial and Colloidal Phenomena Credits: 3
Introduction to selected topics in interfacial and colloidal science. Topics include: surface thermodynamics; monolayers; adsorption; wetting; micellization; particle interactions; steric and electrical stabilization; sedimentation. Prereq> Chem 561
Typically Offered: Occasionally

PHM SCI 775 Polymeric Drug Delivery Credits: 2
Introduction to polymers used in drug delivery, specifically polymers used in the spatial and temporal control of drugs. Discussion of basic reactions for the synthesis of polymers, biodegradable polymers, water-soluble polymer-drug conjugates, polymer assembly and nanoscale devices, and stimuli-sensitive polymers. Prereq> An intro crse in polymers or organic chem or cons inst
Typically Offered: Occasionally

PHM SCI 780 Principles of Pharmaceutical Sciences Credits: 3
Introductory-level graduate course providing overview of the drug development process, involving drug discovery, drug action, and drug delivery. Exposes students to cutting-edge research and the chemistry, biology, physical chemistry, and engineering that underpin pharmaceutical sciences research. Prereq> Cons inst
Typically Offered: Occasionally

PHM SCI 786 Natural Product Synthesis, Biosynthesis and Drug Discovery Credits: 3
Synthesis and biosynthesis of natural products in drug discovery. Topics include: natural products in drug discovery; biosynthetic pathways and synthetic strategies for major natural product classes; and basic bioorganic chemistry and enzyme mechanisms in biosynthesis. Prereq> Chem 345 or equiv; Biochem 508 or equiv
Typically Offered: Occasionally

PHM SCI 801 Seminar on Development of Medical Devices and Drugs Credits: 1
This course will give an overview of three major sectors of medical product and technology development including pharmaceuticals, medical devices and combination products. Regulatory framework, disclosure and patenting, technical design and development strategy, academia-specific development challenges will be among the major lecture topics. Prereq> Graduate student or consent of instructor
Typically Offered: Fall

PHM SCI 890 Highlights at the Chemistry-Biology Interface I Credits: 1
Principles of key discoveries at the chemistry-biology interface. This course is required of all Chemistry-Biology Interface trainees. Prereq> Graduate standing; consent of program director
Typically Offered: Occasionally
PHM SCI 891 Highlights at the Chemistry-Biology Interface II Credits: 1
Principles of key discoveries at the chemistry-biology interface. This course is required of all Chemistry-Biology Interface trainees. Prereq> Grad standing; consent of program director
Typically Offered: Occasionally

PHM SCI 931 Pharmaceutical Sciences Seminar Credits: 1
Prereq> Grad st
Typically Offered: Occasionally

PHM SCI 932 Pharmaceutical Sciences Seminar Credits: 1
Continuation of 931. Prereq> Grad st
Typically Offered: Occasionally

PHM SCI 990 Research Credits: 1 - 12
Prereq> Grad st
Typically Offered: Occasionally

PHM SCI 999 Advanced Independent Study Credits: 1 - 12
Prereq> Grad st & cons inst
Typically Offered: Fall, Spring

PHARMACY

PHARMACY 608 Safety and Quality in the Medication Use System Credits: 3
Addresses the problems of medication errors and quality in health care, problem resolutions, methods of assessment, and intervention implementation and quality management. Prereq> DPH-3 st or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHARMACY 631 Pharmacist Services Management Credits: 2
Provides a foundation for students/practitioners to develop, implement, and manage pharmacist services in a variety of practice environments. Students will work to develop, implement, or improve new pharmacy service products in practice environments using a marketing approach. Prereq> DPH-3 st
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHARMACY 635 Drug Interactions Credits: 1 - 2
This course will develop the student's ability to use physiological, pharmacological, physical-chemical, pharmacokinetic, and pharmacodynamic concepts to analyze and assess drug-drug interactions. Prereq> PH-3 or DPM-1 st, or consent of instructor
Typically Offered: Fall

PHARMACY 640 Substance Abuse and Chemical Dependence Credits: 2
This course addresses the pharmacology and toxicology of abused and dependence-producing substances, as well as treatment approaches for alcoholism, nicotine dependence, opioid dependence, and cocaine dependence. Prereq> Phm Sci 401 or 471, 472, 473, 474 or equiv, or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHARMACY 645 Pharmaceutical Biotechnology and Pharmacogenomics Credits: 2 - 3
Facilitates the understanding and application of the principles of pharmaceutical biotechnology and pharmacogenomics. The third, optional, elective credit, open only to Pharm.D. students, will consist of clinical case studies in biotechnology and pharmacogenomics, to apply theory to clinical pharmacy practice. Prereq> Phm Sci 432 & DPH-3 st, or consent of instructor; 2 cr required, with 3rd cr open only to Pharm.D. stdts as a prof elective
Typically Offered: Fall

PHARMACY 800 Research Ethics: Scientific Integrity and the Responsible Conduct of Research Credits: 2
Familiarizes graduate students with basic ethical issues associated with biomedical science research, taught via a case study approach. Content structured to meet NIH and NSF requirements for Responsible Conduct of Research (RCR) training. Prereq> Grad stdt in the Pharmaceutical Sciences PhD, Social and Administrative Sciences in Pharmacy (SAS) PhD, or in the MS-Pharmacy program. Grad stdts in an ICTR graduate program or Pharmacology-Toxicology undergrads may enroll via consent of instructor
Typically Offered: Fall
PHARMACY PRACTICE

PHM PRAC 305 Consumer Self-Care and Over-the-Counter Drugs Credits: 2
Provides learners with information regarding self-care of common, minor health conditions. Emphasis on: illness prevention, health condition symptoms, guidelines for over-the-counter product use, adverse effects and alcohol/drug interactions of over-the-counter products, when to request professional care. Prereq> High school or college chemistry & biology, or consent of instructor. Not open for credit to Nursing, Phys Asst, & Doctor of Pharmacy students
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM PRAC 425 Pharmacy Practice Experience I Credits: 1
This required PharmD experiential course complements didactic coursework in communication, practice-based skills, and the pharmacist's role in the health care system. Students will participate in various community-based experiences, including group collaboration with a senior partner, observing pharmacists' roles in practice settings, and providing screenings and education outreach. Prereq> DPM-1 st; con reg in S&A Phm 411
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM PRAC 426 Pharmacy Practice Experience II Credits: 1
This required PharmD experiential course complements didactic coursework in communication, practice-based skills, and the pharmacist's role in the health care system. Students will participate in various community-based experiences, including group collaboration with a senior partner, observing pharmacists' roles in practice settings, and providing screenings and education outreach. Prereq> DPM-1 st, Phm Prac 425, S&A Phm 411; con reg in S&A Phm 414
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHM PRAC 440 Therapeutics-Physician Assistants and Adv Practice Nurses, Part I Credits: 1
The course will emphasize therapeutic and drug product selection, including issues of efficacy, potential toxicities, compliance, monitoring parameters, drug interactions, and cost. The focus of the course will be on chronic disease management, treatment of acute minor illnesses, and symptomatic therapies. Prereq> Jr st in Phy Asst prog; Grad st in School of Nursing, or cons inst. No cr for School of Pharmacy stdts
L&S Credit: No degree credit in L’S  Typically Offered: Fall

PHM PRAC 441 Therapeutics-Physician Assistants and Adv Practice Nurses, Part II Credits: 1
Continuation of Pharmacy Practice 440. Prereq> Phm Prac 440; Jr st in Phy Asst prog, Grad st in School of Nursing, or cons inst; no cr for School of Pharmacy stdts
Typically Offered: Spring

PHM PRAC 470 Computer Applications in Pharmacy Practice Credits: 2
Develops skills applicable to community and hospital pharmacy practice settings. Emphasis on database and computer applications unique to pharmacy practice. No prior computer experience or knowledge is necessary.
Prereq> Enrollment in School of Pharmacy
L&S Credit: No degree credit in L’S  Typically Offered: Fall

PHM PRAC 490 Selected Topics in Pharmacy Practice Credits: 1 - 4
Prereq> PH-2 st & cons inst
L&S Credit: No degree credit in L’S  Typically Offered: Fall, Spring

PHM PRAC 495 Selected Topics in Pharmacy Practice Credits: 1 - 4
Prereq> Graded on a Cr/N basis; requires PH-1 st & cons inst
L&S Credit: No degree credit in L’S  Typically Offered: Fall, Spring

PHM PRAC 525 Introduction to Pharmacy Practice Experience III Credits: 1
The third of six in a three-year sequence which will introduce and expose second-year Doctor of Pharmacy students to the various roles of pharmacists and the many patient-care opportunities that exist in and out of traditional pharmacy practice settings. Prereq> DPH-2 st, Phm Prac 426
L&S Credit: No degree credit in L’S  Typically Offered: Fall

PHM PRAC 526 Introduction to Pharmacy Practice Experience IV Credits: 1
The fourth of six in a three-year sequence which will introduce and expose second-year Doctor of Pharmacy students to the various roles of pharmacists and the many patient-care opportunities that exist in and out of traditional pharmacy practice settings. Prereq> DPH-2 st, Phm Prac 525
L&S Credit: No degree credit in L’S  Typically Offered: Spring
PHM PRAC 550 Fluid and Electrolyte Therapy Credits: 2
Clinical management of disorders of fluid, electrolytes, and acid-base in patients with normal and abnormal homeostatic mechanisms. Also included is parenteral nutritional support. Prereq> PH-3 or DPM-1 st, or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM PRAC 553 Integrated Pharmacotherapy Skills I Credits: 1
Learn pharmacotherapeutic skills necessary to develop competence as a pharmacist to assume the responsibility to improve therapeutic patient outcomes related to medication use. Skills will include patient communication, identification and resolution of drug related problems, and documentation. Prereq> DPH-2 or higher standing or consent of instructor
Typically Offered: Fall

PHM PRAC 554 Integrated Pharmacotherapy Skills II Credits: 1
Learn pharmacotherapeutic skills necessary to develop competence as a pharmacist to assume the responsibility to improve therapeutic patient outcomes related to medication use. Skills will include patient and provider communication, identification and resolution of drug related problems, and documentation. Prereq> 2nd year Doctor of Pharmacy student (DPH-2) or higher
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHM PRAC 555 Pharmacotherapy I Credits: 3
Clinical application of medications in the management of various disease states. Assessment and therapeutic monitoring of drug therapy with emphasis on the concepts of pharmacokinetics/dynamics, drug interactions, pharmacy practice, and patient counseling. Topics include medical nomenclature, basic clinical laboratory values, clinical pharmacokinetics, and neuropsychiatric therapeutics. Prereq> DPH-2 st or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM PRAC 556 Pharmacotherapy II Credits: 3
Clinical application of medications in the management of various disease states. Assessment and therapeutic monitoring of disease states and drug therapy using the concepts of pharmacokinetics/dynamics, drug interactions, pharmacy practice and patient counseling. Topics include cardiovascular and pulmonary therapeutics. Prereq>
Phm Sci 521, Phm Prac 555, & DPH-2 st, or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHM PRAC 570 Drug Literature Evaluation Credits: 3
Fundamentals of drug literature and statistical evaluation to enable students to make decisions regarding the clinical use of drugs in their practice. Prereq> DPH-2 standing or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHM PRAC 600 Interdisciplinary Rural Primary Health Care Practice Credits: 2
Using a framework of interdisciplinary health care teams and community-based practice models, the course focuses on the provision of primary health care services in rural and underserved populations. Prereq> Sr st in a health professions prgm e.g. nurs, phy asst, pharm, soc wrk, med, nutr, occ ther, phy ther or cons inst
L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PHM PRAC 605 Pharmacotherapeutics for Advanced Practice Nurses Credits: 3
Pharmacotherapeutics content and application for advanced practice nursing. Emphasis on selection of appropriate therapeutics, development of clinical decision-making skills, and examination of legal, ethical, and safety issues in prescribing medications. Prereq> An undergrad pharmacology crse
L&S Credit: No degree credit in L&S  Typically Offered: Summer

PHM PRAC 611 Medical Imaging for Pharmacists Credits: 2
General Imaging is offered as an overview of the imaging modalities offered in a Hospital Radiology Department. Completion of this course will help students understand the concepts of radiation, how it is used, and some of the tests and medications a patient may encounter when in the Radiology Department of a hospital. Prereq> DPH-2 Standing
L&S Credit: No degree credit in L&S  Typically Offered: Fall
PHM PRAC 612 Radiopharmaceuticals Credits: 2
A survey of the clinical diagnostic and therapeutic use of radioactive pharmaceuticals. Included is a review of nuclear physics, radiation biology, radiation chemistry, regulatory issues, and radiation safety, as these areas relate to the synthesis, formulation, dispensing, and administration of radiopharmaceuticals. Prereq> PHM PRAC 611
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM PRAC 617 Health System Pharmacy Data Analysis and Informatics Credits: 2
Weekly lectures will familiarize the student with pharmacy information systems and the use of data and data processing systems for decision support. Students will complete a data analysis and report project to drive a decision in the hospital. Prereq> Grad st or DPH-3 and cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM PRAC 625 Introductory Pharmacy Practice Experience V Credits: 0
Experiences provided by this course permit students to integrate learning from previous didactic courses (drug literature review, pharmacotherapy, and patient/provider communications) into caring for patients. Students actively participate in patient care activities while under the supervision of a clinical instructor. Prereq> DPH-3 St; Phm Prac 526 or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM PRAC 626 Introductory Pharmacy Practice Experience VI Credits: 2
Experiences provided by this course permit students to integrate learning from previous didactic courses (drug literature review, pharmacotherapy, and patient/provider communications) into caring for patients. Students actively participate in patient care activities while under the supervision of a clinical instructor. Prereq> DPH-3 St; Phm Prac 625 or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHM PRAC 638 Nonprescription Products & Self-Care Credits: 2
The course provides students with knowledge and skills needed to perform triage and make self-care and therapeutic recommendations for self-limiting health conditions commonly encountered in pharmacy practice. Prereq> Phm Prac 555-556 & Phm Sci 521-522
Typically Offered: Fall

PHM PRAC 650 Comprehensive Immunization Delivery Credits: 1
Addresses vaccine-preventable diseases and the implementation of pharmacy-based immunization delivery programs. Prereq> DPH2 standing
L&S Level: Advanced  Typically Offered: Spring

PHM PRAC 653 Integrated Pharmacotherapy Skills III Credits: 1
Learn and build upon pharmacotherapeutic skills necessary to develop competence as a pharmacist to assume the responsibility to improve therapeutic patient outcomes related to medication use. Skills will include patient and healthcare provider communication, identification and resolution of drug related problems, documentation, and complex problem solving skills. Prereq> DPH-3 standing, or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PHM PRAC 654 Integrated Pharmacotherapy Skills IV Credits: 1
Learn and build upon pharmacotherapeutic skills necessary to develop competence as a pharmacist to assume the responsibility to improve therapeutic patient outcomes related to medication use. The course will focus on building complex problem solving skills including the integration of patient and provider communication, documentation, and evaluation of integrated patient cases with a secondary focus on patient profile reviews and comprehensive medication review and assessment. Prereq> Third year Doctor of Pharmacy student (DPH-3) or higher, or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PHM PRAC 655 Pharmacotherapy III Credits: 3
Clinical application of medications in the management of various disease states. Assessment and therapeutic monitoring of disease states and drug therapy using the concepts of pharmacokinetics/dynamics, drug interactions, pharmacy practice and patient counseling. Topics include various renal, endocrine, gastrointestinal, rheumatologic and immunologic disease therapeutics. Prereq> DPM-3 st, or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall
PHM PRAC 656 Pharmacotherapy IV Credits: 3 - 4
Clinical application of medications in the management of various disease states. Assessment and therapeutic monitoring of disease states and drug therapy using the concepts of pharmacokinetics/dynamics, drug interactions, pharmacy practice and patient counseling. Topics include various oncology and infectious disease therapeutics. A one credit elective option will be offered to students and involves academic leadership skill development. Student leaders will lead discussion activities which involve clinical cases, scientific literature review, oncology literature discussions Prereq> DPH-3 st, or consent of instructor 
Typically Offered: Spring

PHM PRAC 657 Seminars in Pediatric Pharmacotherapy Credits: 2
Addresses the selection, dosing, and monitoring of drugs in children from birth to adolescence. Drugs in pregnancy and lactation are also addressed. The course combines lecture, small group work, and discussion. Prereq> PHM PRAC 555, PHM PRAC 556, PHM PRAC 655, and prior or concurrent registration in PHM PRAC 656 
L&S Credit: No degree credit in L&S Typically Offered: Spring

PHM PRAC 658 Medication Management in Ambulatory/Primary Care Credits: 2
Enhanced education and integration of knowledge & skills regarding pharmaco therapeutic management of ambulatory patients with common disease states, including the pharmacist’s role in patient education. Prereq> PHM PRAC 655, PHM SCI 521, PHM SCI 522, PHM SCI 623 & consent of instructor 
L&S Credit: No degree credit in L&S Typically Offered: Spring

PHM PRAC 665 Nuclear Pharmacy Clerkship Credits: 2 - 8
Practical experience in providing pharmaceutical care involving radiopharmaceuticals to both hospitalized and ambulatory patients in an academic hospital environment. Active involvement in the distributory functions of compounding and dispensing unit dose radiopharmaceuticals, as well as the associated patient-oriented functions, administrative functions, and consultative interactions with nuclear medicine personnel. Prereq> Phm Prac 612 and cons inst 
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

PHM PRAC 670 Veterinary Therapeutics Credits: 1 - 2
Presentation and discussion of topics that involve the therapeutic management of disease states of companion, food, and exotic animals. Emphasis is placed upon the principles of drug regulations, drug therapy, toxicology, and available commercial products. Prereq> PH-3 st or cons inst 
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

PHM PRAC 671 Introduction to Academic Pharmacy I Credits: 2
Introduces students to pharmacy faculty responsibilities. Students will participate in a variety of activities to expose them to the role of the pharmacy educator and will actively participate in the education of DPH-1 or DPH-2 students. Prereq> Successful completion of the DPH¿2 curriculum 
L&S Credit: No degree credit in L&S Typically Offered: Fall

PHM PRAC 672 Herbals, Homeopathy, and Dietary Supplements Credits: 2 - 3
Covers regulations and clinical science regarding the use of herbals, homeopathic remedies, and dietary supplements, focusing on peer-reviewed studies and integration with allopathic drugs; includes discussion of marketing issues. Prereq> Phm Sci 432 or Biochem 501 or BmolChem 314; Physiol 335; or cons inst 
Typically Offered: Spring

PHM PRAC 673 Seminars in Global Health Pharmacy Credits: 1
Explores the contribution of pharmacy and pharmacists to global health initiatives. Topics will be selected and presented by course faculty and students. Prereq> DPH-1, DPH-2; and DPH-3 or cons inst 
L&S Credit: No degree credit in L&S Typically Offered: Spring

PHM PRAC 674 Seminars in Psychiatric Pharmacy Credits: 2
Addresses the pharmaco therapeutic management of various psychiatric conditions. A special emphasis will be placed on the role of the pharmacist in the care of patient’s with mental health conditions. A combination of lecture, discussion, and small group work will be utilized. Prereq> Phm Prac 555 
L&S Credit: No degree credit in L&S Typically Offered: Spring
PHM PRAC 675 Women's Health Pharmacotherapy Credits: 2
The pharmacotherapy of disease prevention and treatment for women, including pharmacotherapy unique to
women and the pharmacotherapy of illnesses that are more prevalent in women than in men. Additional women's
health issues are addressed. Prereq> Phm Sci 521, 522, 623, or Phm Prac 440 or Phmcol-M 717 or cons inst
L&S Credit: No degree credit in L&S   Typically Offered: Spring

PHM PRAC 676 Seminar in Geriatrics Credits: 2
Course content will include therapeutics topics pertaining to the pharmaceutical and medical care of the elderly. In
addition, select topics on social aspects of aging will be presented. Prereq> Phm Pract 555 & 556
L&S Credit: No degree credit in L&S   Typically Offered: Fall

PHM PRAC 677 Seminars in Cardiology Credits: 2
Seminars, primary literature review, and patient case discussions on selected cardiovascular conditions,
including: ACS, HF, valvular disease, cardiac devices, hemodynamic monitoring, heart transplantation,
arrhythmias, CPR/ACLS, pulmonary arterial hypertension, stroke, and metabolic syndrome. Prereq> Phm Prac
555 & 556
L&S Credit: No degree credit in L&S   Typically Offered: Fall

PHM PRAC 678 Seminars in Long Term Care Credits: 3
Students will learn clinical and legal requirements relating to pharmacy consulting in a long term care (LTC)
setting. Prereq> Phm Pract 555 & 556
L&S Credit: No degree credit in L&S   Typically Offered: Fall

PHM PRAC 679 Advanced Diabetes Management Credits: 2
Enhanced education on diabetes topics; current approaches to the medical management of patients with diabetes
including the pharmacist's role in diabetes education and coaching/case management. Prereq> Phm Prac 555,
DPH-2 or cons inst
L&S Credit: No degree credit in L&S   Typically Offered: Spring

PHM PRAC 691 Senior Thesis Credits: 2
L&S Credit: No degree credit in L&S   Typically Offered: Fall, Spring

PHM PRAC 692 Senior Thesis Credits: 2
L&S Credit: No degree credit in L&S   Typically Offered: Fall, Spring

PHM PRAC 699 Advanced Independent Study Credits: 0 - 3
Prereq> Cons inst
L&S Level: Advanced   L&S Credit: Counts for LAS credit   Typically Offered: Fall, Spring

PHM PRAC 710 Geriatric Pharmacotherapy Credits: 2
Interdisciplinary approach to the health care of the elderly. Emphasis placed on the pharmacologic management
of conditions common in the elderly and the medically complicated geriatric patient. Prereq> DPM-1 or PH-3 st
or cons inst
L&S Credit: No degree credit in L&S   Typically Offered: Spring

PHM PRAC 711 Oncology Biomarkers Credits: 2
This course is designed to develop an understanding of cancer related biomarkers and how they are used to
effectively target individualized treatment to the patient. Prereq> Gen Chem 104 and Biology 151 or Biochem
507 or equivalent or consent of the instructor
Typically Offered: Fall

PHM PRAC 720 Respiratory Pharmacotherapy Credits: 1 - 2
This course will address in detail the various aspects of the pharmacotherapy of respiratory diseases. Specifically,
issues of appropriate clinical indication, monitoring, toxicity, and cost benefit risks will be addressed. The course
emphasis will be on the development of alternative therapeutic regimens. Prereq> DPM-1 st or cons inst
Typically Offered: Occasionally

PHM PRAC 721 Cardiovascular Pharmacotherapy Credits: 1 - 2
This course will address in detail the various aspects of the pharmacotherapy of cardiovascular diseases.
Specifically, issues of appropriate clinical indication, monitoring, toxicity, and cost benefit risks will be addressed.
The course emphasis will be on the development of alternative therapeutic regimens. Prereq> DPM-1 st or cons inst
Typically Offered: Occasionally
PHM PRAC 722 Gastrointestinal Pharmacotherapy Credits: 1 - 2
This course addresses the pharmacotherapy of gastrointestinal disorders. Specifically, issues of appropriate clinical indication, monitoring, toxicity, and cost benefit/risks will be addressed. The course emphasis will be on the development of alternative therapeutic regimens in managing gastrointestinal disorders. Prereq: DPM-1 st or cons inst
Typically Offered: Occasionally

PHM PRAC 724 Infectious Disease Pharmacotherapy Credits: 1 - 2
This course will address in detail the various aspects of the pharmacotherapy of infectious diseases. Specifically, issues of appropriate clinical indication, monitoring, toxicity, and cost benefit risks will be addressed. The course emphasis will be on the development of alternative therapeutic regimens. Prereq: DPM-1 st or cons inst
Typically Offered: Occasionally

PHM PRAC 725 Immunology Pharmacotherapy Credits: 1 - 2
This course will address in detail the various aspects of the pharmacotherapy of immunologic, allergic, and rheumatologic diseases. Specifically, issues of appropriate clinical indication, monitoring, toxicity, and cost benefit risks will be addressed. The course emphasis will be on the development of alternative therapeutic regimens. Prereq: DPM-1 st or cons inst
Typically Offered: Occasionally

PHM PRAC 726 Hematology and Oncology Pharmacotherapy Credits: 1 - 2
This course will address in detail the various aspects of the pharmacotherapy of hematology and oncology diseases. Specifically, issues of appropriate clinical indication, monitoring, toxicity, and cost benefit risks will be addressed. The course emphasis will be on the development of alternative therapeutic regimens. Prereq: DPM-1 st or cons inst
Typically Offered: Occasionally

PHM PRAC 727 Neuropsychiatric Pharmacotherapy Credits: 1 - 2
This course will address in detail the various aspects of the pharmacotherapy of neuropsychiatric diseases. Specifically, issues of appropriate clinical indication, monitoring, toxicity, and cost benefit risks will be addressed. The course emphasis will be on the development of alternative therapeutic regimens. Prereq: DPM-1 st or cons inst
Typically Offered: Occasionally

PHM PRAC 740 Acute Pharmaceutical Care Clerkship Credits: 4 - 8
This required Pharm.D. experiential course integrates prior didactic course work in pharmacotherapy, pathophysiology, and drug literature evaluation into the provision of pharmaceutical care to hospitalized patients. The student will participate in the provision of direct pharmaceutical care, by monitoring drug therapy, providing patient counseling, and providing drug information and pharmacokinetic dosing recommendations for patients. In addition, the student will gain experience and insight into health education by interacting with other health professional students. Prereq: DPM st, Phm Prac 626 & 656, or cons inst
Typically Offered: Fall, Spring, Summer

PHM PRAC 741 Ambulatory Pharmaceutical Care Clerkship Credits: 4 - 8
This required Pharm.D. experiential course integrates prior course work in pharmacotherapy, pathophysiology, and drug literature evaluation into the provision of pharmaceutical care to ambulatory patients. Students will conduct patient interviews and assessments, provide drug information to patients and health professionals, and monitor drug therapy in ambulatory settings. Prereq: DPM st and Phm Prac 626 &656, or cons inst
Typically Offered: Fall, Spring, Summer

PHM PRAC 746 Interdisciplinary Care of Children with Special Health Care Needs Credits: 3
Interdisciplinary team care of children with special health care needs across the trajectory of illness presented within the context of family, culture, social determinants of health, community, and healthcare policy. Students introduced to interdisciplinary, collaborative, family-centered team care. Prereq: Grad st and/or cons inst
Typically Offered: Occasionally
PHM PRAC  760 Pharmaceutical Care Specialty Clerkship  Credits: 1 - 8
This required Pharm.D. experiential course integrates prior didactic course work in pharmacotherapy, pathophysiology, and drug literature evaluation into the provision of pharmaceutical care to hospitalized patients and ambulatory patients. The student will participate in the provision of direct pharmaceutical care, by monitoring drug therapy, providing patient counseling, and providing drug information and pharmacokinetic dosing recommendations for patients. Prereq> DPM st, Phm Prac 626 & 656, or cons inst
Typically Offered: Fall, Spring, Summer

PHM PRAC  764 Veterinary Pharmacy Clerkship Credits: 2 - 8
Practical experience in a veterinary medicine environment with emphasis on the drug treatment of diseases in animals. Prereq> PH-3 st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

PHM PRAC  961 Graduate Seminar in Health-System Pharmacy Credits: 1
Prereq> Graduate standing
Typically Offered: Fall

PHM PRAC  962 Graduate Seminar in Health-System Pharmacy Credits: 1
Prereq> Graduate standing
Typically Offered: Spring

PHM PRAC  999 Advanced Independent Study Credits: 1 - 12
Prereq> DPM-1 st & cons inst
Typically Offered: Fall, Spring, Summer

SOCIAL & ADMINISTRATIVE PHARM

S&A PHM  105 Health Care Systems: Interdisciplinary Approach Credits: 2
Introduction to health care systems. Factors affecting health and the value placed on health, the delivery of health care in different settings, the roles of various health workers, and the sociological and economic aspects of health care. Prereq> Open to all undergrads
L&S Breadth: Social Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

S&A PHM  401 History of Pharmacy Credits: 2
Pharmaceutical field, from antiquity to modern medical care; professional; structuring in principal countries of the West. Prereq> Jr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

S&A PHM  411 The Role of the Pharmacist in the Public Health System Credits: 3
This course introduces students to: (1) the public health care system and pharmacists’ roles in the public health care system, (2) the health care system and how pharmacy fits within the health care system, (3) the patient’s perspective of health, illness, medication taking and patient-pharmacist interaction, (4) principles of educational assessment and patient consultation, (5) skills and strategies to overcome barriers to individualized patient consultation.. Prereq> Soc 210 or 211, or Anthro 100 or 104, & Psych 202 or 530
L&S Credit: No degree credit in L&S  Typically Offered: Fall

S&A PHM  414 Pharmacy in the Health Care System Credits: 3
Introduction to the health care system and pharmacy within it. Fundamentals of finance, economics, and pharmacoeconomic decision analysis in pharmacy practice. Marketing and the behavior of firms and consumers in pharmacy markets. Prereq> DPH-1 st, S&A Phm 411
L&S Credit: No degree credit in L&S  Typically Offered: Spring

S&A PHM  490 Selected Topics in Social and Administrative Pharmacy Credits: 1 - 4
Prereq> Graded on a lettered basis; requires cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

S&A PHM  495 Selected Topics in Social and Administrative Pharmacy Credits: 1 - 4
Prereq> Graded on a Cr/N basis; requires PH-1 st & cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring
S&A PHM  511 Pharmacy Law and Regulation  Credits: 2 - 3
Federal and Wisconsin laws related to drug manufacture, drug distribution, drug use, and pharmacy practice.
Prereq>  DPM-2 st; S&A Phm 411, 414, 510
L&S Credit: No degree credit in L&S  Typically Offered: Spring

S&A PHM  561 Greek and Roman Medicine and Pharmacy  Credits: 3
Greek and Roman medicine and drug lore from the Pre-Socratics to Oribasius (c. 600 B.C. - A.D. 350), including the backgrounds of ancient Egyptian and Mesopotamian medicine.  Prereq>  Jr or Sr st, or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall

S&A PHM  562 Byzantine Medicine and Pharmacy  Credits: 3
Byzantine and Islamic medicine and drug lore from Oribasius to the beginnings of the Italian Renaissance (c. 350 - c. 1400 A.D.).  Prereq>  Jr or Sr st or cons inst
L&S Breadth: Humanities  L&S Level: Intermediate/Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Spring

S&A PHM  568 Professional Decision-Making in Pharmacy Practice  Credits: 2 - 3
Application of ethical theory to problems in pharmacy practice. Emphasis on contemporary patient care situations and evolving issues related to drug technology, drug use, and patient-pharmacist relations.  Prereq>  DPH-3 st, S&A Phm 511, & Phm Prac 556; 2 cr required, 3rd cr avail as a professional elective
L&S Credit: No degree credit in L&S  Typically Offered: Fall

S&A PHM  621 Community Pharmacy Management  Credits: 3
Provides knowledge required for effective performance in assuming managerial responsibilities in a community pharmacy practice environment: economics of community pharmacy practice; profitability; return on investment; ratio analysis; pricing of legend/nonlegend drug products; traffic flow; personnel administration.  Prereq>  S&A Phm 411 and 412
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

S&A PHM  622 Proseminar in Social and Administrative Pharmacy  Credits: 1 - 3
Problems in pharmaceutical sociology, psychology, management, finance and economics, including: drug prescribing/use, distribution, and payment; patient care and pharmaceutical service delivery; pharmaceutical industry; and pharmaceutical policy and regulation. May be repeated.  Prereq>  DPH-1 or Junior standing
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

S&A PHM  630 Pharmacy Finance and Reimbursement  Credits: 3
Analysis and evaluation of financial operations in community pharmacy practice, including third-party reimbursement systems and other factors influencing financial operations.  Prereq>  S&A Phm 411 & 412
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally

S&A PHM  652 Pharmacist Communication: Educational and Behavioral Interventions  Credits: 2
Intermediate principles of pharmacist communication with patients and other care givers; weekly communications laboratory provides opportunity to refine skills in listening, interviewing, counseling, and use of various educational and behavioral strategies to improve drug use.  Prereq>  DPM-3 st & S&A Phm 411
L&S Credit: No degree credit in L&S  Typically Offered: Spring

S&A PHM  699 Advanced Independent Study  Credits: 0 - 3
Prereq>  Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring

S&A PHM  711 Research Methods for Pharmaceutical Outcomes and Policy Research  Credits: 3
Development of skills in the methods, techniques, and problems encountered in conducting evaluations of pharmaceutical services, programs, and policies.  Prereq>  Two statistics courses including regression analysis and one research methods course or graduate student or consent of the instructor
Typically Offered: Occasionally

S&A PHM  713 Pharmaceutical Marketing and Policy  Credits: 3
Marketing and policy aspects of prescription drugs from the perspective of the pharmaceutical industry; overview of the industry, the marketing mix, policies and regulations related to pharmaceuticals.  Prereq>  Grad st or cons inst
Typically Offered: Occasionally
S&A PHM 714 Social Organization of Pharmacy Credits: 3
Examination of theories, methodologies, and research related to social organization of the profession and practice of pharmacy, the pharmaceutical industry, pharmaceutical regulation, and national/international pharmacy sectors. Prereq: Grad st or cons inst
Typically Offered: Occasionally

S&A PHM 715 Social Behavioral Theories in Pharmacy, Drug Use, and Health Behavior Credits: 3
Critical review and application of social behavioral theories, methodologies, and research to current problems in pharmacy, pharmacist communication and interaction with consumers and other providers, use of prescription and nonprescription drugs, and self-care. Prereq: Grad st or cons inst
Typically Offered: Occasionally

S&A PHM 716 Advanced Hospital Pharmacy Administration Credits: 2
For second-year hospital pharmacy students. Various components necessary to become an accomplished administrator of a pharmacy department in a hospital or organized health care setting. Prereq: S&A Phm 616, minimum of one yr in MS-Residency Program, or cons inst
Typically Offered: Occasionally

S&A PHM 911 Research Seminar in Social & Administrative Pharmacy Credits: 1
The objectives of the course are to expose students to research related to SAS topics, discuss strategies for writing research theses and articles, discuss various methodological approaches to answering research questions, and improve oral and written communication skills. Seminars may involve presenting completed and/or planned research, leading discussions among seminar participants about research topics, and discussing written assignments. Prereq: Graduate standing or consent of the instructor
Typically Offered: Fall, Spring

S&A PHM 990 Research Credits: 1 - 12
Prereq: Grad st
Typically Offered: Fall, Spring, Summer

S&A PHM 999 Advanced Independent Study Credits: 1 - 12
Prereq: Grad st & cons inst
Typically Offered: Fall, Spring, Summer
COMP BIO  500 Fundamental Principles of Veterinary Anatomy Credits: 5
A detailed consideration of gross anatomical structure with emphasis on major anatomical patterns present in
species important to veterinary medicine. The dog is used as a model domestic mammal and comparisons with
other species are considered. All body systems are dissected. Clinical implications of these dissections are
emphasized. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

COMP BIO  501 Veterinary Histology Credits: 5
Comparative structural and functional aspects of cells and tissues will be examined. Mammalian histology will be
stressed. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

COMP BIO  502 Molecular and Metabolic Basis of Medicine Credits: 3
This course covers metabolism with a more advanced incorporation of concepts of chemistry, cell biology and
physiology. Clinical correlations in veterinary medicine are also covered. Prereq> Vet Med st and Biochem 501
or equiv, or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

COMP BIO  503 Veterinary Developmental Anatomy Credits: 2
Principles of development and organogeneses in domestic animals. Normal developmental patterns are related to
adult anatomy. Clinical implications of common congenital defects are discussed. Prereq> Vet Med st or cons
inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

COMP BIO  505 Veterinary Neuroanatomy and Neurophysiology Credits: 3
A comparative approach to the morphological and physiological properties of the central nervous system of
animals, particularly those of veterinary importance. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

COMP BIO  550 Anatomy of the Large Domestic Animals Credits: 1 - 3
A dissection study of the horse and the ox with special emphasis on the anatomical specializations of these
species. Extensive comparisons to the anatomy of the small domestic animals. Other large domestic animals will
be considered as appropriate to demonstrate anatomical variation. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

COMP BIO  551 Veterinary Physiology A Credits: 4
The first semester of a two semester comprehensive course in comparative veterinary physiology covering
digestive, endocrine, and reproductive systems. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

COMP BIO  555 Veterinary Toxicology Credits: 2
Science of toxicology as it relates to veterinary practice. The principles of toxicology and the mechanism and
treatment of toxicants commonly encountered in small and large animals will be presented. Prereq> Vet Med st
or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring
COMP BIO 556 Veterinary Pharmacology Credits: 4
Basic pharmacology of various drug classes used in veterinary medicine together with examples of clinical drug use. Important species variations in drug use and drug response will be stressed. Prereq> Comp Bio 552 or cons inst
Typically Offered: Spring

COMP BIO 675 Special Topics Credits: 1 - 5
Topics vary. Prereq> Cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

COMP BIO 699 Directed Study Credits: 1 - 5
Projects in the laboratory and/or through library work in specific subject area under the direct guidance of faculty member. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

COMP BIO 775 Externship Credits: 1 - 24
This course is an elective for fourth year veterinary medical students which offers faculty coordinated experience in the veterinary medical profession outside the School. Prereq> Vet Med st or cons inst
Typically Offered: Occasionally

COMP BIO 990 Research Credits: 1 - 6
Research. Prereq> Graduate standing and consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MEDICAL SCIENCES - VET MED

MED SC-V 570 Animal Health History Restraint and Physical Examination Credits: 1
Introduces use of the problem oriented medical record concepts, history taking, physical examination and basic restraint, and diagnostic and therapeutic techniques in large and small domestic animals. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

MED SC-V 576 Small Animal Emergency and Critical Care I Credits: 1
This course is designed to introduce students in the first and second year of veterinary medical school to various topics of emergency and critical care medicine. Prereq> Good academic standing as a 1st or 2nd year Vet Med program stdt
L&S Credit: No degree credit in L&S  Typically Offered: Spring

MED SC-V 577 Small Animal Emergency and Critical Care II Credits: 1
This course is available to third year veterinary medical students. It will cover various topics in emergency and critical care medicine. Through lectures and case discussions, an introduction to several areas of emergency and critical care medicine will be presented. Prereq> 3rd yr veterinary medical stdt st; prior successful completion of MED SC-V 576
L&S Credit: No degree credit in L&S  Typically Offered: Fall

MED SC-V 625 Veterinary Diagnostic and Therapeutic Techniques Credits: 0 - 1
This course will complete the formal laboratory instruction of DVM students in detailed examination techniques and diagnostic and therapeutic procedures relevant to veterinary procedures on all species of domestic animals. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

MED SC-V 629 Veterinary Nutrition Credits: 1
Presents awareness of the importance of nutrition in the veterinary practice. Prereq> 1st yr Vet Med st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MED SC-V 632 Companion Animal and Equine Medicine I Credits: 6
Basic concepts of well-animal companion animal and equine health care, nutrition, and reproduction will be presented. Discussion of the etiology, pathophysiology, diagnosis, treatment, and prevention of important internal medicine and reproductive diseases in these species will be emphasized. Prereq> Vet Med 3 st
L&S Credit: No degree credit in L&S  Typically Offered: Occasionally
MED SC-V 633 Companion Animal and Equine Medicine II Credits: 6
Basic concepts of well-animal companion animal and equine health care, nutrition, and reproduction will be presented. Discussion of the etiology, pathophysiology, diagnosis, treatment, and prevention of important internal medicine and reproductive diseases in these species will be emphasized. Prereq> Vet Med 3st
L&S Credit: No degree credit in L&S Typically Offered: Occasionally

MED SC-V 634 Food Animal Medicine Credits: 5
Introduce students to basic principles for food animal species. To integrate food animal medicine, theriogenology, nutrition and preventive medicine concepts into one course. Prereq> 3rd yr Vet Med st
Typically Offered: Occasionally

MED SC-V 635 Swine Medicine Credits: 1
This course is intended for third year veterinary medical students. It will focus on basic swine medicine clinical skills including diagnosis and treatment of common swine diseases that present in individual pigs and populations. Influences of production practices and farm structure will be introduced as they impact the successful practice of swine medicine. Additionally, regulatory influences unique to swine veterinary medicine and principles of biosecurity/biocontainment and bioexclusion will be discussed. Prereq> Veterinary Medical student
L&S Credit: No degree credit in L&S Typically Offered: Spring

MED SC-V 667 Small Animal Neurology Credits: 2
Provide instruction and guidance in obtaining a complete neurological history, interpreting examinations, diagnostic tests and rationally selecting an appropriate diagnosis and effective management for neurology cases. Prereq> 4th yr Vet Med st
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

MED SC-V 668 Clinical Dermatology Rotation Credits: 2
Develop the technical, clinical and knowledge skills to effectively examine, diagnose and manage the dermatology patient. Prereq> 4th yr Vet Med st
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

MED SC-V 669 Small Animal Cardiology Rotation Credits: 2
Diagnostic techniques and therapy available for the management of cardiology patients. Prereq> 4th yr Vet Med st
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

MED SC-V 670 Senior Rotation in Large Animal Medicine Service Credits: 2
A practical course in diagnosis and medical treatment of diseases of horses, cattle, sheep, goats and pigs. Senior students under supervision will examine, admit and discharge cases in the Veterinary Medical Teaching Hospital. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

MED SC-V 672 Senior Rotation in Theriogenology Service Credits: 2
A practical course on the management of reproduction and reproductive problems in domestic animals including pets. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

MED SC-V 674 Senior Rotation in Ambulatory Service Credits: 2
A practical course in the diagnosis, treatment, and recommendation of preventive measures for common medical, surgical and management problems on farms. Senior students will examine the environmental influences associated with such problems. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

MED SC-V 675 Special Topics Credits: 1 - 5
Topics vary. Prereq> Cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer

MED SC-V 676 Senior Rotation in Swine Medicine Service Credits: 2
A practical course in the diagnosis and medical treatment of swine. Senior students under supervision will be exposed to a total herd health approach to the practice of Veterinary Medicine. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring, Summer
MED SC-V 678 Small Animal Internal Medicine Credits: 2
To enable student to develop the ability to analyze, organize and integrate information effectively to make clinical decisions relating to the diagnosis, prognosis, management and control of diseases. Prereq: 4th yr Vet Med st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MED SC-V 679 Small Animal Oncology Credits: 2
To develop skills in clinical medicine, palpation, interpretation of laboratory data and become acquainted with oncology clientele. Prereq: 4th yr Vet Med st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

MED SC-V 699 Directed Study Credits: 1 - 5
Projects in the laboratory and/or through library work in specific subject areas under the direct guidance of a faculty member. Prereq: Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

MED SC-V 701 Production Medicine I Credits: 2
Students visit dairy farms, learn to identify production limiting problems, and develop a priority list based upon economic importance. The farm investigation consists of visual evaluations of farmstead and herd, interpretation of DHI records, and computer analysis of herd records. Prereq: Vet Med st or cons inst
Typically Offered: Occasionally

MED SC-V 703 Production Medicine II Credits: 2
An elective rotation for students interested in dairy practice and udder health in particular. Students will investigate and analyse farm and laboratory data and evaluate recommendations using benefit/cost analyses. Students will perform milking system, milking procedure, and environmental management evaluations. Prereq: Vet Med st or cons inst
Typically Offered: Occasionally

MED SC-V 705 Production Medicine III-Applied Dairy Nutrition Credits: 2
A clinical elective rotation for students interested in applying principles of nutrition to dairy practice. The rotation will include lectures, computer exercises, and farm visits. Prereq: Med Sc-V 701, 703, 705
Typically Offered: Occasionally

MED SC-V 707 Production Medicine IV Credits: 2
Assess and use dairy farm records using Dairy Comp 305 software; devise partial budgets and calculate the cost of producing milk on dairy farms. Prereq: Med Sc-V 701, 703, 705
Typically Offered: Occasionally

MED SC-V 708 Equine Theriogenology Credits: 2
Develop clinical skills for entry-level practice of equine reproduction. Prereq: 4th yr Vet Med st
Typically Offered: Occasionally

MED SC-V 775 Externship Credits: 1 - 24
This course is an elective for fourth year veterinary medical students which offers faculty coordinated experience in the veterinary medical profession outside the School. Prereq: Vet Med st or cons inst
Typically Offered: Occasionally

MED SC-V 875 Special Topics Credits: 1 - 6
Will vary depending on course focus. Prereq: Cons inst
Typically Offered: Occasionally

PATHO-BIOLOGICAL SCIENCES

PATH-BIO 150 Contemporary Topics and Careers in the Veterinary Sciences Credits: 1
Designed to expose students to topics of importance to the animal health field as well as introduce them to the academic and professional options they will face as undergraduates.
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PATH-BIO 210 HIV: Sex, Society and Science Credits: 3
HIV kills three million people per year, more than any other infectious disease. We will learn about the transmission, immunology, virology, vaccinology and societal impact of this virus. Six of the world's leading HIV scientists will give guest lectures. Prereq: HS biol crse. Open to all Undergrads
L&S Breadth: Biological Science  L&S Level: Elementary  L&S Credit: Counts for LAS credit  Typically Offered: Fall
PATH-BIO 299 Independent Study Credits: 1 - 3
Prereq> Freshmen or Sophomore or Junior standing & written consent of instructor
L&S Credit: No degree credit in L&S Typically Offered: Fall, Spring

PATH-BIO 350 Parasitology Credits: 3
General biology, ecology and phylogeny of animal parasites, including those of humans; host-parasite interactions; general epidemiological principles of parasitic infections. Prereq> Intro course in biology, So st
L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

PATH-BIO 351 Parasitology Laboratory Credits: 2
Optional laboratory component of Zoology/Med Micro/AMHS 350. Emphasis on experiments involving live animal parasites, including: trematodes, tapeworms, gapeworms, hookworm, ascarids, trichina, filaria, trypanosomes, coccidia, and malaria. Prereq> Zoology/MM&I/AMHS 350 or con reg
L&S Breadth: Biological Science L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

PATH-BIO 500 Molecular Biology Techniques Credits: 3
The objective of the course is to familiarize students with recombinant DNA technology. This will be accomplished through lectures as well as hands on exposure to methodologies used in molecular biology laboratories. Prereq> Biochem 501 or 621 or Genetics 466 or Bact 303, 304 or cons inst
L&S Level: Intermediate L&S Credit: Counts for LAS credit Typically Offered: Spring

PATH-BIO 510 Veterinary Immunology Credits: 3
Current concepts in basic and clinical immunology with special emphasis on domesticated species and aspects of immunology important to students of veterinary medicine. Prereq> Vet Med st, basic crse in microbiology, or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Spring

PATH-BIO 512 Introduction to Veterinary Epidemiology Credits: 2
This course introduces basic concepts and approaches to population problems in veterinary medicine. Methods appropriate to investigation of disease outbreaks, surveillance of animal disease and production and the design of epidemiological studies of the determinants of disease are presented. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Spring

PATH-BIO 513 Veterinary Virology Credits: 2
Basic and clinical concepts of the viruses and diseases they cause in domesticated species. Prereq> Vet Med st, basic crse in microbiology, or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall

PATH-BIO 514 Veterinary Parasitology Credits: 3
Basic veterinary parasitology with emphasis on biology, diagnosis, pathophysiology, treatment and management of parasitic infections of veterinary importance. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Spring

PATH-BIO 515 Regulatory Veterinary Medicine and Public Health Credits: 2
Introduction to the preventive aspects of veterinary medicine as they relate to zoonoses, environmental hygiene and safety of foods of animal origins. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Spring

PATH-BIO 517 Veterinary Bacteriology and Mycology Credits: 4
Emphasis of the course is on the pathogenesis of bacterial and fungal diseases of animals. The laboratories will familiarize students with the methods used to identify representative bacterial and fungal pathogens. Prereq> Enrollment in the vet med pro curric or cons inst
L&S Credit: No degree credit in L&S Typically Offered: Fall

PATH-BIO 525 Active, Integrated Learning I Credits: 1
Active Learning experience highlighting problem solving and critical thinking that horizontally and vertically integrates material from other veterinary medicine courses by using exercises constructed in the context of clinical cases or scenario. Prereq> Yr 1 Vet Med crses
L&S Credit: No degree credit in L&S Typically Offered: Fall
PATH-BIO  526 Active, Integrated Learning II Credits: 1
AActive Learning experience highlighting problem solving and critical thinking that horizontally and vertically integrates material from other veterinary medicine courses by using exercises constructed in the context of clinical cases or scenarios. Prereq> Yr 1 Vet Med crs
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PATH-BIO  528 Immunology Credits: 3
Development and functions of immune response in animals; a comprehensive study of experimental humoral and cellular immunity. Prereq> Two sem chem and one sem zoology or gen biology
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

PATH-BIO  529 Immunology Laboratory Credits: 2
Selected techniques illustrating concepts of cellular and humoral immunity as a supplement to Immunology 528.
Prereq> Two sem of chem and one sem of zoology or gen biology. Jr or Sr st; cons inst
L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Spring

PATH-BIO  559 Veterinary General Pathology Credits: 2
General mechanisms of disease at the cellular, tissue, organ, and organismal levels. Cell injury and cell death, neoplasia, inflammation, circulation, and genetics. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

PATH-BIO  560 Veterinary Systemic Pathology I Credits: 2
Morphological manifestations of disease in animals. Diseases and disease processes will be discussed by organ system, stressing important diseases in domestic animals. Students should take both Veterinary Systemic Pathology I and II. Prereq> Vet Med st & Path-Bio 559, or cons inst
Typically Offered: Fall

PATH-BIO  561 Veterinary Systemic Pathology II Credits: 4
Morphological manifestations of disease in animals. Diseases and disease processes will be discussed by organ system, stressing important diseases in domestic animals. Students should take both Veterinary Systemic Pathology I and II. Prereq> Vet Med st, Path-Bio 560, or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PATH-BIO  562 Veterinary Clinical Pathology Credits: 4
Concepts and techniques of clinical pathology with emphasis on those procedures that are important in the diagnosis of animal diseases. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

PATH-BIO  660 Veterinary Necropsy Rotation Credits: 1
The course is designed to provide experience with necropsy procedures in all animal species and in developing interpretive skills by participating in the School of Veterinary Medicine/Veterinary Medical Teaching Hospital diagnostic anatomic pathology service under the guidance of the faculty for half days during the two week rotation. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

PATH-BIO  675 Special Topics Credits: 1 - 5
Topics vary. Prereq> Cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

PATH-BIO  681 Senior Honors Thesis Credits: 2 - 4
Prereq> Honors program candidacy
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

PATH-BIO  699 Directed Study Credits: 1 - 5
Projects in the laboratory and/or through library work in specific subject area under the direct guidance of faculty member. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer
PATH-BIO 720 Advanced Immunology: Critical Thinking Credits: 3
Advanced course focusing on current questions in immunological research. Course explores immunology topics including genetic, cellular, and molecular features of immune system fundamental to regulation of immune responses. Course format: discussion of research articles and exposure to research seminars. Prereq> MM&I/AHABS/Bact 528 or equiv
Typically Offered: Occasionally

PATH-BIO 721 Veterinary Necropsy Rotation Credits: 2
This course is designed for students with an exceptional interest in diagnostic pathology. Time is available for exceptional experience in both gross and microscopic pathology. Prereq> Vet Med st or cons inst
Typically Offered: Occasionally

PATH-BIO 740 Pathobiological Sciences Research Rotation Credits: 2 - 16
Conduct of a mini-research project in which hypothesis development, experimental design, experimentation, data analysis and written and oral presentation of findings are key elements. Prereq> Vet Med st or cons inst
Typically Offered: Occasionally

PATH-BIO 750 Host-Parasite Relationships in Vertebrate Viral Disease Credits: 3
Lecture. Detailed study of the pathogenesis of vertebrate viral disease, stressing viral invasion, dissemination, mechanisms of disease production and resistance, and transmission. Prereq> Oncol/Microbio 640 or Path-Bio 513; and Microbio/MM&I/Path-Bio 528; or consent of instructor
Typically Offered: Occasionally

PATH-BIO 773 Eukaryotic Microbial Pathogenesis Credits: 3
An advanced course focusing on the molecular, cellular and biochemical mechanisms found in fungal and protozoan pathogens of humans. A combination of lectures and student presentations will be employed. Prereq> Cons inst. MM&I 740 & Path 750 recommended
Typically Offered: Occasionally

PATH-BIO 775 Externship Credits: 1 - 24
This course is an elective for fourth year veterinary medical students which offers faculty coordinated experience in the veterinary medical profession outside the School. Prereq> Vet Med st or cons inst
Typically Offered: Occasionally

PATH-BIO 790 Immunology of Infectious Disease Credits: 3
Immunobiology and immunogenetics of resistance to infectious disease agents of man and animals; immunoregulatory mechanisms associated with evasion of host immunity. Prereq> MM&I 720 or equiv, MM&I 740 or equiv, & cons inst
Typically Offered: Occasionally

PATH-BIO 799 Practicum in Veterinary Science Teaching Credits: 1 - 3
Instructional orientation to teaching at the higher education level in the agricultural and life sciences, direct teaching experience under faculty supervision, experience in testing and evaluation of students, and the analysis of teaching performance. Prereq> Grad st & cons inst
Typically Offered: Occasionally

PATH-BIO 875 Special Topics Credits: 1 - 6
Will vary depending on course focus. Prereq> Cons inst
Typically Offered: Occasionally

PATH-BIO 920 Thesis Research Seminar Credits: 1
Prereq> Grad st
Typically Offered: Occasionally

PATH-BIO 930 Advanced Seminar Credits: 1
Prereq> Grad st & cons inst
Typically Offered: Occasionally

PATH-BIO 990 Research Credits: 1 - 12
Prereq> Grad st and cons inst
Typically Offered: Occasionally

SURGICAL SCIENCES
SURG SCI 501 Radiographic Anatomy of the Dog and Cat Credits: 1
Normal radiographic anatomy of the dog and cat. This will include soft tissue structures as well as the skeletal system. Clinical case material to emphasize the need for a thorough knowledge of normal radiographic anatomy. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

SURG SCI 542 Veterinary Ophthalmology Credits: 2
Provides basic instruction in the application of ophthalmic diagnostics and therapeutics to small and large domestic animals. Professional students should gain sufficient skills and knowledge to accurately diagnose, treat, prognose or refer domestic animals with common ophthalmic disorders. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

SURG SCI 544 Surgery Fundamentals Credits: 2
Introductory material on the scientific foundations of surgery. Prepares student for clinical course work in veterinary surgery and medicine. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

SURG SCI 547 Fundamentals of Anesthesiology Credits: 2
This is a comprehensive course in Veterinary Anesthesiology. The first half of the course (~15 lectures) will cover basic principles of sedation, pain physiology, anesthetic drugs, anesthetic monitoring, and the practical considerations in performing anesthesia on healthy veterinary species. The second half of the course (~15 lectures) will focus on anesthetic management of common veterinary species with concurrent medical disease. Lectures will also be included that cover advanced pain management principles and techniques, anesthesia for exotic animal species, and breed considerations in anesthesia. Lectures will be case-based and interactive where appropriate. Prereq> Successful completion of Surg SCI 547
L&S Credit: No degree credit in L&S  Typically Offered: Spring

SURG SCI 548 Diseases of Wildlife Credits: 3
This course is designed to provide students with an overview of the issues involved across a wide range of wildlife diseases, presented within the context of ecosystem health or "one health". The primary focus of the lectures will be on the biological, epidemiological, clinical, public health and, in some cases, sociopolitical ramifications of wildlife diseases. The course will cover a wide variety of wildlife diseases caused by bacteria, viruses, parasites, prions, and environmental contaminants. Consequences associated with environmental changes on the manifestation of wildlife diseases will also be discussed. This range of diseases will be presented in order to familiarize students with
L&S Breadth: Biological Science  L&S Level: Intermediate  L&S Credit: Counts for LAS credit  Typically Offered: Fall

SURG SCI 630 Small Animal Surgery Credits: 4
The pathophysiology and diagnosis of common general, orthopedic, and neurologic surgical diseases of small animals are presented. The operative management and postoperative care of small animal surgical patients are discussed in detail. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall

SURG SCI 631 Large Animal Surgery: Orthopedic and Soft Tissue Credits: 3
Instruction will be provided in examination techniques, diagnostic aids and surgical procedures relevant to the gastrointestinal, integumentary, musculoskeletal, respiratory and genitourinary systems of the equine and food animal species. Prereq> Vet Med standing or consent of instructor
L&S Credit: No degree credit in L&S  Typically Offered: Spring

SURG SCI 632 Small Animal Surgery Laboratory Credits: 2
The basic skills necessary for student participation in the surgical management of small animals in the Veterinary Medical Teaching Hospital are presented. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

SURG SCI 634 Small Animal Anesthesia Laboratory Credits: 1
In this laboratory the students will apply principles and techniques of veterinary anesthesiology to common companion animals. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring
SURG SCI 638 Veterinary Diagnostic Imaging Credits: 2
Veterinary radiology principles, physical background and diagnostic techniques will be taught and emphasized in laboratory exercises. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Spring

SURG SCI 642 Large Animal Surgery: Clinical Rotation Credits: 2
Final year veterinary students will be assigned to the Large Animal Surgery Service. They will be taught the admission, examination, preoperative management, surgical procedures and postoperative management of large animals presented to the Veterinary Medical Teaching Hospital. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

SURG SCI 644 Clinics-Small Animal Orthopedic Surgery Credits: 2
Fourth year veterinary student rotation through orthopedic and neurosurgical clinics and surgery. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

SURG SCI 645 Senior Rotation in Small Animal General Surgery Credits: 2
A practical course in the diagnosis and treatment of general surgical diseases of small animal species. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

SURG SCI 646 Veterinary Anesthesiology-Clinical Rotation Credits: 2
Students will learn clinical anesthesiology techniques including preanesthetic evaluation, induction procedures, intraoperative care, and recovery management of domestic livestock and pets. Critical patient care will be taught. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

SURG SCI 647 Radiology Clinics Credits: 2
Clinical clerkship in the Veterinary Medical Teaching Hospital half days over a two week period. Provides exercises in technical and interpretive diagnostic radiology. Prereq> Vet Med st or cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Summer

SURG SCI 675 Special Topics Credits: 1 - 5
Topics vary. Prereq> Cons inst
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

SURG SCI 676 Special Species Health Credits: 2
Basic principles of avian, reptile and laboratory animal medicine and surgery. Prereq> 3rd yr Vet Med st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring, Summer

SURG SCI 677 Veterinary Dentistry Elective Credits: 1
Introduction to veterinary dentistry principles and practice. Prereq> 3rd yr Vet Med st
L&S Credit: No degree credit in L&S  Typically Offered: Fall, Spring

SURG SCI 699 Directed Study Credits: 1 - 5
Projects in the laboratory and/or through library work in specific subject area under the direct guidance of a faculty member. Prereq> Cons inst
L&S Level: Advanced  L&S Credit: Counts for LAS credit  Typically Offered: Fall, Spring, Summer

SURG SCI 741 Clinical Ophthalmology Rotation Credits: 2
Course provides experience in ocular examination, problem solving skills, and formulation of diagnostic and therapeutic plans for animals presenting with eye disease. Ocular examination as part of the complete physical examination and ocular manifestations of systemic diseases are emphasized. Prereq> Vet Med st or cons inst
Typically Offered: Occasionally

SURG SCI 743 Advanced Anesthesiology/Critical Care Medicine Credits: 2
This course will provide advanced training in the areas of small and large animal anesthesia and/or critical care medicine. The student may elect a general rotation or one particular area of study. Prereq> Vet Med st or cons inst
Typically Offered: Occasionally
SURG SCI 744 Restraint and Anesthesia of Exotic Animals Credits: 2
Advanced anesthesiology techniques for animals in zoological collections, wildlife parks, and non-domestic settings will be taught in this course. Emphasis on pharmacology and physiology will be stressed. Prereq: Vet Med st or cons inst
Typically Offered: Occasionally

SURG SCI 745 Small Animal Orthopedics Credits: 1
The course will concentrate on a practical approach to the management of fractures in small animals with emphasis on proper applications of various modes of internal fixation. Prereq: Vet Med st or cons inst
Typically Offered: Occasionally

SURG SCI 746 Food Animal Surgery Credits: 2
The course will provide didactic and surgical experience in the major, common surgical diseases of cattle and pigs. Prereq: Vet Med st or cons inst
Typically Offered: Occasionally

SURG SCI 747 Equine Lameness Credits: 2
The course will present information on the diagnosis, treatment and prognosis of specific lameness conditions in the horse. Prereq: Vet Med st or cons inst
Typically Offered: Occasionally

SURG SCI 748 Dentistry and Oral Surgery Rotation Credits: 1 - 3
Dentistry, oral medicine and surgery as well as comprehensive patient care through the use of progressive methods, hospital resources and interdisciplinary specialists. Prereq: 4th yr Vet Med st
Typically Offered: Occasionally

SURG SCI 750 Small Animal Ultrasound Elective Credits: 1
Course will introduce student to hands-on ultrasound imaging and expand on selected portions of ultrasound physics, literature and problem-based case studies. Prereq: Surg Sci 647
Typically Offered: Occasionally

SURG SCI 751 Large Animal Radiology Elective Credits: 1
To advance large animal imaging knowledge. Prereq: Surg Sci 647
Typically Offered: Occasionally

SURG SCI 752 Small Animal Radiology Elective Credits: 1
Students have an opportunity to expand on small animal radiographic knowledge. Prereq: Surg Sci 647
Typically Offered: Occasionally

SURG SCI 775 Externship Credits: 1 - 24
This course is an elective for fourth year veterinary medical students which offers faculty coordinated experience in the veterinary medical profession outside the School. Prereq: Vet Med st or cons inst
Typically Offered: Occasionally

SURG SCI 812 Research Ethics and Career Development Credits: 2
This course provides instruction in principles and concepts of research ethics through presentations and discussion of case studies. Topics pertinent to development of a successful career in research are also included. Prereq: Cons inst
Typically Offered: Occasionally

SURG SCI 875 Special Topics Credits: 1 - 6
Will vary depending on course focus. Prereq: Cons inst
Typically Offered: Occasionally
